

RELIEF WORKERS ARE BEING LAID OFF

FIVE SEATTLE MEN BURNED TO DEATH IN PLANE CRASH

Two Hundred Men in Local Camps Ceased Their Labors Today

Order Is General One and Is Believed to Be Only Temporary—Intention, It Is Understood, Is to Check Up On Necessity of Men Being Given Work

Supposedly in compliance with an agreement which has been reached between the provincial and federal governments that unemployment relief camps shall be used only for those actually in need, an order was received here yesterday afternoon to lay off temporarily all men who have been employed in the government's relief work locally.

The order, it is understood, is a general one and applies throughout the province. It came into effect this morning on the Cloyah Bay and Prudhomme Lake section of the Skeena River highway and involves some two hundred men who have been working there.

While details of the government's intentions were lacking in the telegraphed instructions which ordered the laying off of the men, it is supposed the lay-off has been ordered so that all the men may be checked up on in regard to the necessity for them receiving employment.

Most of the men will remain in the government camps where it is understood provision has been made to keep them. Only married men with families in the city are returning to town and there is not a great number of them, most of the local married men being employed on the city relief work.

City unemployment relief work, up to this morning, had not been interfered with as a result of the government's economy edict.

FIRES IN OCTOBER

More Damage Done During Month Just Ended Than During Any Other Month This Year

October was the heaviest month for fire damage in Prince Rupert so far this year. The loss for the month just ended, pending final adjustment, is placed at about \$6,400 fully covered by insurance, including \$5,000 (estimated) damage when the lumber yard of the Big Bay Lumber Co. was visited by fire on October 27 and \$1400 (estimated) when fire of incendiary origin broke out in the premises of Vic Rodgers on Fulton Street on October 8. There were, in all, three fire alarms turned in during the month. Last year in October fire loss amounted to \$527.70.

So far this year fire loss in the city has amounted to an estimated \$8,021 as against \$31,514.70 for the first 10 months of 1930. There have been 47 alarms so far this year as against 66 in the corresponding period last year.

PASSING OF LABOR HEAD

A. J. Cook, General Secretary of British Miners' Federation, Dies at Age of Forty-Six

LONDON, Nov. 2.—A. J. Cook, for many years general secretary of the British Miners' Federation, died today at the age of 46. For many years he had occupied a place of outstanding prominence in industrial life of Great Britain and in labor affairs.

COURT IN SESSION

Two Cases Dropped and Three New Actions on November List—Five Naturalization Applicants

County Court was in regular monthly session before Judge F. McB. Young this morning for setting of cases and hearing of naturalization applications. Two long outstanding actions were struck off the list and three new ones were added.

The calendar for the month of November is as follows:

L. Huboff vs. K. E. Veregin et al. \$95, Williams, Manson, Brown & Harvey for plaintiff, Patmore & Fulton for defendant, struck off the list.

J. J. Hepson vs. Mayou Gold Copper Mining Co., \$377.55, Williams, Manson, Brown & Harvey for plaintiff, Whiteside, Wilson & White (Vancouver) for defendant, date to be fixed.

Fred Garner vs. George Bolen, \$192.20, Williams, Manson, Brown & Harvey for plaintiff, Patmore & Fulton for defendant, struck off the list.

Herman Freckman vs. Andrew McDonald, \$145.85, Williams, Manson, Brown & Harvey for plaintiff, Patmore & Fulton for defendant, stands.

Booth Fisheries Co. vs. Charles M. Edwards and John Postgate, \$130.50, Williams, Manson, Brown & Harvey for plaintiff, Patmore & Fulton for defendant, stands.

Central Hotel vs. D. H. Yelf, \$157.35, Patmore & Fulton for plaintiff, defendant in person, stands.

Gertrude H. McGrath vs. Charles M. Edwards and John Postgate, \$109.18, Williams, Manson, Brown & Harvey for plaintiff, defendant in person, stands.

S. Sakuda et al vs. J. A. Brown, \$1,000, Williams, Manson, Brown & Harvey for plaintiff, Patmore & Fulton for defendant, November 20.

Boulbee Ltd. vs. Kalen Motors Ltd., \$64.49, Patmore & Fulton for plaintiff, Williams, Manson, Brown & Harvey for defendant, adjourned to next court.

Artistic Ad Co. vs. Edwin J. Clapp et al, \$79.67, Patmore & Fulton for plaintiff, defendant in person, date to be fixed.

Jack Morasky vs. Louis Locker, \$397.90, Patmore & Fulton for plaintiff, Williams, Manson, Brown & Harvey for defendant, date to be fixed.

Appeals
Rex vs. Elizabeth Thompson, W. E. Fisher for crown, L. S. McGill for appellant, stands to be heard by Judge H. E. A. Robertson.

Rex vs. J. Maguire, W. E. Fisher for crown, Patmore & Fulton for defendant, stands to be heard by Judge H. E. A. Robertson.

Naturalization applications of Harold P. H. Holkestad, Ingebrigt Lauten, Hans Langholm, Oskar E. M. Siverson and Emil M. L. Petersen were approved.

CARD OF THANKS

Mr. Charles Cauthers and Mr. and Mrs. Wilkinson and family wish to express their deep appreciation to the people of Terrace who worked so strenuously at the time of the fire and for the kindness and expressions of sympathy so generously extended to them in their recent sad double bereavement, and for floral tributes.

