

# VANCOUVER CITY HELD TO BLAME

## MANSON AND WRINCH RESPOND TO SHELLY ALLEGATIONS

**"Just Another Case of Failing To Understand Simple Thing" 'Tis Said**

Repayment of \$700 Was Skeena Member's Long Outstanding Right, It Is Clearly Explained to Legislature

VICTORIA, March 19:—Dr. H. C. Wrinch and A. M. Manson replied in the Legislature Wednesday to the accusations made by Hon. W. C. Shelly Tuesday that they combined to repay \$700 taxes to Dr. Wrinch illegally in the last days of the former Liberal government. "This is just another case where Mr. Shelly has failed to understand a simple transaction," declared Mr. Manson, who described the accusation as "twaddle." In calm, simple language Dr. Wrinch laid before the House the whole facts of the transaction under fire. "The minister does not read the whole order-in-council on which he made his personal attack on my character," said Dr. Wrinch. "I wish to read it so the House may have the full information. The order recited that, through an error by the crown, not by Dr. Wrinch, the crown found itself un-

able to convey to him five blocks of land to which under the Land Act, he was lawfully entitled when the subdivision on the area in Hazelton was cancelled. It had taken a period of seven years for the matter to be straightened out, during which Dr. Wrinch bought the land which was rightfully his from the crown for \$586, and paid townsite taxes for seven years on land that, but for the crown's error, would have reverted to an agriculture status seven years earlier. The order-in-council set out that this was an injustice to Dr. Wrinch and returned to him \$700 of \$786 which he thus unjustly was compelled to pay.

Dr. Wrinch stated that he had desired to get this area reclassified to be available for settlers and, in doing so, had incurred greater costs than the proceeds of the sales. There had been no personal gain. He had sold the land to settlers before the matter was cleared up and found himself unable to give the purchasers their title. He quoted his own letter to the deputy minister of finance asking as a personal favor, that the question of title be cleaned up with all speed so he could satisfy the settlers, but stating he was willing to accept any reasonable settlement of his own claims. "Surely that was not unreasonable when I had been waiting for seven years," he said. "If this statement is not enough to convince any fair-minded person of my integrity, the hours of talk would not do so," he concluded.

A. M. Manson said that, in putting through the order-in-council, he was convinced that the course taken was the only honorable one for the crown to take. The crown should be the last to commit an injustice upon the subject.

(By Canadian Press)  
VICTORIA, March 19:—Replying to charges made in the Legislature on Tuesday by Hon. W. C. Shelly, A. M. Manson, Liberal, Omineca, made a lengthy statement yesterday. He declared that "the original blunder had been made in the Lands Department more than 20 years ago" and that "an order-in-council was prepared reciting all the facts very fully and appended, being made part of it was a memorandum made by the surveyor of taxes showing that, through an error of the department, Dr. Wrinch had been put to an outlay of \$786." Mr. Manson said that the whole file had been tabled in the Legislature two years ago, adding that "it would seem to be just another case where Mr. Shelly did not understand a comparatively simple matter."

**ONE BOAT IN**

The local boat Pair of Jacks was the only halibut vessel in with a catch today. She disposed of 7,000 pounds to the United Pacific Fisheries on the usual terms.

United States' Latest Type of Armored Car

This latest type light armored car was recently tested at Fort E. is, Va. Car is operated by three men, has road speed of 60 miles per hour, cruising radius of 200 miles on one filling of gasoline, and carries two machine guns

**Manson, Wrinch and Pattullo Make Plea in Legislature For Central Interior Seed Grain**

VICTORIA, March 19:—It took nearly an hour's pounding by A. M. Manson, Dr. H. C. Wrinch and T. D. Pattullo to elicit from the government Wednesday night any stronger statement than a promise to consider the application of settlers in Central British Columbia for seed grain. Hon. W. A. Atkinson, minister of agriculture, said the Dominion had been asked to include Central British Columbia in its seed grain provisions. Mr. Manson said that the Dominion had already turned down the direct applications of the Farmers' Institutes, saying it was a provincial matter.

"Ottawa does not know about Central British Columbia," he commented. "I hope the settlers won't suffer while Ottawa and Victoria pass the buck to and fro."

Mr. Atkinson said the banks had helped some of the settlers.

"I am speaking for those the banks cannot help," said Mr. Manson.

The House was in committee of supply on the minister's salary and the northern member refused to allow the vote to pass until they received assurances.

Finally Premier, Tolmie said the Dominion seed branch was the proper agency to provide the seed but agreed with Mr. Manson that experienced settlers should not be allowed to leave the country for want of help. He said there was no reason to believe this would be allowed to happen.

