### Load Line Zone Regulations Hamper Prince Rupert Trade And Removal Is Requested

Letter Being Sent by Chamber of Commerce to Minister of Marine Asking That Stumbling Block to Local Shipping Be Removed

The Prince Rupert Chamber of Commerce, at its meeting last night, decided to commence an active campaign for the purpose of securing removal of the present new and onerous load line regulations which, during the winter, prove a difficult handicap in regard to the shipping of the port. It means that ships loading at Prince Rupert

U. F. A. of Alberta Urges Payment of \$1 Per Seeded Acre to Unfortunate Farmers

CALGARY, Sept. 5.—Payment by the federal government of \$1 per seeded acre to the farmers in districts where misfortunes occurred this year has been recommended by the United Farmers of Alberta in addition to the 2½ cents per bushel on freight rates for oats, as suggested.

### Japanese Is Laid to Rest

Rev. Canon W. F. Rushbrook Officiates at Funeral of Late K. Hara This Afternoon

The funeral of K. Hara, well known Japanese resident of many years standing in Prince Rupert, whose death occurred earlier in the week, took place this afternoon from the chapel of Haynor Bros., undertakers, to Fairview Cemetery. Rev. Canon W. F. Rushbrook officiated and Miss F. G. Lenox presided at the organ.

Pallbearers were S. Dobe, T. Kadonga, K. Tsumura, I. Hamozaki, S. Tsuji and H. K. Yamanaka.

### MAN'S BODY IN SHARK

Gruesome Discovery is Made at Honolulu

HONOLULU, Sept. 5.—Discovery of portions of a man's body in the stomach of an 18-foot shark, caught off Barbers' Point has led authorities to believe the victim was either Sadao Nakatani or George Gaspar. The former, a Japanese business man, has been missing since Sunday when he went fishing.

Gaspar was swept off Kasala Reef.

Examination indicated the victim was probably Gaspar rather than the Japanese.

### Thanksgiving Day To Be October 12

Will Not Be Celebrated Jointly With Armistice Day This Year

OTTAWA, Sept. 5.—Thanksgiving Day will be celebrated on Monday, October 12, this year, it was officially announced today.

### TYPHOID MENACE

Vancouver "Jungle" Centres Are Found to Be Very Unhealthy

VANCOUVER, Sept. 5.—"Jungle" centres in Vancouver, where more than one thousand men live in shacks and knocked-together shelters, constitute a grave typhoid danger to the city, according to a report by Dr. H. A. McDonald, city relief department medical officer.

### PLANS FOR LINDBERGH

Will Fly Home With His Wife, American Air King Announced Last Night

TOKYO, Japan, Sept. 5.—Col. Charles A. Lindbergh has announced definitely that he and Mrs. Lindbergh plan to fly back to the United States in the Lockheed-Sirius monoplane in which they recently arrived here.

Col. Lindbergh stated, however, that they had not decided upon which of three routes they would follow on the return flight. One route would be across the Pacific Ocean via Honolulu, another across the Pacific by an even more southern route and the third across Asia and Europe and over the Atlantic Ocean via the Azores.

Meantime, the flying couple are about to start on a sightseeing tour of Japan in their plane after which they will proceed to China making stops at Nanking and Peiping.

### MAKES PLEA FOR FARMER

District Agriculturist From Bulkley Valley Addressed Chamber Commerce Last Night

CO-OPERATION SOUGHT

S. S. Phillips Urged That Present A Good Time to Start Career On Lands of Interior

"The great need of the Bulkley Valley today is settlement," declared S. S. Phillips, district agriculturist, in addressing the Chamber of Commerce here last night. To secure this there could be no more appropriate time than the present. Land values were down and people were turning to the land where they at any rate had a fair chance to make a good living.

"I do not suggest that a person can in a few years make enough money to spend the rest of his life in California but I do say that, if he is careful and works hard and uses his head as well as his hands he will establish himself in a good home with a good living all the time," the speaker said.

