Premier Tolmie Urges Service Through Northern B.C. Instead Of By Way of Mackenzie River

Has Opened Negotiations With Ottawa and Washington to This End—Would Be Better Way Both With Land and Water Machines

VICTORIA, Jan. 24.—Efforts are being made by Premier S. F. Tolmie to have the proposed international air mail route from United States via Winnipeg and Western Canada to Alaska and eventually to Russia and the Orient laid through British Columbia instead of, as suggested, to the mouth of the Mackenzie River and along the northern fringe of the continent to Alaska.

Premier Tolmie has opened negotiations with Ottawa and Washington recommending that the air route cross from Edmonton to British Columbia along the route of Prince George-Hazelton road or northwest from Prince George to Telegraph Creek and thence to Atlin and Dawson whence the route would be to Alaskan centres.

The Premier says that not only would it be possible for pontoon-equipped machines to land along the route but no great difficulty would be experienced in the development of landing fields.

BELFAST, IRELAND, January 24.—If Kaye Don succeeds in his effort to drive the speedboat Miss England II, up to 150 miles an hour on Lough Neagh near here, he will ship the speedboat to Detroit to enter it in the international races there. The Miss England will also participate in the races at the British Trade Exposition at Buenos Aires in March.

Jap Parliament Stormy Session

Question of Exclusion From United States Caused Disorders Yesterday

TOKIO, January 24.—The question of Japanese exclusion from the United States resulted in stormy scenes in the Japanese parliament yesterday. The foreign minister, when he attempted to speak, was shouted down and there were other disorders.

PROMISES TO PUSH FORWARD ROAD WORK

Addressing the council of the Chamber of Commerce this afternoon at a luncheon given in his honor, Hon. R. W. Bruhn, minister of public works, said the government of the province realized the local road situation and would push the work through to the Skeena River and from Terrace westward just as rapidly as finance would permit. B. J. Mellish, president of the Chamber of Commerce, presided at the luncheon.

PILOT VANDER BYL IN CITY TODAY

Does Not Expect to Have Much Difficulty in Salvaging Plane of Late Capt. Burke

As R. I. Van Der Byl, who is going north to salvage the plane of the late Capt. E. J. A. Burke, stepped off the steamer Princess Norah here at noon today, the first thing he did was call for a taxi of the local firm which he established in the days before the Great War. It was the first time Pilot Van Der Byl had been here since before the War in which he served with distinction, having led one of the early contingents away from Prince Rupert. Naturally, he was very interested to note changes and improvements which had been made in the city since then.

Speaking of the proposed salvage from the upper Liard River of the Burke plane, Mr. Van Der Byl expressed the opinion that it should not be a very difficult or lengthy job. The machine will be cut off the pontoons and skis installed. After the engine has been given such overhaul as may be necessary, the ship will be flown out to Atlin. The machine is a Junkers monoplane, owned and operated by the Air Land Manufacturing Co.

Accompanying Pilot Van Der Byl north is Pilot W. A. Joerss who will assist in the salvage of the stranded plane. Joerss, it will be remembered, was the pilot of another Junkers plane which had to be flown out from Thutade Lake last fall when it nearly became frozen in while going north on the Burke rescue. Van Der Byl was one of the two men who was left behind.

Van Der Byl and Joerss will be met by an Edmonton plane at Skagway and flown from there to the Liard River.

INDIANS RAMPAGE

Two Wounded at Kitwanoon and One Under Arrest—Witchcraft Cause

Two Indians are wounded and a third is being held on an open charge following a shooting affair at the Kitwanoon Indian Reserve near Hazelton about January 10, provincial police headquarters are advised.

Samuel Douse is being held on a charge of inflicting bodily harm in connection with the wounding of George Samper and Silas Brown. Samper had to have an arm amputated as a result of the injuries he received when shot allegedly by Douse and is still in a critical state.

The primeval of witchcraft practice is said to have entered into the disorder.

