## BRITISH GOVERNMENT THREATENED

### GOVERNMENT MAY TAKE OVER OPERATION BEER PARLORS

#### Liberals Go Over With Tories On Trade Disputes Bill While Radical Socialists Quit Labor

Left Wing of Party Asserts That Administration Has Not Been Drastic Enough—Sir Oswald Moseley and Oliver Baldwin Lead in Defection

LONDON, Feb. 27.—The government's highly important Trades Dispute Bill appears to be doomed and the action of the Liberals in joining with the Conservatives in committee yesterday to delete the phrasing of what constitutes a legal strike appears to threaten the government itself. An amendment, carried yesterday in committee by a vote of 37 to 31, cuts at the very heart of the bill.

#### Bomb Thrown in Seattle Bakery

Two Men Sustained Minor Hurt in Blast Last Night

SEATTLE, Feb. 27.—Flour flew in the Golden Rule Bakery here last night and two men were slightly injured when vandals threw a bomb down a chimney of the establishment. The infernal machine exploded in a bake oven and the whole back was blown out of the plant.

#### VANCOUVER WHEAT

VANCOUVER, Feb. 27.—Wheat was quoted on the local Exchange today at 59.3-8c.

#### Government Finances Are Given Airing; Liberal Members Claim Reserve Funds Used Improperly

VICTORIA, Feb. 27.—Feeling engendered in the public accounts committee yesterday flared into a heated debate in the Legislature. H. D. Twigg, chairman of the committee, declared that the suggestion that \$1,000,000 had been swept away by the government was not only very wrong but very improper and quite untrue. He said that Comptroller General J. A. Craig had shown the exact state of all trust funds in the hands of the treasury and there was nothing to support any suggestion that \$1,000,000 of liquor board funds has disappeared.

T. D. Pattullo, leader of the Opposition, said that, by taking figures given by Mr. Craig, it would be seen that there should be approximately \$6,000,000 in the treasury in special accounts including the Liquor Control Board reserve, superannuation funds and other special accounts which were not now there and, as against that, approximately \$474,000 was shown as

cash on hand. It was true, said Mr. Pattullo, that the comptroller-general had stated that \$1,000,000 of liquor board funds was now represented by assets.

At the meeting of the public accounts committee yesterday, Liberal members of the committee claimed that a \$1,000,000 cash reserve set up to provide against losses of the Liquor Board had been spent by the government and that the reserve standing in accounts represented investments in the Liquor Board's business assets.

Liberal members of the committee also claimed that more than \$5,000,000, representing superannuation funds, money deposits and Liquor Board reserves, were spent by the government with cash deposits showing only \$1,838,000 at March 31 last year to offset these expenditures.

It was also claimed that the municipalities' share of liquor profits had been used by the government for a period pending distribution and the government had had to borrow to pay the municipalities when the profit shares became due.

The Liberal question of Comptroller General Craig was led by T. D. Pattullo and A. M. Manson. Mr. Craig, in reply to questioning, said that Liquor Board funds were in the hands of the treasurer and a reserve fund of \$1,000,000 represented

#### DEATH OF SAM HILL

Veteran Roadbuilder and Financier of United States Passes Away Last Night in Portland

TRANSPORT EXPERT

Did Much Toward American-Canadian Friendship

PORTLAND, Ore., Feb. 27.—Samuel Hill of Seattle, veteran roadbuilder, lawyer, financier, railway operator and intimate of royalty, passed away in St. Vincent's Hospital here last night after an eighteen week illness with intestine influenza. A major operation was performed last week but it failed to save Mr. Hill's life.

James N. Hill of New York, deceased's son, was at the bedside as his father passed away.

A man whose every undertaking was a hobby and whose every hobby was an enterprise.

In 1916 when transportation of Russian war munitions across Siberia was hopelessly congested, Hill was called upon by the allied powers to untangle the traffic imbroglio at Vladivostok and restore order in railroad movements across Siberia and Russia to the northern front. With years of transportation experience, Hill, in a single summer, reopened the port for the receipt of supplies and reestablished the schedule of trains to the battle front.

His services as unofficial counselor in road building and in supplying relief to the allied powers during the World War and in subsequent rehabilitation brought to him decorations of four nations. He was decorated as an Officer of the Legion of Honor (France), Commander of the Crown (Belgium), Member of the Queen's Body Guard (Rumania), and Order of the Sacred Treasure (Japan), and was likewise given a medal of thanks by France and Rumania.

