NORTHERN AND CENTRAL BRITISH COLUMBIA'S NEWSPAPER

PRINCE RUPERT, B.C., FRIDAY, FEBRUARY 6, 1931

PRICE FIVE CENTS

FISHERMEN'S STRIKE NOW IMPENDING

WHOLE BRITISH COLUMBIA BEER POLICY BEING CHANGED

Central Sale Agency Of Breweries To Be Abolished From Now

Liquor Control Board Will in Future Deal Direct With Manufacturers and Outside Brews May be Imported for Local Consumption

VICTORIA, Feb. 6.—Abolition of the system of purchasing beer from a central selling agency set up by the brewing interests in favor of direct dealing with individual brewers of British Columbia and importation of outside beers by the Liquor Control Board for resale in such quantities and of such brands as suit the public needs is in effect the provincial government's policy in connection with beer which was announced last night after a prolonged meeting of the cabinet. The policy does not for the present include the establishment of further breweries in British Columbia but does open the door for brews from outside the province to be sold in competition with local products.

For a number of years beer purchases have been made from a certain agency established by the different breweries concerned. This agency nominated the proportion of business to be given to each of the member concerns. Such a system is now done away with by the government and the Liquor Control Board will in future deal directly with the British Columbia breweries making its purchases to conform with the public demand for particular brands produced.

NEW ZEALAND SHORE IS CHANGED RESULT OF BIG EARTHQUAKE
 WELLINGTON, N.Z., Feb. 6.—An airplane survey reveals major changes in the coastline on the southwest of the north island of New Zealand following the earthquake disaster on Tuesday morning. Not a single river in a distance of 80 miles is flowing out of its former mouth while at many points the foreshore line has been altered by forty or fifty feet.

FAIR WAGE DEMANDED

Warning Issued by Board Yesterday to Industrialists in This Province

VICTORIA, Feb. 6.—Sharp warning to industrialists that they must observe the Male Minimum Wage Act and pay the minimum of fifty cents an hour to steam engineers was issued by Chairman J. D. McNiven yesterday.

Most of the delinquency was found in the sawmill industry, Mr. McNiven said.

The board has also decided to investigate the workings of the baking trade in British Columbia.

VANCOUVER WHEAT

VANCOUVER, Feb. 6.—Wheat was quoted on the local exchange today at 59½c.

Washington Legislature Would Restrict Rights of Canadian Boats in United States Waters

OLYMPIA, Wash., Feb. 6.—A joint memorial petitioning the President of the United States to issue a proclamation granting Canadian vessels only such privileges in United States waters as Canadian officials extend United States vessels in Canadian waters was introduced by the upper house of the Washington State Legislature today by Senators R. W. Condon of Kitsap County and Henry Foss of Pierce County.

The memorial recites that Canadian officials have discriminated against United States ships, especially those from Washington State, in that they do not allow them the same freedom of access to ports which are not regular ports of call as is accorded Canadian vessels in Washington waters.

Miss England II., to Again Enter Speed Contest

Miss England II, in which Sir Henry Seagrave met death and which has been reconditioned and repaired at Derby, England. Craft is ready for Kaye Don to make speed attempt at Buenos Aires. In an unofficial tryout on Lough Neagh a speed of over 100 miles an hour was made.

Increasing of Boat's Share of Proceeds is Cause of Dispute; Owners May Take Ships to Sea

General Secretary of Union Claims it is Lock-Out While Owners' Association Claims Men Have Refused to Prepare for Season's Operations

SEATTLE, Feb. 6.—A strike of halibut fishermen may reduce the fishing fleet to a quarter or a fifth of the usual size at the opening of the season on February 15, fishermen declared here last night. The controversy is in connection with terms submitted by the boat owners providing that a vessel shall receive twenty-five per cent of the boat's gross earnings after a trip in—

instead of twenty per cent as at present. Approximately sixteen hundred fishermen and two hundred vessels are affected by the proposed strike.

Owners are now considering manning the vessels themselves as the ownership of numerous boats is vested in half a dozen men who are experienced fishermen. H. E. Lokken, manager of the Fishing Vessel Owners' Association, declared that no fishermen outside of Union men would be employed.

P. B. Gill, general secretary of the Deep Sea Fishermen's Union, said that the fishermen regarded the situation as a lock-out but Lokken declared that they had been on strike since January 30, refusing to prepare gear for the fishing season.

Having not been officially advised up to that time of the intention of the boat owners to raise the boats' share from twenty to twenty-five per cent, the Deep Sea Fishermen's Union, at a meeting this week in Prince Rupert, did not consider that aspect of the case particularly. Union officials state, but agreed to fish on the same terms as last season which provide for the twenty per cent boat share. The boat owners here, it is stated, are willing to stand by the twenty per cent boat share plan. The whole matter is to be discussed at a meeting on Sunday.