BIRTH NOTICE

A son was born to Mr. and Mrs. E. F. Saunders, nee Miss Christina McKenzie, at the Prince Rupert General Hospital Sunday, November 1.

No Time For Singing

John McCormack, famous Irish tenor, didn't sing to this sword fish off Los Angeles. He may have at first, but later he hooked it and spent nearly an hour and a-half landing the playful fellow

FEW HAVE REGISTERED SERVICES IN CAMPS

Householders and Licenceholders to Number of 232 Qualify For Civic Voters' List

A total of 232 persons registered as licenceholders and householders for the civic voters' list, it was announced this morning at the office of the city clerk following the closing of registrations Saturday evening. Last year 272 persons registered in this category; in 1929, 296 persons, and in 1928, 385. There was little activity this year in getting names on the list, due, no doubt, to the fact that no mayoralty contest is in prospect for January.

Property owners may still qualify to vote at the January civic election providing they have property registered to the assessed value of \$100 or over on or before November 30. They go on the list automatically.

Final Party Standing After Tuesday's British Election

Nationalist Government	Opposition
Conservatives 473	Georgian Liberals 5
Nationalist Labor 13	Labor 50
National Liberal 67	Independents 7
	Mosley New Party 0
	Communists 0
Total 553	Total 62

All 615 seats reported.

Quintette Met Ghastly Death Near North Bend When Plane Hit Road

Were Returning From Hunting Trip in Snoqualmie Pass Country When Tragedy Occurred Late Yesterday

NORTH BEND, Wash., Nov. 2.—Five men, all residents of Seattle, were burned to death when a plane in which they were returning from a hunting trip crashed on the highway near the summit of Snoqualmie Pass late yesterday. The bodies of the occupants of the machine were burned beyond recognition. The dead are: John Blum, pilot; Arthur Hoge, Dr. Russell McCurdy, Ray Sutherland and Harold de Spain.

PASSING OF PUBLISHER COUNT IS COMPLETE

J. S. H. Matson, Owner of Victoria Colonist, Expires Following Heart Attack

Three Final Seats in British General Election Gave Returns Over Week-End

Long in Victoria

Was Also Owner of Former News-Advertiser Newspaper of Vancouver

VICTORIA, Nov. 2.—Seized with a sudden heart attack as he was about to leave his home on Sunday morning at 11 o'clock, John Samuel H. Matson, owner and publisher of the Colonist, Victoria's morning newspaper, died a few minutes later.

Born in York County, Ont., on April 21 in 1869, Mr. Matson came here in 1889. He purchased the Colonist 25 years ago.

The late Mr. Matson received his education at Pickering College, Pickering, Ont., at Day's Commercial College and at the Ontario Agricultural College at Guelph.

He was engaged in lumbering in the woods of Northern Michigan for four years before coming to Victoria at the age of 20. From 1889 to 1905 he engaged in the real estate, insurance and general brokerage business here, acquiring the Colonist in 1906. Four years later he purchased the Vancouver News-Advertiser which several years ago merged with the Vancouver Sun.

In 1911 Mr. Matson successfully represented the Government of British Columbia in negotiating the surrender by the Indians of Songhees Reservation within the city of Victoria.

In 1899 Mr. Matson was married to Miss Ada Theresa Galley. There were two sons and one daughter.

The late Mr. Matson was a Fellow of the Royal Geographical Society, a Mason and a member of the Union Club. In politics he was a Conservative and in religious denomination an Anglican.

STRENGTH IN GRAIN

Prices Are Still Mounting and All Varieties Vaulted Over 70c

WINNIPEG, Nov. 2.—For the first time since current futures were presented for trading, wheat vaulted over the 70c per bushel mark here today. Net gains were from 2 3/4c to 3c per bushel. November closed at 70 3/4c December at 70 1/4c and May at 73 3/4c.

GRAIN MOVEMENT IS BECOMING LARGER

The grain movement from the prairies to the Alberta Wheat Pool's Prince Rupert elevator is beginning to gain considerable volume. On Saturday 18 carloads of wheat arrived and were taken into the house.

Last night 29 more carloads arrived and is being unloaded today. Railway offices this morning reported 160 carloads of grain on the division west of Jasper Park bound for Prince Rupert.

BURDOCK BLOOD BITTERS

Had Thirteen Boils On His Neck

Mrs. H. V. Duncombe, Grassy Lake, Alta., writes:—"My husband was covered with boils, having as many as thirteen on his neck at once. He tried everything possible, but nothing did any good until he took Burdock Blood Bitters, and before he had used one bottle the boils were all gone, and he has not been bothered with them since."

DAILY EDITION Monday Nov. 2, 1931

FISHING SEASON ENDS

In view of the conditions of the fishing industry, Prince Rupert is to be congratulated on the fact that conditions are no worse. Fishermen have suffered badly and the owners of boats have received scarcely enough to keep them in fishing condition. Now there is a close season for three and a half months and it looks as if the men would have a difficult time getting through the winter.

The chief reason for the small catch is primarily the low prices but also it will be remembered that owing to several reasons fishing did not commence very early in the season. The main interest in Prince Rupert is not how much fish is caught but how much do the fishermen receive for their labors.

MEN LAID OFF ON HIGHWAY

The laying off of the men on the highway work came as rather a shock but in view of the financial situation it is not surprising. Before any of them are taken back it is probable that the provincial and federal governments will want to satisfy themselves that all the men working are really in need of the employment.

