MEMORIAL WAS HELD

Memory of Late Miss L. M. Ellett Honored Yesterday in St. Andrew's Cathedral

Memorial service for the late Miss Lily M. Ellett, whose death and burial took place last week at Sooke, Vancouver Island, was conducted yesterday morning by Dean Gibson at St. Andrew's Anglican Cathedral where deceased had been so long and faithful a worker. There was a special sermon as well as special hymns.

Dean Gibson paid tribute to the sterling worth of the late Miss Ellett. She had left behind her an example of faithfulness and courage which might well be emulated by all. The preacher emphasized the example of deceased's attention both to her business and to her religious duties. Hymns were "O What the Joy and the Glory Must Be," "They Whose Course on Earth Is O'er," "My God, My Father, While I Stray" and "For All the Saints Who From Their Labors Rest." Miss Molly Cross presided at the organ and the full choir was in attendance.

CLOSES HIS MINISTRY

Rev. C. E. Motte Concludes Work at Rupert East United Church

Rev. Charles E. Motte closed his ministry of the Rupert East United Church yesterday. Last year, owing to the financial situation arising from conditions on the prairie provinces, all mission charges of the United Church elsewhere were called upon to assume greater financial responsibility towards their own support. Rupert East was one of the charges which had their responsibility considerably increased. Recently, the prevailing local economic situation caused the congregation to reconsider its financial position. At a meeting of the congregation held some time ago, it was decided to request the Home Mission Board to bring the congregation under the supervision and charge of the minister of the First United Church. This has been agreed to, and the new arrangement comes into effect on July 1. Mr. Motte is without a charge meantime, and may be resident in Prince Rupert for some time.

Drought on Prairies Has Been Little Relieved and Farmers Hope Only to Get Seed Back

WINNIPEG, June 29:—Cooler weather with scattered showers is reported from the grain growing territory of Western Canada. In the plains areas moisture was not sufficient to more than temporarily relieve the drought situation. Farmers in such districts will now be lucky if they get their seed back as showers came too late to be of much benefit to early sown grain.

Some land is being reseeded to oats and barley with the hope that such sowings will augment fall and winter feed supplies. About from 50 percent to 75 percent of the wheat is in the shot blade, straw is short, and heads will also lack the length characteristic of a normal crop year, according to the weekly crop report of the department of agriculture C.N. railways.

In Manitoba, weather has been cool with local showers, which have slightly improved the moisture situation but the cool weather has made growth backward so that crops are about two weeks later than in an average year. Wheat is commencing to head along the Carman, Delta, Hart, Miami subdivision and straw will be very short. The Red River Valley is still the favored spot in Manitoba, whereas the Wakopa, Hartney, Cromer, Carlyle, Neepawa subdivisions report crops only 50 percent of normal and the feed situation is poor. Late seeded flax has now germinated and will require to make good progress if it is to mature before the period when fall killing frosts arrive.

DECORATION DAY HERE

Ceremonies Yesterday Under I. O. D. E. Auspices With Canadian Legion Members as Guests

Under the auspices of Adair Carss Chapter, Imperial Order, Daughters of the Empire, and with members of the Canadian Legion present as guests, Decoration Day ceremonies, in honor of the memory of the men who gave up their lives in the Great War or as a result of service therein, were fittingly conducted yesterday afternoon.

Members of the Canadian Legion paraded to the cenotaph on the Court House grounds and met members of the Daughters of the Empire. President Harry Thrupp, for the Legion, and Mrs. John Manson, municipal regent, for the I. O. D. E., each placed a wreath at the base of the cenotaph.

After the ceremony at the cenotaph, the gathering proceeded to Fairview Cemetery, where an address was delivered by Rev. C. E. Motte. After the "Last Post" had been sounded by Bugler William Rance, the Union Jack was run up from half to full-mast. During the ceremony, flowers and flags were placed on the graves of each soldier.

William McFadyen, Royal Bank inspector, sailed Saturday evening on the Prince George for Vancouver after having spent the better part of last week in the city on official duties.

EIGHT CHILDREN BURNED TO DEATH

### DOWN TO BUSINESS

Apparently the two governments, Dominion and provincial, are getting down to business in dealing with the unemployment situation. Mr. Bennett was returned to power largely because of his solicitude for the workmen in regard to unemployment and, after his election, he took quick action to call a session of the legislature to deal with it. Then he slumped. He did not even spend all the money that was voted. Also he made no attempt to get any public works going, such as was done on the American side.

