P.C.E. COMPLETION IS NOW FORECAST MORE BRITISH COMPETITION UNDER NEW PLAN EXPECTED

British Columbia Railway May Be Extended From Quesnel To Finlay Forks Under New Plan

Important Developments in Matter of Peace River Commission Presaged by Premier Tolmie Following Conference With Ministers

VANCOUVER, Sept. 23.—Completion of the Pacific Great Eastern Railway from Quesnel to Finlay Forks and the employment of from six to eight thousand men as a direct unemployment relief measure was presaged in a statement of Premier S. F. Tolmie here last night following a conference between the Premier, Hon. R. W. Bruhn, minister of public works, Hon. J. W. Jones, minister of finance, and Senator G. D. Robertson, minister of labor in the federal government today.

A committee headed by an engineer will be sent by the British Columbia government to wait upon Hon. H. H. Stevens and Premier R. B. Bennett at Ottawa and present plans and estimates for the completion of the project. An early start will also be pressed for.

It is proposed to carry the Pacific Great Eastern from Quesnel to Prince George via Cottonwood River, crossing thence to Finlay Forks.

Premier Tolmie

who announces new policy of Government regarding Pacific Great Eastern.

DOLLAR IS STILL LOW

Canadian Money Discounted To 91 in New York Yesterday

NEW YORK, September 23.—Financial markets were quiet yesterday after the excitement of Monday when Great Britain suspended the gold standard.

The Canadian dollar showed increased weakness with the closing price for the day of 91c.

Rails generally showed strength although C.P.R. was down to 15 3/4. Industrials were unsteady, United States Steel closing at 80 and preferred, 12 1/2. Grain trade slowed down.

Big Missouri Lower Still

Sank to 10c and 12c on Vancouver Exchange Yesterday — Pend Oreille 65c

VANCOUVER, Sept. 23.—Big Missouri sank to 10c bid and 12c asked on the Vancouver Stock Exchange yesterday. Pend Oreille was in considerable demand at 65c.

BIRTH

There was born to Rev. and Mrs. S. V. H. Redman (nee Maud Capon) at Hazelton United Church Hospital on Sunday, Sept. 20, a son. Both doing well.

NOME TO TACOMA IS FLIGHT PLAN

NOME, Sept. 23.—Don Moyle and Cecil Allen, young California flyers who failed recently in attempting a non-stop flight from Japan to Seattle, are now preparing to fly non-stop from here to Tacoma after which city their plane is named and where the promoter of their flight resides.

APPEALING TO GENEVA

China Asks Japan for Withdrawal of Troops and Reparations

PEIPING, China, Sept. 23.—Claiming that the Japanese occupation of Manchurian cities during the past few days has been carried on without provocation, the Chinese Nationalist government is appealing to the League of Nations to demand that troops be withdrawn from these cities and that reparations be paid.

Meantime, the occupation of further cities in Southern Manchuria is continuing with Chinese offering little more than passive resistance.

The League of Nations last night called upon Japan and China to cease hostilities at once and each present spokesman to discuss peace terms.

WAGES ARE BEING CUT

Employees of Big United States Concerns to Get From 10 to 20 Per Cent Less

NEW YORK, Sept. 23.—Wage cuts ranging from 10 to 20 per cent effective October 1, are announced by the United States Steel Corporation, Bethlehem Steel and General Motors.

The cut of the steel companies will be ten per cent all around, and that of General Motors from ten to 20 per cent. United States Rubber, American Smelting & Refining Co., Utah Copper and some other corporations have also cut wages similarly.

CREMATED IN HOME

Six Children Burned to Death While Parents Were Out Visiting

HAGUE, Saskatchewan, Sept. 23.—While their parents, Mr. and Mrs. John H. Unruh, were visiting relatives, six children ranging in age from three to thirteen years, were burned to death last night in a fire which destroyed their home. Three other children escaped.

BAYCHIMO SAFE NOW

Trading Steamer, Which Was in Danger, Escapes From Clutches of Arctic

POINT BARROW, Sept. 23.—The Hudson Bay Company's trading steamer Baychimo, which for several days has been in danger of being crushed and beached, escaped the clutches of the Arctic ocean yesterday and headed southeast.

The Lucky Mascot

Dorothy Hester, stunt pilot of Portland, Ore., with her rag doll mascot, "Jumbo," after thrilling spectators at national air races in Cleveland, Ohio. "Jumbo" is always tossed into forward cockpit as a goodluck charm before she takes off.

EXCHANGE IS OPEN

London Market Doing Business Again Following Important Financial Edict

LONDON, Sept. 23.—The London Stock Exchange reopened for business today after having been closed since Saturday noon. It had been ordered closed on Monday and Tuesday following the suspension of the gold standard by the British government.

Fort Fraser Boy Gets Scholarship

John Dickson Moore Among Those Who Have Received Bursaries From Government

John Dickson Moore of Fort Fraser is among University of British Columbia students who have been awarded scholarships by the provincial government to assist them in their studies during the present year. Awarding of the scholarships was based on scholastic qualifications of the applicants.

OFFICIAL HAS QUIT

Col. Ross Napier Does Not Like Way Provincial Government Treated Him

VICTORIA, Sept. 23.—Col. R. Ross Napier, whose appointment as departmental commissioner was recently rescinded by the provincial government and an offer of the government agency at Vernon, his former post, held out to him instead, has definitely left the service, Hon. J. W. Jones, minister of finance, announced yesterday.

