Prince Rupert Radio Listeners Hear Rhodes, White, Dunning Appeal For Support of Loan

Prince Rupert radio listeners were able by means of a Dominion-wide hook-up of Canadian National and Canadian Pacific radio stations last evening to hear Hon. Edgar N. Rhodes, minister of finance; Rt. Hon. Sir Thomas White, minister of finance during the Great War, and Hon. Charles A. Dunning, minister of finance in the late Liberal administration, speak in support of the \$150,000,000 national service loan being offered to the people of Canada by the federal government.

Mr. Rhodes was speaking from Ottawa. Sir Thomas White from Toronto and Mr. Dunning from Montreal. Each of the three speakers stressed the desirability of patronizing the loan and recommended it highly as a splendid investment. Forty-two Canadian stations handled the broadcast. It was the largest hook-up ever attempted in the Dominion. Vancouver, Calgary and Edmonton stations brought the broadcast to Prince Rupert radio listeners.

Hon. C. A. Dunning

Former Liberal minister of finance who is campaigning in support of Bennett government's loan.

Mr. Rhodes explained the nature and financial details of the loan for which he appealed for generous support, pointing to its advantages as an investment. The loan had become necessary because of increased governmental expenditures and decreased revenues. Some of the money raised would go toward repayment of previous bond issues. Besides meeting maturing obligations, however, a great deal of the money was required for unemployment and farm relief. It had become necessary for the federal government to assist the provinces and municipalities with unemployment relief projects. Farm relief through the 5c per bushel bonus to farmers on wheat had amounted to a good deal more than had been anticipated since the crop had been much larger than had been expected. Requirements of the Canadian National Railways would also be met.

Farmer of Peace River First to Enter Big Show

The first entry from British Columbia for the 1931 International Grain and Hay Show at Chicago has been sent by J. W. Abbott of Fort St. John in the Peace River Block. Mr. Abbott will exhibit samples of hard red spring wheat and alfalfa seed. The show will take place in Chicago at the end of November and early in December. Grain growers from all parts of the world exhibit at the show.

NEW CHIEF APPOINTED

Col. C. E. Edgett Named Head of Vancouver Police Force

VANCOUVER, Nov. 24.—Col. C. E. Edgett, D.S.O., warden of New Westminster Penitentiary, was appointed new chief constable of Vancouver by the police commission yesterday afternoon. The police board was divided two-two between Acting Chief John Murdoch and Chief John Cameron of New Westminster and the appointment of Col. Edgett was reached as a compromise. He will assume his duties on December 15.

Born in 1882 at Moncton, N.B., Col. Edgett served for many years with the Royal Northwest Mounted Police. In 1914 he volunteered for service in the Great War and served overseas until demobilization in 1919. He was awarded the Distinguished Service Order and was several times mentioned in dispatches. Taking up residence at Vernon after the war, he was an unsuccessful Liberal candidate in the Dominion election a few years ago. In June, 1929, he was appointed warden of New Westminster Penitentiary. Col. Edgett's salary as chief constable here will be \$7500 per year.

PROBE IS WELCOMED

Royal Commission on Railways Should Be Beneficial, Says Thornton

MONTREAL, Nov. 24.—The appointment of the Royal Commission of transportation in Canada should result in "constructive recommendations which should be beneficial," said Sir Henry Thornton, chairman and president of the Canadian National Railways, when asked yesterday to comment on the formation of the commission which will shortly begin its study. "The members of the commission," said Sir Henry, "are of high reputation and wide experience in large affairs. Some of them, at least, will bring to bear much technical skill. Their deliberations should result in constructive recommendations which will be beneficial to our transportation companies and assist in solving the difficult problems which confront them."

FORGET POLITICS

Just now the government of Canada is floating a loan for the purpose of carrying on the business of the country. In this connection it is well to forget politics and all get behind the administration in making the loan a success. There is nothing political about it.

There may possibly be people who would be willing to sacrifice the country for a petty political advantage. The idea is despicable. The Bennett government is the government of the country and every person should be behind them in the work they are doing. It might even be well to let the government know that the people of Canada appreciate the opportunity to show how they can do their own financing.

The loan is being backed by Hon. C. A. Duhning, Premier Taschereau of Quebec, and a number of other prominent Liberals, but even if this were not the case, we owe it to Canada to do our part in a crisis.

