Bishop G. A. Rix Led in Impressive Dedication Service Last Evening of Fine Building

Voluntary Labor

Enjoyable Program Marked Inaugural Ceremonies Last Night of St. Paul's Adjunct

With some 150 persons in attendance, the dedication and official opening of the plendid new parish hall in connection with St. Peter's (Seal Cove) Anglican Church took place last evening. The main building measures 60 by 30 by 14 feet and on one end there is a well-fitted kitchen. The structure was put up entirely by volunteer labor and is a credit to the church as well as to the community.

The dedication service was very impressive. After the singing of the National Anthem, Rev. Canon W. F. Rushbrook, the rector, led the congregation in prayer and J. E. Boddie, vicar's warden and chairman of the building committee, read 10c of the incumbent, the wardens and CRIBBAGE 3.00 the keys of the hall to the diocese which was represented by Bishop

hall to the service of the church and handed the keys back to Mr. Boddie 1.40 to be kept in trust for the diocese. In conclusion of the dedication 25 ceremonies, the hymn, "All People

15 That on Earth Do Dwell" was sung. The musical program which followed was most enjoyable. There were vocal solos by Mrs. J. H. Mc-Leod, Mrs. C. E. Cullin and Mrs. F. W. Allen; vocal duets by Rev. Alfred Wilson and H. Lincoln; recitations by Mrs. W. Armstrong, and violin solos by Miss Nellie Lawrence, accompanied by her sister, Miss Molly

Interspersed with the musical program were appropriate speeches by Bishop Rix, Mayor C. H. Orme, Canon Rushbrook, Dean Gibson and

Bishop Rix congratulated the congregation of St. Peter's on having such a splendid leader as Canon Rushbrook. He hoped the hall would be primarily used for the religious and social education of the children.

Canon Rushbrook, after thanking all those who had labored so tirelessly in connection with the conhaving arrived from the interior from a business trip to Haysport tion, to G. A. Kelsey and A. D. Birrell. Mr. Kelsey, the canon said, Union steamer Cardena, Capt. C. P. R. steamer Princess Mary, ing of the hall but had put in many had been an able right-hand man

100 at Sunday School

It was intimated during the proceedings that the Sunday School attendance had now passed the 100 mark. The new hall is to be used primarily for Sunday School work.

A collection was taken up during the evening, the sum of \$59.10 being realized.

At the conclusion of the evening's proceedings delicious refreshments were served by a committee of ladies consisting of Mrs. C. J. Norrington, Mrs. A. H. Hill-Tout, Mrs. S. E. Sunbury, Mrs. W Skinner and Mrs. W. Dalzell.

Dancing was then enjoyed until midnight

Among those who contributed to the success of the evening were the artists on the program, Mrs. James Black and David Eastman, who provided music gratis fo rthe dancing. C. J. Norrington was general convener for the evening's proceedings. J. E. Boddie was master of ceremonies for the dance. W. O. Viger and W. Skinner acted as ushers.

HISTORY OF

Development of Industry in Canada Has Been Great, Says Local Speaker

Motors, which he represents. Extracts from the address follow:

have the last word in efficiency and ties by Robert McLaughlin. in this country, and travellers had than three years. ter of a century since the first automobile was made in a Canadian plant. It is well worth while to dig back into the records. They give a picture of the astounding development of transportation in Canada, and arouse a feeling of pride in the progress that has been made in spite of difficulties.

Back in August, 1905, a writer in the Canadian Magazine hazarded the prediction: "It is almost certain that the automobile will be a feaure of our civilization for many years to come." He felt pretty sure of his ground, because there were 75 machines then in use in Toronto. and a number also in Hamilton and Montreal. The speed limit had just been raised in Toronto from seven miles an hour to ten miles an hour, and in the country from ten miles an hour to fifteen miles an hour. Prominent citizens were posing fortheir photographs at the tillers of their one-cylinder Cadillacs, the ones with the rear entrance to the tonneau. The automobile industry was coming to life, but there were no factories in Canada building gasoline automobiles, and only one making an electric. These electrics, by the way, were more popular than the discard with their limited cruis-

VOUR health is too important for you to take risks by drinking any haphazard mixture of food ingredients. You want a food beverage which will be perfect and complete, and which you can rely upon to give health and strength.

