Premier Bennett Makes Wireless Appeal From Ocean; Campaign Open

Canadian Red Cross Society Will Collect Throughout the Dominion For Emergency Cause—Provincial Prime Ministers Back Up Movement

TORONTO, Dec. 10.—A drive for a national emergency relief fund was launched last night by Premier R. B. Bennett in a wireless appeal sent out from the steamer Duchess of Richmond aboard which he is returning from a trip to Europe. The drive actually got under way today with the Canadian Red Cross Society acting as a collecting agency throughout the country.

STANDARD TEXTBOOKS

Resolution From North Vancouver Is Endorsed By Local School Board

The school board last night, on motion of Trustees J. J. Gillis and L. W. Waugh, endorsed a resolution offered by the North Vancouver Ratepayers' Association requesting the Dominion government to call a conference of all Departments of Education of the various provinces with a view to standardization of school text books for the whole Dominion.

The resolution has already been endorsed by the district council of North Vancouver, the Vancouver Federation of Ratepayers' Associations, the Vancouver City Ratepayers' Association, the North Vancouver city council and North Vancouver school board.

Doncaster Rovers Eliminate Barrow

Third Replay in English Cup Football Results in Decision Being Reached

LONDON, Dec. 10.—Doncaster Rovers eliminated Barrow from the first round of English Cup ties on Wednesday by a score of two to nothing after two previous replays had ended in a tie each time.

ENGLAND BEATS SPAIN

LONDON, Dec. 10.—England defeated Spain in international soccer yesterday by a score of seven to one.

CAN'T ENJOY XMAS IF SOME WITHOUT MEANS OF JOINING

A good many people who gave money last year to the fund administered by the Salvation Army for providing Christmas hampers and dinners for those in need, are unable to give this year. They have not the money although they would like to help. And yet the need is greater this year than last. Those who can do so are asked to give to the full extent of their powers. None of us can enjoy Christmas if we feel that a number of our fellows are out in the cold, unable to secure the little things which differentiate Christmas from the rest of the year.

Premiers of all the provinces have issued appeals in support of the drive which has as its aim the raising of funds to relieve distress occasioned by existing economic conditions.

Premier S. F. Tolmie of British Columbia said: "Let us rally to their support with every dollar we can spare. Let us even stretch a point and offer dollars we can badly spare."

Judge's Widow Died Yesterday

Mrs. Mabel Hope Eberts, Relict of Hon. David Eberts, Passes at Armstrong

VICTORIA, Dec. 10.—Mrs. Mabel Hope Eberts, widow of Hon. David Eberts, late of the British Columbia Court of Appeal, died yesterday in Armstrong where she was visiting a daughter.

Mrs. Eberts' maiden name was Mabel Hope Charles. She was married to David MacEwen Eberts in 1884. They had one son and three daughters. The family home is in Victoria.

INTERNATIONAL PARLEY ON WORLD ECONOMICS

LONDON, Dec. 10.—Premier J. Ramsay MacDonald told the House of Commons yesterday that his government feels an international conference to deal with the world economic situation should be held immediately after financial experts now meeting at Basel have made their report.

