

PREMIER BENNETT PRESENTS BUDGET

NEW ZEALAND CUTS CANADA OFF PREFERENTIAL TARIFF

Southern Dominion Has Taken Action Because No Agreement Reached

Stevens Says It Is Only Temporary Expedient and That Advantages Will Be Restored to Canadian Goods Under New Understanding

WELLINGTON, New Zealand, June 1:—The New Zealand government today decided that the entire range of Canadian imports, with the exception of gumboots and certain classes of paper and wire, shall be placed on the general tariff list. This action is taken as a consequence of failure to reach an agreement with Canada regarding reciprocal tariffs.

OTTAWA, June 1:—Hon. H. H. Stevens, minister of trade and commerce, believes that the New Zealand tariff action is only a temporary measure, pending the signing of a new treaty which would replace the advantages of the British preference on Canadian goods.

WEATHER FOR MAY

Only Half Sunshine and Twice Rainfall As Same Month Last Year

Prince Rupert in the month of May this year had only about half as much sunshine as in the same month last year while there was twice as much rain. In the month just ended there was a total precipitation of 8.42 inches as compared with four inches in May, 1930. Sunshine for this May totalled 91.1 hours as against 183.4 hours.

So far this year there has been a total of 279.5 hours of sunshine as compared with 577.1 hours in the first five months of 1930. Precipitation so far this year has aggregated 48.80 inches as against 28.14 inches in the corresponding period of last year.

The weather summary for May this year, as announced this morning by R. G. Emmerson, Digby Island, Dominion meteorologist, was as follows:

Highest barometer reading, 30.60 on May 19. Lowest barometer reading, 29.59 on May 23. Highest temperature, 71 on May 21. Lowest temperature, 32 on May 19. Mean temperature, 48. Precipitation, 8.42 inches. Sunshine, 91.1 hours.

Forty Men Go Out For Road Work on Far Side of Rapids

A crew of forty men left this morning to be employed on Skeena River highway construction work on the other side of Galloway Rapids. In order to provide work for unemployed, the system of changing crews periodically is being continued.

TROLLERS LOSING MONEY, TYING UP

Low price conditions, it is feared, may force a number of the trollers into port soon. It is declared that they cannot operate under present prices and that they must stop fishing in order that they may not lose money further.

CANADIAN AIR MAIL SERVICES WILL BE ENTIRELY CUT OUT

OTTAWA, June 1:—All air mail services in Canada will be cancelled at an early date. The decision of Premier R. B. Bennett to abandon the services was made known last night. Heavy deficits in postal operations are understood to be the reason for the curtailment.

Halibut Sales

Table with columns for American and Canadian halibut sales, including quantities and prices per pound.

OPEN SALE OF WHEAT

Is Approved By Manitoba Wheat Pool and Goes Into Effect Today. WINNIPEG, June 1:—Open market selling of wheat and other grains has been approved by the Manitoba Wheat Pool and goes into effect today.

Prime Minister of Canada Gives His First Financial Statement To Dominion; Deficit Announced

Revenue For Fiscal Year Ending in March Was \$75,000,000 Less Than Expenditure—Conditions Are Reviewed By Rt. Hon. R. B. Bennett

OTTAWA, June 1:—Before a packed house and crowded galleries, Premier R. B. Bennett today presented his first budget to the House of Commons, announcing a deficit of slightly more than \$75,000,000 for the fiscal year ending March 31. Subscriptions to the recently floated conversion loan were placed at \$627,000,000. Net debt of

FLIGHT IS ABANDONED

Thomas Ash Unable to Take Plane Off With Sufficient Load of Gas For Hop

TOKYO, June 1:—Thomas Ash, for the third time, was forced today to postpone his proposed non-stop trans-Pacific flight and it was then announced that he had abandoned the attempt owing to the plane's failure to perform satisfactorily. He was unable to take the cumbersome machine off with sufficient load of gasoline. The plane in which Ash has been making the attempt to span the Pacific Ocean is the "City of Tacoma," the same machine in which Harold Bromley last year failed to cross the ocean.

Home of Mrs. Paul Aivazoff Is Burglarized

The home of Mrs. P. Aivazoff, 1681 West Twenty-eighth Avenue, Vancouver, was broken into and looted of jewelry and clothing to the value of several hundred dollars, last week.

Canada, the Premier announced, is \$2,280,000,000. Total expenditures are placed at \$440,000,000 with revenues of \$356,000,000. The Premier explained that \$8,000,000 advanced as loans on soldiers' settlement had not been considered in arriving at the deficit.

Reviewing conditions, Premier Bennett stated that customs revenues were down \$48,000,000 and the sales tax was less than half that collected last year. The income tax revenue was up by \$2,000,000 to \$71,000,000. War pensions cost \$55,000,000. Lighthouse and coast services had increased by \$500,000.

No Tariff Changes

Premier Bennett announced that the budget did not provide for general revision of the tariff. Only those items which required to be changed and which would assist in meeting unemployment had been dealt with.

