PRICE FIVE CENTS

ANOTHER AIR ADVENTURE IS NOW ON TRAGEDY AT NANAIMO AS LITTLE FAMILY GOES ON PICNIC

Three Children Slip Into River Current; Drown in Deep Pool

Mrs. Charles Stevens and Five Children Had Gone to Banks of Nanaimo River to Escape Heat Wave Which Is Sweeping Vancouver Island

NANAIMO, July 8:—While picnicking on the bank of the Nanaimo River where the mother and family of five were driven in the attempt to escape the intense heat wave which is now sweeping Vancouver Island, three children of Mr. and Mrs. Charles Stevens yesterday slipped off the slimy rocks into the current of the river and were carried into a deep pool where they were drowned. Mrs. Stevens, although making frantic efforts, was unable to rescue them. The dead are: Patricia, aged three; Barbara, six, and Thelma, seven.

SEIZURE CASE UP

New Development in Connection With Suit on Laurel R. Whalen

The British Columbia Court of Appeal in Vancouver has approved a judgment of Mr. Justice D. A. McDonald in Supreme Court that four Dominion Fisheries officers were not protected by the Magistrates' Act from claim for illegal seizure four years ago of the floating salmon cannery Laurel R. Whalen. Unless an appeal is taken from this decision the case will proceed to trial. The Canadian Credit Men's Association, trustee in bankrupt for the Laurel Whalen's owner, originally the Somerville Cannery Co. Ltd., claims \$70,915. The defendants are Alex Johnson, Deputy Minister of Marine and Fisheries, W. A. Found, Director of Fisheries, Major J. A. Motherwell, Chief Inspector of Fisheries, and Adam MacKee, Inspector of Fisheries for district No. 2.

The Privy Council nearly two years ago held that the sections of the Dominion Fisheries Act, authorizes the seizure of the Laurel Whalen, were ultra vires. The hulk was seized at Masset Cove for operating as a cannery without a licence.

