## Nationalist Group in British Contest Will Gain by Acclamations

Indications Are That Coalition Will Have Majority of From Twenty to Thirty After Nominations on Friday

LONDON, Oct. 14.—The National government expects to get off to a flying start in the forthcoming general election. Indications are that between sixty and seventy members will have been returned by acclamation after the nominations have been received on Friday. The government expects to have a majority of between twenty and thirty when these acclamations are all in. According to the calculations the acclamations should include forty-one Conservatives, three National Liberals, twenty-one Laborites and one Liberal (free trade).

## SEIGNEUR LEAVING

Canadian National Freighter, Tied Up Here for Several Months, Is Sold to Japanese Interests

Canadian National Steamships freighter Canadian Siegneur, which has been tied up at the local dry dock for several months, is now being prepared to put to sea again. Steam is up once more in the vessel and some minor overhaul and repair work is being carried out.

The Canadian Siegneur will, it is expected, be taken about the end of next week to Vancouver. From Vancouver it is understood the vessel will be taken to Japan to be turned over to interests which have purchased her.

## 'PHONE HEAD HERE FRIDAY

George H. Halse to Confer With City Council on Long-Distance Communication

G. H. Halse, president of the B. C. Telephone Co., informed the city council in a letter read at last night's meeting that he would arrive in Prince Rupert on Friday afternoon of this week and planned to remain here for two or three days before proceeding to Prince George. Mr. Halse stated that he would be pleased to confer with the city council in regard to long-distance radio communication.

## BOAT WAS DRIFTING

Further Particulars of Rescue By Steamer Prince Rupert of Crew Sinking Gas Boat

With the arrival of the steamer Prince Rupert this morning from the south came further details of the rescue by that steamer early yesterday morning near Cape Mudge in the Gulf of Georgia of the captain and crew of the Ketchikan halibut boat Carolen.

The Prince Rupert took the men aboard after having responded to distress signals from the halibut which had broken down in the Gulf. The rescue was effected at 4:30 Tuesday morning, the men having drifted around helplessly in the Gulf since 5 o'clock Monday evening. They had been nearly ashore and the small boat was in imminent danger of swamping. The Carolen was abandoned, the captain and crew being taken aboard the Prince Rupert, which landed them at Campbell River.

The rescue was made four miles east of Cape Mudge. A heavy sea and strong wind was blowing and it took about fifteen minutes manoeuvring before Capt. Donald, master of the Prince Rupert, got the Carolen into the lee and picked up the captain and three of a crew, four all told.

The wind and sea and tide rips were so bad that it was dangerous to keep the pounding craft alongside so the Prince Rupert abandoned her, backing away and continuing on her run north.

The wind and sea and tide rips were so bad that it was dangerous to keep the pounding craft alongside so the Prince Rupert abandoned her, backing away and continuing on her run north.

