Boat Owners, Fish Buyers, Fishermen and City Council Have Get-Together—Will Try to Have Tie-Up

The city council, at a conference last night with representatives of the fishing vessel owners, the fish buyers and the agent of the Deep Sea Fishermen's Union, appointed the mayor as a delegate to act with a committee representing the other interests to try to induce the American fishing vessel owners to agree to a slowing down of fishing operations so as to relieve the market from the present glut and thus improve prices.

CLARK HAS BIG VOTE

Man Charged With Murder Nearly Elected Judge in Los Angeles Yesterday

LOS ANGELES, June 3.—While David Clark, former deputy district attorney, stood charged with the murder two weeks ago of Charles Crawford and Herbert Spencer, voters of Los Angeles were yesterday giving him large support in his candidature for a judgeship.

Yesterday marked Clark's being formally bound over for trial on the murder charge. He was given his liberty pending trial on bail of \$100,000.

FLOATING STEAMER

Frantic Efforts Being Made to Extricate Harvard From California Reef

LOS ANGELES, June 3.—Under the threat of impending rising seas and winds, salvage workers were making frantic efforts last night in a final attempt to refloat the steamer Harvard, which wrecked toward the end of last week on the California coast.

Officers of the ship unequivocally deny charges of negligence in connection with the wreck.

New York City Taxi Rates Cut

New Scale Provides For Charge of 15c Per Mile Throughout the City

NEW YORK, June 3.—Taxicab interests of this city have cut their prices to 15c per mile throughout the city.

COLONIZATION MAN OF CANADIAN NATIONAL MOVES TO THIS CITY

Harry Bowman of the Canadian National colonization department arrived in the city from Vancouver on the Prince Rupert this morning. Mr. Bowman is moving his headquarters from Vancouver to this city owing to Prince Rupert being nearer central interior farming lands.

According to reports received at the meeting, all the owners of Canadian boats are willing and some of the American. The difficulty is to secure a complete agreement in order to induce united action.

The proposal is to have each boat tie up for a week or ten days between each trip. This would insure a continuation of the supply of fish in a more or less orderly manner and thus enable the dealers to continue to supply their customers regularly.

The conference was called by the mayor for 9 o'clock, following other civic meetings and was attended by Captains Larsen and Christensen for the vessel owners, J. N. Morrison for the fishermen, Col. J. W. Nichols, Charles Starr, James Lee and C. A. Kirkendall for the buyers.

The discussion was commenced by Captain Larsen, who told about the disabilities under which the Canadian fishermen operated.

Mr. Morrison told of the efforts already made to induce the Seattle owners to agree to a tie-up of each boat for ten days.

Colonel Nicholls outlined the situation from the point of view of the buyers. The market was usually poor at this time of year.