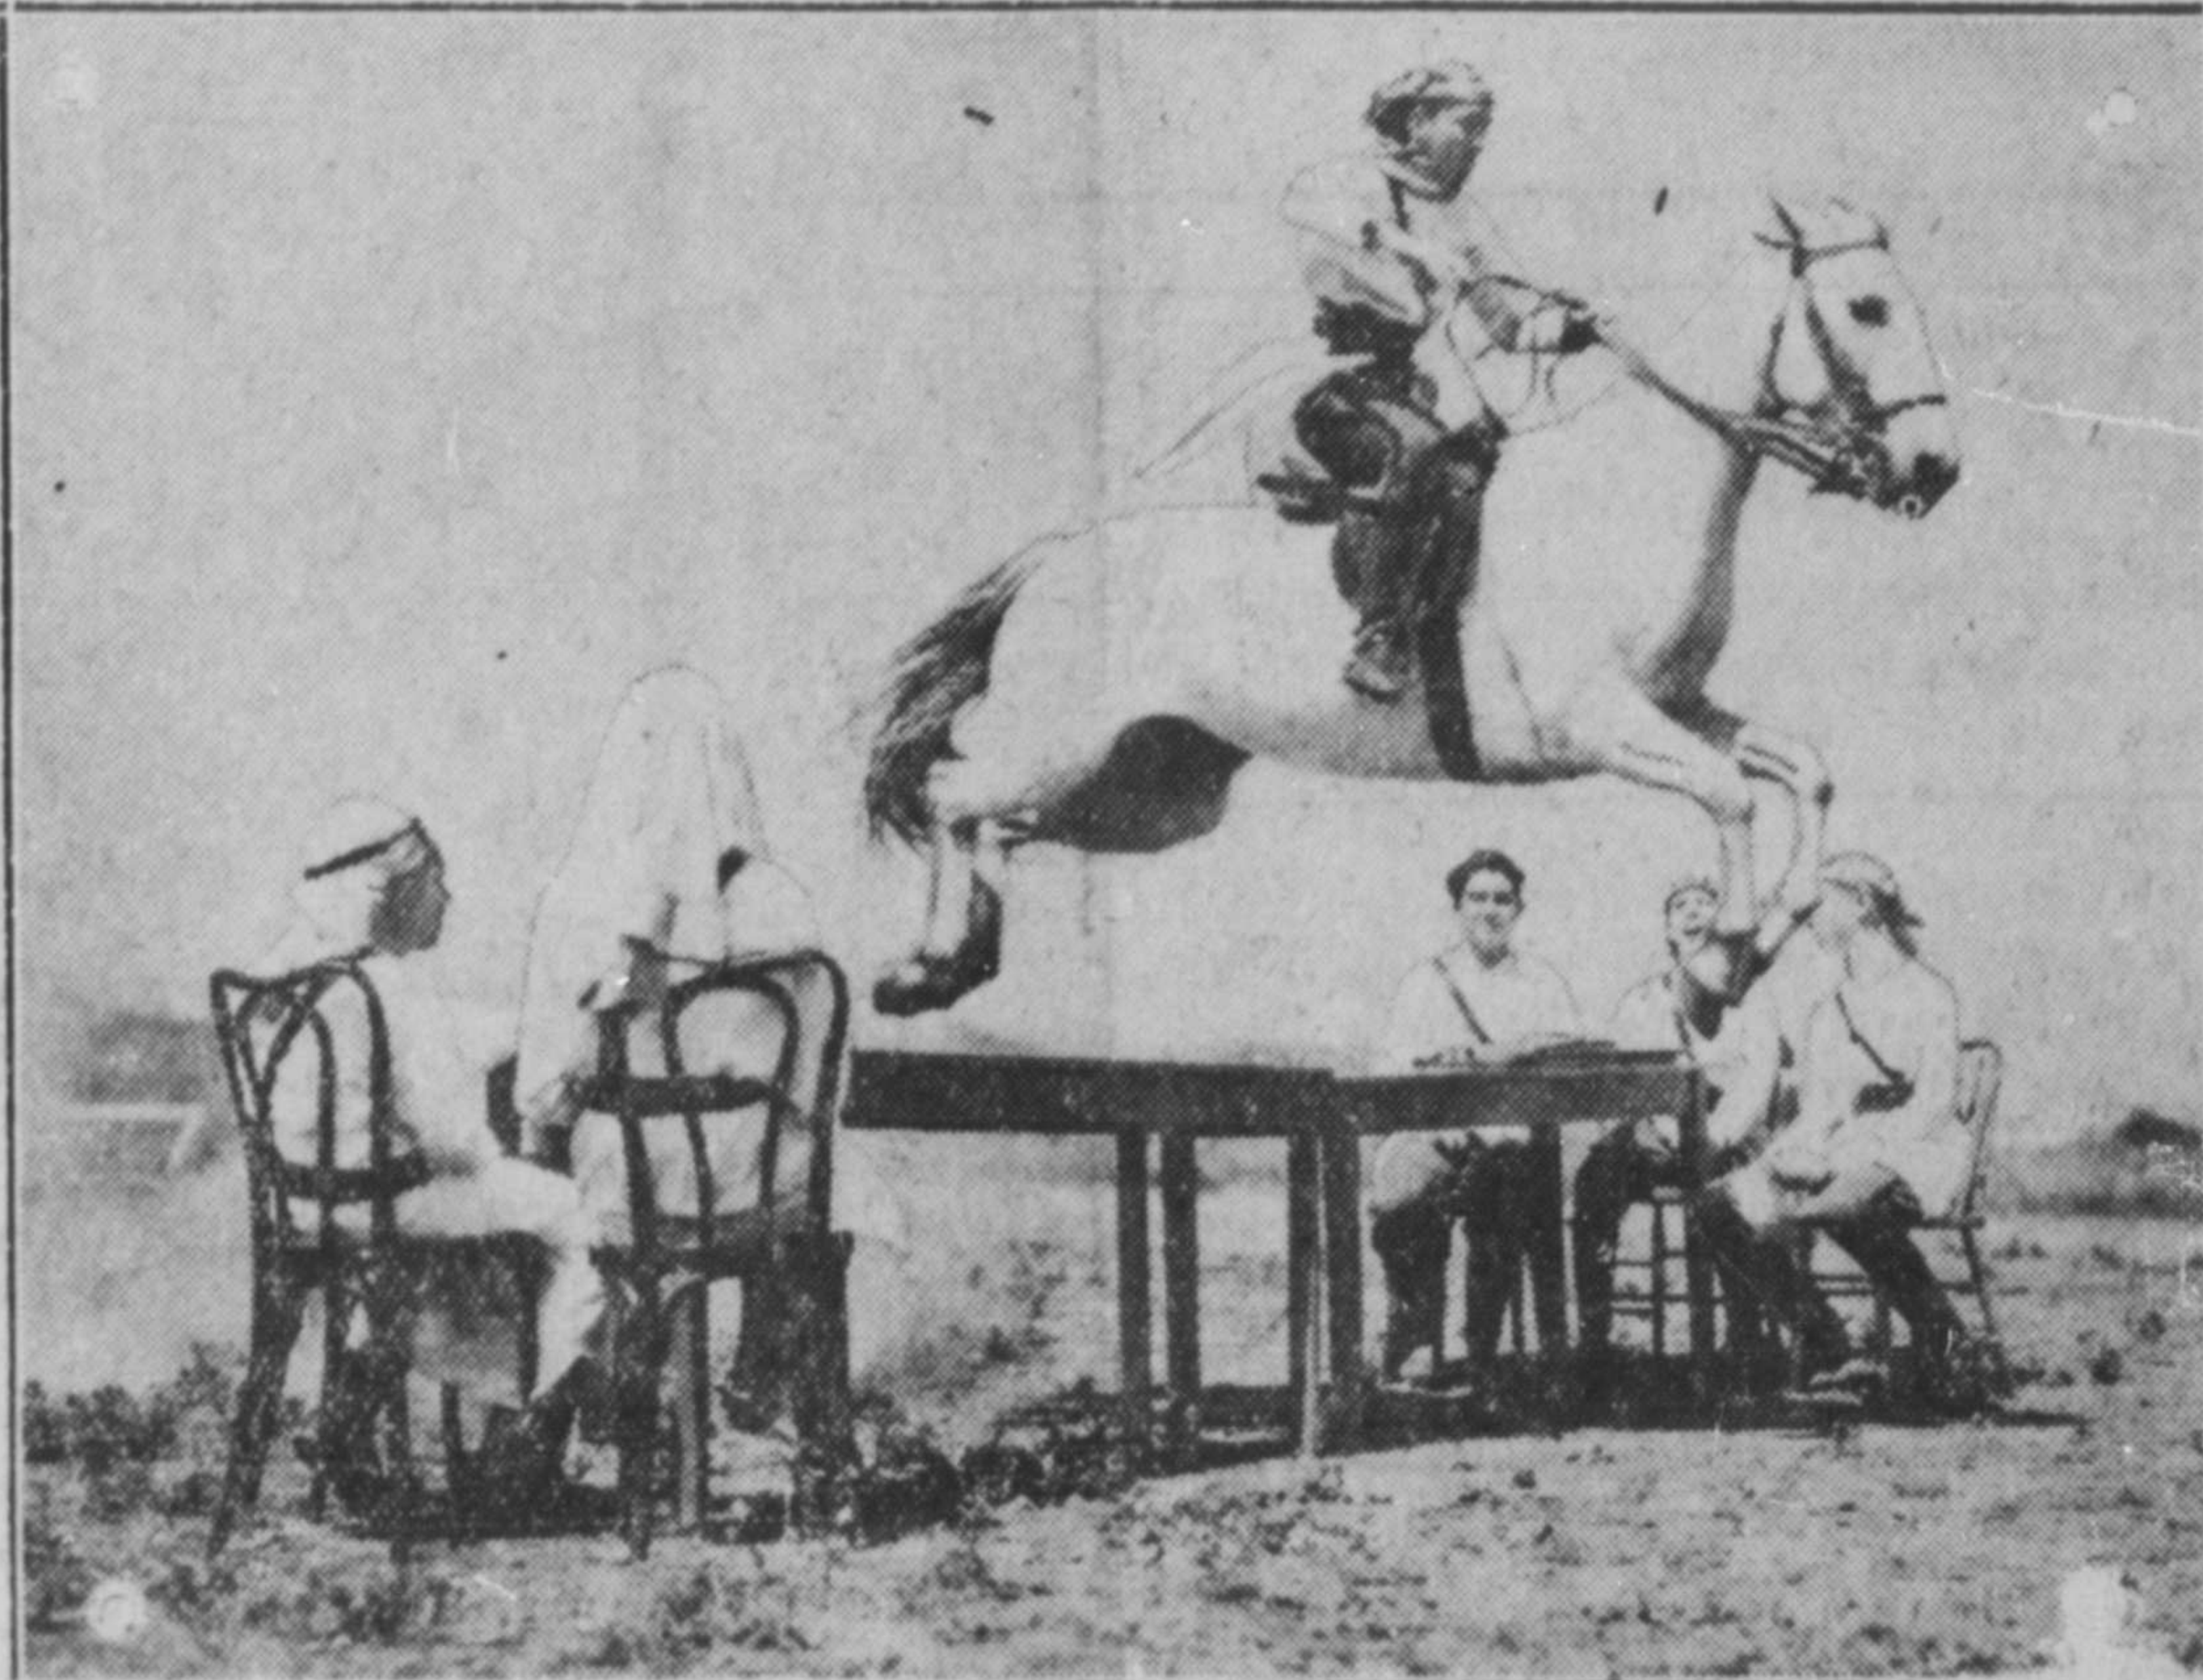

Vernor Smith Welcomed Plane To Edmonton

Hon. Vernor W. Smith, minister of railways and telephones in the Alberta provincial government, and former contractor and alderman of this city, welcomed Wiley Post and Harold Gatty, round-the-world flyers, on behalf of the Alberta government, when they arrived in Edmonton last Tuesday afternoon from Fairbanks, Alaska. Mr. Smith was at the time acting premier of Alberta.

Young Cavalrymen of Los Angeles

Arab costumes lending color to spectacular feats of horsemanship young cavalrymen of Los Angeles rehearse for review. Photo shows Roger Williams, 16-year-old trooper, sending his mount over the mess table while his fellow "Arabians" look nonchalantly on.

Robbins and Jones Take Off From Seattle on Pacific Hop; Passed Over Vanderhoof Safe

Intrepid Texas Airmen Plan to Fly From Seattle to Tokyo—Will Refuel Plane on Way

SEATTLE, July 8:—Reginald L. Robbins and H. S. Jones, Fort Worth, Texas, aviators, took off in their monoplane Fort Worth at 3:57 this morning on a non-stop mid-air refuelling flight to Tokyo. They expected to cover the 5100-mile flight via Alaska and Siberia in about fifty-five hours.

Two other Texans, Jimmy Matern and Nick Greener, arrived at Fairbanks yesterday and will refuel the trans-Pacific plane there and probably again at Solomon, near Nome, and on the Siberia side.

Jones will navigate the plane and Robbins will be the pilot although Jones will take the controls occasionally to permit his companion to rest.

The Fort Worth passed Vanderhoof in Central British Columbia at 9:32 a.m., according to word received here.

LOST HALF MILLION