The Essential Food Elements

A perfect food beverage must contain proteins, fats, carbohydrates, mineral salts and vitamins. Scientists claim that these vital elements are contained most abundantly in malt, milk and eggs. That is why these wonderful foods of Nature form the constituents of "Ovaltine". Malt extract is used, for powdered malt does not yield the same food value or exert the same digestive power. Pure fresh milk is used. Dried milk is not good enough for "Ovaltine". The eggs are obtained from specially selected sources. 12,500,000 fresh eggs are used each year.

Proteins are obtained from all three ingredients. There are several proteins-all of which are necessary. Milk does not give them all, but a combination of malt, milk and eggs, as in "Ovaltine", supplies them. Fats are contained in the milk and eggs. Carbohydrates are present in the malt and milk. These are natural sugars and are far superior to cane sugar.

Mineral salts-iron, calcium and phosphorusare derived from the rilk and eggs. No nerverestoring food would be complete without lecithin, which is derived from egg-yolk-hence the importance of fresh eggs in "Ovaltine". Vitamins—owing to the combination of malt, milk and eggs-are all contained in "Ovaltine" and are present in correct ratio.

Correctly Balanced Nourishment

Not only must a perfect food beverage contain all these elements but they must be supplied in correct proportions and in the most readily assimilable form, as in "Ovaltine". It is easily digested because it contains no starch or added sugar. It is flavoured with cocoa-not chocolate. It is emphasized that it nourishes the system normally without causing "fatness".

Avoid So-Called Substitutes

Your common sense will tell you that ordinary malt or cocoa drinks, without real scientific preparation, cannot possibly compare with 'Ovaltine'. You should make these enquiries. Are they made from malt extract as in "Ovaltine" or powdered malt? Is the milk fresh milk as in "Ovaltine" or dried milk? If they contain eggs are these new laid as in "Ovaltine" or merely dried eggs? Consider carefully if these substitutes are sweet in flavour, whether you are not paying an enormous price for sugar; which if necessary you can add yourself. "Ovaltine" contains no added sugar, but only the natural sugars contained in two of the ingredients-malt and milk.

Economical in Use

"Ovaltine" - although so superior in food value -is low in price and the most economical in use of all forms of concentrated nourishment. Make delicious "Ovaltine" your daily beverage-it is acknowledged to be the best means of giving and maintaining health, strength and vitality.

"Ovaltine" is sold at all stores in air-tight tins; at 50c, 75c, \$1.25 and \$4.50 (special family size).

BAZAAR IS

Drawing for Many Prizes Was Interesting Feature of Catholic Affair Last Night

The Catholic bazaar came to a close last night with a largely attended dance, music for which was provided by C. P. Balagno's crchestra. The feature of the evening was, of course, the drawings for the various prizes which were raffled. The drawnings were conducted by Father Charles Webb, H. E. Astori, Louglas Frazell and C. R. Biggart and resulted as follows:

Grand drawing, fifty dollars in gold, won by G. P. Connelly, Digby Island; ticket No. 680.

anger; ticket No. 1223.

Rental Agents Are Organized

Object Is to Protect Against People in Arrears

An association of the rental gents of the city was formed yes-950 terday and it was decided to prepare and furnish each other with lists of those in arrears. I is said that lately too many have been moving and leaving arrears of rent behind 950 and the object of the association is to protect each other and their clients against this epidemic.

HIS POEM

Terry Grimble Receives Honorable Mention in Competition

Terry Grimble, son of Mr. and Mrs. F. W. Grimble of this city, received honorable mention in a competition conducted by the Sun Ray Club of the Vancouver Sun for the following poem entitled "My Dad:"

'Oh, say! I am a lucky lad, For I have got the swellest dad, He made me such a nifty kite, And he never scolds me when I fight,

But says: Fight clean, son, and be a man, Capt. C. H. Nicholson, manager Don't fight smaller boys-that's a

coward's plan.

We pack it in, cut it into lengths-

Say, boys, that's the stuff to test our strengths, Capt. Parks has taken command And it's healthy work among the

steamer Venture. He was formerly And the exercise sure does one

Then in the lovely summertime,

Following is the list of prizes aside A "High Jinks" night at the Kaien We take our lunch and grab our

And off we hike to the nearest | | | Mon. and Tues., "Tell England"

Where we fish for trout and I sit and dream Of what I would do if I should get And I yell for my school, dad does

The biggest fish that was ever caught yet. ters and racketeers is increasing I would send it off to a big mu- For dads are really only grown-up

will soon be few innocent bystand- Where other boys could come and So you see I am a lucky lad, see-um.