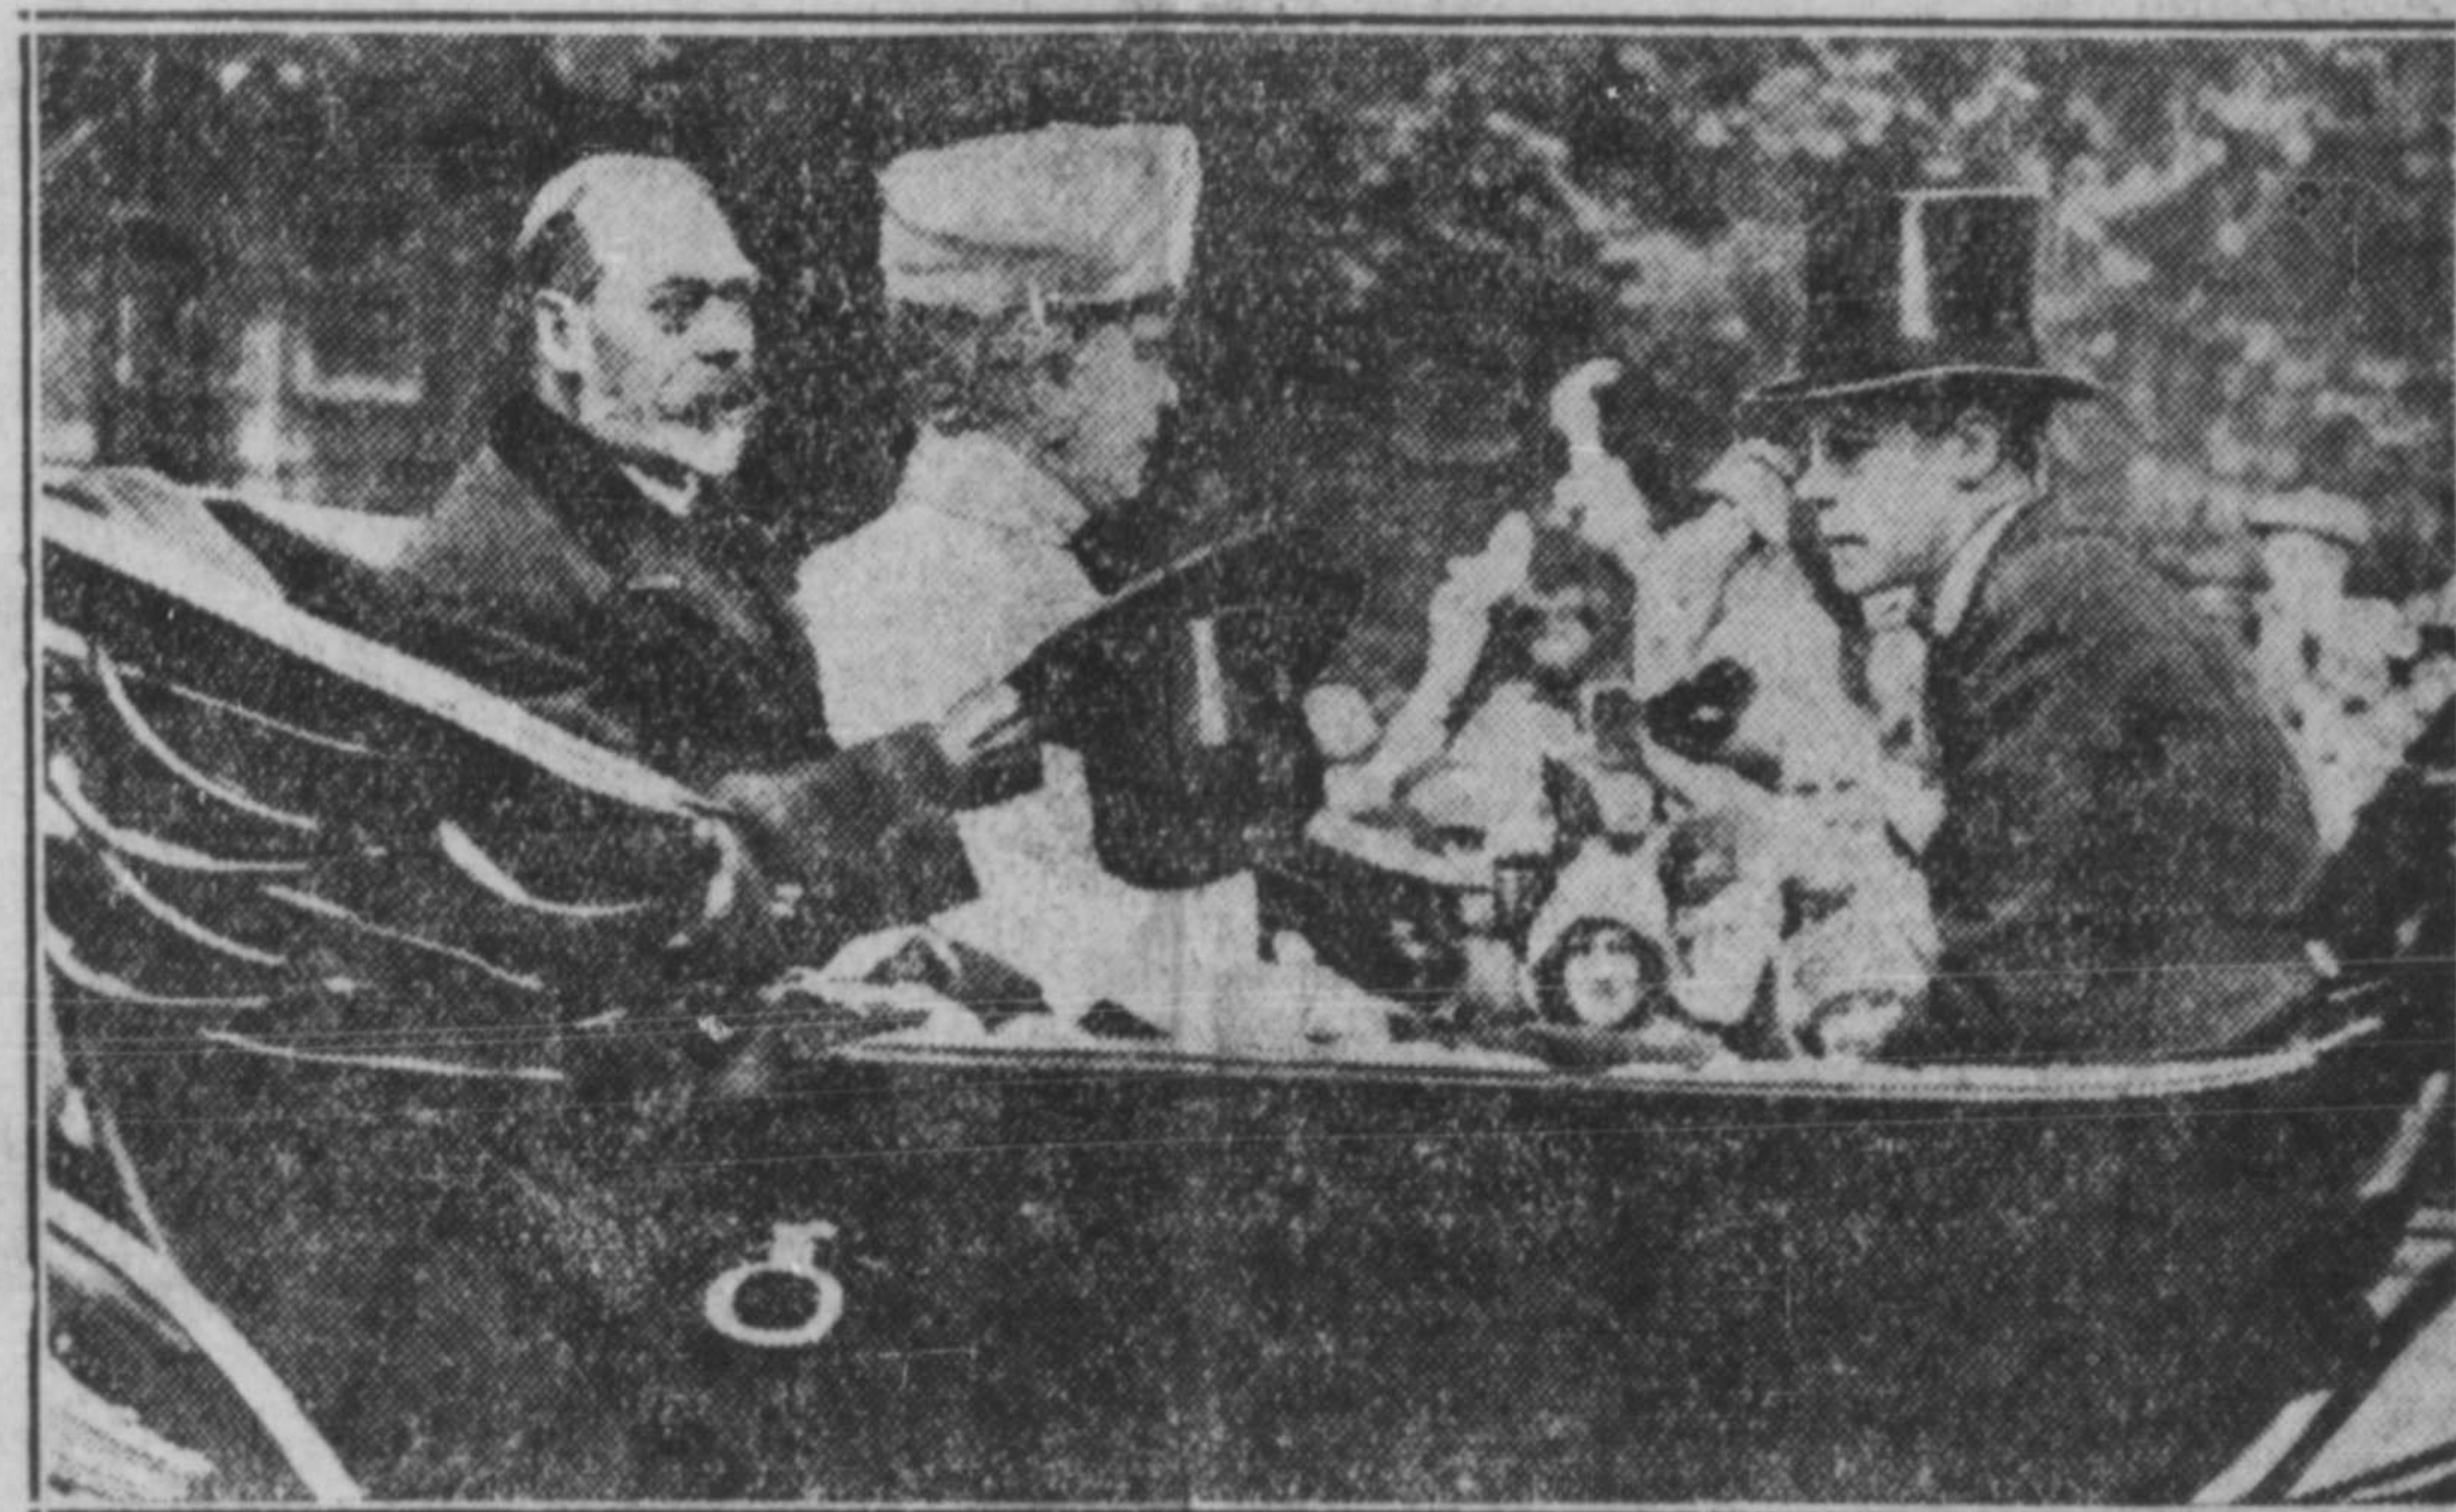

Practically every person present had something to say and all seemed agreed that, to tie up each boat for a period after arrival, would solve the problem.

The Canadian vessel owners are anxious to have the government regulate the length of the period between each call of an American boat so that the tie-up may be enforced for every vessel coming to the port.

WHY NO HELP FOR THE FISHERMEN?

In his budget speech this week Premier Bennett announced that the government would pay five cents a bushel of the cost of transporting exported wheat.

Now the fishermen are just as badly hit as the wheat growers. They are unable to sell their product at a price that will enable them to carry on and pay their bills.