Would Expel Commissioners

United States Senate Hurls Another Challenge at President Hoover in Connection With Water Power

WASHINGTON, D.C., Jan. 24.—The Senate hurled another challenge at President Hoover yesterday on the power question when it decided by a vote of 45 to 32 to take preliminary steps by court action to bring about the expulsion of three new water power commissioners recently appointed by the President. The matter will go first to the judicial committee of the Senate.

The President has the prerogative, if he so wishes, to expel the commissioners himself.

BURNS DAY OBSERVED

Banquet to Honor Birth of Scotland's Great Poet Held Last Night in Presbyterian Church

The celebration of the birthday of Robert Burns, famed Scottish poet, which was formerly conducted by the St. Andrew's Society here, was revived by the Ladies' Aid of First Presbyterian Church last evening when a banquet to mark the occasion was held in the church hall. There were fully 125 persons in attendance and the proceedings proved both interesting and enjoyable.

Full justice was done to a fine banquet spread provided by the ladies and served by the young ladies of the congregation. In the course of the banquet, which was presided over by J. W. McKinley, the Haggis was piped in by Piper Alex MacDonald and W. M. Brown gave the recitation of Burns' famous poem, Wm. McLeod bore the Haggis into the banquet hall. (continued on page 5)

TURN DOWN SECESSION

United Farmers of Alberta Favor "Perfect Pooling" of Wheat

CALGARY, Jan. 24.—One hundred per cent pooling of wheat was favored yesterday by the United Farmers of Alberta when the annual convention by a large majority favored the Saskatchewan plan of "perfect pooling."

The proposal for economic secession of the prairie provinces from the rest of Canada was turned down by an overwhelming vote.

The convention favored pegging of wheat at 70c per bushel by the Dominion government.

SECRETARY CONVICTED

LOS ANGELES, Jan. 24.—A verdict convicting Daisy Devoe of stealing from the bank account of Clara Bow during the 18 months she lived with the "It" girl of the screen was returned at 3:42 yesterday afternoon by a jury of seven men and five women.

The verdict was written on only one of 35 counts of grand theft charged to the former secretary of the screen star. This involved a check for \$825 written on October 29 last year, two days before Miss Devoe was discharged. It was used for the purchase of a fur coat.

On all other counts of the indictment, Miss Devoe was found not guilty.

Miss Devoe will be sentenced on Monday.

Two Weeks' Search Absolutely Fails in Finding Any Further Sign of Missing Renahan Plane

Reporting absolutely no success in his search of the last two weeks out of Ketchikan for wreckage or bodies from the plane of Pilot Robin Renahan which is presumed to have struck the water and sunk on the evening of October 28 last while going north to join the search for the party of the late Capt. E. J. A. Burke, Pilot Ansel Eckmann of Seattle arrived here Friday afternoon to confer with headquarters of the provincial police regarding continuation of the search. Pilot Eckmann suggested that a couple of days more might be spent, more particularly investigating the neighborhood of oil spots which have been seen off Point Davison on the southern tip of Annette Island near where Renahan is believed to have met with disaster. If within the next day or so, no further trace has been found, the aerial search, at least, will be called off, it was agreed.

Rough weather has greatly hampered the search during the past few days, Pilot Eckmann stated. It was often impossible to land with the plane at points where clues might have been available. Several boats have also been co-operating in the search but they, too, have failed to find anything.

Pilot Eckmann was to leave this morning, weather permitting, for Ketchikan to resume the search. Mrs. Renahan, after spending more than a week at Ketchikan, left today aboard the American motorship Northland for her home in Vancouver where she should arrive within the next couple of days. Admitting that her husband perished in the crash of the plane, she has consented to the search being abandoned.

Coming in with Pilot Eckmann yesterday afternoon were Frank Wadman, his mechanic, and Capt. Steve Selig, well known fisherman, who has been assisting in the search. Capt. Selig is of the opinion that wreckage of the lost plane will eventually be found, probably within the next few months.

