MAY DAY DISTURBANCES IN CANADA GIANT GERMAN FLYING BOAT READY TO RESUME FLIGHT

Twenty-Nine Men Are Arrested In Prairie City Riots Yesterday

Demonstrations Occurred in Winnipeg, Calgary, Regina, Port Arthur and Fort William—Police and Communists Clash

WINNIPEG, May 2.—Twenty-nine men were arrested during May Day disturbances in Winnipeg, Calgary and Regina yesterday. At Calgary the police used batons freely, scores being injured. At Regina, unemployed paraders were attacked by spectators and a free fight ensued when the Union Jack, which had been swung aloft by opponents of the communists, was torn down. Police and demonstrators also clashed at Port Arthur and Fort William.

MOUNTIES GO NORTH

To Stop Fires Being Set in Manitoba For Employment

WINNIPEG, May 2.—Officers of the Royal Canadian Mounted Police are being sent into the north of the province to stop the alleged general practice of unemployed men in setting out forest fires in order to get work fighting them. Perpetrators of such fires may find themselves getting free board in jail.

New Christian Science Publishing House

BOSTON, Mass.—Continued growth of the activities of The Christian Science Publishing Society has necessitated expanded facilities. To meet this condition The Christian Science Board of Directors of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, will erect, as soon as plans and arrangements are completed, a new Publishing House. Here provision will be made for the needs of The Christian Science Monitor, The Christian Science Journal, the Christian Science Sentinel and all other literature published by the Society. The new building, which will cost in the neighborhood of \$3,000,000, will occupy approximately 58,000 square feet of ground bounded by Massachusetts Avenue, Norway, Falmouth and Clearway Streets, Back Bay. Operations are to be hastened in accord with the public and private building program which Mayor James M. Curley of Boston has been urging in conjunction with President Hoover's recommendations for relief of unemployment. The structure will have a varying height. The Massachusetts Avenue end of the building, which will be used for offices, will be nine stories in height, while that part which is opposite The Mother Church edifice will be three and four stories in height and in scale with this edifice. The publishing building will be related in architectural style to The Mother Church, and its design has been influenced by the fact that in the future it probably will become one of a group of buildings which will surround and form a fitting architectural setting for the Church. It will be an all-stone building of the Italian Renaissance type, the lower story to be of granite and the upper stories of limestone. Special attention will be given to the installation of modern heating and ventilating devices. The central plant will be housed in a building adapted to it, with an ornamental tower enclosing the stack, the tower to be of brick and stone conforming with the beauty and symmetry of the main building. The building now occupied by The Christian Science Publishing Society, completed in 1902, will be used for the administration offices of The Mother Church. The architect is Chester Lindsay Churchill, and with him is associated Lockwood-Greene Engineers, Inc., of Boston, which will have charge of the plant layout.

MAY DAY IS QUIET

Fewer Disturbances Throughout World Than Expected Yesterday

Moscow Bright

Bombings in Lisbon—Reds Shot in Berlin

LONDON, May 2.—May Day was celebrated rather more quietly throughout the world yesterday than might have been expected. As far as could be learned in reports reaching here from all parts of the world last night, there were no serious disorders among the labor demonstrators. Reports from Berlin state that German police shot seven obstreperous Red demonstrators. It was the quietest May Day in Paris in years, reports from the French capital stated. In Lisbon bombings were perpetrated around the government buildings in protest at the Portuguese dictatorship. In Moscow thirty communist leaders from various nations of the world reviewed a parade of 20,000 civilians followed by 50,000 regular soldiers of the Soviet army. The city was gaily decorated. There was a complete lack of violence in other countries, universal precautions taken by the police no doubt having had something to do with the general tranquillity. The day passed quietly in the United States although there were more or less mild demonstrations in the most of the large cities. In Los Angeles there was a short demonstration led by twenty self-claimed communists. One man was arrested and the demonstration dispersed by the police.

