## LIBERAL LEADER'S KEYNOTE SPEECH

## SEATTLE COUNCIL HURLS GAUNTLET DOWN TO MAYOR

### Confidence Is Voted In Official Fired By Edwards Election Eve

Impeachment of Puget Sound City Chief Magistrate Requested by Citizens' League, But Decision Reserved

SEATTLE, March 17.—In a dramatic session here, yesterday afternoon, the city council openly threw down the gauntlet to Mayor Frank Edwards, even going so far as to discuss his impeachment. The council, with the single exception of Ald. Erickson, voted confidence in J. D. Ross, veteran superintendent of the light department, whom the mayor dismissed from office on the eve of the recent civic election. The council further intimated that it would insist on Ross' reinstatement by refusing to confirm any successor whom Mayor Edwards might nominate.

### LEAVES FOR VANCOUVER

Departure of Rev. John Kennedy From City Regretted

Rev. John Kennedy, who has been supplying in the pulpit of the First Presbyterian Church for the past six months, returned to Vancouver on today's boat.

At the special request of Rev. Dr. McBeath, a friend of many years' standing, Mr. Kennedy remained to induct Rev. W. D. Grant Hollingworth last evening.

Mr. Kennedy has had a wide experience both home and abroad. As a student in the mission fields of Alberta, he had the honor of being under the supervision of the great superintendent and statesman, Rev. Dr. Robertson.

During his stay in Prince Rupert Mr. Kennedy has associated himself with other organizations in the city and has made many friends who all regret his departure and wish him every success in his new sphere of labor.

The council referred to committee-as-a-whole, a request from the Citizens' League for impeachment of Mayor Edwards on eleven specific charges. These charges have largely to do with appointments made by Mayor Edwards which are claimed to have been not in the public interest.

The vote of confidence in the former light superintendent came after Mayor Edwards had presented his report as to why Ross had been dismissed. Ross' reply to charges made by Mayor Edwards was also read.

### UNDERWENT MAJOR OPERATION ON MONDAY

SEATTLE, March 17.—J. D. Farrell of Seattle and Beverly Hills California, underwent a major operation in a hospital yesterday. It is hoped that he will make a speedy recovery.

### City Council To Lead Crusade With View To Having Province Put Downtown Block On Market

After hearing a letter from the provincial superintendent of lands who announced that, after giving the matter careful attention, it had been decided that the time was not opportune to place the old Court Square on the market so action to this effect had been deferred, the city council, at its meeting last night, implemented a suggestion from Mayor C. H. Orme that the council head a crusade with a view to getting this valuable downtown property on the public market. The idea of the mayor was that all public and semi-public bodies in the city be requested to show the government with petitions to sell the block. His Worship felt that everyone in Prince Rupert heartily favored this property being disposed of by the government. It would bring a large amount of money to the city in the way of taxation besides making excellent property in the centre of the business section available for building purposes. He thought that the government should, at least fix a fair upset price on the property so that prospective buyers might have a chance to purchase.

### Canon Rushbrook Was Honored By Senior Boys' Club

Last evening the senior boys' club of St. Peter's Church raided the home of Canon W. F. Rushbrook and took possession. Approach to the house was heralded by St. Peter's battle cry.

After games and refreshments the club presented the Canon with a very beautiful framed picture of a Prince Rupert sunset. The Canon made a happy reply. Then to Tom Barton, physical instructor, was given a fountain pen in appreciation of his efforts on behalf of the club.

Song singing and rousing cheers brought an exceptionally fine evening to a close.

The club ceases its weekly meetings at the end of this month until completion of the new parish hall. St. Peter's through its club, gives moral and physical inspiration to some thirty boys.

### INDUCTION OF PASTOR

Rev. W. G. Hollingworth is Formally Installed as Presbyterian Pastor

### Large Attendance

Reception is Tendered to New Minister and His Wife

The induction of Rev. W. D. Grant Hollingworth, B.A., to the pastoral charge of First Presbyterian Church here took place last evening in the church in the presence of a large congregation composed of members and adherents of the church and also of ministers and representatives from the other churches of the city.

The service of induction was in charge of Rev. J. Kennedy, assisted by Rev. H. C. Fraser and the representative elder J. W. McKinley.

The sermon, which was appropriate to the occasion, was preached by Mr. Kennedy, who took as his text: "Speak unto the children of Israel that they go forward." Mr. Fraser briefly related the steps which led to the congregation deciding to call Mr. Hollingworth to be minister. Mr. Kennedy then proceeded with the ceremony. (Continued on page six.)

