BODY FOUND IN SKEENA

Remains of George Taylor, Second Victim of Drowning Fatality, Recovered

The dark waters of the Skeena River yesterday afternoon gave up the body of George Taylor, the second of two victims of a fatality in February last when an overloaded boat with three men on board swamped not far below Haysport.

Taylor's body was found in what is known as the "boneyard." This is not far from Haysport and close to the point at which the swamping of the boat occurred.

Discovery of the body was made by a Japanese fisherman. The provincial police were at once notified and officers went out and took charge of the body, bringing it in this morning on the police boat P. M. L. 8.

An inquiry was held today, the coroner, Norman A. Watt, satisfying himself that death was accidental.

Funeral arrangements are pending receipt of instructions from deceased's mother who lives in Vancouver.

SUBMARINE PROGRESS

Nautilus Did 63 Miles Yesterday and Saw Interesting Things

ABOARD SUBMARINE NAUTILUS, Enroute to Spitzbergen, Aug. 14.—Bucking a westerly breeze that drove the crew below for shelter, the Nautilus made a good run yesterday. By 7 p.m. it had covered 63 more miles of the voyage to Spitzbergen, from where the Nautilus will cruise about in Arctic waters.

Cleaving its way through glacier water, there was no time to examine the marine life about the submarine. Penetrating to a considerable depth, revealed myriad jellyfish, all shapes and sizes. The men have not yet donned the thick Arctic clothing they will wear later on. As yet no floating ice has been sighted, and the seas all seem clear.

REASON FOR DIFFERENCES

Explained Why All India Congress Will Not Send Delegates to Round Table Conference

BOMBAY, India, August 14.—The decision of the All India Nationalists not to go to London for the much-heralded second round table conference was reached because the executive of all India Congress regards as unsatisfactory the reply by the viceroy, the Earl of Willingdon, to representations by the Indians regarding alleged British infringements of the pact signed by Gandhi and the former viceroy Lord Irwin. Gandhi indicated he will stand as firmly on principle in this matter as in others of the past.

The situation still might be saved, it was believed, if the viceroy were to amend his reply by giving assurances that both letter and spirit of the Gandhi-Irwin agreement would be carried out during his absence.

DAILY EDITION Friday, August 14, 1931

YES, WE HAVE NO MOSQUITOES

Apparently, by inadvertently saying something in our columns the other day about mosquitoes at Lakelse Lake, we have most grievously offended our very good friends at Terrace. If we have really offended, we would tender herewith our most humble apologies for the libel.

But we really think when we mention, even unwittingly, something about mosquitoes at Terrace that we could hardly have offended Terrace folk any more than we should offend those of Prince Rupert if ever we should say anything about rain in Prince Rupert. Somehow or other, be it rightfully or wrongfully, the most of people seem to associate mosquitoes with Terrace just as they do rain with Prince Rupert. Because of that, it would seem in the interests of both communities if a great campaign were instituted to relieve them of these most wrongful and harmful stigmas.

But, meantime, we earnestly hope that our friends at Terrace do not really believe that any knock or libel was meant by that inadvertent allusion to mosquitoes at Terrace. We would like our readers and patrons at Terrace to know that the editor of the Daily News and his staff are very familiar with the charms and assets of that community and that none of us would wittingly or knowingly cast or cause to have cast reflections or aspersions upon our entirely delightful little neighboring town.

FIRST HALF OF POLICY

British Columbia's government announces a drive to give B. C. products the preference in all buying, comments the Vancouver Sun. Everything home-made where possible, is the new policy.

If that policy is literally carried out it should swing millions of dollars into B. C. factories and B. C. payrolls. For not only will there be the government's own buying—and out of a total budget of \$30,000,000 it is considerable—but the demand will be a moral stimulant to the consuming public.

Actually in such a resourceful country as Canada there is no more logic in a government going outside for its commodities than there would be in using foreign postage stamps. This has been the traditional policy of B. C. governments for years. It is a reflection on the Tolmie Government, after three years in office, that they only now recognize it.

But better late than never, and once made the policy should be organized and nationalized so that it becomes an actual as well as a spoken thing.

Then broaden that principle of home development to open markets abroad for Canadian products. British Columbia, for example, is one of the world's great silver-producing areas. Canada's leadership on the silver question alone would result in double the market price for silver.

More than that, it would help give a billion silver-using people entry into British Columbia and other Canadian markets.

"Buy Canadian products," is half the program for Canada's governments. "Sell Canadian products" is the other half.

LETTER BOX

LAKELSE MOSQUITOES

Editor, Daily News:—

I wish to call your attention to articles appearing in your paper of August 10, stating that visitors to Lakelse Lake were met with a civic welcome by legions of mosquitoes. This is absolutely untrue as campers have gone there this summer and taken mosquito nets on the strength of articles published in your paper and have never put them up.

We, of Terrace, cannot understand the attitude of your paper in constantly knocking our town by publishing one article after another which is not true. Do you not want Prince Rupert people to holiday here?