This being the strongest statement that could be elicited from the government the vote was allowed to pass.

Formal denial was made by Dr. Wrinch that he had in any way benefitted wrongfully.

**LOG CAMP REOPENS**

Goodly Number of Men Already in Employment at Cumshewa in Morgan Operations

Word brought to the city from the Islands on the Prince John today is to the effect that the J. R. Morgan Logging Co.'s camp at Cumshewa Inlet is resuming operations on quite a substantial scale and that a goodly number of men are already in employment there. The company, it is understood, will dispose of its logs to mainland pulp mills.

John R. Morgan, head of the company, arrived in the city yesterday, after a trip to Vancouver, and is now at his sawmill at Billmor before proceeding Saturday night on the Prince John to Cumshewa. Mrs. Morgan came north from Vancouver to Cumshewa on the present trip of the Prince John.

**VANCOUVER WHEAT**

VANCOUVER, March 19:—Wheat was quoted at 57c on the local exchange today.

**Further Allegations Are Made Against Former Government of Province by Attorney General**

VICTORIA, March 19:—Confidential reports which Hon. R. H. Pooley, attorney general, stated had been delivered to A. M. Manson K.C., former attorney general, were introduced in the Legislature yesterday. Mr. Pooley said that startling disclosures had been made in reports of Andrew Blygh of Vancouver, who is said to have been Mr. Manson's confidential agent when the latter was attorney general.

Mr. Pooley charged that the former administration had spent \$650,000 in one year for "secret service" and that there had been nothing left to show for it.

Mr. Pooley said that in March, 1927, when two commissions were investigating conditions in connection with government liquor stores, Blygh had reported to Mr. Manson in respect to an inquiry before Mr. Justice Murphy that "it is very gratifying to me to see how very little of the real conditions came to light."

Mr. Pooley also charged that the former government was a party to liquor transactions with bootleggers.

**CONTEMPLATES AN ADDITION POWER PLANT**

The Financial Post of Toronto has a list of power installations in 1930 which includes 6,000 horsepower at Falls River for the Northern B. C. Power Company.

Another list of "Hydro Developments Contemplated" includes 10,000 horsepower for the Northern B. C. Power Co. at Falls River.

**MORE THAN 50 MILLS**

City Tax Rate Will be Higher Because of Lower Assessment and Relief Charges

**MEETING LAST NIGHT**

Whole Field of Municipal Finance is Carefully Canvassed by Mayor and Aldermen

For over two hours last night the city council, with the mayor and all the aldermen present, wrestled with the estimates for the present year with the purpose of keeping them down to a level where the mill rate will not be so high as to be prohibitive. Before adjourning it became clear that the rate would have to be higher than last year owing to the ten per cent reduction in the assessment and to the fact that the direct unemployment relief for last year is not yet paid for and must be provided in this year's estimate.

It was impossible to arrive at any definite conclusion, owing to the fact it is not yet known how much extra, if any, will be paid by the provincial government this year in the school grant. In the past, Prince Rupert has been rated as a city of the second class but, now that the number of pupils attending the schools is over a thousand, it is probable that the city will be rated as of the first-class and therefore entitled to a different basis of pay.

Efforts are being made to prune the estimates to the very limit, holding back desirable improvements until a time when there is more money available. The question is just how much more than fifty mills it will be necessary to levy in order to carry (Continued on Page 2)

**FINED \$50**

Found guilty on a charge of keeping a common bawdy house, Mabel Tibbits was fined \$50, with option of 30 days' imprisonment, by Magistrate McClymont in city police court this morning. Cases of Babe O'Reilly and Andrew Hanson, charged with being inmates, were adjourned until March 26.

**CITY IS BLAMED**

Coroner's Jury Holds Corporation Responsible for Georgia Street Tragedy

VANCOUVER, March 19:—Holding that "insufficient precautions are provided in case of the bridge undergoing repairs" and that "the evidence also shows that the parapet failed to provide sufficient protection to the party," a coroner's jury yesterday placed the blame for the quadruple fatality early Sunday morning, in which four people lost their lives when their car skidded and plunged over the Georgia Street viaduct, upon the Corporation of the City of Vancouver.

**Manson Queries In Legislature**

Wants to Know About Activities of Attorney General's "Sleuth"

A. M. Manson, M.L.A. for Omineca, had questions to ask in the Legislature last week regarding a Mr. Cox, a "sleuth" of the attorney general's, who had gone up into a small town to "get" a provincial police constable because he was a Liberal, incidentally carrying on political work in country constituencies. Attorney General Pooley replied that he would have some interesting and valuable information to give out on this matter shortly.

