PLANE FOR LOCAL SERVICE MAKES SPEEDY FLIGHT NORTH

Trim Gypsy Moth Ship Here from Vancouver Within Eleven Hours

Pilot Murphy Made Fine Passage Despite Adverse Weather Conditions—Patrons Already Seek to Make Air Trips

Although encountering head winds and rough air practically all the way up the coast, Pilot D. Murphy set the Moth biplane, to be used in commercial service out of here by the newly formed Northern B. C. Airways, down in Prince Rupert safely at 6:30 last evening.

This DeHaviland Gypsy Moth plane is the first unit of the projected local air fleet of the Northern B. C. Airways. Later a large

cabin plane is to be added to the fleet. It is planned. Meantime, the smaller plane already here should be able to handle a good deal of commercial passenger and freight business.

The Northern B. C. Airways will also have available the valuable services of Ole Rolag of this city, air engineer and also a navigator, who has long interested himself in the project for the establishment of a commercial air service here.

With one new large airplane engine as well as a complete outfit of parts already in stock here, the Northern B. C. Airways plans on establishing a complete air depot here. A hangar will be brought north soon. The local company has taken over a good deal of the stock of the old Dominion Airways of Victoria.

The newly-arrived plane made its first commercial flight out of here today when it left this afternoon for Ketchikan with a passenger. Many persons would have gone up barn-storming flights immediately after the plane's arrival last evening but the pilot already had a long day and told all those desirous of going aloft that he would be glad to take them up later.

Vancouver Wheat

VANCOUVER, June 2:—Wheat was quoted at 57 1/4c on the local exchange today.

TROLLER STRANDED

Capt. H. B. Thompson Had to Swim Ashore—Boat Refloated

On the extreme low tide last Friday morning the troller IXL, Capt. H. B. Thompson, stranded two miles west of Kumeon cannery. On the rising tide the boat remained on the bottom, which caused the aged skipper to swim the short distance to shore. A passing troller picked him up that evening and Saturday morning the trollers Princess and Bella and the packer Taplow successfully raised the boat and removed her to Victory Cove where she is being reconditioned.

TO ENTER POLITICS

United Farmers of Saskatchewan In Favor of Direct Action in Any Riding

SASKATOON, June 2.—The United Farmers of Canada, Saskatchewan branch, have decided in favor of taking direct political action in any constituency.

Juvenile Court in This City Urged By Ministerial Ass'n; Spiritual Foundation Needed

At a meeting of the Prince Rupert Ministerial Association held yesterday in First United Church, the question of juvenile delinquency, arising out of recent cases before the police court, was under discussion. The highest tribute was paid to Magistrate T. McClymont and the chief of police for the way in which these cases were dealt with. It was recognized that the police had a difficult situation to face in such cases, and it was felt that they should have the assistance of some organization in dealing with juvenile delinquency. After considerable discussion it was agreed to take up the question of the establishment of a juvenile court and Rev. C. E. Motte, along with Rev. W. D. Grant Hollingworth, both of whom have had experience in such work, were delegated to take the matter up with the proper authorities.

In the discussion facts were brought forward which showed that there were a large number of children growing up in the city without a spiritual foundation being laid in their lives upon which to build a moral consciousness.

The following arrangements were made for the hospital services during the month:

June 7—Rev. A. Wilson. June 14—Rev. Canon Rushbrook. June 21—Rev. W. D. Grant Hollingworth.

June 28—Commander Kerr, Salvation Army.

Again Meeting With Success

This smart looking "Mountie" is Jack Renault of Montreal, former heavyweight champion of Canada and former member of the Royal Canadian Mounted Police, who is now making a successful return to the ring. He also took part in several motion pictures which included Richard Dix.

PADEREWSKI IS WANTED

Great Pianist is Again to Be Offered Presidency of Poland

WARSAW, June 2:—Ignace Paderewski, great pianist and former president of Poland, according to reports current here, is to be called back to head the Polish government. The great musician is due here in about a month and will then be formally offered the presidency, it is stated. Dictator Pilsudski and military interests are supporting the move for Paderewski's return.