### GRANTS ARE INCREASED

Government to Pay Cities Much More Than Before on Teachers' Salaries

A letter from the superintendent of education announced to the city council last night that it was proposed at the present session of the Legislature to so amend the Education Act as to permit of materially increased grants by the government to municipalities in respect to teachers' salaries. In second class cities, it was proposed to raise the grant to 45 per cent., this also to apply to dental surgeons and nurses in connection with schools.

Explaining more definitely what the amended grant by the government would mean, Mayor Orme pointed out that, on a \$1800 salary for instance, the government would now pay \$720 as against \$420 formerly, or an increase of \$300. Grants on all teachers' salaries would be proportionately increased.

The proposed new legislation is designed to come into effect in April, this year.

### FARMER IN RASH ACT

Tragedy at Royal Park, Six Miles North of Vegreville, Yesterday

VEGREVILLE, Alberta, March 17.—Killing his wife with a blow from a broad axe as she was milking a cow yesterday, Steve Jahnski, aged 40, a farmer at Royal Park, six miles north of here, set fire to his straw stack, climbed on top drove a knife three times into his body and died.

Jahnski sent a note with his young children to his wife's brother advising him of his deed.

### ENGINEER IS COMING

### Frissell Missing

Untold Suffering and Misery Was Endured by Stranded Men On Ice Floes.

St. JOHN'S Newfoundland, Mch. 17.—Capt. Abram Kean and 117 men of his crew on the sealing steamer Viking, which exploded and sank off Horse Island Sunday night with the loss of twenty-five lives, have reached Horse Island after twenty-four hours of suffering and misery on the ice floes. News to this effect came from Liss O. Bartlett, 18-year old wireless operator on the Island.

Among the missing are Varick Frissell, young New Yorker, who was making sound movies of the ocean; his companions, A. E. Penrod, cameraman; Russell Harry Sargent, explorer; Capt. W. Kennedy, navigator; J. Murphy, chief engineer; F. Fennell, second engineer; H. Hanniford, third engineer; Dr. W. J. Roach, ship's physician; C. King, wireless operator; and S. Ulett, steward.

The mate, Alfred Kean, is still on the ice with a broken leg.

A dory, containing seven men, five of whom appeared to be badly hurt, was seen at daylight today five miles off Labrador attempting to reach Horse Island, but their success appeared to be doubtful. There are only five houses on the Island in which the inhabitants are sheltering survivors of the tragedy. There were no medical or food supplies pending the arrival of a rescue ship which was expected this afternoon.

ST. JOHN'S, NFD., March 17.—Premier Sir Richard Squires read yesterday a message from Horse Island stating that a portion of the crew of the sealing ship Viking had arrived. It is reported that men were lying on ice floes which have broken up. The Assembly adjourned after hearing the message.

### Owners Advised

NEW YORK, March 16.—Bowling Bros., Ltd., owners of the Sealer Viking, received word yesterday that the Viking exploded off Horse Island, White Bay Newfoundland, killing twenty persons. The message said that men walking ashore reported twenty dead. All the crew have not landed yet. A steamer with doctors and nurses on board has been despatched to the assistance. Only meagre information is available.

The Viking, when the tragedy occurred, was chartered for taking motion pictures on the Atlantic Ocean.

The bodies of the injured were horribly mutilated in the explosion, many losing legs and arms or both.

Ranks of the Workless Have Been Swelled Rather Than Diminished, Says Opposition Chief—Condemns Unfriendliness to Mother Country

OTTAWA, March 17.—Speaking for four and a half hours in one of the longest addresses that has ever been heard in the House of Commons, Rt. Hon. W. L. Mackenzie King, leader of the Liberal Opposition, yesterday opened fire on the Bennett government. It was the Liberal keynote speech in the debate on the reply to the Speech from the Throne. Former Premier King directed his fire almost entirely at Premier Bennett, particularly attacking the Prime Minister's attitude at the Imperial Conference.

Mr. King moved an amendment to the reply that the policies of the government had failed to produce a remedy for unemployment but had, on the other hand, swelled the ranks of unemployed. The amendment criticized the proposals of the Prime Minister to the Imperial Conference, asserting that these proposals had been responsible for the failure of the conference. It declared that, if the policies of the government persisted, "very serious conditions which exist at the present time will be intensified rather than relieved."