While the action seems erratic and tending to destroy confidence it is hoped that very soon the difficulties will be ironed out and as many as possible of the men be taken back to work. In the meantime it is understood they are being taken care of by the government in the camps.

P. G. E. SCHEME QUASHED

The P. G. E. scheme seems to have been quashed for the present and by the time the present winter is over both governments will be so hard up it is hardly likely either will have the hardihood to revive it. It was ill-conceived anyway.

Next year we may hope the two governments will be pooling their efforts toward securing a proper outlet for the Peace River and after that is built and the grain flowing toward the Pacific giving relief to the farmers, will be time enough to consider completing a line which no one claims can give adequate returns for the money expended on it.

Embarrassing Moments

ALCOHOL IS RELIC

Dr. Cherrington, Dry Executive, Says It Has No Place in Modern Machine Era

BOSTON, Mass., November 2.—A whole new steep confronts temperance workers, calling for shock-proof sticking to the one fundamental point that alcohol as a part of beverages has no more place in modern machine civilization than sand in the bearings of engines.

This is the message brought to Massachusetts by Dr. Ernest H. Cherrington, secretary of the World League Against Alcoholism, who spoke before a rally in Tremont Temple, sponsored by the Massachusetts Anti-Saloon League.

"Not a wet in Boston would consent to board a train tonight for New York if he knew that the engineer was carrying a hip flask," Dr. Cherrington said. "What about the 40,000,000 drivers of automobiles who do not even have a rail track to prevent them from endangering other cars on the road? shall our government be sustained in its effort to prevent individuals from obtaining a beverage which dulls the faculties, even when taken in so-called moderate amounts?"

No Longer Concerned

"We are no longer primarily concerned with the out-and-out drunkard. We are confronted with a prohibition situation utterly unlike that which obtained 50 years ago, or even five years ago. On one point there can be no dispute—that alcohol is a habit-forming narcotic drug. Its use as a beverage belongs to a slower and lower type of civilization than ours. This is the message that temperance workers must get across to the public."

Dr. Cherrington warned that behind all attempts to modify the prohibition laws, is the "insidious suggestion" that liquor, for the first time in history, be given sanction in the Constitution of the United States, as slavery was at one time. Any modification would be in effect government permission for the liquor traffic, he explained.

Taking a long view, Dr. Cherrington expressed satisfaction with the progress of the temperance movement. Present reaction against it is of little moment when weighed against the decades and centuries, he said. It took 10 to 12 centuries for the prohibition of murder to become even partially effective. There is no cause for discouragement if, after 12 years, prohibition of intoxicating liquors is arousing opposition in the United States, he added.

Education is the fundamental solution of the liquor problem, but education without law to back it up is feeble, Dr. Cherrington continued. Even the public school system had to be legislated and enforced before it won acceptance by the public. Unflinching adherence to the Eighteenth Amendment, plus an enlightened and continuing educational campaign is the course for dry workers to pursue, he concluded.

Takes Issue With Butler

Ben Spence of Toronto, a journalist and student of liquor systems, took direct issue with Dr. Nicholas Murray Butler, president of Columbia University, on his advocacy of the Canadian system for the United States.

"Dr. Butler opposes return of the saloon," Mr. Spence said. "He states that the Canadian system eliminates the saloon. In that he is misinformed. Saloons exist in Canada with all the characteristics of the back room of the old bar type of saloon. The only difference is the name and the absence of a bar and brass rail. But Canadian "beer parlors" are only saloons, after all. Alcoholic beverages are sold and imbibed on the premises, and that's a saloon. In intellectual honesty, Dr. Butler cannot favor the Canadian system for the United States if he opposes the saloon."

Even if the Canadian system had not increased the consumption of absolute alcohol contained in spirits, wine and beer from 2,551,000 gallons in 1923, to 5,240,000 in 1930, it still would not promote sobriety in the United States, Mr. Spence continued. Canadian courts and legal machinery are more strict, yet bootlegging, crime, and liquor consumption have steadily mounted. With the looser methods in the United States, the results would be correspondingly worse.

Mr. Spence denied the claim that prohibition has increased crime in the United States. Without it, he said, conditions would be far more deplorable.

In 1880 there were in the United States 2,647,000 women gainfully employed. In 1930 women workers had increased to 10,779,000.

NEWS OF THE MINES AROUND PRINCE RUPERT

To Move Supplies Into Manson Creek Placer District; Report on Troy Property in Portland Canal; Reasons For Activity in Premier Stock

W. J. Crawford, well known Stewart transportation man, moved 32 head of pack horses this week from Stewart to Vanderhoof whence they will be taken into the Manson Creek country where they are to be used in transporting a large quantity of material, machinery and supplies for placer gold operations. The contract was received by Mr. Crawford from an American syndicate which recently acquired considerable placer ground in the Manson Creek country. Their plans include the packing in of a dredging outfit in addition to a "huge quantity of other material and supplies which will be required in the work."

Hallowe'en Was Quiet Saturday

Hallowe'en went off very quietly in the city Saturday night. The youthful celebrants kept themselves within due bounds and no very serious pranks or damage were reported. As usual, the favorite pastime for the children was in all manner of costumes to solicit apples and sweets from the neighbors.

