TRANSPACIFIC FLIGHT IS SUCCESSFUL

ST. LOUIS GOES ONE UP IN WORLD SERIES BASEBALL

Pangborn and Herndon Landed  
At Wenatchee Early Today at  
End of Longest Non-Stop Hop

Left Samushiro Beach at 2:12 Saturday Afternoon—Were  
in Air for 39 Hours—Followed Great Circle Route  
Via Kuriles and Aleutians.

\* WENATCHEE, Wash., Oct. 5.—Completing the first  
non-stop flight that has ever been made across the Pacific  
Ocean between Japan and the United States and bettering  
the non-stop flight record that was made during the past  
summer by Russell Boardman and John Polando in flying  
from New York to Istanbul, Clyde Pangborn and Hugh  
Herndon, Jr., landed safely at the  
airport here at 7:14 this morning  
from Samushiro Beach, Japan,  
whence they hopped off at 2:12 Sat-  
urday afternoon. They had been in  
the air for 41 hours and came  
through well. They had hoped to  
land at Salt Lake City but their fuel  
supply was getting low so they came  
down here.

GOOD FOR  
THRESHING

Weather Conditions Continue Fine  
In Peace River Block—Har-  
vesting Continues

POUCE COUPE, Oct. 5.—Weath-  
er conditions are ideal for  
threshing which is going ahead  
very rapidly in the Peace River  
Block with reports of some very  
good yields and grades coming in.  
Some of the farmers are stack-  
ing their grain in preference to  
threshing just now.

DEATH WAS  
ACCIDENTAL

Full Report on Tragedy Which Befel  
Howard Birnie Is Received at  
Police Headquarters

The coroner's jury at the inquest  
last week in Smithers into the death  
of J. Howard Birnie, who lost his  
life a week ago Sunday near Hubert  
in a hunting accident, returned a  
verdict to the effect that Birnie's  
death had been due to the accident-  
al discharge of a rifle in the hands  
of his companion, H. F. Blanchard,  
Smithers school principal, who was  
exonerated from all blame. The  
inquest was conducted by Dr. R. V.  
Agnew, coroner.

Announcement of the verdict to-  
gether with a full report of the  
tragedy has been received at di-  
visional headquarters of the provin-  
cial police here.

SPEAKER GEORGE BLACK  
HERE ON HIS WAY SOUTH

Hon. George Black, Speaker of  
the Canadian House of Commons,  
who has been paying a visit to his  
constituents in Yukon riding, and  
Mrs. Black were passengers aboard  
the Princess Louise yesterday af-  
ternoon returning to their home in  
Vancouver.

LIBERALS OPPOSED  
TO EARLY ELECTION

LONDON, Oct. 5.—At three  
Liberal conventions in various  
parts of the country Saturday,  
the plan for a general election  
this month was condemned.  
Principles of free trade were  
endorsed by the same conven-  
tions.

PASSING OF  
ARCHBISHOP

Most Reverend Timothy Casey, D.D.,  
Passed Away in Vancouver Today

Was Metropolitan

Had Been in Ill Health for Years—  
Distinguished Career for Church

VANCOUVER, Oct. 5.—Most Re-  
verend Timothy Casey, D.D., Roman  
Catholic archbishop of Vancouver  
and metropolitan of British Colum-  
bia since 1912, died today in St.  
Paul's hospital in his seventieth  
year. He had been in ill health for  
a number of years and in hospital  
for the past two months.  
The late Archbishop was a  
churchman of great personal sanc-

COURT IN  
SESSION

Four New Civil Actions Coming Up  
This Month—Two Appeals  
on List

County Court was in regular  
monthly session before Judge F.  
McB. Young this morning for set-  
ting of cases and hearing of nat-  
uralization applications. There are  
four new cases on the October cal-  
endar in addition to several coming  
over from last month. The list of  
cases is as follows:

- L. Huboff vs. K. E. Veregin et al,  
\$95; Williams, Manson, Brown and  
Harvey for plaintiff, Patmore &  
Fulton for defendant; stands.
- John J. Hepson vs. Mayou Gold  
Copper Mining Co., \$377.55; Wil-  
liams, Manson, Brown and Harvey  
for plaintiff, Whiteside, Wilson &  
White for defendant; stands.
- Herman Freckman vs. Andrew  
McDonald, \$145.85; Williams, Man-  
son, Brown & Harvey for plaintiff;  
Patmore & Fulton for defendant;  
to be fixed.
- Fred Garner vs. George Bolen,  
\$192.20; Williams, Manson, Brown &  
Harvey for plaintiff, Patmore & Ful-  
ton for defendant; stands.
- Central Hotel Ltd. vs. Don H. Yelf,  
\$157.35; Patmore & Fulton for plain-  
tiff, defendant in person; stands.
- Booth Fisheries Co. vs. Charles M.  
Edwards and John Postgate, \$130.50;  
Williams, Manson, Brown & Harvey  
for plaintiff, defendant in person;  
stands.
- Gertrude H. McGrath vs. Charles  
M. Edwards and John Postgate,  
\$109.18; Williams, Manson, Brown  
and Harvey for plaintiff, defendant  
in person; stands.
- K. Sakuda and S. Sakuda vs. J.  
A. Brown, damages not exceeding  
\$1000; Williams, Manson, Brown &  
Harvey for plaintiff; October 28.
- Appeals  
Rex vs. Elizabeth Thomson, W. F.  
Fisher for crown, Williams, Manson,  
Brown & Harvey for appellant.
- Rex vs. Maguire, W. E. Fisher for  
crown, Patmore & Fulton for ap-  
pellant; October 9.