REMOVAL OF TOTEM POLES FROM HERE ENQUIRY SUBJECT

VICTORIA, Jan. 24.—Acting on representations from Premier Tolmie of British Columbia, the Dominion government yesterday ordered an investigation into the removal of a carload of totem poles shipped from Prince Rupert for a United States museum. The car will not be allowed out of Canada pending the enquiry.

Relief Fish Was Quickly Disposed Of On Thursday

Fifty-five 14-pound cases of frozen pink salmon donated by the Bacon Fisheries to the Salvation Army for relief purposes were disposed of within two hours of the starting of the distribution on Thursday afternoon. It is reported by Commandant William Kerr, several needy families received of the timely food as well as unemployed men who are spending the winter in shacks here.

New Turnover Levy Is To Be Imposed; Income Assessment Untouched

Removal of Exemptions Under Sales Tax Also Being Considered, Says Ottawa Dispatch to Montreal Paper

MONTREAL, Jan. 24.—The Gazette publishes the following in the form of a dispatch from Ottawa: "A two per cent turnover tax is to be imposed on manufacturers and wholesale dealers only, no increase in the income tax, abolition of a number of exemptions under the sales tax and relatively few tariff changes are believed to be the principal fiscal proposals to be submitted by Premier R. B. Bennett, as minister of finance, at the forthcoming session of Parliament."

"It has been known for some time that, unless the government decided to engage in heavy borrowing, the treasury, with declining revenues and rapidly mounting expenditures, would have no escape from onerous taxation increases but the policy of the government is understood to be that, with drastic economy and with a carefully imposed tax on business turnover, the need for borrowing will not be great."

The Prince Rupert Pioneers' Association, at a meeting last evening in the City Hall, decided to celebrate the twenty-first anniversary of Prince Rupert's incorporation as a city with a banquet and dance in the Moose Hall on March 10. It is hoped that the pioneers' celebration this year will be an outstanding affair. The year 1931, in addition to the occasion of Prince Rupert becoming a city and a corporate municipality, also marks the Diamond Jubilee of British Columbia entering Confederation and the twenty-fifth year since a Winnipeg lady was given a prize of \$3,000 by the Grand Trunk Pacific Railway Co. for suggesting the name "Prince Rupert" for the new city and port to be established at the terminus of the Grand Trunk Pacific Railway.

The Pioneers' Association banquet committee will be headed by F. W. Wesch and J. W. McKinley with Mrs. J. E. Jack, Mrs. S. V. Cox, Mrs. Percy Cameron, Mrs. P. W. Anderson and Mrs. J. W. McKinley assisting. P. W. Anderson was appointed chairman of the program committee last night. John Murray chairman of the decoration committee, G. E. Johnstone in charge of the door and A. O. Franks, tickets.

It was suggested at last evening's meeting that the Pioneers' Association might extend the scope of its usefulness by co-operating with the museum board in its activities.

IN THE LETTER BOX

REFUSED CANNERY LICENSE

Editor, Daily News:—
As a matter of municipal and public interest, I should like to draw attention of your readers to the following:

The Northern B. C. Salmon Fishermen's Association, through the medium of their co-operative organizing committee are in the initial stages of forming what should be of considerable interest to this city, to wit, a Fishermen's Co-operative Association.

As a necessary step towards this laudable object, the Commissioner of Fisheries at Victoria, the Hon. S. L. Howe, was approached, to ascertain what would be his government's attitude, in the event of our requiring a license to process fish this season, and it is to be regretted that owing to the policy adopted by the provincial legislature, drafted by the Commissioner, he politely yet firmly, declines to grant us such a license, to process our own product.