Hill's efforts toward international friendship resulted in his being named honorary consul-general of Belgium for Idaho, Oregon and Washington in 1916.

An ardent advocate of extensive good roads, Hill became president of four highway associations on the Pacific Coast. Extending his activities in this line to other sections of the country, particularly the south, he became vice-president of the American Road Builders' Association in 1926.

Mr. Hill was born at Deep River Randolph County, North Carolina, May 13, 1857. He graduated from Haverford College in 1878, with an A.B. and received the same degree from Harvard the next year, and later he was made LL.D. by Penn College, Iowa. Admitted to the bar in 1880, he began his career as associate counsel for the St. Paul and Northern Pacific Railway and the Minneapolis and St. Louis Railway, serving in that capacity from 1880 to 1888. In the latter year he married Mary Hill, daughter of James Jerome Hill, "the Empire builder," whose protegee he had been. The couple had two

#### Drastic Scheme Under Consideration and Is Getting Much Support

Conservative Caucus and Ministry Said to be in Favor of Province Taking Over Beverage Establishments; May be Shelved For This Session

VANCOUVER, Feb. 27.—A dispatch from Victoria to the Vancouver Daily Province says: "That the provincial government take over and operate all British Columbia beer parlors is one of the proposals under consideration by the government and Conservative members of the Legislature. Whether the scheme will be adopted or not this session is in doubt. No final decision has been reached on the proposal but it has strong support in caucus and in the ministry itself. Even if it is abandoned for this year, its supporters are hopeful that it will be implemented later."

#### ESTIMATES DISCUSSED

School Board Cannot Cut Down Its Budget But Will Spend as Little as Possible

At a conference last night between the city council and the school board on school estimates for the year, the board told the council that it could not see where it was possible for it to reduce the estimates. Members of the board, however, assured the council that expenditures for the year would be curbed to the very minimum. Mayor C. H. Orme presided over the meeting.

Among a number of matters discussed was that of the school board secretary's salary which last year was raised from \$50 to \$75 per month and this year from \$75 to \$80. Ald. Collart considered that, under existing conditions of stringency, the secretary's salary should not have been raised, particularly as most of the work was done in the City Hall anyway.

Mrs. Spencer, chairman of the school board, referred to the multiplicity of work the secretary had to attend to. For one thing, he had to use his car a great deal in connection with work for the schools. She did not think that the secretary was overpaid.

Ald. Pillsbury thought the light bills of the schools were too high. The school board will take this matter up in the proper quarter.

Ald. Collart protested at the proposal to house two classes in the basement of Borden Street School. The quarters here, he considered, were entirely unfit for such a purpose. There was no ventilation and he questioned their sanitation.

There were present at the conference Mayor C. H. Orme, Ald. T. Collart, Ald. James Black, Ald. J. H. Pillsbury, Ald. P. H. Linzey and Ald. S. D. Macdonald, of the city council, and Mrs. T. M. Spencer, J. J. Gillis and W. J. Greer of the school board as well as J. O. Williamson, secretary of the school board.

#### PRESIDENT HOOVER'S VETO IS OVERRIDDEN

WASHINGTON, Feb. 27.—President Hoover's veto of the \$700,000,000 soldiers' bonus bill, conveyed in a lengthy message to Congress, was overridden yesterday by the House of Representatives by a vote of 328 to 75 or 58 more than the two-thirds required after a veto. The Senate will consider the veto today and is expected to reject it as emphatically.

#### TO PUT DOWN REVOLUTION

Army Division is Dispatched From Lima to Scene of Disorders in Southern Peru

LIMA, Feb. 27.—Drastic military measures have been decided upon by the administration to put down a more or less ineffective yet persistent rebellion in the southern part of the republic against the president and his administration.

An army division was dispatched from here to the scene of the disorders yesterday in the hope that a display of armed force may cause the termination of the revolt.

#### WASHINGTON TAX BOOST

On the automobile fee matter, the Senate and House are in conflict, the latter body having already approved a \$3 licence fee and 2c additional gas tax.

FISHERMEN'S STRIKE

Although Prince Rupert is a fishing community, many people here do not understand the reason for the strike which is continuing at Seattle.