MADE GRIM  
DISCOVERY

Boys Searching for Bottles Find  
Pair of Skulls Underneath  
Downtown Building

There was considerable stir for  
a while Saturday afternoon as a  
result of the finding of two skulls  
under an old building on the south  
side of Third Avenue just east of  
Eighth Street by boys who were  
hunting for bottles. The police  
were informed and took the skulls  
in charge.

Investigation revealed that the  
skulls were brought over from  
Digby Island as souvenirs many  
years ago. They are believed to  
have originally come from an  
Indian graveyard. The building  
under which they were found was  
formerly used as a second-hand  
store.

Streatham Man  
Passes Away

BURNS LAKE, Oct. 5.—The fu-  
neral took place last Monday at  
his home in Streatham, Rev. C. A.  
Hinchliffe of Burns Lake officiat-  
ing, of William Rist, who passed  
away the Friday previous in the  
Burns Lake Hospital as a result of  
kidney trouble.

TRAILS TO  
BE PUT IN

Twelve Crews of From Eight to  
Fifteen Men to Be Employed  
in Central Interior

Under the provincial govern-  
ment's unemployment relief pro-  
gram, a number of much-needed  
trails into timber areas in the  
central interior are to be con-  
structed during the coming winter  
it is learned at Forest Branch  
headquarters here. Between Ter-  
race and Fraser Lake some 12  
crews will be thus employed, the  
crews ranging in size from eight  
to fifteen men. How long the  
work will last will depend largely  
on weather conditions.  
The work is an entirely new de-  
parture.

Condition Shows  
No Improvement

Thomas A. Edison, Great Inventor,  
Still Seriously Ill at West  
Orange Home

WEST ORANGE, N.J., Oct. 5.—  
No improvement was reported Sat-  
urday night in the condition of  
Thomas Alva Edison, aged Ameri-  
can inventor, who has been lying  
seriously ill at his home here for  
the past few weeks.

British Preference Virtually  
Wiped Out Declares Mackenzie  
King in Criticizing Changes

OTTAWA, Oct. 5.—Declaring that, as a result of the startling  
increase in the tariff rate against goods from Great Britain and  
the practical wiping out of the British preference on products of  
class or kind made in Canada, Rt. Hon. William Lyon Mackenzie  
King, Liberal leader, has issued a statement criticizing two recent  
decrees of the government in fixing the rate of exchange in  
computing values for duty purposes imported from Britain at par  
value of the pound and the special dumping duty on British im-  
ports of a kind made in Canada at less than \$4.86 per pound.

These changes by order-in-council, Mr. King asserts, represent  
a greater variation in Canadian fiscal policy than has ever been  
adopted by any Canadian government without the consent of  
Parliament. He predicts that they will aggravate difficulties of  
the present situation both in Britain and Canada.

Burleigh Grimes Big  
Hero of Third Game  
In Baseball Classic

Veteran Spittballer Held Athletics to Two Hits, Including  
Simmons' Home Run, and Batted in Two Runs for  
Red Birds Himself.

SHIBE PARK, Oct. 5.—Aided by an airtight fielding  
staff, Burleigh Grimes, veteran master of the spittball,  
pitched the St. Louis Cardinals to a fine victory here today  
in the third game of the world series, the Cards, by virtue  
of their win, going one up in the classic of the diamond.  
Grimes pitched a remarkable game and it was not until  
the eighth inning that he yielded a  
hit to the Mackmen. In the ninth  
Al Simmons came along and made  
his second home run of the series,  
scoring a runner ahead of him. It  
was the second and last hit for the  
Athletics but it spoiled the Card-  
inals' chances for their second shut-  
out of the series.

The Cardinals knocked Lefty  
Grove all over the lot, finding him  
for twelve safeties—the same num-  
ber as they registered against the  
Philadelphia southpaw in the open-  
ing game of the series. The canny  
old Connie Mack put Grove on the  
mound in spite of advance reports  
that he was suffering from a blis-  
tered hand as a result of his hard  
work in the opener last Thursday.

Not only did Grimes pitch a bril-  
liant game but the old right hander  
also drove in two runs for the Car-  
dinals. "Pepper" Martin's sensa-  
tional batting again aided St. Louis.  
He found Grove just as readily today  
as he did on Thursday, and as he  
did George Earnshaw Friday.

President Herbert Hoover saw Al  
Simmons score the home run to  
right field in the ninth inning with  
McNair, running for Cochrane,  
ahead of him. It was the same com-  
bination as that of last Thursday  
when Simmons made his first cir-  
cuit clout of the series. The ninth  
was the only inning in which the  
Athletics had a look-in. Miller's  
single in the eighth was the only  
"her safety" the Mackmen were able  
to make.