Sir Henry Thornton Tells Ottawa Committee of Deficit On Steamers

The Canadian National operated seven vessels on the Pacific between Victoria, Vancouver, Prince Rupert and Alaskan ports last year, Sir Henry Thornton told the House of Commons committee on railways and shipping at Ottawa recently. Three new boats were placed in the service in 1930 and the loss on the year's operation taking account of interest and fixed charges, was \$547,000.

Vancouver Wheat

VANCOUVER, July 8:—Wheat was quoted on the local exchange today at 58c.

PLANE AT FAIRBANKS

Refuelling Ship For Trans-Pacific Flight Arrives at Destination

FAIRBANKS, Alaska, July 8:—Pilots Matern and Greener landed here yesterday afternoon after a 600-mile flight from Whitehorse with their tri-motored Ford monoplane, which is to be used for the refuelling of the plane of Reginald L. Robbins and H. S. Jones on their proposed non-stop flight from Seattle to Tokyo via Alaska and Siberia. Robbins and Jones were poised today to take off on their trans-Pacific flight from Seattle.

FINE CROP EXPECTED

Peace River Country Should Reap Abundant Harvest This Year

FORT ST. JOHN, July 8:—Weather conditions have been ideal so far. There should be wonderful crops in the district and berries of all kinds promise to be plentiful. Cutworms are making their appearance in certain parts.

GOV'T WINS DIVISION

Tariff Board Members to Be Appointed For Ten Years

OTTAWA, July 8:—The House of Commons yesterday in committee defeated a Liberal amendment to the Tariff Board Bill that would have eliminated the provision that members of the board be appointed for ten years and would have substituted that they be appointed "during pleasure." The vote was 68 to 44.