Mrs. Phillips went on to tell of the importance of the dairying industry to Prince Rupert as the provision of a proper milk supply was one of the essentials of life. He would not suggest to the people (Continued on Page Four)

Mrs. Helen Wills Moody (right) re-established herself as leading woman tennis player, recently, at Forest Hills, L.I., when she defeated Mrs. Eileen Bennett Whittingstall (left).

### Coalition Government Will Ask Vote of Confidence From House Before Announcing Its Program

LONDON, Sept. 4.—The national cabinet completed its new taxation problem at a five-hour meeting yesterday and a call was issued for Parliament to meet in special session September 8 to enact the program into law. Prime Minister Ramsay MacDonald will ask Commons to declare, without delay, whether it will put its trust in the three party administration he heads.

Then, if the expected vote of confidence is forthcoming, Rt. Hon. Philip Snowden, Chancellor of the Exchequer, will make a full statement setting forth the entire budget balancing scheme.

### MAY HAVE SALES TAX

Treasury Deficit May Force Hoover to Impose New Taxation

WASHINGTON, Sept. 5.—The mounting treasury deficit may force the Hoover administration to turn to some form of sales tax to produce much needed revenue, it is believed here.

While all kinds of economies and methods of reducing expenditures are being put forward, the plain fact is that new sources of revenue must be tapped if the national government is to maintain a balanced budget. That has already been admitted by Secretary of the Treasury Mellon and Under-Secretary Mills, in public statements.

### CUSTOMS UNION FOUND ILLEGAL

GENEVA, Sept. 5.—The proposed Austro-German customs union, already renounced by the foreign ministers of both countries, was ruled illegal by the world court at The Hague today, the vote being 8 to 7.

### Mercury Poisoning Caused His Death

Well Known Steward on C. P. R. Boats, Samuel Crompton, Had Tragic Demise

Samuel Crompton, head day saloonsman on the steamer Princess Mary and for years a well known steward on C. P. R. coasting boats, met with a tragic death last Wednesday morning in Vancouver. Rising from his bed with pain he took what he believed to be aspirin tablets but which turned out to be bichloride of mercury. He was rushed to the Vancouver General Hospital where he expired fifteen minutes after admission. Before retiring in the evening, he had complained of not feeling well.

### Miss Annie Boddie Chosen as "Miss Prince Rupert" and Will Get Free Trip to Los Angeles

Was Successful Candidate in Beautequest Here—Judging and Coronation Features of Big Dance Last Night

In a close contest with three other candidates, Miss Annie Boddie, sponsored by the Rotary Club, was last night chosen as "Miss Prince Rupert" in connection with the International Beautequest and will sail this afternoon on the steamer Princess Louise for Vancouver whence she will proceed by airplane and fast train to Los Angeles to take part in the 150th anniversary celebration of that city and the beauty contest being conducted in connection with same. The choosing of "Miss Prince Rupert" and her ensuing crowning by Mrs. C. H. Orme, wife of the mayor, were the big features of a great dance which brought the annual Prince Rupert Exhibition to a close.

The selection was made by a committee of nine judges consisting of Mrs. H. G. Wilcox, Vancouver; Mrs. M. Cooper, Vancouver; Mrs. Wood (Radio-Keith-Orpheum, New York); B. Gordon, Cincinnati; R. E. Benson, Prince Rupert; G. L. Otterson, San Francisco; Mr. Wood, Radio-Keith-Orpheum, New York; Mrs. J. K. Adams, Hazelton, and B. Priggen, Vancouver, chairman. The announcement of the winner of the contest was made about midnight and was followed with the keenest of interest by the large crowd.

After Mrs. Orme had duly crowned Miss Prince Rupert, the latter, with Mayor Orme, led in a Grand March. This was followed by the drawing, with Miss Prince Rupert presiding, for lots raffled in connection with the sale of Fair membership tickets.