If it is proper to bonus the farmer, it surely is also possible to bonus the fisherman. He is equally deserving, finds himself the victim of equally difficult marketing conditions and just now needs help badly.

More than that, the growing of grain is a pleasant-occupation unaccompanied by danger to the grower, whereas fishing is an occupation in which those engaged undergo hardships and are in constant danger from the elements.

Jack McNulty, who has been on a trip to Vancouver and Seattle, returned to the city on the Prince Rupert this morning.

COAL BEDS RELOCATED

Fred Hasley of Pouce Coupe Makes Discovery—Is High Grade Fuel

SOUTH PINE, B.C., June 3.—Deposits of coal, said to be of even finer quality than the famous coal beds at Hudson Hope, have been "rediscovered" near here by Fred Hasley of Pouce Coupe.

Twenty years ago Hasley found out-croppings of a coal seam on Beaudette (Blondelle) Creek. Analysis showed them to be of very high quality. He has taken out a new set of samples in the belief that the rapid increase of population in the Peace country will soon justify opening a mine.

He has also taken out samples of another coal seam found by Phil Esswein opposite Pass Creek. When tested in Esswein's blacksmith shop this coal proved excellent for welding purposes.

GOOD LUCK TO NEW AIRWAYS

Prince Rupert now has an up-to-the-minute airways company with a small plane with which to commence operations. We wish them the best of good luck and hope the backers of the concern, all of whom are local men, will make plenty of money out of their investment.

This is the day when air travel is being popularized. The best of the year is before the new concern and there seems every hope that it may be able to make dividends or increase its capital so that the service it renders to the community may be extended.

We hope within a few years to see a large fleet of airplanes plying out of Prince Rupert, keeping in close touch with the surrounding country and aiding in its development. Especially useful may it become in connection with mining development on account of the difficult country traversed and the shortness of the season during which operations may be carried on.

PESSIMISTIC OVER POOL

The Financial News is pessimistic over the future of the Wheat Pool. It says:

"The Wheat Pool of Canada is struggling through what appears to be its latter phases. It has been a gigantic experiment, full of great promise to its supporters, and Canada has backed it sportingly. It may never be said that either the Canadian people as such, their federal government or the Canadian banks have done other than give the Wheat Pool and its marketing principles every opportunity to succeed."

The News then goes on to give reasons why the Pool is financially embarrassed. Last year it advanced 60c on wheat and failed to realize that amount when the wheat was sold. The provincial governments will pay the bill. After this experience it is expected that the banks will not finance them to any considerable extent. Settlements for past years have not been made. The final paragraph sums up the situation:

"Only a miracle can pull the Central Selling Agency (the main wheat pool) through this coming fall and winter alive. What will remain of the Wheat Pool movement will be only the parts that reconcile themselves to the economic laws as they are and function on a practical basis. It is the latter phase of a great experiment. The country is paying the price of its experience."

We hope the prophecy of the Financial News does not come true but that the Pool will continue to function for the benefit of the wheat growers. Prince Rupert is vitally concerned over the situation because the local elevator is leased by the Pool and should the organization fail the question of operation of the local elevator will again have to be dealt with.

WHO'S WHO

(By Gee)

S. J. Latta

FOR many years, commercial art, advertising and newspaper work have provided favorite fields of activity for S. J. Latta, who is in charge of publicity for the World's Grain Exhibition and Conference to be held at Regina in 1932.

Born in London, Ontario, in a family many of whom were connected in some way with newspapers and reared on a hundred acre farm in Huron County, Mr. Latta enjoyed the usual educational facilities of his native Province. After public school, collegiate at Clinton, London and St. Mary's, and Normal School at Ottawa, Mr. Latta taught school for a number of years, most of which time as principal of Old Colborne Street in his native city.

The lure of the West brought Mr. Latta to Saskatchewan in 1905, where he settled on a homestead in what was then known as "The Famous Last Mountain Valley," north of Regina. After arriving in the West, however, he became editor and publisher of two newspapers, one of which he operated for 20 years.

Mr. Latta represented Last Mountain in the Saskatchewan Legislature for a number of years and was a member of the Provincial Government for 13 years, during which time he held the portfolios of highways, education, and provincial secretary.

RECITAL WAS PUBLICITY GREAT EVENT FOR FAIR

Norman Wilks Proved Himself a Most Accomplished Pianist and Delighted Large Audience

The Norman Wilks recital given last night to a large audience in the United Church is generally acknowledged to have been in advance of anything of the kind ever heard in Prince Rupert before. It was given under the auspices of the Ladies' Music Club and one of the members of that club writing of it for the News this morning says:

"The high standard of the Toronto Conservatory was fully maintained when Norman Wilks gave his recital last evening. In the history of Rupert, a finer pianist has never performed. His technique could not be surpassed. He has sufficient to liberate his soul in the most wonderful melodies that could emit from an instrument. He was the master and the piano was the medium from which he invoked moods diverse and exquisite. To make any one composition and remark on it would be invidious. Each was played as an artist would play it."

