PRINCE RUPERT, B.C., TUESDAY, JUNE 23, 1931

PRICE FIVE CENTS

DIRECT RELIEF PLAN IS NOW ALTERED ADOPTION OF HOOVER DEBT PLAN DEPENDS ON FRANCE

Dominion Contributes Half Now and Province Gives Thirty Percent

Municipalities Will Have to Pay Only One-Fifth—Merely Temporary Method Pending Drafting of Big Works Program

VICTORIA, June 23.—Premier S. F. Tolmie announced last night that the structure of direct unemployment relief in British Columbia had been altered with the sanction of the Dominion government and that, in future, the federal authorities would contribute fifty per cent of the cost of direct relief. To this, the British Columbia government will add thirty per cent and the municipalities, twenty per cent.

SEALING CLAIMS

Premier Bennett Does Not Think Suggestion of A. W. Neill is Necessary

OTTAWA, June 23.—Suggestion for the appointment of a commission to look into the claims of seal fishermen on the Pacific Coast prior to 1894 was made in the House of Commons yesterday by A. W. Neill, Independent member for Comox-Alberni.

Such a step as that proposed by Mr. Neill was not considered necessary by Premier Bennett who reviewed the situation.

READY FOR OCEAN HOP

Wiley Post and Harold Gatty Arrive At St. St. John's Newfoundland

HARBOR GRACE, Newfoundland June 23.—Wiley Post and Harold Gatty landed here from New York at 1:17 o'clock this afternoon on the first lap of their world flight.

KILLED IN BIG BLAST

Ten Person Lose Their Lives in Explosion in British Cordite Factory

LONDON, June 23.—Ten persons were killed and nineteen injured in an explosion at the Royal Naval cordite factory at Walton Heath, near Wareham, Dorset.

RUTH NICHOLS CRASHES HER PLANE AT ST. JOHN

ST. JOHN, N.B., June 23.—Ruth Nichols, while arriving here yesterday to hop off on her trans-Atlantic flight, overshot the landing field and crashed her Lockheed-Vega plane into a clump of small trees. The plane was considerably damaged and Miss Nichols sustained some injury although they are not believed to be serious.

X-ray pictures taken today revealed that two vertebrae of Miss Nichols' spine had been cracked. While the injury is painful, it is not serious. She had flown here from New York.

FISHING IS GOOD

Average For Skeena 14 Fish Per Boat on First Day

After the first night of the season, salmon gillnet fishermen on the Skeena River had averaged 14 fish per boat yesterday while, on the Naas River, the average was 10 fish per boat. These figures indicate that there will be, at least, a fair run of sockeye.

Owing to lack of communication, there are no reports as yet from other divisions of this district.

Up to yesterday morning, there were 801 boats fishing on the Skeena River.

WILL NOT SEND MAN

City Believes It Cannot Afford Expense of Sending Delegate to Workless Conference

The city council decided last night that it would not see its way clear to spend the money that would be involved in sending a delegate to Regina to attend an unemployment conference which will be held in the near future. Mayor Louis D. Taylor of Vancouver, one of the leaders in bringing about this conference, had wired an invitation to Mayor Orme for Prince Rupert to be represented at the conference, the purpose of which is to draw up a plan of unemployment relief for submission to the federal authorities.

However, the views of this city will be sent to the conference. One of these views is that the federal government, through the provinces, should provide more extensively for unemployment relief work. It is felt that, if the Central British Columbia Highway from Prince Rupert to Alberta and Peace River outlet construction were proceeded with in a large way, it would do much to relieve the situation in this district. In the matter of direct relief, this city feels that municipalities should be permitted to require those who receive direct relief to give value in work up to the amount they thus receive. Full information as to the unemployment situation here will be sent to the conference.

The council, practically unanimously, took the view that the city could not afford to spend the money that would be involved in sending a delegate but that it would be much better advised in spending the money in actually providing work for the workless.

FISHERMEN HAVE POLL

Secret Ballot Taken to Decide Whether Strike Continues—Close Vote Last Night

Troller members of the Northern B. C. Salmon Fishermen's Association, at present on strike in view of the low prices being paid for fish, were to have another meeting this afternoon for the purpose of taking a second strike vote following a close poll last night, it was reported this morning.

The strike vote yesterday, a secret poll, is reported to have resulted in 39 votes for continuing the strike and 38 for going back to work. This was considered inconclusive so it was decided to have another poll.

Japan's Premier Play's Ball

Baseball is firmly established in Japan. Here's Japan's new premier, Baron Reijro Wakatsuki, heaving out first ball at start of baseball series among freshmen teams of five universities in Tokyo.

City Is Assured of Relief Work Being Continued Here By One Government or Other

That Hon. R. W. Bruhn, provincial minister of public works, had given him assurances that work as at present being carried out for the relief of unemployed would be continued until such time as the federal government finally decided upon some more definite line of action to provide relief was the statement made by Mayor C. H. Orme at last night's meeting of the city council. It was expected that some action would be taken by the Dominion by the end of the month. Senator Robertson would by then have had time to get back to Ottawa from his tour of the Dominion and consult with his colleagues in the cabinet as to some definite line of action.

Yankee Mayors Are Home Again

Back in New York Yesterday After Their Tour of France

NEW YORK, June 23.—The party of United States mayors, which has been touring France as the guests of the government of that country, set foot again on United States territory yesterday. They have been away for several weeks.

Prince of Wales Is Thirty-Seven Years Old Today

LONDON, June 23.—The Prince of Wales observed his thirty-seventh birthday quietly today.

NAUTILUS IS SAFE ACROSS ATLANTIC

QUEENSTOWN, Ire., June 23.—Sir Hubert Wilkins' submarine Nautilus, in which it is planned to make a trip to the North Pole under the ice, arrived on the coast of Ireland yesterday after a 17-day strenuous crossing of the Atlantic Ocean. Those on board were resolved that they would have a real rest before proceeding farther.

Vancouver Wheat VANCOUVER, June 23.—Wheat was quoted at 59 1/4 on the local exchange today.

All Nations Will Have To Sacrifice to Obtain Benefit of Proposal

Scheme Enjoys Non-Partisan Support and American Enthusiasm—Bulgaria, Austria, Britain and Germany All in Favor

WASHINGTON, June 23.—France holds the key to the economic recovery of the world as provided for in President Herbert Hoover's suspension for a year of inter-governmental war debts, it was declared here yesterday. The United States is prepared to make sacrifices but France must do the same with respect to Germany's obligations to her. If France is not prepared to go ahead and do this, the plan of President Hoover will lose much of the non-partisan support it now enjoys and the enthusiasm of the United States will to a considerable extent be dampened.

However, it appeared more likely last night that France would fall in line and give its support to the proposal. Bulgaria, Austria, Great Britain and Germany are among the nations that have already expressed themselves as being wholeheartedly in favor of the plan.

LETTER ON FISH BONUS

City Council Transmitted Minister's Views to Local Fishermen

A letter from Charles Lord, secretary of the Northern British Columbia Salmon Fishermen's Association, sought the support of the city council last night for a move to ask the federal government to grant a subsidy of 2c. per pound on Canadian halibut and salmon in order that it might compete with American fish on the United States' market.