SEATTLE, Feb. 6.—The Halibut

OPIUM DEN IS RAIDED

Federal Officers Find \$15,000.00 Worth of Drugs in Seattle Resort

SEATTLE, Feb. 6.—Federal officers swooped down on an Oriental opium resort on King Street early yesterday morning and seized \$15,000 worth of opium and other drugs.

Six inmates of the place made temporary escape through hidden doors but were later rounded up and taken into custody.

International Committee Is Named to Consider Project of Building Road to Alaska

VICTORIA, Feb. 6.—Formation of an international committee representing Canada, the United States and British Columbia to consider the whole Alaska road project was announced yesterday by Premier S. F. Tolmie. It will consist of three representatives of the United States and three of Canada as follows:

Canada

J. M. Wardle of Banff, Alta.
 James McNeill of Dawson, Y.T.
 George P. Napier of Victoria, B.C.

United States

Herbert Rice, Detroit, Mich.
 Ernest Sawyer, Washington, D.C.
 Major Malcolm Elliott, United States Engineer Corps.

The committee will be a fact-finding body and will start its investigations as soon as weather permits.

Dr. Wrinch Favors Alaska Road But Is Opposed to B.C. Money Being Spent Upon U.S. Project

TERRACE, Feb. 6.—Speaking at a meeting of the Terrace Board of Trade, Dr. H. C. Wrinch, M.L.A., described at some length the position of affairs in connection with the proposed road from Hazelton to the Alaskan border. He outlined the history of the movement which, he said, was altogether an American movement. Premier Tolmie had, with much enthusiasm, joined in supporting the proposal and the principal officers of the province, together with several of the high-ups in the United States and many people associated with automobile clubs and the like, had taken part in a caravan tour of the B.C. roads leading to Hazelton whence the new road was to proceed through Northern B.C. and the Yukon to Alaska.

He had no word of opposition to offer to the movement, in fact he was strongly in favor of it, but he wanted the whole position to be thoroughly understood before any Canadian money was put into it. He objected to Americans trying to get the road built at the expense of British Columbia. He could see where oil companies, automobile makers and others might be willing to put in money to make the road, but they would be there to get something out of it, and he had doubts as to the value of the return which would come from it. He saw that some people who wanted to be concessionaires had stated that they were willing to spend twenty million dollars on the project, seven millions of which would be spent on the road itself and the remaining thirteen millions on the concessions which would be constructed with a view to inducing tourists and others to make use of the road. He, however, hardly thought the sum of seven million dollars would be more than a small beginning in the work of making the road.

Would Be Beneficial.

There was no doubt that if such a road were made it would be an immense fillip to the whole of Central B.C., because there would be a great many people who would travel over that district to reach the new road. That in itself would compel the provincial government to spend a good deal more money in putting the main highway into something like a good condition, a work which was very much needed.

"But," he said, "we want to build the present highway from Prince Rupert first. We want our money spent so as to reach our own people before we try to reach those away north of Hazelton. I do not endorse the spending of provincial money on the proposed highway, and I am glad to note that the Premier has stated that it would not use up money which would ordinarily be used on the present roads of the

INDIAN DELEGATES ASK PEOPLE TO TAKE OFFER OF BRITISH GOVERNMENT

BOMBAY, India, Feb. 6.—Twenty-six Indian delegates to the round table conference in London arrived in India today and issued an appeal for the acceptance of the British offer of partial Dominion status.

MURDERESS IS FREED

Miss Ruth Garrison of Seattle Gains Freedom After Twelve Years Imprisonment

SEATTLE, Feb. 6.—Miss Ruth Garrison, who murdered her admirer's wife by placing poison in her salad in a Seattle department store, had her first day of freedom yesterday since May, 1919. A jury in state court found that she was "a safe person to be at large."

OPENING UP TWO CAMPS

SKIDEGATE, Feb. 6.—Messrs. Allison & Sharpe, well known logging operators, have opened up a camp on the south shore of Skidegate Channel. It is reported here that they may also open another camp in Skidegate Inlet. There are plenty of local men to work in these camps.

HUSKY CRABS FOUND IN ALASKA WATERS

CORDOVA, Alaska, Feb. 6.—Believed here to be definite proof that immense king crab fisheries grounds exist in Prince William Sound, fishermen brought in 25 crabs which they said were caught in one trap. The crabs averaged four and a half feet across.

Premier Bennett to Accede to Demands of Manufacturers and Raise Tariff at Next Session

MONTREAL, Feb. 6.—The Montreal Gazette today published the following dispatch from Ottawa: "While the previous intention of the federal government was to avoid any further revision of the tariff at the coming session of Parliament in view of the fact that the Imperial economic conference is to be held here next August, it is understood that pressure of the Canadian manufacturers has been so strong and so persistent for more protectionary measures at an early date that the Prime Minister has decided to accede to their position."

