EDITORIAL

NEED FOR PROTEST

It is announced that the Peace River Block of British Columbia will not be included in the bonus to be paid farmers who grow wheat on the prairies this year. In view of the circumstances we are of opinion that the protest will be so strong against this ruling that an amendment will be made to the bill before it passes.

The Peace River Block of British Columbia is handicapped more than any other part of the country in that it is farther from the point of shipment. For years a western outlet has been asked which would remedy this and put them within a reasonable distance of a shipping port.

The Peace Block is in Canada just as much as is Northern Alberta and the conditions are similar except that the B. C. handicap is, if anything, greater. We hope that Premier Bennett will see this and will decide to change his ruling and include the northern section of B.C. in the provisions of the bill. It does not seem right that the farmers on one side of the boundary line should get the bonus and those on the other side, where conditions are exactly similar, be cut off, especially when it is considered that all the grain in that part of the country has to be shipped out through Alberta.

Setting Out On 7,000-Mile Jaunt

Colonel Lindbergh Left New York Yesterday For Washington For Official Start

NEW YORK, July 28:—Colonel Lindbergh and his wife left for Washington yesterday afternoon in their 700 horse power airplane in which it is planned to fly over the top of the world to China and Japan. From there they make their official start.

Every instrument necessary to the long and arduous air journey has been installed on the machine. It is equipped for blind flying and all possible contingencies have been provided for.

The Lindberghs are not racing against time. They plan to make a leisurely trip over the 7,000 miles separating them from their goal.

Word has been received here that the ice pack is still solid at Point Barrow and the Hudson Bay boat Baychimo reports that just at present the way is blocked for her to approach that place.

WASHINGTON, July 28:—Colonel and Mrs. Lindbergh flew here from New York yesterday to confer with Washington officials familiar with their route to the Orient.

PRICE OF WHEAT

Nanaimo Girl Failed in Algebra and Name Was Not on Published List of Passes

NANAIMO, July 28:—An eighteen-year old German high school girl, Chrisla Julie Urban, died from drowning Sunday, apparently a suicide, believing she had failed in her examinations when she had actually led the whole province in marks but failed in one subject—algebra.

The results Miss Urban had read contained the names only of those who passed in all subjects.

The body was recovered yesterday near Gabriola Island pier at Taylor's Bay.

SILVER IS IT MEXICO

Gold Standard Put Into Discard Yesterday With Great Popular Enthusiasm

MEXICO, July 28:—The new law prohibiting the use of gold coins which came into effect yesterday has been received with enthusiasm by the people of the country, for Mexico is a silver-producing country and it is expected to have a good effect on the mining industry in this country.

In the campaign which led to the repeal of the gold standard, it was argued that both the workers of the country and the merchants were at a disadvantage.

NO DEBATE ON ACTION OF FRANCE

Effort Made to Avoid International Discussions in England Owing to Situation

Gold Is Exported

LONDON, Eng., July 28:—Premier MacDonald is trying to arrange that there shall be no debate on the international situation in the House of Commons as it might tend to make negotiations more difficult. If there were a debate, it is pointed out, there would sure to be criticism of the action of France in connection with the German financial situation and there would also be remarks about the draining of English gold by France, shipments of gold from this country having been persistent up to as late as yesterday.

It is said here that the British gold going to France is being stored in vaults hewn out of the solid rock and equipped with supplies that would enable it to stand a siege of at least two months. It is looked upon as the most impregnable fortress in the world today.

EMPLOYMENT FOR WORKLESS

At various times this paper has advocated that in considering any system of unemployment insurance to which the state contributes there should be as part of it a scheme for having those out of employment contribute work to something of a public nature such as roads or parks.

"Speaking quite dispassionately, one thing I have never been able to understand is why, instead of spending large sums of money for which we get nothing in return, we could not employ the unemployed to do great national undertakings which require doing in return for the money we give them.

SPORT CHAT

It has been interesting to read the various comments on the recent Walker-Sharkey fight. Here is one: The official decision says that Jack Sharkey didn't lose, but on lion-hearted little Mickey Walker fight-

There was no questioning whom the crowd, that almost filled the National League ball yard, thought had won, but the arbiters arrived at the compromise decision by every possible route left open to them.

The lineup for the C.N.R. baseball team against the City for tomorrow night's game will be: J. Nelson, T. Eldridge, H. Hibbard, F. Tulloch, J. Horton, D. Morrison, A. Stiles, W. Harold, L. Astoria.