The owners of the boats say that they have expended a lot of money putting in diesel engines and other equipment which cuts down the cost of operating the vessels but increases the overhead. Because of that they say they should have a larger share of the proceeds than formerly.

The fishermen, while agreeing that the cost of operating has been cut down, declare that the fish are becoming less plentiful and that the life is a hard one and worth all they get while employed in the calling. They say that their earnings have been reduced owing to greater difficulty in securing catches and the high cost of gear.

The Seattle boats are generally larger than those operating out of Prince Rupert.

It's very difficult to get excited about the proceedings of the Legislature this year. With no money to spend the government is most uninteresting just now.

PASSING OF TREATY

The passing of the halibut treaty by the United States Senate was rather unexpected as previous despatches had indicated that it was likely to be held over for a year. Now it seems pretty sure to become law and operative before next winter.

While doubtless there will be some difficulties encountered in connection with the working out of the general scheme for closing areas, it must be remembered that the commission is able to make such changes as may be necessary from time to time in order to work the least possible hardship on the fishing communities.

The steady depletion of the halibut makes action of some kind necessary and it would be foolish to wait until the halibut were all gone and then try to bring them back. The more reasonable method is being taken. Commence at once with a system of protection of the banks and especially the chicken banks.

Liquor seems to be very much in the public eye. But it's all right as long as it does not go to the public head and make the public wobbly.

Mussallem's Open Second Cash and Carry Grocery

OPPORTUNITY FOR PEOPLE OF SECTIONS 6, 7 AND 8 TO SHARE IN BENEFITS OF CASH BUYING

BEGINNING MONDAY

The popular response given by the householders of Prince Rupert to the Economy Cash & Carry Store on Third Avenue, the first in Prince Rupert which we opened just 18 months ago, has convinced us of the need of another Cash & Carry store. This, combined with the fact that we are satisfied that the householders do appreciate the very material savings effected by purchasing their pantry supplies on the cash and carry principle, has prompted us to change our Fifth Avenue store to Economy Cash & Carry No. 2. Alterations to be effected will make the new Cash & Carry store convenient and handy, where you will receive the same courteous attention we have always endeavored to render our customers.

The reductions in operating cost effected by the change will make it possible for us to offer our customers the best of food products at prices much lower than formerly.

We appreciate the support given us in the past and solicit a continuation of your patronage under our progressive policy of lower prices.

The meat department will be conducted as usual under the management of W. M. Jones, who is well and favorably known to a large circle of satisfied customers.

Orders amounting to \$3.00 or more will be delivered free. For orders less than \$3.00 the small charge of 10 cents will be made.

The change comes into force next Monday, March 2.

TOLD ABOUT NEW GUINEA

Captain Miller Described Visits to Many Points in South Sea Islands

A whiff of the South Seas was given members of the Rotary Club and visitors by Captain Miller skipper of the Canadian Ranger, a the Rotary Club luncheon yesterday afternoon, S. D. Johnston presiding. He told them of head hunters, of cannibalism and of the various things he had seen and heard when trading around the island of New Guinea, and adjacent islands. The chief articles of commerce were sandalwood, hemp, tobacco, rubber, yams, bananas, sugar, nickel and most important of all the fruit of the cocconut known commercially as copra.

He told of the birds of paradise, the male of which preens and struts but is not allowed to be shot. He described the native catamarans, told of Port Moresby, the sink of the Pacific, and mentioned the efforts made to increase the cocconut plantations.

In minerals, the captain told of a wonderfully rich gold mine which was developed directly Australia received the mandate to administer the German territory. There was said to be blocked out sufficient ore to produce \$125,000,000 in gold but the difficulty was transportation. This had been overcome by the use of airplanes by means of which in 20 minutes the higher plateau could be reached, a feat which took a week before. There was also nickel at New Caledonia and many prospects in the mountains of the west coast.

At the close the captain was thanked for his interesting address.

cented general assets of the board. "Do you think that to have this reserve tied up in realty, buildings and so forth is in compliance with the act?" Mr. Manson asked Mr. Craig.

The comptroller general did not think he should answer this question. "The government has spent it. That's all," said Mr. Pattullo. "That million dollars has been spent and never replaced."