At the suggestion of Mayor Orme and on motion of Ald. Pillsbury and Ald. McCutcheon, it was decided to write back to the Association advising it that such a move would be ineffectual in helping to market Canadian fish in the United States since, if such a subsidy were granted, the United States, under its customs laws, might absorb the subsidy by adding to the duty rates. This was the opinion that had been expressed by the minister of fisheries in a telegram to the mayor.

LITTLE GIRL HURT BY CAR

Doris Hodgkinson, Aged Six, Sustains Injuries—Was Entirely Accidental

Doris, six-year old daughter of Mr. and Mrs. Alfred Hodgkinson, is in the Prince Rupert General Hospital suffering from broken ribs and bruises as a result of having been struck about 8 o'clock last evening by a delivery car driven by Thor Selvig. The youngster was reported this morning to be doing well.

The circumstances of the child's injury were, apparently, entirely accidental. Both the driver of the car and the mother of the child agree on this. The youngster darted out in front of the car and the driver had no chance to stop. One of the wheels passed over the child after she had been knocked down.

The accident occurred on Borden Street near the intersection with Fifth Avenue.

TELEPHONE SURPLUS FOR MONTH OF MAY

Surplus of the city telephone department for the month of May amounted to \$1013.84, according to a statement presented to the city council last night by Samuel Massey, superintendent of the department. Estimated revenue was \$3,842.75 and expenditure, \$2,828.91.

Britain Accepts LONDON, June 23.—The British government has cabled its acceptance in principle of the proposal of President Herbert Hoover of the United States for a year's suspension of intergovernmental war debts.

The Hoover proposal continued to operate favorably upon the stock exchange today with slight advances in a number of stocks.

France Opposed PARIS, June 23.—Information obtained in diplomatic circles today indicates that France is now working on a definite counter-project to the Hoover war debt proposal.

CRIME IN SEATTLE

Wave Visits City Just Previous to Opening of Police Chiefs' Convention

SEATTLE, June 23.—As if to augur the convention of American police chiefs opening here this week, Seattle had a serious wave of crime over the week-end.

The disorders started Saturday night with the shooting of Patrolman Pat Whalen by a yegg whom he caught in the act of perpetrating a burglary. It was not long after that three desperadoes sawed their way out of the new and supposedly escape proof county jail. Later in the night, a man escaping from a street brawl was run over and killed by an automobile.

On Sunday evening burglars visited the Plymouth Congregational Church and took \$1300.

THOUSAND ALASKA TROLLERS STRIKE

KETCHIKAN, June 23.—With the Noyes Island and Prince of Wales Island trollers' decision to tie up rather than accept prevailing prices for fish, approximately 1000 fishing vessels of southeastern Alaska have now joined the strike.

### INTERNATIONAL MORATORIUM

The move of President Hoover to defer payment on all international war debts is one highly to be commended. As the largest creditor nation the proposal comes from the United States with likelihood of general acceptance.

Possibly if it is found that the results are beneficial all round, the United States may at the end of the year propose a permanent cancellation of war debts. This would cause a good feeling toward the United States which benefitted more than any other nation from war business.

### GOT SURPRISE PACKAGE

On Saturday a local man advertised for a stenographer. When he called at the office yesterday morning and the pile of applications was passed over to him he looked at them and with surprised accents inquired: "My God! Are these all for me?" More comment is unnecessary.

### "SNOW AND RAIN SWEEP WEST"

The Winnipeg Free Press recently carried in heavy Cheltenham bold type a streamer across the top of the front page: "Snow and Rain Sweep West." To the prairie people this was a cheering message. Moisture in any form whether snow or rain was welcome to the drought-stricken farmers.

The fallacy of the message was that it extended only to Manitoba, Saskatchewan and Alberta. British Columbia, which is the real west, was not included.

British Columbia was pleased not to be included in an invasion of snow and rain. Neither are needed in this province just now. This season the apportionment of moisture and sunshine has been very fair and there is no need for more precipitation in the form of snow.

British Columbia would like to know if this is really the west or if the whole of the west lies east of the Rocky Mountains, as is assumed by many well-meaning persons in the central part of Canada.

### PICK AND SHOVEL AND WHEELBARROW POLICY

Protection is a good enough policy for the people of Ontario and Quebec because they benefit from the establishment of factories in those provinces and reports indicate that already there is a considerable improvement in business in that part of Canada. In the west there is no corresponding change for the better and there is little or no benefit to be derived from the government policy of protection. The result is that the west looks to the federal government for some other help and the logical request is for constructive work that will employ the men who are now drifting about the country and becoming a charge on the municipalities.

The average man likes to work for his living and it is undoubtedly the duty of the federal government in a crisis like the present to see that he has an opportunity to earn enough to carry him through until there is an improvement. There is plenty of money in the country, as was shown by recent federal and provincial loans. All that is needed is for the government to recognize the position of the west today and give the men work.

Premier Tolmie has made proposals to the federal government, which it is to be sincerely hoped they will approve. He has suggested that the federal government and the province of British Columbia co-operate in building main trunk highways and that the federal government construct the western outlet to the Peace River country at once. This work has to be done soon, so why not now when money is cheap and men want work?

This is not a political campaign. It is a campaign to secure bread and butter for the workers who today are in need. It is a request for a pick and shovel and wheelbarrow policy for the west to balance up with the protective policy for the east.

## RECITAL ON PIANOFORTE

Pupils of Charles P. Balagno Acquit Themselves Creditably

Piano pupils of Charles P. Balagno were in annual recital last week and acquitted themselves with credit both to their instructor and themselves. The program, varying in range according to age of the performers, each of whom showed marked proficiency, was as follows: Marion MacLachlan, "Joyous Gnomes" (Michel). Violet Dell, "John Gilpin" (Slater). Margaret MacLachlan, "Chiming Bells" (Trojell). James Gulick, "Playful Rondo" (Greene). Victor Dell, "Cat and the Fiddle" (Slater). Willie Christiansen, "Sonatina" (Clementi). Maureen Kirkpatrick, "Slumber Song" (Kern). George Dybhavn, "Rondo" (Clementi). Alma Dybhavn, "Valse Napolitaine" (Ringuet). May Macphail, "Elves" (Rogers). Margaret Sue Gulick, "Petit Galop de Concert." Helen McNaughton, "Shower of Stars" (Wachs). Bill Tobey, "Matusilka" (Engel). Catherine Mussallem, "Caprice romantique" (Jackson). Isobel Sinclair, "First Nocturne" (Goddard). Wizner Bryant, "Valse Arabesque" (Lack). Mary Geary, "Tarantella" (Noilet). May Donaldson, "Capricante" (Wachs).

### LETTER BOX

#### SALMON FISHERIES TROUBLE

Editor, Daily News: It may interest you to know that fishing the last two weeks has been all that we could hope for. Fishermen performing their lawful work have nothing to complain about, but the music has been poor of late, evidently because the credit was stopped—hence the bread line. One young boy was told in an unfriendly way to go and hang rather than be a scab. Same boy came to me and others to camp. Of course we are at the Cold Storage. We said: "Come boy, we will divide with you." The music of course. Another young man had his lines cut by some creeping mischief and lost a lot of lead and spoons. Same young man said he could not even afford to take a meal in the hotel now any more. The time is slipping by for the fishermen's grub stake, so relief work comes next. But the scab, oh very amusing! It reminds me of Mother Nature's twin boys—the red and the scab—because of the conspicuous color. The red should become an organizer and disorganizer so the red had the honor of first born, but when the scab appeared Mother Nature ran short of the gaudy color but instead provided him with grit to perform his lawful duty and plenty of brains to make up for the scarcity in the Red organizer.