Pressure has now been brought to bear. The whole country has protested and Mr. Bennett seems alive to the situation. The first step was to offer to co-operate with the provinces in taking care of the floating population that is out of work. The next move is expected now in connection with a policy to find employment in different parts of the country, more particularly in connection with the building of highways and the construction of the Peace River western outlet.

People of this district are now looking forward with keen interest to hear what is proposed. They are daily scanning the newspapers for an announcement from Ottawa in regard to the policy to be adopted. This will undoubtedly come soon and the men will be put to work. If it is not done, more active steps will have to be taken to impress the government with the seriousness of the situation. When a national crisis arrives it is the duty of the national government to deal with it.

## School's Out!

With a joyous shout, thousands of boys and girls will soon leave school for summer vacations. To the great majority it will be just the start of another two months of play. To many it will mean leaving the public schools and advancing to colleges or vocational training schools. To a favored few the autumn term will bring the start of a college career.

## NEWS OF THE MINES

AROUND PRINCE RUPERT

Columnaris at Usk Ready For Mill—Canyon Creek Placer Promising—Another Party On Nation River

Columnaris Gold Mines Ltd., whose property is located at Usk, has just issued a booklet for the benefit of its stockholders and others who may be interested. The booklet contains reports from mining engineers of standing, containing the amount of work already done on the property and the value of ore at various places in the tunnels. Gold values, it is said, predominate and run from a little over \$7 to the ton to over \$49 per ton with a general average of over \$20. Many hundreds of feet of tunnels have been driven into the mountain on the different veins. Since the engineers' reports were prepared, some 445 feet of additional tunnels have been driven with most satisfactory results. The property is now ready for a mill and it is expected that the company will proceed with the erection of same at an early date. The mill will be situated under the hill and will be connected with the workings by an aerial tram. The mill itself will be connected with the railway at Usk by another short aerial tram. The property is so situated that heavy economy can be adopted. Veins are true fissures and all tunnels are drift tunnels, except, of course, the short connecting tunnels. When work starts on the mill and the mine is producing, it will be an important asset to Usk and the interior. Capt. John Willman continues to be in charge of the development work.

C. H. Chipmow of Hazel, arriving in Prince Rupert a few days ago, brought cheerful news of placer developments on Canyon Creek. Mr. Chipmow is of the opinion that Canyon Creek is one of the places that early miners overlooked. Ten men are now staking and working there and considerable rough gold is being recovered, each man taking out from \$5 to \$8 per day. Some of the nuggets recovered are worth from \$2 to \$3. Where the men are working the bed rock of the creek is covered with about six inches of clay and it is in this clay that the gold is found. There are now washing on most of the creeks in the neighborhood but it is Mr. Chipmow's opinion that Canyon Creek has the best prospects.

It is too early yet to say just what the placer gold claims on Rainbow Creek in the Nation River district may amount to, stated Paul A. DesBriay on his return to Vancouver a few days ago after a brief staking trip to Rainbow Creek. Few of the many claims, which now extend solidly up the creek for a distance of 18 miles, are being worked yet. The discovery claims of the Small brothers, within a mile and a half of the mouth of the creek, are said to be yielding an ounce per day. "Nobody is down to bed rock yet. In fact, so little has been done that I would not venture to say more than that our party got what we consider good sample returns from panning on our eight claims which adjoin those of the Small brothers about 24 miles up the creek. We found fairly coarse gold and we are going to take a chance and work through the summer," said Mr. DesBriay. Belief of early prospectors that gold would be found only around the mouth of Rainbow Creek has been dispelled. Panning shows just as good values further up. Mr. DesBriay went in with Harry McKenzie, H. R. Montgomery and George Silke, the last-mentioned panning McKenzie's small Fleet plane. McKenzie and Montgomery have remained on the property to put up a cabin and get ready for working of the claims. The plane is being kept on a small lake about three miles away. DesBriay and Silke plan to return to Rainbow Creek about July 1. Marking out to Fort St. James to record their claims, they met on the trail about thirty argonauts, mostly old timers of the Prince Rupert and Fort St. James districts. At Fort St. James they met A. K. Money and his party who staked later beyond the DesBriay party. Money is having lumber and other equipment freighted in and plans to establish a permanent camp.