He announced that the government would absorb five cents a bushel on the cost of wheat exported.

Sales Tax Up

Increase of income tax from eight to ten per cent applicable this year on corporations and joint stock companies was announced. The sales tax has been increased from one to four per cent.

To meet the deficit of \$6,000,000 in the postal department, the war tax of one cent is reimposed except on city letters, the new rate being three cents. This is the most important of a number of postal revisions.

The income tax exemption is raised from \$3,000 to \$3,500.

Premier Bennett

Introduces his first budget in House of Commons today.

THREE ARE DROWNED

Powell River Has Picnic Tragedy—Gasboat Upsets in Lake

POWELL RIVER, June 1:—Three residents of Powell River were drowned near Cassiar Point in Powell Lake last evening and three others were rescued after a motorboat, returning from a picnic, capsized.

The dead are Mr. and Mrs. Millert Johnson and Harold Skorberg. Sivert Sivertson and his mother, Mrs. Sivertson, and Gus Calleberg are in hospital suffering from shock after three hours of exposure in the water.

Each generation revolts against its father and makes friends with its grandfather.—Lewis Mumford.

DeHaviland Gypsy Moth Seaplane, First Unit of Local Air Fleet, Is On Way Here From Vancouver

First unit of the aerial fleet of the newly formed Northern British Columbia Airways, a DeHaviland Gypsy moth seaplane equipped with a British DeHaviland engine and with all other up-to-date fittings, piloted by D. Murphy and with Ole Rollag on board as air engineer, hopped off at 7 o'clock this morning from Vancouver for Prince Rupert.

COURT IN SESSION

June Cases Set This Morning—Some Actions Are Disposed of

County Court was in regular session before Judge F. McE. Young this morning for setting of June cases. With the summer vacation starting next month, efforts will be made to clean several of the cases off the docket meantime while others will be held over until September. Cases were set today as follows:

- V. S. Moore vs. J. H. Thomas, settled. Angus McArthur vs. Chatham Sound Fishing & Packing Co., dismissed without costs by consent. L. Huboff vs. N. Veregin et al, stands. J. J. Hepson vs. Mayou Gold Copper Mining Co. Ltd., stands until September. Fred Garner vs. George Bolen, stands until September. Herman Frickman vs. Andrew McDonald, June 19. J. D. Fraser vs. National Airplane Lumber Co., June 12. Tony Hnicila vs. Andy Kontra, dismissed with order that moneys in court be paid to defendant. Steens Ltd. vs. H. G. Helgerson Ltd., date to be fixed. Gus Pekos vs. Killas & Christopher, June 9.

Appeals

Rex vs. Joseph Rose, to be fixed. Rex vs. Christian, to be fixed. One application for naturalization was approved and another was adjourned.

VANCOUVER, June 1 — Wheat was quoted at 56 1/2c. on the local exchange today.

Customs Revenue Shows Decrease

Every month This Year is Down From Last While Aggregate Shows Ninety Per Cent Drop

Customs and excise collections at the port of Prince Rupert for the month of May totalled \$21,574 as compared with \$26,661.01 in the same month last year. For the first five months of this year customs revenue has amounted to \$54,417.80 as against \$99,511.91 for a corresponding period in 1930, every month this year having shown a decrease from last.

Motored Across Continent; Will Visit Simpson

Having motored from Toronto to Hazelton, Stanley Wilson and Miss Margaret Wilson, brother and sister of Mrs. R. G. Large of Port Simpson, arrived in the city from the interior on yesterday afternoon's train. They will pay a visit at Port Simpson and with Dr. and Mrs. Large and will visit elsewhere on the coast.

NO FIRE LOSS HERE IN MAY

Damage So Far This Year Totals 1,388 as Against \$10,355

There was no damage from fire in Prince Rupert during the month of May. There were five alarms during the month, three being for bush fires, one for a smoke scare and one false alarm.

Fire damage in Prince Rupert so far this year has totalled \$1,388 as compared with \$10,355 in the first five months of 1930. There have been a total of 31 alarms this year as compared with 37 in the same period last year.

Police Court Fines Are Lower This Year

Fines collected in city police court during the month of May just ended totalled \$265 as against \$340 in the same month last year. So far this year fines have totalled \$2,533.50 as compared with \$2,878 in the first five months of 1930.

BURDOCK BLOOD BITTERS

Covered With Boils on Arms, Back and Neck

Miss Margaret Higgins, Dymont, Ont., writes: "I was covered with boils on my arms, face and neck. I used plasters and other remedies with no results. My attention was drawn to Burdock Blood Bitters, so I decided to get a bottle. The results were marvellous, as in no time the boils had completely disappeared, and my skin was clearer and fresher than ever."

For sale at all drug and general stores; manufactured for the past 21 years, only by The T. Millbrae Co., Ltd., Toronto, Ont.

DAILY EDITION Monday, June 1, 1931

BRITAIN AND THE EMPIRE

Public opinion in Great Britain does not seem to be wholly in favor of trading within the Empire. The recent trip of the Prince of Wales to Argentine has militated against the Bennett Imperial trade policy. Many newspapers in England argue that it would be unwise to flout a country like Argentine by excluding it from any most favored nation treaty.