Mr. King asserted that Mr. Bennett's method of approach to the Imperial Conference resembled nothing more closely than the presentation of an ultimatum to an unfriendly nation on the eve of war. He charged that the Premier had attempted coercion with respect to the government of Great Britain, that he had interfered in the domestic politics of the Mother Country and that he had assumed a petulant and childish attitude when his proposals were criticized by Rt. Hon. J. H. Thomas in the British House of Commons.

Mr. King predicted failure of the forthcoming economic conference in Ottawa if Premier Bennett did not change his attitude and proposals.

### RELIEF TO SHUT OFF

City Will Not Continue After End of March, It is Announced

It is officially announced that direct relief will all be cut off by the city at the end of March, owing to the appropriations for that purpose having become exhausted. This applies to both meal tickets and the provision of groceries for those living in cabins. The departments handling these will be definitely closed and, from that time, the men will have to rustle for themselves.

### Eliminate New Income Tax and Boost Liquor Prices Is Policy Advanced by Member for Skeena

VICTORIA, March 17.—Criticizing the intention of the government to bring in a tax on incomes over \$12 per week which, he said, would take some of the bread and milk from the tables of the poor, Dr. H. C. Wrinch, Liberal member for Skeena, appealed to the ministry in the Legislature yesterday to raise the exemptions in the new tax to clear those on whom it would fall too harshly. He maintained that a graded tax would be fairer.

In place of the additional income taxation, the province might well follow the example of Ontario and raise the prices of liquor. Dr. Wrinch said. This, he declared, would not take food off the tables of the needy and would be borne by those who could well afford to pay.

Hon. N. S. Lougheed, minister of lands, defended the government's highway policy in the construction of roads in British Columbia. He declared that the work would be an investment of permanent nature, yielding a dividend of six percent annually. He advocated the sending of a British Columbia lumber commissioner to the United Kingdom where, he said, there would be opportunity of increasing the timber exports of the province.

### TRIAL IS RESUMED

Bowles-Loucks Murder Hearing is Proceeding Again

HILLSBORO, March 17.—The trial of Nelson C. Bowles, wealthy young Portland broker, and his paramour, Irma G. Loucks, got under way again yesterday. Bowles and several members of the jury were sufficiently recovered from recent attacks of influenza to return to the courtroom.

DAILY EDITION Tuesday, March 17, 1931

**WORK TO PROCEED**

It is satisfactory to hear that while work has shut down on the highway the Provincial Government is making provision for continuation as soon as weather conditions improve. This means that the work will no longer be considered relief work and men employed will be those fitted to road construction and 100 per cent. efficiency will be required.

This is the beginning of the close down of relief. The city appropriations also have been exhausted and relief expenditures will be stopped at the end of the month.

**ABUSE OF RELIEF**

Many stories are heard of the abuse of the relief measures during the past winter. It is probable that should there be a recurrence of the conditions obtaining this past winter the method of relief will be changed to enable men to receive it to give service for the money received. Any scheme which does not include such a provision should be discarded.

The Daily News is not critical of what had been done. It was necessary to act quickly and make suitable provision. Now that the experimental period has passed a change will undoubtedly have to be made in the system and we believe the mass of the citizens will agree that this is desirable.

**CRITICS OF GOVERNMENT**

Outside of the official leaders of the opposition in the legislature the chief critics of the Tolmie Government in the province have been Conservatives. They have been very outspoken in their comment and have gone so far as to pass resolutions of condemnation in their associations. Some have gone so far as to openly ask for the return of V. J. Bowser, a former Premier, to form a Government in place of the one at Victoria. Under these conditions it is difficult to see how the present administration can long retain office. They have been criticized by their own followers and by their own newspapers but they have a safe majority in the Legislature and presumably intend to carry on until conditions improve or they are forced from office.

**Indigestion**

When chronic, is best relieved by Dr. Chase's Kidney-Liver Pills

In most cases, indigestion results from torpid liver and sluggish bowel action. Tablets for the stomach and aids to digestion fail in this chronic form of indigestion. You must get the filtering and excretory organs right before you can expect permanent relief and this is best accomplished by the use of Dr. Chase's Kidney-Liver Pills.

Chronic indigestion is a very common condition. On this account many suffer for years not realizing that relief is at hand in the form of Dr. Chase's Kidney-Liver Pills. Headaches, biliousness, spells of constipation and diarrhoea are among the accompanying ailments.