DOUMERGUE IS WEDDED

Retiring President of France Takes Widow For Bride

PARIS, June 2:—President Doumergue was married here yesterday to Madame Graves, widow of a naval officer. Doumergue will retire as president this month in favor of President-elect Paul Doumer.

FALL LOSES LAST STAND

Supreme Court of United States Refuses to Review Case Where Sentence Was Given

WASHINGTON, D.C., June 2:—The Supreme Court of the United States yesterday refused to review the case of Albert B. Fall, formerly Secretary of the Interior, who was sentenced to prison on corruption charges following the regime of the late President Warren G. Harding.

BODY OF MISSING YOUNG ENGLISHMAN IS FOUND ON TRAIL

VICTORIA, June 2:—The body of John Noel Bennett, young Englishman, who disappeared last November while mushing from Pouce Coupe to Vancouver, was found buried in the snow on the trail by a trapper on Saturday. It is presumed that he ran out of provisions and either starved or froze to death. Police made an unsuccessful search for him during the winter.

MEMORIAL DAY TOLL

No Less Than 120 People Killed in United States on Saturday

WASHINGTON, D.C., June 2:—Celebration of Memorial Day in the United States cost 120 lives throughout the nation, a check which has been made here shows. Many of the deaths were due to wet weather which made roads slippery and caused many automobile accidents. Well over half the deaths occurred in the west and middle west no less than twenty being recorded in California alone.

Tenders Wanted

Tenders are invited for repairs to the Exhibition Building. The lowest or any tender not necessarily accepted.

SITUATION DELICATE

American Knights of Columbus Demand Protection of Property in Italy

ROME, June 2:—The delicate situation existing between the Mussolini government and the Vatican was further strained yesterday when the Knights of Columbus of the United States, through the American consul here, demanded protection of their property from any action of the Italian government including dissolution of Catholic organizations.

The Pope yesterday ordered the church organ here to cease its attacks on the Fascist government, while the government issued similar orders to its supporting newspapers.

It is even seen as a possibility that the pontiff may sever diplomatic relations with the Mussolini government, following the decree dissolving all Roman Catholic organizations in the country.

DENIES KILLING

Accused as Murderer, Los Angeles Man Hopeful of Being Elected Judge

LOS ANGELES, June 2:—David Clark, formerly deputy district attorney, charged with the recent murder of Charles Crawford and Herbert Spencer, leaders in anti-vice campaign here, yesterday unequivocally denied the charges. Further, Clark expressed confidence that he would be successful in his candidature for county judge.

Duty on Higher Price Cars is Increased Under Budget; Other Revisions in Post Rates Made

OTTAWA, June 2:—Although there is not a general revision, almost all tariff schedules are amended as regard certain items thereof in the budget of Premier R. B. Bennett which was presented to the House of Commons yesterday. The total number of rate bearing items included on the resolution is almost 220. Automobiles are divided, for duty purposes, into three classes—the first up to 1200 in value, no change; second, from \$1200 to \$2100, general tariff increased from 27 1/2% to 30%; third, over \$2100, intermediate and general rates are increased from 30% to 40% respectively. Used automobiles are prohibited entry unless as settlers' effects.

Magazines and periodicals are made subject to a specific duty of 15c per pound under general tariff except those placed on the free list by order-in-council. In revision of the tariff, the Premier announced changes affecting some 200 rate bearing items but the alterations were confined almost entirely to intermediate and general tariffs. The new imposts are expected to produce an additional \$78,000,000.