St. Louis scored two in the second,  
wo in the fourth and one in the

BIG FIRMS  
LIQUIDATE

Royal Financial Corp. of Van-  
couver Closes Doors—Green-  
shields of Montreal Fails

VANCOUVER, Oct. 5.—The  
Royal Financial Corporation Ltd.  
with head offices in Vancouver  
closed its doors today and an-  
nounced voluntary liquidation.  
The corporation also has branches  
in Toronto, Calgary, Edmonton  
and Victoria.

MONTREAL, Oct. 5.—Announce-  
ment of the failure of Green-  
shields & Co., brokers, was made  
this afternoon. It followed closely  
on the announcement that Mc-  
Dougall & Cowns had gone into  
liquidation.

LORD'S DAY  
OBSERVANCE

One of Subjects of Discussion at  
Ministerial Meeting—Press Is  
Commended

The Lord's Day Alliance Act in  
regard to Prince Rupert was one of  
the topics of discussion at this  
morning's regular monthly meeting  
of the Prince Rupert Ministerial  
Association.

The attitude of the press of the  
city in publishing sermons each  
Saturday by members of the Asso-  
ciation was commended. Arrange-  
ments were made for further ser-  
mons to be published as well as for  
weekly hospital services.

Capt. Steele, Salvation Army,  
made her first appearance at a  
Ministerial Association meeting.  
Rev. W. D. Grant Hollingworth,  
president, was in the chair.

DAILY EDITION Monday, Oct. 5, 1931

UNEMPLOYMENT AND ITS CURE.

Due to the continuance of unusual unemployment in Canada requests are being made for a state system of unemployment insurance, and April 20, the prime minister announced that his government approved in principle of a contributory federal system of unemployment, sickness and invalidity insurance, provided it was participated in by all provinces, as well as by the Dominion, the employers and the employees, says the Nelson News.

One typical scheme which has been put forward, based on benefits of \$7 per week to single and \$16 to married men (and assuming average unemployment of 140,000) estimates a total cost of \$90,000,000. This sum is proposed to raise as follows:

- (a) \$30,000,000 from employers, which it is estimated would be from one per cent to two per cent on the wage bill. (b) \$30,000,000 from employees, which would mean about 30c per week. (c) \$15,000,000 from the Dominion. (d) \$15,000,000 from the Provinces.

The arguments adduced in support of such a scheme may be summarized as follows:

- (1) Industry being so organized that it requires a reserve army of workers in busy times, it should look after such workers in slack times. (2) Insurance against unemployment would make for a more contented and therefore a more efficient working force. (3) The present methods of relief are haphazard and inefficient and tend to pauperize. (4) Unemployment insurance would make for stability by maintaining purchasing power in bad times. (5) It would provide an incentive to employers to regularize employment and thus prevent unemployment.

As against these arguments it is urged: (1) That unemployment insurance tends to sap self-reliance and thrift and to create a class of unemployables. (2) That it checks that mobility of labour which is so essential, particularly in a young, undeveloped country. (3) That being impossible of application to agriculture it would intensify the drift from country to town, and at the same time add appreciably to the cost of goods to the farming community which would be excluded from its benefits.

(4) That it would be difficult if not impossible of application to those seasonal occupations where the bulk of unemployment in Canada occurs, viz., building and construction, lumbering, shipping, fishing and road-building. (5) That experience in countries like Great Britain, Germany and Australia shows that the cost tends inevitably to increase to a disastrous extent and that a scheme which begins actuarially sound, ends as a millstone on the neck of the community.

The present method of meeting the unemployment situation, for which unemployment insurance is advocated as a substitute may be described as follows:

- (1) Parliament has voted an unstated sum of money to be used in paying such proportion of the cost of direct relief and approved public works as may be agreed upon between the Dominion, the provinces and the municipalities. (2) Employers have to a greater extent than ever before endeavored to keep a maximum of men in at least part-time work; wage scales have been substantially maintained; certain of the larger firms have instituted their own unemployment insurance schemes; and an increasing number of companies have adopted various methods of regularizing employment, that is, forecasting the year's requirements and spreading the work as evenly as possible over the year. (3) Municipalities and charitable organizations have intensified their relief efforts.

NEWS OF THE MINES

AROUND PRINCE RUPERT

Dawson Creek Being Used as Outfitting Point for Peace River Mining Countries—Activity Around Vanderhoof—Granby in Alaska

Dawson Creek, now the end of steel in the Peace River Block of British Columbia, is rapidly becoming known as the outfitting point for prospectors and miners going into the mineral districts to the west and north. Steve Gilbert, with a crew of four men, left there recently for the Opsika River gold field, their whole outfit having been supplied at Dawson Creek. Other individuals and parties plan to start from there shortly for various destinations.

DEVELOPS TO NORTH

Movement of Canada Is Distinctly in That Direction, Prominent Engineer Asserts

Quite a few men are prospecting along Dog Creek in the Vanderhoof district. Good gold showings have been encountered.

Col. Victor Spencer of Vancouver flew south last week after a visit to the Gormanson and Manson Creek mining areas in the northern interior.

Most of the people who have been engaged in mining in the Rainbow Creek district during the past summer have returned recently to Fort St. James and Vanderhoof. There are several, however, who will remain on the ground during the winter.