The success of the British Empire exposition in the Argentine and the effect of the sending of the Prince of Wales there as a trade emissary, has increased business with that part of the world immensely for the British people, chiefly for England. It is a market that has no such serious competitor as has Canada. This country on account of its nearness to United States is almost bound to do business with that country, whereas there is an even break for all in the Argentine.

It is pointed out by British publications that while a policy of protection may be possible for Great Britain, they do not think the Bennett policy of Empire protection would be feasible at present.

PORT WITH GREAT FUTURE

For year we have been told that this is a port with a great future, but it is pleasant to hear it again. Mabel Steedman, F.R.G.S., writing in "Canada," says that of Prince Rupert after a visit here. Her article is illustrated and tells in a concise form about the port and its fishing business. Beneath an air view of the city, used as the chief picture in the magazine is the caption: "The City of Prince Rupert, the Northern Port of British Columbia," and as a sub-heading: "It has a glorious setting between the sea and the hills, towards which the residential district straggles upwards."

Miss Steedman and "Canada" deserve the thanks of the community for their splendid advertisement of the place.

Betty Nuthall, holder of the American singles title, and P. D. Spence, with whom she has been playing frequently in mixed doubles, whose engagement is expected momentarily.

DEATH OF CARDINAL

His Eminence Felix Raymond Marie Rouleau Passes Away on Sunday

WAS HURT LAST FALL

Was Third Cardinal to be Appointed in Canada—Born in Quebec

QUEBEC, June 1.—Cardinal Raymond Rouleau, Canada's third Cardinal of the Roman Catholic Church, died on Sunday. He had been in ill-health since last summer when he was seriously injured in an automobile accident. He was sixty years old and a native of Quebec.

Like his predecessor, Cardinal Begin, Cardinal Felix Raymond Marie Rouleau was a son of a farmer and his early years were spent in the beautiful country side near the St. Lawrence at Isie Verte. His parents were Felix Rouleau and his wife, Marie Irvine, and he was born on April 6, 1876. As a little boy he gave promise of being a remarkable scholar. He attracted the attention of Canon Rouleau of Rimouski, his uncle, who undertook to superintend his education when the lad was 16 years old.

Naturally young Rouleau gravitated towards the church and after taking the classical course at Rimouski seminary he joined the Dominican Order at St. Hyacinthe in 1896. Six years later he was ordained priest at one of the chief Dominican establishments in Corsica. In 1894 Mgr. Rouleau returned to St. Hyacinthe where he filled various religious posts in a most able manner. His outstanding ability as an orator and organizer was to receive its first important recognition when he was chosen Prior of the Dominican Order in Canada and transferred to Ottawa. For 20 years he was to be known to his community and its followers throughout Canada for his sermons, which were models of logic. He conducted many missions and was at home before any congregation, for he spoke French and English with equal fluency.

Appointed Bishop

Little surprise was expressed in Roman Catholic circles when he was appointed in 1923 Bishop of Valleyfield. Those in authority in the church in Canada who had watched his career knew that high promotion awaited him. The diocese of Valleyfield proved only a stepping stone to the greater office of Archbishop of Quebec, to which see he was translated in 1928. It was well known at the time that still further honors were in store for him and long before the official announcement was received from Rome Quebec papers stated that his grace was to be called to the Sacred College, and created a cardinal. The actual call came in November, 1927.

The cardinal returned to Quebec to receive a noteworthy welcome at the hands of the clergy and the laity of the ancient capital. A purse of gold amounting to \$30,000 was subscribed for him, which donation the cardinal devoted to one of the Quebec charities.

A character sketch of the cardinal was given by Father Maquire, who represented the English speaking section of the cardinal's clergy at his homecoming from Rome. Father Maquire said: "Truth and justice form the groundwork of his eminence's spiritual endowment. It is God's way to lavish natural gifts of a high order on him whom He is pleased to favor. Gifts of mind and heart, a commanding presence, charm of manner, ease of approach, forceful speech—everything that makes for leadership. Despised by lifelong study, broadened by world wide experience, his eminence knows neither Jew nor Gentile, neither race nor faction. His sole ambition is to be all things to all men, that he may lead all to Christ. He was Canada's third cardinal, his predecessors being Cardinal Begin and Cardinal Taschereau. All were Archbishops of Quebec.

POLICE HUNT FOR GUNNER

Constable P. B. Smith, formerly of Prince Rupert, is among a party of provincial police officers, in charge of Sergeant Greenwood, which has set out from Attache in the Peace River district in search of a man who shot at Constable A. J. Pomeroy while the latter was attempting to make his arrest. It is believed that all avenues for the wanted man's escape have been closed. It is also thought that he is out of ammunition.

Dorothy Mackail wears this evening dress of dead-black lace over black slip. Cape of lace and extreme flares in skirt distinguish the creation.

District News

TERRACE

Will Robinson and Walter Chapman were among the passengers for the coast on Thursday.