IRELAND TODAY

It seems rather sad to think that after a long period of quiet there should be a return to more or less riotous conditions in Ireland. Powers have been given the government there somewhat similar to those given the government when the administration was centred in London. The Public Safety Act is one giving the right to arrest and secret trial and summary conviction and sentence. It has all the powers of the ancient Star Chamber.

There has been a great deal of opposition to the measure but the demonstrations have lost their thrill since they are against Ireland and not against England.

Probably the measures taken may prove effective and no more be heard of the sedition movement.

TAKING A REST

Everyone will sympathize with Premier Bennett in the physical breakdown which has resulted from a period of overwork and worry. Finance has been one of the chief sources of his troubles, not personal finance but the financing of the country. Gradually there has been an increase in financial pressure until the iron nerves of the head of the government snapped and he had to leave for Europe to recuperate. We might all help him to recover by showing that in the hour of financial need the people can be trusted to do the right thing. As he basks in the sunshine of the Mediterranean it will be good news to him to hear that the Canadian loan has gone over big and that Canada is a country of which he may well be proud to be the governmental head. With this knowledge he will rest much more satisfactorily.

BOOZE HAUL COUNCIL DIVIDES AT ST. JOHN

Maritime Authorities Making Drive Against Traffickers in Illicit Liquor

ST. JOHN, N.B., Nov. 24.—In one of the most sensational police coups in the history of Maritime rum-running, 575 cases of assorted liquors and 100 gallons of rum, valued at \$20,000, including duty, were seized by provincial police and federal preventive officers at midnight, on board the 19-ton auxiliary schooner Telephone at a point one mile and three-quarters off the mainland in the vicinity of Chance Harbor.

William Hicks, of Eastport, Maine, alleged owner of the cargo, was placed under arrest and is in the St. John county jail together with the captain and crew of the vessel. They are: Stephen Burke, captain, of Queen's Harbor, Cape Race, Nfld.; Stanley Burke, brother of the captain, Grand Banks, Nfld.; Joe Toible, St. Pierre, and Clovy Augusta, a Portuguese of unknown address.

Captain Burke, who told police this was the first time he had been "caught" in 15 years of successful rum-running, was formally charged under Section 56, Sub-Section 2 of the N.B. Intoxicating Liquor Act with "keeping for sale."

Hicks will be charged with "unlawfully selling liquor."

Others of the crew are being held in the county jail as "participants," no decision having been reached by authorities as to whether or not they will be prosecuted.

The Telephone was brought to Market Slip, St. John. The schooner was guarded by provincial police and customs preventive men.

The seizure is the largest ever made in New Brunswick waters, it is said.

Police said that the schooner Telephone, which is registered at St. Andrews, cleared from St. Pierre-Miquelon, two weeks ago for "the high seas via Nassau," and that she had been off the New Brunswick coast for a full week.

The liquor cargo will be officially placed in the custody of the preventive service pending appraisal and payment of duty.

After Long Wait
The seizure and arrests were the culmination of six weeks of day and night effort on the part of the police. Some of the officers had not slept more than a wink since last Monday.

"The raid was part of our general drive against traffickers in illicit liquor," Inspector John Bird, of Fredericton, said.

Had Good Hunt In District of Mount Robson

Robert Hager and Harold Johnson have returned to Vancouver with a bag of mountain goat, deer and moose following a successful big game hunting trip in the Mount Robson district. On advice of G. L. Pop, the hunters entered the Mount Robson district under guidance of George Hargraves, and, although it was late in the season, they had good sport.

SPORT CHAT

Shortage of ducks does not exist in Northern Alberta, according to word reaching Calgary. Ducks are to be seen rising in clouds, it is said by those who travelled the territory to the north recently. Trains and road vehicles drive swarms of ducks into the air from the streams and rivers, when they speed by. Settlers state the birds are more numerous than last year. Airplane pilots say they can be seen in nearly every slough. Plentiful rain in the north accounts for the numbers of birds, it is stated. Dry weather in the south accounts for the large numbers in the north.

Opening shot of the long-ferred campaign to trim baseball salaries has been fired on the American Association front. Taking the initiative of the movement, club owners of the American Association are considering one of the most drastic wage cuts in years. Several others, including the major leagues, are expected to follow suit in greater or lesser degrees. Under the present American Association proposal, the maximum player salary would be limited to \$600 monthly. For years "coves of former major leaguers formed around the league with salaries close to the ones they received for big time baseball.

PRINCE RUPERT RADIO LISTENERS HEAR RHODES, WHITE, DUNNING APPEAL FOR SUPPORT OF LOAN.