Contingent upon assays from samples procured in the Surprise Bay area of Alaska in the Seward district depends whether further investigating will be carried on by the Granby Consolidated Mining, Smelting & Power Co., according to J. M. McDonald, field engineer of the company, who recently completed a brief examination in that area. Big tonnage is what the company desires and this will have to be ascertained if the company is to interest itself further in the region. Developments to date, while showing excellent large ore bodies carrying good values in gold, have not reached that point necessary to justify operations on a magnitude which would entail initial outlay of capital with a view to several years' operation.

LONDON, Oct. 5.—"If the movement in the past decade was westward, Canada's development today is by contrast definitely moving northward," declared Brig.-Gen. C. H. Mitchell, C. B., consulting engineer of Toronto, in an address before the engineering section of the British Association for the advancement of science today.

"The new north of Canada is beginning to be recognized and there is a distinct northward trend of population and development," Brig. Gen. Mitchell added. He spoke on engineering contributions to Canada's development.

Independence Developed

Engineering, wherever carried on, demands design, construction and operation of engineering works in conformity with the characteristics of the country, he continued. Canadian conditions, demanding initiative and resourcefulness, have stimulated this independence and have developed the types of practice in the country.

Gen. Mitchell instanced the all-important part engineering played in the development of Canadian agriculture, which would continue to be the Dominion's premier industry, in the development of forest resources bringing about the "miracle of paper," in the growth of Canada's mineral production, but most of all in the development of water power.

Future Discussed

"It is difficult to select a measure for the future," he said. "It would be easier if the extent of the country's resources were known, but they are not known. For instance, the mineral possibilities can, as yet, only be guessed at, as the contents of the pre-cambrian shield have been ascertained at only a few places. The water power already developed is but 15 per cent of the potentialities. "The outstanding feature in this is likely to be a greatly increased development on the St. Lawrence River, where the combination of power and deep ocean connection will be a large factor in stimulating the contiguous resources."

Man in the Moon

Glasgow must have been listening in to Vancouver and heard Senator Robertson advising people to meet the present economic crisis in a war time spirit.

Somebody must have been bragging about Prince Rupert weather to have brought on us our end-of-the-week showers.

The New York Journal has an article telling about Count Capone of Chicago and his son Baron of Beer. They take precedence in the hall of fame over Lord Lindbergh.

There's a man writing for the papers who says any meal could be cooked in an hour. Judging by results some of them did not take ten minutes, Jake says.

"So you have been married before, Mrs. Smith?"

"Yus, ma'am, three times; and if it pleases 'eaven to take this one, I know where I can lay me 'ands on a fourth."

UNEMPLOYED FISHERMEN

Staples Asked for Those Who Have to Stay on Boats—Game Act Amendments Asked

At a meeting of the Prince Rupert Unemployed Association last night in the Metropole Hall, called more particularly to deal with the problems facing unemployed fishermen during the coming winter, a resolution was passed requesting the government to provide staples of living for boat-owning fishermen who have not made enough during the past season to keep themselves and who are hardly in a position to leave their boats unwatched and go to the relief camps.

Another resolution was passed for submission to the game department requesting that unemployed be allowed to shoot game for food without being liable to the penalties involved in shooting without a license. It is also being asked that the game regulations be ameliorated whereby it may be legal for deer meat to be given to persons who need it.

There were seventy-five men present at the meeting which was held in the Metropole Hall. George Murray, president of the Prince Rupert Unemployed Association, was in the chair and Charles Lord acted as secretary.

Cinderella Dance Proves Enjoyable

Sons of Norway Hold First of Number of Affairs Planned for Winter Season

The Sons of Norway Society on Saturday evening held the first of a number of Cinderella dances it is planned to hold during the coming winter. The affair proved very enjoyable to the crowd of sixty or seventy persons present. Melodious accordion music was furnished for dancing by Julius Welle. The entertainment committee of the Sons of Norway was in charge of the affair, which lasted from 9 p.m. until midnight.

Latin American countries purchase 47 per cent of United States medicinal exports and 23 per cent of American toilet preparations and fancy soaps.

Could Your Wife Get a Job?

YOU hope your wife will never need to seek employment.

But many other men have had similar hopes - - and their widows know the heartaches of job-hunting.

Fortunately you can make certain that your wife and children will never want for food, clothing and shelter. You can make them forever independent of charity.

Simply invest in Life Insurance and arrange for a permanent monthly income which will be payable either to your family or to yourself. Then, whether or not you live to old age, the future is safeguarded.

Tomorrow may be too late. See a Life Insurance representative today and make sure your wife will never be forced to look for employment.

### NEW ATWATER KENT RADIOS HERE SHORTLY

Many New Features and Improvements Mark New Sets

The new 1932 Atwater Kent golden value models of radio will be on display in the showrooms of prominent Vancouver music dealers very shortly, according to Mr. Earle Henderson, sales manager of General Distributors Limited, 951 Seymour Street, British Columbia distributors of Atwater Kent.