The changes in tariff introduced by Premier Bennett are seen as being directed principally against goods that are imported in large quantities by Canada from the United States. Steps have also been taken to protect Canada against dumping of goods by foreign nations. It is proposed under the budget to adjust freight rates on wheat whereby the government absorbs five cents of the cost of transportation. In addition to the increase on letter postage from 2c to 3c, the rate on newspapers, periodicals, etc. will now be 1c per pound on newspapers having circulation of 10,000 and less and circulation in excess pays 1 1/2c. The total estimated expenditure for the coming fiscal year is placed at \$410,000,000 and the estimated revenue at \$403,000,000. Tariff changes such as the increased sales tax and some of the excise levies become effective today. Announcement will be made later as to when the increased bank check fee and three-cent postage becomes operative.

WASHINGTON, June 2.—An \$800,000,000 refunding bond issue will be offered for public sale on June 15, it was announced yesterday by Secretary of the Treasury Andrew W. Mellon. The issue will be floated for the purpose of retiring issues which then become mature.

Refunding Issue Being Floated By U. S. Government

WASHINGTON, June 2.—An \$800,000,000 refunding bond issue will be offered for public sale on June 15, it was announced yesterday by Secretary of the Treasury Andrew W. Mellon. The issue will be floated for the purpose of retiring issues which then become mature.

Halibut Sales

American—60,000 pounds, 6c and 3c to 8.1c and 4c. Canadian—40,200 pounds, 6c and 3c to 6.2c and 3c.

Notorious Oil Promoter Fined

LAREDO, Texas, June 2.—C. C. Julian, notorious oil promoter, was fined \$3,000 there yesterday on charges of abduction and extortion after a trial which lasted only fifteen minutes.

NEW SPECIAL EXCISE TAX NOW EFFECTIVE

OTTAWA, June 2:—Effective today, a special excise tax of one per cent imposed upon all goods imported into Canada becomes payable by the importer or the transferee who receives the goods from bond for consumption.

BROKERS IN JAIL

Three Executives of Toronto Firm Draw Three Year Terms For False Prospectuses

TORONTO, June 2:—F. G. Johnson, L. E. Clark and H. H. Thomas, former executives of the G. A. Stimson Co., were found guilty last night on charges of publishing false prospectuses and were each sentenced to three years' imprisonment in penitentiary.

TOLMIE IS VERY GLAD

Happy About Federal Government Taking Five Percent of Old Age Pension Payments

VICTORIA, June 2.—Premier S. F. Tolmie is highly gratified at the decision of the federal government to absorb five percent of the cost of old age pensions as announced in Premier Bennett's budget. It means a saving of \$300,000 to British Columbia annually.

KETCHIKAN FISH PRICE

Salmon Price is Cut to 10c, 6c and 3c, On Instructions From Seattle

KETCHIKAN, June 2:—Acting on instructions from Seattle, Ketchikan fish buyers yesterday cut the price of salmon to 10c, 6c and 3c, according to grade. The cut in prices is attributed to market conditions, it being pointed out that, already this spring, there is a much larger mild cure pack than usual. Halibut prices yesterday were 6c and 3c.

Halibut Sales

American—60,000 pounds, 6c and 3c to 8.1c and 4c. Canadian—40,200 pounds, 6c and 3c to 6.2c and 3c.

THE BENNETT BUDGET

The summary of the Bennett budget that has come to hand shows that it has fulfilled all the dreadful things prophesied of it. Instead of the Bennett government bringing in an era of prosperity as promised, it has found it necessary to lay a heavy hand on the people of the country in order to pay its way. This is in addition to a tremendous curtailment of expenditures which has helped to accentuate the condition of unemployment and hardship under which the country is laboring.

In order to pay the current expenditures and fixed charges and also to provide a bonus of five cents on Canadian wheat, the government has increased the sales tax by three cents on the dollar and raised the income tax on incorporated companies from eight to ten per cent. This catches every person living in the country. The sales tax is a levy on food, clothes and luxuries. All bear the burden equally. The poor man eats as much as a rich man and his food is taxed and he, the consumer, has to pay it.

The income tax was already high but it has been given a hoist. This in addition to the double income tax levied by the Tolmie government, makes a big demand on a long-suffering public.

Then there is a fifty per cent increase in postage rates on letters and various other imposts all designed to take money from the people of the country which ordinarily they would spend to keep the wheels of industry moving.

