Establishment of Dominion Money Market to Relieve Depreciation in New York is One of Proposals Discussed at Gathering

OTTAWA, Dec. 17.—Sir Charles Gordon, president of the Bank of Montreal, and other leading bankers of the Dominion met Premier R. B. Bennett yesterday and discussed a proposal for the establishment of a Canadian money market which would relieve the depreciation of the Canadian dollar in New York. The continued low price of the dollar in the American financial centre has been causing some concern to bankers and others interested in the situation.

NORAH IS  
INSPECTED

C. P. R. Vessel Given Permit to Continue Voyage to Skagway After Having Touched Bottom

After she had been inspected by a diver, Capt. J. R. Elbert, port warden, last night gave a sailing permit to C. P. R. steamer Princess Norah, Capt. William Palmer, which had touched bottom on her way here from Vancouver, to continue her voyage north to Skagway and back to Vancouver. The Norah arrived in port at 8:30 last night and sailed for the north at 5 o'clock this morning. She is now running about twenty hours late and is not expected to be here southbound until possibly early next Monday morning instead of on Sunday afternoon as her schedule calls for.

It was near Bella Bella in a blinding storm Tuesday night that the vessel touched bottom. She was not actually stranded but passed over. Soon she was anchored and remained hove to for five hours to observe if there was leakage and to await instructions from headquarters in Victoria. The vessel was found to be not leaking.

The examination made here showed that plates had been dented, the bottom, however, not being holed.

There were 48 passengers aboard on the vessel's departure from here this morning for Alaska.

List of Improvements at Prince Rupert General Hospital Submitted to Board

The hospital board at last night's meeting referred to the 1932 board a list of recommendations from the Fire Marshal for British Columbia for improvements at the hospital in the interests of fire prevention. Among recommendations of the Fire Marshal were that fire hose racks and fire bells be lowered so as to be within reach of all nurses, that all fire extinguishers be inspected regularly and a record kept as to dates of filling, etc., that drip pans be placed under lysol barrels and alcohol be stored in as cool places as possible, that the dumb waiter be fully protected and that the fire alarm system be remodelled with indicating lights and buzzers.

Radio Association Taking Steps to Clear Up Reception Conditions in City

A general meeting of the Prince Rupert Radio Association was held in the City Hall last evening with a good turnout of radio owners considering the wet night. President F. W. Wesch was in the chair.

A suggestion made to the Northern B. C. Power Company, by a committee appointed at the last meeting was explained to the audience, and, as the Power Company's reply was read at the meeting, this committee was instructed to follow up this suggestion and endeavor to get an opinion from the company. The point suggested was to get a power line into the town with no distribution lines on the same pole as the high power line and to do this the appointed committee had outlined a scheme to the company whereby with not a very large outlay, a new line could be brought to the substation, which the committee thinks would do away with a lot of the interference now being received.

Another point brought out was whether it was legal to have a line carrying 66,000 volts traversing the centre of the town, this power line carrying primary, secondary, telephone and other wires below the power wires. These matters are to be thoroughly looked into and all information obtained for the next meeting in January.

The president reported to the meeting that the local manager of the Canadian National Telegraphs had telephoned him that the necessary parts had now been ordered for the generators that have been causing trouble and that these parts would be installed as soon as received.

A petition is to be circulated during the next few days, which the association hopes all radio owners and those interested will sign, placing before the radio departments at Ottawa and Victoria the troubles that are occurring here, and asking the department to send a competent man here for about a month, to look into the situation and do what he can to clear up the interference. It is hoped that the association will have the strong cooperation of the city council, chamber of commerce, trades and labor council, and all other societies and orders to assist them in their endeavor to obtain good radio reception in the city, so that radio owners may be able to sit down in the evening and enjoy their machines instead of as it is now listening to a steady roar.

After one or two other matters of minor importance were discussed, the meeting adjourned to meet again in January, when the annual meeting will be held and the election of officers for 1932 conducted.

War Debts Due in Washington on Tuesday But Remittances Delayed

WASHINGTON, D.C., Dec. 17.—The sum of \$117,000,000 was due to be paid Tuesday by European countries to United States on account of war debts but the nations "defaulted technically" owing to failure of Congress to reach an agreement as yet as to whether or not it will endorse the Hoover moratorium plan.

There was bitter criticism of the Hoover moratorium by both political parties in Congress Wednesday. Representative McFadden of Pennsylvania went so far as to declare that President Hoover was endeavoring to sell out to Germany.