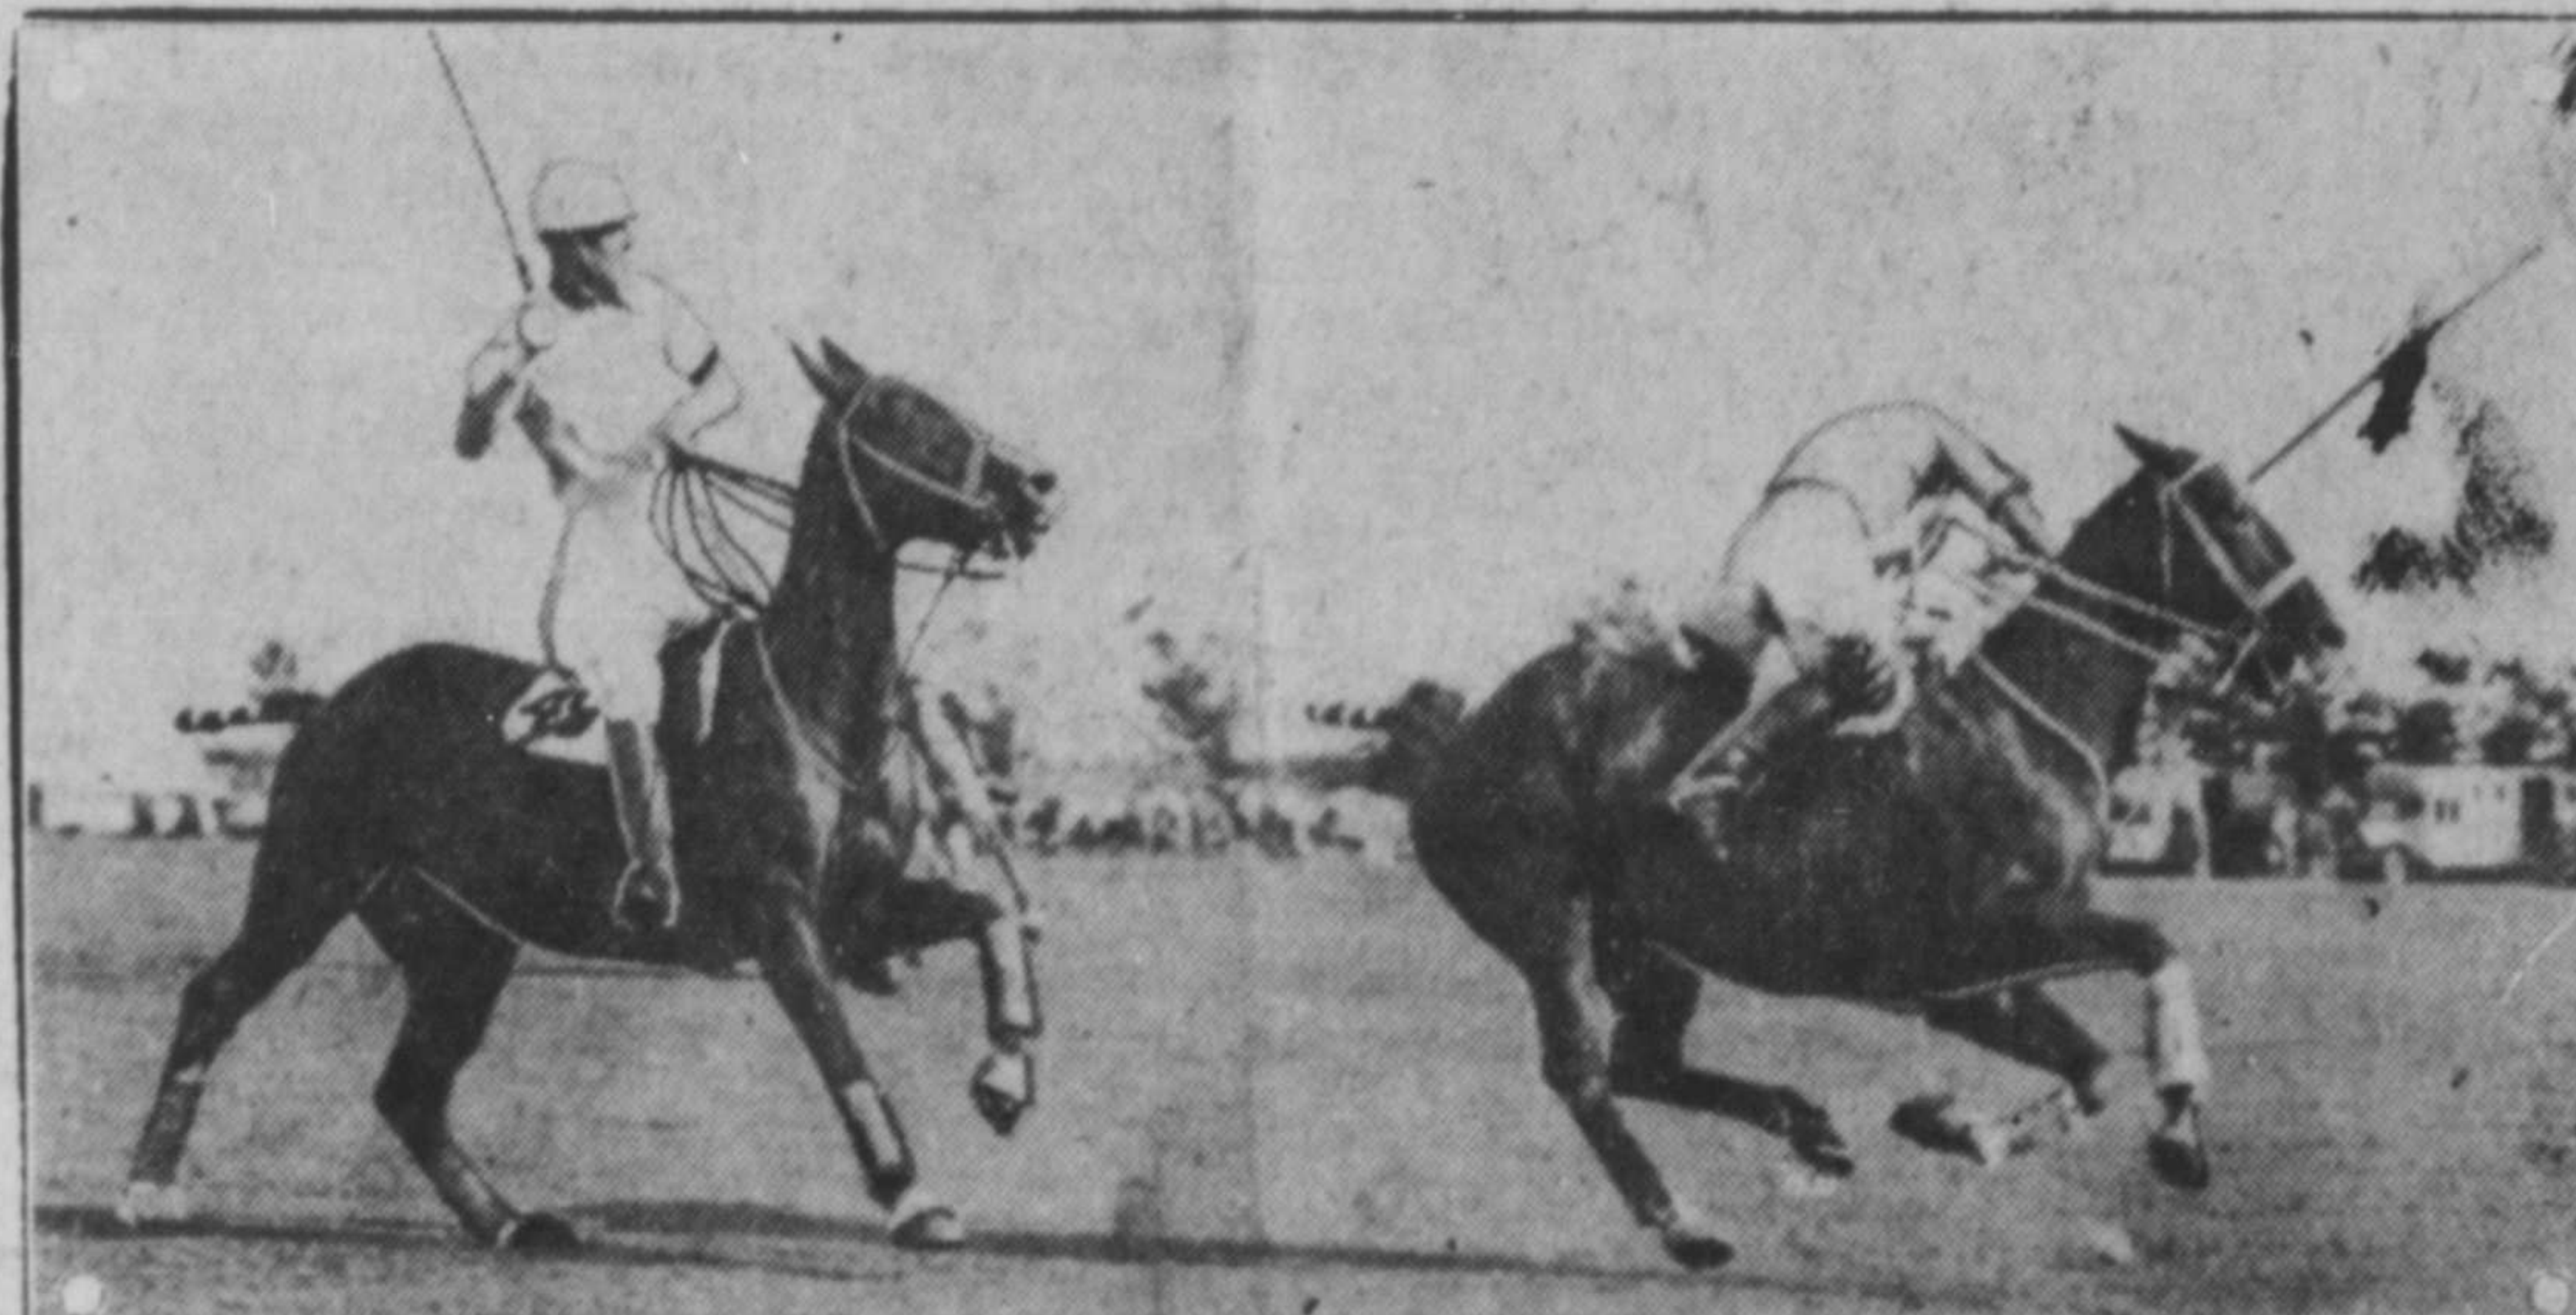

## The Weather

Dead Tree Point—Clear, calm; barometer, 30.30; temperature, 52; sea calm.  
Langara Island—Overcast, light westerly wind; sea calm.