Two types of mineral occur in the Troy property on the west side of Mount Dilworth on the Nass River slope of the Salmon River Glacier says the report of Dr. J. T. Mandy, resident mining engineer, in the annual report of the British Columbia minister of mines. Irregular narrow and lenticular quartz veins occur in argillite mineralized mainly with zinc-blende and galena with which is associated some chalcocite and grey copper. The second type consists of silicified and pyritized replacement zones in volcanics. Recent work has been confined to tracing and exploring these zones with the objective of recovering a possible gold content. Towards the close of the season the owners reported the discovery of sections containing low grade values. The original Troy group of nine claims was bonded to the Northland Mining Co. in 1925 but, on account of default of option payments, reverted in 1926 to the original owners, Charles Lake and partner of Stewart.

Recent strength of Premier Gold Mining Co. stock on the Vancouver Stock Exchange is believed to have been largely due to reports from New York to the effect that interests already strong in Premier have been buying actively on the New York curb on the strength of showings found in property recently acquired by the company and to the expectation that silver is to be more valuable in the near future. Porter Idaho and Prosperity, two Premier subsidiaries, are very rich in silver and, although they are at present closed down, they would be opened immediately if an advance in the white metal were to become effective.

EFFICIENT DIETICIAN

Meals Must Be Appetizing and Attractive as Well as Economical, Says Hospital Expert

TORONTO, Nov. 2.—If food comes back on the tray untouched, a dietician has not fulfilled her duty, Dr. Malcolm T. MacEachern, director of hospital services, American College of Surgeons, told the dietetic section. Meals in a hospital should be so appetizing and attractively prepared that there is no waste whatever. It is not sufficient that the food values have been carefully calculated, he said.

Furthermore, a hospital dietician should have administrative and business ability. In fact, Dr. MacEachern described her as a "super woman." So complicated are the duties of a hospital dietician that four years' college training are insufficient to prepare her to take charge of a hospital. Miss Ruth Park, Montreal General Hospital, told the meeting. She said she did not approve of students entering a hospital without at least four years in college and she regretted that

If you suffer from biliousness or indigestion there is nothing better than

some Canadian hospitals took them in with only two years' college training.

Pay Days as long as you or your wife live

EVEN when your working days are over, pay days can be continued for you and your family.

If you live to old age, the Life Insurance you obtain now will provide a monthly income to make you independent.

If your wife has to "carry on" without you, Life Insurance money will help replace your regular earnings. It will feed and clothe your family - - ensure the education of your children.

For your own peace of mind see a Life Insurance representative today. From him learn how Life Insurance will immediately solve your personal problem of future pay days.

POVERTY IS INEXCUSABLE

So Says United Church Minister in His Sunday Evening Sermon

At the evening service at the First United Church yesterday, the minister, Rev. A. Wilson, gave an impressive talk on "The Only Guarantee of World Prosperity." There was too much of a tendency to draw a dividing line between material and spiritual prosperity nowadays, Mr. Wilson declared. Many apparently material things were really spiritual in their character. People thought of books in a material way but their chief feature was their mental value. There was a wrong attitude of mind towards the material. Matter was a gift of the Creator as much as the spirit and desire of mankind. Prosperity was not sectional, provincial or national. It was worldwide.

Poverty in a land of plenty was not prosperity and was inexcusable, just as was famine in any part of the world when there was so much food and sustenance in other parts. It was the fault of mankind and the result of greed and the race for wealth. Not until mankind saw first that the welfare of mankind was more important than the wealth of the few and not until the spirit of the Master was prevalent would real world prosperity be attainable. Men must put first spiritual things and material prosperity would follow.

Special music was contributed at the morning service by the Junior Choir and in the evening the male quartet's number, "There's a Rainbow on the Cloud for You," was effectively rendered by J. Wilson, F. Derry, Bert Cameron and H. Dunn. Miss M. A. Way was organist in the morning and Mrs. A. Wilson for the evening service.

C. W. Homer, provincial assessor, sailed last night on the Prince George for a trip to Vancouver and Victoria.

Albert Farrow, steamboat inspector, arrived in the city on the ss. Catala last evening from Vancouver, being here on official duties.

Vic Rodgers, recently of Fulton Street, having received word that a position was awaiting him in Vancouver with a show troupe (there, sailed last night on the ss. Prince George for the south. He expects to start work soon after arrival in Vancouver. He expects to return to Prince Rupert later.

SHE HAD "The BLUES"

—with Fits of Crying. Mrs. Simpell says she is now a robust woman. Thanks to Dr. Williams' Pink Pills (tonic).

If you are low in spirits, and discouraged, your general health probably is at fault. Build up your health, and happiness is sure to result.

Dr. Williams' Pink Pills contain iron and other elements which increase the amount of haemoglobin or oxygen-carrying agent in the blood. That is the astonishing secret of Dr. Williams' Pink Pills which makes them seem to perform wonders. The increased oxygen in the blood re-vitalizes the tissues of the body, sharpening the appetite and imparting a sense of well-being and happiness.

"Now I'm HAPPY Once More."

"I had neuralgia, back-ache, nose-bleeds and a nervous condition which caused fits of crying and spells of the blues," writes Mrs. H. Simpell, Dominion Avenue, Midland, Ontario. "What ailed me I did not know—only I was always tired and out of sorts. . . . A neighbor recommended Dr. Williams' Pink Pills, so I decided to try them. . . . After the faithful use of about four boxes my health became established and I was happy once more. Occasionally I take a box yet, but now I am a strong, robust woman."