The difficulty with our system is that when times are bad and people have little money the governments almost invariably increase their levies, thus helping to crush those already down. Also they curtail expenditures thus helping to throw men out of employment to join the large army of men already trying to eke out a scant livelihood.

ESKIMOS NEAR PRINCE RUPERT?

According to a lady writer in the Canadian Home Journal there are Eskimos living near Prince Rupert. Of course it is a flight of imagination but it gives a wrong impression of the country. Go fifteen hundred miles farther north and Eskimos may be found, but nowhere in this region and we think not within at least a thousand miles.

The writer of the article is Nina Moore Jamieson and here is what she says:

"Out from Prince Rupert, perched away up on the coast of British Columbia, is a little island, where lumbermen have a camp, where fishermen put in as a port of call, occasionally, where there are by some miracle, children enough to warrant a school. The teacher is a woman with three daughters of her own—girls in their teens. What chance is there for these girls to make the natural friendships and contacts of girlhood? They know Indians, half-breeds, Orientals, Middle-Europeans, Eskimos, nameless waifs with furtive eyes—but what acquaintance can they have normally with other girls of their own class?"

Southern California clubs have appointed Reginald "Snowy" Baker, as director-general of athletic sports in preparation for their part in Olympic games of 1932. Baker, a native Australian and expert horseman, is seen putting his horse through a one-footed spin at Los Angeles.

BUSINESS OUTLOOK

Former Local Man Writes on Economic Situation—Sees Improvement Generally

The following by C. J. Rogers, comptroller of the White Pass & Yukon Route, whose father, J. S. Rogers was a steamship agent here in the early days, appears in the current issue of Washington Purchasing Agent and Manufacturer.

There has been a further recession of business during the past month. The increase in certain lines during March has faded out and levels are back where they started this spring. The industries that commenced increases of production in the early part of the year have abandoned their increasing program. It is quite evident that nothing has happened to the general business state of the nation to warrant any real increase in the production level.

Raw products have decreased in prices again although as usual manufactured products have not followed in the same proportion. It is the opinion of some that considerable length of a recession is caused by the lag of manufactured prices behind the decreases in the raw commodities. The decrease in the returns of the raw producer without consequent reduction in the costs to him of the manufactured article he buys naturally takes him out of the market until an adjustment of these two values is made.

While this is unfortunate there is something to be said for the manufacturers side of it. Taking all raw products including farm production, the basic producers are usually smaller units than the firms who work up and market these products. Adjustments come quicker in the smaller units. There is not the organized resistance to reduction of labor costs in the basic producers that there is in the manufacturing end, and the basic producers do not usually have a high overhead as the other side has and which forces it to resist the declines in an attempt to keep its organization functioning. The fact also that the taking to market of raw products usually is quite direct but the marketing of manufactures entails a fairly long chain bears also on this problem. Therefore, while this lag is a serious problem there is considerable reason for it.

But, also it seems apparent that no definite climbing out of the hole can commence until these two elements of raw prices and production on the one side of manufacture prices and production on the other side come into an adjustment. While this recession has been running well over a year it is only since the first of the year that we have noticed a really strong effort by the outlet of the manufacturer, the retailer, to put prices on this merchandise that would increase his volume. In a small town near here a certain wholesaler endeavored to induce his retailers to reduce their prices but this the retailer resisted with the argument that there was no money in the town anyway and reductions would be of no avail. The town happened to be a mill payroll town and full of gloom and business was at a very low level. He finally induced one retailer in the gents' furnishing line to try the experiment. With the wholesalers help a real sale was put on. The first week's volume was \$8,000 out of a busted mill town with no money in it.