"The new Atwater Kent range of radio will be offered this year at remarkably low prices for such a high quality instrument," stated Mr. Henderson. "For this reason they are to be known as the golden value models and will embody the very latest engineering improvements. Their many features and refinements are the result of countless experiments and tests in the famous Atwater Kent laboratories," says Mr. Henderson.

Golden values with the golden voice is the keynote of this season's program for Atwater Kent merchandising. Many new models from a low price 6-tube Compact to a 10-tube Console will be included in the complete range of this well-known radio and which will offer the public a wide selection to meet every purse and preference.

New cabinets of exceptional beauty and symmetry in design are finished in genuine No-Mar. Automatic volume control, advanced superheterodyne circuit, Pentode and Multi-Mu tubes are some of the additional advantages which will distinguish Atwater Kent radios this season.

For use with light boats an anchor and crank operated hoisting drum that can be clamped to the side of a boat have been combined by an inventor.

### In Agony from Sheer Weakness

Mrs. Spurgeon Dawson firmly believes she would not be here today if she had not taken Dr. Williams' Pink Pills (tonic)

"When my children were small," writes Mrs. Spurgeon Dawson, Wolverton, Ont., "I was so weak and run down I could not walk across the floor without fainting. Even the slightest exertion was too much. Days were spent in agony from sheer weakness, and nights were made fearful through sleepless hours.

"It seemed as if nothing whatever would help me... Dr. Williams' Pink Pills were recommended, and after taking twelve boxes I found strength returning and my stomach able to handle food again. I had not known what a meal was for months."

What would you give to be able to cast aside your weakness and substitute vigorous physical strength? That is exactly what many men and women have been enabled to do by the use of Dr. Williams' Pink Pills (tonic).

The iron and other elements in these tonic pills increase the amount of haemoglobin or oxygen-carrying agent in the blood. The increased supply of oxygen kindles life in all your tissues just as a draft of fresh air kindles a fire. The result is a better appetite, a feeling of well-being, restful sleep, and ability to do your work happily.

Get a supply of Dr. Williams' Pink Pills. Take them faithfully. Don't look for immediate results. Sometimes the beneficial results come almost at once—but not always. Give this tonic a fair trial and you will be rewarded—just as other Canadian men and women have been rewarded. 50 cents a package.

### CROP REPORTS and BUSINESS SUMMARIES

DURING the season the Bank of Montreal issues periodical reports on crop conditions throughout Canada.

Every month it publishes a "Business Summary" covering business conditions in the Dominion and in the countries where the Bank has offices.

Both of these publications are sent free to all who request to have their names placed on our mailing list.

# HIGH WINS IN SOCCER

Defeated Borden Street Saturday by 6 to 3 Score

Borden Street School put up a good game against High in the regular Junior Football League fixture on Saturday last, High winning by 6 goals to 3.

Borden played up hill in the first half and not only defended well but made dangerous raids that forced the High defense to work hard to keep their goal intact. Christison opened the score for High and then Campbell and Lindsay made an attack that Faw stopped. High had only ten men and Borden were also short at the beginning. From a centre close in Santurbane added a second and Ivarson a third to give the High School a 3 to 0 advantage at half time.

With the hill in their favor Borden fought well in the second half. Following a run and centre by Lindsay, Allan turned the ball past his own goalie to give Borden their first goal. Wilson added one for High and Dungeat got a fifth. Lindsay got away again and Morgan missed the shot, so Borden had two goals. Veitch was defending well for Borden and Annesley in goal was safe. Lee cleared in a High attack and Hong was plucky. Shrubbsall added a third for Borden following good work by McGuire, Naylor and Campbell, and then Ivarson added a sixth for High. High nearly increased the lead but did not always take advantage of openings and a pleasant, well-contested game ended with High ahead by three goals. The teams:

High: Morgan, N. Allan, Kirken-dall, Cromp, Faw, Christison, Wilson, Ivarson, Santurbane, Dungeat. Borden: Annesley, Hong, Lee, Houston, Veitch, Stewart, Lindsay, Naylor, Campbell, Shrubbsall, McGuire.

Referee: J. S. Wilson; linesmen, A. Walters and T. Nakamoto.

## Dates of Games for Scottish and English Cup Ties

LONDON, Eng., Oct. 5.—The smaller soccer clubs in England and Scotland for the next month will be settling the question who will go into the first round proper of the cup competitions this year. The little fellows will play in the qualifying competition which precedes the competition proper. In the contest big first and second division clubs do not become interested until the third round. Dates of the competition proper ties are:

English Cup: First round, Nov. 28; second round, Dec. 12; third round, Jan. 9; fourth round, Jan. 23; fifth round, Feb. 13; sixth round, Feb. 27; semi-finals, March 12; final tie, April 23.

Scottish Cup: First round, Jan. 16; second round, Jan. 30; third round, Feb. 13; fourth round, March 5; semi-finals, March 26; final tie, April 16.

H. W. Birch, R. E. Benson, Thomas McMeekin, W. D. Vance, W. W. Brown, G. P. Tinker and Frank Dibb, who have been at Terrace for a brief visit in connection with Masonic affairs, returned to the city from the interior on yesterday afternoon's train.

## SPORT CHAT

Recommendations which would make the competition for the Harmsworth Trophy, premier speed boat racing event of the world, safer for the competitors and prevent any such occurrence as marred the last race at Detroit have been made by Charles F. Chapman, of New York, to the three organizations under whose control the race is run.