Mr. Wilks, who is an Englishman, receiving a good deal of his education in Germany, is here conducting the examination for the Toronto Conservatory of Music. He has a delightful personality and members of the Ladies' Music Club and their friends to the number of about one hundred gathered after the recital at Cliffeside, the beautiful home of Mrs. R. L. McIntosh, to meet the talented musician. Mrs. McIntosh, who also presided at the Church and introduced the guest, was a charming hostess. Tea and coffee were poured by Mrs. Heilbroner and Mrs. Ernest Anderson, the serviteurs being Mrs. Cruikshank, Mrs. J. H. Carson, Mrs. Blance, Mrs. Darton, Mrs. Richard Moore and Mrs. James Farquhar.

The whole event was in the hands of a committee composed of Mrs. Heilbroner, Mrs. E. Anderson and Mrs. Moore.

Plants were loaned by the Arctic Studio and piano by J. Lorne McLaren.

Farmers and Others to Receive Information Regarding Prizes

At the meeting of the publicity committee of the Fall Fair held in the city hall last night, it was decided to take active steps to bring before the farmers and others of the whole district the information in regard to special prizes being offered this year for individual exhibits of farm and garden produce. It was reported that already the growers of Terrace and other points had shown considerable interest in the event and it was expected a number of exhibits would be sent from there.

In Prince Rupert

June 3, 1911

District Census Commissioner Frank H. Mobley has started his army of enumerators on their tremendous task of numbering the people of Prince Rupert and Northern British Columbia in the federal census. The figures cannot possibly be announced before November 1, and, meantime, the commissioner and his enumerators are sworn to secrecy.

The embargo on Skeena River freight has been lifted, it is announced by A. E. McMaster of the Grand Trunk Pacific Railway Co. There is an enormous amount of freight awaiting transportation up river on river boats.

The city council has decided to present to the people a bylaw providing for expenditure of \$600,000 on a waterworks system which will be capable of taking care of a population of 66,000 people.

STEWART

The light cruiser Detroit of the United States will visit here in connection with the joint celebration of Dominion Day and Independence Day here and at Hyder, it is announced. There will be special excursion rates from Vancouver, Prince Rupert and Ketchikan for the celebration.

Word was received here last week from Hon. Joshua Hinchliffe, minister of education, that he would be unable to fulfil the invitation to visit Stewart at the present time. The minister stated, however, that he hoped to be able to pay a visit here before very long.

CIRCULATION IS CLIMBING

Library Board Hears Optimistic Report From Librarian Last Night

At the meeting of the Library Board last night, President Wilkinson in the chair, the Librarian reported that the circulation of books in May of this year was 878 volumes more than for May last year. The total volumes handed out numbered 6,178 made up of fiction 3,876, non-fiction 658, duplicate pay 199, juvenile 1445. The average per day 280.8.

During the month 27 new borrowers had registered and nine cards were cancelled leaving 3,227 registered borrowers.

Books were received 15 by gift and 45 by purchase while 28 had been discarded as of no further use. The number of books in the collection today is approximately 7,876.

The board decided to call for tenders for painting the interior of the building, which is badly in need of renovation.

NEWS OF THE MINES AROUND PRINCE RUPERT

Charles Anderson Finds Good Ore in Babine—Snowslide Visits Marmot Engineer—Stewart Outlet Would Tap Mining Country

Charles S. Anderson of Burns Lake has been doing considerable assessment work on his mineral claims near the Babine and he has been fortunate in striking some very good high-grade ore. On various claims owned by Mr. Anderson and partners high-grade sulphides of silver, and also some free-milling gold has been struck. On the Anderson group, there is a splendid showing of silver-lead. Mr. Anderson is a well known mink marten fur farmer.

On a visit recently to the Marmot Engineer property of which he is locator and owner, George Bunn of Stewart found that a large snowslide had swept down Magee Pass and piled up near the cabin. The cabin was partly smashed. The slide carried on down Magee Pass and swept out on the Marmot Glacier

for a distance of a quarter of a mile.

Jack Paterson, in an article in a recent issue of MacLean's Magazine, urges Stewart as the Pacific Coast outlet for the Peace River country. He believes the outlet should be there owing to the great mineral wealth a railroad through such a country would tap.

FAREWELL BANQUET

A. R. Holtby and R. F. Perry Are Honored on Leaving Railway Service

TRIBUTES PAID

In honor of A. R. Holtby, bridge and building master of the Canadian National Railways here for the past twenty years, who is retiring from the service after having been with it for forty-nine years, and R. F. Perry, bridges and building foreman, who retired last December, a farewell banquet was held last evening in the Commodore Cafe. There were some eighty persons, principally members of the railway staff, present to do honor to Mr. Holtby and Mr. Perry and the evening passed very pleasantly. W. H. Tobey, divisional superintendent, presided as toastmaster.

Many speeches were made during the proceedings in tribute to Mr. Holtby and Mr. Perry and the climax of the gathering was the presentation to Mr. Holtby of a purse of gold and to Mr. Perry of a set of pipes. Both recipients responded appropriately and feelingly.

The banquet opened with the honoring of the toast to the King in the usual manner. After full justice had been done by all to the banquet spread, Mr. Tobey opened the proceedings with a brief address in which he paid tribute both to Mr. Holtby and to Mr. Perry.

