Tariffs Designed to Expand Exports and Contract Imports Among Proposals Offered by British Premier as Election Planks

New Monetary Policy Designed To Restore British Sterling

"Capitalism Cannot Be Patched Up Further. We must Go Forward Decisively to Socialist Society," Says Henderson

LONDON, Oct. 8.—Foreshadowing the opening of negotiations by the national government, if it is returned to power in the general election late this month, with a view to definitely clearing up the question of war debts and reparation payments, Premier J. Ramsay MacDonald issued his election manifesto to the people of Great Britain last night. Efforts to permanently re-establish the value of the pound sterling constitute another plank.

Withal, the Premier appealed for the co-operation of the people in the national government's efforts to rehabilitate the affairs of the nation. Premier MacDonald instanced further proposals a tariff designed to bring about expansion of exports and contraction of imports, commercial treaties and mutual economic arrangements with the Dominions.

The manifesto called for the inauguration of the new monetary policy so that the pound sterling might be re-established in confidence and authority. War debts and reparations Mr. MacDonald described as some of the most fruitful causes of economic misfortunes and many of these ought to be removed by international agreement such as the national government would endeavor to bring about.

"I ask the electors to give the national government a free hand to consider every proposal likely to help the present situation," the Premier said. Labor Platform Chief planks in the Labor Party program include public ownership of institutions and services, restoration of the dole and its extension to farm workers and independence for India.

Mr. Henderson replied to Premier MacDonald's manifesto with the challenge: "The decaying fabric of capitalism cannot be patched up any further. We must go forward decisively to a socialistic society."

BUSINESS SITUATION.

Prince Rupert business people are looking forward with confidence to the coming winter. There seldom has been an autumn when they could feel that practically all local people were being assured of constant employment until spring, such as is the case today.

TERRACE LADIES LEAVE.

Many Prince Rupert people will have heard with regret of the departure from Terrace of Mrs. Lanfear and Miss French, whose farm home was a favorite place for children to holiday.

YES, CANADA WILL.

Sir Henry Thornton says that Canada will work her way successfully through her difficulties. Of course she will. That goes without saying.

Canada is suffering along with all other countries today. Some are worse, some are better, but there is nothing to worry about.

Looking back half a century and more we find that there were hard times, much unemployment, riots, labor disturbances, business failures. It is now two years since things began to be troublesome.

A sample of copper-gold ore from Morris Peterson's Vanguard property in the Alice Arm district carried off first prize at the Vancouver Exhibition. In spite of competition, Alice Arm has once more proven that the district is second to none in quality and richness of its ores.

It is expected that it will require some \$100,000 of extra financing to provide the Columario Gold Mines, Ltd., property at Usk with the 50-ton mill which engineers have now recommended should be installed thereon as well as to complete between 5,000 and 6,000 feet of development work and bring the property into production.

# MARTIN IS ACCLAIMED

Sports Writer and Announcer Are Heard in Radio Interview

## Cards Favored

Something Radical Must Be Done to Help Athletics

"There never was anyone like him before and there will probably never be another like him again," said Grantland Rice, noted American sports writer, in a radio interview last evening describing the batting feats in the World Series of "Pepper" Martin, sensational centrefielder of the St. Louis Cardinals. "He has given the biggest thrills in years to those five great crowds of baseball fans.

"The Cardinals should be top-heavy favorites to clean up now," continued Rice, "but they may have to beat Earnshaw again if they are going to cop. Should Earnshaw and Burleigh Grimes be on opposing mounds, there may well ensue the greatest baseball classic of all time."

Talking of the fielding performances in the series, Graham McNamee, famous radio announcer of sports events, also in the interview, expressed the opinion that Gelbert, Cardinal shortstop, had done remarkable work. Bottomley's performance was also outstanding.

"If the Athletics are to scramble through, Al Simmons, Jimmy Fox and Mickey Cochrane will have to open up their anvil chorus of heavy hitting immediately," went on Rice again.

"And they will have to get out the army or the marines and round up that timber wolf, Pepper Martin," added McNamee.

## SPORT CHAT

The championships of the Hidden Creek Tennis Club at Anyox have been settled. Miss Isobel Gillies and Jim Dixon won the mixed doubles. Miss Isobel Gillies, the ladies' singles, and John Gillies, the men's singles. The tennis season at Anyox this year was a very successful one and there was much keen play.

The Anyox badminton season will open tonight. After play, refreshments will be served by the committee. Badminton has not been long introduced at the smelter town and it is proving a very popular winter sport there. Some very good players have been developed. Possibly Anyox players may be seen in Prince Rupert during the coming winter.

## RANGERS WIN OVER CELTIC

GLASGOW, Scotland, Oct. 8.—The Rangers defeated Celtic yesterday in the semi-final of the Glasgow Soccer Cup by a score of two to nil and will meet Queen's Park in the final on Saturday.

## Athletics' Pitching Aces

Lefty Grove and George Earnshaw, whom Connie Mack is now depending upon to retain world's baseball championship for Philadelphia.