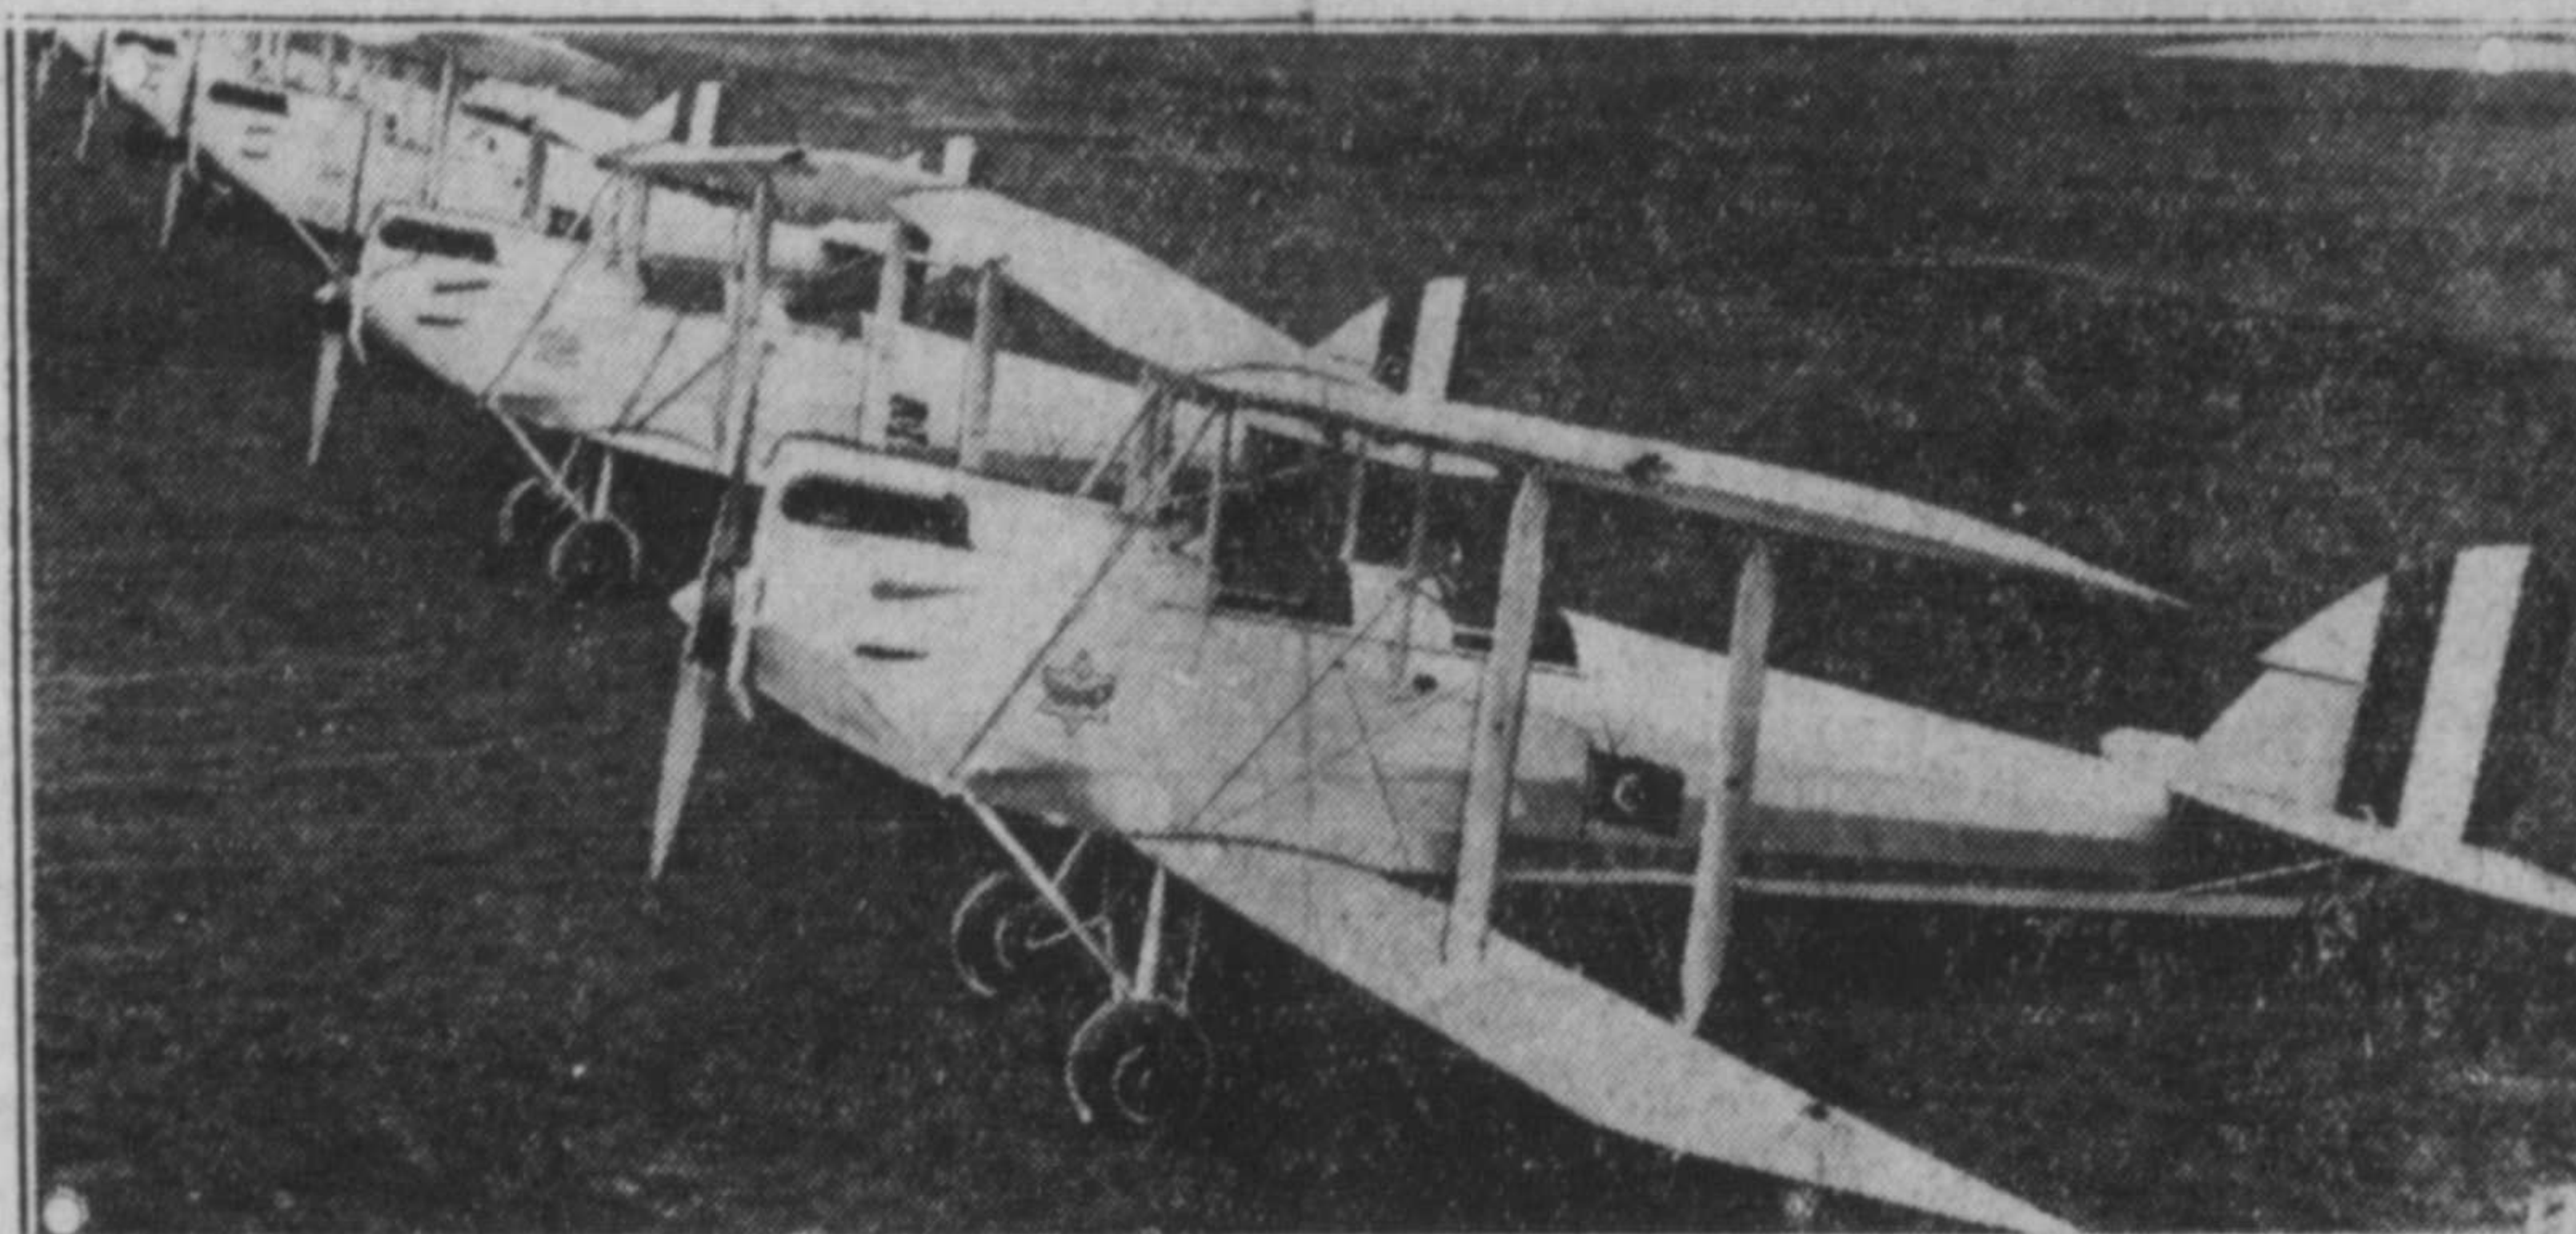

Mrs. Berryman's Body Is Found

West Coast Indian Picks Up Remains of Former Local Woman Who Drowned at Clayoquot

The body of Mrs. Mary Berryman of Clayoquot, missing since last September when she was drowned, was found last week on the shoreline of Mosquito Harbor, Clayoquot Sound by an Indian trapper. A police boat was dispatched from Port Alberni to pick up the remains. The late Mrs. Berryman was the sister of Mrs. E. G. Johnston of Inverness and was herself a former resident of Prince Rupert and Skeena River cannery points.

It is estimated the boy on the modern farm must be familiar with 154 jobs.

Egyptian Air Force Has Been Formed

The first five aeroplanes especially built for the newly formed Egyptian air force have now been completed and inspected by the Egyptian minister and the director of Egyptian aviation. Egyptian pilots were trained in England.

CONDITION OF PUPILS IN SCHOOL

Report of Dr. R. G. Large Proves Alarming to Board of Trustees

URGES FULL TIME NURSE

Gillis Thinks Authorities Should Make Treatment Available For All

The school board, at its meeting last night, after hearing a report from Dr. R. Geddes Large, medical inspector of schools, following a recent examination of the children of all schools, decided to take steps, if possible, to provide necessary treatment for children whose parents are unable, through financial reasons, to have the care given. The suggestion was made that the three per cent being deducted from the teachers' salaries for relief purposes might be applied to this work. Meantime, a list of under-nourished children in the schools will be prepared.