I would call your attention to the group of Girl Guides who recently camped at Lakelse for two weeks in July and upon leaving, one and all, with their leader, stated they had had a perfect holiday and had not seen a single mosquito and expressed regret that these untrue articles had been published by the Prince Rupert Daily News. Some groups have come under very impractical leaders and if they choose to camp on a river bank early in July they are bound to find mosquitoes anywhere in the interior.

Thirteen new summer homes have been built at Lakelse this year and the lake is flecked with sail boats and motor launches and one and all are enjoying a perfect holiday. In the evenings the lake is gay with bonfires and many voices and they laugh over articles published by your paper saying they are pestered by anything.

IRA W. WRIGHT.

ANGEL OF MERCY

Editor, Daily News:—

I desire to use your columns for a public appreciation of services rendered to fishermen in general, and to explain the matter it is better that I state a few facts in relation thereto.

For the first time in the history of trolling operations at North Island, the Union Oil Co. were persuaded to place a straight sale of gasoline to fishermen, with no strings attached to their product. This was done by the establishment of an oil barge at Langara Island, and the parties in charge of this utility were Mr. and Mrs. Smith, who have made themselves deeply respected by the fishermen patronizing the barge.

At the fall general meeting of the North Island unit of the Northern B. C. Salmon Fishermen's Association, it was carried unanimously that "Mrs. Smith of the Union Oil barge at this camp be publicly thanked for her merciful and efficient help rendered to all sick fishermen at North Island this season."

Mr. Editor, the statement speaks for itself, and I take pleasure in being the instrument of rendering tribute where the tribute is apparently due. The fishermen take delight in doffing their hats, Stetson of Cape Anne, to Mrs. Smith of the Union Oil barge, Langara Island.

CHAS. LORD, Secretary, N. B. C. Salmon Fishermen's Ass'n. (Mrs. George Smith was formerly Miss Anne Kudalka R.N., a member of the nursing staff of the Prince Rupert General Hospital.—Ed.)

Robert Sharffe, well known Skidegate merchant, is paying a brief business visit to the city.

"Why doesn't the heat bother you?"

"My dear, it's so simple you'll laugh. I just make sure that I don't eat too much for lunch. For example, this noon I had two Shredded Wheat Biscuits covered with berries and a pitcher of half and half. That's what I call an ideal lunch. The big idea is the Shredded Wheat—it's so light, nourishing and easy to digest, it keeps me comfortable on a hot afternoon."

Old Empress Take Elks Into Camp to Strengthen Lead

Nelson Holds Elks to Lone Hit in Good Game—Redman Leads Attack For Winners

Old Empress broke the jinx in last night's baseball fixture, which has been dogging them most of the season when they took the Elks into camp with a score of five to two in a good contest. Jack Nelson was on the slab for the winners and let opposing batters down with a single safety, and it was just out of the infield at that. His team-mates allowed five errors to be chalked up against them. Chenoski, who was suffering from a sore finger on his throwing hand, was touched for 10 singles, while his support was good most of the time.
Redman starred with the willow for the Old Empress hitting safely each of the three times he came to bat. Arsenneau and Elmer Smith each collected to hits in three times up.
The win for Old Empress gives them a substantial lead for second half honors, a game and a half in front of both the other teams. One more win for them will assure them of at least a tie while if each of the

other teams lose one game they will be sure of first place, which will necessitate a play off with Sons of Canada who copped first half honors.

REDS TAKE TWO GAMES

Took Both Games of Doubleheader From Braves—White Sox and Red Sox Tied For Sixth

BOSTON, Aug. 14.—The lowly Cincinnati Reds administered defeat upon the Boston Braves in both ends of a doubleheader yesterday. The St. Louis Cardinals won from the Brooklyn Robins and now have a lead of nine and a half games over the Chicago Cubs who dropped a decision to the Phillies.

Chicago White Sox, by defeating Washington Senators, went into a tie for sixth place in the American League with the Boston Red Sox, who were beaten by St. Louis Browns. Philadelphia Athletics beat Detroit Tigers and stretched their lead to 11 full games over the Senators.

Yesterday's scores:
National League
Chicago 3, Philadelphia 4, Cincinnati 17-4, Boston 3-2, St. Louis 8, Brooklyn 5, Pittsburgh 7-1, New York 5-6.
American League
Philadelphia 5, Detroit 2, Boston 6, St. Louis 9, Washington 8, Chicago 10.

Comadina Leads Big Six Batters

Johnny Comadina went into the lead in Big Six standings following last night's game between Old Empress and Elks, as Bill Harold went hitless in three times up. Hibbard, who was out of town, went into second place and Stephens, who got the only hit his team registered, although he lost some dozen points, is in third place, one point ahead of Harold. George Mitchell and Eldridge both dropped out of the picture while Arsenneau climbed into fifth place. Redman went into sixth place when he hit safely three times in three attempts. Following is the standing:

G.	AB	R.	H.	Pct.

The Canadian Legion team for tonight's game will be selected from the following players: J. Smith, R. Skinner, Jack, P. Murray, Webster, Woods, Bussanich, Woodside, J. K. Murray, Baptie, J. Campbell, Hadson, Gilker, W. Murray, Hodgkinson.