KNUD OLSEN, 780 Prince Rupert Dundas, June 17, 1931. P.S.—It would be nice to have a police boat here when the Reds start to go wild in public waters, which is the next threat. K.O.

### Report of Fire Chief on Recent Vancouver Meet

Declaring that he had seen and learned much of value at the gathering, Fire Chief D. H. McDonald presented to the city council last night his report on the recent convention in Vancouver of the British Columbia Fire Chiefs' Association. All conceivable means of fire fighting had been discussed and there were many impressive demonstrations including one of ladder work by the Vancouver fire department. Ald. Macdonald, in moving that the report be filed, declared that the chief was to be congratulated upon the excellence of the report. The city had been none the loser by having sent him to the convention. Mayor Orme concurred in the remarks that had been made by Ald. Macdonald.

## NEWS OF THE MINES AROUND PRINCE RUPERT

Duthie Finances—Better Report on Rainbow Creek Gold—Metcalf and Fendlay Group Looks Well

Creditors of the Duthie Mines Ltd. are being asked to grant a further extension of time until August 1 to meet obligations outstanding, a meeting to this effect meeting with the approval of the creditors in Vancouver recently. Practically all important creditors of the company were present at the meeting. The suspension of production by the Atlas Corporation, a move of temporary nature and due to the low price of silver, found the company owing about \$14,000 and, at a meeting last year, the creditors granted time for payment until June 10 of this year. W. E. Williams K.C., solicitor for the company, advised the meeting that he had received a communication from J. F. Duthie of Seattle in which he stated that it was impossible for him to arrange to advance sufficient money to take care of the creditors' claims and that he had already expended considerable money for watchman's wages, insurance, carrying charges, etc. and he would like the creditors to grant the company a further extension of time.

Certain creditors at the meeting pressed for immediate payment of accounts, pointing out that the assets were estimated to be worth around \$100,000 with only \$14,000 outstanding. A resolution was finally carried, however, to ask creditors for a further extension and this poll will be taken on June 30.

Although some who visited the territory have, apparently, not been highly impressed with the strike of gold on Rainbow Creek, a tributary

of Nation River, north of Vanderhoof, men working the creek report that they are making good money. I. B. Flater, who staked there recently, has wired out declaring that, despite reports circulated, those who have sluice boxes on the creek are averaging one ounce per day per man with shovel, everyone having faith in the creek.

W. W. Metcalf, part owner and manager of development operations on the Metcalf and Fendlay group, stated in Stewart recently that the new prospect tunnel was in a distance of fifty feet and was making fine progress. The new tunnel is being driven from a small draw near the edge of a big gold-bearing zone and is expected to strike the ore at about 70 feet from the portal. Owing to sharp inclination of the zone, the tunnel will give a vertical depth of approximately 55 feet at the lower side and about ninety feet at the upper edge. This should reveal an excellent cross-section of the mineralized belt at that point. C. L. Hibbard and G. W. Skinner, Seattle capitalists, who are backing the development of the property, are expected to pay a visit of inspection to operations next month. Nine men are now employed on the property including Mr. Metcalf and his partner, Joe Fendlay.

# nothing like it!

No other cereal so crisp. Rice Krispies actually crackle out loud in milk or cream. Children love them.

And such flavor! The taste of toasted rice. A different treat for breakfast. Wonderful for the kiddies' lunch. So wholesome and easy to digest. Rice Krispies are handy to use in recipes. Take the place of nutmeats. At grocers. Made by Kellogg in London, Ontario.

## "—with all his worldly goods"

HERE, in this old strong-box, so long guarded and locked, is his "estate" . . . the "worldly goods" which he has bequeathed to her.

One by one her adviser takes out the temptingly engraved certificates and examines them. One by one he lays them down with a sorrowful shake of the head—

Slowly the truth dawns upon her. Those wonderful purchases that were to make them rich . . . independent. These speculations that were to lead them

to fortune . . . many of them now are WORTHLESS!

But at the bottom of the box there lies an unpretentious document, which suddenly she recollects. It cannot have depreciated. It must still be safe and sure . . .

She reaches in and draws forth his Life Insurance Policy.

Amid the wreckage of thousands of estates, Life Insurance stands as the final and enduring refuge in time of need.

It is the one investment no man can afford to be without.

George Sakamoto of Port Essington has been fined \$25 and \$250 for drunkenness.

The city council last night finally reconsidered and adopted a bylaw providing for the temporary borrowing from the bank of \$50,000 to finance carrying out of local improvement work pending sale of the bylaws covering same.

The local improvement construction bylaw providing for the building of an asphaltic sidewalk on the south side of First Avenue past the Central Hotel was finally reconsidered and adopted at last night's meeting of the city council.

Making the second of a number of calls that are scheduled here for the summer, the Admiral Line steamer Dorothy Alexander, Capt. A. T. Nickerson, with a large party of tourists on board, arrived in port at 7.20 this morning from Alaska and sailed at 10 a.m. for Seattle.

At last night's meeting of the city council a letter was read from Edward T. Applewhite, secretary of the Stewart-Hyder celebration, inviting the civic body to be represented at that celebration on July 18, 19 and 20. The invitation was accepted subject to the ability of any of the aldermen being able to make the trip.

The city council last night granted permission, subject to the usual conditions, to the Dominion Day celebration committee, representing Sons of Canada, Baseball and Football Associations and Boys' Band, to use the Acropolis Hill grounds on July 1 next. Permission was asked in a letter from H. A. Breen, secretary of the committee.

### "Brought Back My Strength"

"Lydia E. Pinkham's Vegetable Compound helped me to regain my strength. I was all run-down and very nervous and weak. Now I am able to work without that dragging, tired feeling. I first took the Vegetable Compound through the advice of a friend. I cannot praise too highly and I hope my testimony will induce others to take it." — Mrs. William Oulette, 76 Elm St., Berlin, New Hampshire.

## HIT-RUN IS DENIED

Tom Dybhavn Tells Circumstances of Collision Between Trolling Boats

Tom Dybhavn gave unequivocal denial this morning to a rumor which has been in circulation to the effect that his trolling boat, Palander I, had recently struck another trolling boat and ran away.

Explaining the circumstances of a collision with the Ada II, north-east of Shag Rocks on June 18, Mr. Dybhavn stated that the Palander I did strike the Ada II, a glancing blow on the port stern. The latter vessel had crossed the bow of the former and the quartermaster could not avoid the collision. The Palander I immediately heaved to and, despite Mr. Dybhavn's shouts and inquiries, the Ada II proceeded without stopping.

The collision occurred early on the morning of June 18, the Palander being inbound from North Island while the Ada was outbound. Mr. Dybhavn did not know until a few days later that it was the Ada which had been struck. If both boats had been holding true to their courses, it would have been impossible for such a collision to occur as did, Mr. Dybhavn declares.

## Lief Erikson Ladies' Club Has Meeting

The Lief Erikson Ladies' Club held a meeting at the home of Mrs. H. Hanson, Eighth Avenue East. There was a good attendance and one new member was welcomed. The proceedings came to a close with a social hour during which delicious refreshments were served.