To enable the public to fully realize, what we, a large body of industrious citizens are subjected to, I enclose a copy of the letter received from that source. It needs no intelligent party to realize that the suggestion offered by the Honorable gentleman, immediately places a "Gun" in the hands of the suggested vendors, and enables that vendor to "hold up" a large section of this community and we must naturally refuse to be "held up" with the cognizance and complicity of the government.

This is no matter of party politics, but I would like to state that it is just such legislation, which tends towards sheer monopolies, that irritates, and leads to national disorder.

As an association, we must take up the gage of battle, and we ask for the support of all public bodies of this city, to co-operate with us, and would say that we have again appealed to the Commissioner's sense of equity and reason, and if he deems it necessary, to call a meeting of the cabinet, who collectively may be able to see the reasonableness of our demand, and extend to the citizens the rights they are purported to enjoy.

Trusting that this recurrent topic may not become eventually nauseous, and thanking you for your valued space, I remain,

Yours sincerely,

Secretary Northern B.C. Salmon Fishermen's Association.

Minister's Letter

Following is copy of a letter received from the Hon. S. L. Howe, in answer to one informing him that the Northern B.C. Salmon Fishermen's Association were forming a

co-operative association, and would probably require a license to process fish this 1931 season.

Victoria, Jan. 17, 1931.

Dear Mr. Lord:—

Replying to your communication of the 13th instant as you are aware the policy of this government is not to increase the number of cannery licenses until the condition of the industry warrants it. You have already received a list of the plants entitled to receive a license but fearing that you have mislaid it I enclose herewith another copy together with copy of the statement which I made before the House on the second reading of the Fisheries Bill on the 13th March last.

Would it not be possible for you and your associates to make arrangement with some one of these plants in the northern district whereby you would be entitled to obtain a license that a plant already in existence is entitled to? I have already been approached for a license for a cannery at Prince Rupert from other sources and I have made the same suggestion to them.

I am very anxious to meet any reasonable requests, but must maintain our policy as laid down on the second reading of the Bill at the last session of the House.

Yours faithfully,

Sgd. S. L. HOWE,

Commissioner.

Charles Lord Esq.,

Secretary

North. B.C. Salmon Fish. Ass'n.

Prince Rupert, B.C.

GILL NET HERRING

Editor, Daily News:—

The gill-net herring landed here by Mr. Green, fisherman, are of excellent quality. They can be classed with any winter herring on the coast. These herring are 11½ inches long, five inches on the round and one and a quarter inches on the back. They are not fully matured. They can be cured in any way. Should Prince Rupert market this herring, fishermen would gladly adopt the gill-net, and bring in first class herring. This would make a big industry here, and it would help out the unemployed situation in Prince Rupert.

They have been salting and seined herring, which is an inferior herring in many ways compared with the gill-net herring, which is of the best quality and are plentiful winter and summer.

Seined herring are good for bait or fertilizer or China market only. I have good authority for saying this.

Fishermen, curers and others who are interested, should insist that the seined or gill-net herring shipped out of Prince Rupert should

be distinctively marked first, second or third class.

Should Prince Rupert adopt this method of shipping, the gill-net industry will grow and command a good market for our best cured herring.

Encourage the gill-net industry and herring curing in Prince Rupert will flourish.

Thanking you for this space, Editor,

Yours respectfully,

W. SIM,

Porcher Island.

Provincial Constable H. L. McKenney of Terrace, who has been on a trip south on escort duty, arrived in the city on the Princess Mary yesterday afternoon from Vancouver and proceeded to the interior on this morning's train.

Suffered From Heart Trouble Became Weak and Run Down

Mrs. Wm. Dietz, Glensandfield, Ont., writes:—
"For a long period I suffered from heart trouble, and became very weak and run down. I tried various remedies, but they did me no good. One day I met a friend and told her of my trouble. She said she had had heart trouble for two years too, but after using Milburn's Heart and Nerve Pills for a short time she had been relieved of her trouble, so I got two boxes and after taking them I was again feeling fine, and always recommend H. & N. When you spend dollars in your own town the dollars remain for the prosperity of the town, and the materials so purchased aid home enterprise. When you buy out of town, your dollars remain outside.