Reduced Time  
On Relief Work

Men Will in Future Work Only Two Weeks in Month in Order to Make it Last Longer

The city council, at its special meeting last night, decided to reduce the length of the relief shift to two weeks a month instead of three as at present. This was done in view of the large number of men getting relief work. It will make the life of the relief extend well on into March instead of ending in February.

Lead Punitive Force Against  
Manchu Bandits; Jap Policy

NANKING, Dec. 17.—General Chiang Kai Shek, following his resignation as president of the Nationalist government of China, will take the field at once in command of a force which will endeavor to suppress large bandit forces in Manchuria which are held largely responsible for causing the Japanese to take military action.

TOKIO, Dec. 17.—Under the military policy of the new Japanese government, it was reported yesterday that the war ministry would soon dispatch additional forces to Manchuria with a view to cleaning up Chinese banditry around Chinchow and elsewhere.

There was considerable fighting in Manchuria yesterday.

MORE WORK  
IS PLANNED

City Council Lays Out Supplementary Program of Relief Operations

The city council, at a special meeting last night, adopted a recommendation from the board of works that the following works be included in the unemployment relief program:

Tenth Avenue East from Conrad Street to Donald Street, grading.  
Lotbiniere Street from Fifth Avenue to Ninth Avenue, grading.  
Various sidewalk gradings.  
Bowser Street from Sixth to Seventh Avenue, grading.  
Purchase of waterworks supplies up to \$4,000.

It is planned to carry out the above work with the surplus of funds left over between the \$100,000 sum for relief work here and the actual cost of relief work which was originally planned. Authorization of the provincial government for the supplementary program will be sought at once by the city.

Mayor Orme Offers City Clearing House For Distribution of Goods to Needy

Representatives of various local organizations which are interesting themselves in relief work in the city this winter had a meeting in the city hall yesterday afternoon and expressed themselves as being in favor of accepting an offer from Mayor Cyril H. Orme, who presided, that the city act as a clearing house for distribution of relief goods with a view to ensuring more efficient results and avoiding overlapping and confusion.

The mayor also voiced an invitation to other organizations in addition to those represented at the meeting to avail themselves of the city's offer.

Representatives of 14 organizations were present at the meeting.

Medical Men to  
Co-operate With  
Hospital Board

A letter from the Prince Rupert Medical Association, Dr. Cecil H. Hankinson, secretary, which was read at last night's meeting of the hospital board, announced that the matter of Workmen's Compensation Board hospital cases had been thoroughly discussed at a recent meeting of the association and that a resolution had been passed pledging the medical men to co-operation in every way possible with a view to avoiding recurrence of cases where the Compensation Board declines to pay hospitalization charges in full.

## CHINESE NATION

The only hope for China seems to lie in the opening up of their country by transportation and the improving of the condition of the peasants so that they may be able to establish contacts with the rest of the country by travel and by means of newspapers and magazines and radio. No nationalism can be developed in a country where the people do not intermingle and do not keep in touch with the rest of their fellow countrymen.

Russia is going to work in the right way by using radio everywhere and thus keeping people informed of what is going on. True, in Russia it is a one-sided education and opposing views are not tolerated, but a stage will be reached in time where the people will demand to know what is going on farther afield. They will tune in with other countries and get information illicitly. It will be impossible to keep the people there in ignorance of what others are doing.

But that is only by way of contrast. China is a different country with a different kind of people altogether. Their civilization is an old one, the country is overcrowded, and the people of much of the interior country had stopped making progress. Now they are awakening and once they have transportation and other means of contact with their fellows, a wonderful change will take place.

## LEARNING TO FLY

The young Chinese are taking to all the modern arts including that of aviation. That is one of the steps forward. It is simply an indication of what is going on everywhere. Air transportation and radio should prove very valuable to China, possibly much more valuable than railways and newspapers.

## IN THE LETTER BOX

### HALIBUT FISHERMEN'S UNION

Editor, Daily News:—  
Replying to letter in Monday's paper signed "Interested," re Halibut Fishermen's Union. The letter is, to say the least, very misleading. It would give one the impression that dues collected in Prince Rupert are sent to Seattle, when, as a matter of fact, the Prince Rupert branch has never been self-supporting. During the past six years we have received cheques from Seattle amounting to \$3,500.00 so I fail to see where we are pulling the U. S. fishermen over the top.