Other speakers of the evening, all of whom made remarks along similar lines, included M. A. Burbank, divisional engineer, J. W. McAuley, locomotive foreman, R. F. McNaughton, district passenger agent, Harry Thrupp of the freight department in the absence of Harold McEwen, division freight agent, A. D. Gillies, express agent, G. A. McMillan, dry dock superintendent, John Loen, B. and B. foreman, Robert Davie and W. J. Fidler of the stores department.

The musical program included vocal solos by J. A. Teng, H. Lincoln, Thomas Wilson and W. E. Funnell; violin solos by Bert Cameron, recitations by G. E. Phillipson, comic stories by A. A. Connon. Piano accompanist was Charles P. Balagno. After the making of the presentation, musical honors were observed for the two guests of honor.

Mayor C. H. Orme and Ald. J. H. Pillsbury were to have been present but, on account of pressing city business, were unable to attend but sent their regrets. Telegrams appropriate to the occasion were received from G. A. McNicholl, general passenger agent, Vancouver; G. A. Glay, assistant superintendent, Smithers; J. H. Groat, chief dispatcher at Smithers, and various roadmasters. A letter from Archie Watt, divisional master mechanic, Prince George, was read. All expressed regret at the loss of Mr. Holtby and Mr. Perry to the railway service but extended best wishes for their future.

Jack Seargent, son of Mr. and Mrs. R. S. Sargent of Hazelton, passed through the city today on his return home after having completed his third year at the University of British Columbia. Since the closing of the summer term he has been making a tour of B.C. as one of the leading members of the cast of the University Players' Club Spring Productions.

St. Louis Cardinals Stretch Margin Over New York Giants

NEW YORK, June 3.—The Philadelphia Athletics retained their margin of leadership in the American League yesterday with a victory over Chicago White Sox. New York Yankees, Washington Senators and Cleveland Indians all won their games so there was no change in the standing.

In the National League, the St. Louis Cardinals improved their lead by again defeating the New York Giants, whose challenge is diminishing. Brooklyn Robins continued their sensational climb toward the top by nosing out the Chicago Cubs. Yesterday's scores:

Broadcasting Of Recreated Fights

Jeffries-Corbett and Dempsey-Firpo Engagements Heard on Air Last Night

Recreated boxing matches are proving a popular feature of radio broadcasts just now. Last night two were to be heard, both being broadcast at the same time. One was a recreation of the great Jeffries-Corbett heavyweight titular bout in San Francisco in 1903 while the other reproduced the Dempsey-Firpo fight in New York in 1923.

Many local boxing fans followed the broadcasts with interest.

INTEREST IN SPRINTS

With interest in sprinting keen as it is now the finals of the hundred yards dash to be run at the interval on Friday evening next will be a special attraction. Walters looks to be a sure winner but Edgcombe gave him a close run and may beat him yet.

Comment on Game

The Merchants team turned out in their new jerseys and looked well. The bright red with the black band makes a distinctive strip and is easily distinguishable from the colors of the other teams. The Legion team was very weak forward. Baptie was always trying to force the game but got little support. Murray showed clever work at times but is not effective. The halfback line was fair. Woodside tackled well and fed his forwards. Howe was a worker but did not distribute the play. Erskine was reliable. Skinner and Jack

MERCHANTS TEAM WINS

Celebrates Appearance in Senior Football With Victory Over Legion

The new Merchants team celebrated its appearance in the Gilhuly Cup competition by beating the Legion by two goals to nil last evening. There was a good sized crowd in attendance and the play was interesting throughout.

Menzies nearly fumbled a shot early on but the ball was cleared. Albert Dickens drove a beauty of a long shot at Smith but the latter put it over the bar. Baptie forced Stiles to give a corner and then Skinner stopped Chenoski. Play travelled back and forth and McKay missed a fine chance while Murray made a sad mess in front of Menzies from a few yards out. A clever bout of heading by the Legion forwards was stopped by Douglas who cleared twice in succession. Merchants forwards were the better line but their shooting was weak. Currie was everywhere the play was and his intelligent anticipation and distribution was a feature.

The general run of play in the first half indicated that the Legion defence would be tried out when the Merchants had the hill in their favor and such was the case. Baptie had a try on his own but Merchants had the major part of the play and, after A. Dickens and McKay had combined nicely, the latter shot high over. Currie went close from a free kick and Chenoski's beautiful drive just missed the far upright. Baptie and Hodgkinson got away and Menzies caught and threw clear. Smith saved well twice in succession. From Chenoski's corner kick Albert Dickens headed a goal for the Merchants. Play now brightened up and became more interesting the ball travelling from end to end. Woodside went forward for the Legion and Baptie went half but the Legion forwards were weak. Then Amor was left unmarked and his easy shot was misjudged by Smith and the Merchants were two up. Smith, just after, flisted away a couple of fine shots and Merchants were easy winners by two clear goals.

Referee: W. Barton. Linesmen: A. Clapperton and G. Blake.

Legion: J. Smith; Skinner, Jack; Erskine, Howe, Woodside; Bussanich, J. Murray, Baptie, F. Hodgkinson, A. Hodgkinson.