BOY BURNS TO DEATH

Five-Year Old Clarence Johnson Dead as Result of Playing With Matches

SEATTLE, July 8:—Five-year old Clarence Johnson was burned to death here yesterday as a result of playing with matches while in his night clothes. His frantic mother was seriously burned in the attempt to save the life of her son.

USE OF BRITISH PICTURES TO BE MADE COMPULSORY

VICTORIA, July 8:—It was officially indicated here yesterday that the British Columbia government is considering and will probably introduce a quota system by which all theatres in the province will have to show a certain percentage of British pictures.

VOTE ON MONDAY

Electors of Seattle to Decide on Recall Movement

SEATTLE, July 8:—Citizens of Seattle will vote Monday on the question as to whether or not Mayor Frank Edwards is to be recalled. If the poll goes against the mayor, he will be compelled to relinquish office almost immediately and election will be called to choose his successor. If the recall movement should fail at the polls, however, the mayor would continue to the end of his statutory term in June, 1932.

OFFICERS INSTALLED

Oddfellows Had Pleasant Ceremony Last Night Followed by Social and Presentation

Last night at the Metropole Hall, installation of officers of the local Oddfellows' Lodge was conducted by J. E. Boddie, district deputy grand master. The following were the officers installed:
Noble Grand, Norman Moorehouse.
Vice Grand, S. L. Peachy.
Recording Secretary, S. V. Cox.
Financial Secretary, Albert E. Wood.
Treasurer, S. N. Boyle.
Subordinate officers were also installed.

After the installation ceremonies, the members retired to the adjoining room where refreshments were served. These were donated by Mrs. S. V. Cox. After full justice had been done to the refreshments, the District Deputy Grand Master presented S. V. Cox with a 25-year jewel, marking 25 years of continuous and active membership. Mr. Cox replied suitably in a well-chosen speech and was loudly applauded. Mr. Boddie, J. W. McKinley and A. R. Phillips also spoke.

Before the close of the gathering, a hearty vote of thanks was tendered Mrs. Cox for the manner in which she had prepared the refreshments. The proceedings closed with the singing of "God Save the King."

PEACE LINE MUST WAIT

Bennett May Be Willing But Beatty Is Said to Be Opposed

OTTAWA, July 8:—Premier R. B. Bennett's declaration of intention to settle both unemployment and crop shortage crises by drastic means, including, possibly, invocation of the "national emergency" clause of the B. N. A. Act, led British Columbia members to infer that the Peace River railway project might be launched this year.

But the unanimous expression of opinion in the corridors among those closest to the government and the railway heads, is that the project has no chance, notwithstanding its obvious advantages in meeting the present situation.

President E. W. Beatty of the C. P. R. and Sir Henry Thornton, president of the C. N. R., are unquestionably against action this year. Mr. Beatty has great influence over the Prime Minister, and, although the latter would probably like to carry out his election promise, as was shown by his national emergency pronouncement, the pressure against the Peace River is too strong for him.

Further Peace River conferences are to be held, but Hon. R. J. Manion, minister of railways, holds out no hope of a solution this year. It may be some time yet before even the details of the government's emergency measure for handling the unemployment and crop shortage situations are made public.

Nephew of Local Man Killed While Playing Baseball

While playing with the Courtenay baseball team against a team from Union Bay in the Dominion Day celebration at Courtenay last week, Frederick Stephens, son of M. F. Stephens, well known Courtenay business man, and nephew of M. M. Stephens of this city, was struck over the heart by a fly ball and died almost immediately. Death was believed to have been due to paralysis of the heart.

Stephens was struck by the ball after he had misjudged a long fly while playing in left field. He fielded the ball, staggered a few paces, collapsed and was dead a few minutes later.

A brother of the unfortunate youth, Harry, was in Prince Rupert during the construction of the elevator here.

Mack Sennett Coming Here

Bathing Beach King on Cruise of British Columbia Coast

The palatial Los Angeles yacht Melodie, with its owner, Mack Sennett, noted moving picture producer on board, may be here soon in the course of a cruise to Northern British Columbia waters, where its owner will engage in sport fishing. The Melodie left Vancouver toward the end of last week for north coast waters.

On the Melodie is being carried a \$10,000 moving picture outfit with which the silver-haired bathing beauty king, incidentally a Canadian by birth, hopes to get a sufficient number of shots during his five-weeks cruise to make a picture for continent-wide distribution.

COMPANY GOES UP

Home Savings & Loan Co. in Difficulties Following Arrest of Official

SEATTLE, July 8:—Following the arrest of its vice-president on charges of embezzlement up to \$1,000,000, it is expected that the Home Savings & Loan Co. of this city will take steps at once to go into voluntary liquidation. The affairs of the concern are, meantime, being turned over to the savings and loan inspection department.

Another Party From Vancouver Seeking Gold

On their way to the placer discovery on Rainbow Creek, Nation River, three Vancouver men, T. J. Winram, R. H. Chambers and A. Eric Johnson, left Vancouver recently prepared to spend the summer in exploration and development of their claims.

Mr. Chris Allen, a member of the original party which located the claims, will join the party at Fort St. James, ninety miles from Rainbow Creek, to accompany the members on their trip.

WEATHER REPORT

Dead Tree Point—Part cloudy, calm, barometer, 30.16; temperature, 58; sea smooth.

Triple Island—Part cloudy, light westerly wind, sea smooth.

Langara—Part cloudy, light southerly wind, sea calm.

BIRTH NOTICE

A son was born to Mr. and Mrs. W. B. Cook, nee Ina Wood, in the Prince Rupert General Hospital Saturday, July 4. Both well.

CARD OF THANKS

George McIlmoyle wishes to thank his many friends for their kind expressions of sympathy in his recent bereavement.