Go to a drug store today and get a supply of Dr. Williams' Pink Pills—a step you will never regret as long as you live. 50 cents a package. Be sure to say "Dr. Williams'" so that the druggist will know exactly what you want. 26

New Difficulties Encountered By Welfare Workers

Montreal Child Welfare Association Reports Outbreak of Scurvy Among Children

MONTREAL, Nov. 2.—Emergency conditions have imposed emergency work, unintended for it, upon the Child Welfare Association, and it is now being called on to provide relief for families whose children are menaced by disease owing to lack of protective foods, states Mrs. J. J. Creelman, president of the association.

Families who formerly called their physicians at the least sign of illness in their children now send for a Child Welfare Association nurse to ask her whether it is necessary to summon a doctor, Mrs. Creelman points out.

It is a common experience among nurses to find families of five whose

total allowance for food is \$3 weekly, states Mrs. Creelman. Each month a higher percentage of malnutrition and anaemia is encountered and many cases of anaemia are found among expectant mothers.

During the recent convention of the American Public Health Association in this city the executives of the Child Welfare Association of Montreal had numerous conferences with executives of similar organizations in the United States and England, and it was found that all had been forced into the relief field to the extent of providing clothing, fresh fruit and vegetables and cod liver oil for the children in order to offset deficiency diseases such as scurvy, which is becoming noticeable in all clinics. The cases discovered here are said to be mild manifestations for the most part, there being but few of the severe type. All the latter have been placed in hospital.

This occurrence of scurvy is said to be an almost unique experience in the last ten years of child welfare work.

PRINCE RUPERT Likes the Best!

Prince Rupert merchants say that their customers like to buy goods of the best quality. They are a discriminating people.

If there are any Prince Rupert people not taking the Daily News regularly we suggest that they are making a mistake in not taking the best. The price is now so low that it is a mistake to do without the paper that circulates throughout the district.

Call up the Daily News business office and ask that the boy call and collect.

TERRACE FUNERAL

Community Pays Tribute to Mrs. Cauthers and Baby

TERRACE, Nov. 2.—The funeral of the late Mrs. Cauthers and her baby, victims of the recent tragic fire at Terrace, took place on Thursday afternoon and, despite a torrential downpour of rain, was attended by a very large gathering of residents.

The remains had rested in the Anglican Church which was filled to capacity, many being unable to gain admittance during the funeral service. Dean Gibson, who had travelled from Prince Rupert for the sad occasion, officiated and during the service, delivered a very impressive address.

Members of the Oddfellows and of the Rebekahs Lodges with their organizations Mr. and Mrs. Cauthers were identified, were present and a large number of wreaths from sympathizers and from various bodies covered the casket.

After the service, the cortege proceeded to Kitsumkalum Cemetery where interment took place, Dean Gibson again officiating.

Pallbearers were R. McCulloch, T. E. Brooks, R. Finter, K. Olson, F. Hall and S. Kirkaldy.

Visions 2000-Foot Buildings in 1981

Climate to Be Controlled Mechanically in Fifty Years

NEW YORK, Nov. 2.—Future generations of 1981 or thereabouts will live in skyscrapers perhaps 2,000 feet high in an ideal "climate" controlled by mechanical means as to sunlight, temperature, humidity and atmospheric purity, Irwin S. Chanin, architect-engineer and head of the Chanin organization, recently predicted. The structure of a half century hence will have walls of metal or glass—probably the former—instead of masonry. Fifty or sixty of them will house a population of considerably greater than that now living on Manhattan Island.

Such a building, if 2,000 feet high, would occupy a ground area of 400,000 to 500,000 square feet and would be located at least a half mile from the next superbuilding. Its 50,000 to 100,000 occupants would travel to other great buildings by a system of radiating rapid transit lines operating at speeds much greater than those of existing subways.

CUSTOMS REVENUE LOWER THIS YEAR

Customs and excise revenue at the port of Prince Rupert for the month of October this year totalled \$16,376.87 as against \$20,246.72 in the same month last year. So far this year the revenue has totalled \$111,795.59 as compared with \$179,845.97 in the first 10 months of 1930.

The Weather

Langara—Cloudy, light south westerly wind, choppy sea.
Dead Tree Point—Clear, light south easterly wind, barometer 30.34, temperature 48; sea smooth.
Digby Island—Part cloudy, light south easterly wind, barometer, 30.36; temperature 48, sea smooth.

More than 2000 women dentists are practicing in the United States. Seventy-five women "bookies" or betting agents were listed in the last English census.

Dr. Kannevin Will Visit Local Church

Prominent Presbyterian Figure is Coming Toward End of Month; W. M. S. Secretary Next Month

Advice has been received that First Presbyterian Church of Prince Rupert will receive a visit from November 26 to November 29 from Rev. Dr. W. M. Kannevin of Toronto, who is in charge of work in connection with Sabbath Schools and Young People's Societies of the Church throughout Canada. Dr. Kannevin, one of the most important figures of the Presbyterian Church in Canada, will be heard at a series of meetings during his stay.

Word has also been received that on December 1 Miss Lamont, western secretary of the Presbyterian Women's Missionary Society, will arrive, staying here for a week to conduct meetings.