Trustee J. J. Gillis thought the situation was an unfortunate and disgraceful one. The government should make some provision whereby necessary medical treatment was made available for all children. Relief wages were such as to hardly provide a living for a married man with a family, much less obtain necessary medical treatment for the children.

In a synoptical report on the medical inspection of school children, Dr. Large showed that of 1150 children who had been examined 289 were suffering from malnutrition, 145 had defective vision, 112 defective hearing, 50 defective nasal breathing, 50 adenoids, 463 enlarged tonsils, 691 defective teeth, 572 enlarged glands and 58 goitre.

Doctor's Recommendations The following written statement accompanied Dr. Large's formal report:

"I would respectfully urge that the report be given careful study, and to that end I wish to draw your attention particularly to certain details. Referring first of all to the public schools, it must be cause for grave concern that from 65 to 80% of the pupils exhibit decayed teeth which have not received dental attention. This is a serious oversight on the part of the parents, and the doubtless accounts for some at

Princess Learns to Cook

Princess Ingrid, only daughter of Crown Prince Gustaf Adolf, taking a course in cooking at a Stockholm Institute, is here seen preparing a fowl for broiling.

SCHEDULE CHANGED

Prince Rupert Time is Altered For Christmas Sailing—Prince John to Wait For Catala

Under changed Christmas sailing schedule, ss. Prince Rupert will sail at 10 p.m. next Wednesday from here, arriving at Anyox on Thursday morning, December 17 and leaving shortly after for Stewart, arriving Thursday afternoon. The ship will leave Stewart at 11 p.m. Thursday, arriving at Prince Rupert early Friday morning. The departure from Prince Rupert will be 6 p.m. Friday, calling at Ocean Falls and Powell River and arriving at Vancouver at 9 a.m. Sunday morning, instead of Saturday afternoon.

It is also announced that a change will be made in the sailing of ss. Prince John for Queen Charlotte Islands. Instead of leaving Prince Rupert Saturday, December 19 at 10 p.m., the sailing has been delayed until Sunday, December 20 at 10 p.m. in order to connect with the mail from Vancouver by Union Steamship Catala.

CRITICISM IS VOICED

Senator Hiram Johnson Not in Favor of Hoover War Debt Moratorium

PRESIDENT'S PROPOSAL

Temporary Adjustment in European War Debts Cited

WASHINGTON, D.C., Dec. 10.—Senator Hiram Johnson of California voiced criticism yesterday of the Hoover war debt moratorium plan. He announced that he intended to put forward the proposal that a commission be appointed to investigate the whole problem of international debts.

Declaring that debtor nations cannot pay, President Hoover asked Congress today to provide for temporary adjustments in war debts of Europe to the United States. In a message submitting the June moratorium for ratification, the chief executive proposed a revival of the commission which funded these debts.

VANCOUVER ELECTIONS

Ald. P. C. Gibbens Defeated By A. C. Cowan—L. D. McDonald and A. G. Harvey New Aldermen

VANCOUVER, Dec. 10.—The feature of the municipal election for aldermanic seats here yesterday was the defeat in Ward Three of Ald. P. C. Gibbens, who has served on the council for years, by A. C. Cowan.

In Wards Five and Eight where the sitting aldermen had not sought re-election, L. D. McDonald and A. G. Harvey respectively were elected.

Ald. J. J. McRae was re-elected in Ward Nine as were Ald. Warner Loat in Ward Eleven and Ald. R. N. Fraser in Ward Twelve.

Five civic money bylaws involving expenditures totalling \$1,240,000 were all defeated.

PREDICTS ECONOMIC SYSTEM BREAKDOWN

MANCHESTER, Dec. 10.—Sir George Paish, eminent economist, predicted in an address yesterday that the world's economic system would break down within two months.

Liberal Member Makes Sensational Statement In By-Election Speech

Provincial Government Could Not Have Had Its Twenty-Five Per Cent Share, Declares Tom Reid of New Westminster in Golden Speech

GOLDEN, Dec. 10.—That the schedule of relief work for British Columbia had been cut by \$2,000,000 at Ottawa as a result of representations of Hon. J. W. Jones, provincial minister of finance and not because of pressure from the Dominion government, was the statement of Tom Reid, Liberal M. P. for New Westminster, in addressing a meeting here last night in the interests of Thomas King, Liberal candidate for Columbia riding in the provincial by-election.

"The only reason I can give is that the provincial government could not have had the money for their twenty-five per cent of the total," said Mr. Reid.

LADIES' MUSIC CLUB MEETING

"Chopin" Was Subject of Discussion at Mrs. Chris Perry's

The regular meeting of the Ladies' Music Club was held at the home of Mrs. Chris Perry, Second Avenue, yesterday afternoon.

Mrs. R. L. McIntosh, the president, was in the chair. There was a large attendance of members.

Mrs. McIntosh reported that Mrs. Adams, of Hamilton, had donated one dozen small silver cups to the club for presentation purposes.

After routine business was disposed of, a paper of exceptional merit on "Chopin," prepared by Mrs. Perry, was read by Mrs. James Farquhar.

The following program, arranged by Mrs. Perry, was greatly enjoyed: Paper on Chopin by Mrs. Perry, read by Mrs. James Farquhar.

Orchestra, "Nocturne," Opus 9—No. 2 in E Flat Major (Chopin), Mrs. Swanna Olafson, Mrs. G. A. Woodland and Mrs. Millar, Miss E. Currie and Miss M. A. Way.

Solo, "The Maiden's Wish," (Chopin), Mrs. E. Anderson.

Piano solo, "Polonaise," Opus 26—No. 1 C Sharp Minor (Chopin), Mrs. E. Smith.

Piano solo, "Waltz," Opus 64—No. 1 in D Flat Major (Chopin), Miss Ruth Gillis.

Solo, "Homeward" (Chopin), Mrs. Wm. Cruickshank.

Piano solo, "Butterfly Etude" Opus 25—No. 9 (Chopin) Miss Swanna Olafson.

Piano solo, "Grand Waltz Brilliant" (Chopin), Mrs. Robert Bartlett.

Accompanists were Mrs. C. E. Cullin and Mrs. W. L. Stamford.

At the conclusion of the program tea was served by the hostess, Mrs. C. E. Cullin and Mrs. F. M. Good pouring.

VANCOUVER, Dec. 10.—Wheat was quoted at 59¢ on the local exchange today.

Study Period Is Failure

Principal D. H. Hartness Reveals to School Board

D. H. Hartness, principal of King Edward High School, told the school board at its meeting last night that the system of study periods without supervision had proven an "unqualified failure." The possibility was that they might be eliminated by means of some readjustment of the times of manual training and domestic instruction.

Trustee W. J. Greer felt that the schedules of the domestic science and manual training departments should be made to fit in with the High School class hours which he felt were the more important.

ENROLMENT IN SCHOOL

Total of 1173 Children in Attendance During Month of November

Attendance figures in the city schools for the month of November were reported as follows to the school board last night:

	Boys	Girls	Ttl.
High School	113	141	254
Booth School	272	257	529
Borden School	154	155	309
Westview	14	12	26
Seal Cove	35	20	55

Totals 588 585 1173

Percentage attendance — High School, 97.6%; Booth School, 96.12%; Borden School, 96.12%; Westview, 93.39%; Seal Cove, 97.20.