Dr. Wood's
Dry, Hacking Cough
 Caused By a Neglected Cold

Mrs. James A. Stewart, Stellarton, N.S., writes:—
 "For some time I was troubled with a dry, hacking cough, caused by a heavy cold I had, at first, neglected. A friend told me if I would take Dr. Wood's Norway Pine Syrup it would help me, so I got a bottle and it did relieve my cough."
 "I am the mother of six children and I use it for every one of them when they have colds, and find it always gives relief, and I could not be without it in the house for anything."
 Price 35c a bottle; large family size 65c., at all druggists and dealers; put up only by The T. Milburn Co., Ltd., Toronto, Ont.

DAILY EDITION  Friday, Feb. 6, 1931

PRICES AND WAGES

There seems of late to be a change in the relation of prices to wages. Prices have been tumbling in almost all lines of goods and in some departments such as lumber there has been a heavy cut in wages. In other lines wages have been maintained and it is interesting to watch what will happen. Will the price of commodities recover or will the rate of wages come down to meet it. Another alternative is that there may be a speeding up of production and an increased use of labor saving machinery.

On a falling market the person employed, if employment is steady, usually gets the best of the deal but on a rising market the employed person finds wages go up less rapidly than prices and he gets the worst of it except that there is likely to be plenty of employment.