Colonel Napier said that the rescinding of his appointment as departmental commissioner came as a complete surprise. Soon after the Tolmie government came into power, Colonel Napier was taken from his duties at Vernon and appointed to conduct a province-wide investigation into efficiency in the civil service. Since completion of that work he had held the post of departmental commissioner.

VANCOUVER WHEAT

VANCOUVER, Sept. 23.—Wheat was quoted at 53 1/2c on the local Exchange today.

United States Believes Gold Standard Suspension Augurs Improvement in Conditions

WASHINGTON, D.C., Sept. 23.—The United States government regards the action of Great Britain in suspending temporarily the gold standard as likely to improve economic conditions in England and elsewhere in the world.

The change is not regarded as serious so far as this country is concerned. Its possibility had always existed in any case. One of the results of the change may be a tendency to bring about stronger competition between Great Britain and the United States for the disposal of exports in countries where both nations have extensive business dealings such as the South American republics.

Official Washington believes that the intention of Great Britain is not so much to suspend the gold standard as to allow the standard to be variable.

MART HAS STRENGTH

Bears Got One of Worst Drubbings of Year Today—Many Issues Forced Up

NEW YORK, Sept. 23.—The bears received one of their worst drubbings of the year on the New York Stock Exchange today when an avalanche of buying forced a variety of issues, principally railroad shares, up from three to thirteen points.

Despite the wave of profit taking near the close, the market closed around the high of the day.

B. C. GETS BONUS TOO

Ottawa Decides to Include Peace River Block in Subsidy For Wheat Growing

OTTAWA, Sept. 23.—Special provision is being made by the federal government to pay a wheat bonus in the Peace River Block of British Columbia similar to that paid elsewhere on the prairies. This will mean some \$25,000 to the farmers of that area as it is expected that they will have a crop exceeding 500,000 bushels shipped through the elevators at Pouce Coupe and Dawson Creek.

Strong objection had been raised by Premier Tolmie of British Columbia at the omission of the Peace River Block from the bonus originally accorded the province of Alberta.

Body Has Not Been Found on W. Coast

No Details Yet of Tragedy Which Befel Mrs. Berryman, Formerly of Prince Rupert

The body of Mrs. Berryman, wife of a former well known Skeena River canneryman, has not yet been found following her drowning at Clayoquot on the West Coast of Vancouver Island some two or three weeks ago. Neither have any particulars of the tragedy been received here.

A sister of Mrs. R. G. Johnston of Inverness, the late Mrs. Berryman is survived by her widower and two sons. The family is well known in Prince Rupert, having formerly resided here.

Fraser Mills Strike Still Is Unsettled

FRASER MILLS, Sept. 23.—A conference between mill management and workers here yesterday failed to reach any settlement of the strike in the local sawmill.

Infantile Paralysis Delayed Opening of N. Y. Schools

NEW YORK, Sept. 23.—Schools of the metropolis opened yesterday eight days late owing to the infantile paralysis epidemic which is now declared to be under control.

REMEDY OF LABORITES

Shorter Working Hours and Higher Wages Advocated at Vancouver Convention

RUSSIAN QUESTION Opposition to Resuming Diplomatic Relations Is Voted

VANCOUVER, Sept. 23.—The Trades and Labor Congress of Canada, in annual convention here yesterday with Tom Moore, the president, conducting the proceedings, again approved the principle of shorter working hours and increased wages as the panacea for present economic ills.

Backing the expressed view of the president, delegates to the congress voted down a resolution calling upon the Dominion government to resume diplomatic relations with Russia.

Ald. S. D. Macdonald is attending the Trades and Labor Congress convention as delegate from the Prince Rupert Trades and Labor Council, of which he is president.

REPORTS ON GOLD

Dean Brock on Cariboo, Mandy on Atlin and Lay on Manson Creek

VICTORIA, Sept. 23.—A report by Dean R. W. Brock of the University of British Columbia on mineral resources of the Cariboo country has just been issued. Gold to the value of hundreds of millions is still to be found in the Cariboo, according to the report.

In addition to Dean Brock's analysis, the bulletin contains a report by the provincial mineralogist on the Rainbow Creek placers in the Omineca Mining Division, a report on present conditions and future possibilities in the Atlin district by Dr. J. T. Mandy, resident mining engineer, Prince Rupert, and a report by Douglas Lay, resident engineer, Hazelton, on the Manson Creek region and certain promising operations now in hand.

LOSSES IN STERLING

Pegging of Pound Is Planned — No Financial Panic

PARIS, Sept. 23.—Practically every country in Europe has suffered severe losses as a result of the decline in sterling following the suspension by Great Britain of the gold standard. An agreement, however, is expected to be reached soon between London, New York and Paris to peg the pound and thus put an end to danerous speculation in sterling.

A notable feature of the present financial crisis is that there has been complete absence of panic.

ARCHBISHOP WORRELL IS NAMED PRIMATE

TORONTO, Sept. 23.—Most Rev. C. L. Worrell, Archbishop of Nova Scotia, was today elected Primate of All Canada by House of Bishops of the Church of England. He succeeds Most Rev. S. P. Matheson, former Archbishop of Rupert's Land, retired.

