## TORY SPLIT IN ENGLAND IS HEALED

## AUSTRO-GERMAN PACT MENACES EUROPE PEACE--BRIAND

### Foreign Minister of France Denounces New Treaty; Talk of War

Contrary to Spirit of Co-Operation—Germany Justifies Measure as Being Act of Defence Against Russia

PARIS, March 30.—Aristide Briand, foreign minister of France, yesterday denounced the customs treaty between Germany and Austria as being opposed to the spirit of co-operation in Europe. It was a measure which he declared would eventually result in war in Europe. He would continue to the bitter end to protest against the proposed treaty, Briand declared.

BERLIN, March 30.—Official Germany dubs as "regrettable" utterances made yesterday by Foreign Minister Briand of France regarding the proposed Austro-German customs treaty. It is pointed out here that the measure is a defensive action against Russian goods. As such Germany feels that it should have the hearty support of the rest of Europe and, particularly, the United States.

WASHINGTON, March 30.—The United States does not intend to become entangled in any tariff war in Europe, it is officially stated here in connection with the Austro-German customs treaty.

### BALCHEN HELD UP

Stormy Weather Prevents Viking Search Flyer From Returning Home

ST. JOHN'S, Nfld., March 30.—Stormy weather prevented Pilot Bert Balchen returning here yesterday from Horse Island around which he conducted an unsuccessful aerial search last week for Varick Frissell, young New York moving picture producer, and several companions, who have been missing since the explosion several days ago aboard the sealer Viking.

Balchen has given up the search and, as soon as weather permits, will return to Boston with his plane.

EDMONTON, March 30.—The Alberta Legislature prorogued Saturday night after supporting Premier Brownlee's stand that the Dominion government should be requested to "peg" this year's wheat crop at 70c a bushel.

### IRON HAND IS RULING

Virtual Dictatorship Set Up in Germany By President Hindenberg

BERLIN, March 30.—As a result of recent Socialistic and Communist activities which have led to bloodshed in the country, President Paul von Hindenberg has set up a virtual dictatorship in Germany. He is ruling the country with the same iron hand as that which he ruled the Army during the War.

Hindenberg issued decrees at the week-end suspending several articles in the German constitution, deeming it necessary to so act in order to combat certain agitations which are threatening the peace of the country.

President Hindenberg's decree of dictatorship it seemed today was having the desired effect. The week-end just past was the quietest the country has had in months. The usual week-end riots were noticeably absent.

### PRINCES IN SAO PAULO

Greeted in "Coffee Capital" Saturday By Torrential Rains

SAO PAULO, Brazil, March 30.—The enthusiasm with which the Prince of Wales and Prince George were welcomed in the "Coffee Capital" was somewhat dampened on Saturday by torrential rains. Their Royal Highnesses are continuing their tour of South America in connection with the recent British Trade Exposition in Buenos Aires.

## Negotiations of Chamberlain With Beaverbrook Bring Peace To British Conservative Party

Letters Are Published—Two Factions Had Disagreed on Tariff Matters and Baldwin's Leadership Was Challenged

LONDON, March 30.—In an exchange of letters, which were published over the week-end, between Rt. Hon. Neville Chamberlain, head of the Conservative party organization and Lord Beaverbrook, peace was brought about between the warring factions of the party. Forces under Rt. Hon. Stanley Baldwin, former Premier on one hand and under Lords Beaverbrook and Rothermere on the other are now expected to be united.

For some time there has been a breach in the party, Beaverbrook and Rothermere being unable to agree on tariff matters with Baldwin. The latter's leadership of the party was challenged by the press barons. The result of the recent St. George's by-election, when the Baldwin candidate scored a great victory over the Beaverbrook-Rothermere nominee, had a great deal to do, it is believed, in bringing about a settlement between the two factions.

### DAIRY ACT APPROVED

How Northern Members Voted on Milk Bill at Victoria

VICTORIA, March 30.—The Dairy Products Sales Adjustment Act, against which Jack Loutet, M.L.A. for North Vancouver and Mayor L. D. Pattullo, Prince Rupert; A. M. Manson K.C., Omineca; Dr. H. C. Wrinch, Skeena, and H. F. Kergin, Atlin. Among those who opposed to the continuation of the Act were Dr. R. W. Alward, Fort George.

### PAIR ARE ACQUITTED

Bowles-Loucks Trial Ended Dramatically at Hillsboro, Ore.