Miss Boddie was also the winner of a special prize of \$50 awarded for the sale of most tickets on behalf of any candidate, namely 379. After the announcement of the winner, Miss Prince Rupert was accompanied to the platform by G. H. Munro, president of the Rotary Club. Also on the platform for the occasion were the other candidates—Miss Pauline Furness, accompanied by John Bulger, Retail Merchants' nominee; Miss Dora Heilbronner, representing the Gyro Club, C. C. Mills, president, and Miss Vivian Hickey, Elks' Lodge, George C. Mitchell, exalted ruler. Great enthusiasm prevailed during the announcements and coronation.

No less interest was taken in the parade of the four candidates for the final judging. Each, carrying a large bouquet presented by Mrs. Orme, was beautifully gowned and each paraded on the platform and in the middle of the hall.

The entire proceedings were presided over by H. F. Glassey, president of the Fair Board. Mr. Glassey intimated that it was planned to have a monster parade and demonstration in connection with Miss Boddie's coronation.

### MURDERED IN ALASKA

Widow Is Being Sought in Connection With Shooting of John Arnott in Chitna District

COROVÁ, Alaska, Sept. 5.—John Arnott, aged 61, mining man of Alaska for 25 years, was shot and killed on Wednesday while asleep in his bunk in a cabin in the Chitna district, north of here. Federal authorities said that they are seeking his widow.

### Giving Food For Unemployed In United States

NEW YORK, Sept. 5.—Edward F. Huntsman, chairman of the board of the General Foods Corporation, announces that he is giving away 100,000 boxes of food for the unemployed this winter.

### HELPING WORKLESS

Italian Government Now Has 27,000 Men at Work

ROME, Sept. 5.—The Italian government has just appropriated another forty million dollars in its campaign to aid the unemployed.

This is the third appropriation within two weeks for a public works program. It brings the total of unemployed for whom winter jobs have thus been procured, to an estimated total of 27,000.

### MIGRATION CUT DOWN

## KEEP UP OR GET OUT

This is a speed age and it seems as if some of us must either keep up with the rest or drop out. It is almost impossible to carry on in the same old way when everybody else is forging ahead.

Yesterday it was announced that an English airplane had made a speed of over four hundred miles an hour. Those of us who have been riding in boats making six miles an hour must of necessity feel ourselves rather left behind in the race and we may have to get out altogether unless we mend our ways.

The world is moving at a tremendous pace, so fast in fact that many people find it difficult to adjust themselves to conditions.

## CO-OPERATE WITH INTERIOR

Through the district agriculturalist, S. S. Phillips, the farmers and other residents of the interior of British Columbia are asking for the co-operation of Prince Rupert in the marketing of their products. It is useless for them to raise butter, eggs, poultry, garden truck, potatoes and grain unless they are able to sell them.

Prince Rupert gets much of her farm and garden produce from Southern British Columbia or from the United States. Much of it could be raised in the country tributary to this city to the benefit of everybody. We commend the idea to everyone concerned and suggest that through a campaign of education Prince Rupert people may be largely fed by the people of the Skeena, Bulkley and Nechaco Valleys.

## KEEP FAITH IN CITY

Prince Rupert, like many other places, has slipped slightly during the past year as a result of the failure of the fish market and the shutting down of the mines and the lumber camps due to lack of demand. As the demand for these articles increases the city will come back, slowly perhaps, but surely.

The same reasons which caused the people twenty years ago to pour their money into real estate in Prince Rupert obtain today. There is little change in the situation except that people have lost faith.

Just as soon as conditions change and the people have regained their faith we shall find things beginning to move again and they will not stop where they did before. The advance will be permanent and substantial.

## MISS ANNIE BODDIE CHOSEN AS "MISS PRINCE RUPERT"

(Continued from page one)

Prince Rupert's departure this afternoon.

The Beatequest judging and coronation was but one of many features which marked the final night of the Exhibition. From 9 a.m. until 2 a.m. a large dance was in progress with fine music by the Premier Orchestra and hundreds on the floor. The concessions operated by the Gyro and Rotary Clubs were brought into the hall for the evening and being largely patronized, helped to contribute to the general merriment.