DAILY EDITION

Wednesday, Sept. 23, 1931.

## CREDIT WHERE CREDIT IS DUE.

Credit is seldom given where credit is due. Many of the reforms that have been brought about, or advance movements initiated, have been the result of an idea first suggested by a newspaper. Later someone who read the article dug it up at an opportune moment from his subconscious strata and propounded it as his own. He got the credit for initiating the movement and the newspaper got none.

It is the business of a live newspaper to suggest things and no credit is ever expected. It is simply part of the paper's job. Some of the suggestions are of no value, but the object is to stir the reader to considering new possibilities with a view to possible action.

Credit is due to any person who picks up an idea when thrown to the winds, materializes it and thus makes it of value to the community.

## WHAT A QUEER CITY.

A stranger came to Prince Rupert the other day and soon after his arrival decided to find out something about the city. He took up the Daily News, and to his astonishment found that so far as he could gather from the advertising there was no railway service being operated here, only two hotels, no furniture stores, barbers, music stores, laundries, only one taxi service, no undertakers, only one drug store, no insurance agents, doctors or lawyers, no photographers, no billiard parlors, restaurants or tea rooms, no hardware stores, no photo finishers, no butchers and very few gents' furnishings and ladies' apparel stores. He said he did not wonder that business was slow in town.

## DIFFERENT POINT OF VIEW.

Why should Prince Rupert be bashful about asking things from the Government? The first wheat shipment is being made from Churchill and, after all the publicity and assistance given, here is what the Winnipeg Free Press says about it:

"What stands out about the event is the niggardly way in which the Government has handled these first test shipments of wheat. They could have been made an occasion that would have electrified shipping circles all over the world. At comparatively little expense a big-scale shipment could have been made from Churchill in a way that would have heartened the West tremendously, just at a time when a little lift of that kind would have had the greatest effect. A big fleet of vessels smoothly entering and leaving the Bay would also have had an effect upon Lloyd's which would have been quickly followed by a voluntary reduction in the present excessive insurance rates. But the comparatively small scale of the test will give every doubter a chance to cry "Not Proven," and so we trail out of 1931 and into 1932 with valuable time lost.

"Another good chance to do something in advertising the route has also been lost in the Farnworth and Warkworth arriving at Churchill in ballast. It is useless to say (as will be said) that no cargo offered. There is reason to believe that cargo would have offered in quantity if the Government had only come half way to meet it. The Government, however, has evidently refused to do so. All that is being done is to throw a half-contemptuous sop to those who have advocated the Hudson Bay route. The barely acceptable minimum seemed to have been reckoned with the greatest possible precision. It is hardly necessary to say that the West is not satisfied."

## NEWS OF THE MINES

AROUND PRINCE RUPERT

Silver Crest Needs \$15,000 to Make Producer of Saddle Property—Merger Involving Woodbine Proposed—Jim Calvin at Alice Arm

The annual meeting of the Silver Crest Mining Co., Ltd., was held recently in Vancouver. The shareholders were advised that it would take \$15,000 to put the company's Saddle property on Hastings Arm on a shipping basis. An appeal to shareholders, however, to subscribe for stock at 10c a share elicited practically no response.

In the meantime, a further amount has been borrowed from the company's financial agents to settle outstanding accounts, pay taxes, etc., the total amount advanced now being \$60,000. The directors have acquired the remaining thirty per cent interest in seven of the eight claims comprising the Saddle group through the issuance of 30,000 shares to the owning syndicate. The remaining claim on which all the development has been done has been purchased from the owner, Charles Clay, for \$50,000, of which \$6,000 was paid in cash, the remainder being payable from royalties on ore shipped or in cash the sum of not less than \$1,000 per year.

Merging of the Woodbine, Pitt-

mont and Premier Extension properties in the Portland Canal region under a new company which would control a total of 537 acres is proposed. Capitalization of 6,000,000 no par shares of which half would be allotted for properties is suggested. It is intimated that eastern interests may finance the new company.

James Calvin, well known northern prospector, recently left Prince Rupert for Alice Arm, in which district he will spend some time developing several mining claims on Haystack Mountain in which he holds an interest.

## Ted LePage

New Manager for Home Oil Distributors, Ltd., Here.

## Man in the Moon

Doubtless the weather man knew we needed some sunshine to cheer us up.

In view of the fact that National Fish Week was a fizzle this year, it might be well to arrange it during Lent next year.

Now that the preserving season is nearly over possibly the flies will go to roost for the winter.

There does not seem to be much difference between the Mahatma goat and the Gandhi kid.

It was mean of the British to pull that financial crisis just at the time when the round table conference on India was taking place in London. They just stole the headlines from Gandhi and his group.

At any rate the crisis was something for Prince Rupert to talk about other than the failure of the fishing and the slowness of the Government in providing for the unemployed.

Scotchmen are naturally close. Jake says he knew one that got so close that the girl slapped him.

There was another Scotsman they tell about who rented a house next the church so that he might utilize the rice.

Lady—"Can you give me a room and bath?"

Clerk—"I can give you a room, madam, but I'm busy now and will give you the bath later."