After spending the weekend at the "Crossways" with Mr. and Mrs. R. L. McIntosh, C. V. Evitt returned to Prince Rupert Tuesday.

Henry Halliwell paid a brief visit to Rupert on Tuesday.

A well attended and at times noisy meeting of Conservatives was held on Wednesday night to discuss local issues. O. T. Sundal presided.

Mrs. C. V. Evitt is spending a holiday with Mr. and Mrs. McIntosh at the "Crossways."

Will Robinson and Walter Chapman returned from a visit to Prince Rupert on Saturday's train.

Rev. H. T. Allen returned on Saturday from Vancouver where he attended the United Church conference. He reported having had a successful trip.

Mrs. Robert Webster of Premier has left on an extended vacation in the first stages of which she visited with Mrs. R. de Kergomarc'h formerly of Premier, now of Terrace where she thoroughly enjoyed a stay of several days. She was entertained at Athol Grange by Mrs. Halliwell on Thursday and expressed her great admiration of the beauties of Terrace after a drive round. Mrs. Webster continued her journey on Saturday and intends visiting her daughter in Edmonton, a sister whom she has not met for forty years in Minneapolis, and other friends in North Dakota.

Edmonton Air Pilot and his Two Cars

Captain W. R. May, well known for his rescue flights in the Sub Arctic, with his new Ford Victoria—and his famous plane.

"WOP" MAY, they call him in Edmonton and the frigid northern wastes where he and his airplane are familiar sights. More formally he is Captain W. R. May, chief pilot of Commercial Airways, operating the farthest north air mail route in the world, between Edmonton and Aklavik, the trading post where the Mackenzie river empties into the Arctic ocean. Captain May's fame in the Northwest is almost legendary. In 1929 he was awarded the McKee trophy for having made the greatest contribution that year to the progress of Canadian Aviation. On several occasions he is credited with having flown through impossible weather on rescue missions in the far North. During the great war, Captain May, an officer of the R. A. F., shot down 13 planes, two in a single encounter. It was his doubtful pleasure to be on the receiving end of Baron von Richtofen's guns when that greatest of German aces met his death. May, on his first trip over the lines, was being pursued by Richtofen. The guns of May's plane jammed but he managed to dodge through the Red Baron's tracers until Captain A. Roy Brown, of Toronto, May's squadron leader, shot down the German and his plane. Captain May was awarded the Distinguished Flying Cross for conspicuous courage over Antwerp in 1918.

MARY BLAKE SPEAKING

CANDY SECRETS FROM A LITTLE FRENCH-CANADIAN SWEET SHOP

Down in Quebec there is a quaint sweet shop where you can buy the most delectable home-made candies. Its fair owner, whose name reveals her patrician French ancestry, makes every delightful, old-fashioned sweet with her own hands. The very names suggest old-time goodness—peanut butter fudge, penoche, pralines, divinity candy. But one ingredient, common to them all, is as modern as tomorrow. It is Carnation Milk.

Here is what Mrs. de B— says of it: "Carnation Milk is wonderful for making candy. I always use it."

What Mrs. de B— did not say is that there is a very definite reason for the silky-textured, melting-smooth candies which Carnation makes. It is the finer cream particles—broken up by "homogenization" and distributed uniformly all through the milk, so that every drop shares in this creamy fineness of texture.

The same smoothness and rich creaminess which Carnation Milk gives to candies, it gives to all dishes in which it is used. Pure, whole milk evaporated to double richness, it saves on butter and cream; always uniform in quality,

always dependable. It is protected at the source; Carnation "field men" are constantly busy teaching dairymen the money value of good food, clean water and well-kept barns for their cows, and of the clean hands and clean utensils that keep the milk up to the Carnation standards of purity. Being sterilized, it can be kept without waste. And in results it outdoes even the best of bottled milk.

Here's a recipe for a simple delicious candy. The free Carnation Cook Book has other delightful candy recipes. Send for it—also free Baby Feeding Book, to Carnation Co., Limited, 134 Abbott St., Vancouver, B.C.

Carnation Coconut Cream Candy—2 cups sugar, 1/4 tsp. cream of tartar, 1 tsp. butter, 1/2 cup of Carnation Milk, 1/2 cup water, 1/2 tsp. vanilla, 1 cup shredded coconut. Mix sugar, cream of tartar, and Carnation diluted with the water; cook to the soft ball stage. Remove from fire and add butter. When cool add vanilla and beat until creamy. Add coconut and drop from spoon into small balls on a buttered plate, or mold on a buttered plate and mark into squares.

USE THE SAFEGUARDED MILK

Doubly rich in cream, Carnation Milk makes every dish richly delicious. And how it cuts your cream and butter bills! Use this pure, dependable milk for all cooking. Carnation Milk, through the constant activity of Carnation "field men", is safeguarded at the source, by clean housing of every herd and clean handling of all the milk. And this protection continues until Carnation Milk reaches you in its hermetically sealed containers. (See recipe above.)