Are Married at Smelter Town

Miss Eunice Thomas Became Bride of Austin Lindgren at Anglican Church Ceremony

The wedding took place at the Anglican Church in Anyox recently of Miss Eunice Thomas of Wales to Austin Lindgren, for several years a resident of the smelter town. Rev. J. S. Brayfield performed the ceremony.

The bride, who was given in marriage by her brother, Stanley M. Thomas, wore a charming gown of pastel pink satin with hat of lace and satin to match, carrying a bouquet of bronze chrysanthemums. Miss Bronwen Flye, bridesmaid, wore green chiffon with green crinoline hat to match and carried a bouquet of autumn flowers. Sidney Hopkins was best man. Mrs. A. R. Kent played Mendelssohn's Wedding March on the organ and the choir of the church sang a wedding hymn.

After the ceremony a reception was held at the home of Mr. and Mrs. J. Shields. Mr. and Mrs. Lindgren left for a honeymoon trip to Vancouver and will later take up residence at Anyox.

OCTOBER WAS WET

Rainfall in Prince Rupert for the month of October this year totalled 13.4 inches as compared with 11.57 inches in the same month last year. During October this year there was 51.5 hours of sunshine as against 66.2 hours in October 1930.

These figures bring the total rainfall for 1931 to date to 80.64 inches as compared with 62.54 inches in the first ten months of 1930 while sunshine to date this year has aggregated but 745.3 hours as against 1249.34 hours in the corresponding period last year.

Following is the weather summary for October this year as announced this morning by R. G. Emmerson, Digby Island, Dominion meteorologist:

Highest barometer reading, 30.53 on October 6.
Lowest barometer reading, 29.04 on October 22.
Maximum temperature, 49 on October 11.
Minimum temperature, 35 on October 20.
Mean temperature, 47.7.
Total precipitation, 13.4 inches.
Total sunshine, 51.5 hours.

FRANK NEEL TOOK COUNT

Former Local Boy Knocked Out in Second Round of Tacoma Fight With Harry Ketchell

Frankie Neel, formerly of this city, was knocked out by Harry Ketchell, Tacoma featherweight, in the second round of a scheduled six-round bout in Tacoma on Thursday night of last week.

The Neel-Ketchell bout was the semi-windup to a main event in which George Rickard of Tacoma and Frank Sawyer of Vancouver, heavyweights, battled to a six-round draw.

POUCE COUPE CURLING CLUB

Winter Sports Body is Organized in Peace River Block Town

POUCE COUPE, Nov. 2.—The Pouce Coupe Curling Club has been organized and an active season is expected this winter. Officers are as follows:

- Honorary President, Judge H. E. A. Robertson.
- Patron, T. F. Haskins.
- President, G. A. Becker.
- Vice-President, P. C. McWha.
- Secretary, Pat O'Ferrell.

SPORT CHAT

Disney Well, president of the Cincinnati Reds, denies reports that a deal has been virtually completed which would bring Outfielder Hack Wilson and Pitcher Malone of the Cubs to the Reds in exchange for Pitcher Red Lucas and Outfielder Estel Crabtree. Both Wilson and Malone are said to be in bad standing with the Cub management, and President Well says he would like to have either or both of them. He does not wish to part with Lucas, however.

Misfortune strode in the Yale Bowl a week ago Saturday before a howling, cheering crowd of 70,000 and left behind at the point of death Richard B. Sheridan, 21, of Augusta, Ga., regular right end on the Army team, as a tragic note to the Yale-Army football game. The cadet suffered a broken neck early in the fourth period and physicians at New Haven Hospital marshalled all their skill and knowledge but were unable to save his life.

Mrs. Helen Wills Moody, who recently won the women's American tennis championship for the seventh time, still has to win the title once more before she can equal the great record of eight championships set by Mrs. Molla Mallory.

Helen Meany Balfe Kitwanga Native Nine Winner of Late Ball Game

There is no use saying anything but Helen Meany Balfe, before her marriage was United States' diving champion and now she is contented at White Sulphur Springs, W. Va., with a bow and arrow

HAZELTON, Nov. 2.—A late season baseball game was played between Kitwanga and Boulder Creek native teams, the former winning by a score of 16 to 5.

JUNIOR FOOTBALL POSTPONED

Unfavorable weather on Saturday afternoon caused the postponement of the Junior League football fixture between Booth Memorial School and King Edward High School.

CONCERT IS ENJOYABLE

Anniversary of Mooseheart Founding Observed By Local Moose Lodge Last Night

In spite of the unfavorable weather, the Moose Hall was crowded last night for the concert which was staged in celebration of the anniversary of Mooseheart Day. The program featured selections by the recently organized Moose Legion Band, conducted by Robert Greenfield, and all items were greatly enjoyed. There were also a few speeches appropriate to the occasion.

The program opened with the singing of "O Canada" after which the Moose Legion Band played the march "Philo Senate." W. B. McCullum, dictator, who presided, then gave an opening address and performed the 9 o'clock ceremony. Violin pupils of Miss Nellie Lawrence played a selection entitled "Love's Greeting," with Mrs. J. S. Black accompanying. An address by Fred Scadden on behalf of the Moose Legion followed after which Bert Cameron played a violin solo with Mrs. Black again accompanying. After Mrs. Charles Edwards had given an address on behalf of the Ladies of the Mooseheart Legion, the Varden Singers, under the direction of Peter Lien, sang choruses. Mike Colussi and Primo Vaccher rendered accordion and violin duets and the Moose Legion band played a series of selections entitled "Around the World." B. M. Simpson gave an address on behalf of the Mooseheart Alumni Association and Robert Reid and Emil Hudema played a cornet duet with Mrs. Black accompanying. The Moose Legion played the rousing march "Commander" before the singing of the National Anthem brought the proceedings to a close.