HOTELMEN GO TO TOP; BEAT NATIVE SONS

Old Empress Pile Up Big Lead But Need It as Canucks Pound Commons From Box

SONS NOW IN CELLAR

Two Double Plays By Winners With Eldridge in Both—Johnson Plays Classy Game

In last night's regular baseball league fixture between Old Empress and Sons of Canada, the former ran in 11 runs in the first three innings which were enough to cop the game, although the losers made it hot for them toward the finish, by pounding Commons from the box in the fourth and making Nelson, who went in to relieve him, work his hardest to retire them.

As a result of the game, the Sons of Canada are now resting in the bottom position of the league for the second half, with Old Empress perched on top for the second time.

Old Empress started right off in the first inning with one run. Nelson, first man up, was safe on Smith's error. Redman fled out to Johnson. Arsenau singled down the third base line and Stalker missed the ball, Nelson scoring. Johnson threw out Wendle at first and Eldridge struck out.

Native Sons evened it up in their half. Wendle threw out Bury at first. E. Smith fled out to Wendle. Moran singled over second and scored when Nelson missed the ball. Lambie struck out.

The Hotelmen collected six in the second. Menzie drove one to left which Stalker could not find in the clover and it went for a home run. Hibbard singled to centre. Commons singled to left. Elmer Smith bounced one off the plate, but Styles dropped Lambie's throw and the bases were filled. Nelson made a hard single to right, Hibbard scoring. Kenny, batting in Redman's place, struck out. Moran booted Arsenau's grounder and Commons and Smith scored. Nelson scored on a passed ball. Wendle grounded out to Eddie Smith. Moran dropped a fly from Eldridge and Arsenau scored. Johnson threw out Menzie at first, Styles making a nice catch. They added four more in the third and then stopped for the night.

They added four more in the third and then stopped for the night. Hibbard singled. Lambie took Commons' grounder and tried for a double, but hit Hibbard with the throw to second, the runner going to third. Commons stole second. Smith struck out. Nelson singled both runners scoring. He stole second. Kenny singled. Nelson stopping at third. Arsenau went out to Styles. Nelson scoring. Wendle was hit by a pitched ball, and then Kenny scored on a passed ball. Eldridge struck out.

Sons changed their players after this, Moran moving to first, Bury coming in from centre to second and Styles going out to centre. Stalker came in from left to catch and Frizzell went into that garden. They seemed to work much better that way only 12 men facing Lambie in the last four innings.

Native Sons got one run in the third. Stalker walked, but was forced at second on Bury's grounder to Wendle. After Johnson had struck out. Eldridge booted Smith's grounder. Bury going to second. Moran singled and Bury scored. Lambie singled, filling the bases. Styles popped out to Wendle.

Their big inning came in the fourth. Comadina walked. Frizzell was hit by a pitched ball. Stalker lined one out to Wendle who dropped it, but recovered the ball and forced Comadina and third. Eldridge throwing to second to catch Frizzell for a double. Stalker scored on Johnson's double to left. Bury hit a triple to centre. Smith singled and Bury scored. Moran made a double to centre which Nelson misjudged. Smith scoring. Lambie singled and Moran scored. Nelson came into the box and struck out Styles. Nelson was in trouble every inning after that, but managed to tighten up in the pinches, and no further runs scored. He walked two men in the last inning and then an

HAZELTON, July 28.—Hazelton was not greatly extended to win from Telkwa by the score of 7-2 in the baseball game played in Telkwa on Sunday. York hurled well for the winners, allowing only two bineses in the first seven innings. After that he was touched up for four, but the two runs they got didn't affect the final outcome. Ingram and Cox, both of Hazelton, had a good day with the willow, each of them clouting out a .750 average for the game.

Hazelton leaves this week on a barnstorming trip to Central B.C.

The Letter Box

IN SUPPORT OF J. S. WILSON

Sporting Editor, Daily News: In reply to letter by "A SPECTATOR" printed in your issue of July 22. We, the undersigned, wish to register a kick. In our opinion J. S. Wilson has done as much if not more for football in this town than any individual we can name.

Thanking you for valuable space. Yours for good sport, COMMITTEE MERCHANTS F.C.

SUGGESTED FOOTBALL TEAM

Sporting Editor, Daily News: We will have the warship with us soon and football fans are looking forward to seeing a good game. I think the following team would give the navy boys a good game. J. Smith, S. Currie, D. Jack, Edgecombe, A. Dickens, T. Hadden, J. S. Wilson, F. Russell, C. Babbie, J. Murray, N. Chenoski. The defence is good. A Dickens at centre half is a hard man to play against and won't let the local team down. At the same time I have a lot of respect for Watson. Babbie will bring out the best there is in Chenoski. One of the prettiest yet simplest bits of garden in the city is that of Danny O'Neil in front of his cabin on the railway track just beyond the elevator. The shack is on a knoll above the track and beside it are pretty alder trees now covered with red berries.