## LIEUTENANT GOVERNOR ACCEPTS INVITATION

A letter read at last night's meeting of the city council accepted on behalf of Hon. J. W. Fordham-Johnson, Lieutenant-Governor of British Columbia, an invitation to attend a joint luncheon of the city council and Chamber of Commerce here on October 27. The Lieutenant-Governor will arrive in Prince Rupert on October 26 aboard the H.M.C.S. Skeena.

## Poloists From Argentine Show Class

Four galloping horsemen from Santa Paula, polo champions of the Argentine, rode into the final round of United States open championship with a thrilling victory recently. Here is Andres Gatzotti, Santa Paula back, hitting ball during match at Westbury, L.I.

## COUNCIL TEMPEST

Spectre of Prison Labor is Raised and Sparks Fly

The spectre of prison labor was raised last night to ruffle the accustomed calm of the city council with a brief but brisk little tempest. The trouble arose when Ald. Collart made the suggestion that Chief of Police W. J. Service be given permission to extend up the hill the jail gardens on which such a splendid start had been made during the past summer.

Ald. Rudderham warned against the use of prison labor in improving streets or sidewalks. Ald. Macdonald was most emphatically opposed to any instructions whatever being given by the council in which use of prison labor was authorized. It might be news to some but he (Ald. Macdonald) knew of a case last year where prisoners had been taken to do work on a Sixth Avenue garden at the expense of men seeking employment.

Ald. Collart replied that he had never intended that instructions should be given to proceed with the work. All he intended was that the chief be given permission in case it was desired to do the work.

After a discussion of considerable length in which every member of the council made at least one speech, Ald. Collart's proposal was rejected, only Ald. Collart, Ald. Pullen and Ald. Linzey voting in its favor while the rest of the council was opposed.

Later in the meeting, Ald. Collart gave notice that he would make a motion at the next meeting of the council instructing the city engineer to improve the ground back of the present jail garden with a view to planting shrubbery therein.

The bone of contention was introduced with the reading of a letter from the chief of police in which it was stated that not only had the police been responsible for the improvement of the grounds this year but that great credit was due to W. H. Sherman sr. for having supervised the work. The city treasurer and city engineer had also co-operated.

## Card of Thanks

Mrs. A. Wilson and Mrs. Enockson wish to thank all those who so kindly extended sympathy and sent flowers on the occasion of the death of A. Wilson at Metlakatla recently.

## RENOUNCE RELIGION

Catholicism Rejected in Spain; "No State Religion Exists"

MADRID, Spain, Oct. 14.—The National Assembly of Spain yesterday rejected the Catholic religion as the religion of Spain and approved Article Three of the Republican constitution which states that "no state religion exists."

## TURN BACK PROCEEDS

Gyro and Rotary Clubs Give Up Proceeds for Fair Concessions

The Prince Rupert Gyro Club, at its regular monthly business luncheon yesterday decided to turn back to the Fair Board, to assist the latter body in liquidating its deficit of at least \$200 on this year's operations, proceeds of \$178.54 which had been turned over to the club as its share of profits on the operation of concessions at the Prince Rupert Exhibition this year. The Rotary Club has also decided to turn back a similar amount. Concessions were operated by the two service clubs on the basis of fifty per cent of the profits for the Fair Board and 25 per cent each for the Rotary and Gyro Clubs.

The Gyro Club heard a report from H. D. Barrett, delegate to the district convention at Vancouver last August. It was revealed in the course of Mr. Barrett's report that L. W. Waugh, past president of the local club had been offered the post of lieutenant governor for the district embracing the province of British Columbia and state of Washington. Mr. Waugh had, however, been unable to accept the honor, principally for the reason that he would not be able to give the time demanded by the office and its duties.

Internal affairs of the club also came in for discussion at the luncheon, which was presided over by the president, C. C. Mills.

## NOBLE STAR WINS RACE

NEWMARKET, Eng., Oct. 14.—F. H. Cundall's Noble Star won the Cesarewitch Stakes today. Six Wheeler was second and Son of Mint third. Twenty-six horses ran.

## NO ACTION IS TAKEN

Minister of Public Works Can Take No Official Action in Regard to Longshoring Here

Hon. R. W. Bruhn, provincial minister of public works, had a letter before the city council last night in which he stated that it would seem improper for him to act in an official capacity in regard to the proposal that governmental pressure be brought to bear on the Canadian Pacific Steamship service with a view to having longshoremen more extensively employed in the handling of freight to and from C.P.R. boats on the government wharf here. Mr. Bruhn stated, however, that he appreciated the situation with regard to the local longshoremen and he would endeavor to discuss the matter unofficially with the officials of the company. The letter was filed.

The council was also in receipt of a communication from the local longshoremen's union expressing appreciation for the action the council had taken with a view to bringing about increased employment for longshoremen here. Complaint had been made by the union that boats of the C.P.R. and Union fleets used members of their own crews for handling freight at the expense of local longshoremen who were in need of all the work they could obtain.

## Is Being Taken North for Trial on Theft Charge

C. E. Finch, who was arrested in Vancouver on a warrant from Premier, where he is to be charged with theft of money, is being taken north aboard the steamer Prince Rupert today and will take preliminary trial at Premier. Provincial Constable Potterton will take him on to Premier. Finch is alleged to have kept for his own uses money that he collected for photographic work. His operations, it is alleged, have extended over a period starting February of last year.

## Today's Wheat

VANCOUVER, Oct. 14:—Wheat was quoted at 55½¢ on the local exchange today.

## City Council Learns That It May Pay 40c Per Hour Here On Unemployment Relief

It was revealed during a discussion of great length at last night's meeting of the city council that the city is at liberty, if it so desires and if federal regulations are not conflicted with, to base the rate of pay on municipal unemployment relief work at 40c per hour for common labor with rates for other classes of work on a corresponding scale. Approving the rate of 40c per hour, the council adopted a scale of pay to be submitted to the government for approval. This scale provides for relief work wages at about two-thirds of the regular wage scale here for labor. Unemployment relief wages had heretofore been based on a scale of \$2.85 for common labor.

## RAIL BOARD TO SIT HERE

Commissioners and Party Will Arrive by Train Tomorrow Afternoon

This was but one of many phases of unemployment relief work which the council discussed in a debate of over an hour.