HILLSBORO, March 30.—The dramatic trial of Nelson C. Bowles, wealthy young Portland broker, and his admitted paramour, Miss Irma G. Loucks, his former stenographer, on the charge of killing Bowles' wife last fall came to a close Saturday afternoon with the acquittal of the couple. It took the jury only one hour and two minutes to reach the verdict. Bowles and Miss Loucks were immediately set free and received the congratulations of friends who crowded the courtroom. Bowles and Miss Loucks were charged with stabbing Mrs. Bowles with a bread knife in the Loucks apartment. The defence was that Mrs. Bowles plunged the knife into her own breast after learning of intimacies that had taken place between her husband and the stenographer.

It is expected that Bowles and Miss Loucks will never be brought to trial on moral charges still standing against them.

He was picked up and taken to the Prince Rupert General Hospital where he regained consciousness yesterday afternoon.

It is said that Fitzpatrick was having a meal in a restaurant with another man and Valpy interrupted them, starting an altercation which ended on the street. Fitzpatrick has been released on bail of \$4,000.

**FIRM HAND NEEDED**

The Doukhobors have been a constant source of trouble in British Columbia for many years and the authorities have been lenient with them because they ascribed their outbreaks to ignorance. Now it is time that a much firmer hand was shown as they apparently do not appreciate anything else.

**POSSIBLY NEW ERA**

It seems probable that a new era has set in for the government of India. Lord Irwin, representing the British government has negotiated a truce with the large group of objectors led by Mahatma Gandhi and this has now been ratified by the All-India Congress committee. The next move will be a conference of all the leaders in India and the representatives of the British government prior to action by the British Parliament. Unfortunately the British Conservatives have announced that they will not be a party to the conference so that if the MacDonald Government falls before the matter is settled it is possible the work will have to be done over again.

**BASEBALL ON THIS CONTINENT**

So great a hold has baseball on this continent that the death of a baseball magnate is almost as great an event as the passing of a president. Men who are leaders in this form of sport are much better known to many people than are political leaders. It was quite a coincidence that at the week-end two such men as Ban Johnson and E. S. Barnard should pass away, one president of the American League and the other a former president.

Eddie Pennen is probably the world's youngest and smallest motorcycle racer with the smallest motorcycle to match.

L. Martin paid a hurried visit to Prince Rupert on Friday returning on Saturday. He reported Rupert looking fine.

On hand are indications of the strength of the sun in dispelling the last remains of winter. The willows have long passed their zenith and numberless plants and grasses are beginning to show green above the surface. But for sharp nights the trees would have been in full bud before now.

The commissioners started a crew of men on relief work this morning, and the ordinary road work is expected to open up during the week.

**PRINCE GEORGE**

The city of Prince George will be forced to close down all direct and indirect relief within the next two weeks. By the second week in April, all available funds will have become completely exhausted.

Charlie Tai, Chinese cook, and Bert Forsman and Gunnard Nielson were the only successful claimants out of seventeen against the Pioneer Pole Co. and Fred Stevens, the company's representative, to enforce workmen's liens against poles cut in the vicinity of Dom Creek. Judge Robertson, in County Court here, ruled that the others had sought liens against the wrong poles. E. J. Avison of Quesnel acted as counsel for the defendant company and P. E. Wilson for the workmen.

Billy Blair one day recently found that his cash register was not working as smoothly as usual. Investigation showed that several checks written in his favor had been jammed in the back of it. Some of the checks had been written as long as three years ago. On presentation at the bank, they were all honored.

**NEW HAZELTON**

Owing to the condition of the roads, meetings of Farmers' Institutes in various parts of the central interior have been cancelled. The meetings were called to hear addresses by Dr. Knight of Victoria and J. Travis, district agriculturalist for the Peace River district.

Golf devotees of Smithers are again planning the establishment of a course here. It is expected to lay out six holes for play this summer. There is an ideal site close to town.

The local branch of the Canadian Legion has started extensive improvements to the interior of the hall here. It is expected before the work is finished that about \$2,000 will have been spent.

Soundings have been taken for power sites at a number of points on the Bulkley River by a water rights survey party. Work has been suspended for the present but is expected to be resumed when the water gets low again in June.

Business in the cedar pole trade continues quiet and no new orders are in sight to boost the industry in this district. Shipment has been completed on some orders recently received and at present some boomsticks and fence posts represent the total timber activity throughout the district.