During the evening, President Glassey thanked all who had co-operated with and patronized the 1931 Fair. He acknowledged the good work of Gyro and Rotary Clubs in operating the concessions. He also expressed the board's appreciation to the candidates in the Beatequest and their sponsors. The visit of the Anyox football and Hazelton baseball teams were also appreciated.

Ald. P. H. Linzey, secretary-treasurer of the Fair Board, spoke briefly of financial matters. The depression had hampered the work and also the weather had not been favorable. The board hoped to break even on the year's operations but he was doubtful about this.

Rev. G. H. Raley, principal of Coqualeetza Institute, Sardis, presented to Samuel Woods of Kitimaat a handsome new cup presented by Mr. Raley's son, G. G. Emsley Raley B.A., M.C., F.R.C.S.A., Philadelphia, as a perpetual challenge trophy for the best all-round athlete at Kitimaat village. The donor of this trophy lived at Kitimaat with his missionary parents between the age of six weeks and eight years. Recently an honorary chieftainship was conferred upon him by the tribe. Mr. Raley Jr. is an outstanding member of the Penn Athletic Club in Philadelphia where he is manager of a publishing concern.

### Football Cup Given

Another presentation during the evening was that of the Fair Board's challenge cup for the native football championship which went for the third successive year to Kincolith and which was received by Charlie Barton, captain of the team.

Announcement was made in the course of the proceedings that Mrs. A. Halleran was the winner of a prize given for the naming of a mechanical cow which was a feature of the Nestles Milk commercial booth. The name suggested by Mrs. Halleran was "Nestle's Rupert Princess."

In a contest for the identification of woods shown in the B. C. Forest Service Booth there was a four-way tie. The Mayor was called upon to make a draw for the winner. The name of Harry Scott was drawn. District Forester A. E. Parlow assisted in connection with this drawing.

The winners in the grand drawing for choice pieces of city property were as follows:

First: H. Anderson, Eighth Avenue, No. 134; sold by Dorothy Goedkoop.

Second: Mrs. W. Thain, P.O. Box 195, No. 350; sold by William Robb.

Third: W. Gordon, Seal Cove Hotel, No. 169; sold by Edna Strand.

The drawings were made by Miss Prince Rupert.

It is estimated that there were about 800 paid admissions to the big dance in addition to 54 children who paid 50 cents each.

## PIERCE ORCHESTRA HOLDS LAST DANCE

The last of a series of three dances held here during Fair Week by the Pierce Orchestra of Port Simpson took place last night in the Metropole Hall. There was a large attendance of natives and all apparently had a very happy time.

C.P.R. steamer Princess Louisa, Capt. Arthur Slater, completing the company's fine voyage to Alaska summer schedule, is due in port at 3:45 this afternoon from Skagway and will sail at 5:30 p.m. for Vancouver and Victoria.

Mr. and Mrs. G. M. Ferguson are spending a few days visiting in the city as guests of Ald. and Mrs. S. D. Macdonald, Sixth Avenue West, after which they will be leaving for Vancouver where they will spend the winter.

At the meeting of the Chamber of Commerce last night with President B. J. Mellish in the chair a letter was read from Hon. R. W. Brunhn, provincial minister of public works, stating that, under the government scheme it was not proposed to pay wages but a subsistence allowance. There were 44,000 unemployed in the province and all must be provided for. He thanked the board for its suggestions made recently in respect to remuneration of the unemployed.

Making her first voyage on fall schedule, C.N.R. steamer Prince George, Capt. Neil McLean arrived in port on time at 10:30 this morning from Vancouver, Powell River and Ocean Falls and will sail at 1 o'clock this afternoon for Stewart and Ketchikan, also making a special call at Anyox with visitors from the smelter town who have been attending the Prince Rupert Exhibition. The vessel is due back here tomorrow evening, being scheduled to sail at 10 p.m. for Ocean Falls, Powell River and Vancouver.