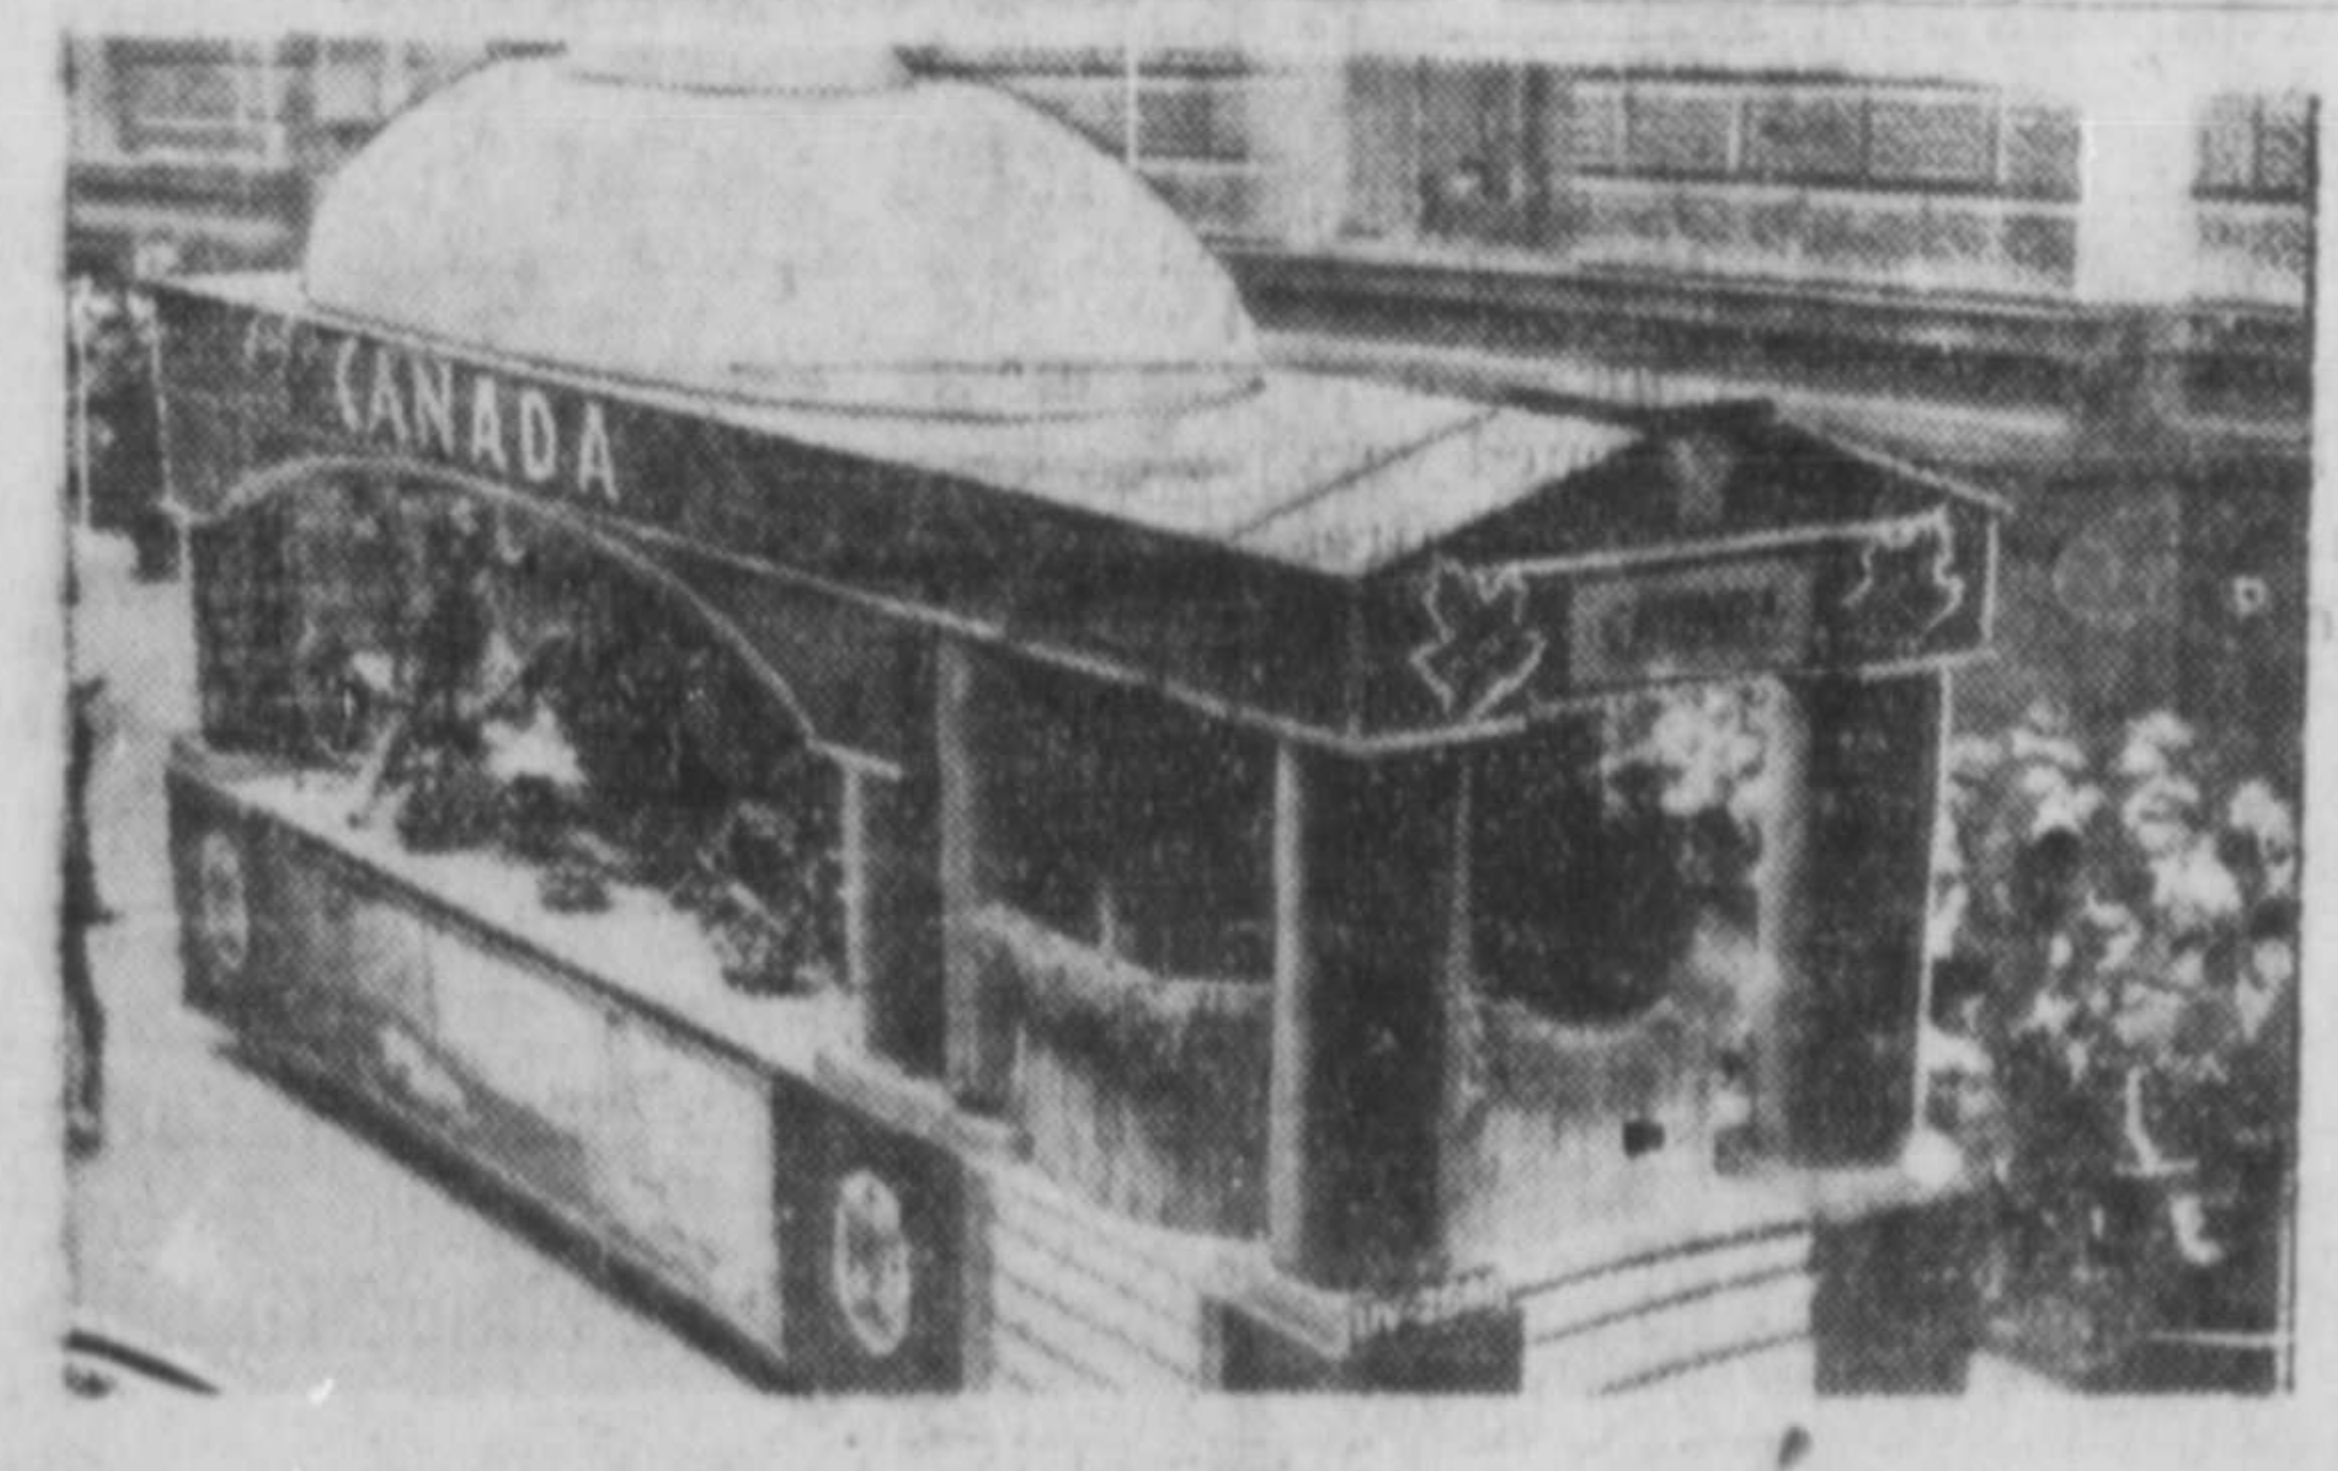

Today nearly all manufacturers are losing money and the incomes of railways and governments are tremendously reduced. It is one of the results of the buyers' strike which has been going on throughout the world.

ABNORMAL TIMES

These are abnormal times. Even the weather has been abnormal. It is not often that it rains much of the winter in Southern California, that Southern Europe is cold and damp, or that Prince Rupert climate is as mild as it has been this winter. Possibly, there is a relation between economic and atmospheric conditions.

CANADIAN MINING INDUSTRY

Mineral production in Canada showed greater expansion during the decade just closed than any other major branch of industry, say the Royal Bank monthly report. The total output of Canadian mines was valued at \$172,000,000 in 1921. This increased to a total of more than \$310,000,000 in 1929. The industry shared the efforts of the prevailing business depression and operations during 1930 were curtailed in many fields. As a whole, however, mining continued to progress and provided one of the greatest stabilizing influences in business during the year. New records were established in both the quantity and value of gold, petroleum and natural gas produced. Prices for copper and zinc were materially lower than in 1929, yet new quantity records were established for these metals. The output of silver was also increased and was greater than in any year since 1915. As a result of the decline in metal prices, the aggregate value was less than in the previous year, dropping to \$276,850,000. This stands second only to the record established in 1929 and is nearly two million dollars greater than the total for 1928, the record up to that time. A comparison of these amounts with the total for 1921 shows the great advance made in mineral production during the decade. Further, the maintenance of such a high level of production under the adverse conditions of 1930 is striking evidence of the soundness and underlying strength of Canada's mining industry.

Photograph shows the Canadian float in recent Lord Mayor's procession in London, England.