**KEELEY RESIGNS**

VANCOUVER, March 19:—It was learned today that B. C. Keeley, Pacific Coast manager of steamships for the Canadian National Railways, had, on the advice of his medical advisors, submitted his resignation to take effect as soon as the company could relieve him of his responsibilities.

Colonel Hiam, executive representative on the Pacific Coast, Canadian National Railways, when seen today, expressed his deepest personal regret at the necessity for Mr. Keeley's decision and added that he and his fellow officers hoped that a complete relaxation from duty would result in a speedy recovery.

It is understood that Mr. Keeley intends to spend some time in the south. It is further rumored that Mr. Keeley, upon his return to Vancouver, will become associated with local shipping interests.

**The Weather**

Prince Rupert—Southeast wind; raining; barometer, 29.23; temperature, 50; sea moderate.  
Triple Island—Raining, fresh southeast wind; sea moderate.  
Langara Island—Raining, light easterly wind; sea choppy.  
Dead Tree Point—Raining, fresh southeast wind; barometer, 29.38; temperature, 43; sea moderate.

**Annual Liberal Meeting**

Annual meeting Prince Rupert Liberal Association will be held in the Metropole Hall,

**Friday, March 20, at 8 p.m.**

Business: Election of officers. Ladies especially invited to attend.

## BURDOCK BLOOD BITTERS

### Pimples On Face Humiliated Her

Miss Frances Lodge, R. R. No. 8, Dunnville, Ont., writes:—"I used to feel very humiliated whenever I would go to town, on account of the breaking out of pimples on my face, caused from impure blood. Now all that has vanished, and I have not been bothered since I took part of a bottle of your wonderful medicine Burdock Blood Bitters."

For sale at all drug and general stores, manufactured, for the past 51 years, only by The T. Milburn Co., Ltd., Toronto, Ont.

## JONAH IS NEEDED

Judging from what is occurring in the southern part of the province, it would seem that the provincial Conservative party is finding the going pretty hard and is looking forward and wondering what is going to happen at the next provincial election. It is looking for a Jonah that can be thrown overboard to save the party from the turbulent waters of public opinion that threaten to overwhelm it. High and low it has searched. Lots have been cast and the lot has fallen upon Jonah in the person of Premier Tolmie. He must be thrown overboard before the ship of state will, from a Conservative view, once more sail smoothly. If he is made the Jonah, a new premier chosen, there is hope that the winds and seas of opposition will cease and the party sail smoothly once more to Victory.

With a new premier and new members in cabinet positions the party might go before the people and ask for a return to power with a slight possibility of success.

But what of Premier Tolmie? He is not easily thrown overboard. These farmers have a way of holding on to the ship when they once get aboard. Farmer Tolmie is there and it will take a strong man to cast him into the deep. People who know the situation in the south pretty well say they cannot exactly see W. J. Bowser displacing the premier just now or even acting as his chief adviser. But many Conservatives are now in open rebellion and something must be done to placate them before the inevitable election is called. What will it be?

## CANADIAN IN ENGLAND

Lord Beaverbrook, the British newspaperman and statesman, who many years ago went to that country from Canada, has been so active in fomenting rebellion in the Conservative ranks that he has embittered many party politicians against him. The former Lord Chancellor, Lord Hailsham, is reported to have said:

"Lord Beaverbrook comes to East Islington, and is compared to an elephant trumpeting in the jungle, or a man-eating tiger. I am inclined to compare him with a mad dog running along the streets and yapping and barking, and I would remind his lordship that the best way to treat a mad dog if you can't muzzle him is to shoot him."

While nobody thinks the speaker wished to commit murder but rather that he was speaking of political death, the language would, if uttered in Canada, be considered anything but judicial.

## HARTNESS IS HEARD

Four Year High School Course  
Discussed Before Parent  
Teachers

The four year high school course was the subject of an address by D. H. Hartness, principal of the King Edward High School, at the regular monthly meeting of the Parent Teachers' Association in Booth Memorial School last evening.

In his introductory remarks, Mr. Hartness referred to the background of educational practice in America which had naturally enough been based on the system of education common among the European peoples of the countries from which they came. The old idea that secondary education was for the selected few of the well-to-do families was being replaced by the present day belief that every child should have an opportunity to enjoy and reap the benefits of a high school course. Inasmuch as the former idea had as its objective the training for professional life and the university, the course was one means towards accomplishing this.

Pupils had still the opportunity to complete the course in three years if they were intellectually equal to doing so. Mr. Hartness explained. The new course offered a wider choice of subjects. Pupils need not take the high school course with the sole aim of preparing for university or normal school. A high school graduation certificate was now available for those who had completed four years at a high school and while this was of little value as far as university credits were concerned, it was of real value in that the pupils had acquired worthwhile intellectual and normal equipment for life.

