BRINGING UP FATHER

By George McManus

CoEnd RESTLESS, TOSSING SLEEPLESS NIGHTS

Ovaltine is widely used in hospitals and nursing homes, not only for sleeplessness but for building up the health and strength of convalescents, for expectant and nursing mothers, and for aged folk who need extra nourishment. It is also widely used as a family beverage where there are growing children -at meals, between meals and at bedtime.

OVALTINE RUSKS

For firm teeth and healthy gums eat Ovaltine Rusks. They combine Canadian wheat flour and Ovaltine granules, and offer a much higher food value than ordinary rusks or biscuits.

TRAYED and jangled nerves . . . nights of restless tossing and miserable wakefulness . . . fitful dozing crowded with anxious thoughts . . . awake at or before dawn and no more sleep till rising hour . . . mornings of listless weariness, forcing yourself to the daily tasks-no mere sedative can correct these conditions. You need Ovaltine, a tonic food beverage for nerves, body and brain.

Ovaltine-" The World's Best Night Cap"

Ovaltine corrects the causes of sleeplessness - feeds the worn-out nerves and fatigued body-cells. One cup just before retiring, immediately allays any digestive unrest that may be keeping you restless and awake, soothes and feeds the nerves, and allows the overlyalert brain to relax. Deep restful sleep follows quickly and naturally.

Ovaltine is a highly concentrated extraction of ripe barley malt, rich creamy milk and fresh eggs from our own and specially selected farms. Do not mistake ordinary malt and cocoa flavoured beverages for Ovaltine, or expect them to have the same beneficial effect upon your system. Ovaltine is the original and supreme Tonic Food Beverage. There is no satisfactory substitute for it.

Ovaltine is sold at all good stores, in 50c, 75c, \$1.25 and special \$4.50 family size tins; also served at soda fountains.

"Oh, I learned that secret when I discovered Shredded Wheat. It's the whole wheat, you know, and has iron for making red blood and all the elements for building healthy tissue and bone. And by the way, it's ready-cooked and ever so easy to serve for breakfast or lunch. I just pour milk or cream over the biscuits. On cold mornings I heat the milk -it makes a most deli-

cious hot cereal, and with fruit it's a treat at any time."