Milk from Canadian cows, packed in Canada in Canadian cans and cases.

"FROM CONTENTED COWS"

Local Items

Dinnerware, china, crockery, glassware, Heilbronner's Store.

Mrs. A. M. Beatty has left Bulger's jewelry store to join the staff of the Shirley Shoppe.

Game Warden Ed Martin returned to the city on yesterday afternoon's train from a brief trip to the interior on office duties.

Provincial Constable Robert Gibson returned to the city on yesterday afternoon's train from a brief trip to Port Essington on official duties.

Ray Commons, accountant in the local branch of the Royal Bank of Canada, sailed last night on the Prince Charles for a holiday trip to Vancouver.

Miss Kitty Gibson of Vancouver has left that city for a two months' visit to New York and elsewhere in the east. She will return to Vancouver via Jasper Park and Prince Rupert.

Radio broadcasting station KJR of Seattle on Saturday night played "You're the One I Care For" for Ben Duffy of Ketchikan at request of "The Girl Friends" in Prince Rupert.

On the provincial page of yesterday's Vancouver Sunday Province magazine section appears an interesting picture of totem poles at Skidegate, Queen Charlotte Islands.

Miss M. Boldt, R.N., operating room supervisor of the Prince Rupert General Hospital, left on this morning's train for her home in Brandon, Manitoba, where she will spend her vacation.

Robert McCarthy returned to the city on yesterday afternoon's train from Edmonton where he has been for the past three weeks engaged in his work as steam-shovel engineer for the Canadian National Railways.

With a light list of passengers Union steamer Catala, Capt. A. T. Dickson, arrived in port at 7 o'clock last evening from the south and sailed a couple of hours later for Anxox, Stewart and other northern points, whence she will return tomorrow morning south bound.

"BUILD B. C. PAYROLLS"

Used For Years—For Everything

Mrs. Mary Caine, valued patron in Victoria, sends a letter, yesterday received. We take from it this sentence: "We have used Pacific Milk for years, as we like rich cakes and pastry, so we use it for everything." In this sentence Mrs. Caine touches upon one of the big points, one reason of Pacific Milk's popularity—richness.

There Should Be No Ugly Women!

There are 2 classes of women. (1) The beautiful, healthy and attractive creatures.

(2) Those pitiful ones who don't know how to make themselves beautiful—rather those who don't know the vital importance of Kruschen Salts to physical perfection and attraction! Kruschen Salts are a perfect blend of the six vital minerals which Nature ordained, glands, blood, nerves and body organs should daily receive from food if they're to function correctly—and which are impossible to obtain in this age of modern cooking.

Get a bottle of Kruschen—and before the bottle is half empty your complexion should be gloriously smooth and clear. Kruschen clears blood of harmful acids and poisonous waste matter which cause blemishes, blackheads and pimples. Your wonderful new energy will surprise you—mind feels so keen and alert—no more washed-out feeling getting up in the mornings.

Uncle GAZAZUS is coming!

SOFTBALL IS PLAYED

C. N. R. Won Two Games and City One at Week-End

Three interesting games of softball were played over the week-end between the Canadian National Recreation Association and the city. The game on Saturday night went 4-2 for the C.N.R.A., the first game on Sunday night went 16-1 for the C.N.R.A. and the second game went 10-9 for the city. All three games were full of pep and were marked with good ball, especially the Saturday night game. The regular C.N.R.A. league game will be played on Tuesday night between the Station and the Offices.

Big League Scores

SATURDAY GAMES

June 19—Drydock vs. Roundhouse.
June 23—Drydock vs. Station.
June 26—Station vs. Roundhouse.
June 30—Roundhouse vs. Drydock.

Golf Is Golf From Coast To Coast

Golf has assumed such important proportions in the make-up of modern everyday life that it constitutes a very real phase of the activities of those who serve the public. The Canadian Pacific Railway is such a one and its train services to golf courses and established arrangements for guests at its many hotels to enjoy the game are the practical interpretation of its desire to maintain traditions of 50 years of meeting the requirements of the Canadian people

THE PICTURES

(1) Looking from the fairway at the first tee, pavilion and Banff Springs Hotel, at Banff, Alta. The Spray River (left) forms a sporty water-hazard. This course is a mile above sea-level in the heart of the beautiful Rocky Mountains. (2) On the famous course at St. Andrews-by-the-Sea, N.B. (3) The 18th tee at the Oak Bay Golf Club, Victoria, B.C. Note the periscope to allow players a glimpse of what they have to cope with. Golf is played the year round on this course.