The course contained certain core subjects that all students must take, English, Social Studies, Health and Physical Education. Then there were group requisites from which a choice might be made—Mathematics, Languages, Sciences, Home Economic, Industrial Arts, Agricultural and Commercial courses. A third group contained free electives. In Prince Rupert there was a course in Home Economics which, the speaker reminded his audience, was not offered in any other school outside the lower mainland.

There was no doubt that students who had had a high school education or even a part of a high school education were much more likely to obtain and hold positions than those who had not such education. Of the six great fields of education—health, family, industry, citizenship, religion and recreation—the last two were probably the most neglected. The repetition of the Lord's Prayer was not in itself sufficient education in religion, yet this was the only direct religious teaching in the schools. In Prince Rupert the lack of an auditorium and playground space was a serious handicap to the accomplishing of the full aspirations of teachers. The pupils suffered and future developments in the city would necessitate the provision of such accommodation and facilities.

### Vote of Thanks

On motion of Mrs. J. E. Boddie a very hearty vote of thanks was accorded Mr. Hartness for his interesting and instructive address on a subject that was of such importance to the parents of all pupils in the city.

Mrs. R. Blance presided over the meeting. In the course of the business session a letter from Mrs. Fanny Wynne, educational secretary of the Collison of Kincolith Chapter of I.O.D.E., Anyox, was read relative to the possibility of obtaining a speaker from the University of British Columbia to address a meeting, such speaker to visit other points on the coast and in the north. The secretary will communicate with the university and with the Anyox chapter.

Grants of twenty dollars to the High, Borden and Booth schools, were voted and ten dollars to Westview and Seal Cove for sporting and similar activities. The recent drive for members had resulted in upwards of two hundred memberships and it was felt that with such a membership the local association would be an asset to the city.

Mrs. E. J. Smith delighted the audience with pianoforte solos and also accompanied Miss Halliwell in vocal numbers.

## Conservatives of Skidegate Have Meeting

SKIDEGATE, March 19.—A business meeting of the Skidegate Inlet Conservative Association was held at the school house in Skidegate on Saturday evening, being well attended. Many matters were dealt with at the meeting and great progress seems to predominate in the Conservative cause.

A great feature that most certainly calls for mention, was the surprise entrance of the Skidegate Conservative ladies, after the meeting had just closed, bearing dishes of wonderful sandwiches, cakes and cookies, not forgetting delicious coffee.

Following the refreshments several tables of bridge were played. The evening's entertainment came to a close at midnight. Great praise is due to those ladies for the way they carried out the arrangements and made everyone feel quite at home.

### MORE THAN FIFTY MILLS

(Continued from Page One)

on and pay the bills.

### More Than Last Year

The fixed charges which must be provided for, before any other payments are made, amount in all to \$30,680.93 which is about seven thousand dollars more than was required last year.

The estimates for the schools, over which the council has no control, amount to \$93,930.

The hospital estimate for the year is \$12,280.20, the same as last year and the library \$3,755, a very slight advance over 1930. The Fair Board is down for \$1200. Engineering administration has been cut from \$4,600 to \$3,000 and sewer maintenance is down but most other public works estimates remain at about the same figure subject to revision. The total public works estimate is \$55,500 which is three thousand dollars less than last year but this may have to be slightly reduced yet.

The fire department estimate remains at about \$16,000 and the police at \$14,229.50.

Last year the city's income outside of the direct rate, amounted to about \$163,000 but it is difficult to estimate what it will be this year. Liquor profits will undoubtedly be down, telephone profits are expected to be up and other sources remain about the same, such as licenses, poll tax, cemetery fees, garbage collection charges and matriculation class fees. The unknown quantity is the Government grant for schools which it is expected will be decided upon soon.

It is probable that the rate will be set within the next week or two and in the meantime the mayor and aldermen are provided with much food for thought.

## Sir Hubert Wilkins On Air Last Night

Famous Australian Explorer Heard  
in Radio Interview During  
Early Evening

Local radio listeners were able last evening between 7:30 and 8 o'clock to hear a brief interview by Sir George Hubert Wilkins, the famous Australian explorer. Speaking from New York over the lines of the National Broadcasting Co., Sir Hubert told about plans for his forthcoming attempt to reach the North Pole in a submarine under the Arctic ice. Sir Hubert's interviewer was Grantland Rice, the noted sports writer.

At the Rotary luncheon today an invitation to send a speaker to Ketchikan next week to take part in the Good-Will celebration, had to be refused owing to the lack of rapid transportation. It is promised that during the summer a visit will be made. An invitation was also received from Vancouver.