## PRESBYTERY IN SESSION

Only Routine Business Taken Up at United Church Gathering Here Yesterday

The fall session of the Presbytery of Prince Rupert of the United Church of Canada met yesterday afternoon in First United Church here and continued in session until late last night. Business was largely of a routine nature. Rev. W. H. Gibson of Bella Bella, chairman of the Presbytery, being unable to attend, Rev. H. T. Allen of Terrace acted as chairman.

Those present were: Rev. H. T. Allen, Terrace; Rev. S. V. H. Redman and John Newick, Hazelton; Rev. F. Bushfield, Anyox; Rev. Victor Sandum and Dr. A. E. Perry, Port Simpson; Rev. W. H. Pierce, Port Essington, and Rev. Alfred Wilson, Rev. C. E. Motte and P. C. Miller, Prince Rupert.

- The Daily News can be purchased at—
- Post Office News Stand, 325 Granville St., Vancouver.
- Karl Anderson, Prince George, B.C.
- R. W. Riley, Terrace, B.C.
- General Store, Anyox.
- Smithers Drug Store, Smithers, B.C.

Wide overhanging eaves and white clapboard are the outstanding features of this home. Its appealing design is graceful and charming. As expected in a home of this size the rooms are large but their design and layout makes them cozy and comfortable.

The seven rooms on the first two floors have easy access by means of the centre halls. Their arrangement allows for no waste space.

Studying the rooms for possible furniture positions, it is found that in each case there is ample wall space for the necessary pieces of furniture to be placed against. The living room, due to its spacious proportions, offers many furniture layouts. The French doors at either side of the fireplace doubtless add interest to the room.

Practically composed of windows only, the sun room could not help but live up to its reputation. "Bringing the outside indoors" would be a suitable phrase to describe its use.

Adjoining the kitchen is a large pantry. Its numerous shelves afford ample space for the storing of cooking utensils, dishes and eatables. A refrigerator is placed in the pantry so that the whole food supply may be stored in this one room.

Very few families of average size homes invariably use the dining room. Instead the kitchen is the room in which most meals are eaten. This is due to the ease with which the housewife can place the food on the table without having to take innumerable steps into another room with each article. When a breakfast room is provided the simplicity of meal preparation is even greater. The kitchen is then free for other housework and the meals may be partaken in comfort without disturbances. That is why the breakfast alcove in this home is a feature worth noting.

**Outline Specifications**  
Size of house: 26 by 44 ft.  
Suitable lot: 55 ft. frontage.  
Walls: White clapboard.  
Roof: Wooden shingles.  
Cubic contents: 32,000 cu. ft.  
Approximate cost: \$9,000.  
Readers desiring further information regarding a house of this design should communicate with Mr. R. B. Bolland, 4469 Delorimer Ave., Montreal, and mention design No. 290. Consult a local architect if designing architect is too far removed.  
—Copyright 1931.

## TRAINS ON NEW TIME

Will Revert to Changed Hours Next Week—Out at 11:30 a.m. and In at 3:30 p.m.

Effective next Tuesday, September 29, there will be a change in the time of departure and arrival of trains on the local line of the Canadian National Railways. The new schedule will be identical to that of last winter.

Trains will leave for the East Monday, Wednesday and Saturday mornings at 11:30 and will arrive from the East on Sunday, Tuesday and Thursday afternoons at 3:30.

## FINE EFFECT OF OAK FLOORING INCREASED BY PROPER TREATMENT

Devote Time and Care to Original Finish

Third grade is the purely technical name, in the official G.O. Rating Rules, for a special quality of oak flooring.

While it is lower priced than the technically higher grades of oak flooring, it is not at all inferior as to durability nor as to the precision and skill which goes into its manufacture. It is particularly free of sapwood, and the figure and grain which distinguish it is due to a conservative variegation which originates only in heartwood. This variegation in color and figure is the cause of its position in "Third" place, a technical position that has nothing to do with its durability and use. From long habits the lumber industry refers to any feature not defined as "clear" as a technical "defect." Nevertheless such so-called "defects" often prove desirable factors which instead of detracting from usefulness give an individuality fitting to the floors of homes where special architectural feeling is to prevail. For best results this flooring should have a dark finish.

No matter what finish is used, the floor should first be surfaced clean with a machine-sander or hand scraped, and then sand papered or smoothed with steel wool until free from blemishes, the first coat of finish applied the same day. With the first finishing method no separate stain or filler is required, simply three coats of one of the special preparations now available. With the second method a stain, then a filler, third a coat of floor lacquer, and, if desired, one or more coats of floor wax are applied. The third method, where strict economy is necessary, is the ordinary "oiled" finish, using three coats of hot linseed oil.

Squeaking floors result most frequently from too few nails, too small a nail, sub-floors not solidly nailed, or sleepers not tightened in place. Plenty of nailing of the sub-floors is as important as thorough nailing of the finish floors, for one of the secrets of obtaining a compact and rigid, non-creaking, "one-piece" floor is to use plenty of nails closely spaced. A sub-floor is recommended whenever possible for oak flooring.

## Local Exchange Is Very Erratic

Only 102 Paid for American Money Here—Sterling Keeps Up Well Through It All

The exchange situation as it affects Prince Rupert is rather irregular and difficult. The banks find themselves in a position where they cannot pay anything like the quoted figures as changes occur so rapidly and the present low price of the Canadian dollar does not seem to be warranted.