Interested says the fishermen have their choice of paying \$12.00 per year in the old union or \$6.00 in the N. B. C. Fishermen's Association (where there are no benefits). In the D. S. F. Union members have a funeral benefit of \$100.00, a shipwreck benefit of \$75.00, a hospital benefit of \$2.50 per week and have their own hall which is open to members at all time.

The insinuation that dues might be increased by a levy placed by the dictator is entirely wrong as this could be done only by a vote of the entire union.

Much has been made by the N. B. C. Fishermen's Association about a petition signed by 160 members of the D. S. F. Union to break from Seattle. The majority of the men signing that petition did so with the intention of forming a local union of their own but with no thought of going in with the salmon men who are an association, members of which own their own boats and therefore, halibut fishermen have nothing in common with them.

At a D. S. F. Union meeting last Saturday night (with over 100 present) a vote was carried by a two-third majority to stay with the old union. A resolution made and carried unanimously that in the event of the Prince Rupert Branch being closed the members would apply for a charter to either the American Federation of Labor or to the Canadian Trades Congress. Not one present was in favor of going in with the Salmon Fishermen's Association.

Hoping that if "Interested" has any further criticism to make he will sign his name to the letter.

Thanking you, Mr. Editor, for your valuable space.

J. M. MORRISON,  
Agent, Prince Rupert Branch  
D. S. F. Union.

### WOULD LIKE GRAMOPHONE

Editor, Daily News:—  
May I use your valuable space to let some kind person know that there are a hundred men or more at Cloyah Bay Camp who would feel grateful for an old discarded gramophone with records or any other musical instrument. The person who would think of obliging, if they would send a card to R. Downie c/o Cloyah Bay Relief Camp, a couple of men would gladly walk into town to receive the gift, which would be gratefully appreciated by all men in camp.

## Twenty Years Ago In Prince Rupert

December 17, 1911

The Prince Rupert Ratepayers' Association, at a meeting last night in the McIntyre Hall, discussed the problems of civic government and decided to put candidates in the field at the next civic election. W. J. Alder presided and among the speakers of the evening were J. S. Cowper, H. F. McRae and C. V. Bennett.

D. A. Salter, engineer in charge of the B. C. Fields drilling plant at Trahn Point, west coast of Graham Island, passed through the city on the Prince John en route to Vancouver on business. He speaks encouragingly of the prospects there.

Mr. Bush, a settler at Nadu River on Massett Inlet, has been found dead with a pack on his back a few yards from his cabin, the apparent victim of a heart attack. His body was frozen.

## LOCAL ITEMS

T. A. Bryant, teacher of the native school at Metlakatla, will sail on the Prince Rupert tomorrow night for Vancouver to spend the Christmas and New Year holiday season.

D. L. Pitt, general manager of the Premier Gold Mining Co., will be here aboard the steamer Prince Rupert tomorrow bound for a trip to Vancouver and other points in the south.

Miss E. E. Hart, who arrived in the city by train Tuesday from Calgary, sailed last night on the Prince Rupert to make the round trip to Anyox and Stewart and thence to Vancouver.

Miss E. E. Rowe, domestic science instructor in the local schools, will sail tomorrow night on the Cardena for her home in Vancouver where she will spend the Christmas and New Year holiday season.

James Martin, well known pioneer Massett merchant, who has been on a business trip south, arrived in the city from Vancouver on the Prince Rupert yesterday morning and will proceed Sunday night on the Prince John to his home on the Queen Charlotte Islands.

The city council last night adopted a recommendation from the city engineer that buildings on lot 9, block 21, section 5, and on lot 25, block 7, section 5, are in a dangerous condition structurally and should be either repaired or pulled down. One of the buildings on a tax sale lot owned by the city will be taken down and notice will be given to the owner in the other case.

Miss Jean Harrison R. N., lady superintendent of the Prince Rupert General Hospital, reported at last night's board meeting that the institution was comfortably filled at the present time and everything was going along in a routine way. Miss Harrison reported the donation of \$15 for the nurses' Christmas tree from a person who desired that his name be not published.

The Prince Rupert Medical Association had a request before the hospital board at its meeting last night asking for the installation of regulation chart cabinets on each floor of the institution. The present chart filing system was declared to be very public and altogether unsuitable for history sheets. Miss Jean Harrison R. N., lady superintendent, agreed with the proposed change. The matter was referred to the house committee for report.