NEIGHBORS TALK

"I am employed in a theatre and it is a problem to make ends meet, as I help support my mother and sisters. I like to dress well but haven't very much to spend on clothes. To give the appearance of variety to my slender wardrobe I change the color of a dress or stockings as soon as the things become faded. I always use Diamond Dyes for the work—using them as dyes for dresses and as tints for stockings. I have always gotten such perfect results that our neighbors talk about the great number of new things I have.
"I learned about Diamond Dyes from our wardrobe mistress. She says she has tried all the dyes on the market but none do such splendid work and are so easy to use as Diamond Dyes. I understand they are the world's most popular dyes—and they deserve to be."

Quick COMFORT for fretful upset children

ALL children are subject to little upsets. They come at unexpected times. They seem twice as serious in the dead of night. But there's one form of comfort on which a mother can always rely; good old Castoria. This pure vegetable preparation can't harm the tiniest infant. Yet mild as it is, it soothes a restless, fretful baby like nothing else. Its quick relief soon sees the youngster comfortable once more, back to sleep. Even an attack of colic, or diarrhea, yields to the soothing influence of Castoria.

Keep Castoria in mind, and keep a bottle in the house—always. Give it to any child whose tongue is coated, or whose breath is bad. Continue with Castoria until the child is grown!

For sale by all druggists. Be sure to get the genuine product with Chas. H. Fletcher's signature on wrapper, and this familiar name-plate:

Deadlock For Top Place in National League Broken—American Race Tightens Up

ST. LOUIS, May 2.—Defeating the Cubs by a score of 6 to 2 here yesterday, the St. Louis Cardinals broke their tie with Chicago for first place in the National League. The New York Giants moved into second place by virtue of another victory over the Boston Braves.

Cleveland Indians lost their game in the American League but are still leading as Washington Senators and New York Yankees also lost games. It was a big day for the second division occupants and the results tended to tighten up the race all around. The Senators still remain in second place but Chicago White Sox took third place above New York Yankees and Detroit Tigers.

The Weakening Agony of Piles (Haemorrhoids) Ended

Thousands Bless This Famous Herbal Ointment

Piles or hemorrhoids cause excruciating pain and often serious loss of blood. The famous Zam-Buk ointment is wonderfully soothing to the swollen veins and itching parts. Zam-Buk derives its healing and mildly astringent influence from herbal extracts of special value in this weakening and agonizing complaint. Zam-Buk has a wonderful record of success.
THE BEST OF PROOF
 Mrs. R. L. Garber, of 2545 Ohio Avenue, Southgate, California, a nurse, writes as follows:—"My husband suffered from Piles for years, but a year ago they reached an acute stage and he could neither sleep nor attend his work. He had medical advice, tried all sorts of baths, hot packs, enemata and ointments which cost him hundreds of dollars without obtaining any relief. Finally a friend gave him a box of Zam-Buk; after application for one day he obtained a good night's rest. He continued the treatment and by the time he had finished a second box he was completely relieved of this agonizing ailment and able to resume his work."
 Mrs. F. Barrett, Pioneer, Alberta, writes:—"We have used Zam-Buk ever since I was a young girl and I have never known it fail. My husband, who has been troubled with itching piles for years, says the soothing relief Zam-Buk brought was wonderful."
 The unparalleled success of Zam-Buk lies in its original and valuable formula. Zam-Buk is compounded from certain herbal extracts of an extraordinarily healing, soothing and antiseptic nature. Zam-Buk soon stops all pain and itching. It gets at the root of such troubles as eczema, salt rheum, bad legs, ulcers, scalp disease, poisoned sores, etc., and is also a fine ever-ready first-aid for injuries. Zam-Buk Ointment 50c. box, Zam-Buk Medicinal Soap 25c. cake.