Another decision was to have a special committee appointed to go into the whole problem of unemployment relief work, more particularly to devise plans whereby the \$100,000 available locally for relief work should be most effectively spread out over the period of need. It was also left in the hands of this special committee to check up on the validity and necessity of relief work being allowed in each individual case. Information will be gathered and handed over to the city public works department for its guidance in giving employment of this kind.

City Engineer Good stated that there were at present 150 men engaged in municipal unemployment relief work. It would hardly be possible to use more than 200 men at one time on the program which had been settled upon. With the \$100,000, it would be possible to employ 175 men for six months on full time. There were so far 316 men registered as being married and in need of relief work.

The motion that a special committee be appointed to review the whole situation as respects unemployment relief work was moved by Alderman Rudderham, seconded by Alderman McCutcheon and passed after lengthy discussion.

During the course of the discussion Mayor Orme stated that no reply had been received from the government to the request sent from here that there be a six-hour instead of an eight-hour work day.

No action was taken on a resolution from the municipality of Burnaby urging that the whole cost of labor on unemployment relief work be borne by the Dominion because, first, unemployment was a national problem, and the Dominion was in the best position to relieve it on the basis of equitable taxation.

## Halibut Landings

Summary  
American: 106,500 pounds, 10.8c and 4c to 12.4c and 4c.  
Canadian: 8,500 pounds, 10.6c and 3c and 11.5c and 3c.  
American  
Lindy, 44,000, Booth, 10.8c and 4c.  
Eclipse, 35,000, Cold Storage; 11.7c and 4c.  
Tahoma, 4,000, Cold Storage, 12.3c and 4c.  
Bonanza, 5,500, Cold Storage, 12.3c and 4c.  
Hi Gill, 10,000, and Pierce, 8,000, Royal, 12.4c and 4c.  
Canadian  
Vera Beatrice, 4,500, Atlin, 11.5c and 3c.  
Eric Boy, 4,000, Booth, 10.6c and 3c.

Mr. Justice C. P. Fullerton, chief commissioner, and J. A. Stoneham, member of the Board of Railway Commissioners, accompanied by the official staff will arrive in the city tomorrow afternoon in the special car Acadia, attached to the regular passenger train, and later in the day will hold a session here for the purpose of hearing an application of the city of Prince Rupert for permission to build a level crossing over the Canadian National Railway tracks near the dry dock leading to the new fisherman's floats here. The party will proceed south on the steamer Prince Rupert tomorrow night.

Mr. Justice Fullerton is being accompanied by his wife and daughter.

## Double Shift Discontinued; Single Is On

At the suggestion of Ald. Rudderham, the city council decided last night to discontinue double shift on certain sewer construction work and proceed until completion with one shift daily. Shortening of days makes necessary the discontinuing of the double shift.

## City Council to Finance \$85,000 of Improvements

The city council last night put through initial readings thirty-one local improvement debenture bylaws providing for the financing of concrete, asphaltic and cinder sidewalks as well as sewers in various parts of the city, the aggregate of the various issues being \$85,000.

A special meeting of the council will be held tomorrow to finally consider and adopt the bylaws.

\*\*\*\*\*  
+ GEORGE NICKERSON +  
+ IS NOT RUNNING +  
+ "I am not running," declared G. W. Nickerson this afternoon when inquiry was made of him in regard to the rumor that he would be a candidate for mayor at the civic election next January. So far, no candidate has been mentioned definitely as a possible opponent to Mayor Cyril H. Orme, who has intimated that he will consent to seek re-election.

**TUNNEY VISITS RUSSIA.**

Recently Gene Tunney, retired world champion boxer, visited Russia and he has written about what he saw and heard there. He was much impressed but not as favorably as he expected to be. He still thinks that we have much to learn from that country and that possibly a half-way policy between the individualism of the United States and the communism of Russia would be the better way.

On reaching the border Mr. Tunney had to accept two Russian roubles for one dollar, and the roubles could have been purchased anywhere else outside of Russia at about five cents each. But these were not allowed to be taken in. To be exact, the roubles cost about fifty cents and had a purchasing power of about six cents. Printed matter was carefully scanned and no chances were taken by the officials of any anti-soviet propaganda getting past.

Public speakers are encouraged in Russia, according to Tunney, but the only subject on which they may speak is Communism or Atheism. To these they must be favorable. None others are tolerated. Public speakers are designated by the Soviet and they must not deviate from the text which has already been submitted to the authorities.

In almost all public places radio loud speakers blare forth continually propaganda in favor of communism and atheism. Day after day they warn the Russian people of the menace of Christianity, of the plottings of capitalists, of other countries to overthrow the Soviet regime, and of the success of the Five-Year Plan and what it means to the workers.

At the theatres the pictures or plays have but one theme, the triumph of the worker over the boss and the priest. In the community houses news bulletins tell of the plottings against the soviet, and of the uprisings of workers in capitalistic countries. A visitor from England, America or France is sure to be amazed at the condition in his own country as related to the Russians. In those countries workers are slaughtered, they are rising, they are marching against the government preparing to take over the administration in the name of the International.

The newspapers deal with similar topics. The real news of the day as we understand it is ignored. Athletics and sport are eliminated, great feats such as Lindbergh's flight are dealt with in two or three lines. Even foreign correspondence is censored. If telegraphed it is censored in the telegraph office, but if mailed an offensive despatch published abroad means punishment for the correspondent.

Mr. Tunney also tells of the splendid demonstration in Red Square on May Day, of the enthusiasm of the crowd, of the secret police, of the sacrilegious destruction of the works of art and church relics, and finally of the stability of the present state. He says: "Where formerly the peasant, the worker, genuflected and doffed his cap obsequiously, he now looks any man in the eye and feels his equality. There are in Russia today 30,000,000 men and women under the age of twentyseven who know nothing of politics except Communism, and nothing of religion except atheism. That's building for the future."

In his conclusion Tunney says: "I do not believe that there ever will be a return of the inequalities that the Soviet government has exterminated. I see our governments of the future borrowing liberally from Communism—not from its culture or ideas on religion, but from its political and economic philosophies."

**NORTHERN B. C. NEWS**

**TERRACE**

Bishop Rix arrived on Saturday and conducted service on Sunday morning at the Anglican church, there being a crowded attendance. It was a thanksgiving service and the Bishop, who spoke from St. John XIV, called attention to the many things for which thanks should be rendered.

Mr. Porritt, representing the Sun Life Assurance Company, was a business visitor during the week and was a guest at the Philbert Hotel.

Norman Watt, government agent at Prince Rupert, was a visitor on business to Terrace and Kalum Lake on Friday. He returned on Sunday to the coast, taking with him a nice lot of wild ducks.

The Women's Institute has decided to remain inactive for a few months. No successor has been chosen to Mrs. McCarthy for her presidency. Mrs. Ross undertaking to take charge of affairs of urgency until the next meeting.