AUTO RATE DISCUSSED

Terrace Board of Trade Advised That no Reduced Rates Will be Given

TERRACE, Feb. 6.—There was a strong muster at the meeting of Terrace Board of Trade on Tuesday evening. J. K. Gordon presided and sitting accommodation was more than overtaxed.

Letters from the C. N. R. were read declining to reduce the rate for transporting automobiles from Prince Rupert to Terrace and refusing reduced week-end fares from Terrace to Prince Rupert. On the motion of Mr. Kenney, it was decided to carry the appeal for reduced automobile rates to the general manager of the western division.

The Board went on record in support of a petition from the residents of Kalum Lake and Rosswood which asked for the opening up of the road on the east side of Kalum Lake.

A number of recommendations received from Stewart Board of Trade suggesting alterations in the mining laws of the province drew an expression of various opinions and were ultimately referred to the mining committee for report.

The secretary placed before the meeting a resolution from Burns Lake Board of Trade urging the provincial government to start construction of the British Columbia-Alaska highway at the earliest possible moment, but expressing opposition to concessions along the route being given to private individuals or corporations. A lengthy discussion took place and the matter was tabled for further consideration at the next meeting.

George Beveridge reported that the Burns' night dance had resulted in an income of \$2.40 and hearty thanks to the ladies who had assisted was passed.

Dr. Wrench M.L.A., who was present then addressed the meeting, complimenting the members on the live way in which their business was conducted, assuring the meeting of his desire to do all in his power to help forward the interests of the district, and asking to be kept informed of the opinions of the board on matters of importance.

On behalf of the public works committee Mr. Kenney reported that the committee had passed a number of recommendations. These included one that the provincial roads be classified as arterial and secondary and that special attention be paid to the arterial roads; another that application be made to the provincial House for an apportionment of \$75,000 for public works in the riding during the present year; one that the government be asked to rebuild a bath at Lakelse Lake; and another that an early start be made in building a bridge over the Kalum River near Kalum Lake.

All the recommendations were approved.

Mr. Lindstrom, Remo, pointed out that there would be considerable advantage in building the road from Terrace to Remo on the north side of the river, and Mr. Turner said, as an old prospector who had gone over the route more than once, that the main highway to Prince Rupert would be much more satisfactory on the north side of the Skeena River.

No vote was taken on this question and the board proceeded to fill up the blanks in its committees.

Q. C. BOARD HAS MEET

Fishermen's Resolutions Approved and Consolidated Schools Discussed

QUEEN CHARLOTTE CITY, Feb. 6.—A general meeting of the board of trade was held here on Monday. The fishermen's resolutions asking that the export duty be removed from fish going into the United States and opposing the proposed Howe regulations was endorsed. The proposal for reduction of the age limit for the Old Age Pensions was also endorsed.

The president, Rev. S. Redman, outlined a consolidated school system for the outlying districts, showing how improvements in better schools with better equipment would raise the standards of education in all rural schools. A debate on the proposal followed.

The president of the board was given credentials to visit the boards of trade, he being on a visit to Prince Rupert and Vancouver in connection with duties of the United Church of Canada.

TELLS ABOUT BANK SYSTEM

B. J. Mellish Gives Interesting Address to Rotary Club at Luncheon

Canadian banking became a very interesting subject as explained by B. J. Mellish, manager of the Bank of Commerce, in an address to the Rotary Club at its luncheon yesterday, George Bryant presiding in the absence of President Syd Johnston.

Mr. Mellish said the Canadian banking system was founded on the system introduced by the First Bank of the United States and later discarded in the country to the south in favor of the individual bank system.

Prior to confederation the banks were under provincial control but in 1872 the First Canadian Bank Act was passed and the basic principles laid down at that time had been followed since. In 1880 the law was revised to make bank notes a first claim on the assets of the bank. This was followed ten years later by an act establishing a circulation fund for the protection of bank notes making all the banks responsible for the notes of all the

others. Later changes were made providing for government auditing and inspection.

Mr. Mellish said the complaint had been made that the Canadian banks did not give enough service, yet in Canada there was a bank to every 2500 inhabitants whereas in United States there was one to every 3500 and in Britain fewer still. He thought the system here better than in the States for the branches were just as much local banks as were the individual banks of the States. Besides that, they had the advantage of being able to handle large business if it offered. In critical times such as this they were governed by a policy laid down by the best financiers of the country.

Dealing with the matter of failures the speaker said that while in Canada in the early days there had been a number of failures, since 1910 there had been but one and that not a large one. It was the Home Bank. In the United States there had been 1326 bank suspensions and since 1910 nearly 900.

Mr. Mellish concluded that on the whole he much preferred the Canadian system as being more secure and having all the advantages without the disadvantages of the American system.