### PIPE TESTED by an ARCHITECT

"Old Man Raleigh made a fitting contribution when he gave us tobacco, and he left plenty of work for the blenders to do, to suit the palate of such as I; but, when I had carefully filled that first pipe with Turret pipe tobacco, I found that here was something different; a rose without the thorn—an aroma without the sting. It broods contemplation in its lasting qualities. The packet opens up sweet and fresh and if it be possible for smoke dreams to help you materialize those 'castles in the air' then the Turret pipe tobacco, with its Churchwarden coolness and Old World fragrance, will do it."

# GIVE CLOTHES ALL YOU CAN To Unemployed

People of the city are being asked to discard their old clothes and buy themselves new in order to provide for those who have not the money to buy new ones this fall.

Road work is to commence soon but many of the men have not clothes and shoes fit to wear and will suffer if they are not provided for.

Residents of Prince Rupert and the suburbs are asked to give their clothes closets the once over and put into a bundle anything they do not need and the city will collect them on September 10. Things needed are:

- Odd Pieces of Clothing
- Suits of Clothes
- Shirts and Other Linen
- Blankets and Other Bedding, Beds and Mattresses
- Boots and Shoes For Men, Women and Children
- Underclothes of All Kinds
- Children's Clothes
- Women's Clothes

## AMERICANS ARE BEATEN

Suffer Reverses Yesterday on Championship Tennis Courts

PHILADELPHIA, Sept. 5.—United States players suffered Thursday on the Germantown Cricket Club tennis courts.

Johnny Doag, United States champion, lost to Bernard Shaw, 17, of France, by scores of 6-2, 6-4. Doag and George Lott lost the doubles to Bragnon and Broussus of France, 9-7, and 6-3.

Frederick Perry, England, swept to victory over Andre Merlon of France, 6-1 and 6-7.

## William Brass of This City Distinguishes Himself; Won First Place in Big Shoot

A wire received in the city last night announced that in the elimination contest yesterday in Montreal of the Canadian National Railways national rifle shooting contest, William Brass, of this city, with a score of 389 out of a possible 400, took first place among forty crack marksmen from all parts of the Dominion. B. F. Valde and Eddie Smith, who also went to Montreal as representatives of the Prince Rupert branch of the Canadian National Recreation Association, succeeded in being placed among the twenty shots who qualified.

In the qualifying shoot, Headly, of Battle Creek, was second and Ems-

## ANYOX WON IN SOCCER

Scored Fourth Straight Victory Over Prince Rupert Yesterday

Anyox made it four games straight when they won the concluding match in the football series with Prince Rupert last evening by four goals to nil. The weather man was in a sympathetic mood and, for a couple of hours there was no rain, so that there was a good crowd of spectators who saw an interesting if not very exciting game.

Anyox played with the hill, and Watson early on cleared well. Baptie and Dickens made headway till Morrison booted away. Norrington crossed a couple of dangerous centres and Kelsey missed a chance. Buntaine followed up a ball that seemed to be going out, and crossed a hand centre that Watson was unfortunate enough to turn past his own goalie to give Anyox the first goal. Dickens had a chance, but held on too long. Then Webster robbed the opposing forwards, and Baptie again was good. Williams was fast and Buntaine got away to close in on Smith and shot with terrific force. Smith made a splendid attempt to save and got his hands to the ball at full length but the shot was too powerful and Anyox was two goals up. Rupert attacked and nearly scored, but the linesman gave the ball, which had previously been out, and a goalkick was awarded.

For the greater part of the second half the play was in the Anyox half, but Rupert forwards were weak shots. Dickens headed over from Norrington's centre. Webster made a clever run and his powerful shot hit the bar, but came out with the goalie well beaten, a narrow escape for Anyox. Then Baptie had a shot blocked. Anyox broke away, but was pulled up for offside. Currie went close for Rupert, and Colussi shot just past when he should have scored. Dickens, a moment later, shot weakly with only the goalkeeper to beat. Anyox broke away fast and Buntaine shot a third goal. Field headed away in another Rupert attack, and then Horner ran out and fisted clear. Douglas stopped an Anyox raid and then the visitors were pulled up for a questionable offside. Baptie again had hard luck with a shot. Dixon got away and added a fourth for Anyox. Full time found Rupert attacking but unable to score.