## Connie Mack to Use His Mound Aces in Final Frantic Effort; Grimes Is Gabby Street Choice

PHILADELPHIA, Oct. 8.—Before leaving with his Philadelphia Athletics for St. Louis where the world series campaign will be resumed tomorrow at Sportsmen's Field, home ground of the St. Louis Cardinals, Connie Mack, veteran manager of the Mackmen, broke his usual reticence in regard to his pitching choice. The old master, whose strategy has been seriously questioned in this series, quite candidly intimated that his two ace hurlers would be ready to take up the battle in the last two games.

Lefty Grove will go in tomorrow and, if the Athletics win, George Earnshaw will be used in the final game on Saturday. If Grove should get into difficulties tomorrow, Earnshaw may relieve him. Both Grove and Earnshaw have so far won a game apiece and lost one. While Mack intimated that Grove would start tomorrow, it is possible he might reverse the proceedings and start Earnshaw.

The choice of Gabby Street, Cardinals' pilot, will, undoubtedly, be the veteran Burleigh Grimes, who distinguished himself in the third game of the series last Monday. There is also Paul Derringer, who has been unable to figure out how he was beaten in the opener a week ago today and who is aching to get another chance at the A's.

## OLD TIMERS FOREGATHER

SKIDEGATE, Oct. 8.—Thomas A. Kelley, head of the Kelley Logging Co. of Logan Inlet, paid a short visit here recently and was the guest of Mr. and Mrs. E. C. Stevens.

Mr. Kelly plans shortly to bring a large party of capitalists up from Vancouver for a hunting trip on his service boat Norah Jane.

George D. Beattie and W. G. Morris were also visitors at the Stevens' home, so it took the form of a reunion of real old-timers of the Queen Charlotte Islands.

## LEAVING ISLANDS

Captain J. B. Gillatt Arrives From Sandspit En Route to Sooke Where He Will Reside

Capt. J. B. Gillatt of Sandspit, who has been a leading resident of the Queen Charlotte Islands for over twenty years, and Mrs. Gillatt arrived in the city on the Prince John this morning from the islands and will sail on the Prince Rupert tonight for Victoria. They will take up future residence at Sooke Harbor where Mr. Gillatt has purchased a large estate.

Captain Gillatt's departure will be a matter of regret for all Queen Charlotte Islanders. Many efforts were made to persuade him to remain on the Islands, but he replied to these that his children were all living in the south now and it was the desire of himself and Mrs. Gillatt to be near them.

Many settlers in the course of hewing out their new homes on the islands have in years past gone to Captain Gillatt for advice and assistance, and this has always been freely given. While Captain Gillatt has always been regarded as the leading member of the Conservative party on the islands, this has not prevented him from being friends with and respected by all residents of the islands irrespective of political color.

During his residence on the islands Captain Gillatt has also been active as a layman in the Anglican Church.

## KNIFE FOR COCHRANE

Star Catcher of Athletics Must Have Operation Immediately After World Series

PHILADELPHIA, Oct. 8.—Immediately after the conclusion of the World Series, Mickey Cochrane, heavy hitting backstop of the Philadelphia Athletics, will enter hospital to undergo an operation, it was revealed yesterday.

Cochrane has not been himself since he was hit on the head by a ball at Cleveland on August 17. He is suffering from a painful sinus condition which on occasion affects his vision.

## BASEBALL MEETING

Surplus of \$116 on Year's Operation Expected—Split to Be Made Between Clubs

When all accounts have been settled, the Prince Rupert Baseball Association expects to have a surplus of \$116 on the operations of the past season. This was revealed last night at a meeting of the executive of the association with Ald. G. W. Rudderham, president, in the chair. The surplus has been realized despite a deficit of \$30 carried over from the year previous. The sum of \$75 will be distributed equally between the three teams in the league this year—Sons of Canada, Elks and Old Empress.

A banquet will probably be held later at which the Orme Cup emblematic of city baseball championship will be presented to the Sons of Canada.

The proposal to form an indoor baseball league is also being considered.

Cent. H. E. Denison, well known Porcher Island mining man, arrived in the city yesterday afternoon for a brief business visit to town.

## Thanksgiving at Port Clements

Beautiful Cross Was Dedicated By Rev. R. P. Graham

PORT CLEMENTS, Oct. 8.—On Sunday, September 27, St. Mark's Church, Port Clements, was filled to capacity on the occasion of the annual harvest thanksgiving services. The church interior was a veritable garden with its profusion of flowers, fruits and vegetables, tastefully arranged by members of the congregation.

Rev. R. P. Graham, speaking on the text, "Have Faith in God," dealt with the meaning of harvest, material and spiritual. A feature of the service was the presentation of a beautiful cross and the receiving and dedication of the same. The cross, 24 inches in height, made of bronze and copper, is the design and handiwork of the donor, F. R. Bellas. The officers and congregation are justly proud of this beautiful and valuable addition to the symbolic ornaments of the church.