A letter was read at last night's meeting of the hospital board announcing that the sum of \$38.01 was being refunded to the board by the British Columbia Hospitals' Association, this amount being due the board under the arrangement of pooling expenses of delegates to the annual meeting of the association which was held in Vancouver in the fall. The average expense per delegate was \$15.49. Miss Jean Harrison R. N., lady superintendent, was the delegate from here.

Hotel

VANCOUVER, B. C.

Canadian Legion Xmas Tree starts 3 p.m. 19th.

This is the first Charity Ball ever held in Prince Rupert, we hope it is the last—better than wishing attend this Gyro Dance tonight.

Mr. and Mrs. Ole Phillipson of North Pacific are paying a brief visit to the city, having arrived from the Skeena River on this morning's train.

W. H. Tobey, C.N.R. divisional superintendent, and M. A. Burbank divisional engineer, returned to the city on this morning's train after having visited the interior on official duties.

The regular monthly meeting of the board of directors of the Prince Rupert General Hospital association was held last night in the hospital. Those present were G. P. Tinker president; Robert Gordon, Ald. S. D. Macdonald, W. M. Brown, Ald. G. W. Rudderham and G. V. Wilkinson, directors; Miss Jean Harrison, R.N., lady superintendent, and H. W. Birch, managing secretary.

At the city council meeting last night the council deferred action on a proposal from the Ratepayers' Association that a committee should be formed to make recommendations to the court of revision in regard to assessment. It was pointed out by the city solicitor that this would be illegal. The council could not interfere with the duties of the court or of the city assessor. Practically all the members of the council expressed themselves as welcoming any help that could be given in arriving at a proper assessment but this help would have to come from outside the council.

## The Weakening Agony of Piles (Haemorrhoids) Ended

Thousands Bless This Famous Herbal Ointment

Piles or hemorrhoids cause excruciating pain and often serious loss of blood. The famous Zam-Buk ointment is wonderfully soothing to the swollen veins and itching parts. Zam-Buk derives its healing and mildly astringent influence from herbal extracts of special value in this weakening and agonizing complaint. Zam-Buk has a wonderful record of success.

THE BEST OF PROOF  
Mrs. R. L. Garber, of 2545 Ohio Avenue, Southgate, California, a nurse, writes as follows:—"My husband suffered from Piles for years, but a year ago they reached an acute stage and he could neither sleep nor attend his work. He had medical advice, tried all sorts of baths, hot packs, ointments and ointments which cost him hundreds of dollars without obtaining any relief. Finally a friend gave him a box of Zam-Buk; after application for one day he obtained a good night's rest. He continued the treatment and by the time he had finished a second box he was completely relieved of this agonizing ailment and able to resume his work."

Mrs. F. Barrett, Pioneer, Alberta, writes:—"We have used Zam-Buk ever since I was a young girl and I have never known it fail. My husband, who has been troubled with itching piles for years, says the soothing relief Zam-Buk brought was wonderful."

The unparalleled success of Zam-Buk lies in its original and valuable formula. Zam-Buk is compounded from certain herbal extracts of an extraordinarily healing, soothing and antiseptic nature. Zam-Buk soon stops all pain and itching. It gets at the root of such troubles as eczema, salt rheum, bad legs, ulcers, scalp disease, poisoned sores, etc., and is also a fine ever-ready first-aid for injuries. Zam-Buk Ointment 50c. box, Zam-Buk Medicated Soap 25c. cake.

## Moose Whist Drive and Dance Enjoyed

Jolly Affair Took Place Last Night in Lodge Hall With 17 Tables in Play

There were 17 tables of cards at the Moose Lodge whist drive and dance held last night. The affair proved very jolly and enjoyable.

At the card tables prize winners were: ladies' first, Mrs. E. Dickens; second, Mrs. Alois Ohnesorg; men's first, Joe Garon; second, Knut Slatta.

After cards delicious refreshments were served after which dancing was enjoyed with splendid music by the Premier Orchestra.

In the drawing for a turkey donated by Gillis Royer the winner was Mrs. C. R. Biggart.

Gillis Royer was master of ceremonies for the evening and O. B. Sather and J. Jeans presided at the door. Mrs. Ole Stegavig was in charge of the kitchen.