Fred Nash, with a party of helpers, is in the Kitwanga district carrying out a survey for road location work.

Mrs. Lafear, Miss French and Miss Margaret Lanfear left Terrace for England on Saturday. A large number of residents turned out to bid them goodbye and to wish them a pleasant journey. After sixteen years in Terrace, during which time they developed a wide connection for the sale of their farm products and as hostesses to numerous visitors, they have decided to locate in England once more. Several informal functions were held at the homes of their friends in connection with their departure, and the music pupils of Miss French showed their appreciation by a very appropriate presentation.

Thanksgiving service was held on Sunday in the United Church. Rev. H. T. Allen was the preacher.

J. Bruce Johnston arrived from the coast on Saturday and proceeded to his hotel at Lakelse.

A. McGillivray has taken charge of the Usk Hotel during the absence of Tom Shackleton, who has gone south.

P. Merkley has entered into occupation of the Lanfear and French Hill Crest farm.

B. H. Symms paid a visit to Usk during the week-end.

The work of preparing the camps for the relief workers between Usk and Cedarvale is proceeding at a good pace and the camps will soon be in full operation.

Miss McCubbin of Pacific is staying with Mrs. T. J. Marsh in order to attend High School here.

Fred Bishop expects to open his new picture hall at the week-end and is planning a surprise for his patrons.

Capt. J. B. Colthurst has received many cordial welcomes on his return to his Terrace farm for a time. Since he was last here he made a trip to South America, arriving there just when the Prince of Wales was visiting the southern continent.

Alex Kerr's crew is now complete and work is progressing on the new road to the Lakelse Hot Springs.

**ALICE ARM**

The telephone rate between Alice Arm and Anyox over the Dominion Telegraph Lines has been reduced from 50c to 25c.

A good deal of new building is going on in Alice Arm. Among those engaged in building more or less pretentious structures are W. B. Bower, A. McGuire, T. Calfa, P. Morley and B. Turbitt.

Norman Fraser of Prince Rupert, Angus McDonald of Vancouver and Alderman Robert Fenton of New Westminster, directors of the Esperanza Mines Ltd., paid a visit of inspection to the property last week. It is hoped that definite plans for future operations will soon be decided upon.

The Government Telegraphs line

between Alice Arm and Anyox, now in better shape than ever before as a result of extensive improvements made during the past season.

C. W. Homer, provincial assessor, Prince Rupert, spent a few days here last week on official business.

A. Davidson, who has been doing considerable development on the Summit property, spent a few days in town during the week. He is now engaged in developing some of his other properties in the upper Kitwanga country.

The Alice Arm Athletic Association held a successful card party at the club house last Friday evening.

**VANDERHOOF**

Three unemployment relief camps are now in operation in this district and much needed employment is being given to settlers. In all some 120 men are being given work.

Patrick Uddy Mulville, well known resident of Grassy Plains, was killed on Friday last about noon in a motor accident on the Francois Lake road about six miles south of Burne Lake. Mr. Mulville accompanied A. M. Manson M.L.A. on a recent tour of Omineca mining.

The clerical staff of the public works department is now quartered in commodious new offices here. There is a main office and a pri-

vate one for the general road foreman.

Rev. Charles A. Hinchliffe of Burns Lake officiated at services in Vanderhoof on Sunday morning and at Chilco in the evening.

J. M. Johnston motored last week on a business trip to Vancouver.

The board of village commissioners has awarded the contract to Merrill Averill to construct two pieces of new sidewalk on Burrard Avenue.

Miss Ena P. Campbell R.N. has returned to her home here after having been engaged in special nursing at the Vancouver General Hospital.

**PRINCE GEORGE**

William Fraser, who is at present employed as accountant in the provincial department of public works office here, has been appointed city clerk to succeed V. R. Clerihue, resigned. Mr. Fraser will take over his new duties on November 1.

The basketball season opened last Friday night with games in the Ritz-Kifer Hall. The players seem to be in good shape for a start, and keen play is expected during the coming winter.

**STEWART**

Rev. Father E. M. Leray, O.M.I., has received word that he may be transferred to Smithers. He left for Prince Rupert Monday night.

Thomas S. MacKay of Premier has been elected a member of the Stewart Board of Trade.

**GRATIFYING  
 INCREASE IN  
 CIRCULATION**

New System of Collection Is Appreciated by Large Number of Local People

In spite of the hard times The Daily News has made a considerable advance in its circulation during the past month. This has been partly due to the ten-cents-a-week system of collection by the boys, and partly to the high standard that has been maintained by the paper when others were cutting down. In fact the management was hardly aware that so many local people were not already taking the paper. This increase in circulation is of great advantage to local advertisers, who are now able to cover the whole city through its advertising. Since the boys have taken over the collection they have found most people very ready to co-operate and glad of the opportunity of paying to them instead of to the office. Those who did not wish to pay weekly have continued to call at the office and the office pays the boys. But as soon as the subscription expires the boys call and the paper is stopped if not paid. The boys are the merchants handling the paper and they are the losers if the subscribers do not pay. They cannot afford to take chances, so they cannot deliver the paper unless it is paid for.

**WELL KNOWN ANYOX  
 COUPLE ARE WEDDED**

ANYOX, Oct. 14.—The marriage of Miss Mary McGuire and James Donaldson, well known local couple, took place here on Saturday.

Subscribers who have been in the habit of paying at the office and who wish to change will be doing the boys a favor if they will have their money ready when they call. If they wish to continue paying at the office they must pay in advance. It is very encouraging to feel that

**Eczema  
 Hemorrhoids  
 Irritations**

Because it does positively relieve the itching almost as soon as applied and effects a healthful healing of the skin, Dr. Chase's Ointment is a most satisfactory treatment for Eczema, Hemorrhoids or Piles and all Irritations of the skin. Fifty years of success.

**Dr. Chase's  
 OINTMENT**

during a difficult period such as that through which we are passing, people of the city continue to appreciate their daily newspaper. It has become necessary to them as the recent considerable increase in circulation shows.

**WELL KNOWN ANYOX  
 COUPLE ARE WEDDED**

ANYOX, Oct. 14.—The marriage of Miss Mary McGuire and James Donaldson, well known local couple, took place here on Saturday.

Subscribers who have been in the habit of paying at the office and who wish to change will be doing the boys a favor if they will have their money ready when they call. If they wish to continue paying at the office they must pay in advance. It is very encouraging to feel that

*there's  
 where, it  
 washes better*

**ABC  
 WASHER**

**YOU can see for yourself why  
 the NORTHERN ELECTRIC  
 ABC Washer does your washing  
 with greater speed and thoroughness  
 than other machines of equal capacity.**

The agitator, which churns the washing, has six large fins . . . more than any other washer. Each one gives a strong impulse . . . a total of six hundred impulses per minute . . . which drives the soapy water through the fabrics with tremendous force.