What a relief it would be to be free of this condition which makes one feel so miserable and it is so easy by using this well-known regulator of the liver, kidneys and bowels.

VANCOUVER, March 17. — The hopes of the Vancouver Lions of finishing in first place in the Pacific Coast Hockey League further dwindled last night when they failed to overcome the one goal of the game which the Portland Buckaroos scored 15 minutes after the start of the second period. It was an exciting contest with both teams turning in stellar defence performances. The Lions assailed Andy Aitkenhead's charge with a fierce attack in the last ten minutes but were turned back by a wonderful Buckaroo defence.

If the Lions are to get back in first place they must win the remaining two games in the schedule at Portland on Thursday evening and Seattle on Friday.

This afternoon's train, due from the East at 3.30, was reported this morning to be on time.

Mrs. Dora Larsen was fined \$5 with option of two days' imprisonment, by Magistrate McClymont in city police court yesterday on a charge of vagrancy.

Lots just west of St. Andrew's Anglican Cathedral, on Fourth Avenue West are now being cleared preparatory to the erection there of a residence for the bishop.

Some of the more important jobs having finished up, a number of men have been laid off from the local dry dock recently but it is stated that there is no truth to a rumor which has been circulating that the plant might close down entirely.

The report of Fire Chief D. H. McDonald for the month of February, presented to the city council last night, announced that there had been five fire alarms during that month with damage of \$7.70. Expenditures of the department for the month had amounted to \$1129.05. The usual inspections had been made of fire equipment which was found to be in good order.

George Wilson, formerly business manager of the Daily News and now manager of the Mining and Industrial Record of Vancouver, writes that he expects to have a visit in May from his mother and father, whose home is near Glasgow, Scotland, and that, during their stay on the coast, he may bring them up to see Prince Rupert about which place they have heard so much.

Mrs. Annette Woods of this city was congratulated over the air from radio station KJR in Seattle last night on the occasion of her birthday. Incidentally, a number was played in her honor, on request of Mr. and Mrs. J. Duffet of Hyder. She is the well known proprietress of "Annette Ladies Ready to Wear." An Ocean Falls request was also played during the evening by the same station.

In response to inquiries, City Engineer F. N. Good stated at last night's council meeting that three school zone signs were all ready for installation in the vicinity of the intersections of Fifth and Sixth Avenues on Fuiton Street. After some discussion, it was decided to leave the location of the signs to the discretion of the engineer. The necessity of such signs had been brought up some time ago by Ald. S. D. Macdonald.

Ald. Collart drew attention at last night's council meeting to the dangerous condition of the sidewalk on the west side of Fifth Street between Third Avenue and Fraser Street. Ald. Rudderham pointed out that a construction bylaw for a new sidewalk here had been passed and the Board of Works was just awaiting word as to finances before going ahead with the work. The old sidewalk had already been barricaded off, the city engineer stated.

The Annette Fashion Show. Some of the most beautiful coats and gowns ever displayed here were shown last night. Many of these are copies of New York and other eastern spring revues. Lace ensembles were the outstanding feature for afternoon or evening wear. Printed georgettes, ensembles, the new fur fabric half coats, tweed coats, etc., were shown to advantage by the following models: Misses Vivien Hickey, Nellie Gurvich, Verna Brochu, Lil Iverson Olive Brown, Ruby Krikevsky, Victoria Krikevsky and Pebble Stone. The finale of the fashion revue was the bride attended by two bridesmaids.

"Do Not Hesitate to Try It"

"Your Vegetable Compound is a good medicine. Anyone who is in poor health should not hesitate to try it. When I was taking the Vegetable Compound I tried the sample Liver Pills I found in the package. I have taken them every night since and I can feel myself improving. I am so thankful for the good they do me that I have told several women about it."  
Mrs. G. W. Posliff, 263 Huron St., Stratford, Ontario.

The Little Beauty Parlor, Mrs. Sutherland, will be opened for business March 19 with the latest and up-to-the-minute ideas in beauty culture. 64

Accounts of the city for the two weeks ending March 13 totalling \$26,570 were passed for payment at last night's council meeting. The list included \$435.40 in relief disbursements during the fortnight.

A recommendation from the finance committee, that an application of Thomas McClymont to purchase tax sale rights to lot 5, blk 8, section 7, for the sum of \$24.22 plus interest be accepted was adopted by the city council last night.