and their visitors. From coast to coast, excellent courses are available and where the company does not operate its own links, playing privileges at first-class clubs are granted. In the Maritimes, there are courses at St. Andrews-by-the-Sea, N.B.; Kentville, N.S.; Digby, N.S.; and Yarmouth, N.S. all in connection with the company's hotels. Quebec City has two fine courses, one dating back to 1874. Montreal has the oldest club in Canada, the Royal Montreal, founded in 1873, which today boasts two championship 18-hole courses. Other Clubs are numerous and good. Toronto, too has many excellent links, including the Royal York Golf Club, where guests at the Royal York Hotel have playing privileges. Ontario abounds in courses, all along the Canadian Pacific's lines. Bungalow camps at French River and Kenora (Lake of the Woods) have sporty 9-hole courses for their patrons. Throughout the Prairie Provinces, golf is available at all the larger centres, while the Banff Springs Hotel Golf course is among the best in the country, in settings of unrivalled mountain scenery. It is the Mecca for golfers from all over Canada and the United States, to say nothing of the numerous overseas visitors who play it each summer. Vancouver and Victoria offer ready hospitality, the latter standing unique among Canadian golf centres, in that the game is played throughout the 12 months of the year, the annual mid-winter tournament for the E. W. Beatty Challenge Cup, run by the Canadian Pacific Railway, being an outstanding feature of the golf calendar.

FOOTBALL CONCLUDES

Booth and High Schools Play Three All Draw in Junior League

The Junior Football League fixtures for the season were brought to a close on Saturday last when Booth played a draw with High School, three goals to three.

Booth had the better of the opening exchanges but, in a break-away after a miskick by Ferguson, Marshall went through to beat Allan for High's first goal. Booth, however, continued to attack and Ivarson put the teams level and later gave Booth the lead. It was not long till Cross equalized from close in. It was still Booth's game and Suehiro saved a fine drive from Christison. Gomez fastened on to a loose ball and gave Booth the lead.

The second half found High attacking most of the time. Cross scored with a simple shot that Ivarson should have saved and the teams were level again. From then till full time, it was a question if Booth defence could hold out. Ivarson was in goal and saved several fine corner kicks from Cross. He also turned two splendid drives from Marshall over the bar but there were no further goals and for the first time this season Booth had taken a point from High.

High—Suehiro, Church, Blake; Jim Ritchie, Fisher, Welle; Marshall, Hill, Cross, Miller.

Booth—N: Allan; Ferguson, Eby; Christison, Gomez, Cramp; Kirkendall, Santurbane, Ivarson, McMeekin, Ritchie.

Referee, W. W. C. O'Neill; linesmen, D. H. Hartness, T. Dugate.

High was short some of its regular players and played throughout with only ten men. Suehiro kept a fine goal. Blake was hard to get past. Ritchie and Fisher were the better halves. Cross was the most dangerous forward with Marshall next.

Allan had no chance with either of the first goals. Ferguson and Eby were good at back. Cramp was the best half with Gomez wandering too much though he got a goal. Ivarson got two goals and, in the second half kept a fine goal though he made a sad mess of the equalizing one. Allan did well in the second half at forward. Kirkendall was fair and the others all workers.

The standing of the Junior Football League for the second half of the season now concluded is:

	W.	L.	Pts.
High School	4	1	9
Borden	3	2	7
Booth	0	4	2

The standing when the first and second halves are considered, is as follows:

	W.	L.	Pts.
High School	10	1	21
Borden	3	6	9
Booth	1	7	4

"Volcanic ash deposit found in Calgary," says headline. This helps to explain where all the dust comes from on windy days.—Calgary Herald.

SPORT CHAT

Millionaires and Sons of Canada will clash on the Acropolis Hill diamond this evening in the opening league baseball game of the season. Mayor Cyril H. Orme will be on hand to pitch the first ball. Line-ups are announced as follows:
Millionaires—E. Smith, J. Nelson, Farquhar, Budnich, D. Gurrlich, Wendle, Holm, Bury, F. Stephens.
Sons of Canada—Roberts, Lambie, Styles, Kenney, Howe, Moran, Stalker, Frizzell, Hibbard.

While the bouts will not be to a decision but only exhibition affairs, considerable interest will be taken by local boxing fans in matches to be staged in connection with a smoker by the Eagles' Lodge on Friday night of this week. The principal vents will be between Benny Wendle and his challenger, Pete Holm, and between Chuck Eickey and Pat Clanton. The latter was knocked out by the former here last summer.

HUNT FOR BIG GAME

BURNS LAKE, June 1—Barney [Name] has just returned from Whitesall and Big Eutsuk Lakes and reports meeting with a hunting party comprised of Messrs. de Ganahl and Walker, with their wives and party totalling nine in all.

They reported seeing many bear, both black and grizzly, but up to date had only bagged one black bear.

One of the hunters surprised two large grey wolves who were feasting on the remains of a grizzly killed mountain goat.

The party which is comprised almost entirely of well known Texans will be the first large outfit to complete the three hundred mile circle trip from Ootsa Lake, which includes forty miles of white water with several beautiful falls.

A good way to ensure lasting peace would be to agree not to have another war until the last is paid for.—Ottawa Citizen.

JASPER IS NOW OPEN

Popular Summer Resort is Doing Business Again—Interesting People There

JASPER PARK LODGE, June 1:—Nestling in the broad Athabasca Valley in the heart of the Canadian Rockies, the doors of Jasper Park Lodge were thrown open, this morning and the mountain sun gleamed brightly in a perfect welcome to the guests arriving for the 1931 opening of Canada's premier summer resort.