"Business as Usual" Again in Halibut Industry—
Salmon and Herring Running in Skidegate Inlet—Halibut Landings

It is a case of "business as usual" again at Prince Rupert as far as the marketing of halibut is concerned. The United Pacific Fisheries, which had attempted to market fish co-operatively, supposedly for the benefit of the halibut fishermen, found itself unable to do business on April 23 after the wholesalers had refused to take the concern's fish and, as a result, the regular independent buyers are taking the fish again, bidding at a daily auction in the Prince Rupert Fish Exchange. Immediately a great increase was to be noted in the number of American vessels landing their catches at Prince Rupert. Under the system which was practised by the United Pacific Fisheries of making the same down payment at Ketchikan as at Prince Rupert, naturally enough the boats did not feel inclined to make the extra run on to Prince Rupert. However, that is all changed now and Prince Rupert is again handling the normal amount of halibut.

In spite of recriminations and, naturally enough, the fishermen are not very happy at the failure of their first attempt at co-operative marketing of halibut, it seems to have been pretty well proved that the time is not ripe for a change

per's former "home run king," who has been spending the winter in the south, arrived in port on Wednesday morning with his boat Billy Boy. Since February 1, "O. P." had been fishing out of Nootka and Quatsino on the West Coast of Vancouver Island with fairly good results. The buyers were paying 10c a pound for red springs over eight pounds in weight there. He will look things over around here for a while before definitely deciding on his own line of operations for this summer.

Police have been keeping close

Turbulent waters of Kiso river, Japan, are successfully navigated by these venturesome boatmen, who ply hazardous rapids in same type craft their ancestors used thousands of years before them.

from the present system of marketing. Certainly, it could hardly be reasonably expected that a scheme such as that of this spring, which sprang up virtually overnight, could be anything else but a failure. Possibly, if the necessary organization were effected and the essential capital provided, a scheme of co-operative marketing of halibut might be successful. Both these most necessary factors seemed, however, to be lacking in this spring's experiment on the Pacific Coast.

commence to outstrip Canadian in the customary way.

Considering the great amount of fish that was in the price kept up perhaps better than might have been expected. The top bid of the week for Canadian fish was 8.5c and 5c which the Dundas was paid for 3,000 pounds and the low, 7c and 4c paid the Takla for a large catch of 32,000 pounds. The top American price of the week was 10.6c and 7c received by the Schorn for 13,000 pounds and the low 8c and 5c which quite a number of boats were paid.

With fitting pomp and circumstance, the launching took place yesterday afternoon of the new 27-foot V-bottomed cabin cruiser built by Charlie Starr and Doc Alexander in the loft of the Pacific Fisheries warehouse during the past winter. The trim craft is equipped with a 40 h.p. Red Wing engine formerly used in Doc Alexander's old speed boat Mig. The vessel, which is not yet named, is now tied up at the floats of the Prince Rupert Rowing & Yacht Club.

District News

TERRACE

Dr H. C. Wrinch dropped off the train on Tuesday to have a chat with a few friends. He was on his way to Prince Rupert. Returning on Wednesday he again met some of his supporters at the station.

Carl Carlson, an old timer of Terrace, having sold out to Arvid Olson, pulled out for his native country on Wednesday. Carl was given a cordial goodbye by a number of friends at the station.

Hon. Joshua Hinchliffe, Minister of Education, is scheduled to be in Terrace on May 11 and 12. He is expected to address a public meeting on the Monday evening.

J. B. Munro, deputy minister of agriculture, is expected to pay a visit to Terrace in the near future.

C. Hillstrom and S. O'Neil were in from Vanarsdol on Tuesday.

The fine weather prevailing during the past two weeks has led to a great deal of land clearing in the district—more, in fact than for a number of years back.

The local commissioners have started work levelling Atwood street between the Philbert hotel and Lakelse Avenue by means of a drag line operated by a powerful gas engine. Sam Creelman attends to the engine and J. McLaren looks after the drag shovel. When completed the new road will be a great convenience to many.