Prince Rupert, situated as it is five hundred miles from any centre has, as its hope to attain to anything more than a fishing village, the prospect of the Peace River outlet. Our fight for that outlet is with the thriving city to the south of us and yet many prominent men, owing all their success to Prince Rupert, prefer to buy in the south.

These are times when we should get together. Every dollar spent should be in the interests of Prince Rupert.

Albert & McCaffery carry a full line of building materials, and have a large investment in Prince Rupert. Give us consideration before purchasing elsewhere.

QUALITY reflected in its low up-keep cost

You save many dollars in repair bills when you drive the new Ford. It has been built to endure—to stand up under thousands of miles of steady running.

Its economy of operation and up-keep match its speed, safety, comfort and distinctive beauty. In every little detail, you are buying real quality when you buy the new Ford.

PATRIOTISM BEGINS AT HOME -in B.C. it pays cash dividends

By supporting an industry which is all-British Columbian, greater prosperity is assured for this province. When you buy a ton of either Nanaimo-Wellington or Comox Coal, you keep local money in local circulation. In every process through which it passes from the mines to its final delivery to your cellar, the handling of Island Coal insures local employment and remuneration therefor.

From the cash stimulus you give to local business, you yourself benefit because Island Coal gives more heat per dollar than you can get with any other fuel.

Because Nanaimo-Wellington and Comox Coals are the best bituminous coals in the world, it follows that at today's prices, and with even a minimum of care, these fuels will provide as economical a method of heating as is known to modern science.

Any of these Approved Dealers will be glad to prove to you that it pays to be patriotic.

MAHATMA GANDHI TO BE FREED SHORTLY

NEW DELHI, India, Jan. 24:—Within the next 24 hours, Mahatma Gandhi, leader of the Indian nationalists, will be a free man, it is expected. Gandhi was jailed some time ago for eight months as a result of the civil disobedience campaign in India. At the same time as Gandhi is released, it is expected there will be general amnesty for a number of his followers. Such amnesty it was suggested would be given in connection with the agreement at London a few days ago to give India self-government.

BURNS' DAY OBSERVED

(continued from page 1)

The first item on the toast list was that to the King which was observed in the usual manner. The orchestra, consisting of James Watt and John Bremner, violins, and Mrs. James Black, pianist, then gave a selection of Scottish airs.

The toast to the Immortal Memory was responded to with fittingly appropriate remarks by Rev. J. Kennedy, the pastor of the church.

J. A. Teng sang, "The Star of Rabbin Burns," and Mrs. James Waugh, "There Was a Lad." J. McGlashan responded to the toast to "Bonnie Scotland." Mrs. William Miller sang "Afton Water" and John E. Davey "Bonnie Mary of Argyle."

The toast to "Canada" was responded to eloquently by A. M. Manson, K.C., M.L.A. Mr. Manson expressed gratification at the fact that the church had decided to make up the celebration of Burns' birthday. Mayor C. H. Orme was also heard in connection with the response to the toast to Canada.

Mrs. H. N. Brocklesby sang "Ye Banks and Braes o' Bonnie Doon," and Alex Clapperton "Robin Tamson's Smiddy." "Lass O' Mine," was rendered by a quartette consisting of John E. Davey, Mrs. Jas. Waugh, Miss Olive Munro and Alex Clapperton.

The toast to "The Lasses," was responded to by D. C. Stuart.

The program closed with a selection of Old Favorites by the orchestra and the singing of "Auld Lang Syne."

The speeches were excellent and the musical and vocal selections heartily enjoyed. All the latter were encored. Mrs. J. S. Black and Mrs. E. J. Smith were accompanists.