A voluntary collection was taken in aid of the band and dependent Canadian children at Mooseheart. No fewer than 51 applications for licenses to operate horse and dog tracks are before the newly-formed racing commission of Florida. Of these, 20 are for horse races and 31 for dog tracks.

Extinction of Rats Is League Problem

Geneva Experts Engaged in Investigation—United States Method Has Been Studied

NEW YORK, Nov. 2.—Improved methods of slaying rats has engaged the attention of League of Nations experts. Success of the United States in barring from its shores the rodent which carries the deadly bubonic plague has been studied first-hand by an international committee of doctors appointed by the league.

The committee consisting of eminent quarantine and health officers from France, Germany, Holland, Spain, Great Britain and the United States just concluded a 10-day study of United States methods of fumigating ships, with particular reference to methods which have kept bubonic plague out of the United States entirely during the past 12 years.

The hydro-cyanic gas methods of destroying rats in vessels arriving

here engaged the attention of foreign experts particularly Dr. F. A. Carmelia, assistant surgeon general in charge of foreign quarantine and immigration for the S. Public Health Service.

Why you need
New Volatile Vapor — obtainable only in
Winter Union Gasoline

MERCURY UNDERWEAR

for MEN

Mercury Underwear will be appreciated by all men who have an instinct for quality. It costs a few cents more per garment, but when you see it, feel it and wear it, you'll say Mercury's well worth the difference.

MERCURY MILLS LIMITED HAMILTON

NEW

WHEN your engine is hot—starting is easy—because the engine heat helps to vaporize the gasoline in the carburetor.

When your engine is cold, but the outside temperature mildly warm, the same condition applies—the outside temperature helps to vaporize the gasoline in the carburetor.

But when the outside temperature is below 60° and your engine is cold, there is nothing to help vaporize the gasoline. That's why Western Canadian motorists need *New Volatile Vapor*—the scientific ingredient in WINTER UNION GASOLINE—that starts COLD MOTORS instantly on the raw, damp mornings of the Coast or in sub-zero temperatures.

No Fading!
New Volatile Vapor is self-contained in WINTER UNION until released at the carburetor jet. Thus it prevents "fading"—"vapor-lock", "bucking" or "boiling in the carburetor"—a common fault of ordinary "winter gasolines".

No Loss of Mileage
Dynamometer and service tests show that *Volatile Vapor* in Winter Union Gasoline shows *no loss of mileage*.

Whatever mileage you have been getting with Summer Gasoline will be delivered to you in WINTER UNION, but with an added punch.

No Extra Cost
Scientific refining of WINTER UNION with its *New Volatile Vapor* does increase the cost of manufacture. But UNION gives you this extra winter quality at *no increase in price*.

You deserve the best. Get gasoline that adds *new power* to quicker starting. Stop at the Blue and White Pumps of the Union Oil Company of Canada Limited all winter.

Made in Canada!
Canadian men and women are employed by the Union Oil Company of Canada Limited, which has a large investment in Western Canada, buys Canadian materials and thus contributes to the prosperity of your own community.

"There's Nothing Half So Good"

IT'S amazing how often this expression occurs in the testimonials we receive. You can easily prove its truth for yourself. If you have a cough or cold go to any drug store and ask for BUCKLEY'S, take it according to directions, and even the first sip will tell you that here, at last, is the remedy you have been looking for all your life. Whether your cold is merely in the sneezing, sniffing stage, or away deep down, BUCKLEY'S will bring you speedy relief. It acts like a flash. "A single sip proves it".

WOMAN IS CHEAPEST

Female Labor is Least Expensive on Market, Experts Find

WASHINGTON, D.C., Nov. 2.—This country's 10,778,194 working women, their ways and their wages, have been placed under the microscope by the Women's Bureau. Requested by club women, the results of the studies are to be issued in a few weeks. The nation's 23,000,000 housewives, not listed as "gainful workers" by the Census Bureau, can then go fact-finding about their sisters of the pay envelope.

No idealistic picture of the noisy, speedy, mechanized, industrial world for women was painted by Mary Elizabeth Pidgeon, research expert in interpreting the working woman.

"Women are the ones who perform the most repetitious jobs, and upon whom the burden of monotony falls most heavily," she said. "Women's earnings tend to be very low."

She termed women "latest comers in industry," "cheapest labor on the market," not having equal economic power with men "in bargaining for better hours, conditions, and remuneration." She deplored the double duties of married women workers who with "one job in the factory, another in the home" have no time to "fight for economic status."

She urged legislation as a "short cut to better conditions," specifying the shorter working week as the antidote for machine-monotony, elimination of night work, noise-reduction, improved hygiene, a higher wage scale.

Yet she did not advocate the return of women, even married women, to the home. On the contrary she urged them to keep up their earning capacity.

"There is no security in domesticity," the study contended. "Divorce, death, or money loss may throw a woman upon her own resources. The married woman who lets herself go upon the easy tide of domesticity is offering herself as a victim in a future tragedy."