This business depression that has been running now for nearly two years has been likened to nearly everything under the sun by writers on it. Lately it has seemed to me to liken itself to the great war. When that war first struck it was taken rather lightly by most of us. We couldn't appreciate that it could amount to much and we more or less calmly waited for it to burn itself out in a few months or be settled. As the months dragged on a note of fear and despair began to take hold of the world. We began to feel that a war of the first magnitude could and was happening—a thing we thought impossible under our civilization—the end of the war only came when the world overcame its first attitude of indifference and its second attitude of despair and fear and took its coat off and went actually to work with all its resources and put an end to it. I think the analogy will be apparent to everyone. Only recently have we through our financial leaders, labor leaders and statesmen taken off our coat and started in to find out how this thing can be stopped. We have got that far anyway.

Uncle GAZAZUS is coming!

News and Views in Sport World

Sons of Canada Victorious By Score of Seven to One in Opening Ball Game of Season

The Prince Rupert Baseball League opened its playing season last night on Acropolis Hill grounds when the Sons of Canada defeated the Millionaires by a score of seven to one. Mayor Orme pitched the opening ball and it appeared by the direction the ball went, that his outcurve is working even better than it was when he opened the season

last year. There was not such a big crowd of fans on hand as might have been expected, but there will probably be a larger turn-out on Thursday when the Sons try to repeat their success at the expense of the Elks.

Bill Lambie did the pitching for the winners and let the Millionaires down with three scattered hits, while Jack Nelson did mound duty for the losers and was touched for six safeties. There were quite a number of errors by both sides but that is to be expected in the first game or two.

Sons of Canada started their scoring in the first inning, when Kenny, lead-off man, walked. Moran was safe when Nelson tried to catch Kenny at second but failed. Smith overthrew third when Kenny tried to steal and he scored. The next three batters all struck out.

They added two more in the second. Roberts led off with a single. He went to second on a passed ball and scored when Frizzell doubled to left. Frizzell went to third on a passed ball and scored when Stalker went out at first. Johnson and Kenny struck out.

Two more were added in the fourth. Roberts was safe when Stephens dropped Wendle's throw and went to second. He scored when Frizzell singled to right. Frizzell stole second and went to third when the ball was thrown high. He scored as Stalker was thrown out at first. Johnson was hit by a pitched ball. Kenny went out at first. Moran was hit by a pitched ball. Nelson tossed out Lambie to end the inning.

The final two runs were scored in the fifth. Howe was safe on Stephens' error. He was caught trying to steal second. Styles got on when Gurvich dropped his fly. He went out stealing too. Roberts singled to right. Frizzell hit to Farquhar. The ball lodged in his glove and both runners were safe. Frizzell was credited with a hit, his third of the game. Stalker hit one that took a lucky bounce over Wendle's head, scoring Roberts and Frizzell. He went to second on the throw-in. Johnson was thrown out at first.

The Millionaires got their lone run in the fifth. Stephens struck out and Kenny threw out Budnich. Smith was safe when Styles pulled his foot off the bag too fast. Bury fanned but was safe when Roberts let the ball get away from him. Nelson was hit by a pitched ball, filling the bases. Zarelli hit a liner down the third base line for a single, scoring Smith. Moran took Wendle's smash and forced Nelson at third.

Frizzell led the hitters with three hits including a double in three

times up. Roberts and Zarelli each collected two singles, while Smith made a three-bagger. Stalker was the only other batter to hit safely. Umpire Brookes, behind the plate handled the game efficiently and is to be commended for clearing the players' benches of spectators.

Box Score

Table with columns: Millionaires, S. O. C., ABR, H, P, O, A, E. Rows include players like Bury cf., Nelson p., Zarelli lf., Wendle ss., Farquhar 3b., Gurvich rf., Stephens lb., Budnich 2b., Smith c., Moore rf.

Table with columns: S. O. C., ABR, H, P, O, A, E. Rows include players like Kenny 2b., Moran 3b., Lambie p., Howe rf., Styles lb., Roberts c., Frizzell cf., Johnson ss.