FISHERMEN AIR VIEWS

Howe Regulations Again Condemned at Queen Charlotte Meeting

QUEEN CHARLOTTE CITY, Feb. 6.—A general meeting of the Hippi Island unit of the Northern B. C. Salmon Fishermen's Association was held at the home of Chas. Valley, the secretary, with a good attendance. Important matters dealing with the welfare of the fishermen were discussed. The Howe regulations came under criticism for the unfairness of such a policy. Fishermen, who have conservation at heart and aim to make the industry flourish, thought the canners always in any move had things legislated in their favor. If such as the Howe regulations prevailed, the fishermen would be done for. Under such regulations they could not operate.

Proposals made by resolution were that cannery licences be issued to all British subjects; that fishermen be allowed to sell their fish in any area; that salmon saltery licences be reduced to the former

number; that the age limit for the old age pensions be reduced.

The major motion was that the export duty be removed from salmon entering United States. The fishermen claim that a spring salmon, when dressed and iced, is a finished product ready for the fresh fish market. Fish dealers who bought their fish in Canada did nothing more than re-ice their fish, put it into a box or another boat and it went without export duty.

Fishermen claim that they can put up a better grade of fish and get more for it by dealing with the markets themselves.

Their secretary, Chas. Valley, was instructed to write and forward the protests to the Queen Charlotte Board of Trade, Skidegate Inlet Conservative Association, Olof Hanson M.P., Hon. T. D. Pattullo, leader of the opposition, the minister of fisheries at Ottawa, and Hon. B. L. Howe, minister of fisheries, Victoria.

Union steamer Catala, Capt. A. E. Dickson, is due in port at 6.30 this evening from Vancouver and waypoints and will sail at 12 midnight on her return south.

Frank Morris, Manager of B.C. Undertakers returned to the city on yesterday afternoon's train from Terrace where he conducted the funeral of the late Mrs. Little.

Owing to lack of evidence, the charge in city police court against Leo Contoli of intimidation has been withdrawn. The charge of seduction has been remanded for eight days, the police announce.

Mr. and Mrs. H. A. Philpot will sail by the Catala on their return to Vancouver. Mrs. Philpot has been visiting here for the past six weeks and Mr. Philpot, during that time, has been on a trip to Winnipeg.

A local boy of juvenile age came before Judge Young in County Court yesterday afternoon and was sentenced to three years in industrial school for incorrigibility. The boy was taken south last night on the Prince George by Constable William Smith who also had in his custody Mike Ivanich, sent down to Okalla for a year for theft and an insane patient for Esson-dale.

Lutheran Ladies' Aid Has Largely Attended Meeting

The West End Ladies' Aid of St. Paul's Lutheran Church had the most largely attended meeting in its history last night at the home of Mrs. Tom Dybhavn, Beach Place.

The pastor, Rev. J. H. Hanson, opened the proceedings with prayer and there was then a business session. After this there was a social hour and a program which included papers by Mrs. James Mastin on "The Drug Evil" and by Mrs. F. W. Hart on "Missionary Work of John Patton in the South Sea Islands." Delightful vocal duets were sung by Mrs. John Murvold and Mrs. Tom Dybhavn.

Before the close of the meeting, delicious refreshments were served with Mrs. George Fritz and Mrs. A. Jacobsen assisting the hostess, servers being Misses Aleda and Agnes Johnson and Julia Essen.

Making Arrangements For National Prayer Here on February 20

The leaders of the different missionary societies of the churches of the city met yesterday afternoon at the home of Mrs. John H. Hanson to arrange for the observance of National Prayer Day here on February 20. The Prayer Day services will be conducted this year in St. Paul's Lutheran Church.

INFANT BURIED THIS AFTERNOON

The funeral took place this afternoon from the chapel of the B. C. Undertakers to Fairview Cemetery of Harold Angel, four and a half month son of Mr. and Mrs. Harry Hansen, whose death occurred Wednesday morning. Rev. John H. Hanson of St. Paul's Lutheran Church officiated with Mrs. Hanson presiding at the organ. There was quite an attendance of friends of the bereaved family.

**Skidegate Inlet
Hospital Ass'n
Has Meeting**

QUEEN CHARLOTTE CITY, Feb. 6.—The Skidegate Inlet Hospital Association had its annual meeting recently when all the 1930 officers were re-elected with the exception of G. A. Jolliffe, who was replaced by George McRae. The financial statement for the year was good.

This hospital, since Dr. Roberts has been in residence, has been modernized with x-ray and other facilities.

**Now, Humming
Birds on Queen
Charlotte Islands**

At That, Somebody's New Year Celebration May Have Extended Longer Than Usual

SKIDEGATE, Feb. 6.—Vancouver people claim to have seen bees this winter while the folk of Duncan, Vancouver Island, claim they have butterflies, owing to the very mild weather. A local citizen can beat even that for it is said here that a humming bird was seen here. Looks like somebody's New Year celebration has extended a little longer than usual.