### THE WEATHER

Dead Tree Point—Cloudy, light southeast wind; barometer, 29.76; temperature, 52, light chop.  
Triple Island—Cloudy, fresh easterly wind, moderate sea.  
Langara—Part cloudy, moderate easterly wind, sea calm.

## M'NAUGHTON IS HONORED

Presentation by Railway Associates to Popular Departing District Passenger Agent

Friends and associates in various departments of the Canadian National Railway service here gathered yesterday afternoon in the city ticket office to do honor to R. F. McNaughton, district passenger agent at Prince Rupert for many years, who has been promoted to the position of general agent, passenger department, San Francisco, and who will be leaving tomorrow morning, accompanied by wife and family, on the Prince Henry to assume his new duties in California.

On behalf of those assembled, W. H. Tobey, divisional superintendent, presented Mr. McNaughton with a handsome gold watch and chain as a token of esteem and well wishing. Mr. Tobey spoke fittingly in making the presentation, referring to the worth and popularity of Mr. McNaughton, the regret that was being felt at his departure and the hearty gratification of all that such a marked promotion in the service was involved.

Mr. McNaughton, taken completely by surprise with the honor that had been paid him, spoke feelingly in reply. It was not without many regrets that he was leaving Prince Rupert after so many happy years here, he said.

## BILL IS SCORED

Sweepstake Measure Denounced By Dr. F. W. Kerr

Trenchant criticism of Senator George H. Barnard, Victoria, and his bill to legalize the conducting of sweepstake lotteries in Canada was voiced by Rev. F. W. Kerr, D.D., formerly of Prince Rupert, in Knox United Church, Winnipeg, recently. Dr. Kerr was preaching on "Sweepstakes, Lotteries and Hospitals."

Senator Barnard's contention that "people are going to gamble anyway, so why not make capital out of it," would lead to the same situation as exists at Reno, Nev., claimed the preacher. Reno, he pointed out, contains many palatial gambling houses, in addition to many other gambling devices which meet the eye almost everywhere.

Contending that the Canadian Senate was not as active as it should be, and that he could not recall it having ever introduced an original bill of a constructive nature, Dr. Kerr said, that in the event of the senator's bill receiving sanction, every true Canadian would rejoice at the dissolving of the senate. It was appalling that such action should be taken by a member of the senate to legalize such a thing as lotteries which were contrary to the laws of Canada.

Condemning the principle of hospital sweepstakes, Dr. Kerr said he was in accord with certain articles from which he quoted, declaring that the hospitals were used on such occasions only as a means of placating public opinion.

Of the eight million dollars collected in the last Irish hospitals' sweepstakes, only a-quarter of it went to the medical institutions, the rest going to winners and the promoters, claimed the preacher.

These hospitals, continued Dr. Kerr, are maintained by voluntary contribution, and once the sweepstakes enter in competition with them, the donors stop their contributions.

## CARDINALS LOSE AGAIN

Slump Continued Yesterday With Phillies Winning—Athletics Drop Game

PHILADELPHIA, June 23.—The National League leading St. Louis Cardinals dropped another decision in their bad series with the Phillies yesterday. The Cards' lead remained two and a half games over the New York Giants, who lost to Chicago Cubs. Brooklyn Robins continued their upward swing with another defeat over the erratic Pittsburgh Pirates and are now but a single half game from first division.

In the American League, the Philadelphia Athletics suffered a reverse at the hands of the lowly Chicago White Sox. The Mackmen are leading the Washington Senators by four and a half games. Washington was idle with Cleveland Indians after a hectic series. Yesterday's scores:

**National League**  
Chicago 11, New York 4.  
St. Louis 3, Philadelphia 7.  
Pittsburg 2, Brooklyn 3.

**American League**  
Boston 7, Detroit 2.  
Philadelphia 2, Chicago 8.  
St. Louis 14, New York 10.

## This Looks Risky

Caption here should be—girl archer braves arrows in death flight. But it's all bunk—Alice Kern of University of Cincinnati is the smiling "victim." She must have read it in a book.

## Baseball Standings

National League		
	W.	L.
St. Louis	36	19
New York	34	22
Chicago	33	24
Boston	30	28
Brooklyn	28	29
Philadelphia	25	32
Pittsburg	23	34
Cincinnati	19	40

## Tuxis Boys of Terrace Will Go Into Camp

TERRACE, June 23.—United Church Tuxis Boys of Terrace will have a camp in August this summer. Rev. H. T. Allen will be in charge.

## District News

### VANDERHOOF

Murdoch McLeod, old timer of this district, died last Wednesday at the home of his sister, Mrs. George Snell, after a lengthy illness. He was born in 1872 in Prince Edward Island and came here in 1914, having been connected for some time with the Canadian National Railways. The funeral took place on Friday with Rev. R. G. Dunbar officiating.

John W. Sackner has just returned from the Nation River and Rainbow Creek mining fields. In addition to good values in placer ground, the gold sands also give promise of rich output, Mr. Sackner declares.

Heavy rains during the past week brought welcome relief and materially assisted in alleviating the forest fire situation which had done considerable damage.

The Vanderhoof and District Board of Trade is contemplating having an entry in a bathing beauty contest which will be held in connection with the celebration in July in Victoria of the diamond jubilee celebration of British Columbia entering Confederation.

Mrs. Denison sr. left last week for a vacation trip to Vancouver.

Mrs. J. W. Campbell has returned from a trip to Vancouver where her daughter, Miss Ena Campbell, recently graduated as a nurse from the Vancouver General Hospital.

A daughter was born last Wednesday to Mr. and Mrs. R. C. Abbott on their farm near Vanderhoof.

## Reorganization of Baseball League is Completed With Replacement of One Club

With Andy Donald withdrawing his Millionaires team and Jimmy Ciccone entering a team which will bear the title of Old Empress, mid-season reorganization of the Senior Baseball League was completed last night. Owing to Donald withdrawing his team so precipitately, it was impossible to play the scheduled game last evening and, through no fault of the Prince Rupert Baseball Association or other teams in the league, a large crowd of fans, which had gathered, had to be turned away, much to their disappointment. At a meeting of the executive of the baseball association, it was felt that an apology was owed to the public. Special precautions will be taken against another such occurrence.

## SPORT CHAT

"Opinions vary as to the value of particular games," says Dr. Cyril Norwood, headmaster of Harrow in England. "Personally, I rate lawn tennis and golf very low and place Rugby football very high." Let it be remembered, added Dr. Norwood, that in the public schools the game is played fairly, referees do not require police protection, and there is no veiled or open professionalism. Dr. Norwood was among the party of English headmasters who visited Canada last year.

The new Old Empress team will be managed by Harvey Fraser, and Benny Wendle will be its captain. It will probably receive some reinforcements in the way of additional players from other clubs in the league. The new team will meet the Elks on Wednesday evening.

**Prince Rupert Feed Co**  
PHONES 58 AND 558

Commander Sir Lionel Fletcher, R.N.R., retired, has been appointed captain of the British team which, under the auspices of the National Rifle Association, has accepted the invitation of the Dominion of Canada Rifle Association to shoot in matches in Ottawa under Kolarop and Mackinnon conditions as known at Bisley. The team will leave England by the Cunarder Ascania on July 24, arriving in Montreal on August 2, and will arrive home again travelling in ss. Aurania, by about August 29. An unofficial team in charge of Captain F. F. C. Webb, was in Canada last year, but this is the first official team to be here since 1902.