The city council last night gave the order to McRae Bros. Ltd. for supply, at a tender of \$172.83, of 1931 literature to the civic reading room. The only other tender was one of \$174 from Rose, Cowan & Latta. Ald. James Black mentioned that the cost of reading literature seemed to be mounting gradually year after year.

Doug. Frizzell, who has been on a two-months' holiday trip in the course of which he travelled via California and the Panama Canal to New York and Montreal, thence home across the continent, stopping off at a number of the large cities enroute, returned home on this afternoon's train. The trip was a wonderful experience, he says.

D. G. Esselmont of the Crawford Transfer Co. Ltd. staff at Stewart was a passenger aboard the Catala this morning bound for a trip to Vancouver.

Mrs. Charles Barrett of Barrett Lake, who arrived in the city on Sunday from the interior sailed this afternoon on the Catala for a trip to Vancouver.

G. E. Gulick, local manager of the Swift-Canadian Co., returned to the city on the Catala this morning from a brief trip to Stewart on company business.

Mrs. Ella Shumway, who has been visiting at Billmor with her daughter, Mrs. B. E. Morgan, will leave on tomorrow morning's train returning to her home near Minneapolis.

Union steamer Catala, Capt. A. E. Dickson, returned to port at 10 o'clock this morning from Anyox, Stewart and other northern points and sailed at 1.30 this afternoon for Vancouver and waypoints.

Speaking before the Gyro Club in Victoria last week, Mrs. E. L. Crawford, who has not been outside the Peace River district since she went there in 1913, urged, among other things, a Pacific Coast outlet for the northern agricultural country.

John A. Anderson, road superintendent for Atlin district, who has been visiting Stewart on official duties, arrived in the city on the Catala this morning from there and will proceed tomorrow afternoon on the Prince George to his headquarters in Anyox.

Northland Navigation Co.'s motorship liner Northland, Capt. Len Williams, bound from Ketchikan to Seattle, called in port from 7 o'clock to 9.30 this morning to discharge a carload of fresh fish for transshipment East over the Canadian National Railways.

On recommendation of the finance committee, the city council last night agreed that lot 16, block 26, section 1, should be exchanged with Nick Gurvich for lot 7, block 22, section 5, on which a city sewer was built last year, providing he pays the sum of \$200 and the 1931 taxes. Ald. Collart, chairman of the finance committee, thought the deal would be advantageous to the city as there would be considerable more taxes forthcoming from Mr. Gurvich's new lot which is located on Third Avenue.

## Flower Society Asks City Help In Beauty Plan

The Prince Rupert Flower Society had a letter before the city council last night asking for assistance in the way of pulling stumps and hauling soil in connection with a plan Fulton Street to Fourth Avenue W. for beautifying the elnder trail from The matter was referred to the Board of Works for report. Sympathy was expressed for any move such as this towards beautification of the city's appearance.

## CANADIAN MADE GOOD

Career of Late C. Howard Smith Was Marked With Great Success in Paper Trade

MONTREAL, March 17—C. Howard Smith, president of the Howard Smith Paper Mills Ltd., and former president of the Canadian Manufacturers' Association, who died here suddenly yesterday of heart failure at the age of 58, was another example of a Canadian who made good in a big way. Born at St. John's, Quebec, 1873, he was educated in the public and High Schools there and commenced his career with his late father, Edgar Russell Smith, in the publishing and printing business in the little town of his birth. Joining the Canada Paper Co. for one year, he accepted the management of the Kinleith Paper Mills where he stayed for three years. Starting in business as a paper jobber in 1900, the late Mr. Smith in 1912 organized the Howard Smith Paper Co. and, after building his first mill at Beauharnois for the making of high grade paper, he organized the Howard Smith Mille Ltd. The high grade paper met with tremendous popularity and in 1916 it became necessary to purchase the mill at Crabtree Mills, Quebec. In 1919 Mr. Smith purchased all shares in Toronto Paper Co. at Cornwall and became president, adding four machines and one pulp mill to the production of Howard Smith Paper Mills. Eventually he became president or director of many of the most important pulp and paper companies in Ontario and Quebec.

Outside his own business, the late Mr. Smith's talents were also recognized and he became president of the Canadian Pulp and Paper Association in 1917 and president of the Canadian Manufacturers' Association from 1923 to 1924. Besides his widow, the late Mr. Smith is survived by one son, Edward Howard Smith, managing director of Howard Smith Paper Mills Ltd. His recreations were golf and horses. In politics, he was a Conservative.