F. Dalby, Fifth Avenue East, returned to the city on this afternoon's train from a holiday trip in the course of which he visited Vancouver, Victoria and Edmonton.

BEAUTIFUL CITY

"I'm afraid you people who live here do not realize how beautiful your city is," remarked a visitor, within the past few days. He spent a few hours in the city walking around looking at the gardens and admiring the scenery. "This harbor view is simply wonderful," he continued, and he could not say enough of the scenery, the cleanliness of the town, and the fine walks to be had.

What this visitor said has been said by hundreds of others, yet many of us cannot realize that we have a civic asset in our beautiful surroundings. There was a time when the stumps were an eyesore but these have almost disappeared from view, hidden by the young trees that have sprung up without any effort of the residents. Nature does the afforestation on this coast and Prince Rupert is a wonderful example of it. Nature makes the surroundings beautiful and it is up to the residents to do the rest.

LOCAL MAN'S SUCCESS

Reid McLennan, son of Mr. and Mrs. J. C. McLennan of this city, is now a full-fledged lawyer. He has been formally received by the benchers at Victoria and is entitled to practice his chosen profession anywhere in British Columbia.

We congratulate Mr. McLennan on his success. Prince Rupert people will join us we know, for Reid is a local boy, educated in the local schools and has grown up among us. We predict that he will be heard from in the public life of the province before many years have passed.

PAT BURNS, SENATOR

Pat Burns has been appointed a senator, so the country is safe. Mr. Burns is a man who has helped develop the west and incidentally has made a lot of money for himself. No man would spend his life in business as he has done, just for the fun of it. There had to be a stimulus and that was found in the making of profits. If there were no profits, there would be no butchers. In that it differs from journalism where everyone is supposed to work just for the love of working.

Mr. Burns is not only head of the P. Burns business throughout the west. He is a farmer. He has a large ranch south of Calgary where he spends considerable of his time. Thus in going to the Senate he carries with him an expert knowledge of at least two honorable callings. He is a born trader and understands finance. He had to have some understanding of it when he sold out his packing and store business for fifteen million dollars.

Mr. Burns is today about 75 years of age. Of Irish parentage, he came to the prairies from Ontario when a very young man, arriving without a dollar. He worked hard, used his head as much as his hands, farmed, traded, planned, built up a business. He still has enthusiasm and if he can stir up the old men of the so-called Upper House at Ottawa he will have performed a more difficult task than any he has undertaken in the past. However, we feel sure that he will not undertake the work. He will probably join Sir George E. Foster and the other ex-politicians in dreaming away the time and playing at lawmaking while the Commons do the real work of the country.

Earl of Sefton, overcome by hot weather after run with Duke of Rutlands' hounds at Howell Mouth, dismounts, sits down, removes hat and gets ready to enjoy a smoke.

What a Break for the Navy

What a break for the U.S. navy! Miss Marian Wells, Chevy Chase Md., kisses and pins on epaulettes of Ensign Clarence L. Gasterland at commencement exercises of 1931 class at Annapolis Naval Academy

NEWS OF THE MINES
AROUND PRINCE RUPERT

Rainbow Creek Placer Field Looking Good—Prospecting in Liard River District—Black Sand Gold Extraction Process

A. K. Money, back in Vancouver for medical attention to his foot which was injured, stated that he was well satisfied with prospects on Rainbow Creek where a party headed by Mr. Money has staked several claims. George Enell, the original discoverer on Rainbow Creek, is cleaning up two ounces daily by rocker, according to Money. The creek has been staked for 20 miles and many bench claims have also been located. The Money party has not yet done sufficient prospecting to give an authoritative opinion on the district but feels satisfied that the venture is worthwhile. John H. McMillan, returning to Vanderhoof recently after spending some time on Rainbow Creek, expressed the opinion that it was a good paying proposition as much coarse gold had been found. The Rainbow Creek region is said to be the most active placer field in the province today. It is attracting widespread attention.

W. Baynum, pioneer prospector of the Lead River district, is highly enthusiastic about the mineral wealth of that country. He says there are just two things keeping the district from being one of the famed mining camps of the world—transportation and lack of men. Baynum is interested in a group of claims close to the Cole River, 30 or 40 miles from Porcupine bar on the Liard River. He believes he has found the channel and is trying to cut the formation in order to reach bedrock. If all goes well, he may reach the bedrock within two years. Baynum has been in the Liard River district since 1898. He has been visiting in Wrangell recently.

Gold Savers Ltd. of Vancouver announces that it has completed arrangements to receive and treat black sand concentrates and free milling ore for recovery of values by its Lorentsen Centrifugal Force Amalgamator. The machine, the company states, has already been exhaustively tried out with remarkable results as to efficiency on the beach sands of Graham Island. For the benefit of parties unable to witness that operation and as a convenience for those not yet prepared to purchase a machine for their own use, the company has decided to inaugurate this service in the hope that it will be of direct benefit to small operators and those having problems in fine gold concentrates. The device in which the principle of centrifugal force is applied consists of a bowl mounted in a casing. The bowl rotates at any desired speed. In the operation of the machine, mercury is placed in the bottom of the bowl. When the bowl is rotated, the mercury is caused to flow upward on the inner wall by centrifugal force until it forms a lining on the inside of the bowl. The auriferous and platiniferous sands are then fed into the feed pipe with water. A centrifugal pump especially devised, delivers the pulp from the bottom of the bowl in such a way that the angular velocity of the pulp exceeds that of the bowl. This facilitates an even distribution of the pulp on the surface of the quick silver and a greater accentuation of the pulp to that of the quick silver. Attached to the feed pipe of the centrifugal pump are four arms which are so constructed that they revolve with the pump and at the same rate of speed. To these arms are attached

