WORLD TOUR WAS INTERESTING SUBJECT FOR ADDRESS

Expansion of World Trade is Keynote of Speech by Publisher

Canada's Place in World Picture is Stressed by Robert J. Cromie—Various Overseas Countries Graphically Described

The keynote of the Saturday night address of R. J. Cromie on a trip around the world, was the necessity for the expansion of world trade, the studying of the trends of the world's markets in a national way, and the keeping pace with developments as they arise. The foreword of his William Dahl Sent Up on Charge of address was to the effect that "Mother Nature has some-

NATIVE SONS DEFEAT ELKS

Come From Behind to Win Game After Elks Looked Like Sure Winners

In the second game of the local baseball league yesterday afternoon, Sons of Canada nosed out the Elks six to five to make it two games straight. The Elks got away to a fine start with three runs in the opening stanza but weakened in the sixth and seventh when the Sons managed to collect two runs each inning which was just enough to cop the game.

Bill Lambie did the hurling for the winners and was touched for eight hits including doubles by Arseneau and A. Mitchell. Nick Chenoski went the route for the Elks and 5.04 allowed nine hits, three of them be-50 ing for three bases by Lambie, Frizzell and Styles.

Athletic Club Holds Meeting

Date of Track Meet Changed .to June 20-Varied Program of Events Being Planned

On Sunday evening the Spartan Athletic Club held a meeting in the Toc H Rooms with vice-president Phil Edgecumbe in the chair, the chief business being collection of dues and making of arrangements for the approaching club track meet. Owing to the fact that several members would be at a class picnic on June 13, the date of the meet was postponed to Saturday evening, June 20. The meet is to consist of 100-yard dash, 220-yards, broad jump, high jump, hop-stepand-jump, shot put, pole vault and a medley relay consisting of four Japs-100 yards, 220 yards, 440 yards, and 880 yards. Four teams, as evenly balanced as possible, have been picked for this relay. The final date for payment of dues to the secretary was set at next Thursday noon.

Before adjournment of the meeting, a hearty vote of thanks was passed to the Toc H for their generosity in donating the use of their rooms to the club.

REGIMENT LINEUP

The following players will represent the Regiment for the game with Canadian Legion on Tuesday night: Laidler. Watson, Thurber, Edgecumbe, Kelsey, Redpath, Wilson (captain), Lyons, Carroll, Fong and Wingham. Reserves, Smith, Doherty and Freedheim.

About the only right a pedestrian has is that of re-dress after being Falls Review.

COME-BACK

C. N. R. A. Beat High School in Two Fast Softball Games Saturday Evening

The Canadian National Recreation Association's softball team staged a come-back by defeating High School representatives in two softball games Saturday eveningthe first by a score of 2 to 1 and the second by a score of 8 to 5.

Both games were fast, especially the first in which the score was one all up to the ninth inning in which the railwaymen managed to squeeze in the winning run. In the second game, the railwaymen had one bad inning in which all opposing runs were scored against them.

Batteries were: C.N.R.A., Styles and Skattebol; High School, Allan and Vance.

In the next C.N.R.A. League softball game, Station and Round House will meet tomorrow evening.

EMBARRASSING MOMENTS

to Work for You, Mother"

DRAVE words, bravely spoken. Boyish shoulders, braced D to lift burden of responsibility beyond their strength.

It is a tragedy so common as to create but little comment . . . children starting out to fight life's battles, unequipped.

Have you thought of the story behind the little figure that urges you to buy a paper . . . that begs the chance to run an errand, for a few sorely-needed coppers? Have you imagined the plans that may have been made for his education the hopes, held in happier days, for his future?

And have you considered what would be the fate of your boy . . . your girl . . . should you be taken away? For the burden you drop must be carried on . . .

Or on the broad, sustaining back of Life Insurance.

on the frail shoulders of your children.

Make your decision today . . . and protect, with adequate Life Insurance, the future you would wish for those you love. Any Life Insurance representative will be pleased to discuss the details with you.

AND A REPORT OF THE PARTY OF THE SAME OF T

HIGH LIGHTS FROM CROMIE

"The biggest factor in bringing Indian and Asiatic trade away from the Suez to the Panama, so that Canada gets a share of it, will be the grain from Vancouver and Prince Rupert."

"How would Canada like it if China and Japan and Germany

"From the hotel in London I was sending night letters of 25 words to New York and Montreal for \$1 and tomorrow we will be doing the same across the Pacific."

"When we get those cheap communication and transportation facilities across the Pacific twice as much trade as now takes place across the Atlantic awaits us on the Pacific Coast."

"The trick in material development today is for a country to produce enough subsistence for its people to live on and have a surplus or monopoly of some peculiar commodity which the rest of the world needs."

"The countries that are getting pinched today are those that do not build up these contacts and become produce enough to live on and have no peculiar monopoly, or commodity them or genius which the rest of the world wants."

"Japan, a highly organized little island, three times the size of Vancouver Island with sixty million people on it and no particular commodity to export, is dependent in world trade on the four hundred million dollars worth of silk she sells to United States and Canada. Japan's hope lies in friendly relations with China, but the militaristic group in control is responsible for bad feeling in China towards Japan."

"China is the greatest potentiality in the world. It is unifying and evolving politically faster than the world realizes. Vancouver papers the day we were in Pekin told brigands holding up and robbing a prices necessary. Here is your opwoman in our party. What happened was that this woman had her purse snatched by a rickshaw boy. Loss of life from violence in China is far less in proportion to population than in Chicago or New York."

"The great necessity of China and the Far East is communication. It costs \$1 a word to send a cable from China or Japan to Vancouver. Pour into China a big volume of low rate news and business cables from Canada and United States and you will see China expand like a river."

"India is a 'pice' country. A 'pice' is a quarter of a cent and everything is on that basis. If I were writing the book 'Mother India,' I would not change a word; that book has done India real service by holding the country's backwardness up to world ridicule."

"If England is a parasite in India she is the one parasite that is justifiable. India incited by politicians does not like England, but humanity always hates its beenfactors. India must be guided and helped."

"Out of a country that was politically - ridden and down - at - heel Mussolini has in five years developed Italy into the nation of the Mediterranean."

Makes Comparisons

In dealing with Egypt, the speaker, as he had done in other instances, compared her resources with those of Canada. Egypt had a maximum of six million acres of arable land or two people to each owned the ports of Halifax, Mon- acre. In the Peace River country treal, Prince Rupert and Vancou- alone British Columbia had 25 million acres of ideal soil. It was an outrage, continued Mr. Cromie, that a coast outlet had not been built for London commute back and forward this farmers' paradise, and if the day ever came when other parts of B. C. were starving, there would be peace and plenty in the Peace River country. It was, he said, the "best bet on the continent" for youth to move to the Peace River country and attain fame and fortune.

> Mr. Cromie dealt in turn with conditions in Greece, Italy, Switzerland, France, Germany and England. England had 90 bililons in gold, compared to the 400 billions of the United States, and in other ways England was outclassed by United States and other countries, but, after all, England "had something on" all of them—she had her world contacts, built up systematically through her trade routes all over the world for centuries, and it was these same world contacts which had given her world dominance. It was not a question of population, but a question of world contacts that led for prosperity, and Canada had the resources, the intelligence, and the opportunity to a world leader with the best of

There was a large attendance at the meeting. Mayor C. H. Orme introduced the speaker and, at the close of the address, a vote of thanks was tendered Mr. Cromie on motion of B. J. Mellish.