Chapman, secretary of the racing commission of the American Power Boat Association and a member of the international commission who had charge of the last Harmsworth Race, suggested 12 specific changes in the rules, the most important of which would prevent any more false starts.

Chapman suggested that the start be paced, with the competing boats approaching the line abreast and at least 300 feet apart instead of the present system which allows a boat to cross the starting line at full speed within five seconds of the fall of the last starting flag. Another important change would limit each country to one boat. Another would lengthen the course from five to ten miles.

## England to Play Spain at Soccer on December 9th

LONDON, Eng., Oct. 5.—A fine series of international soccer matches is expected in the British Isles this season owing to the lifting of the ban by England on players from Scotland, Wales and Ireland engaging in such games when owned by English clubs. One international match, that between Ireland and Scotland, has already been played, Scotland winning by three goals to one. An innovation in international soccer matches this season will be a meeting between England and Spain at Highbury on December 9.

## LAST SHOOT OF SEASON

William Brass and Bill Cameron Win Principal Prizes

The final shoot of the season of the First North E. C. Regiment Rifle Association on the McNicholl Creek Ranges was held yesterday. The first prize, a pair of gold cuff links, was won by W. Brass; second prize, a turkey, won by A. Wylie; third prize, a silver cigarette case, won by R. W. Cameron, and fourth prize, a silver-handled pen-knife, won by R. Wilson. Following were the scores made:

	200 yds.	500	600	Total
W. Brass	32	33	29	94
A. Wylie	31	29	30	90
R. W. Cameron	28	30	32	88
R. Wilson	29	31	28	88
M. M. Lamb	26	28	29	83
A. Palmer	23	27	25	75
H. B. Eastman	20	24	25	69
J. Macfie	16	28	24	68
Ted Smith	22	21	22	65

In the shoot for the Royal Arms Cup, 10 shots at 600-yard range, R. W. Cameron won with a score of 43 out of a possible 50. M. M. Lamb won the Regimental Cup and gold medal for the highest average score throughout the season.

## BADMINTON TOURNAMENT

Newly Formed Skeena Club Formally Starts Play for Winter Season

The newly formed Skeena Badminton Club formally opened its season's play Saturday night when an American tournament was held on the I. O. D. E. Hall courts, after which a social evening was enjoyed with serving of refreshments.

There were ten couples entered in the American tournament and the winners were Mr. and Mrs. C. J. Norrington. Play was very keen and attracted much interest.

Serving of refreshments was in charge of Mrs. Robert Bartlett, who was assisted by Miss Mary Astori and Miss Florence Smith.

## PANGBORN AND HERNDON LAND AT WENATCHEE EARLY TODAY AT END OF LONGEST NON-STOP HOP.

(Continued from Page One)

the way but were awfully sleepy," Pangborn said. "We had good weather for the first thousand miles and then climbed to 17,000 feet in trying to get over clouds, hitting real heavy clouds over Dutch Harbor at daybreak."

Herndon said: "Ice began to form on the wings as we climbed up and down but we couldn't get over it. The plane was loggy but we flew on through the clouds."

SAMUSHIRU BEACH, Japan, Oct. 5.—Clyde Pangborn and Hugh Herndon Jr., after numerous delays, finally got away from here on their projected non-stop flight across the Pacific ocean Sunday morning, hopping off at 8:12 o'clock (2:12 p.m. Saturday Pacific Standard Time). A little over an hour later they were sighted over Cape Ermo on the coast of Japan about 100 miles northeast of here. That far they were averaging only about 100 miles an hour, which was a little slower than they had counted upon. They were again reported over Nemuro, 250 miles northeast, two hours and 29 seconds after taking off.

If they could reach that far, Herndon and Pangborn hoped to land at Salt Lake City.

Just before leaving they put the following rations in a barrel: Dried shell fish, rice cakes, army biscuit, Japanese powdered tea, coffee extract, powdered milk, sugar, beef tea cubes, chocolate, two pounds of butter, three vacuum bottles of tea, three roast chickens, beef sandwiches, one pound of cheese, five pounds of tinned asparagus, fresh pears, apples, oranges and lemons, a quantity of powder consisting of sugar and dried milk with a small amount of caffeine added.

Pangborn and Herndon were to follow the Great Circle route in their flight across the Pacific ocean. This would bring them via the Alaskan Panhandle and the British Columbia coast—possibly not very far from Prince Rupert.

## BURLEIGH GRIMES BIG HERO OF THIRD GAME IN BASEBALL CLASSIC

(continued from page 1)

ninth. The Cardinals got to Grove in the second inning when Jim Bottomley walked. Martin then connected with his sixth hit of the series, Bottomley going to third and scoring on Wilson's single. Martin made third and scored on Gelbert's fly-out.

In the fourth Martin doubled after Hafey had singled and both runners scored on Grimes' single to right.

In the ninth Flowers walked, Rotter bunted safely and Watkins, running for Flowers, reached second on Frisch's fly-out and scored on Bottomley's double.

Grimes fanned five batters before making way to Pitcher Mahaffey in the eighth for a pinch hitter. He passed four batters including Jimmy Foxx twice.