Merchants: Menzies; Stiles, Douglas; Hill, Currie, S. Dickens; Amor, F. Dickens, A. Dickens, McKay, Chenoski.

put up a fine game at back. Both tackled well, headed surely and kicked strongly. Smith gave a fine display in goal though he should have saved the second goal. In the Merchants' goal Menzies did not impress. Douglas a newcomer to the city made a good impression. His positional play and clean kicking mark him as an acquisition. Stiles was good though his kicking lacks direction. Currie was very effective. His judgment was never at fault and his leadership always helpful. Hill played a sterling game at half. S. Dickens was good and bad in turn, tackling well and then kicking wildly. The forwards were good in the open but terribly weak around the goal. When they get going properly, and stick to playing—not talking—football this should develop into an attractive line. There is talent there.

Climb of 23-year old Walter Martin of Regina, to a position on Canada's Davis Cup team has been marked by a rugged fight along an impressive, if not meteoric path. Martin, named as one of the four on Canada's latest title-team, brought the Davis Cup honor to Saskatchewan for the first time. The rangy racketist won his first major tourney in 1922, taking the Saskatchewan junior title. Continued effort brought Martin the Western Canada championship in 1928, repeating his victory in the

Darton refereed satisfactorily though some players were getting rattled towards the end. Why experienced footballers should debate on the field is a mystery. The old rule holds—play hard, play clean, play the ball and play the referee's decision—will make for better and brighter football. A Clapperton made a satisfactory linesman but the other is young, and would be of little assistance to a referee when a close decision has to be made.

SOFTBALL OFFICES DECIDED WINNER

Carl Smith Team Wing High Took Softball Victory From Station School Championship By Score of Eight to One Last Evening

Carl Smith's team won the High School softball championship yesterday, when they defeated Stinech's team 10-1. If Stinech had won, there would have been a three-team tie necessitating a play-off series between Smith, Unger and Stinech. Smith was also captain of the team which won the championship of the league play during September, October and November.

Team standings for the Spring League were as follows:

Team	P	W	L	Pts
Smith	4	4	0	8
Unger	4	3	1	6
Stinech	4	2	2	4
Vance	4	1	3	2
Tobey	4	0	4	0

Total number of runs scored by teams during season was as follows:

Smith, 40; Unger, 27; Vance, 24; Tobey, 15; Stinech, 10.
--

In the final game Stinech, Moxley and Wingham made up Stinech's battery and Smith and Hickey acted for the winners. Smith's team got away in the first inning by scoring four runs against Stinech's pitching. Stinech put Moxley on the mound in his place and the latter pitched until the last inning when five runners crossed the home plate. In the meantime the only scorer for the losers was Johnson.

The high scorer for the winners was the captain who made two runs. Thurber, Welle, Hickey, O'Brien, Johnstone, Green, and Peachey each contributed one run.

THE PULL OF THE CLASSIFIED PAGE IS VERY STRONG AS MANY KNOW

Those who wish to reach a very large number of readers at very small cost cannot do better than try classified advertising.

For those who have odd articles to sell, who wish to rent, buy or sell houses or any other kind of real estate, who wish to find lost property or to secure domestic help, there is scarcely any other method than to reach people through the classified column.

But there are others who might use this method of publicity. People in business in a small way who have things to sell or their services to dispose of get good results from the classified advertisements.

The pull of the classified page is strong. Those who have not tried it could not do better than give this method of publicity a trial or ask those who have already tried it. The rate is two cents a word or six times for the price of four. By the month the rate is one cent a word.

ELKS' FLAG DAY IS ON

Fine Weather Favors Annual Gala Day For Children—Hundreds In Parade

Flag Raising

Patriotic Ceremony at Grounds—Crowning of May Queen Tonight

Favored with excellent weather conditions, the local Elks' Lodge is holding its annual Flag Day and May Queen proceedings today and, naturally enough, it is a big time for the kiddies of Prince Rupert—and, indeed, for many of the older children. The day's celebration started this afternoon with a parade of children from the Westholme Theatre to the Acropolis Hill grounds where there were the usual flag raising ceremonies followed by free distribution of ice cream, etc., and a program of children's sports with a Junior League Football game. This evening at the Exhibition Hall there will be the May Queen crowning ceremonies followed by a large dance.

The Elks' drill team, of twenty or twenty-five members, together with a party of clowns, took a prominent part in this afternoon's parade. As the hundreds of children marched to the Acropolis Hill grounds, they were reviewed from the air by Mayor Cyril H. Orme in the Northern British Columbia Airways moth plane, piloted by D. Murphy. The Boys' Band accompanied the parade and played enlivening music. Girl Guides and Sea Cadets were also in the parade.

On arrival at the grounds, there was the flag raising ceremony with brief talks by Mayor C. H. Orme and Rev. W. D. Grant Hollingworth, the latter giving the address on the Flag. Distribution of sweets followed with the races and football game ensuing.