The fins are so perfectly rounded and polished that they cannot exert any wear on the garments. Even the agitator edge . . . sunk below the tub level and held rigid by two anti-tilt bearings . . . cannot catch or damage the fabrics.

There are other reasons, too, for the efficiency of the ABC Northern Electric has thoroughly tested all the parts and qualities of this made-in-Canada washer before awarding it the Northern Electric "SEAL OF APPROVAL" which assures you of its great merit.

The Northern Electric-ABC Washer may be purchased on special long term arrangements—\$5.00 down and the balance spread comfortably over two years.

**PAY FOR YOUR WASHER AS IT  
 PAYS FOR ITSELF**

**Northern British Columbia  
 Power Company Ltd.**

Go today to any of the retail stores listed here and see for yourself the remarkable efficiency of this and the other Northern Electric Approved Appliances illustrated above.

Prince Rupert Ratepayers' Association meeting, city council chamber, Thursday, 8 p.m. (11)

Mr. and Mrs. Elsmore of Anyox are paying a brief visit to the city, having arrived yesterday morning on the Catala from the smelter town.

John McGlashan of Cassiar Cannery arrived in the city on yesterday afternoon's train from the Skeena River for a brief visit to town.

Miss M. Maguire, who arrived in the city yesterday morning on the Catala from Anyox, left on this morning's train for Montreal where she will embark on October 23 on board the steamer Athenia for Glasgow.

We have just moved into our new premises at the corner of Third Avenue and McBride Street, where we hope for a continuation of past patronage and to win new friends. Our phone number is 311.  
GORDON'S HARDWARE. (239)

Miss M. Hebben R.N., who has been relieving on the nursing staff of the Prince Rupert General Hospital during the past summer, is sailing this afternoon on the Princess Louise for Vancouver whence she will proceed by train to her home in Toronto.

C. P. R. steamer Princess Louise, Capt. Arthur Slater, is due in port at 3:15 this afternoon from Skagway and other Alaska points and will sail at 4:45 for Vancouver and Victoria. It will be the final call this season of the Princess Louise which is to be replaced for the winter on the Alaska route by the steamer Princess Norah.

Recommendations from the finance committee that lots 34 and 35, block 6, section 7 (Hays Cove Circle) be sold to E. Svendsen for \$82 and that lot 16, block 26, section 8 (Eleventh Avenue East of Alfred Street) be sold to John Haapala for \$40 were adopted by the city council at last night's meeting. Ald. Collart, chairman of the finance committee, explained that the offers in each case covered delinquent taxes.

**CANADIAN GENERAL ELECTRIC CO. LIMITED**

Dance to snappy orchestra at the Gyro Hoedown Friday, October 16, Moose Hall.

Harry Thrupp of the C. N. R. division freight office returned to the city on the Prince Rupert this morning from a brief trip to Ocean Falls on official business.

Ald. James Black referred at last night's meeting of the city council to the necessity of certain improvements being made on the road near the corner of Eleventh Street and Water Street. The matter was being dealt with by the board of works, Ald. Rudderham stated.

Northland Navigation Co.'s motorship liner Northland, Capt. Len Williams, arrived in port at 10:30 last night from Ketchikan and, after discharging five carloads of frozen fish for transshipment over the Canadian National Railways to the United States, sailed this morning for Vancouver and Seattle.

A communication from Col. J. C. Brown, Pacific Coast manager of Canadian National Steamships, at last night's city council meeting confirmed the already published announcement that as far as possible annual overhaul and repairs will be made during the coming winter to the smaller of the ships of the coast fleet including the trimmers Prince George and Prince Rupert.

The city council last night adopted a recommendation from the finance committee that \$2000 of Prince Rupert city bonds due April 1, 1932, be taken over from Tempsman Lodge A. F. & A. M. at par. The money is required by the lodge in connection with the building of the new Temple on Sixth Avenue East. The city is the gainer on the deal insofar as the bonds can be taken up in Canadian funds instead of having to pay exchange in New York.

Mrs. W. T. Kergin, who has been visiting for the past few weeks in Calgary and Vancouver, returned home on the Prince Rupert this morning.

Arthur Brooksbank, who has been on a vacation trip to Vancouver and elsewhere in the south, returned to the city on the Prince Rupert this morning.

Mrs. M. A. Dupuis of Haysport arrived in the city on yesterday afternoon's train from the Skeena River for a brief business visit to town.

A request from Thomas McClymont that title of lot 8, block 24, section 5, which he had purchased from the city in his capacity as agent, be conveyed to Margaret Cornish was complied with by the city council at its meeting last night.

Ald. Collart mentioned at last night's city council meeting the necessity of a sidewalk being built on Biggar Place between Borden Street and Third Avenue. The way things were at present the safety of pedestrians was menaced. Ald. Collart felt. The board of works is going into the matter.

R. W. Hannington, Canadian National solicitor with headquarters in Winnipeg, arrived in the city on the Prince Rupert this morning from Vancouver. He is here to attend the session of the Board of Railway Commissioners here tomorrow and will sail tomorrow night on his return south.

A meeting of Hill Sixty Chapter, I. O. D. E. was held last night at the home of Mrs. Max Heilbronner, Third Avenue. There was a good attendance of members and Mrs. J. W. McAnlev, vice-regent, was in the chair in the absence of Mrs. H. B. Rochester, regent. Business had principally to do with the forthcoming Hallowe'en bridge party and dance.

Bert Woods of the C.N.R. staff returned to the city on yesterday afternoon's train from a brief week-end trip to Smithers.

J. Lamby of the Falls River powerhouse engineering staff arrived in the city on yesterday afternoon's train for a brief visit to his home here.

tion bylaw covering the proposed rough grading and macadamizing of Eighth Avenue from Hays Cove Avenue to Immanuel Street was finally reconsidered and adopted at last night's meeting of the city council.

# REVIVAL OF BASKETBALL INTEREST HERE INDICATED

## SPORT CHAT

The last decade, and more especially the last six years, has seen an astounding advance in the growth of badminton in Canada, and the game now enjoys a place in the front rank among pastimes played by Canadians. Clear across Canada the game has swept on a wave of widespread popularity until now courts are to be found in every part of the Dominion, and one has only to witness the activity around any one of our clubs to be convinced that the game holds exceptional merit.

That the game has been established on a firm foundation is clearly evidenced by the investment of hundreds of thousands of dollars which Canadians have made in the past few years in the very fine clubs which have sprung up all over the Dominion. Every year sees the erection of splendid buildings as headquarters for the game in the cities of every province, while church halls, gymnasiums, public buildings, etc., are being pressed into service for badminton courts in each town or city.