## SPORT NEWS

New American League batting records were established during the 1931 season by players on the New York, Boston and Cleveland teams and club records by New York and Chicago. The Yankees created two new team records—the first when they faced opposing pitchers 5638 times, thus breaking the American League record of 5592 by Detroit in 1929, and broke their own record for the most runs, 1967, as against their previous 1667 in 1930. The Chicago White Sox finished last in batting, last in fielding and allowed their opponents 939 runs, creating a new American League record in this department. Chief of the individual record makers was Babe Ruth whose eighteenth season in the game was his best in many respects. Finishing second in the race for individual honors, the highest point he has ever reached, with a mark of 373; also his best. Ruth tied with Lou Gehrig for the most home runs, 45; was second in scoring, with 149 runs. Outfielder Al Simmons of Philadelphia Athletics won individual batting honors for the second consecutive time, increasing his average of .373 in 1930 to .390 in 1931 despite the chances of ball. For club batting the New York Yankees led with 297, the Cleveland Indians being second with 296 and the Athletics third with 287.

Twelve players in the league batted in 100 or more runs this season as compared with 15 last year. Lou Gehrig, who led last year, established a new American League record of 184, thereby topping the former mark of 175 made by himself in 1927. Gehrig has driven in 193 or more runs in six consecutive years and during the last five seasons he has been first three times and tied once. Ruth was second with 163 runs driven in, this being the tenth season in which he has sent 100 or more teammates over the plate. Ruth also received 128 bases on balls, the tenth year in which he has been the recipient of 100 or more free tickets to first. By striking out 51 times the Babe set a new low mark for himself in his perennial battle with the pitchers. New York set a new world team record by receiving 748 bases on balls, the previous high being 681 by Detroit in 1915. On April 15 in a nine-inning game Henry Johnson and Roy Sheriff of New York struck out 15 Boston players.

As for pitching records, the Philadelphia staff allowed but 3.47 earned runs per game. The Washington staff was a good second to the A's with 3.76 while New York was third with 4.20 earned runs per game. Chicago was eighth with 5.95 runs per game, thus achieving the unique distinction of being eighth in pitching, batting and fielding. Chief of

the Athletics' staff was Robert Moses Grove who won 31 games while losing but four. His winning percentage, .886, is the highest for any major league pitcher since 1903. His average of earned runs per game, 2.05, was 58 runs per game better than that of Vernon Gomez who finished second with 2.63. Grove also led in strike-outs with 175 and was second for number of innings pitched, 289, his colleague, George Walberg, working 291 rounds. In the seven seasons he has pitched for Philadelphia he has won 146 games and lost 61, and in the past four seasons he has won 163 games and lost 23. Wesley Ferrell's no-hit no-run game for the Cleveland Indians against the St. Louis Browns was, of course, one of the big pitching feats of the year.

American League fielding for 1931 was characterized by the machine-like precision of the champion Athletics and Washington; the brilliant, season-long work of Oscar Melillo, St. Louis second baseman who, with 971 chances accepted, came within 17 of tying the major league record of Lajoie in 1908; centre-fielder Tom Oliver's record of 448 accepted chances with only three accompanying errors, generally mediocre work at third base and sparkling season records of First Basemen Burns of St. Louis and Blue of Chicago. The Philadelphia Athletics made only 141 errors, thus breaking the record formerly held by the Yankees, 144 in 1923. Washington made 142 errors. Irving Burns of St. Louis was the

ranking first baseman with a season average of .993. Myer of Washington and Bishop of Philadelphia tied for second basemen with .980. But Melillo carried off the honors for the keystone position with .988. Third base play was far below par with Dykes of Philadelphia and Blum of Washington sharing about equally such honors with .974 and .963. Hal Rhyne of Boston led the shortstops with .963. Matusch of Washington was the leading outfielder with .977. Averill of Cleveland coming second with .976. William Dieke of New York led the catchers with .996.

## Head of Cash Register Firm Dies Suddenly

DAYTON, Dec. 17.—Robert Patterson of the National Cash Register Co., died here suddenly yesterday.

DURING the decade 1826-1836, cavalcades transporting furs for the Hudson's Bay Company annually left Fort St. James, journeyed down the Fraser River, thence to Kamloops and Fort Vancouver. At the head of the brigade, often numbering two hundred horses and twenty men, rode the Chief Factor in a high beaver hat, who on entering and leaving all forts en route, was accorded an official salute of three guns.

### Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.

Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

### Tea at Manse Is Successful

Function Held Yesterday Afternoon By Ladies' Aid of First Presbyterian Church

In spite of inclement weather, a large number of ladies called at the Manse where the Ladies' Aid of First Presbyterian Church was holding a tea and sale of home cooking yesterday afternoon, and the affair proved quite successful.