## Country Readers of "The Daily News"

To the readers of the Daily News who live out of town, we suggest that the classified columns of the paper provide an excellent medium for the disposal of articles they may have for sale or exchange.

Last season a lady at Smithers did a large business in selling fresh eggs direct from the farm by advertising in this paper.

Chickens, implements, household goods, boats, fishing gear, guns, cordwood, furs and dozens of other articles may be disposed of. The charge is two cents a word but six times goes for the price of four.

Many people get good results. Why not you?

Miss Mollie Watson Became Bride of William McLeod at Interesting Ceremony Last Evening

Before a large gathering of friends the marriage of Miss Mollie M. Watson, eldest daughter of Mr. and Mrs. John Watson, Fifth Avenue and William McLeod, son of Mr. and Mrs. D. McLeod, Sixth Avenue, was solemnized last evening at 7 o'clock, in the First Presbyterian Church. Rev. J. W. Kennedy performed the ceremony and for the occasion the church was beautifully decorated with daffodils and pussy willows. During the signing of the register Mrs. H. N. Brockelsby sang "All Joy Be Thine."

The bride, who entered the church on the arm of her father was beautifully gowned in a frock of rose petal French chiffon combined with lace and large picture hat to match. She carried a shower bouquet of roses and lily of the valley.

Miss Janet Watson, the bride's sister, was maid of honor and wore a yellow flat crepe ensemble suit with hat and shoes to match. Her bouquet was pink and white carnations. Miss Nettie McLeod, sister of the groom, the bridesmaid, was beautiful in pale green French chiffon, with picture hat to match. Her bouquet also consisted of pink and white carnations. Murdo McLeod, brother of the groom, was best man, and Howard Tibbard and John McLeod acted as ushers.

After the ceremony reception was held at the home of the bride's parents. The couple received the guests under a lovely arch and were assisted by Mrs. Watson, mother of the bride, who chose for her costume rose beige crepe. A buffet supper was served and Mrs. H. McKenzie, Digby Island, and Mrs. Wm. Anderson presided at the urns. A three-tiered

wedding cake centred the bride's table.

Mr. and Mrs. McLeod later sailed for a honeymoon tour to southern cities and were followed to the wharf by a large gathering of Elks and many friends, proving the popularity of the young couple.

They will take up residence in the Rand Block upon returning to the city.

**FINE PLAY  
IS STAGED**

"Melvina's Courtship" is Hit in United Church—Repeat Tonight

Another one of those delightful plays which are staged occasionally under the auspices of First United Church took place last night in the presentation of the three-act comedy "Melvina's Courtship." There was a large attendance and all present voted the play one of the best that has been so far staged. It will be repeated tonight and, in view of the delightful impression made last night there should be another large turnout for the second performance. Much credit is due Mrs. John Manson for another success at the hands of her direction. At the conclusion of the play last night she was presented with a beautiful and well deserved bouquet, by Board of Stewards.

Eight young people take part in the cast of "Melvina's Courtship" and all acquit themselves with credit in their various roles.

The title role is taken by Miss Edna Vickers. It is the character part of a country girl and is portrayed splendidly by Miss Vickers. Other feminine parts taken equally well are those of Miss Winnie Dibb, the hero's mother; Miss Cathie Irvine, as a city girl, and Miss J. Edgcombe, as an antique seeker. Bob Irvine takes possibly the heaviest men's role as a rustic hustler, and does very well. Sharing male honors are Bruce Stevens, as an ingenious knight-of-the-dusty-road; Earl Barrie, who is a scream as the village tightwad, and R. Morrison, as a city slicker.

The full cast is as follows: Bill Walker, a friend in need, B. Stevens.

Bud Weston, a rustic hustler, R. Irvine.

Squire Belcher, the village tightwad, E. Barrie.

Jay Crest, an easy-money shark, R. Morrison.

Melvina Perkins, the belle of Perkins Corners, Miss E. Vickers.

Mrs. Weston, Bud's mother, Miss W. Dibb.

Minnie Darling, from the city, Miss C. Irvine.

Jane McCracken, in search of antiques, Miss J. Edgcombe.

W. J. E. Barrie was stage manager.

Ushers were Mary Macfie and Margaret McKay.

John W. Allen, superintendent engineer for the fisheries department, after a two-day visit on official business, sailed by the ss Prince George last night on his return to Vancouver.