The ground facing the track is terraced with rows of poppies and nasturtiums. The splendid little potatoes patch at the foot is hidden by a solid row of mottled monkshood about the height of a man.

NOW IN OUR NEW STORE COR. OF THIRD AVE. & FULTON ST. 972 --- REXALL DRUG STORES IN CANADA --- 972

ONE CENT SALE

This Week at the REXALL Drug Stores Thursday -- Friday -- Saturday

WHAT IS A REXALL ONE-CENT SALE?

It is a sale where you buy an item at the regular price, then another item of the same kind for one cent. As an illustration: The standard price of Klenzo Dental Paste is 50c, you buy one tube at this price and by paying 1 Cent more, or 51 cents, you get two tubes, and save 49 cents. Every United Drug Co. article in this sale is a high quality guaranteed product, just the same as is sold every day at the regular price. No limit—buy all you want, but on Thursday, Friday and Saturday only!

A PROFIT-SHARING METHOD OF ADVERTISING

This sale has been developed by the United Drug Co. as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merit of these goods, they are spending it on this sale in permitting us to sell you two full size packages of high quality merchandise for the price of one, plus one cent. It costs money to get new customers but the sacrifice in profit is justified, because we know the goods will please you.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.

Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

LADY WILL HELP GET NEW WELLS

English Girl Gifted With Divining Power Engaged By Government to Make Search

EDMONTON, July 28.—The cry of farmers in the Peace River country for water wells is to be answered by Miss E. N. Penrose of Cornwall, England, gifted water diviner, who has gone into that district.

Engaged by the department of agriculture of the province of British Columbia, Miss Penrose will spend some time in the Peace River district locating water wells. The time she will spend there will, of course, depend on the call from farmers in the dry areas.

J. B. Munro, deputy minister of agriculture for the coast province, is also making a trip to the Peace River region within the boundaries of British Columbia to make a survey of conditions.

Gift Long In Family

Interviewed here, Miss Penrose said that the gift of locating water wells had been in her family in the old country for generations. Her father was an expert at this work, while during the war periods Miss Penrose herself located water wells in various parts of England. She makes use of a willow and wire rod in establishing the location of wells.

Last year, Miss Penrose did some satisfactory work in the Okanagan district of the coast province and has just finished further work of the same nature in that district.

On completing her program for the Peace River region she will return to the Cariboo district.

Gives Location

Miss Penrose states that she merely gives the farmer a location for the well, that being the extent of the assistance provided by the coast government. The costs of drilling must be borne by the owner or occupier of the land.

In the Peace district, there has been a serious shortage of domestic or drinking water in some sections. That need has been so severe that the services of Miss Penrose have been obtained.

District News BURNS LAKE

Ootsa Lake settlers have decided to put on a monster local stampede for Labor Day.

The hay crop, most of which is already cut, is very good this season.

Mr. and Mrs. B. A. Smith have gone touring in their car as far as Vancouver and the coast states.

H. D. MacNeil of the Dominion Telegraph office is holidaying for a couple of months in the Ootsa Lake country.

Mrs. J. R. Walker of Francois Lake and her guest, Miss Pillsbury, were recent visitors to town.

An effort is being made to secure the services of a veterinary surgeon for the district.

Address Given By S. Prudhomme

Son of Local Citizen Is Travelling With Grain Board and Left Here Today

A very interesting and instructive address was given last evening by Stephen Prudhomme, National Vice-President for Ontario for the Amalgamated Civil Servants, on the aims of that association, and should result in swelling the ranks of that body from the Dominion Civil Servants of this district.

Mr. Prudhomme went into some detail regarding the workings of the Civil Service Act and the Civil Service Superannuation Act, and also gave some idea of the work done by the association officers and the results obtained from the government through the thorough study of contentious questions and placing same before the proper authority in such a way that no denial as to facts can be given.

Through the courtesy of the local Trades & Labor Council the address was given in the Carpenter's Hall, and was presided over by W. M. Brown.

Mr. Prudhomme, who is son of Alex Prudhomme of this city was a guest of his father while here. He is travelling with the grain commission and will overtake the members at Jasper.

Dr. H. O. Johnsen will be away for holidays until August 13th.