## New Lakeside Inn is Opened

Beautifully set in one of the most picturesque sections of Nova Scotia, combining marine and landscape views which bid fair to bring it into line of popularity with its sisters at Study and Kenville, the new Lakeside Inn, at Yarmouth, N.S., was formally opened on June 25, to the newest link in the Canadian Pacific Railway's great chain of hostleries from Atlantic to Pacific. Readily accessible from Saint John, through Digby, via the luxurious steamer "Princess Innes" from Halifax, over the Dominion Atlantic Railway, and direct from New York, Boston and Portland by Eastern Steamship Lines, the hotel at Yarmouth and its new hotel are destined to play an important role in tourist traffic to Nova Scotia, with its famed Annapolis Valley and historic Land of Evangeline. Sports and recreations are plentiful and varied. Canoeing, tennis, fishing, swimming and hammocking at attractive excursions are only a few of the offerings. There is good golf available near Yarmouth and the hotel and its cottages form a comfortable base of operations. These and much more have been skillfully combined in its spacious public rooms, broad verandas and airy bedrooms. Its cuisine and service are conducted on the established standards, known to guests of the company throughout Canada.

# Protect your Life

# Insurance

and it will protect you and yours . . . .

IF financial difficulties tempt you to forfeit any of your Life Insurance, first get the expert advice of the company or companies in which you are insured. They can probably suggest a plan to help you maintain the protection of Life Insurance for yourself and loved ones.

Perhaps you intend to allow your Life Insurance to lapse now and take out new insurance later. If so, remember these three facts:

First—New Life Insurance is certain to cost you much more.

Second—You may discover too late that you are uninsurable.

Third—The moment you let a Life Insurance policy lapse you deprive your wife and children of the protection they need.

Better play safe. Wise counsel from an authorized Life Insurance representative may save you money and prevent future hardship.

"I always use Pacific Milk for I have always found it very good. But I often think what it would mean if the province had no payrolls, for I know what it means when the mines are running here and when some of them are not. It's a good thing that Pacific Milk belongs to British Columbia." Many Thanks.

## SOFTBALL IS DRAWN

Officers and Station New in Tie For First Half of Season Games

In the final game last evening of the first half of the season's schedule of the Canadian National Recreation Association's Softball League, Officers defeated Round House by the decisive score of eight to nil. Officers players turned in an exceedingly tight game and at no time during the match did any of their opponents get as far as third base. Batteries were Boulter and Gidd for Officers and Baby and Tulloch for Round House.

By winning this game, Officers are now tied with Station for first half honors, making a play-off game necessary. The date of the play-off will be announced later.

The final league standing for the first half of the season is as follows:

Station	W	L	Pct.
Station	7	5	.583
Officers	7	5	.583
Round House	4	8	.333

## SPORT CHAT

Baseball fans in Smithers will have plenty of opportunity to exercise their vocal chords during the celebration of Dominion Day in the interior railway town. New Hamilton, Hazelton and Smithers will field teams for a baseball tournament. The Old Hazelton nine will play the winners of the New Hamilton-Smithers game. A good pair of games are being anticipated.

Junior baseball teams in Huron Lake are undergoing strict training at the hands of Ken Wasmers, both full teams taking the field for daily practice. Within five minutes after any game is called, every position is covered and the diminutive ballers are lined up in order which they never forget. The lads will play on Dominion Day.

With five teams entered, a softball league has been formed in Smithers. Play has already commenced, C. N. R. defeating Native Sons by a large score on Tuesday night of this week in the opening game. Officers of the league are: president, C. Eickenbom; vice-president, A. G. Gray; secretary-treasurer, S. Noble.

## Some Mitts!

Marvin Owen's hands take their place in museum of sport with feet of Primo Carnera. Marvin, new Detroit shortstop, has hands that can cover seven baseballs at one time.

## LOCAL ITEMS

William King of the C. N. R. electrical department was an arrival in the city from the interior on this afternoon's train.

Mrs. L. Astori, who has been spending several weeks at Terrace recuperating from a recent illness, returned to the city on this afternoon's train.