Bank savings — Booth School, \$48.19; Borden School, \$26; Westview, \$8.67; Seal Cove, \$7.45.

Korea Missions Form Subject For Address

The First United Church Young People's Society held its regular fortnightly meeting last evening in the church parlors with about 24 young people present.

Following the business meeting, Rev. A. Wilson gave a short talk on Korea and the missionary work that has been and is being done there by the churches.

Guessing games were then played and the meeting came to a close with the serving of refreshments.

The total wealth of Canada is estimated at \$30,000,000,000.

BURDOCK BLOOD BITTERS

Sores Broke Out All Over Her Body

Mrs. T. E. Cliff, Kelwood, Man., writes: "My little daughter's hands and arms broke out in sores which spread all over her body."

Nothing I tried gave her any relief until I got a bottle of Burdock Blood Bitters, and I could see an improvement as the sores began to disappear. I gave her three bottles and she has had no more trouble."

BUSINESS CUT OFF

The higher duties combined with the exchange rate with the United States has had the effect of practically cutting off buying in that country. Also it has checked very materially the Christmas holiday visits which would have been made to California and other states.

In every line of business efforts are being made to eliminate altogether buying of any kind to the south of the boundary line and the result of this will in the near future bring about a change in the balance of trade between the two countries.

Those who should know state that within a year or two at the most the Canadian dollar will be back to par or very near it.

EXAMPLE OF HALIFAX

Halifax and St. John businessmen are getting together in an endeavor to secure a share of the wheat business for those ports. The chairman of the Halifax Harbor Commission in discussing the matter pointed to the example of Vancouver to show that if the grain could be obtained ships would come for it. He said: "No obstacle that can not be overcome stands in the way of Canadian grain traffic through all Canadian ports."

What applies to Halifax applies with greater force to Prince Rupert. Here we get some of the grain but the difficulty seems to have been to get ships to come here on equal terms with Vancouver. Possibly if the elevator were once more freed from the clutches of the wheat pool, Prince Rupert might stand a chance of getting the business. At any rate there is little to lose by making a change.

ENTER THE GYROS

The Gyro Club has entered into the relief picture and is setting about raising money for the excellent purpose of helping those who are in need after the Christmas season. They propose to expend five hundred dollars which they will raise by means of entertainments of various kinds commencing with a big charity ball.

The members of the Gyro Club are very energetic and will doubtless carry through their plans successfully.

The Letter Box

HISTORIC INTEREST

Editor, Daily News:—

I have the honor to say, as a matter of historical fact in which perhaps the people of Prince Rupert may be interested, and, lest the fact be lost through neglect to record it, that the Indian head which appears on the badge of the 102nd Battalion, "North British Columbians," now "The North British Columbia Regiment" of your city, was adapted as the distinguished feature of our maple leaf badge at the desire of Col. Warden D.S.O., O.B.E., V.D. after having seen a full blooded Indian, Frank Gott, of Lillooet, B.C. in my company training on Goose Spit, Comox, about February, 1916.

Private Gott afterwards served with distinction as a scout in the Ypres Salient, and on the Somme. He told me, in 1917, that his real age, not his military one, was 63. He was a fearless and valiant soldier, remarkably cool under severe hostile fire, much esteemed, and still living at Lillooet.

I have the honor to be, sir

Your obedient servant,

J. S. MATHEWS,
Late Major,

102nd Batt'n, Canadian Infantry
Vancouver, B.C.

Annual Banquet Is Well Attended

Women of Mooseheart Legion Have
Successful Get-Together

The Women of Mooseheart Legion held their annual banquet in the Boston Cafe a few evenings ago, the event being an unqualified success.

The Senior Regent, Mrs. Percy Cameron was in the chair. The table was prettily decorated in Christmas colors. There was an address appropriate to the occasion, by Mrs. F. M. Crosby, Past Regent, as well as by Mrs. Cameron, Senior Regent, Mrs. Charles Edwards, Past Regent, Mrs. Einar Larson, Past Regent and other members.

Community singing and cards were enjoyed. The winner of the first prize was Mrs. Edwards and the consolation prize was won by Mrs. Grimson.

The committee members were Mrs. F. M. Crosby, Mrs. R. Long, Mrs. Mae Ratchford, Mrs. Mabel Ratchford and Mrs. Percy Cameron. The banquet concluded with the singing of the National Anthem.

The world's annual expenditure on military preparations is \$4,450,000,000 of which Europe alone spends \$2,600,000,000.

Man in the Moon

There are two courses to take at a time like this. One is to sit and wait and starve and the other is to hustle like blazes and enjoy life.

The doctor told his patient his sickness was probably defective teeth, so the patient passed them over and suggested that he point out the defect. Doctors will be doctors.

It may be for personal reasons that some of us want hell abolished but all the same there are a lot of us who will have a pretty good time there if it is continued as a permanent institution.

Jake says he likes snow but it's like some brands of butter, it does not keep very well.

The late Lord Balfour, who, as is well known, was a confirmed bachelor, was once sitting in the drawing room of a friend who was happily married. Before them on the hearth-rug were a cat and dog lying together. Said the friend: "Why do people speak of a cat-and-dog life? See how happy these are." Lord Balfour paused for a moment, smiled, and then said: "Tie them together."

NATIONAL EMERGENCY

"In order to meet distress and suffering this coming winter, as a result of economic conditions, unemployment and crop failure, I appeal to YOU to contribute generously to the National Emergency Fund to be collected and distributed by the Canadian Red Cross Society."

W. L. Bennett
PRIME MINISTER OF CANADA

CANADIAN
RED CROSS

course in aviation while Mrs. Mur-
phy will remain in Vancouver with
parents, Mr. and Mrs. H. B. King

The school board decided at last
night's meeting to defer action for
the time being in connection with
a suggestion by D. H. Hartness,
High School principal, that it
might be advisable to purchase at
this time some of the new equip-
ment for the physics class of the
senior matriculation grade which
it would be compulsory to have
next year.

Miss Margaret Palmer in her re-
port to the school board as prin-
cipal of Seal Cove School last even-
ing stated that the sidewalk ar-
round her school had been repaired
as requested. The cinder path near
the school had also been repaired.
Miss Palmer said there was some
weak plank in the floor of the
hall. During the month the school
had been visited by the inspector
of schools and the medical exam-
iner and nurse. Two cases of chie-
kenpox had been found among the
pupils.

Admission Fee Is Protested

School Board Feels That Too Much
Is Being Asked of Children at
Basketball Gate

The school board, on motion of Trustees W. J. Greer and J. J. Gillis, put through a resolution last night protesting at the charge of 15c and 25c which was being asked for admission of school children to league basketball games. The admission price for children had been formerly 10c and Mr. Greer could see no reason for an increase.

Trustee Gillis, in seconding the motion, felt that, if nothing else could be done to meet the expenses of the league, the school board might give some financial assistance itself on the ground that athletics should be fostered in the schools.

Trustee L. W. Waugh believed that the increased fee had been asked to assist in financing rent, heating and light of the Auditorium during games.