Miss Peggy Bramhall, formerly a nurse in Brooklyn, N.Y., having packed 20 parachutes that opened correctly in the air, has been given a license and is said to be the first woman parachute packer in the United States.

NORTHERN B. C. NEWS

STEWART

In celebration of Mooseheart Day, the Moose Lodge gave the children of the Portland Canal district a party in the Pioneer Hall at Hyder on Friday night. Numerous children from Stewart were in attendance.

William D. Smith, local manager of the Northern B. C. Power Co., has been appointed inspector for the village of Stewart.

The office of the Stewart Land Co. was last week moved from its former site to a new location next the Post Office on Fifth Street. The moving job was carried out by Duncan McLean.

John Brackman, employed as a timber man at the Premier Mine, collapsed last Wednesday evening while playing cards in the library at Premier mine and died a few minutes later. Cerebral hemorrhage was pronounced cause of death. Brackman was a native of Finland and has a sister, Mrs. J. Nelson, in Vancouver.

David Bennett, after having been confined for the last few weeks to his home with an attack of sciatica, is now making good progress toward recovery.

The recent finding by Emil Davis on the Davis River trail of an aviator's helmet has caused a good deal of speculation. The helmet was soaking wet but is not believed to have been there long as the clasps were not rusted. Efforts are being made to ascertain how the unusual headgear came to be there.

In an effort to keep the Stewart Hospital open during the coming winter months, special efforts are being made to secure adequate financial support for the institution. At a largely appointed mass meeting last week three committees were appointed—one consisting of P. S. Jack, H. D. Dochfort, C. M. Tooth, L. S. Davidson and K. W. Grey to raise funds, the second, consisting of Rev. G. H. Moody and two members of the board to solicit promises of monthly subscriptions, and the third consisting of W. T. Esselmont, E. T. Applethwaite and H. W. Rolston to devise some sort of hospital service insurance.

TERRACE

A successful sale of home cooking was held in the Knox United Church on Saturday, there being a good attendance notwithstanding the heavy rain.

Rev. Canon W. McKim, the new rector, arrived on Saturday's train from the coast, he having travelled from Vancouver with Mrs. McKim and their small family. George Dover, people's warden, met the new arrivals at the train and conveyed them to the rectory where kind friends had made ready for their coming.

Thursday was a day of continuous and heavy rains in this district and everything was deeply sodden before nightfall. Then the weather cleared and Friday proved an exceptionally fine day. But Jupiter Pluvius arrived in redoubtable force on Saturday morning and literally swamped the district, all low lying parts being deeply flooded.

The inhabitants of Lakelse hatchery were seriously inconvenienced by the rushing waters in Thursday's downpour and Major Hearn and his staff had to work through the night to protect the hatchery from being swept away. Friday's fair weather gave a respite but on Saturday Major Hearn found that his staff was inadequate to the call made upon them to prevent the complete destruction of the establishment and he had to make a hurried journey to Terrace in search of help.

R. W. Riley, of the local drug store, returned on Thursday, after spending a lengthy holiday with friends in Ontario.

A man buys a home these days so that he will have something to mortgage when he decides to buy an automobile.

BURNS LAKE

Anglers and commercial fishermen had a conference in the Burns Lake Community Hall last Monday night with Fishery Supervisor R. W. MacLeod of New Westminster and Fishery Inspector W. M. Ferrier of Prince George. The number and length of nets was discussed and it was suggested that planting of fry in some of the lakes should be undertaken.

Axel Olson of Southbank is a patient in the Burns Lake Hospital as a result of having pierced his foot with a large nail.

Twenty Years Ago
In Prince Rupert

November 2, 1911

Gold, silver and bronze medals presented by the city of Prince Rupert were competed for at the McNicholl Creek ranges. S. P. McMordie, with a score of 97 out of a possible 105, won the gold medal. The silver medal was won by C. T. Partington with 92 points while D. C. Stuart, with 88 points, took the bronze medal. Mr. McMordie was also the winner of the Stork Cup for the best six days shooting over the ranges during the season.

Many local launch owners took advantage of Thanksgiving Day to make rather extended hunting trips.

The St. Andrew's Society has decided to celebrate St. Andrew's night fittingly. Either a banquet or a dance will be held.

Hallowe'en Dance
By Sons of Norway
Very Enjoyable

Hallowe'en was celebrated Saturday night with a delightful dance in the Metropole Hall by the Sons of Norway. The hall had been especially and appropriately decorated for the occasion and the 100 or so persons who were present had a very enjoyable time. Dancing started at 9 p.m. and ended at midnight. Fine music was furnished by Julius Welle and Mr. Clavring, the former playing the accordion and the latter the saxophone.

The entertainment committee of the Sons of Norway was in charge of the affair.

Throughout the United States there are upwards of 10,000,000 women drivers of automobiles, and they actually own and operate 3,500,000 cars.

JOHN MOST POPULAR

William, Charles, Thomas and James Are Next Choices For Names of Boys

TORONTO, Nov. 2.—The four most popular boys' names as shown in recent prize lists were John (10 times), William (eight), Charles (six, besides one Karl), Thomas (five and James (five). Then came the Scotch brigade in unexpected strength: Donald (five), Ronald (four), Gordon (four) and Kenneth (four), Robert also tallied four. Frank, Francis, Ross, Peter, Edward, Frederick and Albert each appeared twice.