The wild life of Jasper Park, the continent's largest natural park and game sanctuary, came down from winter haunts and, with animal curiosity, investigated the activities of the humans who have once more returned to find enjoyment in the palatial summer camp. Guests from all parts of North America and several from across the seas, were delighted to find the welcome of these native animals united with that of the lodge management.

The chief interest of new arrivals centred in the beautiful golf course which is this year in finer condition than ever before. An inspection was also made of the cabin monoplane, in which Hal E. Roach, moving picture magnate, with his pilot and one other companion, Saturday made a daylight flight over the rugged 1300 miles from Los Angeles to Jasper.

Lovers of nature found delight in glimpses of the bear and deer feeding near the lodge and particularly in the Canada geese which are nesting this year along the Pochantas Drive for the first time, according to the inhabitants of the Jasper district.

J. O'Brien, manager of Jasper Park Lodge, anticipates a busy season. Included in the reservations for the near future are several guests from overseas who will break their long journey with a stay at the lodge. The first large party of the season will be the Government Canadian Manufacturers' Association delegates who will arrive here Saturday and leave the following night.

Man is made of dust—or at least some wives think their husbands are.—Detroit News.

Alice Ryden and Marion Fitting clear hurdles at Los Angeles, Calif., where they are trying to make team which will go east for national championships in Jersey City.

THE MAN WITH THE "HAIR-TRIGGER" TEMPER

HE WAS irritable at the office, and grouchy at home. His enemies increased, his friends became fewer. Then one day his doctor told him the truth. He had been handicapped by constipation for years. It had brought headaches and constantly irritating ills to make him "touchy." It had stolen his energy and good nature.

His doctor suggested eating Kellogg's ALL-BRAN regularly. And in a few days he was a changed man, cheery, ambitious—and on the road to success and happiness.

Constipation is so unnecessary. It can be overcome so easily, so pleasantly by eating delicious Kellogg's ALL-BRAN: a delightful, ready-to-eat cereal.

Two tablespoonfuls of Kellogg's ALL-BRAN daily are guaranteed to prevent and

relieve both temporary and recurring constipation. In stubborn cases, serve ALL-BRAN with each meal.

Use this natural method and avoid the dangers of habit-forming pills and drugs. ALL-BRAN also supplies iron, which builds up the blood.

Serve ALL-BRAN with milk or cream, with fruits or honey added. Delicious when combined with canned peaches. Use in cooking too. Sold by all grocers in the familiar red-and-green package. Made by Kellogg in London, Ontario.

Kellogg's ALL-BRAN

The Census of Canada 1931

In the opening weeks of June every family and every home in Canada will be visited by a representative of the Government for the great national purpose of taking the seventh census of Canada.

The census is really a stocktaking. That is, it provides the information to enable the Government and others interested in the development of the country to formulate progressive policies for the happiness, comfort and prosperity of our people.

All the information supplied is strictly confidential, and the officers of the Government are subject to severe penalty if they disclose any of the information which is given to them by residents in the country, to any other than the Government.

Furthermore, it has nothing whatever to do with taxation, or military service, or compulsory school attendance, or immigration, or any such matter; and the Government itself cannot use it except for statistical totals.

The Government representative will put the same questions to all, and it is your duty as a resident of this country to answer promptly and truthfully. The Government is very anxious to avoid forcing anyone to answer these questions, but it is empowered to do so in the few cases where individuals may refuse.

NEED RAIN AND WARM

Crop Condition Unsatisfactory in Most Parts of Prairies

Soil Drifting

Peace River in Good Shape With Grain Showing Up Well

WINNIPEG, June 1.—High winds, cool cloudy days and a dearth of rain, have characterized the weather over the grain growing area of Western Canada during the past week. Wheat is showing well above ground and most districts report plants sturdy and strong but growth is at a minimum and a general rain, followed by warm, sunny weather, is necessary to insure rapid and satisfactory growth, according to the weekly crop report issued by the department of agriculture, Canadian National Railways.

In Manitoba, seeding of all grains, with the exception of a little flax, has been completed. Cool days with some frost at nights has made slow growth. Heavy winds have blown out seed where land is light, necessitating reseeded. This is especially true on the Portage Plains. Late sown wheat and coarse grains are now showing uneven germination while some fields of wheat, which are up from three to four inches, are patchy.

Summer fallowing is going on apace as farmers are anxious to have summer fallows blackened before weed growth becomes too strong.

Southern Saskatchewan is suffering from lack of moisture and in some localities, if drought continues, the situation will be serious. Fields are now showing effects of lack of moisture and growing grain is becoming bleached and turning yellow as the result of high drying winds.

In the Avonlea, Glenavon, Gravelbourg areas crop prospects are reported only fair and pastures are in poor shape. At some points water for livestock is becoming scarce. From the Craik, Rosetown, Conquest, Beechy, Elrose subdivisions come reports of a disastrous dust storm which did considerable damage to crops.