(Continued from page one)

minion's financial strength and stability. In closing, Sir Thomas expressed his grateful remembrance of the fine response that had been accorded by the people of Canada to the Dominion's funding issues.

C. A. Dunning
Hon. Charles A. Dunning stated that he was pleased to support the efforts of the government in its attempt to raise \$150,000,000. No matter what their political views might be, the people should realize that the money must be raised. It was a matter beyond political controversy. The problem of providing a livelihood for the people was one which must be met. The money required must come from the Canadians who had it. The rest of the world had problems of their own at this time.

The support of the loan, Mr. Dunning continued, might be a patriotic duty but it was certainly no sacrifice. Rather it was the best kind of an investment with splendid earnings and unbounded security.

"When the dark clouds of depression have disappeared from the world, Canada will be among the first of the nations to resume the forward march," Mr. Dunning declared. Meantime, it was essential that the government should be assisted in putting money to work for the benefit of the people. "It is the responsibility and duty of each Canadian to support his own country and help to ensure its own thrift."

Between the three addresses, there were patriotic selections by the Canadian Grenadier Guards Band playing in Montreal.

It was announced that the second national broadcast of the campaign would be put on the air tomorrow night between 10 and 10:30 Eastern Standard Time when each of the Premiers or acting Premiers of the nine provinces of the Dominion will be heard in two and a half minutes speeches. At the opening and close of this program the carillon bells from the Peace Tower at Ottawa will be heard.

Ald. S. D. Macdonald suggested to the city council at its meeting last night that something should be done in the matter of providing conveniences on the various relief projects in the city. The matter will be given attention by the Board of Works.

New City Garage Will Be Built

Utilities Department to Put Up Structure to House Board of Works Car

The city council last night adopted a recommendation from the utilities committee that a new garage be built for the use of the board of works car, the work, estimated at a cost of \$150, to be charged to the telephone department. The building of a garage for the public works department was decided upon instead of putting one up for the utilities department which to be adequate would cost some \$450. The utilities department will continue to use the board of works garage.

The city council was advised at its meeting last night that all but one member of the city hall staff had signed up to contribute to the city's voluntary relief fund. The council went into discussion of the matter after adjournment.

City accounts for the two weeks ending November 20 totalling \$18,543 were passed for payment at last night's meeting of the council.

Corp. E. H. Clarke, R.C.M.P., returned to the city on the Catala this morning from a trip to Anxox on official duties.

Mrs. C. H. Hankinson returned to the city on the Catala Sunday evening from Vancouver where her son has been receiving treatment at the hands of specialists following an accident.

One year's suspended sentence was imposed upon Mrs. Edith Fitzgerald in County Court by Judge F. McE. Young yesterday afternoon. On a charge of theft of four diamond rings.

The funeral of the late Edward Henry Coleman, for years a resident near McNicholl Creek across the harbor, who died at the end of last week in the Prince Rupert General Hospital, took place this afternoon at 2 o'clock from the chapel of the B. C. Undertakers to Fairview Cemetery. Very Rev. James B. Gibson, dean of St. Andrew's Anglican Cathedral, officiated and Miss M. A. Way presided at the organ.

Acting Mayor Theo Collart appeared at last night's council meeting with a bandage swathed around his head. His worship, while working in his basement Sunday evening, injured his head in a fall. The injuries, fortunately, were not serious.

Of Course! There Is a Santa Claus

THERE is a Santa Claus for every child in Canada; a Santa Claus for all the grown-ups; a Santa Claus for every invalid and shut-in; for the less fortunate; for those who have missed the good "breaks" of life—he has everything possible in his pack to provide cheer and happiness for all during the Christmas Season.

All of us in this wonderful land of Canada have the right to share in the Christmas joy and generosity of 1931. There is every reason to loosen the purse-strings. Some people talk about "buying only for the children this year." This is not necessary. It is unwise and destructive, and they know it at the bottom of their hearts.

Christmas 1931 ought to be a joyous time in Canada because our feet are climbing the ladder towards greater prosperity. Christmas trading will bring much increased employment.

Christmas 1931 offers greater opportunity to the makers, distributors and buyers of useful, lovely and pleasure-giving merchandise. They will be advertised and displayed by the makers, the distributors and the retail merchants. The wise shoppers will buy them.

The newspapers every day present buying opportunities which demonstrate that the dollar will go much farther this year than for a decade.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.