SPORT CHAT

Power pulses in the smooth movements of Canada's Olympic hockey machine today as it is groomed for its greatest test. Under the keen grey eyes of Coach Jack Hughes, check-overs have been conducted, additions made, alterations effected. The mighty mechanism has been stepped up to a new high of operating efficiency. Winnipeg, wearers of the Maple Leaf for the world title-tourney at Lake Placid, N.Y., next February, are stronger than when they won the right to represent Canada. They boast a better balanced offensive than they showed in the sweep to the Allan Cup eight months ago, a sturdier defense and the benefit of another year's experience.

Every member of the crew which trimmed the east's strongest and the west's best in the title play-downs is still on the job. Wingman Ken Moore fleet youngster ousted due to a broken arm from the stretch run in the championship race, is stepping faster than ever. And two new members have been added to the royal roster. Leader of the Winnipeg league's scorers last season, solid-built Walter Monson has been signed for the centre-ice duty. Craftiest and most showy of the city's individualists, Monson stands out as a new arrowhead for Winnipeg goal-getting thrusts. Even in early season play he has teamed up in unexpected style with his front-line mates. Pivoting between flying "Lindy" Lindquist on the right and roaming Romeo Rivers on the left, Monson fills the roomy shoes of big "Hack" Simpson, whose 185 pounds of hockey flesh will probably be planted on defence. The former Elmwood star adds speed and scoring-power to the starting line at the expense only of pure poundage.

If Simpson is definitely assigned to rear guard duty, the youthful giant will be back at the position he chose for his debut in hockey. His long reach, deft foot-work and hulking size will make him a valuable aid to Defenceman Roy Hinkel and Hugh Sutherland, both of whom he outweighs by 15 pounds. With bulky Bill Cockburn in the nets, the Winnipeg may forget the greater portion of potential defensive worries. Last season, crafty coaching by Cockburn, long rated among the finest of Canada's amateur puck-snatchers, contributed materially toward the success of the Hinkel-Sutherland guard-system. From early indications, Cockburn has lost none of his last season's keenness of eye.

The bludgeon and rapier strategy in forward line shifts will be retained this season by Coach Hughes for he anticipates no change in his midjet second line. "Tick" Garbutt and "Stoney" Wise, centre and left winter together for years, team up once more with raven-haired Moore, whose right wing dashes open up many a play. Lighter by 25 pounds to the man than the Rivers-Monson-Lindquist line the relief trio is regarded as an important factor in netting the scores that mean

Grotto Leading Over Elks in Billiard Play

Three games of last night's Billiard League fixture were played last night and the Grotto, as a result, has a lead of 681 to 659 over Elks. The results were as follows:

Don Brown (Grotto), 184; C. P. Balagno (Elks), 250.

Marcus Andrews, 250; Johnson Smith, 159.

George Shenton, 247; John Bulger, 250.

Remaining three games are to be played tonight.

December 31—Jewelers vs. League of Nations.

The school board last night passed a budget totalling \$9,162.17 for the month of November. Accounts amounted to \$1638.92 and salaries \$7,523.25.

victory for the Winnipeg. Coach Hughes' plan of battle, eminently successful last season, is to toss his peppery 145-pounders into the fray after the foe team has been battered into weariness by the onslaughts of the shock troops.

Lanky Al Duncanson, wide striding right winger, is the second addition to Winnipeg's player list. His speed and checking talent will add to the relief strength of the Maple Leaf crew, already impressive. It includes Cliff Crowley, energetic left wing, Foster Woolley, lean defence man, and Stan Wagner, substitute net minder. The names of Canada's hockey men express but a portion of their imposing power. Strength of the Maple Leaf team lies more than anywhere else in their co-operating efficiency, born of continued instruction by canny Coach Hughes. System, rather than individual excellence, is the byword of the Winnipeg as they round into form for the Olympic fray.

LOCAL NEWS

A Christmas entertainment is to be held in Seal Cove School on December 17, the school board was advised last night by the principal Miss Margaret Palmer.

Miss Roe, domestic science supervisor, had a report before the school board at its meeting last night stating that very satisfactory and economical laundry service was being given by Sid Hamblin.

Secretary J. O. Williamson stated at last night's school board meeting that, barring unforeseen circumstances, it was expected the school expenditures for the year would be about \$3000 below the estimates provided.

The regular monthly meeting of the board of school trustees was held last night in the city council chamber. Those present were: Mrs. T. M. Spencer, chairman, J. J. Gillis, L. W. Waugh, and W. J. Greer, trustees; J. O. Williamson, secretary and Miss E. A. Mercer, Miss S. A. Mills, Miss Margaret Palmer, Miss J. D. Moffatt and D. H. Hartness, principals.

Trustee L. W. Waugh inquired at last night's school board meeting regarding grocery accounts of the domestic science department which he considered were rather high. It was explained that this fall cooking instruction was being given in the department and in spring attention would be devoted to sewing when the grocery bills will probably be lower.