Sterling keeps up well, some banks buying at 4.60 and selling at 4.80. The large spread is accounted for by the erratic market, which makes it necessary that they protect themselves. Usually the spread is only about two cents or less. Fish was bought this morning in Canadian funds and American sellers found themselves in the position of having to take a discount. Banks paid 102 for American money. Local fishermen paid \$108.50 in one case for each dollar. It would probably have paid to leave the money in the bank here for a few days.

## Mrs. Barnard Of Nanaimo Is Head Of Trustee Body

CHILLIWACK, Sept. 23.—Mrs. T. A. Barnard of Nanaimo was chosen president of the British Columbia School Trustees' Association at the annual convention here yesterday.

# TOBEY TEAM WINS GAME

### High School Softball Match Yesterday Tight Affair

Bill Tobey's softball team defeated Ted Smith's at the High School on Tuesday. The score was 3-2. It was probably the most exciting and best game played in the High School league this season and it certainly was a hard game for Ted Smith to lose. At the end of the fifth inning the score stood in a tie 2-2 which necessitated an extra inning being played.

Mac Rae saved the game for Ted Smith at the end of the fifth. With Tobey on third and two men down, W. Smith hit a fly to deep centre field which Mac Rae ran about 15 yards to catch.

In the sixth inning Ted Smith's team was retired when the batters hit easy flies. Tobey's team got many hits off Dominato in their half of the inning and Durgate and Iverson got on bases. With two men down and two strikes on Allen Dominato put one across the plate which Allen hit to centre field scoring Durgate.

Errorless ball was played throughout the game. Both pitchers, Dominato and Allen had sterling support in the field. For Tobey, Durgate, Tobey, and Allen were the scorers; Iverson, Allen, Tobey were the strong hitters while Gillis, Morgan and Durgate were valuable in the field.

For Smith, B. Tobey and Dominato were the scorers and hitters. Mac Rae, Nalcamato, Karoya and R. Tobey were notable in the field. Better for Tobey—Allen, p.; Morgan c.; for T. Smith—Dominato p.; Smith c.

Tobey's team—Allen p.; Gillis 1st; Morgan c.; Tobey ss.; W. Smith r.f.; Fulton c.f.; Ross l.f.; Durgate 2nd; Iverson 3rd.

Smith's team—Mac Rae l.f.; Dominato p.; Nalcamato 1st; Murray 3rd; Karaya ss.; B. Tobey 2nd; Green r.f.; Greer, l.f.; Smith c.

Umpire—C. Smith; Base umpire—J. Wells; scorekeeper—R. Wilson; reporter—Olaf Hanson.

### First Inning

Ted Smith to bat—Mac Rae out on long fly to Smith in right field. Nalcamato thrown out on first. Allen to Gillis. Dominato makes first on Durgate's misjudgment on second. Murray hits past short-stop scoring Dominato, and Hanoya is out on a Texas-leaguer to Durgate. One run, two hits, one error.

Tobey to bat—Allen thrown out on first. Dominato to Mac Rae. Gillis out on first. Dominato to Nalcamato. Morgan flies out to Dominato. Dominato pitching good ball. No runs, no hits, no errors.

### Second Inning

Ted Smith to bat—Tobey hits

past second, gaining first. Green hits for a single but is forced out on second by Greer's single. Tobey caught on home by Morgan, and Mac Rae flies out to Durgate. No runs, no hits, no errors.

Tobey to bat—Tobey hits a bad grounder past Murray on third. Dominato passes Smith. Fulton singles and Ross flies out to Mac Rae in left field but Tobey scores on Mac Rae's overthrow on second. Durgate fouls out to Murray on third. One run, one error, no hits.

### Third Inning

Ted Smith to bat—Nalcamato thrown out on first. Tobey to Gillis. Murray singles, but is called for leaving base too soon. Karoya out at first. Allen to Gillis. Allen pitching good ball. No runs, no errors.

Tobey's team to bat—Iverson hits a hot grounder to third and is called out for taking a lead off. Allen hits to Greer in right field and takes second on Greer's overthrow on first.

Gillis hits to left field for a safety and advances to second on an overthrow. Allen taking third. Allen tries to score on Morgan's single and is caught in a pickle but finally gets back to third on an overthrow. Tobey flies out to Kanaya in deep short. Two hits, two errors, no runs.

### Fourth Inning

Ted Smith to bat—Tobey singles to left field and steals second and third. Allen fans Green and Greer. Ted Smith hits a grounder past second for two bases and Tobey scores. Mac Rae singles and Smith tries to score but is caught on home. Iverson to Morgan. One run no hits two errors.

Tobey to bat—Smith out on first. Dominato to Nalcamato. Fulton hits to centre for a single. Ross singles forcing Fulton out on second. Kanaya to Tobey. Durgate flies out to Kanaya on short. One hit, no no runs, no errors.

### Fifth Inning

Ted Smith's team to bat—Dominato thrown out on first. Tobey to Gillis. Nalcamato thrown out on first. Allen to Gillis. Ted Smith flies out to Smith in right field. No runs, no hits, no errors.