Traffic has been suspended temporarily on practically all the roads in the central interior. With the frost going out of them, the roads are at present a virtual sea of mud into which even the lightest vehicles sink to great depths.

**PROMOTED**

Two appointments of considerable interest to Canadian hotel men and to the travelling public in general, have just been announced by H. F. Mathews, general manager of hotels, Western Lines, Canadian Pacific Railway. A. H. Devenish, well known as manager of the Banff Springs Hotel, becomes assistant general manager of hotels, Western Lines, with headquarters in Winnipeg, while A. E. Robertson, formerly assistant to Mr. Mathews, is promoted to the management of the Banff Springs Hotel. Both of the promoted men are well known and popular throughout the West and are recognized authorities in the hotel business.

**MARRY AND LIVE LONG**

Wedded Bliss Conducive to Longevity, Says Professor

LONDON, March 27:—Marriage would appear to be conducive to longevity, says Dr. Bernard Hollander, the well known ethical professor. Married folk take more care of themselves. But unhappy marriages, on account of the anxiety and worry they cause, are the surest means to hasten the oncoming of old age.

There are some occupations which obviously tend to shorten lives. The medical man's average duration of life is decidedly low. Only successful lawyers appear to attain a great age, as may be seen in the case of many of our judges. Humorists, philosophers, historians and highly intellectual people, in general, appear to live long. The group which presents the weakest side of longevity is that of the novelists, dramatists and poets, probably because they lead, or used to lead, more irregular lives.

Senile decay before 90 years of age should be regarded as premature. Men often die as trees die, slowly and at the top first. The enormous stupidity, backwardness and 'red-tapeism' of government departments everywhere are probably due in large measure to the fact that they are too much controlled by age, he says.

**So Little Left**

*for herself and children*

MANY a "good man" owns only \$2,000 of Life Insurance—believing that, should he die, his widow will have at least that amount of money.

Experience shows, however, that a large portion of the two thousand dollars goes to the doctor, the hospital and the undertaker. Bills must be paid—and the Life Insurance money is often the only means of payment. The widow and the fatherless . . . in their time of greatest need . . . get only what is left.

Fortunately, your family need never face such a future. With the aid of small, systematic savings, you can afford sufficient Life Insurance to safeguard adequately your wife and children.

Consult a Life Insurance Representative today and he will suggest a plan of protection exactly suited to your needs.

## BACKACHE

Wonderful relief from pain

Backache is one of those wearying complaints which bind all their members together with a common bond of misery. And when any one suffers from backache finds a sure remedy, fellowship prompts the quick report of that discovery to others. Here's a woman who has her friend to thank for knowledge of a remarkably successful treatment. Now gratitude compels her, in turn, to pass along the good news to you.

"I am writing to tell you of the great benefit I have received from Kruschen Salts. My friend, Mrs. H., had received so much benefit that she begged me to give Kruschen a trial, although at first I was doubtful, because I had tried so many things. At last, however, I tried some of her Kruschen, and feeling hopeful, I purchased a bottle, and I can honestly say that before I had finished the bottle my backache was gone. I have suffered for years with kidney trouble and dreadful headaches, and now to be free from the pain altogether is wonderful." (Mrs. C.)

### FREE TRIAL OFFER

If you have never tried Kruschen—try it now at our expense. We have distributed a great many special "GIANT" packages which make it easy for you to prove our claim for yourself. Ask your druggist for the new "GIANT" 75c. package. This consists of our regular 75c. bottle together with a separate trial bottle—sufficient for about one week. Open the trial bottle first, put it to the test, and then, if not entirely convinced that Kruschen does everything we claim it to do, the regular bottle is still as good as new. Take it back. Your druggist is authorized to return your 75c. immediately and without question. You have tried Kruschen free, at our expense. What could be fairer? Manufactured by E. Griffiths Hughes, Ltd., Manchester, Eng. (Established 1756). Importers: McGillivray Bros., Ltd., Toronto.

Yet constipation can be overcome by eating a delicious cereal: Kellogg's ALL-BRAN. Two tablespoons daily are guaranteed to relieve both temporary and recurring constipation. ## BASKETBALL AT TERRACE

### School and Town Still Deadlocked For League Championship

TERRACE, March 30.—As a result of winning their games Saturday night, the School and Town teams are still tied for the league leadership with one game to play. Town defeated Native Sons 22-17 while the School accounted for Vanarsdol 33-17. Last week Vanarsdol defeated Native Sons 56-17 at Vanarsdol.