The world's series has been played in weather made to order for the baseball fans. Let pounds and dollars rise and fall, we take an hour off to watch the batsmen and the ball.

### Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism. Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication. Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

## RECISSION PROTESTED

Queen Charlotte Island People Want Information From Government

QUEEN CHARLOTTE CITY, Oct. 8.—A well attended meeting was held at Queen Charlotte City recently for the purpose of finding out why the Attorney General's department had rescinded the appointment of T. R. Davey as stipendiary magistrate. L. McPhee, an old time Conservative, acted as secretary.

The outcome of the meeting was the appointment of a committee of four members which was instructed to take the matter up with James H. Thompson of Prince Rupert, Lindley Crease of Victoria and Hon. R. H. Pooley, attorney-general, seeking information as to why the appointment was rescinded. It will also be requested that all correspondence in connection with the matter be made public.

One of the speakers at the meeting declared that it was a disgrace to the province that a grand old man of the Conservative party should have been given the treatment that was accorded Mr. Davey. Another speaker asserted that Mr. Davey had always been fair and, although a loyal supporter of the Conservative party, had had no axe to grind.

The large attendance at the meeting was fully indicative of the confidence that the people of the Islands have in Mr. Davey.

## ELECTION POSSIBLE

Wing of Conservative Party Insistent on Immediate Appeal to the People

In connection with a rumor that was going the rounds here that a provincial election would be held before the end of the year, word was received this morning from Victoria that a wing of the Conservative party was very strongly in favor of an immediate election and was trying to bring it about but that the members of the government generally were opposed to it. The consensus of opinion was that another session would be held before an appeal was made to the country, possibly next summer or autumn.

## RELIEF WORK HAS STARTED

Old Timber Bridge Being Removed From North Side of Hays Cove Circle Leading to Bridge

The city's \$100,000 relief work program got under way yesterday when work started on the taking down of the old bridge on the north side of Hays Cove Circle leading to Hays Creek Bridge. The grading of this piece of street, estimated to cost \$23,500, is the largest single item on the relief program.

Opening up of this street will provide another route to Section Seven and Eight and will relieve congestion on Seventh Street.

## Assessment on By-laws Adopted

Local Improvement Measures Now Ready to Sell Bonds

A civic local improvement court of revision passed the assessments for a number of by-laws, mostly for the sidewalks which have been completed. These will now be in order for selling the bonds.

H. B. Rochester and W. Grattor appeared to protest against work on Second Avenue but found they were not in order as the only grounds for protest would be fringe measurements or inequality of assessment. As these were not challenged the assessment were adopted.

The court, consisted of Mayor Orme and Aldermen Pillsbury, McCutcheon and Pullen.

## Anyox Man Weds in Vancouver to Armstrong Girl

The marriage took place on Tuesday of this week in Vancouver of Miss Edith Janet Freeze, daughter of Mr. and Mrs. J. R. Freeze of Armstrong, to Kenneth A. Hunter of Anyox son of Mr. and Mrs. A. C. Hunter of Vancouver.

After a honeymoon trip to Victoria, Seattle and the southern interior, Mr. and Mrs. Hunter will reside at Anyox where the groom is a popular member of the Granby store staff.

Forest Ranger Benson of Skidegate accompanied the party.

## IS GREAT MYSTERY

"Guilty Hands" Is Altogether Different Type of Drama

A highly interesting mystery drama is "Guilty Hands," mid-week offering at the Capitol Theatre. Knowing who commits a killing, the audience has thereafter for its principal interest a matching of wits between the principal characters both of whom are subjects of suspicion. The story in this respects is very intriguing and presents a distinctly new type of mystery.

Lionel Barrymore and Kay Francis are admirably cast in the leading roles and both act powerfully. Barrymore is ever a master of this type of drama and Miss Francis plays up splendidly. Other members of an exceptionally good cast include Madge Evans, William Bakewell, C. Aubrey Smith, Polly Moran and Alan Mowbray.

The program includes a Fox news reel which shows among other interesting items views of the recent Royal Yacht Cup race in which the late Sir Thomas Lipton's Shamrock V was the winner and scenes on the flight of the Graf Zeppelin over the North Pole during the past summer.

In the frontispiece of the social section of last Saturday's Vancouver Sun appears a portrait of Miss Geraldine Warner, daughter of Mr. and Mrs. L. B. Warner of Smithers, who is studying home economics at the University of British Columbia in Vancouver preparatory to taking a course in dietetics at an eastern college.

Veteran Arctic Explorer Found Ice Conditions Off Greenland Bad

NEW YORK, Oct. 8.—Capt. Robert A. Bartlett, Arctic explorer, has returned from his seventh cruise into the far north in his sturdy schooner Morrissey, bringing with him collections of flora and fauna for the American Museum of Natural History and the Smithsonian Institute.

He says that the ice conditions this year on the east Greenland coast were the worst in the Morrissey's career. He tried for thirty-six days, he said, to find a passage through the ice field which extended in some places 150 miles out from shore.