Tobey to bat—Iverson singles by hitting a hot grounder past Kanaya. Allen hits a long fly for two bases. Gillis out on first. Dominato to Nalcamato and Iverson is caught on home when he tries to even the score. Nalcamato to Smith. Morgan singles, scoring Allen. Tobey walks. Mac Rae scores the game by running fifteen yards to catch Smith's fly in deep centre field. One run, two hits, one error.

### Six Inning

Ted Smith to bat—Kanaya flies out to Allen. Tobey flies out to Fulton in centre field. Green singles on Tobey's error on short but Green flies out to Tobey. No runs, no hits, one error.

Tobey to bat—Fulton thrown out on first. Dominato to Nalcamato. Ross singles, but is forced out on second by Durgate's hit to Kanaya. Iverson hits a long drive to the bank for a two-bagger and Allen hits to bank, scoring Durgate.

The Argentine government has taken steps to build approximately 800 miles of hard surfaced toll highways, a greater mileage of roads usable the year around than now exists in that country.

# SENATORS MOVE UP

### Took Exclusive Possession of Second Place Yesterday, New York Yankees Being Idle

WASHINGTON, Sept. 23.—Washington Senators, by defeating the Chicago White Sox yesterday, took exclusive hold on second place in the American League, the New York Yankees, with the Cleveland Indians being idle.

Detroit Tigers and St. Louis Browns became tied for sixth place, the former losing to the Philadelphia Athletics while the latter defeated the Boston Red Sox.

Yesterday's score:

American League	
St. Louis 5, Boston 2.	
Detroit 6, Philadelphia 8.	
Chicago 2, Washington 7.	
National League	
Pittsburgh 3, Philadelphia 2 (13 innings)	
Brooklyn 6, St. Louis 3.

# SPORT CHAT

It has never been a very difficult matter to pick a strong team of distance runners from Canada and it won't be hard next spring to choose a group for the Los Angeles games that is quite as good as the one Canada sent to Amsterdam in 1928. The unsatisfactory thing about it is nobody will know whether the new team is any better than the old—or vice-versa. If little Percy Wyer, the aged Toronto midget, had one of his good days the day the Olympic Marathon is run, the mite plodder would be a tough opponent for any runner in the world to beat. Similarly, Guelph's veteran Scot, Johnny Cuthbert, is almost unbeatable when he has an "on day." Cliff Bricker, of Galt, was consistently superior to anything in Canada before the 1928 Olympic games but he wasn't going good when Canada wanted him to be most, and from appearances, the Dominion's distance event hopes rest practically on the same uncertain shoulders, they did three years ago. Harold Webster, Billy Reynolds, Johnny Miles, Wyer and Bricker are still the best—one, one day and another the next. Cuthbert, who slipped back a little after he ran at the 1924 Paris Olympics, has once more taken to winning marathons and modified marathons. But for the most part, there hasn't been many changes in the general situation.

Instead of marathoning, Bricker may definitely choose to make the 10,000 metres his distance and Webster is likely to follow suit. The 44-year old Hamilton star won the Canadian six-mile championship for the second time this month at Winnipeg. Bricker has won several events at this distance in the east since he returned to the game after a two-year layoff. Three years ago Bricker rated as the best marathon man Canada had produced since Billy Sherring, of Hamilton, ran a historic May Day race at Athens in 1906. Sent overseas several weeks before the Olympic games so he could become acclimated, the sensational Galt boy finished tenth. Bricker retired shortly after his return, and only recently attempted a

comeback. Johnny Miles, the smiling Buenos, who runs for Hamilton Olympic Club, may spring an upset victory in any event he tackles, but Johnny is the most famed in-and-outer of the lot. Wyer ranks as the steadiest.

Denmark has given Western Canada a distinct prospect for an Olympic place in Hartington Anderson, red-haired fellow who has come outstanding at any distance up to ten miles. Running for the Calgary Altomah club, Anderson ran away from field after field this season and only failed to place in the Dominion six-mile title race at Winnipeg because his legs gave out on the heavy dirt horse-race track where the grind was held. Anderson chased Webster for three miles without showing any signs of trouble, remaining only behind. He kept on after Billy Reynolds had quit and when he finally called it a day he was only 75 yards back of Webster. Anderson intends to bid for a place on the Canadian team, either in the 10,000 metres or marathon. Dave Komenon, of Toronto, is another who may oust one of the old-timers from the next Olympic squad. He has given impressive performances in races at varied distances in Ontario and recently battled Bricker right up to the tape in an international 12-mile marathon at Toronto.

Another Galt man, Fred Sargeant, seems likely to lead Canada's prospective 5,000-metre runners into action at the 1932 trials. After trying almost every lone distance, Sargeant has settled back to the 5,000 as his specialty and even gallops an occasional mile in competition to test his speed. He has just conquered Billy Kibblewhite, Winnipeg youth who ran in the Amsterdam games, at Winnipeg this month. Fred Franklin, a team-mate of Kibblewhite, is coming along fast and stands ahead of black-haired Billy as a possibility. One or two of a large field of aspirants in the east are quite likely to develop in the next year perhaps sufficiently to threaten the old stand-bys, but there doesn't seem to be anything better than Bricker, Reynolds, Cuthbert, Miles and Wyer can offer in a marathoning way.