Mrs. W. D. Grant Hollingworth, wife of the pastor, was assisted in receiving the guests by Mrs. D. C. Stuart, president of the Ladies' Aid. Mrs. H. M. Foote was in charge of

the tea room. Mrs. D. G. Stewart, Mrs. Alex Finnie, Mrs. Jack Watson and Mrs. James Simpson poured and serviteurs were Mrs. W. D. Christison, Mrs. Robert Davie, Mrs. W. D. Moxley, Mrs. W. L. Sandison, Mrs. James Haddon and Mrs. Rod Morrison. Acting as cashier was Mrs. William Anderson.

The home cooking table was in charge of Mrs. Clifford Ham and Mrs. A. C. Clark.

During the afternoon a delightful musical program was rendered, Mrs. William Millar being in charge of the arrangement. The program included vocal solos by Mrs. Ernest Anderson, accompanied by Mrs. A. H. Kielback; vocal solos by Mrs. J. H. Carson, accompanied by Mrs. E. J. Smith, and piano solos by Mrs. Robert Bartlett and Mrs. E. J. Smith.

### VANDERHOOF

Rev. Robert T. MacFarlane, former United Church minister here, is now located in Fremont, Calif. In a letter received here he tells of the establishment of a branch of the Canadian Legion in California.

Miss Lucy Currie, teacher of Hullatt public school, will be leaving that appointment with the arrival of the Christmas holidays, it is understood.

R. C. McCorkell, after having spent several months in town and district, left last Saturday for his home in Vancouver.

## HEALTH OF CHILDREN

Hospital Board Offers to Co-operate in Matter of Giving Free Treatment to Needy

Indicating its willingness to provide accommodation free for deserving cases, the hospital board at last night's meeting on motion of W. M. Brown, and Ald. S. D. Macdonald, passed a resolution offering co-operation in a movement designed to rectify the health situation among the school children as revealed in the recent report to the school board of Dr. R. G. Large, medical inspector of schools. The resolution also authorized the president of the board to appoint a representative of the board on a committee of organizations to go into the matter if such committee is formed.

Mr. Brown explained that the matter, which appeared to be alarming, had been taken up by the Trades & Labor Council which had made the proposal that various organizations, such as the city council, school board, hospital board and medical and dental associations co-operate in considering and, if possible, taking steps to rectify the situation. Many parents were unable at present to finance such an operation as removal of tonsils, etc. and it was felt that some assistance should be given in such cases. Such ailments, undoubtedly, affected the work of children in schools.

Ald. Macdonald thought that the hospital board should offer its co-operation as far as possible such as volunteering to provide free hospital accommodation. The other organizations could give assistance in other ways.

Mr. Brown and Ald. Macdonald moved and seconded a motion that the board go on record as being willing to assist in the matter and

## Interference Eliminated

W. M. Brown, chairman of the finance committee, announced at the meeting of the hospital board last night that, at the recommendation of Felix Batt, local radio inspector, condensers had been installed on the hospital ward buzzer system with a view to eliminating radio interference occasioned thereby. The cost of making the installation had been but \$2.25.

Mr. Brown also reported that a filter had been placed in the water condenser in the operating room.

that the president be authorized to appoint a representative to a central committee should it be decided to form one.

G. V. Wilkinson thought that possible loss of revenue should not be considered as against the improvement of the children's health. There were some cases, however, which might not be so serious as might appear. Malnutrition had, for instance, been recorded in a number of cases of underweight.

Miss Jean Harrison, R. N., lady superintendent, did not think the report was half as alarming as might appear.

How many and what times children could be accommodated would have to depend, it was pointed out, on the capacity available at various times for such cases. It was pointed out that the usual charge for such cases as tonsil removal was \$12.50.

## SOUTH SEA FILM HERE

"Tabu" Was Adjudged Best Photographed Picture in 1931—Funny Comedy Also on Bill

"Tabu," mid-week offering on the screen of the Capitol Theatre, was chosen by the American Academy of Motion Pictures Arts and Sciences as having the best photography of any 1931 moving picture. The photography of the film is really delightful, as those who saw it last night, will testify. There is also much beautiful natural scenery in the picture. The cast is a native one and the story is a strange romance of the south seas which proves highly interesting.

Sharing honors with "Tabu" as the feature attraction on the program is "Pardon Us," a screamingly funny comedy featuring the popular troupe of Oliver Hardy and Stan Laurel. Many enjoyed this as much as "Tabu" last night.