During the first few years of the rapid development of the game the idea existed in the minds of many that the sudden enthusiasm which was being shown would soon wane and badminton would fade away into the discard where so many of our games have gone after experiencing one or two hectic years in public favor. However, the sustained increase in interest and enthusiasm for the game which is evident year after year has dispelled this thought completely from the minds of the doubting Thomases, and it must, to say the least, indeed be gratifying to the many original players whose interest in the game in the early days is responsible to a large degree for the very flourishing condition reached by the game today. Unlike many of our present day sports, no ballyhoo has been necessary to establish this fine game which has literally sold itself to Canadians.

A carrier pigeon with a gold ring on each leg was noted by a naturalist near Grimsby a few days ago.—Hamilton Spectator.

## Record Attendance Last Night at Annual Hoop Association Meet; J. W. Plommer Is Named President

The annual meeting of the Prince Rupert Basketball Association was held in the City Hall last evening and, in view of the record attendance present there is every indication that basketball will get off to a good start this season. The members of the new executive are as follows:

- Honorary president, Mayor C. H. Orme.
- Honorary vice-president, Alderman S. D. Macdonald.
- First vice-president, J. H. Pillsbury.
- President, J. W. Plommer.
- Secretary, Harold Macdonald.
- Treasurer, Joe Scott.

A discussion was held as to whether the auditorium or the Exhibition Hall would be available, this matter to be decided at the next executive meeting.

A Junior League is to be formed, with Jack Campbell taking entries for all boys wishing to play, and also a ladies' league with Joe Scott obtaining the names of all girls wishing to enter.

These entries must be made before the next executive meeting, which is to be held next Wednesday.

## Geoff Woodall Is Winner in Bowling Match

Geoffrey Woodall of this city, who is at present visiting in Vancouver, defeated E. Chester of Vancouver by a score of 1010 to 870 in a special bowling match arranged by the Canadian National Recreation Association of Vancouver. Woodall's average for the game was 202 and Chester's 870.

Chester was chosen to bowl against Woodall, but the latter was too good, Woodall had not bowled for three years prior to his visit to Vancouver. He will be returning here next week.

Alfonso has issued another denial that he gave up the Spanish throne.—Halifax Mail.

## CRIBBAGE STARTS

Elks, Grotto, Moose and Seal Cove Win Their Games

## NEWS OF THE MINES AROUND PRINCE RUPERT

R. W. Wilson Visits Smithers District—Interior Trail to Help Mining Men—New Ore Zone on Woodbine

R. W. Wilson of Great Falls, Montana, has just spent a week's visit at Smithers in order to inspect progress of development work being conducted on mining properties in which he is interested in that district. The company of which Mr. Wilson is one of the outstanding principals has secured working arrangements on several properties on the northerly slope of Hudson Bay Mountain, a few miles west of Smithers, and exploration work has been in progress on them for some considerable time. Mr. Wilson stated that work being carried on by a small force would continue for some time. At present no effort is being made to open up several promising showings already disclosed on the properties, but all attention is being directed toward further exploration of surface showings in order to arrive at an estimate of tonnage in the several vein systems. General satisfaction was expressed by Mr. Wilson in regard to the ore already uncovered, but the work is to continue in an effort to rate the showings on the several groups on which work is being carried out over a wide area. Mr. Wilson is very optimistic as to an early revival of silver prices and believes that within ninety days international arrangements will have been concluded for the stabilization or remonetization of this metal. It is in full confidence of this comeback that his company is carrying out extensive exploration on a large number of silver properties. The Schufer property, the Jessie group and other properties on the slope up from Lake Kathlyn are all involved in the operations being conducted by the Wilson interests. Work has been under way for many months and some fine samples have been taken as a result of exploration conducted on the surface of the various holdings.

A trail which is to be put in by the Forest Branch from Dennis Lake near the Dutlie mine, to come out to the railway near Terrace, will be of considerable importance to

## United Church Young People Hold Meeting

The Young People's Society of the First United Church held its regular fortnightly meeting last evening in the church parlors, with twenty-six members present.

Following the business of the evening some interesting talks were given by some members on how they spent their summer holidays.

Games were then played and the meeting came to a close with the serving of hot dogs and coffee.

Half the cigars now made in Canada have imported wrappers. This does not mean the cellophane wrappers.—Montreal Gazette.

### Standards of Excellence

The name "Black & White" on a bottle of whisky is as absolute a guarantee as the hall-mark on silver. It assures that subtle difference in flavour and quality which distinguishes this whisky from all others. It guarantees that only the finest materials have been used and that always everywhere the quality is the same.

## "BLACK & WHITE" SCOTCH WHISKY

For sale at Vendors or direct from Liquor Control Board, Mail Order Dept., Victoria, B.C.

20 for 25c.  
—and in flat tins of fifty and one hundred.

## The RECORD SPEAKS for ITSELF

In opening the Canadian National Exhibition at Toronto on Friday, August 28, Earl Jellicoe said: "Over a period of 52 years, the population of Canada has increased by 6,000,000; the revenue of the Government from \$22,000,000 to \$460,000,000 and the value of her trade from \$169,000,000 to \$2,400,000,000. In the same time, her manufactures have increased ten-fold and her crop acreage three-fold. This remarkable record encourages a feeling of optimism for the future."

Earl Jellicoe also made the following reference: "Canada's record growth constitutes an achievement of world importance and stands as a challenge to future progress. This phenomenal growth is the direct result of that splendid courage and determination which the people of Canada showed so strikingly from 1914-1918!"

The record for public favour which is held by Turret Cigarettes is the natural outcome of quality consistently maintained throughout the years. After all, nothing can replace good, honest tobacco; grown and ripened right out in the field under nature's own sunlight—nothing artificial about that—and the high quality is "inbred".

## 1932 Atwater Kent Radio Soon To Be Displayed

Golden Value Models Finest Ever Produced

The new Atwater Kent golden value models, which will be fully announced directly will be distinguished by new low prices for this famous line of radios and will embody many new features and refinements.

Exhaustive experiments and tests were conducted before the new models were considered perfect enough to go into production.

The new advanced superheterodyne circuit will be included in all the 1932 models which will give them a knife-like selectivity that shuts out the unwanted station as if it were silent. Quick-vision dial, finger-tip action station selector and automatic volume control are other valuable features of the new Atwater Kent models.

Cabinets of pleasing symmetry, emphasized by exceptional beauty of design, are finished in genuine No-Mar, and are manufactured by Malcolm & Hill, well-known makers of No-Mar furniture.

Atwater Kent golden value models include two small compact—powerful little sets that offer big radio performance in space-saving form. There are also four Console models and a new radio-phonograph combination. The complete range thus offers B.C. buyers a wide selection to meet all tastes and purses.