Evidence was completed before Magistrate McClymont in city police court this morning in a case in which Dido Gurvich is charged with attempting to procure and decision was reserved until this afternoon. Gurvich was arrested Saturday and was released over the week-end on bail of \$1000. E. F. Jones prosecuted in the preliminary hearing today and L. W. Patmore appeared for the defence.

Referee as Well As Linesmen For Final Are Named

E. Webster has been named referee for the Dominion Day Cup final football game Wednesday afternoon between Merchants and Canadian Legion. Linesmen will be Jack Watson and William Rance.

## FAREWELL WAS SAID

Commandant and Mrs. Kerr and Capt. Warren Closing Sabtration Army Service Here

Commandant and Mrs. William Kerr and Capt. E. Warren farewelled their companions of the last three years at a largely attended meeting in the Citadel last evening. Among those who were present to crowd the Citadel were members of the local T. O. E. organization in a body. Commandant Kerr has been an active member of T. O. E.

The address of the evening was delivered by Commandant Kerr who voiced his regrets at having to leave Prince Rupert. He acknowledged assistance and co-operation he had received during his stay in Prince Rupert and expressed the hope that the work of the Army here would be carried on uninterrupted and with success. It was the fourth time he had farewelled Prince Rupert, Commandant Kerr mentioned, so it might be his good fortune to return here again some time.

Capt. Warren also gave a farewell talk as did Mrs. Kerr who also sang a solo. Miss Margaret Fossum and Sergeant Major Alexace also sang solos.

Commandant Kerr will sail on Thursday afternoon on the Prince Charles for Vancouver en route to his new post at Vernon. Mrs. Kerr will leave Wednesday morning with her two sons to visit on the prairies before joining Commandant Kerr at Vernon. Capt. Warren will visit her home in North Vancouver prior to taking up social work in Vancouver in August.

Sponsors here of Commandant and Mrs. Kerr will be Capt. and Mrs. Steel from Manitoba. Before her marriage Mrs. Steel was Capt. Lyman of Prince George. They are a talented and able pair of officers.

## PICNIC VERY ENJOYABLE

Children of St. Peter's Sunday School Had Memorable Time On Saturday

Kindly nature, bright sunshine, calm waters and happy dispositions all conspired to make the annual picnic of St. Peter's Anglican Church Sunday School at Digby Island Saturday afternoon an event of rare enjoyment long to be remembered by all present. There were games, races, swimming, ice cream in abundance and all manner of good eats. The picnickers went out on the "21" at 10 a.m. and returned home at 5 p.m.

In charge of the picnic were Canon W. E. Ruschbrock, Mrs. Skinner, Miss Susie Bodin, Miss Johnson and Miss Thelma Skinner.

## BIG PICNIC ON SUNDAY

Large Crowd at Outing of Fish Packers' Union

One of the most successful picnics of the year was held on Sunday under the auspices of the Fish Packers' Union of the Cold Storage, upwards of 200 persons attending the event. Among those present were Manager and Mrs. Johnson, Oil and Mrs. Nicholls, Mr. and Mrs. Davidson, J. E. Bodin, chief engineer, Robert Blaine. In fact everybody connected with the Cold Storage turned out to have a good time together. The Chief Lepist, Capt. Swanson, left the Storage at 10 a.m. and uptown boats at 11 a.m. Later the Chief Starrett, Capt. V. King, came over to assist in bringing the folks home.

Mr. Davidson was judge of sports of which there were many and varied events. Oil Nicholls acted as starter and Mrs. Johnson and Mrs. Nicholls presented the prizes. Mr. Johnson acted as official camera operator and took many feet of film of the different events so the contestants will have some idea of how they look when competing.

An abundance of ice cream, soft drinks, etc. was provided free of charge to all, and a dance orchestra of four lads, W. Murray, Tony Busanich, V. Busanich and Mike Colwell, kept the people on their toes between events.

During the afternoon Mr. Johnson made a short speech in which he pointed out how co-operation and organization could make a success of anything. He hoped that this picnic would be an annual event.

To mention any particular contestant would be unfair because everyone stepped out to make sure that the other fellow was enjoying himself. So, when 6:30 came and departing time, everyone from babies to grandpas voted it the finest outing of the season.