# The World's Record Trout

The largest known specimen of brook trout taken by an angler was that caught by Dr. J. W. Cook, Fort William, Ont., in the MacDonald Rapids of the Niygon River, and weighed 14½ pounds. This record brook trout was caught in the presence of ten witnesses.

# The RECORD SPEAKS for ITSELF

This is indeed a record breaking trout—one to make fishermen smile with pleasure . . . as Turret's record of high quality makes smokers smile with satisfaction.

Millions of Canadians have found in Turret the Cigarette which is mild and fragrant, yet perfectly satisfying.

After all, nothing can replace good, honest tobacco; grown and ripened right out in the field under nature's own sunlight—nothing artificial about that—and the high quality is "inbred".

12 for 15c.  
20 for 25c.  
—and in flat tins of fifty and one hundred.

Manufactured by Imperial Tobacco Company of Canada, Limited

## IMPORTANT NOTICE

# Manufacturers Advertisers and Advertising Agents

Look at the Map of British Columbia shown herewith and note that Prince Rupert is the centre of the largest trading area of any city in the Dominion of Canada.

## The Daily News Prince Rupert

is the only daily newspaper attempting to cover this huge area, and the people in it look to that paper for information in regard to possible markets. The nearest Canadian daily newspapers to Prince Rupert are:

- Vancouver, distant 500 miles
- Edmonton, distant 955 miles
- No papers published north or west

The industries in the district include—

- Halibut Fishing (largest in the world)
- Salmon Fishing (largest in B. C.)
- Lumbering, Logging and Mining.
- Paper Manufacturing.

New Industries are being planned for the district, announcement of which will be made in the near future. A new Hydro-Electric Power Plant has been installed and is now in operation.

No advertising campaign is complete without including

## The Daily News

Of Prince Rupert, B. C.

The only A.B.C. paper north of Vancouver and west of Edmonton.

## Finger Print on Plaster Cast Reveals Murderer

### Prints Fatal to Strangler in Vienna

Not long ago the body of a young man was found in a woods in the environs of Vienna, Austria. He had been choked to death. The police made use of "negacoll" an extremely plastic modelling material by which amazingly accurate masks are secured. A "negacoll" bust of the victim was identified by his relatives after the body was buried.

Examining the cast closely, the police discovered a reproduction of finger prints—evidently those of the murderer. The print was compared with the finger print records on file at police headquarters and there a similar print was found. The name and history of the owner was laid bare. He was arrested not long afterwards and convicted of the murder.

So finger prints are being used in every country to protect society from criminals.

### Prints on Things you Eat Are Dangerous to You

It is not only to criminals that finger prints are dangerous. They are full of peril to honest people. For, if you are lifting a chocolate or a biscuit to munch as you read, your prints may be preparing the way for your visit to a sick bed, the victim of a germ disease. This is not mere sensation. It is the cold truth. Your fingers may be covered with germs which you have picked up from articles which other fingers have touched during the day. Those other fingers may have been germ laden.

#### Germs Breed Rapidly

When those germs on the chocolate or biscuit reach your mouth they may breed with amazing rapidity and spread through your system to attack it at some weak point. Do you know that the Life Extension Institute lists no fewer than 27 disease germs which may be spread by human hands?

We cannot see these germs, yet they are everywhere. Where is the way to safety? Here it is—simple and available to all—wash with Lifebuoy Soap many times a day (and always before a meal) because Lifebuoy contains a germicide.

#### Safety in Lifebuoy

Safety in Lifebuoy! Yes, and more—much more! A beauty soap, too, as fine as can be made because it is based on two exquisite palm oils noted for their beautifying effect on the human skin. The soft, luxurious lather of Lifebuoy penetrates deeply into the pores, cleanses them and invigorates the skin. No perfume in Lifebuoy—but a pleasant safety scent that vanishes after use.

Body odour too! Many offend at work, or at a party, without knowing it. A Lifebuoy bath keeps you safe for many hours. Children need the frequent wash with Lifebuoy, they handle pet animals and other children's playthings so joyously and carelessly! Little cuts and scratches are kept free from infection by the Lifebuoy germicide.

See what a benefit Lifebuoy can be to everyone—grown ups, young people and children. Keep a cake always on the washbasin and for the bath. Get a supply from your dealer today.

## New Carrier Collection System

In view of the depression and to make it as easy as possible for people to pay, the Daily News is to be sold on a weekly basis, payable in advance.

The delivery boy will collect each Friday evening for the week following. He buys the papers and sells them to the customers, so there will be no credit given. The boy cannot afford it. Please do not ask him to return for the weekly payment. Have it ready for him.

Customers now in arrears will pay the amount owing at the office, but this will have nothing to do with the regular collections made by the boy. He will be doing business on his own, and if he does not make his own collections will not deliver the paper.

Those paid in advance will continue to receive the paper until the subscription expires. Any wishing to continue the yearly payments may do so, and we pay the boy.

The price of the paper will be 10c a week, payable strictly in advance. That means six papers for ten cents.

It will take a few weeks to get the new system running smoothly, and in the meantime we ask for the co-operation of the readers of the paper. The routes not going on the new system this week will do so just as soon as the lists are made up and the boys properly instructed. Help the boys to set up in business for themselves!