Rain is badly needed as crops are not making much headway and land is really too dry for effective summerfallowing.

Along the Minota, Touchwood, Yorkton, Tonkin, Asquith, Dodsland subdivisions wheat is showing well above ground but is rather patchy, due to blowing out and frost. Some reseeded will have to be done. Along the Prince Albert divisions crop conditions are fair to good but growth is slow due to cold weather and high winds. Wheat looks healthy and rain would be an asset. Slight drifting has done some damage but varies as to the districts while one subdivision reports slight outworm activity.

Unsettled Weather

Necromancy Is Science Subject

Ancient and Modern Mesmerism and Hypnotism Discussed

The subject of the lesson-sermon in all Christian Science churches and societies on Sunday was "Ancient and Modern Necromancy, Alias Mesmerism and Hypnotism, Denounced."

Among the Bible texts included in the lesson-sermon was the following from Revelation 12:9: "And the great dragon was cast out, that old serpent, called the Devil, and Satan, which deceiveth the whole world, he was east out into the earth, and his angels were cast out with him."

The lesson-sermon also included the reading of citations from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, one passage being as follows: "That false claim—that ancient belief, that old serpent whose name is devil (evil), claiming that there is intelligence in matter either to benefit or to injure men—is pure delusion, the red dragon; and it is cast out by Christ, Truth, the spiritual idea, and so proved to be powerless. The words 'cast unto the earth' show the dragon to be nothingness, dust to dust; and therefore, in his pretence of being a talker, he must be a lie from the beginning."

Three boys, implicated in theft from a Chinaman's dwelling on Eleventh Avenue, were dealt with by Magistrate in city police court Saturday afternoon. One was sent to industrial school for two years while the others were sentenced to seven days' imprisonment in the city lock-up.

Along the Goose Lake line and on the Stettler, Three Hills subdivisions, weather has been unsettled and was cloudy and cool with persistent high winds resulting in a revival of soil drifting, which will necessitate reseeded. Outworms are working in some localities but so far their ravage is not serious.

North Central Alberta has sufficient moisture for present needs with growth satisfactory and conditions fair to good but rain followed by warm weather would be beneficial.

Satisfactory reports come from the Peace River country as weather conditions are ideal and moisture is plentiful. All seeding is completed and grain is showing up nicely in most places.

More general offerings on western stock yards resulted in a lowering of cattle prices from 25 cents to 50 cents per hundred, and as the week advanced prices declined to a new low level for the season. Prospects for strengthening of prices are not bright.

The hog market still remains somewhat unsettled.

Ladies of Sons Of Norway Have Enjoyable Dance

The ladies' Group of the Sons of Norway lodge staged an enjoyable dance in the Metropolitan Hall Saturday night, about eighty persons being present for the occasion. The affair started at 8:30 p.m. and closed at midnight. Accordian music was furnished by Julius Welle. Delicious refreshments were served before the party broke up.

Mrs. Anton Dybhavn was in general charge of the affair, other members of the committee being Mrs. T. Morvold, Mrs. Chris Jensen, Mrs. Chris Johnson, Mrs. O. Wick, Mrs. A. Wick and Mrs. O. Welle. John Storseth presided at the door.

Girl Guides Tea Was Successful

Substantial Amount of \$37.80 Realized at Affair in Roof Garden Saturday Afternoon

Skylark Patrol of the First Company of Girl Guides held a successful tea and sale of home cooking Saturday afternoon in Mrs. Max Heilbroner's roof garden. Weather was auspicious and the roof was attractively decorated with bunting, flowers and plants.

The guests were received by Miss Lucille Brooksbank, patrol leader, Miss Maxine Heilbroner and Mrs. Heilbroner. Mrs. C. E. Motte and Mrs. Ernest Anderson poured and serviteurs were Miss Kathleen Kielback, Miss June Armour, Miss Grace Watkinson and Miss Edith Brewerton. Mrs. Chris Perry had charge of the home cooking table. Music was provided for the occasion by a gramophone loaned by MacLaren's Music Store. In a bean-guessing contest, Mrs. H. F. Pullen was the winner, her guess being 1087.

As a result of the tea, the substantial sum of \$37.80 was realized for the summer camp fund.

PROF. HILL-TOUT HEARD

Lecture Sermons in the Anglican Churches Yesterday Proved of Much Interest

Prof. Charles Hill-Tout, eminent Vancouver archaeologist and anthropologist, gave interesting lecture-sermons yesterday morning at St. Andrew's Anglican Cathedral in the evening and in St. Peter's Anglican Church, Seal Cove.

Prof. Hill-Tout, who is a staunch believer in evolution, traced his theories of the development of the mental, moral and spiritual attitude of man who, he declared, had a common life with all nature from the cell up. Through processes of education, man had become the only creature to differentiate between himself and all nature around him. The speaker gave his ideas of the gradual growth of mentality and morality just as a plant growing in a dark place would turn toward the light. Out of mortality a spirituality had grown.

Large congregations heard Prof. Hill-Tout's lecture in both churches.