The general supervision of the banquet was in the hands of Mrs. D. C. Stuart, president of the Ladies' Aid. The convener of the banquet committee was Mrs. James Simpson and other ladies who ably assisted were Mrs. J. W. McKinley, Mrs. W. L. Sandison, Mrs. W. D. Christianson, Mrs. Ben Dalgarno, Mrs. J. Watson, Mrs. J. Hadden and Mrs. W. W. C. O'Neill. Servers were Misses Ballinger, Nessie Brown, Betty Eastman, Beulah McKinley, Muriel Vance, E. Finlay, Winnifred Eby, Eileen Osborne and Sheila Stuart.

CHILDREN

CRY FOR IT!

FIVE million modern mothers will tell you that children DO cry for Fletcher's Castoria. For mothers always give a few drops of this pure vegetable preparation when a child has any of the symptoms that tell of sluggish bowels, colic, or other upsets. When tiny tongues are coated and breath is bad. When a child is restless; irritable. Always soothing and comforting to an infant—yet it is effective for children in their teens. You never have to coax children to take Castoria; they love its taste. Be ready for the next case of sour stomach, constipation, or other need for Castoria!

Salmon Treaty Seems Doomed—Hydrographic Boat Contract to Be Let Soon—Spawning Good Last Season

Despite all the efforts that have been put behind it, it seems quite certain now that the Sockeye Salmon Treaty, subject of such long negotiations between Canada and the United States, will not be ratified by the United States Senate. Canada has done her share by accepting and passing the treaty which is designed to conserve the sockeye salmon fisheries of the Fraser River. United States stood to benefit as much if not more than Canada. However, they have chosen to make a political football of the matter at Washington and the treaty, accordingly, seems doomed.

Vancouver labor and business interests are urging that the contract for the proposed new hydrographic survey boat for this coast be let to one of the shipyards of the southern city. The Prince Rupert dry dock is also tendering on this job. The bids have not yet closed. The building of this ship, it is estimated, would mean the employing of between five and six hundred men including many trades such as boilermakers, iron shipbuilders and carpenters. The obtaining of such a contract by the local yard would give a great stimulus to the shipbuilding industry here.

Suing Against Tax

Capt. A. M. Samuelson, well known in Prince Rupert as the owner of the halibut vessel Eclipse, is making a court contest in Seattle against the onerous tax levied on fishing vessels and other small craft frequenting the ports of Washington. Although the Eclipse is registered in Alaska and is only occasionally in Puget Sound, taxes against her for 1929 were levied by the state. Capt. Samuelson refused to pay on the ground of the vessel's Alaska registry and Alaska residence and the state took action to sell the boat while the captain brought suit to avoid payment of the tax, obtaining a court order enjoining the sheriff from making the sale pending trial of the suit which is expected to take place some time in February. The decision in this case may affect the status of a considerable number of vessels registered in Alaska which stop occasionally at Seattle.

With a cannery established as far back as 1882, J. H. Todd & Sons, who operate Inverness cannery in the Skeena Slough near Prince Rupert, can claim to be the pioneer salmon cannery of British Columbia. The label designs and brands which they used when they started business still mark their present day packs. The company operates six canneries at various points on the coast.

Shelf Resigns

The resignation of Shelf Thomson as caretaker at the Prince Rupert Rowing & Yacht Club is generally regretted by the members of that organization who have become so used to his faithful services for many years. That future health and prosperity will be Shelf's lot is the hope of many warm friends. Maybe, some time after he has had a change, he may decide to resume his old duties.

The Trolling Vessel Owners' Association of Washington has completed arrangements to appeal to the Supreme Court of Canada the recent decision of Mr. Justice Archer Martin at Victoria confiscating four American trolling vessels seized off Rose Spit, Graham Island, last summer. If Mr. Justice Martin's decision is upheld by the Canadian Supreme Court, American fishing boats fear they will be without rights or protection on this coast except under those general provisions of international law covering all vessels.