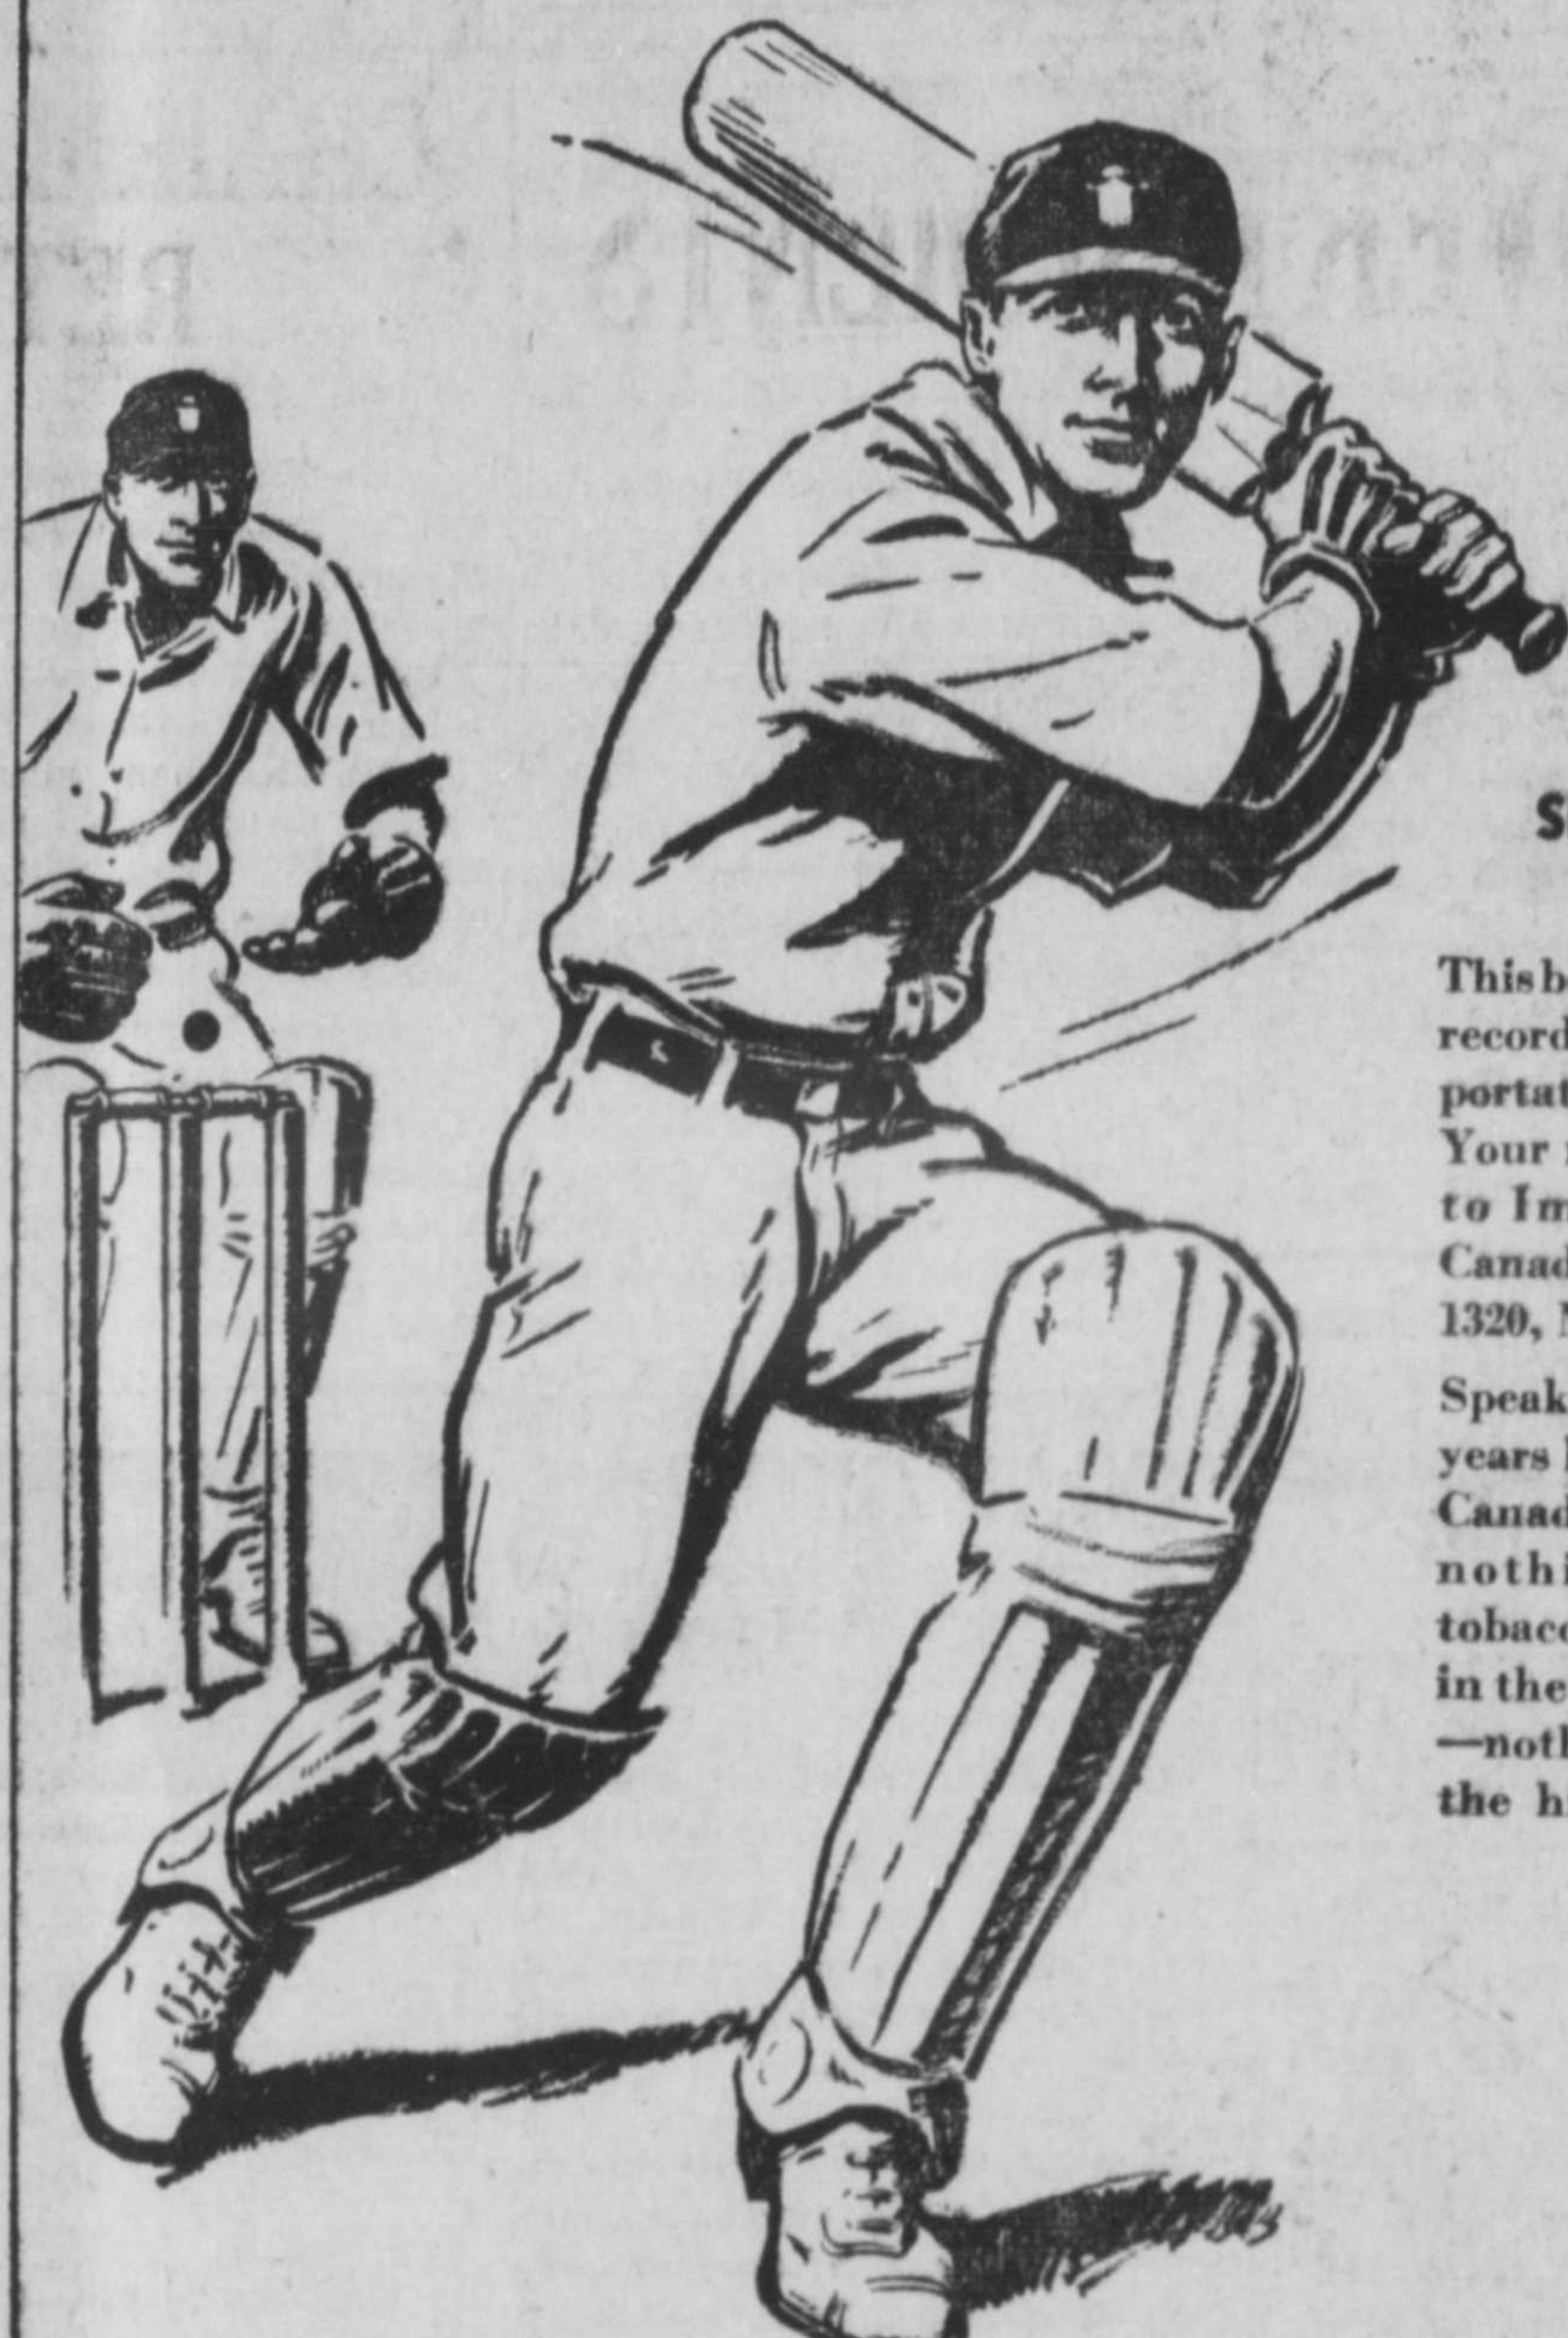

The school board last night opened tenders as follows for the kalsomining of a classroom and cookroom in Booth Memorial School where there had been considerable leaking: J. A. Curtis, \$32, Bell & Keays, \$25; Silversides Bros., \$27.30; Fred Scadden, \$25. No action was taken on the tenders pending an inspection being made of the room in question. The work may be carried out during Christmas holidays.

The school board last night gave Mitchell & Currie the job of making a cupboard for use in the High School. Tenders were: Mitchell & Currie, \$26 plus \$2 for glass doors and \$3 for glass panels throughout; L. C. Eby, \$29.75 plus \$3 for glass doors; H. B. Eastman, \$34 plus \$2.50 for glass doors.

Miss Roe, domestic science supervisor of the local schools, presented a report to the school board last night giving a list of equipment which is needed to make possible home nursing and child care instruction in the home economics department. The board laid the matter over without taking action.

Mrs. T. M. Spencer will leave tomorrow's train for Smithton where she will visit for a month. Her daughter, Miss Alice Spencer, of the American Consulate will be leaving next month for a month's holiday trip to Vancouver and elsewhere in the south.

"CARRY AND SAVE"

THE Bastion at Nanaimo... relic of the Hudson's Bay Company's manorial rights of Vancouver Island... was erected 1853 with an armament of two six-pounders and settlement houses numbering forty. Once only were the guns used... in reprisal for the brutal killing of a white man's dog by an Indian, when a few shots were fired into the Haida encampment and the culprit was flogged at the bastion.

COAL ORDER IS AWARDED

Albert & McCaffery Given Business By School Board

The school board last night gave the order to Albert & McCaffery for the supply of fifty tons of Nanaimo-Wellington mine run coal at \$9.90 per ton for Borden Street School and ten tons of Nanaimo-Wellington sacked lump coal at \$11 for Seal Cove and Westview Schools.

The tenders were as follows:

C. C. Ketchum—Bulkley Valley mine run, \$9.25; Bulkley Valley lump, \$9.75; Bulkley Valley lump, sacked, \$10.20; Mine Head lump, sacked, \$11.50.

Prince Rupert Feed Co.—Casidy-Wellington mine run, \$10.50; Edson lump, sacked, \$12.

Albert & McCaffery—Nanaimo-Wellington mine run, \$9.90; Telkwa mine run, \$9; Nanaimo-Wellington lump, sacked, \$11; Telkwa lump, sacked, \$10.50.

Casey Cartage—Bulkley Valley mine run, \$10.20; Nanaimo-Wellington washed pea, \$8.50; Bulkley Valley-Nanaimo Wellington combination, \$9.35; Jasper hard, double screened, \$11; Bulkley Valley lump, sacked, \$10.75.

Philpott-Evitt—Nanaimo-Wellington mine run, \$10.25; Telkwa mine run, \$10; Nanaimo-Wellington lump sacked, \$12.60; Bulkley Valley lump, \$11.10; Foothills, sacked, \$12.50.

Mr. Ketchum was present at the meeting and spoke briefly, urging the board to give Telkwa coal a chance. He strongly recommended this coal and offered to give the board a ton-load trial.

Twenty Years Ago

In Prince Rupert

December 10, 1911

Neither Mayor William Manson and Ald. J. H. Hilditch, chairman of the board of works, are able as yet to state whether or not City Engineer W. M. Davis will be able to carry out city work on which he bid lower than the contractors within the estimate.