In the first game, Native Son surprised the fans by holding the Town to a low score. Play was ragged and neither side was up to usual form. Town assumed the lead and was content to maintain it till the end. McCullough played the best game for the winner while Kenney and Hipp looked best for the Sons. Nelson injured a finger and had to leave the game in the first half.

Town—Pennie 3; McCullough 13; Thomas 2; Nelson; Lever 2. Total—22.

Native Sons—Smith; Kerr 2; Hipp 4; Graham 2; Kenney 4. Total—12.

Vanarsdol started with a burst of speed in the second game and ran up a 9-1 lead before the School team got going. They easily outclassed the students in this half and at half-time led 11-8. It was a different story after the rest period and the School team ran up a lead in a few minutes by some neat plays. The game, as a whole was uninteresting except for flashes of good basketball at times Cecil and Burton stood out for Vanarsdol. Michiel, at defense turned in a good game for the School and also gained 7 points Bowering and McLeod did most of the rest of the scoring.

Vanarsdol—Watts 4; Kennedy 4; Burton 4; Cecil 5; Bolton. Total—17.

School—McLeod 7; Bowering 15; Littl 4; Michiel 7; Wallace. Total—33.

MONTREAL, March 30.—Montreal Canadiens went one game into the lead in the play-offs for first place in the National Hockey League by defeating Boston Bruins 4 to 3 in an exciting overtime contest Saturday night.

## GAME IS CRUCIAL

### Seattle Eskimos Must Win Tonight to Remain in Hockey Play-Offs

SEATTLE, March 30.—Confident of success in bearding the Lions in their own den, the Seattle Eskimos left last night for Vancouver where they will meet the Vancouver Pacific Coast Hockey League team tonight in the fourth game of the league play-offs.

If the Eskimos fail to win this game, the Lions will run out with the title for another season. A win for the Eskimos, however, would tie the play-offs up two games all with the deciding game to be played at Seattle Wednesday night.

## SUCCESSOR DISCUSSED

### Baseball People Wondering Who Will Be New League Head—Connie Mack Mentioned

NEW YORK, March 30.—Stung by the deaths within 24 hours of Ernest S. Barnard, president of the American Baseball League, and Byron Bancroft Johnson, founder and former president, baseball men are speculating as to who will be the next president of the league. Fully a dozen prominent men in the American League are mentioned as possible successors to Barnard. Connie Mack, manager of the Philadelphia Athletics, is one of the colorful figures whose name is mentioned.

Meantime, Frank Nevin, vice-president, and William Harris, secretary, will carry on the affairs of the league. They are also mentioned as possible successors to Barnard.

For the fifth successive year, Sonja Heine (left), blonde skating star from Oslo, Norway, retained world's skating championship for women.

The 'Europa' made the run from Southampton to New York in 4 days, 18 hours 30 minutes—the world's record for ocean travel.

WHETHER it be transatlantic service or cigarette-making, only the best attain records; which accounts for the Turret cigarettes' record and proves they are right in quality and flavour.

After all, nothing can replace good, honest tobacco; grown and ripened right out in the field under nature's own sunlight—nothing artificial about that—and the high quality is "inbred".

## BUSH FIRE NEAR HERE

### Metlakatla Has Quite a Blaze But Village Fire-Fighting System Functioned Well

Fire swept through a considerable area of dry grass and underbrush back and to the west of the neighboring native village of Metlakatla yesterday but through the efforts of the native townsmen with their efficient fire fighting system, the flames were kept out of the village although they came within a few feet of some of the houses.

The fire started yesterday morning and, in the early afternoon, heavy clouds of smoke could be seen from the city billowing up over the village. Some alarm was felt here and the Indian department's power cruiser Naskeena was dispatched to the scene. It ascertained that the fire had been confined to the bush and that no houses or property had been damaged.

## CANTATA IS RENDERED

Delightful Musical Service Held In First United Church, Under the Leadership of John S. Wilson

An Easter cantata, splendidly rendered by the choir, featured the evening service on Sunday at First United Church. The cantata depicted events between the Passion and Resurrection and was entitled "From Death Unto Life," by Stults. A large congregation was very appreciative.