Teams:  
Anyox: Horner, Morrison, Taylor, Field, Williams, Currie, Buntaine, McConnachie, Dixon, Donaldson, Yglesias.

Prince Rupert: J. Smith, Watson, Douglas, Hadden, Webster, Currie, Kelsey, Baptie, Dickens, Colussi, Norrington.

Referee, J. S. Wilson; linesmen, C. Youngman, H. Dickens, Del Rio, Dyer.

ple here what butter they should use but he knew the Skeena brand was as good as any on the market. It was not reworked like some of the butters offered the public.

Naturally, Mr. Phillips said, he was anxious to see big developments in the district. There were complaints that the farmers let the brokers down; some of these were unfortunately based on truth but they were now aiming for standardized production. Potatoes were being standardized and graded. A standard was being adopted for pigs. The matter of grading products generally was being taken up through the institutes with good results. He did not think Prince Rupert could complain of the dressed poultry being sent out.

Timothy seed was being sold this year amounting to 150 tons at from 9 to 11 cents a pound. The cleaning plants provided by the provincial government had made this possible.

Mr. Phillips made a plea for the use of Bulkley Valley coal, a coal that lasted longer and gave more heat than many others. The valley was not getting the hay market it should. A marketing bureau was suggested at Prince Rupert. While he realized that the farmers,

## Lacrosse and Not Football Called For Rough Play

Owing to an error in announcements during the rush at the Fair Office yesterday, it was stated that the final game in the native football championship series had been called because of rough play. The fact is that it was the lacrosse game and not the football game that was called for the reason.

The football game went the full time and Kincolith staged a three to nil victory over Aliyansh.

## BASEBALL PLAY-OFF

First Game to Break Three-Way Tie for Second Half Scheduled for Tomorrow

If weather permits, Old Empress and Elks will play off tomorrow to decide which team will meet Sons of Canada, given a bye in the draw, in a final game to determine the city second baseball championship. If the Sons of Canada emerge the winners of the play-off series they will have won the season's title, having captured first place honors. In case either the Old Empress or Elks should win, there will be one sudden death play-off for the city championship.

The play-off for second half honors has been necessitated by reason of the fact that all three teams in the league tied in the standing.

## RAIN STOPS TENNIS YESTERDAY

## LACROSSE IS SHORT

Aliyansh Players Walked Off Field Yesterday After Play Had Been In Progress Three Minutes

Yesterday afternoon's lacrosse game between Prince Rupert and Aliyansh lasted only three minutes. After one of the natives had been cut across the eyes with stick there arose an argument over a goal scored by Prince Rupert and the natives walked off the field, refusing to play further. Thereupon the game was called and the fans were returned their admission.

Prince Rupert won the series by a margin of four points. The first game was a six-all draw. Prince Rupert won the second game, 5 to 2, adding the other point yesterday.

## VISITORS ARE DINED

Prince Rupert Football Association Gives Dinner for Smelter Town Team and Supporters

The Prince Rupert Football Association was host last night in the Commodore Cafe at a dinner in honor of the Anyox football team and supporters, who have been here in connection with the Fair Week sports program. In all, about thirty persons were present.

Bert Morgan, president of the Prince Rupert Football Association, was in the chair. Among the speakers were W. Watkins, manager of the Anyox eleven; Danny Morrison, captain; Art Field, secretary, and Mr. Powell, also of the smelter town.

The visitors expressed their appreciation of the fine reception and courteous treatment that had been extended them here. Naturally enough, they were elated at having made a clean sweep of the series with Prince Rupert.

length of time and the proposed new regulations were, of course, known to shipping interests long before being finally adopted. No advice was given Prince Rupert regarding the changes and the whole thing went through.