Totals 28 1 3 1 8 6

Millionaires 0 0 0 1 0 0

Sons of Canada 1 2 0 2 2 0 x-7

Summary—Two-base hit, Frizzell, 3-base hit, Smith; ease on balls off Nelson (1); struck out by Lambie (11), Nelson (7); left on bases, Millionaires (6), S. O. C. (5); passed ball, Roberts (2), Smith (2); stolen base, Roberts, Frizzell, Stalker; hit by pitcher, Nelson, Stephens, Johnson, Moran; time of game, 1:30; umpires, Brookes and Laporte.

CARDS WIN FROM REDS

Won Six to Five in 12 Inning Game Yesterday and Increase Lead in Standing

ST. LOUIS, June 2.—St. Louis Cardinals increased their lead in the National League yesterday by defeating Cincinnati by a score of six to five in a 12-inning struggle. It was the only game played in the Big Leagues yesterday. All American League games were rained out.

Baseball Standings

DO YOU KNOW

Send in ten-cents in stamps and we will mail you a complete set of "Do You Know" cards—sixty cards of knowledge and curious facts printed in color (size 2 1/2" x 1 1/4"). Or twenty cents will bring you the sixty cards accompanied by an album in which the cards can be placed as a permanent collection. Address Dept. 1, Tuckett Tobacco Co., Ltd., Hamilton.

Olympic Aspirants

If Elizabeth and Catherine Moxley, twin students of University of Kansas, keep up their form in discus throwing, a set of twins may be included in United States' next Olympic team.

Legion Lineup Merchant's Team

For tonight's football match against the Merchants the Canadian Legion team will be chosen from the following players: J. chell, Currie, Hill, A. Dickens, H. Smith, Skinner, D. Jack, Erskin, G. Dickens, S. Diekens, McKay, Chen-Howe, Woodside, T. Haddon, J. oski, Reserves, V. Menzies, Les Am-Murray, W. Murray, F. Hodgkinson, Wm. Murray, C. Baptie (captain), Bussanich, A. Hodgkinson.

SOFTBALL BASEBALL

June 2—Drydock vs. Station. June 3—Station vs. Roundhouse. June 9—Roundhouse vs. Drydock. June 4—S.O.C. vs. Elks. June 8—Elks vs. Millionaires.

A Private Income of \$100 a month for Life ... from age 55!

\$100 A MONTH if in good health. Just picture it—At 55, while still well and vigorous, to come into a private income (over and above other revenues), guaranteed for the rest of your life, of \$100 a month. You simply make yearly or half-yearly deposits of an agreed amount for a specified period, at the end of which you begin to receive a monthly income for life. That's only part of the story—If, meanwhile, through sickness or accident you cease paying premiums and receive \$100 a month during such disability. At age 55, the regular income of \$100 a month, unimpaired, comes into effect.

SUN LIFE ASSURANCE COMPANY OF CANADA. HEAD OFFICE MONTREAL. Without obligation on my part, please send full particulars of your \$100-a-month-for-life plan as outlined in your advertisement in (Name of Paper) Name (Mr., Mrs. or Miss) Date of Birth (Month) (Year) Address (Street) (City)

Miss Margaret Wilson, sister of Mrs. R. G. Large, Port Simpson, who arrived Sunday by motor from the east, left by yesterday afternoon's train on her return to New York.

Union steamer Catala, Capt. A. E. Dickson, returned to port at 9:40 this morning from Anyox. Stewart and other northern points and sailed at 1:30 this afternoon for Vancouver and waypoints.

Pilot D. Murphy, who arrived last evening from Vancouver with the plane of the Northern British Columbia Airways, is the guest of Mr. and Mrs. F. N. Good, Graham Avenue. The pilot is an old friend of Mr. Good's.

NOTICE

L. F. Coles, piano tuner, is leaving for Stewart Wednesday and will be gone a week. On his return all orders left at MacLaren's Music Store will receive prompt attention. 122

for EXTRA value...

IT PAYS to specify the name Kellogg's when purchasing corn flakes.

Here is the world's most popular ready-to-eat cereal. Costing only a few cents a package. Always ready to serve. No trouble or work. Delicious!