### MERCHANTS LINEUP

The Merchants team against the Regiment for tonight's Dominion Day Cup football game will be chosen from among the following: Menzies, Stiles, Douglas, Hill, Currie, G. Mitchell, L. Amor, S. Dickens, A. Dickens, McKay, Chenoski, H. Dickens, Hardy and Davies.

# Prepare Now For Prince Rupert's Fall Fair

This year the Prince Rupert Fair Board is offering substantial prizes for the best individual farm and garden exhibit.

There is a special prize for floral displays.

Several new classes have been added to the flower show section.

The tone of the fair will be improved by the exclusion of the ordinary sideshow touts, the sideshows being mostly in the hands of the Rotary and Gyro Clubs this year.

Growers throughout the district are cordially invited to exhibit this year and visit the city if possible during Fair Week.

Watch the Daily News for details, both before and after and during the time of the Fair.

The Flavor is just Right

# WHO'S WHO

(By Gee)

L. H. Newman

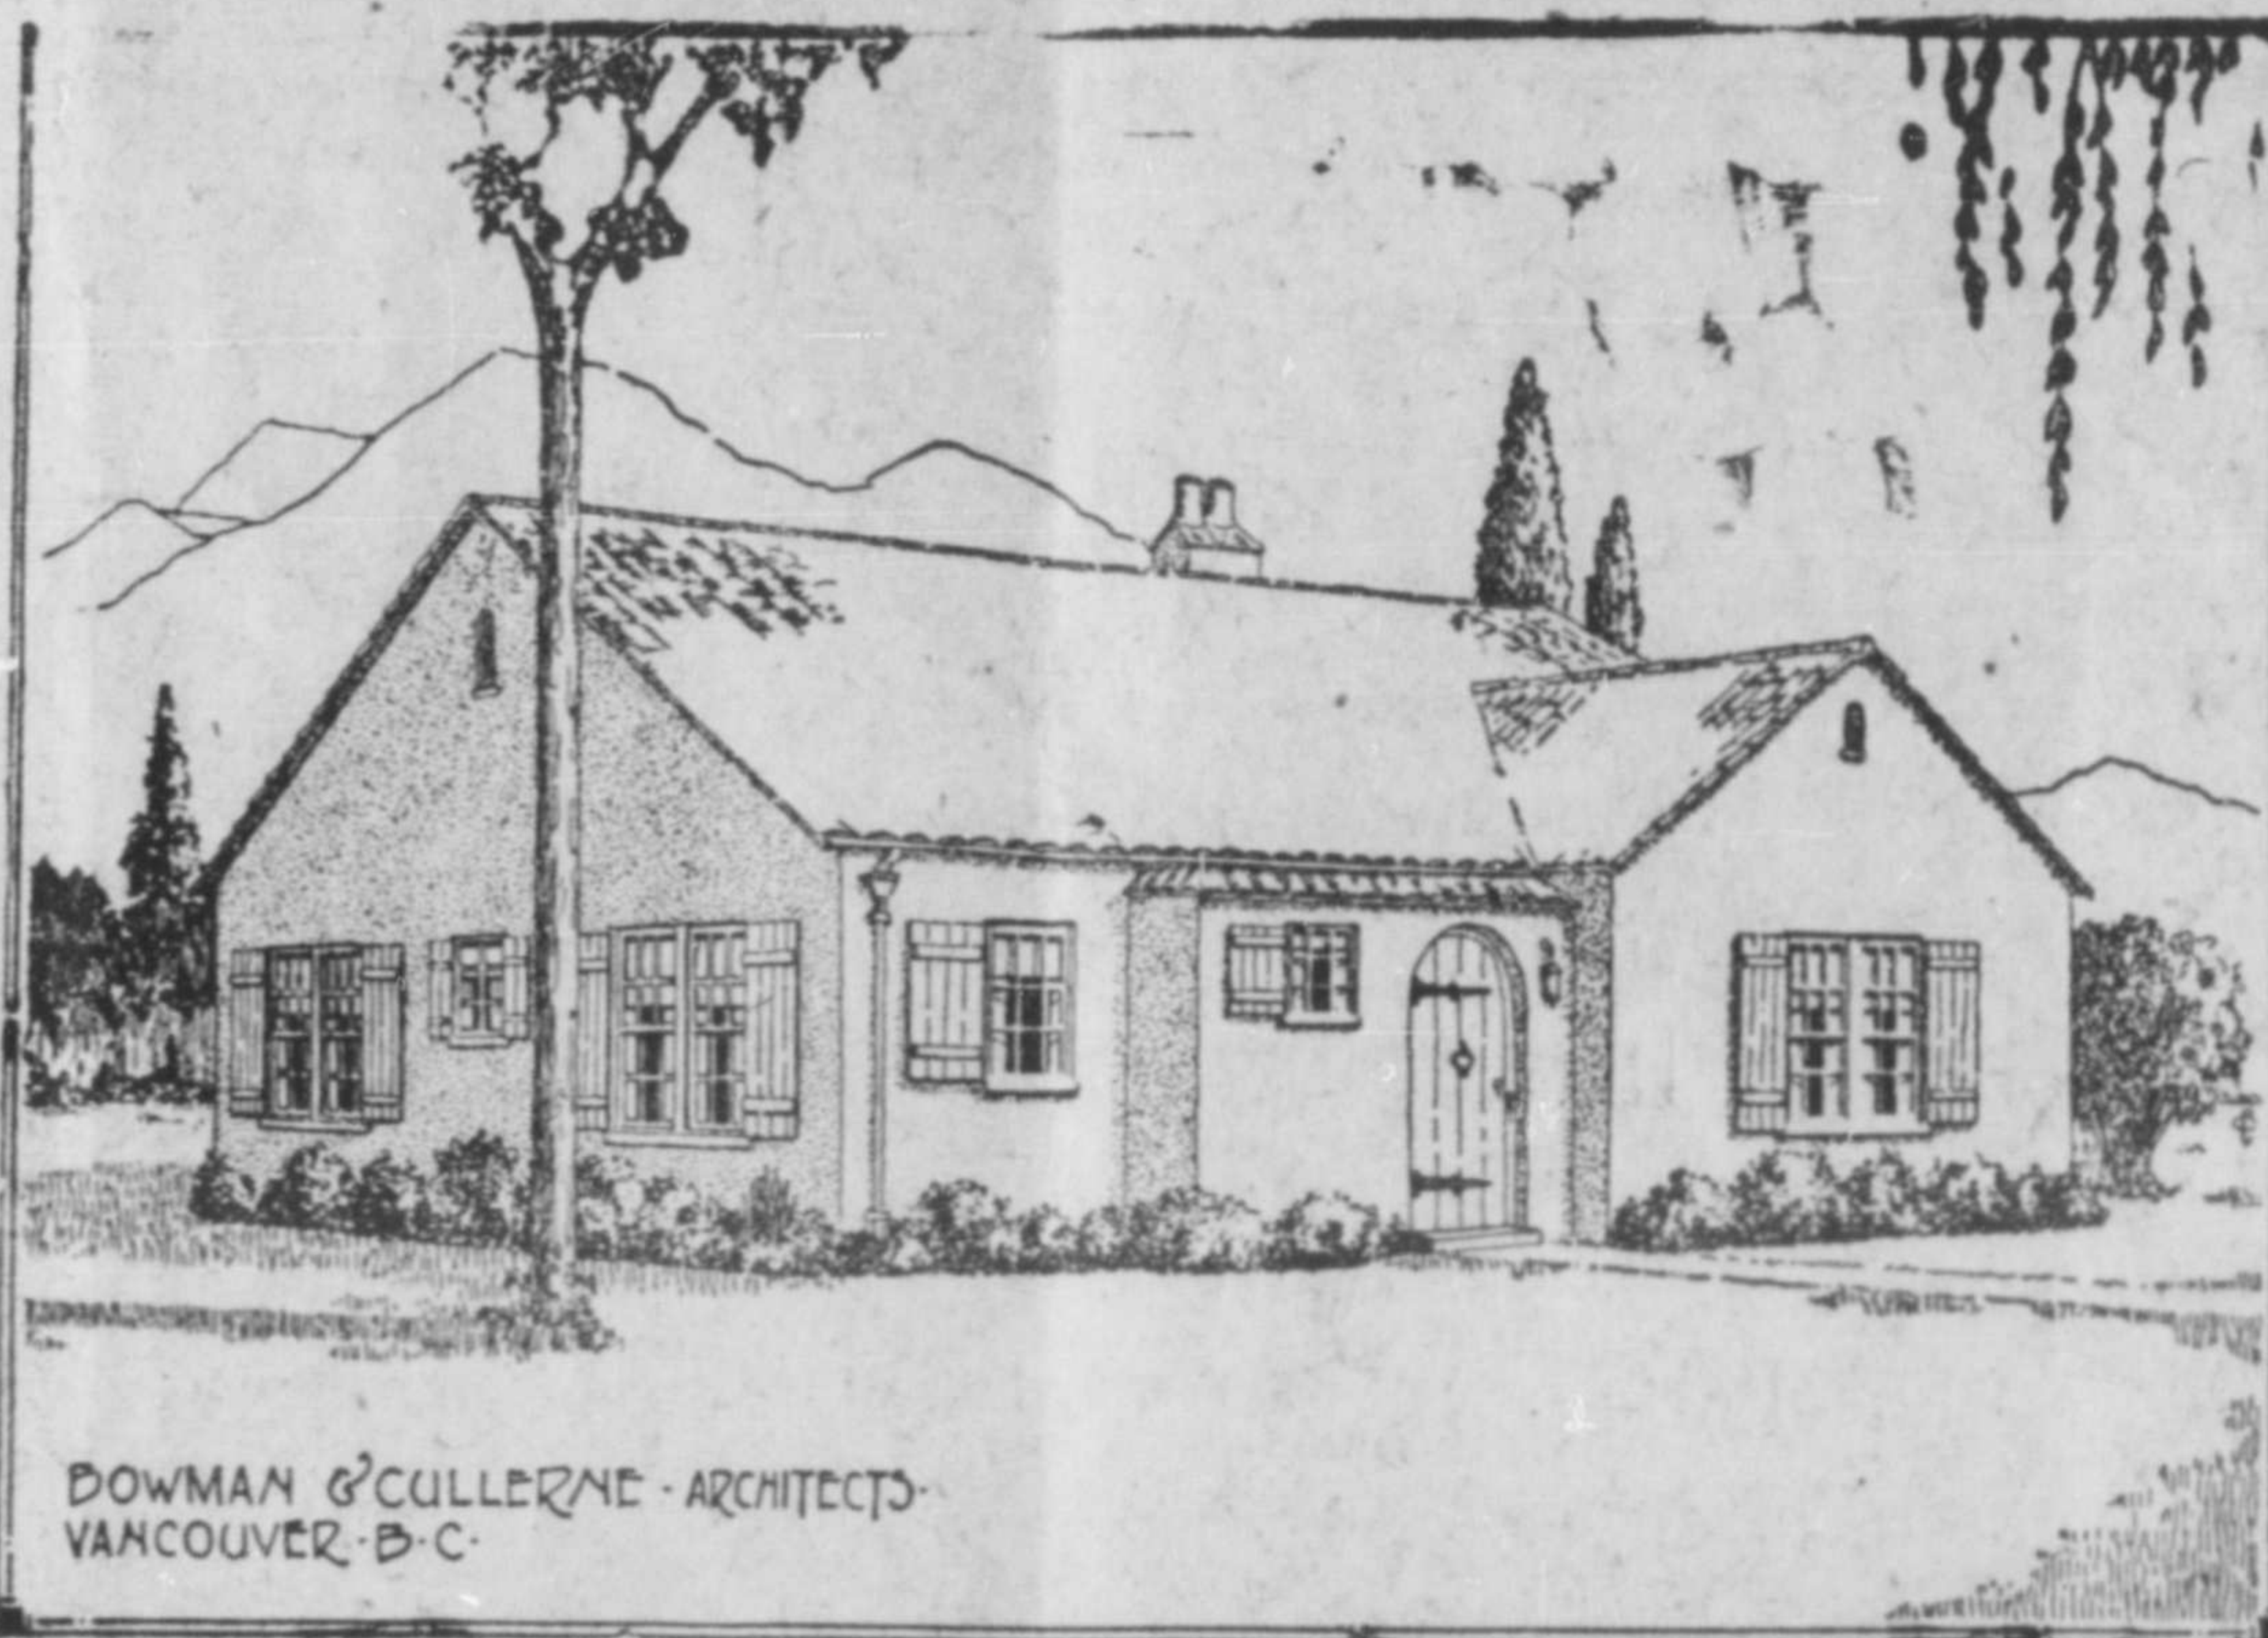

WHEN the time arrives to place the awards as set out in the generous cash prize list covering the competitive classes of the World's Grain Exhibition and Conference at Regina in 1932, L. H. Newman, Dominion Cerealists, will have completed the work assigned to him in this organization.

Mr. Newman is the chairman of the Awards Committee, and to him and those associated with him has been given the task of working out different awards, the classification for competitive exhibits and the hundred and one other things relating to competition which will make the 1932 world-wide event a successful undertaking.

Merrickville, Ontario, is the birth place of Mr. Newman. He was educated at the University of Toronto, receiving there a B.S.A. degree. He took special studies at the Iowa State College, the Cambridge University and Svalof, Sweden, in plant breeding. From 1905 to 1923 he was secretary of the Canadian Seed Growers' Association, being appointed Dominion Cerealists in 1923.