The case of Mabel Tibbits, charged with being the keeper of a disorderly house, occupied all this morning in city police court, before Magistrate McClymont and was adjourned until this afternoon. E. F. Jones, city solicitor, is prosecuting while T. W. Brown is acting for the defence. Charges against Mabel Raleigh and Andrew Swanson of being inmates will be proceeded with after the Tibbits case is disposed of.

## Our City of Prince Rupert

Nestling at the foot of a mountain and partly surrounded by a beautiful sheltered inlet; blest by nature in having a lovely situation, picturesque foliage, a mild and equitable climate, invigorating and delightful, the city of Prince Rupert is destined to become one of the beauty spots of the world.

Providence has been kind in granting to the district wealth in its natural resources far exceeding that of the storied Indies or the Eldorado of the early discoverers. Fish, timber, mineral and water power abound and invite the attention of the men who would use them.

Added to these advantages the district has the nucleus of an intelligent, a warm hearted and virile population such as have been noted in the past for their deeds of valor and achievement.

The city has all the essentials to human happiness and development. It has splendid schools, a well stocked and efficiently administered public library and churches to suit all tastes. Its theatre is up to the moment in equipment providing entertainment of the very best. Almost every organization of a social and fraternal nature on the continent is here.

The largest fresh halibut market in the world is located in the city and also the largest fish cold storage

plant in the world. It is in the centre of the most prolific salmon fisheries in Canada. Pulpwood is going to waste waiting only organization of capital to establish large industries right here. Finally there is plenty of power being provided by the most up to date plant in the country.

The harbor is not only beautiful—it is one of the finest in the world, large, well protected and easy of access, near the ocean and five hundred miles nearer the Orient than any other on the North Pacific Coast having transcontinental service.

What more could be asked? It is because of these things that the Daily News has time and again stated its belief that Prince Rupert has greater prospects of advancement than any other city of its size on the continent of North America.

It is not suggested here that Prince Rupert is a place for people seeking employment. It is not. There has been unemployment in the city during the past winter and practically all local people have suffered more or less as a result of the financial depression. It is to those who see far enough ahead, who are willing to take a chance and who are ready to lend a hand in developing the natural resources of the district, we say: "Prince Rupert is the best bet we know!"

## Country Readers of "The Daily News"

To the readers of the Daily News who live out of town, we suggest that the classified columns of the paper provide an excellent medium for the disposal of articles they may have for sale or exchange.

Last season a lady at Smithers did a large business in selling fresh eggs direct from the farm by advertising in this paper.

Chickens, implements, household goods, boats, fishing gear, guns, cordwood, furs and dozens of other articles may be disposed of. The charge is two cents a word but six times goes for the price of four.

Many people get good results. Why not you?

INDUCTION OF PASTOR

(Continued from Page One)

mony of inducting Mr. Hollingworth to the pastoral charge of the congregation, after which he delivered the charge to the newly inducted minister. Eloquent and earnestly Mr. Kennedy stressed the great importance of prayer in the life of the minister who, day by day, sought to influence for good the lives of the people under his pastoral care. He told of the great men of the Presbyterian Church whom he had met and worked with, and that all those who had had the greatest influence upon his life, and upon his work as a minister in the old land and in the great Canadian West had all been men of prayer.

Mr. Fraser then delivered the charge to the congregation and told what the congregation could expect from the minister and what the minister could expect from the congregation. He briefly reviewed some of the duties of the minister; his pulpit work, organization work, visiting the sick, pastoral calls and then stressed the importance of the congregation seeing that their minister had time for quiet study and meditation.

Reception Is Held

After the induction service a reception for Mr. and Mrs. Hollingworth, arranged by the Ladies' Aid of the church, was held in the church hall. Mr. and Mrs. J. W. McKinley, Mrs. D. C. Stuart, and W. W. C. O'Neill received the congregation and visiting friends and introduced every person present to Mr. and Mrs. Hollingworth. Mrs. Wm. Anderson and Mrs. S. Massey poured and delicious refreshments were served by the members of the Ladies' Aid, assisted by the young ladies of the congregation under the joint convenship of Mrs. W. W. C. O'Neill, and Mrs. A. C. Clark, assisted by Mrs. H. M. Foote, Mrs. C. Ham, Mrs. I. Waugh, Mrs. R. Cameron, and Mrs. Moxley. The table was beautifully decorated with green candles and Irish emblems and the walls of the hall gaily decorated with shamrocks and green and white emblems and streamers.