### PASSING OF BISHOP

(Continued from page one)

ity and broad culture and also a patriot and administrator. He served his church as bishop and later as archbishop for more than a quarter of a century.

In the field of art he was known as a collector whose museum contained some of the finest works of the Italian masters in Canada. The prize of his collection was the only known authentic portrait of Thomas Moore, valued at \$300,000.

Born at Flumeridge, N.B., February 20, 1862, he was educated at St. Stephen's Grammar School there, later attending St. Joseph's College, Memramcook, N.B. He completed his theological studies at Laval University.

Ordination followed in 1886 and Rev. Father Casey's first appointment was as curate to Fredericton parish. Later he was appointed to Saint John, raised to the dignity of chancellor of the New Brunswick diocese and when the late Bishop Sweeney became ill he was named Bishop of the Utine in 1889 and coadjutor to His Grace. The death of Bishop Sweeney occurred in 1900 and Most Rev. Dr. Casey succeeded him.

In 1905 the new bishop made his first visit to Rome and the Holy Land and during that trip acquired many of his art treasures. In 1910 he was honored by being asked to give the principal sermon at the Eucharistic Congress held at Montreal that year.

### Encouraged Welfare

When Archbishop Neil McNeil was transferred from Vancouver to Toronto in 1912, the Vatican appointed Bishop Casey as his successor. The new archbishop appointed priests to open up sparsely settled districts, encouraged Catholic welfare agencies, fostered educational institutions and extended diocesan activities. He discouraged all laxity and insisted on rigid observance of church regulations.

During the World War he several times preached sermons encouraging his people to aid the Empire in its struggle, and aided in every way possible the Allied cause.

In 1920 he suffered a severe illness from which he never fully recovered and from that time his work was carried on in the face of handicap. On August 30, 1925, Most Rev. William Mark Duke, formerly parish priest at Saint John, was appointed titular archbishop of Fasix and coadjutor to His Grace with right of succession. Much of the administrative work was turned over to the coadjutor, but Archbishop Casey remained head of the diocese.

He resided at the Archbishopal Residence, 1161 Broughton Street, Vancouver.

## Grid Practice Under Way In South

Here's action, as these pigskin warriors, dressed to suit temperature of 90 degrees, start grid practice at Atlanta, Ga. Here's the hang of it—Billy Street, captain, is running with ball as Pug Boyd tackles and Red Banfield tries to block him off.

## IMPORTANT NOTICE

# Manufacturers Advertisers and Advertising Agents

Look at the Map of British Columbia shown herewith and note that Prince Rupert is the centre of the largest trading area of any city in the Dominion of Canada.

## The Daily News Prince Rupert

is the only daily newspaper attempting to cover this huge area, and the people in it look to that paper for information in regard to possible markets. The nearest Canadian daily newspapers to Prince Rupert are:

- Vancouver, distant 500 miles
- Edmonton, distant 955 miles
- No papers published north or west

The industries in the district include—  
Halibut Fishing (largest in the world)  
Salmon Fishing (largest in B. C.)  
Lumbering, Logging and Mining.  
Paper Manufacturing.

New Industries are being planned for the district, announcement of which will be made in the near future. A new Hydro-Electric Power Plant has been installed and is now in operation.

No advertising campaign is complete without including

## The Daily News

Of Prince Rupert, B. C.

The only A.B.C. paper north of Vancouver and west of Edmonton.

## CONCERT IS SUCCESSFUL

New Musical Organization of Moose Lodge Makes Fine Impression

Before an attentive audience of 350 persons the Moose Legion Band, consisting of twenty-one players, made initial concert appearance, with deserving success, last evening in the Moose Hall. The band, under the able leadership of Robert Greenfield, opened with the March "New Colonial," followed by a vocal solo by Mrs. C. E. Cullin. A string selection by Miss Nellie Lawrence and pupils, assisted by Mrs. J. Black at the piano, and J. Brough with base viol was particularly well rendered and drew appreciative applause. Others assisting were Mrs. F. Allen and J. A. Teng, with vocal solos; a saxophone duet by Saunders and Stewart, and violin solo by Bert Cameron.

Two vocal choruses by the well-known Vardon Singers led by Peter Lien also drew special applause, while the band rendered Gounod's Excerpts from Faust in a strain entirely fitting for it. The march "On the Way" by the band brought to a close a program which is planned to be but one of many.

## Truth Acting on Human Belief Is Great Antidote

The subject of the lesson-sermon in all Christian Science churches and societies on Sunday was "Unreality."

Among the Bible texts included in the lesson-sermon was the following from Luke 13:12: "And when Jesus saw her, he called her to him, and said unto her, Woman, thou art loosed from thine infirmity."

The lesson-sermon also included the reading of citations from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, one passage being as follows: "If sickness is true or the idea of Truth, you cannot destroy sickness, and it would be absurd to try. Then classify sickness with error as our Master did, when he spoke of the sick, whom Satan hath bound, and find a sovereign antidote for error in the life-giving power of Truth acting on human belief, a power which opens the prison doors to such as are bound, and sets the captive free physically and morally."