Ald. J. H. Hilditch is moving a two-storey house on Centre Street which he purchased, to a new location.

Rt. Hon. Arthur J. Balfour has been crowded out of the leadership of the Unionist party in England.

CHAIRMAN RETIRING

Mrs. T. M. Spencer Will Not Seek Re-Election to Board of School Trustees

Mrs. T. M. Spencer, member of the board of school trustees for four years and for the last two years chairman, intimated at last night's board meeting that she would not seek re-election to the board following expiry of her term next month.

In making the intimation to this effect, Mrs. Spencer voiced appreciation to the principals present at the meeting for the co-operation they had accorded her during her service on the board. She hoped and believed that the work would be carried on in the future as smoothly and harmoniously as it had been during her four years on the board.

In a brief reply, D. H. Hartness, principal of King Edward High School, expressed appreciation on behalf of himself and the other principals for the splendid manner in which Mrs. Spencer had carried out her office. Her attitude had always been sympathetic and helpful and her decision to retire from the board was much regretted.

CONDITION OF PUPILS IN SCHOOL

(Continued from page one)

least, of the numerous cases of undernourishment. The presence of decayed teeth is a real menace to a child's health, and it would seem to me that some step should be taken by the school board to impress upon the parents the need for proper dental hygiene.

"Next to teeth you will notice that defective tonsils are the chief offenders, and perhaps a word of explanation would be advisable here. It is obviously impossible for a school doctor to find out to what extent a child's health has been suffering from disturbances which might be traced to tonsils, without talking to the parents. For this reason, any tonsils which looked at all suspicious have been reported. In the hope that the parents would take the question up with their family physician and ascertain if the tonsils are at fault.

"The High School pupils are, on the whole, very healthy. The sudden drop in the incidence of defective teeth and tonsils means that the periodic health examinations of the past have produced results.

"In closing I should like to make two recommendations. First, I have found that a great many of the children show evidence of poor lung expansion, and I believe that breathing exercises practised daily in the class rooms in both Public and High Schools would produce beneficial results. Secondly, in the course of the examinations two active cases of chicken pox were discovered attending school, also several cases of scabies or itch, and some of acute bronchitis running a temperature. It is obviously impossible to expect the teachers to detect these cases, but it is just as obviously desirable that our children should not be exposed to these various infections unnecessarily. To that end, I would urge the appointment of a full-time school nurse, just as soon as the funds are available. This would supply a check of infectious diseases breaking out in the schools and the nurse could also follow up the recommendations sent to the parents each year and see that they are acted upon."