flexible devices which, as the machine revolves, throw out blades which travel parallel with the mercury wall and in close proximity to same, thus performing the function of agitation for the materials as they travel upwards towards the top of the bowl. As soon as the gold and platinum-bearing material is subjected to the action of centrifugal force, a separation takes place, the heavy particles (gold, etc.) moving to the outside, that is, they penetrate the quick silver and are held against the wall of the bowl. Clean gold will, of course, be quickly amalgamated while dusty or greasy gold and platinum will be held against the wall until the machine is brought to rest. The sand or other material of less specific gravity than quick silver will pass over the surface and out over the top of the bowl. The remainder of the process is merely to scoop out or run off the quick silver when the machine is brought to rest, strain it in the customary manner and retort the balance. A machine capable of handling a yard of concentrates or two or three tons of milling ore per hour will require about fifty gallons of water per minute. This will also be sufficient for the removal of the tailings. Where it is desirable that the water be conserved, it could, of course, be circulated, in which case some other method would need to be adopted for the removal of tailings.

Insurance Carried On Library Books

Coverage is at Present \$4,500, Board Learns

At the meeting of the library board last night, the librarian reported that the insurance carried at present was \$4,500 on books and \$250 on the fixtures. The books would be worth double the amount of the insurance carried.

Owing to the stringency it was decided not to increase the insurance at present but to recommend an increase to the incoming board for next year.

C.N.R. steamer Prince Henry, Capt. H. E. Neddén, arrived in port at 6:30 this morning from her regular weekly voyage to Skagway and other Alaskan points and sailed at 9:30 a.m. for Vancouver.

Aubrey Jackson, charged with theft of money, appeared again before Magistrate McClymont in city police court this morning and was remanded until tomorrow morning when the trial will proceed.

C.N.R. steamer Prince Rupert, Capt. D. Donald, arrived in port at 11 o'clock this morning from Vancouver, Powell River and Ocean Falls and sailed at 3 o'clock this afternoon for Skagway and other Alaskan points, whence she will return here southbound next Monday.

Indicative of the general interest that is being taken in the new Rainbow Creek placer gold discoveries in the Omineca district, there are two special articles on the subject in the magazine section of the Vancouver Sunday Province. One article is by T. J. Winram and the other by Eric Johnson.

A special article by T. A. Larsen in the magazine section of the Vancouver Sunday Province entitled "Sons of Vikings Have Thrown in Their Lot for Good or Ill With Western Canada," is accompanied by pictures of a number of prominent Scandinavian citizens, who have made good in this country. Among the pictures is one of Olof Hanson, M.P., for Skeena.

There were 177 passengers on board the steamer Prince Rupert on her arrival this morning from Vancouver enroute to Skagway and other Alaska points. Round trip tourists totalled 115, the most of the balance being tourists disembarking here to proceed east by train. Special tour parties on the steamer include a Northwestern-Alaska party of fifteen persons from Chicago and a Sierra Club of California group of twenty. Both parties are making the round trip to Alaska.

Good Health Means Much

Your child's appearance, his conduct, his success in life, depend largely on his health. And his health depends largely upon his being kept free from constipation and the illnesses which result from it.

Baby's Own Tablets are a safe, mild laxative. If your child has a cold or coated tongue, or if he is cross and listless, with no appetite, give him Baby's Own Tablets. 25c a package at any druggist's.

AWARD IN MINE SUIT

Baron Quickstad Wins Action from Stewart Mining Men

VICTORIA, July 8—Baron Harry Quickstad, Seattle mining man was awarded \$10,000 general and special damages in a judgment handed down here by Mr. Justice D. A. McDonald, in the Supreme Court of B.C., against John McNeill and James Connors, owners of a group of mineral claims in the Cassiar Mining District.

Baron Quickstad sought \$50,000 damages against McNeill and Connors for breach of contract involving the sale of 11 mineral claims in the Portland Canal district, known as the Red Top Mine.

The Baron secured an option on the claims for \$250,000, for which a cash payment of \$1,000 was made.

A payment of \$10,000 was to have been made to McNeill and Connors, but was not made at that time.

J. F. Duthie, wealthy mining man of Seattle, became interested in the claims and advanced \$10,000 to Quickstad to make the payment.

Ordered Off Property

When Quickstad and Duthie went to the Red Top to examine the claims they were ordered off the property.

Duthie had arranged, according to the evidence submitted at the trial, to pay the amount into the Dexter-Horton Bank at Seattle, which was done with instructions to forward the amount to McNeill and Connors.

Some delay was occasioned in transferring the amount and when Duthie and Quickstad arrived at Stewart, B.C., McNeill refused to believe that payment had been made.

Duthie wrote a cheque on the back of a telegram form for \$10,000.

This was also refused.

Duthie ordered the bank in Seattle to stop payment.

PROVINCE EXPLAINS

Replies to Letter Written By Local Resident

A Prince Rupert correspondent takes The Province sadly to task because in its list of roads that are waiting to be built and that might be built by relief work, it did not suggest filling in the gap between Prince Rupert and Hazelton, says the Vancouver Province editorially. At the same time, another correspondent feels that too many mountain roads were mentioned.

The gap east of Prince Rupert needs filling in, of course, as do the gaps west of Jasper and north of Vlova and on both sides of McBride, and between Prince George and Grand Prairie and east of Bella Coola and across the Hope Mountains and between Squamish and Lillooet. And there are probably a good many gaps in British Columbia that could be bridged with highways advantageously and profitably. The Province mentioned some of the projects that could be undertaken. It did not pretend to give a complete list.