## Missionary Is In City Today To Give Address

Miss Edith G. Mann, B.A., of New Westminster, one of the outstanding lady missionaries of the Baptist Church in India, arrived in the city by boat today from Vancouver.

Miss Mann will address a public meeting in the Baptist Church this evening at 8 o'clock on her work among the Telugus. She has many interesting curios with her.

Thursday afternoon at 4 o'clock Miss Mann will speak to the children of the Sunday School and Mission Band in the lecture room.

Friday evening at 8 o'clock she will meet the ladies of the church and all others who may wish to attend in the lecture room for her farewell meeting in British Columbia.

Miss Mann will leave Saturday morning for Halifax, from which port she with other missionaries sail for India.

## FURTHER REDUCTIONS

### In Our DELIVERY ORDERS

With Fall and Winter weather conditions coming upon us we have decided to make it easier for the housewife by reducing delivery orders.

We now offer in conjunction with our low prices free delivery of orders amounting to \$2.00 or more. This change in policy we trust will meet with the approval of our many customers.

The policy of our Fifth Avenue Meat Department remains the same, with QUALITY and SERVICE our watchword, and all orders delivered.

## INGENUITY IN FLYING

How Al Cheeseman and Duke Schiller Extricated Spark Plugs From Engine

Some time ago Al Cheeseman, who has been operating a Boeing flying boat on fishery patrol this summer for Canadian Airways (Pacific Lines) based on Swanson Bay, was flying for the N. A. M. E.

One reason he was with "Duke" Schiller and a Wasp-engine Fokker in the North, which had dropped a few revs somewhere. It was decided to check over and perhaps change a sparkplug or two.

The tool kit was unrolled and to their chagrin the airman found nothing suitable therein for the extraction of sparkplugs.

However, visiting the cabin of a trapper who chanced to be nearby, they had a brain wave and bought from him a single-barrelled shotgun. By dint of ingenuity and patience—and an improvised forger—they turned out a kind of box-spanner and with this completed the job.

Having finished, they thought they might as well return the now rather weird weapon to its original owner. The latter thanked them and from force of habit opened the breech. There reposed a perfectly good cartridge which had been there all the time.

## WELL KNOWN COUPLE WED

Miss Pearl Collier Became Bride of George Brochu at Quiet Ceremony Last Night

A pretty but quiet wedding took place last night at the home of the bride's parents, Mr. and Mrs. J. W. Collier, on the waterfront when Miss Pearl Rosa Collier was united in marriage to George Gerald Brochu, son of Mr. and Mrs. G. Brochu, 736 Eighth Avenue West. The ceremony was performed by Rev. Alfred Wilson, pastor of First United Church. Attendants of the couple were Mrs. George Arter and G. H. Arnott. Only relatives and close friends of the contracting couple were in attendance.

Mr. and Mrs. Brochu will sail this afternoon on the Princess Louise for Vancouver, where they will reside. They will have the hearty congratulations and best wishes of their friends.

## Twenty Years Ago

In Prince Rupert

September 23, 1911

Later returns reversed the result of the federal election in Comox-Atlin riding and the election of H. S. Clements, the Conservative candidate, instead of Duncan Ross, the Liberal, is now conceded. With a number of small polling places to be heard from, Mr. Clements' majority today stood at sixty-two.

Tenders have just been called by W. W. C. Mehan, general superintendent of the Grand Trunk Pacific Railway, for grading work on the station, round house and dry dock sites here. In all it is expected that over 1,200,000 yards of material will be removed.

George Anderson, one of the G.T.P. bridge building gang, was run over by a freight car yesterday afternoon near Ros & McColl's camp and his leg was so badly crushed that it had to be amputated by Dr. C. A. Eggert.

## 1932 Atwater Kent Radio Soon To Be Displayed

Golden Value Models Finest Ever Produced

The new Atwater Kent golden value models, which will be fully announced directly will be distinguished by new low prices for this famous line of radios and will embody many new features and refinements.

Exhaustive experiments and tests were conducted before the new models were considered perfect enough to go into production.

The new advanced superheterodyne circuit will be included in all the 1932 models which will give them a knife-like selectivity that shuts out the unwanted station as if it were silent. Quick-vision dial, finger-tip action station selector and automatic volume control are other valuable features of the new Atwater Kent models.

Cabinets of pleasing symmetry, emphasized by exceptional beauty of design, are finished in genuine No-Mar, and are manufactured by Malcolm & Hill, well-known makers of No-Mar furniture.

Atwater Kent golden value models include two small compact—powerful little sets that offer big radio performance in space-saving form. There are also four Console models and a new radio-phonograph combination. The complete range thus offers B.C. buyers a wide selection to meet all tastes and purses.

The new Atwater Kent radio sets will be on display at the showrooms of prominent dealers throughout the province shortly.

Discriminate prospective purchasers are awaiting the appearance of this new line before buying.

## ALICE ARM

Fourteen men in need of employment relief arrived at Alice Arm from Anyox during the week and have been placed in the relief camp near the Illiance River where there is now a total of twenty-eight men. More men from Anyox are expected.

Miss Lois Studdy left last week for Kamloops, where she will enter the nurses' training school of the Royal Inland Hospital.

According to United States Department of Agriculture experiments, fog can be dispelled artificially under favorable circumstances but all known methods are too costly for commercial use.