"It seems incredible that not only a potentially first-class port but also the whole division of the Canadian National Railways from Prince Rupert to Red Pass Junction should be placed under so prohibitive a handicap, by a convention at which the Canadian government had official representation.

"Clause I, Article 20, Page 117 of the Act provides that: 'Modifications of this Convention which may be deemed useful or necessary improvements may at any time be proposed by any contracting Government to the Government of the United Kingdom of Great Britain and Northern Ireland, and such proposals shall be communicated by the latter to all the other Contracting Governments, and if any such modifications are accepted by all the Contracting Governments (including Governments which have deposited ratifications of accessions which have not yet become effective) this convention shall be modified accordingly.'

We most strongly urge that the Canadian Government, at the earliest possible date will take steps to have the northern limit of the Summer Zone on this coast extended from latitude 50 degrees to 56 degrees.

### Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.

Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

### EGG PRICE IS RISING

Few New Fruits and Vegetables—Small Advance in Wholesale Sugar Price

A few new seasonal fruits and vegetables are noted in the September revision of the local market report. Fall apples are beginning to come in although it will be a few weeks yet before some of the most popular varieties begin to arrive. Peaches are not being quoted by the crate yet but the preserving soon will come on later in the month as stocks begin to move in more freely.

There is a slight stiffening in the wholesale price of sugar although no advances have yet been made on the retail market. Butter is steady while flour and feed prices exhibit weakness with no recent retail price changes. The price of eggs is advancing but meats are down.

Market prices current today are as follows:

## WATERFRONT WHIFFS

Saltery Operation of Islands — Deer Season Opens  
In Week—Halibut Landings

Only two salteries were to operate on the Queen Charlotte Islands this fall if the excessive \$1500 licence fee was to be enforced but, now that a cut in the fee to \$500 has been announced, it is uncertain as to whether or not more plants will go into operation. If the reduction in the fee had been made earlier, the operators would have had sufficient time in which to consider their plans. Under the \$1500 fee, saltery owners found the risk too great to start operations and, as a consequence, quite a number of Queen Charlotte Island people were facing the prospect of not getting work in these plants on which they have come to depend. Skidegate people in the past, for instance, have always been able to find work in connection with the Queen Charlotte City saltery for at least two months in the year.

Capt. Jack Haan, who owns the large Skidegate troller *Ila*, caught and sold 7,000 pounds of spring salmon in two days off Frederick Island on the Queen Charlottes recently.

Capt. Nels Robinson with his troller *Torberg* passed through Skidegate Inlet recently en route to the Hippo Island trolling grounds. In years past good catches of springs

having been chosen, along with two other British Columbia pilots, to take an advanced flying course given there by the Royal Canadian Air Force. The course will include instruction in navigation and, starting about the middle of September, will cover two and a half months' time. Russell Coote of Chilliwack and Ernest Evg of Victoria are the other pilots, in addition to Mr. Murphy, who have been chosen from this province to take the course.

A speed of 55.279 miles per hour was attained by Henry Ryan of Duluth, Minn., professional driver, with a 4-60 outboard motor at the Central Championship Races held at Manistee, Mich., recently. Ryan's best lap time was electrically recorded at 56.426 and is the fastest speed at which an outboard has ever travelled. The Amateur Straight-away record at Manistee with a 4-60 motor is 53.750 miles per hour, made by a young Canadian, J. R. Ardiel of Toronto. A new competition record for professional drivers was also established there by Walter Widgren of Glen Cove, L. I., New York, who spun five times around the one-mile course at an average speed of 47.99 miles per hour. Nunnelley of Detroit set a new amateur world's speed record of 49.28 miles per hour on the straight-away while Walter Widgren established a new professional record of 52.847 miles per hour. In the 5-mile competition event over a one-mile course this motor driven by Widgren set a world mark of

46.63 miles per hour. Such speeds make outboard racing probably the most thrilling and spectacular sport in America.