## Scout Ass'n to Be Formed Here

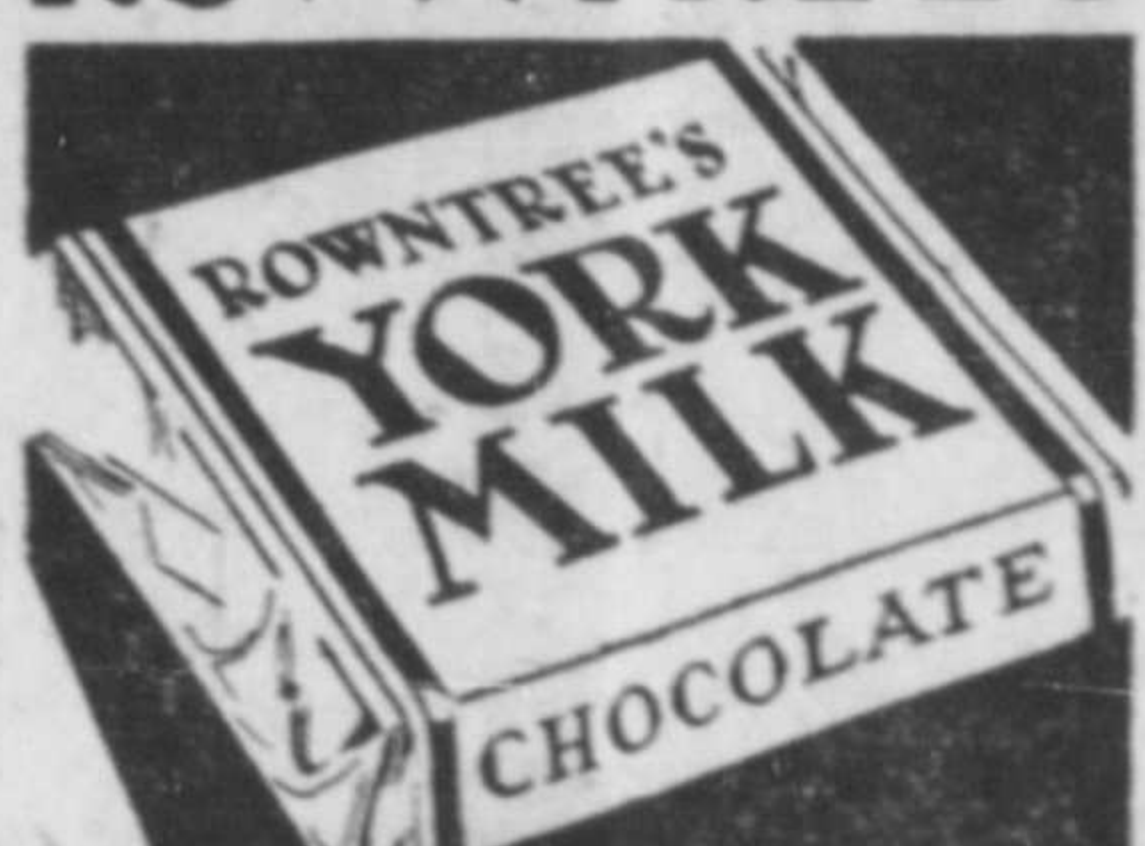

To Encourage Movement in City and District

At a recent meeting of the Scoutmasters' Association of this city, it was decided to form a local Boy Scouts Association with the object of encouraging and helping the movement in this district. It was also decided to appoint badge committees with the object of examining candidates and awarding proficiency badges. It is felt that, if parents would recognize the importance of their boys joining movements of this kind, less would be read of young boys and older ones too, getting into trouble and having to be sent to reform schools.

A public meeting will be held early in April to give this association a start. Meanwhile membership cards are being sold.

Dominion Constable E. G. Newham, after a holiday trip to Vancouver and Victoria, was a passenger aboard the Catala yesterday afternoon returning to his post at Kincolith on the Naas River.

## 'Reality' Subject of Lesson Sermon In Science Church

The subject of the Lesson-Sermon in all Christian Science churches and societies on Sunday was "Reality."

Among the Bible texts included in the Lesson-Sermon was the following from Luke 5:23: "Whether is easier, to say, Thy sins be forgiven thee; or to say, Rise up and walk?"

The Lesson-Sermon also included the reading of citations from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, one passage being as follows: "Reality is spiritual, harmonious, immutable, immortal, divine, eternal. Nothing unspiritual can be real, harmonious, or eternal. Sin, sickness, and mortality are the suppositional antipodes of spirit and must be contradictions of reality."

George G. Bushby returned to the city on the Catala yesterday afternoon from a brief business trip to Vancouver.