Monday & Tuesday  
TWO SHOWS — 7 & 9 p.m.  
ADMISSION — 20c & 65c  
Feature Starts at 7:35 & 9:35

First Showing in British Columbia

## An Income for Life—Guaranteed!

Here is the picture of a Life Income plan that combines protection, savings and income for retirement.

*It provides for You . . .* a definite monthly income commencing at a certain age, and continuing for life, with a guaranteed minimum number of monthly income cheques. Or, if you so desire, you may withdraw a substantial amount in cash when the plan matures.

*It provides for You . . .* a definite monthly income if you become totally disabled by sickness or accident. All deposits are waived during such disability, and the plan remains in full force.

*It provides for Yours . . .* a substantial estate if you die before the plan matures. An income for life may be substituted if desired.

*It provides for Yours . . .* twice the amount of the estate, or twice the income, if death results from accidental causes. This plan combines a life income for retirement with complete family protection.

*TODAY*, while it is fresh in your mind . . . fill in and mail the coupon for full information.

## BULKLEY VALLEY COAL

The Better Coal

In buying Bulkley Valley Coal: You get the highest grade coal on this market; you keep your fuel dollar in your own section of the province; you help solve the local unemployment situation; you help develop a basic industry in Central-British Columbia. In ordering insist on Bulkley Valley Coal.

## New Carrier Collection System

In view of the depression and to make it as easy as possible for people to pay, the Daily News is to be sold on a weekly basis, payable in advance.

The delivery boy will collect each Friday evening for the week following. He buys the papers and sells them to the customers, so there will be no credit given. The boy cannot afford it. Please do not ask him to return for the weekly payment. Have it ready for him.

Customers now in arrears will pay the amount owing at the office, but this will have nothing to do with the regular collections made by the boy. He will be doing business on his own, and if he does not make his own collections will not deliver the paper.

Those paid in advance will continue to receive the paper until the subscription expires. Any wishing to continue the yearly payments may do so, and we pay the boy.

The price of the paper will be 10c a week, payable strictly in advance. That means six papers for ten cents.

It will take a few weeks to get the new system running smoothly, and in the meantime we ask for the co-operation of the readers of the paper. The routes not going on the new system this week will do so just as soon as the lists are made up and the boys properly instructed. Help the boys to set up in business for themselves!

## Were Married at Vanderhoof

Miss Rhoda Annie Bown Becomes Bride of Carl John Lerum at Quiet Ceremony

VANDERHOOF, Oct. 5.—The marriage took place here a few days ago of Miss Rhoda Annie Bown, daughter of Mr. and Mrs. William J. Bown of Finmoore, and Carl John Lerum, son of Mr. and Mrs. Hans Lerum. The ceremony was performed in the United Church Manse by Rev. R. G. Dunbar. Witnesses of the ceremony were Mr. and Mrs. Meier.

## FINED FOR NOT PUTTING OUT HIS CAMP FIRE

BURNS LAKE, Oct. 5.—Patrick Patrick, Babine Lake Indian, was fined \$25 here by Stipendiary Magistrate R. W. McGowan for failing to extinguish a camp fire.

## Rally Service at United Church

Sunday School Scholars Unit With Morning Congregation Yesterday

Rally Day services at First United Church yesterday forenoon were a memorable occasion when the Sunday School scholars united with the adult congregation in the "Stories of Jesus" Rally Day service as prepared by the Board of Religious Education of the United Church of Canada.

The pastor, Rev. A. Wilson, was leader and gave a brief address on "Character Building and Habits." Connective readings were very able and expressively rendered by Mildred Hunt, Lois Judge, Christine Wilson, W. Tobey and R. Ross.

Musical accompaniments were provided by Miss Connie Morgan piano, and Miss S. Olafson and Orville Denstad, first and second violinists. Prelude, voluntary and postlude numbers were impressively rendered by organ and piano duets, Miss Way presiding at the organ and Marybelle Stiles and Ruth Nelson at the piano.

In the course of the service the baptism of Dorothy May, youngest daughter of Mr. and Mrs. Ernest Smith, was celebrated, Rev. A. Wilson officiating.

## Nechako Valley Teachers Will Have Convention

VANDERHOOF, Oct. 5.—The Nechako Valley School Teachers' Institute will hold its second annual convention in Vanderhoof Superior School on November 6. School Inspector W. G. Gamble of Prince George will be the principal speaker.

## BISHOP RIX BACK FROM SYNOD MEET

Bishop G. A. Rix, who has been in Toronto attending the General Synod of the Anglican Church, returned to the city from the east on yesterday afternoon's train. Mrs. Rix, who attended the annual Dominion Woman's Auxiliary meetings in Nova Scotia, is still in the east.

## Twenty Years Ago In Prince Rupert

October 5, 1911  
The Prince Rupert Branch of the Industrial Workers of the World, in letter to the city council, protested at the systems of having prisoners clearing and levelling ground at the recreation park. The letter was received and filed, no action being taken.

The city council has delegated City Solicitor Fred Peters to report on the various bottle liquor licenses in the city.

Victoria capitalists have purchased two lots on the south side of Third Avenue from D. McLeod for \$14,000. The property is now occupied by Mr. McLeod's residence.