FOOTBALL MEETING

Local Players to Journey to Anyox For Two Games Week After Next

Remaining Games

Will Have to Be Good Management and Weather to Wind Up Season

The principal matter under discussion at a meeting of the Prince Rupert Football Association last evening was the inter-town series with Anyox. It is proposed to play two games at Anyox on August 25 and August 27. The team will leave here on the evening of August 24, will play on the following evening, and will return on Thursday evening after the second game. The trip will be made in the Laura F. as the ordinary shipping connections are not suitable.

There will also be a return series with the Anyox team in connection with the Prince Rupert Fall Fair when two games will be played here during fair week.

The team to play at Anyox will be chosen when the football association obtains from the representatives of the city teams the names of players who can afford the time to make the trip.

The matter of completing the Mobbey Cup series was under discussion. There are three postponed games to be played and if arrangements can be made with the baseball association these three games will be played on Monday, Wednesday and Friday of next week. The following week will see the representative team playing in Anyox so that it is questionable if any game in a city competition can be played that week. There is still the Stuart Shield series to be run off and as well there will be two games with the Anyox team during fair week. Altogether it will take good management and good weather to allow the competitions to be finished before the evenings become too dark.

Discussion regarding a challenge from baseball players through the correspondence columns of the local press followed. So far no official challenge has been received by the football association who are therefore not aware of the organization, if any, responsible for the challenge. The footballers will be quite willing in the interests of sport to deal with any committee with authority to act and will try to arrange a date for such a game. It would probably have to be played on a Sunday as other dates are already taken up. Appreciation of C. Youngman's sportsmanship in agreeing to referee last Tuesday's game when the appointed referee did not turn up, was voiced.

BASEBALL WILL BE PLAYED ON TUESDAY

Following meetings of both baseball and football executives last night, President Rudderham of the baseball association and President Morgan of the football league, conferred regarding games to be played next week. It seems that both organizations are anxious to wind up league activities before the fair and, as both league races are close, it will probably be necessary to play all postponed games. The football team is going to Anyox on August 24, which will leave that week open for the baseball players. On that account, it was decided to switch the regular baseball night from Monday to Tuesday and allow the footballers to get in three games next week.

GIRLS WANTED

To enter Contest for America's Most Beautiful Girl

The winner will be chosen during fair week in Prince Rupert and will get a free trip to Los Angeles and back and be entertained lavishly while there.

Entrants must sell 50 tickets to the Big Coronation Ball, the last day of the fair. Nothing else to do but look pretty. It's the chance of a lifetime.

The fair board at its recent meeting decided to enter a candidate in the International Beautequest at Los Angeles in connection with the celebration of the one hundred and fiftieth anniversary of the founding of the city, when the most beautiful girl in America will be chosen.

The local candidate will be chosen at the time of the fall fair and immediately after her selection she will have to leave for the south to get there in time for the big California event. Her expenses going and coming will be paid by the Fair Board but while there she will be the guest of the Ocean Park Businessmen's Association, who are sponsoring the event. The attraction for the candidate is set forth in the following letter from the south.

"Your candidate will be met at the railway station, dock or airport by a committee representing the Ocean Park Businessmen's Association.

"She will be the guest of screen stars at various functions.

"She will be entertained by a reigning star of the screen at her home.

"She will be included in all parties listed as part of the program of the International Beautequest and La Fiesta de Los Angeles.

"She will occupy a position of honor in all gatherings including pageants, parades, spectacles, receptions and, in fact, all events planned for the International Beautequest and Los Angeles' great reception."

Candidates must be between the ages of 16 and 30, unmarried and of good character and the one going from Prince Rupert will be chosen in the following manner:

She or her sponsors must sell 50 tickets at \$1 each for the big coronation ball to be staged on the last day of the fair in the exhibition building. For the one selling the most tickets a prize of \$50 will be awarded.

She may enter without sponsors if she wishes but she must sell the tickets.

The candidates must attend the Exhibition every evening while it is in progress here. On the first night one selection will be made by competent judges. On the second night a second candidate will be chosen by another set of judges and on the third night a third candidate will be chosen by a third set of judges.

These three candidates will attend the coronation ball accompanied by the other candidates and at 9 o'clock, the final selection will be made. Two hours later the coronation will take place here and the following day the winner will be required to leave and travel as rapidly as possible by steamship, airplane and rail to Los Angeles.

Candidates from points around Prince Rupert may enter, such as Anyox, Ocean Falls, Smithers, Terrace, Stewart, Hazelton or other points and they will be required to sell 25 tickets to the coronation ball in order to qualify.

Candidates either in the city or out may be sponsored by organizations who may help them in disposing of tickets or otherwise in connection with the event.

Candidates or their sponsors should notify Secretary Vance of the Fair Association at as early a date as possible and as soon as the tickets are ready may commence disposing of them.