## Four Trainmen Killed When Train Jumps Bridge

One of trains crack Louisville and Nashville Railroad's Pan-American Limited, bound from New Orleans to Cincinnati, half on and half over draw-bridge over Mobile river. No passengers were injured, but four trainmen lost their lives. Officials are at a loss as to how accident occurred.

## DEPARTMENT OF TRADE AND COMMERCE OTTAWA, CANADA

To Retail Merchants,  
Everywhere in Canada:

### Yours is a Grave Responsibility!

Some day soon you will be called upon by a commercial traveller who is going to do his best to sell you some foreign-made goods.

To avoid generalizations, and to get down to a typical concrete case, let us suppose you are a grocer, and that the traveller wants to sell you some well advertised line of canned vegetables. Your stock of canned vegetables will soon need replenishing in any event; you have occasionally had customers enquire for that particular brand, so you would anticipate no difficulty in selling it; and the price quoted you is one that appears to offer you a satisfactory margin of profit. What are you going to do about it?

Before answering that question, just remember please that in succeeding days you will have many other commercial travellers call upon you, trying to sell you foreign-made pickles, foreign-made salad dressings, foreign-made biscuits, foreign-made cheese and a host of other imported products—some under brand names made familiar to your customers through advertising, and all at prices that give you a chance of increasing your margin of profit. So again I ask what are you going to do about it?

Admitting for the sake of argument that you enhance your reputation for enterprise if you are always able to supply your customers with any brand they choose to ask for, is it wise of your customers to be spending their money for foreign-made foods instead of Canadian-made foods? And if it isn't, is it wise of you to make it easy for them to do so?

With a few exceptions, nearly all Canadian-made foods originate on Canadian farms. The more your customers favour Canadian-made foods, the busier Canadian farmers will be producing the materials from which those foods are made. And the busier Canadian farmers are, the better it will be for all other classes, including of course your customers, whose prosperity rises and falls with the prosperity of the farmers.

"Quite so," you may say, "but I have to buy a lot of imported merchandise in any event. I have to buy oranges, and lemons, nuts and raisins, tea, coffee, cocoa, spices, and scores of other things. A little more or a little less is not going to make a particle of difference to Canada's prosperity one way or the other."

You may think it won't, but just let us look a little more closely at those items you have mentioned. Granted you have to stock oranges, lemons, nuts and raisins—all imported—in order to give your customers the service they demand of you, does it necessarily follow that just because the other articles are also of foreign origin, there is no room for intelligent discrimination in your purchasing of them?

In Canada's interest, is it not better for you to stock tea that has been blended and packaged in Canada, by Canadian labour with Canadian materials, than tea that has been blended and packaged in some other country? Isn't it better to stock coffee that has been roasted and ground in Canada, than coffee that comes into this country all ready prepared? And if, when stocking merchandise that is necessarily made out of foreign materials, it's better to stock brands that had been packaged or otherwise prepared in Canada, how much more important it is when stocking merchandise like canned vegetables, that could be made just as acceptably out of Canadian materials, always to give the preference to the brand that is produced in Canada throughout?

When a customer asks for an imported brand, that you know is no better than—perhaps not as good as—a Canadian brand of the same thing, at an equal or lower price, what are you going to do about it—enter into a friendly argument to show her the error of her way, or follow the course of least resistance by giving her what she wants?

Let us suppose that all your customers began buying foreign-made foods and that you, with no thought of the consequences, ceased stocking Canadian-made foods in order to cater to the changed demand. And let us further suppose that your competitor across the street began doing the same thing at the same time for the same reason, and that the movement spread to other towns and cities till it became general right across Canada. Wouldn't the food factories of this country soon have to close up? And with their closing, wouldn't our farming industries suffer a severe blow? And with our farmers in the doldrums wouldn't it be only a short time before your customers began to buy less, and to go in debt with you for what little they did buy?

So again I ask you what answer are you going to give that commercial traveller when he comes in to book your order for a line of imported canned vegetables? It's worth a lot of very careful thought, isn't it?

Very sincerely yours,

A. H. Stevens  
Minister of Trade and Commerce.

Harold McEwen, C.N.R. division freight agent, left on yesterday's train for the interior, accompanying G. T. Pettigraw, assistant freight traffic manager, Montreal, as far as Prince George.

The regular weekly luncheon of the Prince Rupert Rotary Club in the Commodore Cafe today took the form of a business session, there being no speaker. President S. D. Johnson was in the chair.

B. A. Latta of the Canadian National Express Co. with headquarters in Edmonton will sail tonight on the Prince George for Vancouver. He has been here for the past two or three days in the course of an inspection tour.