There will be another parade at 7:30 tonight from the Metropole Hall to the grounds. Miss Lillian Jones of Booth Memorial School will be crowned May Queen with Misses Audrey Parkin and Inez Pettenzo of Borden Street and Annunciation Schools respectively as maids of honor.

Charles P. Balagno is general chairman of the Flag Day proceedings while committees are as follows:

May Queen—W. E. Williscroft, G. E. Gulick, G. E. Phillipson and H. B. Stiles.

Raffles—Frank Russell, W. G. Harold, Charles Harradine.

MOVE NOT WISE ONE

Interior News Comments on Reduction of Forest Fire Fighters' Pay

It is to be sincerely hoped that the reported reduction of fire fighters' wages from 25 cents to 15 cents per hour will turn out to be nothing more than a report. Under normal circumstances there will be forest fires this summer; with reduced staffs it is reasonable to expect just that many more. To cut this service and slam on a 40% wage reduction is a slap at the men who will be called out to fight the fires, and it will defeat itself for the reason that fire fighters simply will not respond enthusiastically on a wage that borders on starvation.—Interior News.

Nice Donation From Book Club

Volumes Used in Winter Studies Are Presented to Institution

The Library Board, at its meeting last night, passed a vote of thanks to the members of the Book Club for a donation of books used by them during the past year in their studies. The books were four volumes of "Earthly Paradise" by William Morris, "The Story of My Heart" and "Field and Hedgerow," by Richard Jefferies, and "The Life of William Morris," by Holbrook Jackson.

The thanks of the board will be conveyed to the president of the club, Miss A. Pierce.

W. S. Hingley of the Vancouver Sun staff arrived in the city on yesterday afternoon's train, being here to make arrangements for the holding of a lecture here on Saturday night by Robert J. Crooks Hold Up Service Station and Get Away

But Finger Print Convicted One of Them

On a November evening two masked men walked into a Service Station in Phoenix, Arizona. One covered the proprietor with a revolver while the other rifled the till.

Not quite, however! Ken-ed detectives found finger prints on the left front door of the car which, when developed, were found to be those of a well-known bad man, convicted of many crimes. His picture was circulated and within two days he was caught, tried and convicted. His finger print was dangerous—for him.

Danger in Your Prints—on Foods

Some prints bring encounters with the police. Your prints will not do this, but they do bring you into contact with disease germs. Everything you touch—money, a door-handle, a street car strap—has been touched by many other hands. These hands may have been exposed to disease germs—if they had checked a cough or sneeze they certainly would have been. Such germs would be on the things you touched.

Through your prints the germs are placed on food you eat and so reach your mouth where they multiply to many millions very quickly—then they penetrate your whole system, causing illness. Life Extension Institute lists 27 diseases which may be spread by the hands in this way.

To be Safe—do this

Germs are everywhere! They are hard to kill. You must wash your hands often during the day and always before meals to be sure of removing all germs. Ordinary good soap, of course, will not do. There is only one soap that has been shown by laboratory tests to be certain to kill germs. This is Lifebuoy. It contains a germicide. Lifebuoy will also keep you free from body odour. A bath in the morning or before going out in the evening keeps one safe for many hours.

A Luxurious Soap Too

Yet there is nothing harsh about Lifebuoy. Its rich, gentle lather comes from two fine palm oils, blended to form a beauty soap which is kind to even the most delicate skin. You will find it wonderful for your complexion. There is no perfume to Lifebuoy—just the extra-clean scent of the germicide which soon disappears but tells you that you are safe.

LAYMAN CHARGED

TERRACE, June 3.—Terrace Municipal troubles are being fully aired. Preliminary hearing of the case being brought by the Municipality of Terrace against Henry Halliwell for theft by public servant, is again remanded for eight days. Every affected ratepayer is being subpoenaed, numbering 28 in all, many who have moved to distant parts of the province.

For several years Mr. Halliwell has acted as clerk of the municipality of Terrace as well as holding several secretaryships in different organizations. He was also local agent for the Imperial Oil Co. and has been layman in St. Matthew's Anglican Church, having filled the pulpit on many occasions and conducted the Lenten prayer meetings. Williams & Manson of Prince Rupert are prosecuting and L. W. Patmore is defending.

Look Inside Beauty Parlor

Opportunity Will Be Given All Who Wish to Do So Next Tuesday

The proud man who'd disdain to be discovered inside a beauty parlor may soon take a peep at the mysteries of these fascinating places and still not jeopardize his dignity.

All he has to do is to be in the audience at the Capitol Theatre on Tuesday night, June 9, where the local Lodge of Elks is going to stage the musical comedy success "The Beauty Shop." Under the guidance of professional directors, a cast and chorus of more than sixty local singers, dancers and entertainers are holding daily rehearsals, both afternoon and evening, for the forthcoming production. Special costumes and stage settings are being brought to the city for the event and the sponsoring committee promise an entertainment far beyond the usual amateur attempts.

Included in the cast, it is announced, will be every type of beauty shop devotee from the modern flapper to the dignified society matron and the tired businesswoman. In the second act, the locale of which is the Isle of Corsica, will be presented a colorful array of Spanish señoritas, Corsican peasants, etc., in many novel singing and dancing ensembles.