Seattle Owners Elect

Captain Ingvald Hanson, well known in Prince Rupert as owner and master of the halibut schooner Pioneer, has been elected president of the Fishing Vessel Owners' Association at Seattle, succeeding Capt. J. H. Engdahl. Capt. Peter Leiren of the Flamingo has been elected vice-president and Capt. Chris Serwold of the Tordenskjold, secretary-treasurer. Other trustees for the coming year are Capt. U. Pedersen of the Mermala, Capt. P. Jacobsen of the Paragon, Capt. N. B. Hegge of the Republic and Capt. John Iversen of the Zenith.

According to a report by J. A. Motherwell, chief supervisor of fisheries for this coast, there was very satisfactory seeding last year

of all salmon spawning grounds on this coast. The seeding in Massett inlet exceeded all expectations and the streams along the east coast received a good seeding. The supply of both pinks and chums on the islands was very satisfactory. In the Naas River district there was a great improvement in seeding of all varieties and in the Skeena River watershed the season was exceptionally good from a seeding standpoint. Down the coast in the Grenville - Principe, Butedale, Bella Bella, Bella Coola, Rivers Inlet and Smith's Inlet areas the escapement was excellent particularly of sockeye.

American Boats Overhauling

Seattle halibut vessel operators lost no time in getting their boats out of the water for overhauling after the close of the fishing season and in December alone four boats followed the tendency which has been growing in the halibut fleet and installed Goodrich cutless rubber bearings. These boats were the Attu, Capt. P. Pettersen; the Mitkof, Capt. S. Johansen; the Ionic, Capt. C. Erlandsen, and the Grant, Capt. Jack Knudsen.

Damage suffered when the halibut boat Daily, Capt. C. M. Rolle, caught fire following the explosion aboard the Royal is being repaired at the Maritime Boat & Engine Works in Seattle. It proved necessary to rebuild practically the entire port side of the Daily, all planking being renewed from rail to water line, while a new house had to be constructed and all standing gear replaced. The schooner Wizard, commanded by Capt. Ole Jensen, was also badly damaged at the same time, and Capt. O. Christensen's Royal, on which the explosion occurred, was practically a total loss.

Teachers' Ass'n Holds Social

The annual social evening of the Prince Rupert Teachers' Association was held last evening in the Booth Memorial School when a very enjoyable evening was spent by the members and invited guests.

The winners at bridge were Miss Mitchell and Miss Wright in the ladies' section and the gentlemen's prizes were won by A. Halleran and Miss Lamb.

A hat-trimming competition in which each contestant was given a sheet of paper and ten pins was productive of much originality of design and clever workmanship. The judges finally gave the prize for the best lady's hat to Miss Grassie while J. W. Plommer was the winner in the men's section.

Members of the retiring and present board of school trustees were invited guests and J. J. Gillis presented the prizes to the winners of the competitions.

Committees in charge of the refreshments were Miss M. Shiel, Miss Grassie and Miss E. White while Miss Rivett, Miss C. Mitchell, Miss M. Martin and Mr. Gee were the program committee.

ACID after meals

GET RID of your dread of pain after eating. Eat without fear of "indigestion," sour stomach, disagreeable gas or headaches. When your food ferments, "dis-agrees," lies like a lump in your stomach, it's a sign of too much acid. You need not resort to crude methods—take instead an anti-acid that will correct the condition. Phillips' Milk of Magnesia. A spoonful of this pleasant-tasting, soothing fluid neutralizes many times its volume in acid. It restores the proper alkaline balance to an acid-soaked stomach and

bowels—assists these organs to function as they should.

Phillips' Milk of Magnesia is what you need when a bad breath, coated tongue, headaches, nausea or biliousness indicates an over-acid condition. Take a spoonful today and for several days and see how it sweetens the system. You won't be nearly so liable to colds or sickness. All drugstores in the Dominion sell it in 50c bottles.

Genuine Milk of Magnesia is always a liquid—never a tablet. Look for the name Phillips on the bottle.