NORTHERN B. C. NEWS

ALICE ARM

Rev. and Mrs. W. B. Jennings entertained last Thursday evening with a delightful card party in T. W. Falconer's Hall. Bridge was played at seven tables and cribbage checkers were also enjoyed. Prize-winners were Mrs. E. Peterson, Mrs. E. Ripley and Gus Anderson. Delicious refreshments were served and an hour or so of dancing brought the delightful party to a close.

Exceptionally mild weather for this time of year continues in Alice Arm and Anyox. Rhubarb is up and flowers are also in bloom in many gardens.

STEWART

The Hyder General Hospital Association has been formed to furnish aid for the Stewart General Hospital which the neighboring Alaskan town uses a great deal. Oren F. Hill, T. H. Evans and Ernest Blue are mentioned in the articles of incorporation of the new association.

Nominations for 1931 officers of the local Canadian Legion are as follows: for president, M. P. Murphy (elected); for vice-president, H. A. Stewart, G. P. Heinekey and W. S. Orr; for second vice-president, W. D. Smith and defeated candidates for first vice-president; sergeant-at-arms, H. A. Stewart, O. N. Mainsbridge and D. Bennett; chaplain, Rev. Father Leray (elected); executive, three to be elected, O. N. Mainsbridge, J. O. Lyon, G. P. Heinekey, C. M. Adam, H. D. Rochfort, W. D. Smith, J. Bouzek, W. S. Orr, H. A. Stewart and C. G. Jackson; for trustees, J. Scott, James Morrice and H. C. Bennett.

Badminton challenge cups to be played for by members of the Canadian Legion have arrived and preparations are being made to start the tournament shortly.

William Isak Soderback, a Finn, came before the magistrate here a few days ago and was sentenced to 30 days imprisonment for vagrancy. After he has completed serving his term, it is likely he will be deported.

Oren F. Hill has been reappointed to the post of postmaster at Hyder, it is learned from Washington, D.C.

A joint meeting between the retiring board of village commissioners here and the new board was held on Monday night prior to the latter taking over office for the coming year.

It is likely that a 6-man badminton team will be sent from here to Prince Rupert and Anyox for competitions in March.

There was a bridge and whist drive last Saturday at Premier in honor of Joey Arseneau on the eve of his departure for the south to undergo medical treatment.

During a recent stay here, Morley Shier of Vancouver was the guest of D. L. IPT, general manager of the Premier Gold Mining Co.

Weather continues mild here and at Premier. At the latter point the snow is rapidly beginning to disappear.

SKIDEGATE

Mr. Benson, popular forest ranger, has left for Cumshewa Inlet on the forestry launch Alpine Fir, being on departmental business.

There is an extra good crop of clams on the Queen Charlotte Islands this year and it is expected that the herring will be running soon.

A very enjoyable bridge party was held by Mrs. Gordon Jolliffe at her home in Queen Charlotte City last week-end. Among the guests were Mrs. R. G. McKenzie, Mrs. H. R. Bevan, Mrs. David Wilton, Mrs. A. Duval, Mrs. F. Atkins, Mrs. E. C. Stevens and Mrs. J. Anderson.

Capt. J. Haan Jr. paid a short visit to Skidegate with his large troller Iia last Sunday. Jack is getting his boat in shape for spring trolling.

TERRACE

The deportation of Lawrence Nugent and his family took place on Wednesday. Nugent came from Scotland, two years ago and settled on a farm on the prairies. He failed to make headway and drifted to Terrace where he has been working in the relief gangs. He applied to be sent back home and having arrived under an immigration scheme the Department of Immigration granted his request. Mr. Lennox of Winnipeg arrived on Tuesday to accompany the family east where they will embark on the Minnedosa at St. Johns, sailing on February 13.

Capt. Hearn of the Lakelse Hatchery returned from a visit south on Wednesday.

George Tessier has rented the old Skeena Billiard rooms where he is opening a pool room.

Prior to coming on to Terrace on Tuesday Dr. H. C. Winch M.J.A. paid a visit to his constituents at Usk and sought to get an understanding of their problems. He then proceeded by speeder to Terrace where he met many friends and addressed the meeting of the Board of Trade. He returned west on Wednesday.

George Woodland, of the Imperial Oil Co., Prince Rupert, was a visitor here on Wednesday.

Mrs. Thomas Brooks had the misfortune to take a quantity of lysol in mistake on Wednesday morning. Dr. Mills was quickly called and applied a hypodermic injection. The latest report stated that Mrs. Brooks was recovering nicely.

Carmen Smith was the prize winner at the show on Wednesday the prize being a handsome travelling rug.

**COMMITTEES