There is one great difficulty with road building in British Columbia, and that is that so much of it must be done through the mountains. A good deal of the easy work has been done. The difficult is still to do. But work in the mountains, the higher mountains, at any rate, can not be carried on successfully in the winter. All the more reason, then, for organizing our relief work now, and getting it under way while there is still summer weather.

Two Teachers Resign From High School

Miss Jessie Grace Lawrence and Charles Fordyce-Clark have resigned from the teaching staff of the Prince Rupert High School. These are the only resignations so far this summer from the local teaching staffs except that of Miss Olive McArthur, principal of Seal Cove School, which was announced some time ago, and Miss Norah Rivett, who is to be married.

Man in the Moon

How terrible it must be to be a pessimist. It's something like the people who enjoy poor health all the time. They are never happy unless they are sick. And if they are not sick themselves they are making somebody else sick.

It was at Terrace, I think, where the census enumerator called upon a resident and found the husband Liberal, the wife Conservative, the cow dry and the baby wet.

Time was when men told stories of the wonderful fish they caught and the much more wonderful big ones that got away. Today in Prince Rupert members of the Flower Society are telling of the huge roses, the giant pansies, the exquisite begonias or the tremendous sweet peas they raise.

The other day I heard of a girl who was so attractive she was hit by lightning.

Jake says he understands that things are picking up in town. He saw a tourist buy a pound of bananas.

Orator—We must improve the status quo.

Voice—What be the status quo, mister?

Orator—That's Latin for the mess we are in.

According to a Vancouver speaker Vancouver is the face of the province while the interior country is the button on top of the cap, while all the time we thought we were the brains.

Made from the fresh Milk of B.C. Cows

NO WONDER that Borden's St. Charles Milk is so good—every drop comes from selected herds of cows pastured in the famous Fraser Valley, and every tin you buy helps to support a B.C. industry.

You can use Borden's St. Charles Milk whenever a recipe calls for milk, and you will find that it adds a new delicious flavour to your cooking, and a welcome richness to coffee.

EPIDEMIC IN NORTH

Scarlet Fever Hits Large Village In Bristol Bay District of Alaska

JUNEAU, July 8:—An epidemic of scarlet fever that threatens to sweep the entire village is raging at Kanakanak, in the western Bristol Bay district, according to advices received at local headquarters of the Alaska branch of the Bureau of Indian Affairs from Dr. W. A. Borland, physician in charge of the government hospital there.

Kanakanak is the site of an industrial school of the Indian bureau and has a large Indian population. Dr. Borland wired he had 43 patients in the hospital and 10 additional suspects under quarantine. He ordered a supply of scarlet fever serum to be sent at once. This was ordered from Seattle and will come north on the first available boat.

Report Very Interesting

Annual Document Published By Mines Department Has Come to Hand

The annual report of the provincial minister of mines has just made its appearance and is, as usual, proving a document of much interest to all and sundry who are concerned in the mining industry.

As usual, the districts of Northern and Central British Columbia receive their full share of attention. The reports of Dr. Joseph T. Mandy and Douglas Lay, resident engineers here and at Hazelton respectively, are most complete. There are also a number of interesting scenes of mining country and operation in the districts tributary to Prince Rupert.

LEGION WINNER

Defeated Regiment 3 to 1 in Open Football League Game

Were Full Value

Jack of Legion Was Star of the Match

The Canadian Legion recorded another win over the Regiment last evening in the first game of the Mobley Cup league by three goals to one.

The Regiment had the better of the play in the first half with the ball in their favor but Smith saved well from Wilson. Kelsey defended well and Watson kept his forwards well supplied with the ball. Thurber missed and Baptie went close. Following a corner-kick, Baptie scored with a simple shot with the Regiment defence napping. Then from a pass from Wilson, Thurber equalized while the Legion defence claimed offside. Baptie again got away but the ball was luckily cleared, Kelsey clearing on the goal line. Watson had hard lines with a drive that was just too high and later from a corner, Norrington crossed a dangerous one and then Wingham missed an open goal from Wilson's centre. W. Murray threw away a chance from Baptie's long pass and half-time came with the teams level.

The second half began the Regiment defence unable to get the ball away. Regiment inside forwards were weak and failed to get away. Laidler saved but was later beaten by a great drive from Baptie. Norrington got away but Wilson fouled his centre. Legion were attacking and J. Murray was clever. Thurber stopped Baptie and then J. Murray scored with a fine long drive. Laidler stopped a fine corner under the bar from Bussanich. Baptie got the ball in the net but had pulled it down with his hand so no goal was scored. Smith saved from Fong. Edgecumbe was prominent with fine tackling and then Kelsey went off hurt. DeJong stopped Baptie and W. Murray scored an offside goal. Play was rather ragged but the Regiment could not make much headway and the final whistle came with the Legion holding their lead and winning three goals to one.

TEAMS

Legion—Smith; Skinner, Jack, W. Murray, Hadden, Woodside, Murray, J. Murray, Baptie, Campbell, Bussanich.

Regiment—Laidler; Kelsey, Thurber; Edgecumbe, Watson, DeJong, Wilson, Fong, Tinker, Wingham, Norrington.

Referee—E. Webster.
Linesmen—P. Doherty, W. Rance.

Comments on Game

The Legion was full value for its win, but the Regiment is very poorly off for a centre forward and effective inside men. Smith kept a good goal and Skinner and Jack defended well. Jack has been playing a fine game all season and must be considered a strong candidate for the representative games against the Dragon when the boat visits Prince Rupert in August. Hadden was the pick of the halves. Forward Baptie was always quick to get away and swing the ball to his wing men. Campbell was good too, and J. Murray still inclined to waste time with useless fancy work. Bussanich took some dangerous corners.