Mrs. Stevens, mother of Mrs. H. R. Frost of Massett, arrived in the city on the Prince John this morning from the Islands and will sail tonight on the Prince George for Vancouver. Mrs. Stevens was accompanied this far by Miss A. Briddin.

Rev. Arthur Barner of Toronto, superintendent of Indian missions for the United Church of Canada, after spending two weeks on the Queen Charlotte Islands, arrived in the city on the Prince John this morning. Mr. Barner is on his annual tour of the west.

In connection with an article on "How Salmon is handled" published in The Canadian Gazette are three pictures of local interest. One is a bird's-eye view of Prince Rupert, another of Port Essington village and the third a scow load of salmon caught on the Skeena River.

### LOCAL ITEMS

Paul Armour was today appointed by President Johnston of the Rotary Club to head the "On to Portland" committee in connection with the forthcoming district convention.

At the Rotary luncheon today the president was empowered to appoint a nominating committee to prepare for the nomination of officers which takes place April 2. Members may also nominate from the floor on nomination day.

A challenge from the Prince Rupert Gyro Club was today accepted by the Rotary Club to engage in a softball game. The challenge suggested that the stakes be either fun, marbles or money. Dr. Alexander is appointed to have charge of the Rotary team and to make all arrangements.

At the meeting of the Rotary Club today Syd Thomson, who lunched with Aloha Rotary Club, Honolulu recently, delivered a message of greeting from that club to Prince Rupert and presented President Syd Johnston with an orange colored lei with the Rotary badge attached which the president wore throughout the proceedings. Next week Mr. Thomson is scheduled to give an address on his visit to the Hawaiian Islands.

### SPORT NEWS

#### VISITORS WIN GAME

Port Simpson Basketballers Take Locals by Score of 35 to 19

In a basketball game designated as being for the championship of Northern British Columbia, Port Simpson succeeded last night in defending their title against Prince Rupert All Stars by a score of 35 to 19. It was an easy win for the native visitors who were in the pink of condition and practice whereas Prince Rupert players, almost all intermediates at that, have worked hardly any this winter.

Individual scores were as follows:  
Port Simpson — Wesley, 18; Sankey, 8; Brentzen, 8; Knott, 1; Johnson, total, 35.  
Prince Rupert — Smith, 7; Ratchford; Gurvich; Eant; W. Mitchell, 10; Moore, Morrison, 2; Total—19.  
In an intermediate game, Big Four took a Port Simpson quintette by a score of 50 to 17.

#### Gurvich-Wendle Battle Tomorrow

Two Boxers Have Completed Very Strenuous Campaign

Benny Wendle and Nina Gurvich have completed a strenuous four weeks' training for their ten round bout at the Empress Social Club Arena to-morrow night and are reported to be in fine shape.

Wendle is one of the most pleasing performers now fighting in Rupert and has yet to turn in anything but a top notch battle. In Gurvich, however, he will be meeting a man who has shown that he can take punishment and then come right back with a knockout wallop.

Local fight fans are watching the progress of Gurvich and Wendle with no little interest and have them tabbed as two of the best prospects developed in the north in some years.

This promises to be one of the best bouts of the season and with several other good events, the card looks like a winner.

Miss Diana Fishwick, British women's golfing champion, recently defeated by American women golfers in first tournament in the States, at Miami Beach, Fla.

Over 54 million packages of Salada were sold last year.

There are seven reasons why

# GUINNESS IS GOOD FOR YOU

FOR SLEEPLESSNESS. If you cannot sleep, try this simple remedy—a glass of Guinness at night. It soothes the nerves, composes the mind for rest, and the hops in it bring tranquil sleep.

And in the morning you will awake refreshed, for Guinness rebuilds the tired brain and nerve cells while you are asleep.

Guinness is a naturally matured beverage. It is made from barley, barley malt, hops and water only, with the addition of yeast to assist in the fermentation.

Guinness should not be served COLD.

This advertisement is not published or displayed by the Liquor Control Board or by the Government of British Columbia.

### Professional Men Wear and Approve Comfort-Fit

#### Ask Your Doctor About Stanfield's

Ask him about the importance of the right kind of underwear. Ask this man whose life is devoted to keeping people well—about the part underwear plays in your health. He will tell you that underwear that binds and retards circulation is dangerous—that irritating, chafing underwear sets nerves on edge. And he will tell you that unless underwear is made from fine yarns its protective value washes out in mighty few tubbings.