Letters should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

BUSINESS IMPROVED

J. J. Little Tells Victoria of Better Conditions in North

General business conditions appeared to be getting brighter in the northern section of the province, according to J. J. Little of Prince Rupert, manager of the Northern B. C. Power Company, who arrived in the city yesterday from the mainland, says the Victoria Times. He is at the Empress Hotel, and expects to remain here for several days on business.

The Northern B. C. Power Company supplies light and power to Prince Rupert, Stewart and Hyder. The company's hydro-electric plant developing 7,500 horsepower, is located at Falls River, about 42 miles from Prince Rupert. The company last year bought out the power plant which was operated by the city of Prince Rupert.

No further power development is contemplated by his company at the present time. Mr. Little stated today. There is ample water power available at Falls River, and the company is ready to expand with the north when it goes ahead, he said.

The fishing business of Prince Rupert is being steadily developed, and ships are taking wheat from the elevator there. The city looks for expansion with the construction of the highway eastward from Prince Rupert.

If the sewer construction bylaw being presented to the ratepayers this week for their ratification is passed, Ald. D. W. Morrissey declares that he will apply for an injunction to prevent the work being carried out. "The project is an outrage and nothing but a scheme to turn Hays Creek into a microbe hatchingery," Ald. Morrissey declares.

Lots in Section Two are soon to be offered for sale at auction by the Grand Trunk Pacific Railway.

Citizens will probably be asked on election day whether they want a library and, if so, whether it shall be a Carnegie Library. C. W. White, secretary of the B. C. Library Association, is in communication with the city council. Ald. Clayton, Ald. Douglas and Ald. Morrissey all desire a library but Ald. Clayton and Ald. Morrissey object to the Carnegie scheme.

Water Meter Is Requested

Dry Dock Claims That It Is Being Charged With Quantity It Does Not Use

A letter from G. A. McMillan, manager of the Prince Rupert Dry Dock and Shipyard, asked the city council last night to instal a new water meter in the dry dock yards on the main which supplies besides the dry dock various waterfront business concerns beyond the yard. Owing to leaks and other causes under the present meter system, the dry dock was wrongfully charged with water it did not use.

Ald. Rudderham explained that under the present system, there was one main meter on the dry dock main and smaller meters at the premises of the smaller consumers. The water consumption of the latter was deducted from that registered by the main meter and the balance charged to the dry dock. Thus, if there were any leaks, the dry dock was charged for them. The matter of installing a new meter had been discussed by the board of works but, since it would cost about \$800, nothing had been done.

The matter was left to the board of works with the suggestion that Mr. McMillan be taken into conference regarding it.

Wants to Know Why Work Was Not Given Him

W. Robertson, appeared before the city council at last night's meeting to protest against having been laid off the city relief work at the end of October as compressorman. Mr. Robertson explained that he was partially crippled and unable to do outside work. Further he had a family of three children to maintain. He had been told to report back on the work on December 1 when he would be given eight days work. He wished to know why he could only get eight or nine days work when other men received sixteen days. All he asked was a square deal in the matter. After Mr. Robertson had been heard, a lengthy discussion ensued. This boiled down to a question as to whether the compressor should be allowed to be operated by a certified man or by a man, such as Mr. Robertson, who was not. Varying opinions were expressed and it was finally decided to leave the matter over until the next meeting by which time the mayor will be home and further information probably available.

Minimum Water Rate Is Given Seal Cove Mill

A recommendation from the board of works that the Big Bay Lumber Co. be charged a minimum rate for water plus water meter rental, totalling \$6 for a shut-down period not exceeding three months, subject always to no undue waste of water, was adopted by the city council last night.

IS STORY OF INDIA

"Son of India," Starring Ramon Navarro, is Striking Play

"Son of India," starring Ramon Navarro, Mexican screen star, opened at the Capitol Theatre last night and was received with enthusiasm. The story tells of the love affair of an American girl (Madge Evans) and a Hindu prince (Navarro) in far-off India. Romance and drama of an interracial alliance are combined with striking thrills including a bandit raid in the mountains of India and the charge of a maddened elephant.

The acting of Navarro and his supporting players leaves little to be desired. Other featured players besides Navarro and Miss Evans are Conrad Nagel, Marjorie Rambeau, C. Aubrey Smith, Mitchell Lewis and John Miljan.

Elmer Ross Oatman, clerk in the government agency at Anyox, has been acting as deputy government agent, deputy mining recorder, deputy district registrar of vital statistics and issuer of marriage licenses at Anyox during the recent absence from there of Government Agent S. H. Hoskins.