A short program of music and addresses followed under the chairmanship of J. W. McKinley. Short addresses of welcome to the new minister and his wife were delivered by Very Rev. Dean Gibson, Commandant Kerr, Rev. C. E. Motte, Rev. Dr. Dafeo, Rev. Mr. McKenzie, P. H. Linzey and Miss I. Haddock who represented Rev. A. Wilson. Rev. J. H. Hanson was also present and brought greetings from his congregation.

Mrs. J. Waugh and Mr. J. A. Teng, accompanied by Mrs. J. S. Black, rendered beautiful solos during the reception, while J. E. Davey, accompanied by Mrs. H. C. Fraser, sang during the induction service.

At the conclusion of the reception, W. W. C. O'Neill, on behalf of the congregation, expressed the deep debt of gratitude the church owed to Rev. J. Kennedy for so faithfully remaining here during the vacancy and for his splendid services during that time and for taking charge of the induction service. Mr. O'Neill then presented to Mr. Kennedy a beautiful parting gift as a small token of the esteem which the congregation bears to him. Mr. Kennedy suitably replied.

The meeting closed with the audience singing the Doxology.

HALF OF SEAL COVE CIRCLE TO BE GRADED

The city council last night gave introductory readings to a local improvement bylaw providing for the grading of the northeast half of Seal Cove Circle between Fifth and Seventh Avenues.

Inaugurating the company's ten day spring schedule to Alaska, C. P. R. steamer Princess Norah, Capt. Albert Rippon, will arrive here tomorrow morning from Vancouver enroute to Skagway. The vessel's schedule calls for her to return here southbound next Sunday afternoon.

Miss E. Thomson, of Clapham, writes:—"I find that Carter's Little Liver Pills will do more to keep the complexion clear, and the skin free from blemishes, than all the face creams I have used. I found the real cause of face blemishes was usually due to liver and stomach troubles. My druggist recommended them as a specific for stimulating the liver and expelling the constipation poisons from the system." Take Carter's Little Liver Pills for sick headache and indigestion. All druggists 25¢ and 75¢ red pkgs.

DOWNTOWN SIDEWALKS

Number of Projects Being Provided for—Prudhomme Given Permission to Build His Own

After some discussion, the city council last night adopted a report from the Board of Works, recommending that A. J. Prudhomme be granted permission to construct the concrete sidewalk fronting the Savoy Hotel on Fraser Street, subject to the city engineer's plans and specifications, his property to come under bylaw costs pro rata after the whole block has been provided with such a sidewalk as provided for in a local improvement bylaw which has been already put through. The idea is that Mr. Prudhomme shall carry the work out at his own expense and will be reimbursed by the city on the proper pro rata basis, then assuming his regular payments under the 20 year plan. Should it cost Mr. Prudhomme more to construct the sidewalk than it does the city, he will have to foot the overage. Mr. Prudhomme asked permission to do the work himself since he intends at the same time to make repairs to the foundation of his hotel.

Action was deferred on a request from D. Zarelli that he be allowed to construct a concrete sidewalk on Sixth Street alongside the Royal Hotel since a bylaw has already been put through providing for an asphaltic sidewalk on the west side of Sixth Street between 3rd Ave. and Fraser Street. This bylaw would have to be amended before Mr. Zarelli could get the permission to construct a concrete walk, the city solicitor ruled. Efforts will be made to have the rest of the property owners concerned agree to Mr. Zarelli putting in his concrete sidewalk while they draw up a new petition providing for the asphaltic sidewalk for themselves if they so desire. By following this course, there will be a minimum of delay in getting the work under way.

In addition to these, there were a number of other items on last night's council meeting agenda affecting public works. An initiative bylaw providing for a 17-foot asphaltic sidewalk on the west side of Seventh Street from First Avenue to Second Avenue was put through its introductory readings.

The Council gave introductory readings to repeal of initiative and construction bylaws covering a concrete sidewalk on the east side of Seventh St., between Second and Third Avenues. On completion of repeal, a new initiative bylaw to provide for an asphaltic sidewalk here will be introduced. The width will be 17 feet.

An initiative bylaw for a 17-foot asphaltic sidewalk on the south side of Second Avenue from Seventh St. to Eighth St. was given introductory readings.

Fred Joudray, who has been in Stewart, returned to the city from the north on the Catala this morning.