Perhaps he wears Stanfield's. For more than 44 years this famous make has been made to rigid standards. Made of finest wools it will outwear two ordinary good garments. Careful tailoring to exact measurements assures comfort-fit. Perfect finish and attention to the little details add much to comfort without increasing price.

But see this fine underwear for yourself. You will quickly realize its superiority.

## STANFIELD'S Unshrinkable UNDERWEAR SOFT-WARM-DURABLE

A QUALITY TO MEET EVERY NEED THE BEST VALUE AT EVERY PRICE Guaranteed to fit—20 to 50 lbs

- 5 POINTS OF STANFIELD'S SUPERIORITY
- 1 Accurate measurements... superb tailoring... perfect fit.
- 2 Exclusive easy-fitting closed crotch.
- 3 Non-rip cuff seams... smooth and elastic.
- 4 Always soft... always warm... outwears them all.
- 5 Buttons that won't pull off.

#### Frankie Neel Lost Decision

Outboxed Chuck Carnera of Seattle But Latter Was Hardest Hitter So Got Call

In a fight last week in Port Angeles, Frankie Neel, formerly of this city, easily outboxed Chuck Carnera of Seattle, leading Italian coast featherweight, but the latter hit too hard and, for that reason, was awarded the decision. Neel writes to the Daily News that he will be appearing in Prince Rupert in the very near future. He has been going strong recently in good company in the south and his return here will be welcomed by boxing fans generally.

Telling of the Neel-Carnera fight, the Port Angeles newspaper said: "Carnera substituted for Eddie Thomas who is sick with influenza. The Seattle Italian is a sturdy fighter who was outboxed by Neel. The Victoria lad lacks steam to his punches and Carnera kept wading in and in the third and fourth rounds scored heavily and had Neel down for the nine count twice in the fourth.

"Weathering the storm Neel came back to make a fight out of it in the fifth and sixth rounds and gave a fine example of gameness and defensive boxing. Carnera had piled up a good lead in his two best rounds, the third and fourth, that gave him a margin."

#### Canadian National Golf League Games

Scores last night in the Canadian National Recreation Association's Golf League were as follows: Dry Dock, 320; Round House, 339; General Office, 347; General Office II, 400; Machine Shop, 400.

The low individual score was 72 which was turned in by Dave Eastman.

### SPORT CHAT

The senior basketball game last Thursday night between Greenville and Prince Rupert was exceptionally fast and the teams showed that they were well matched. Individual scoring:

Prince Rupert—Dido Gurvich, 7; Alex Mitchell, 3; Tom Kelsey, 6; Will Lambie, 3; Will Mitchell, 10; total, 29.

Greenville—A. Robinson, 7; H. Robinson, 3; J. Gray, B. Bright, 5; C. Calder, 4; F. Calder, 4; total, 23.

The intermediate game was inclined to be a rather rough affair with scoring as follows:

Prince Rupert—E. Ratchford, 3; D. Morrison; E. Smith, 2; S. Stiles; Bob Stalker, 2; Doug Stalker, 2; Johnson, total, 9.

Greenville—A. Angus, 2; A. Robinson; W. McKay, 2; John Gray; Sam Tate, 6; E. Robinson; F. Ross; S. Wilson, total, 10.

#### LOW GOLF SCORE

In the ladies' golf league Tuesday evening, Mrs. Robert Moore had low scores of 40 and 41. Twenty ladies played.

### CRIBBAGE SCHEDULE

March 23—  
Grotto vs. P. R. Hotel, I.O.O.F. vs. Seal Cove, Sawmill, Hawks vs. Elevator, Moose vs. Eagles, Kts of Columbus vs. Toc H, Operators vs. Six Musketeers.

## Country Readers of "The Daily News"

To the readers of the Daily News who live out of town, we suggest that the classified columns of the paper provide an excellent medium for the disposal of articles they may have for sale or exchange.

Last season a lady at Smithers did a large business in selling fresh eggs direct from the farm by advertising in this paper.

Chickens, implements, household goods, boats, fishing gear, guns, cordwood, furs and dozens of other articles may be disposed of. The charge is two cents a word but six times goes for the price of four.

Many people get good results. Why not you?

### CORPORATION OF THE CITY OF PRINCE RUPERT

TAKE NOTICE THAT:  
1. The Council of the Corporation of the City of Prince Rupert intends to construct a sidewalk eight feet wide on the north side of Second Avenue commencing at a point ten feet west of the east property line of Sixth Street to a point ten feet east of the west property line of Third Street, as a local improvement, and intends to specially assess the cost upon the land abutting directly on the work except such portion of the cost as is incurred at street intersections.  
2. The estimated cost of the work is \$195,000.00 which \$45,000.00 is to be paid by the Corporation, and the estimated annual special rate per foot frontage is \$0.52208. The special assessment is to be paid in 5 annual instalments.  
3. Persons desiring to petition against undertaking the work must do so on or before the 23rd day of April, 1931.  
E. F. JONES,  
City Clerk.  
Dated this 19th day of March, 1931.