## Another Type of Bungalow COMFORT AND SATISFACTION

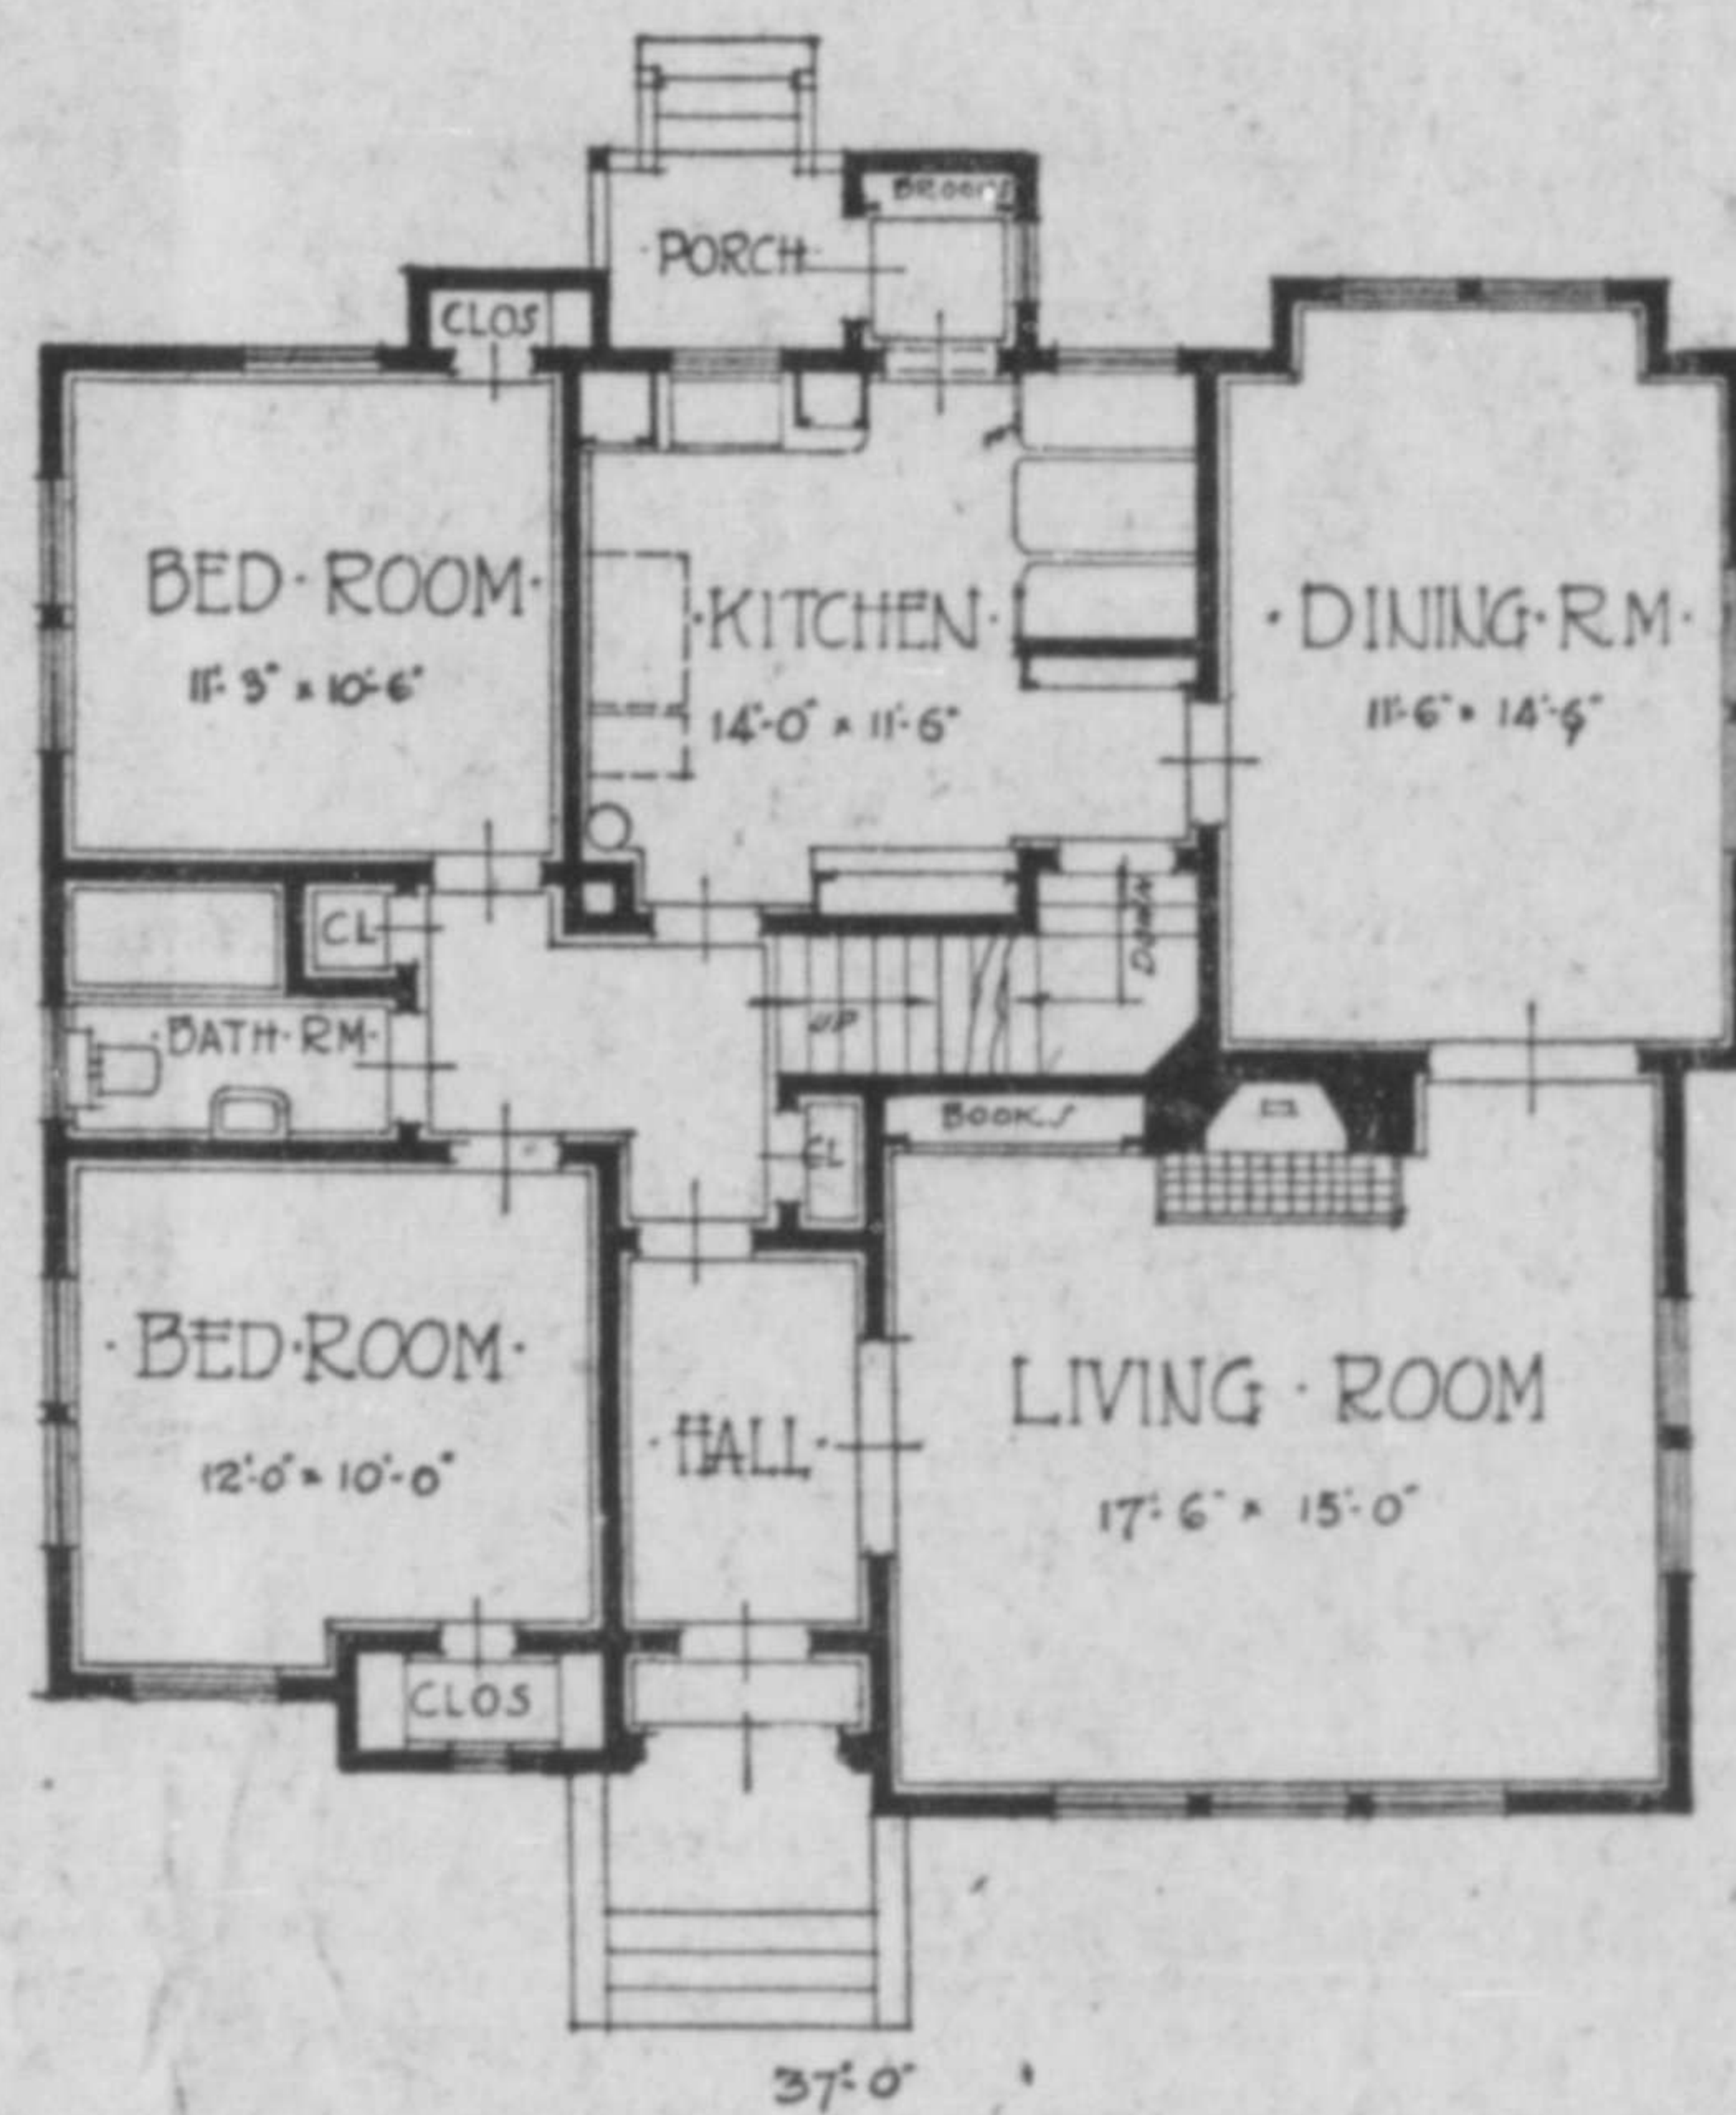

DOWMAN & CULLERNE - ARCHITECTS - VANCOUVER - B.C.

THIS sturdy little Spanish bungalow is extremely neat of design. The charm of the red tile roof and white stucco is added to by the typically Spanish mission chimney peeping over the ridge and the shutters on all the windows. A solid wooden door with long heavy wrought iron hinges forms an entrance in keeping with the general appearance of the house which is so suggestive of the old mission period.

One could not wish for a better layout than that shown in the floor plan. Every bit of space has been put to valuable use. Among other features of note are the breakfast nook in the kitchen, cabinet, range and table, bookcase in the living room and coat closet in the hall. Both bedrooms are equipped with closets and a modern bathroom occupies a splendid position between the bedrooms.

Few could resist this type of residence. No matter where placed or in what climatic conditions, this house would be homelike, as well as distinctive and would be a credit to any owner.

**Outline Specifications**  
 Size of House: 29' x 37'.  
 Suitable Lot: 50' frontage.  
 Walls: Stucco.  
 Roof: Red tile.  
**Built-in Features:** Kitchen cabinet, breakfast room, cupboards and bookcases.  
**Cubic Contents:** 19,350 cu. feet.  
**Approximate Cost:** \$6,000.

### Stucco Stays on; Good Job With it Is Not Accidental

Correct Application Means Permanence

PEOPLE ask about stucco. They want to know whether it will stay on the wall, what effect climate has, sea air, regions of the Great Lakes, winter, wood lath.

Once we thought in order to get a good stucco coat it had to be very rich, and, when it did not work out always, we thought the lath should be put on differently. Then many different devices for attaching the lath so as to get manifold keys were employed. Some economical soul managed a way of scoring boards to take exterior stucco. But none of these methods worked.