The new Atwater Kent radio sets will be on display at the showrooms of prominent dealers throughout the province shortly.

Discriminating prospective purchasers are awaiting the appearance of this new line before buying.

## Adorable Children!

Don't let them be handicapped by poor health.

Baby's Own Tablets are the perfect laxative for children. They are a safe and simple remedy for colds, simple fever, coated tongue, loss of appetite, constipation, indigestion, etc.

Mothers, see that you have Baby's Own Tablets in the house always! 25 cents per package at any druggist's.

## Condition of Asphalt Walk

Matter Referred to Board of Works—Engineer Says Repairs Will Not Be Costly

The question of the condition of the new asphaltic sidewalk on the north side of Second Avenue between Sixth and Seventh Streets was discussed at last night's meeting of the city council and referred to the Board of Works for action. The condition of this sidewalk had been complained about by H. B. Rochester and Wilfrid Gratton. Making of necessary repairs would involve but a small expenditure City Engineer Good stated.

## LIGHTING OF FISH FLOATS

Reason of Delay Is Explained—Railway Commission Here This Week

Alderman S. D. Macdonald explained at last night's meeting of the city council why the new fishermen's floats had been made some time ago whereby the federal government would carry out the necessary installations while the city provided the light free of charge. There had been some misunderstanding as to just how far the government was to carry the light and, because of this, nothing had yet been done. The council agreed that the mayor should get in touch with the department by wire, urging the advisability of having the work carried out at once.

The council also received notification from the Board of Railway Commissioners that that tribunal would hold a session here on Thursday morning of this week in connection with the application for a level crossing for a roadway to lead to the floats. There had been no opposition entered against the proposed crossing.

William Blackstock, construction foreman for the Government Telegraphs, arrived in the city from Hazelton on yesterday afternoon's train.

Wednesday & Thursday TWO SHOWS -- 7 & 9 P.M. Feature starts 7:40 and 9:40 THURS. MATINEE at 2:30 Feature Starts 3:10—15c & 40c

## Harvest Festival Sale Is Success

Many Articles Auctioned Off at Salvation Army Citadel and Goodly Sum Realized

Articles donated in connection with the harvest thanksgiving festival of the Salvation Army were auctioned off at the Citadel last night and a goodly sum was realized as a result of the sale. There was quite a large crowd in attendance and all articles offered were readily disposed of.

Capt. Steele and Lieut. Coxson were in charge of the evening's proceedings and the auction was conducted by G. M. Hunt.

The winner of a prize for the best decorated basket was Miss Elva Williams. Three strangers from the audience acted as judges. Refreshments were sold in the form of ice cream and fruit.

## Young People's Society Meets

Mrs. J. R. Morison Gave Interesting Address Last Night Before Presbyterian Church Body

The Young People's Society of the First Presbyterian Church, at its monthly devotional meeting last night, heard a highly interesting talk by Mrs. J. R. Morison on the topic of "Character Building." For several years Mrs. Morison was a Presbyterian Church welfare worker in New York. She was able to give many interesting incidents and side-lights to illustrate her remarks.

After the address games were enjoyed and refreshments were served. President E. J. Smith was in the chair and forty-two members were present. The program was in charge of Miss Edith Kergin, Miss Jean Ritchie, Tom Marshall and Garfield McKinley.

What keeps her so fresh?—WRIGLEY'S. She knows that if you keep your mouth fresh, you feel fresh. The pure, cool flavor of WRIGLEY'S Chewing Gum refreshes the mouth as nothing else can.

## Ministers Are Non-Committal

Local Messages Regarding Peace River Outlet Are Given Curt Acknowledgment

Letters were read at last night's meeting of the city council from Premier Tolmie and the federal ministers of trade and commerce and railways acknowledging telegrams from the city protesting at the proposal to extend the Pacific Great Eastern Railway instead of providing the Peace River country with an adequate Pacific Coast outlet. There was merely the brief acknowledgment of the local message in each case with no other remarks.

## Lady Clerk to be Added to Staff at the City Hall

A recommendation from the finance committee that a lady clerk be added to the city treasurer's staff for a period of not longer than three months at a salary not to exceed \$75 was adopted by the city council at its meeting last night.

It was explained that the extra help was needed in getting out the assessment roll. Mr. Allstone had been ill of late and a clerk from the treasurer's department was being drafted to the engineer's department, the stenographer of which was going on a month's vacation soon.

As far as possible, men employed on unemployment relief work in the city are being placed on the work most convenient to their homes. City Engineer F. N. Good stated at last night's meeting of the city council in answer to a question from Ald. Theo Collart.

## Poses as Stranger When His Victim is Found Dead

## Finger Print Betrays Him

A man was seen running towards a motor car which had crashed into a tree in a park in London. He told the police he was hurrying to give assistance to a man in the car who later was found to be dead.

The police arrested him on suspicion. They took his finger prints. He was a well known automobile thief. Then the police searched the car for finger prints and found one on the driving wheel. It corresponded with the thief's. The dead man had been a victim of careless driving on the part of the crook, who was held without bail by a coroner's jury on a charge of manslaughter.

## Your Danger Prints on Foods

You may be surprised to learn that your finger prints are just as dangerous to you—in another way. Not through crime because you are not a criminal—but through disease germs—many kinds of them.

Your fingers pick up germs all day long from things which other hands have touched. These other hands may have checked a cough or a sneeze and so become covered with germs. Then when you touch some article of food your fingers leave on it these germs which enter your mouth and so attack your system. Life Extension Institute has shown that germs of 27 diseases—some very deadly—may be passed around in this way—among them, "flu" and colds.

Laboratory tests proved it killed even virulent germs when other soap had no effect on them. Think what a service this is to find in a soap—especially how important for children who are even more thoughtless about what they touch than adults. Yet Lifebuoy is a pleasant—a delightful soap to use.

Brings Beauty Aid

With two fine palm oils as its base, Lifebuoy is also a beauty soap, its creamy, luxurious lather brings health and beauty to the complexion as well as safety from germs. Why not take advantage of both these important factors? Millions all over the world do every day. You will note a refreshing scent of safety—not a perfume—in Lifebuoy, which vanishes soon after use.

For freedom from body odour trust to the refreshing Lifebuoy bath. For protection from germs—a great service—keep a cake of Lifebuoy always on the wash basin. Teach the children to wash regularly with Lifebuoy. It is the Health Soap for all the family. Get a supply from your dealer today.

Lever Brothers Limited, Toronto

## The Pleasant Way to Safety

These germs must be removed from your hands many times a day—and always before meals. Germs are stubborn things—they resist heat and cold—but one thing they cannot resist—and that is the germicide in Lifebuoy Soap.

Stops Body Odour