## District News

### VANDERHOOF

Progress is being made in the matter of circulating a petition against the proposed elimination of Omineca as an electoral riding. The petition is now in the hands of the printer. It will be circulated through the riding.

Tentative arrangements have been made whereby the Alkali Indians, who cinched the Central Interior Hockey League championship by defeating Quesnel two to one, will play a series of games on the coast.

During the past season, the Vanderhoof Hockey Club played 12 games with district teams, winning five and losing seven.

Word has been received here that Dr. E. J. Lyon, well known Prince George physician and surgeon, is to leave there for Winnipeg this week to commence practice in the prairie capital.

Constable T. Temple has arrived here to join the local detachment of the Royal Canadian Mounted Police, succeeding Constable T. E. E. Greenfield, who has gone to Prince Rupert to take the place of Corp. Cameron, now stationed in Vancouver.

During the Lenten season, Rev. Basil S. Procter is holding services on Tuesdays and Thursdays as well as on Sundays in Holy Trinity Anglican Church here.

Gene Tunney, retired heavyweight champion of the world, and Mrs. Tunney, the former Polly Lauder, in Sicily, on their way to the Holy Land

## WERE WEDDED LAST EVENING

Miss Rita Redpath Becomes Bride of William Geddes at Pretty Ceremony

A very pretty wedding took place last evening at 8 o'clock at Rupert East United Church parsonage, when Miss Rita Redpath became the bride of William Geddes. Rev. C. E. Molte performed the ceremony.

The bride was lovely in pale lavender chiffon with picture hat to match. She carried a bouquet of pink and white carnations, and was given away by her father Jas. Redpath.

The bridesmaid, Miss Jean Redpath, sister of the bride, wore a gown of rose chiffon with bag to match.

The groomsmen were John Geddes.

After the ceremony a reception was held at the Geddes home, Sixth Avenue West, which was tastefully decorated for the occasion, about 40 guests being present.

The happy couple were the recipients of many presents. Mr. and Mrs. Geddes are taking up residence in the Smith Block.

## NEWS OF THE MINES

AROUND PRINCE RUPERT

Seeking Placer on Skeena River—Gold and Silver Affinity—Mill for B. C. Silver?

For quite a time several prospectors of the Hazelton district have been quietly employed along the banks of the Skeena River for a distance of several miles up and down endeavouring to find what the river bed may have to offer in the way of placer operations. That there is gold in the Skeena bottom has been known for many years, and the

black sands along the shores have often been disturbed by those in quest for the precious metal but, so far, it has only been found in very small quantities, hardly justifying profitable occupation. Some years ago a syndicate was formed and large stretches of the river, both above and below Hazelton, were staked with a view to large scale operations but the movement never came to anything. It is the patches of black sand in various depths along the river that the men are at present working on. Apparently, there have been no very spectacular results as yet. There are a number of men both from Hazelton and New Hazelton on the job. The river is about as low now as it has been for years and the time for such work is now opportune because the flood season will start in two or three months.

Straight gold mines—that is, mines producing only gold—are very few and far between, writes Donald C. Simpson of Smithers in the Interior News. There appears to be a natural affinity between gold and silver and it is in very rare exceptions where one can be mined without the other. The Premier mine, for instance, contains about equal values in gold and silver. On Hudson Bay Mountain there are goodly numbers of mines and prospects some of which carry gold and silver in fairly equal values. In some, like the Duthie, silver predominates. In others, like the Marnie and Glacier Gulch, gold is the predominating value. On the Babine conditions are a good deal similar to those on Hudson Bay Mountain. On both sides of the Bulkley and Skeena Rivers from their sources to their mouths, it is impossible almost to take a sample of ore from any property that does not carry some gold and silver values. Mr. Simpson approves of the idea for the calling of an international conference where a fixed value for silver in relation to gold would be mutually agreed upon.

Reports continue to be heard that the Premier Gold Mining Co. Ltd. and B. C. Silver cannot reach an agreement with a view to milling of the latter's ores through the former's concentrating plant at Premier. H. L. Batten, well known Vancouver mining engineer, recently visited B. C. Silver and his trip is reported to have been in connection with the installation of a mill on B. C. Silver. C. A. Banks, managing director, at the annual meeting of B. C. Silver in January, intimated that the B. C. Silver property was so far developed as to justify the installation of a mill.

A Daily News want-ad will bring results.