Laidler was slow in the Regiment goal though he had no chance with the goals. He seemed to do a lot of unnecessary diving. Thurber was not so good as usual. Kelsey was good in the first half but still hangs on too long. Watson was good with Edgecumbe turning in a sterling game. DeJong was good but towards the end was weak. Of the forwards Wilson was the pick though missing a couple of chances in the second half. Norrington on the opposite wing was always dangerous. Tinker took his chance at goal well though he was apparently offside. Wingham and Fong were not up to their usual standard.

BASEBALL

Baseball game tonight, Elks vs. Sons of Canada.

SPORT NEWS

Following the interruption in baseball activities owing to the series at Ketchikan over the week-end, Sons of Canada and Elks will play tonight in a regular league fixture. The pennant race has been considerably tightened up as a result of the last couple of games and if the Lodgemen can win tonight there will be the possibility of a three-way tie for first half honors. Providing the Sons of Canada win, however, the Elks will be out of luck as far as this half is concerned, while the best Old Empress could do then would be to tie with the Native Sons for the leadership. The game tonight, therefore, should be a hotly contested one, with both teams out to better themselves.

Anyone interested in softball will have a treat in tonight's play-off game between the Station and the Offices for the Alonzo Haines Trophy. This cup was won last year by

the Dock team. Both the Station and the Offices are very keen to take the cup for the next year, and as both teams are playing good ball this season, the game should be a battle till the end.

Fitted with the regulation size goal-posts, the new playground at Anyox Mine is already working overtime. In addition to football, the ground is also being used to practice running and other sports. A five-hole golf course at the Mine is also being planned.

Mine, Celts and Smelter are the three teams staging an interesting football season at Anyox this summer. In one game recently, the Mine defeated Celts by a score of one to nil while, in another, Celts and Smelter played to a one-all draw. Soccer, as usual, going strong in the smelter town this season.

Wins Women's Golf Trophy

Miss Helen Hicks (left), long hitting Long Island girl, won Metropolitan Women's Golf championship at Montclair, N.J., by defeating Miss Marion Fisher, 6 and 5. Mrs. Frederick B. Ryan, vice-president of Metropolitan Women's Golf Association, is shown presenting the cup.

SPORTS FOR FALL FAIR

Proposal Made to Hang Up Purse For Competition Among Home and Visiting Teams

The sports and attractions committee of the fair board met last night, W. H. Tobey presiding, and discussed the amount likely to be required in this department of the fall fair this year. One attraction has already been secured and the secretary is in communication with others, a decision on which will be made soon.

The question of arranging for the visit of a baseball team from the Bulkley Valley was discussed and it was decided to confer with the baseball association in regard to it.

One suggestion made was that a purse be offered as a prize to the winning team in a series of games to be played during fair week, one of the teams possibly to include a visiting team from the interior, the expenses of which might be paid for the visit.

The whole matter will be canvassed with the local baseball players with a view to arranging a series that would be attractive to the fair and would at the same time prove interesting to the players.

It was also decided to try to arrange for football games during the same week.

IS THROUGH WITH RING

Jack Dempsey Has No Intention of Meeting Max Schmeling

RENO, July 3.—Jack Dempsey, former world's heavyweight champion, will not try himself to bring the crown back to the United States. Asked here yesterday if he would meet Max Schmeling, the German titleholder, he again gave assurance that he would never return to the ring.

CUBS TAKE TWO GAMES

Regain Third Place in National League From Brooklyn Robins

CHICAGO, July 3.—The Chicago Cubs, by winning a double-header yesterday from the league leaders, St. Louis Cardinals, went back into third place in the National League but only with a mathematical advantage over the Brooklyn Robins who defeated the Phillies.

The Philadelphia Athletics increased their lead to five and a half games by defeating the second place Washington Senators. Yesterday's scores:

National League
Brooklyn 5, Philadelphia 1.
St. Louis 2-3, Chicago 14-6.
American League
Philadelphia 7, Washington 3.
Chicago 10, St. Louis 8.

Baseball Standings

ROUND HOUSE WAS WINNER

Won Softball From R. C. N. V. R. By Score of 9-4 Last Night

In the Canadian National Recreation Association Softball League game last night, the Round House defeated the R. C. N. V. R. by a score of 9-4.

Although both teams played good ball, the Navy boys showed a little lack of practice and should improve as the season goes on. However, they gave the Round House a good run for their money.

Batteries were Boulter and Skatetbol for the Round House. Pitcher and MacFie for the R. C. N. V. R. League standing to date:

	W.	L.	P.
Station	1	0	1
Round House	1	0	1
Biological Station	0	1	0
R. C. N. V. R.	0	1	0

The next game will be the play-off tonight for the Haines Trophy, and the next league game will be on Friday night between the Biological Station and the Round House.

Canadian grown wheat has won the championship at Chicago 15 out of 19 times—the world's record for quality

The RECORD SPEAKS FOR ITSELF

Quality tells, in a cigarette as well as in wheat. In fact, the record established and maintained by Turret Cigarettes has been made by quality alone. Their mildness and fragrance—and the satisfaction they give to smokers—are the natural results of the quality of the tobaccos used in their manufacture.

After all, nothing can replace good, honest tobacco grown and ripened right out in the field under nature's own sunlight—nothing artificial about that—and the high quality is "inbred."

Take The DAILY NEWS with you When Going on Summer Holidays

Nearly everybody likes to keep in touch with Prince Rupert when away for their holidays. The best way to do this is to order the paper sent during that time. If it is only for two weeks, the News is a welcome visitor and the mails during the summer months are carried almost daily to most points.

Recently a number of Scandinavians have given up the local fishing for the summer and gone on an extended visit to their former homes. In almost every case they order the Daily News sent them while they are away. Several subscribed for a year, others for shorter periods.

No time is too short for us to look after our patrons.