### Nora Jane in Port

The T. A. Kelley Logging Co.'s service boat *Nora Jane*, Capt. W. L. Dass, arrived in port on Wednesday night from the Queen Charlotte Islands and spent a couple of days here.

Deserted by practically all members of the scientific staff who went south recently to attend a conference at Departure Bay Biological Station near Nanaimo of Pacific Coast workers of the Biological Board of Canada, the premises of the chemical department of the Prince Rupert Fisheries Experimental Station have been undergoing a campaign of fall housecleaning the past few days and the scrub and paint brush, as well as carpenter tools, have been much in evidence. Everything will be in readiness for another season of active work as soon as the staff returns. O. Young, mechanical engineer, is the only member of the staff who is so far back. The others, some of whom are taking advantage of the opportunity to take a vacation in the south, will be drifting back within the next week or so, it is expected.

The trusty felloes will soon be coming out on the summer storage places for the opening of the deer hunting season is now only a week off, being scheduled by statute for

September 12 or next week-end. The deer season will remain open until December 15. Hunting will become general with the statutory opening on October 15 of migratory bird hunting. The bird season legally expires on January 15 although, as far as actual activity is concerned, it usually peters out before that time.

### New Boat Progresses

Lyman Hinton and Roger Wright, well known local land surveyors, are filling in leisure time with executing the finishing touches on the smart 33-foot, cruiser, hull which they have had under construction for the last several months and which has, since its launching recently, been moored at the floats of the Prince Rupert Rowing & Yacht Club. Type of motor to be installed has not yet been definitely settled upon.

Jim Calvin, well known local prospector, returned to port on Thursday afternoon after a three week's trip in his rowboat to Pitt Island. Some would think that rowing the long distances Jim does quite often would be rather arduous but such is not the case with this doughty searcher of the hills. He still pursues his quests and will be richly deserving of anything that may eventually come his way.

Skipper Bob Frizzell left this week for Big Falls power plant with the old *Laura F.* He has two weeks' work to do with the boat for the Power Corporation of Canada.

After having spent the season in northern waters, many southern trollers are now moving back to their respective home ports down the coast. Quite a few of the local boats are also back in port. Speaking on the whole the season might have been a good deal worse and, perhaps, did not compare too badly with conditions prevailing in most other lines of endeavor.

P. W. Anderson and crew of men last week-end completed a five-weeks' campaign of repairs to the sidewalk leading from the landing to the Salt Lake swimming resort. Underpinning was repaired throughout and the decking put in shipshape. Also overhanging brush was cleared out. The facilities will be in good shape for next season.

Numerous owners of rowboats and other small craft have recently reported the removal of their vessels, at least eight having been so far reported lost. It is supposed that itinerants have made away with some of them to aid them in their travels about the country.

### Halibut Landings

Halibut landings at the port of Prince Rupert for the 1931 season up to and including yesterday totalled 12,060,941 pounds of which 4,839,500 pounds has been brought in by Canadian vessels and 7,164,440 pounds by American. For the week ending yesterday landings amounted to 551,000 pounds, 121,500 pounds being from Canadian and 429,500 pounds from American vessels.

During the week prices were again at a low ebb. The high price of the week for Canadian fish was only 6.7c and 3c which the Edward Lipsett was paid for 7,000 pounds while the low bid was 5.2c and 3c received by the Gibson and Ingrid H. for catches of 9,000 and 10,000 pounds respectively. For American fish the high price was 8.3c and 4c which the Brothers was paid for 8,000 pounds while the low American price was 4c and 2c offered the Foremost for 23,000 pounds.

E. E. Orchard, who arrived in the city earlier in the week from Bremerton, Washington, left on today's train for Smithers where he formerly resided and where he has business to attend to.

## Traffic Handled In Good Style At Fair This Year

Local motorists have commented upon the splendid way in which automobile traffic was handled under difficult conditions at the Fair Building during the recent Exhibition. Special credit, it is said, is due Constable G. A. Wyman, who was in charge of the traffic there a good deal of the time. Much of the confusion of former years was absent on this occasion.