Now we use metal lath. Metal lath fastened with metal furring devices if wood frame construction is used, otherwise well burned brick or concrete blocks or tile. That's the beginning of the job. It has to be well done. Foundations have to be strong walls braced. We can't have them moving after the stucco is on. Lap the metal lath, nail it well, run it around the house—not up and down—turn it around corners, make it tight, don't over nail it, keep it away from the backing.

Then use cement stucco. Put it on the way the manufacturers have worked it out. Thousands of tests have been made, specifications have been prepared by men who are competent, experts, technical scientists. Thus all the mystery has been removed. Get the backing on right, get the stucco on right, use the right kind of materials. Satisfaction is assured, but there is a lot more to it than can be read here.

It takes good workmen. This plastic material can be put on a half inch thick or more. The men who skin the job put it on thin. The good men make it thick. There should be an inch of it. Also, this plastic

material holds potentialities for the good modeler such that he may make it a delight to see. Unfortunately, also, anyone who slings mud can dabble in it.

Stucco surfaces have been worked out technically. We can be assured of certain different textures by following certain formulae.—Copyright 1930. The Architects' Small House Service Bureau.

### Maynard House Is Sold By City

Victor Johnson Purchaser of Property on Eleventh Avenue

The Maynard house on Eleventh Avenue, which was built under the Soldiers' housing scheme, is to be sold by the city to Victor Johnson for \$750, no interest, at the rate of \$15 a month. A recommendation to this effect from the finance committee was adopted by the city council last night. The aldermen thought that the deal was satisfactory to the city.

M. A. Marley, manager of the Big Bay Lumber Co.'s local sawmill, called on the Prince George yesterday afternoon for a business trip to Vancouver.