Cheapest and Best Christmas Present Offered this Season

The Daily News is co-operating with those who wish to give a Christmas present to a friend anywhere in British Columbia outside the city of Prince Rupert. All that is necessary is to cut out the appended coupon, fill it in, wrap a fifty cent piece in it and we do the rest. We send the paper to any person who is not already a subscriber.

Fill out the coupon at once and we see that the paper is sent to commence at Christmas.

The value of a six months subscription to the paper is \$1.50 which we give for this purpose for fifty cents. That is our co-operation to your Christmas present.

NEWS OF THE MINES AROUND PRINCE RUPERT

**Whitewater Deal Papers at Juneau For Signing—
Galloway Discusses Gold Situation—Progress
of Development Work on Unicorn**

Papers arrived recently at Juneau to give effect to the purchase of the Whitewater group of gold quartz claims in the Taku River mining division by Noah Timmins, Toronto mining capitalist, and J. B. Woodworth of Vancouver. The vendors are D. J. McDougall, Walter Barron, Ray Walker, William Strong, Arthur Hedman and Ray Rice all of Taku who are to receive \$125,000 in three annual installments.

Following the passage of a resolution at a recent meeting of the Duthie Mines Ltd. authorizing the directors to give a quit claim of the assets of the company to the mortgagee, the shares have been taken off the board of the Vancouver Stock Exchange and will no longer be traded in.

Marking the close of an operation which was carried on for some time with considerable enthusiasm,

equipment of the Owen Lake Mining & Development Co. one of the promotions of the late Frank H. Taylor of Smithers, is now being offered for sale to pay the debts of the company.

The largest producing lode gold camp in British Columbia has been Rossland, J. D. Galloway, provincial mineralogist, told the Canadian Institute of Mining & Metallurgy at its recent convention in Vancouver. Next to Rossland in importance has been the Premier mine in the Portland Canal district. By-product gold in 1931 will show a consider-

able decline, predicted Mr. Galloway, owing to the closing of Copper Mountain mine and with Britannia and Anyox on reduced schedules. Premier's output will be less and the Nickel Plate has not been in operation but Pioneer, Union and Reno will largely offset this factor. This year gold will account for 75% of the gross value of Premier's output compared with 60% for the entire producing period of the mine to the end of 1930. "Lode gold production has fluctuated from \$3,000,000 to \$4,000,000 a year in the last five years," said Mr. Galloway. "During the period the mainstay of production has been the premier at Stewart with 60% of the five-year output, 1927 to 1931 inclusive. The 1930 figures show that of the output of 160,728 ounces, 85% was produced by gold mines and 15% as by-product gold. Of the production of 136,708 ounces from gold mines nearly all was contributed by five mines—Premier, Pioneer, Nickel Plate, Union and Reno. Of these Premier has only a somewhat limited life failing new discoveries.

John Hovland, who is in charge of development work on the Unicorn property adjoining and immediately north of the Big Missouri

mine in the Portland Canal district, left Stewart last week for a business trip south. When asked as to results obtained to date in development work, Mr. Hovland stated that the main tunnel had been extended 80 feet and was now in 420 feet. The objective of this tunnel was a vein which it should cut at about 620 feet. The face of the tunnel is in quartz mineralized with pyrite carrying low values in gold. Free gold was found in small quartz veins in the porphyry for the entire distance of 80 feet driven this season but the average values were low. At a point 370 feet from the portal or 50 feet back from the face of the tunnel, a crosscut was driven to the west for a distance of 38 feet for the purpose of exploring a large gold-bearing zone about six hundred feet wide which has been traced on the surface for 2,200 feet, having a north-south strike. In this formation there is known to exist small high-grade gold quartz veins. So far but two of this type of vein have been discovered, both carrying free gold but too low in value to constitute shipping grade. The entire cross-cut is in the gold-bearing porphyry cut at all angles with small veinlets of quartz in which occasional free gold may be seen. Iron pyrite, zinc and lead are the chief mineral associated with the gold-bearing porphyry. The mineralization and the values are improving in the cross-cut to the west and the face is now heavily mineralized with iron pyrite and lead and zinc. On the surface west of the cross-cut there are a number of east-west cross-fractures in which some very good grade gold ore has been exposed in open cuts. The cross-cut will explore these veins at a depth of 300 feet. The work has been shut down for the present but Mr. Hovland hopes to resume operations soon after the New Year.

Dale L. Pitt, general manager of the Premier Gold Mining Co., was chairman of several of the functions at the recent convention of the Canadian Institute of Mining & Metallurgy in Vancouver. Mr. Pitt is not yet back at Premier from the convention although William Asseltine, superintendent of the concentrating plant at Premier, returned last week after attending the gathering.

At last night's meeting of the school board, a letter was read from Dr. S. J. Willis, superintendent of education thanking the secretary of the local board for a report which had been made on observance of Australian week in the local schools.

"24 HOURS" VERY GOOD

Entertaining Picture, Featuring
Clive Brook, is Showing at
Capitol Theatre

The talking picture of Louis Bromfield's novel "24 Hours," which is the current attraction at the Capitol Theatre, is a very entertaining film. Sound reproduction is particularly excellent and the cast is a distinguished one.

Clive Brook takes the part of Towner, a wealthy New York society man, who is driven by his wife's infidelity and indifference to seek solace in drink and the favors of a cabaret singer. One night he becomes dead drunk and the girl takes him to her apartment and puts him to sleep on a couch. Her husband, a crook who has just got out of prison, comes to see her with the intention of blackmailing her and Towner. While Towner, unconscious, is locked in another room, the husband and wife quarrel and finally, the crook, in a fury, chokes his wife to death and rushes away. Towner is, of course, suspected of the crime but is eventually cleared of all suspicion and the picture ends happily with Towner and his wife discovering that they love each other after all.

Kay Frances looks handsome as Towner's wife, Miriam Hopkins, who will be remembered from Maurice Chevalier's "Smiling Lieutenant," is appealing as Rosie Dugan, the cabaret girl. Regis Toomey is Rosie's villainous husband.

Use of bank checks in Europe is confined almost entirely to the English speaking countries.

CARD PARTY IS ENJOYED

Successful Affair Held Last Night
By Catholic Women's League
In Parish Hall

A very successful bridge and whist party was held last night by the Catholic Women's League in the Parish Hall. There were 16 tables of cards and prize-winners were:

Bridge: Ladies' first, Miss Kathleen Dunn; consolation, Miss Mary Comadina; men's first, Leslie Amor; consolation, Jack Cobb.

Whist: Ladies' first, Miss Aileen Stewart, on cut with Mrs. Whiffin; consolation, Mrs. Fred Riffou; men's first, Joe Garon; consolation, Arthur Murray.

After cards delicious refreshments were served and a linen drawing took place. Miss Helen Balagno being the winner with ticket number 11.

H. E. Astori was master of ceremonies and Mrs. T. M. J. Fortune presided at the door. Mrs. J. J. Gillis and Mrs. Arthur Murray were in charge of the kitchen.