Indeed, what other foods offer you so much value? Kellogg's Corn Flakes are delightful for breakfast, for lunch, for children's suppers — and to enjoy as a bedtime snack.

Serve with milk or cream. Add fresh or canned fruits or honey. Extra easy to digest. Crisp and flavorful.

Wise buyers know that there is no substitute for genuine Kellogg's, the original Corn Flakes. Imitations never equal that Kellogg "wonder" flavor!

Look for the red-and-green package at your grocer's. Oven-fresh in the patented wax-tite wrapper. Made by Kellogg in London, Ontario.

You'll enjoy Kellogg's Slumber Music, broadcast over WIZ and associated stations of the N. B. C. every Sunday evening at 10.30 E.D.S.T. Also KFI Los Angeles, KOMO Seattle at 10.00, and KOA Denver at 10.30.

EVEREADY Layerbilt

The ONLY thing you need to know

IF YOU buy radio batteries on the basis of service, there is just one thing you need to know. Be sure they are Eveready Layerbilt. Then you will be certain of more dependable power, clearer reception and far longer life. Due to the exclusive flat-layer construction, Layerbilt Batteries contain nearly twice as much active power-producing material as old-type batteries of equal size. For true "B" battery economy, insist on Layerbilt, made only by Eveready, the world's largest builders of dry batteries.

**DURABLE
HARDWARE IS
HELP IN
MAINTAINING
APPEARANCE OF
HOUSE**

Copper and Brass Are Rustless

PERMANENT, durable hardware is not the least important of the many items which must be considered when building a house. Permanence is secured by the proper use of lasting rustproof materials devoid of any camouflage or sham finishes which will eventually expose the cheaper, rustable metals beneath. Almost all hardware finishes look alike to the untrained eye. Durable, solid bronze, brass or copper has practically the same appearance when new as the cheaper steel which has been plated with these finer metals. The difference shows plainly after a year or so of exposure to rain and dampness, to the salty perspiration of the hands, and to the steam and humidity of the bath, laundry and kitchen. After a season or two of exposure to

these corrosive agents, rust forms on the steel base and eventually breaks through the extremely thin plating of bronze or brass and begins to destroy the finish.

Butts (hinges) for interior doors are not so severely exposed to dampness. They can therefore be made of plated steel without as much danger of corrosion and disfigurement of the finish as if used on outside doors. Cheaper butts which cost but one-third the price of solid goods, although one-third more than the ordinary plated butts may be had with the steel sheared or galvanized before having been given its plating of bronze or brass. This galvanizing protects the steel body of the butts and preserves the plated finish for many years, often under rather severe conditions.

Glass is an excellent material for door knobs, as it has no finish to rust, corrode, tarnish or wear off. A little wiping with a damp cloth is all that is necessary to keep it clean. The same applies to glass push plates on each side of the swinging doors between dining room and kitchen.

With an ordinary horseshoe magnet any person can easily determine whether the hardware he is about to buy is solid or plated. The magnet is attracted or pulled by the steel even though it is plated, but it is not attracted by solid brass, bronze, copper or nickel-plated brass.

Generally speaking, the heavier the hardware the greater its value and period of usefulness. Copyright 1931, The Architects' Small House Service Bureau, Inc.

GYPROC makes
the change**

A BIGGER HOUSE inside the same four walls sounds impossible of accomplishment—but it only sounds that way.

Gyproc is a fire-resistant wallboard made from gypsum rock. It comes in sheets 4 to 10 feet long, 4 feet wide and 3/8 of an inch thick. It nails and cuts just as easily as lumber and with a minimum of waste. It is used for making inside walls, ceilings and partitions.

It has structural strength, insulation value, is draught and vermin-proof and costs very little.

Gyproc that does not burn is exactly the material to use for it needs no decoration when panelled yet is an excellent base for Alabastine, Gypdex or wallpaper.

Get a Gyproc direction sheet from your dealer or write us for the FREE booklet, "Building and Remodelling with Gyproc".

349 Third Avenue

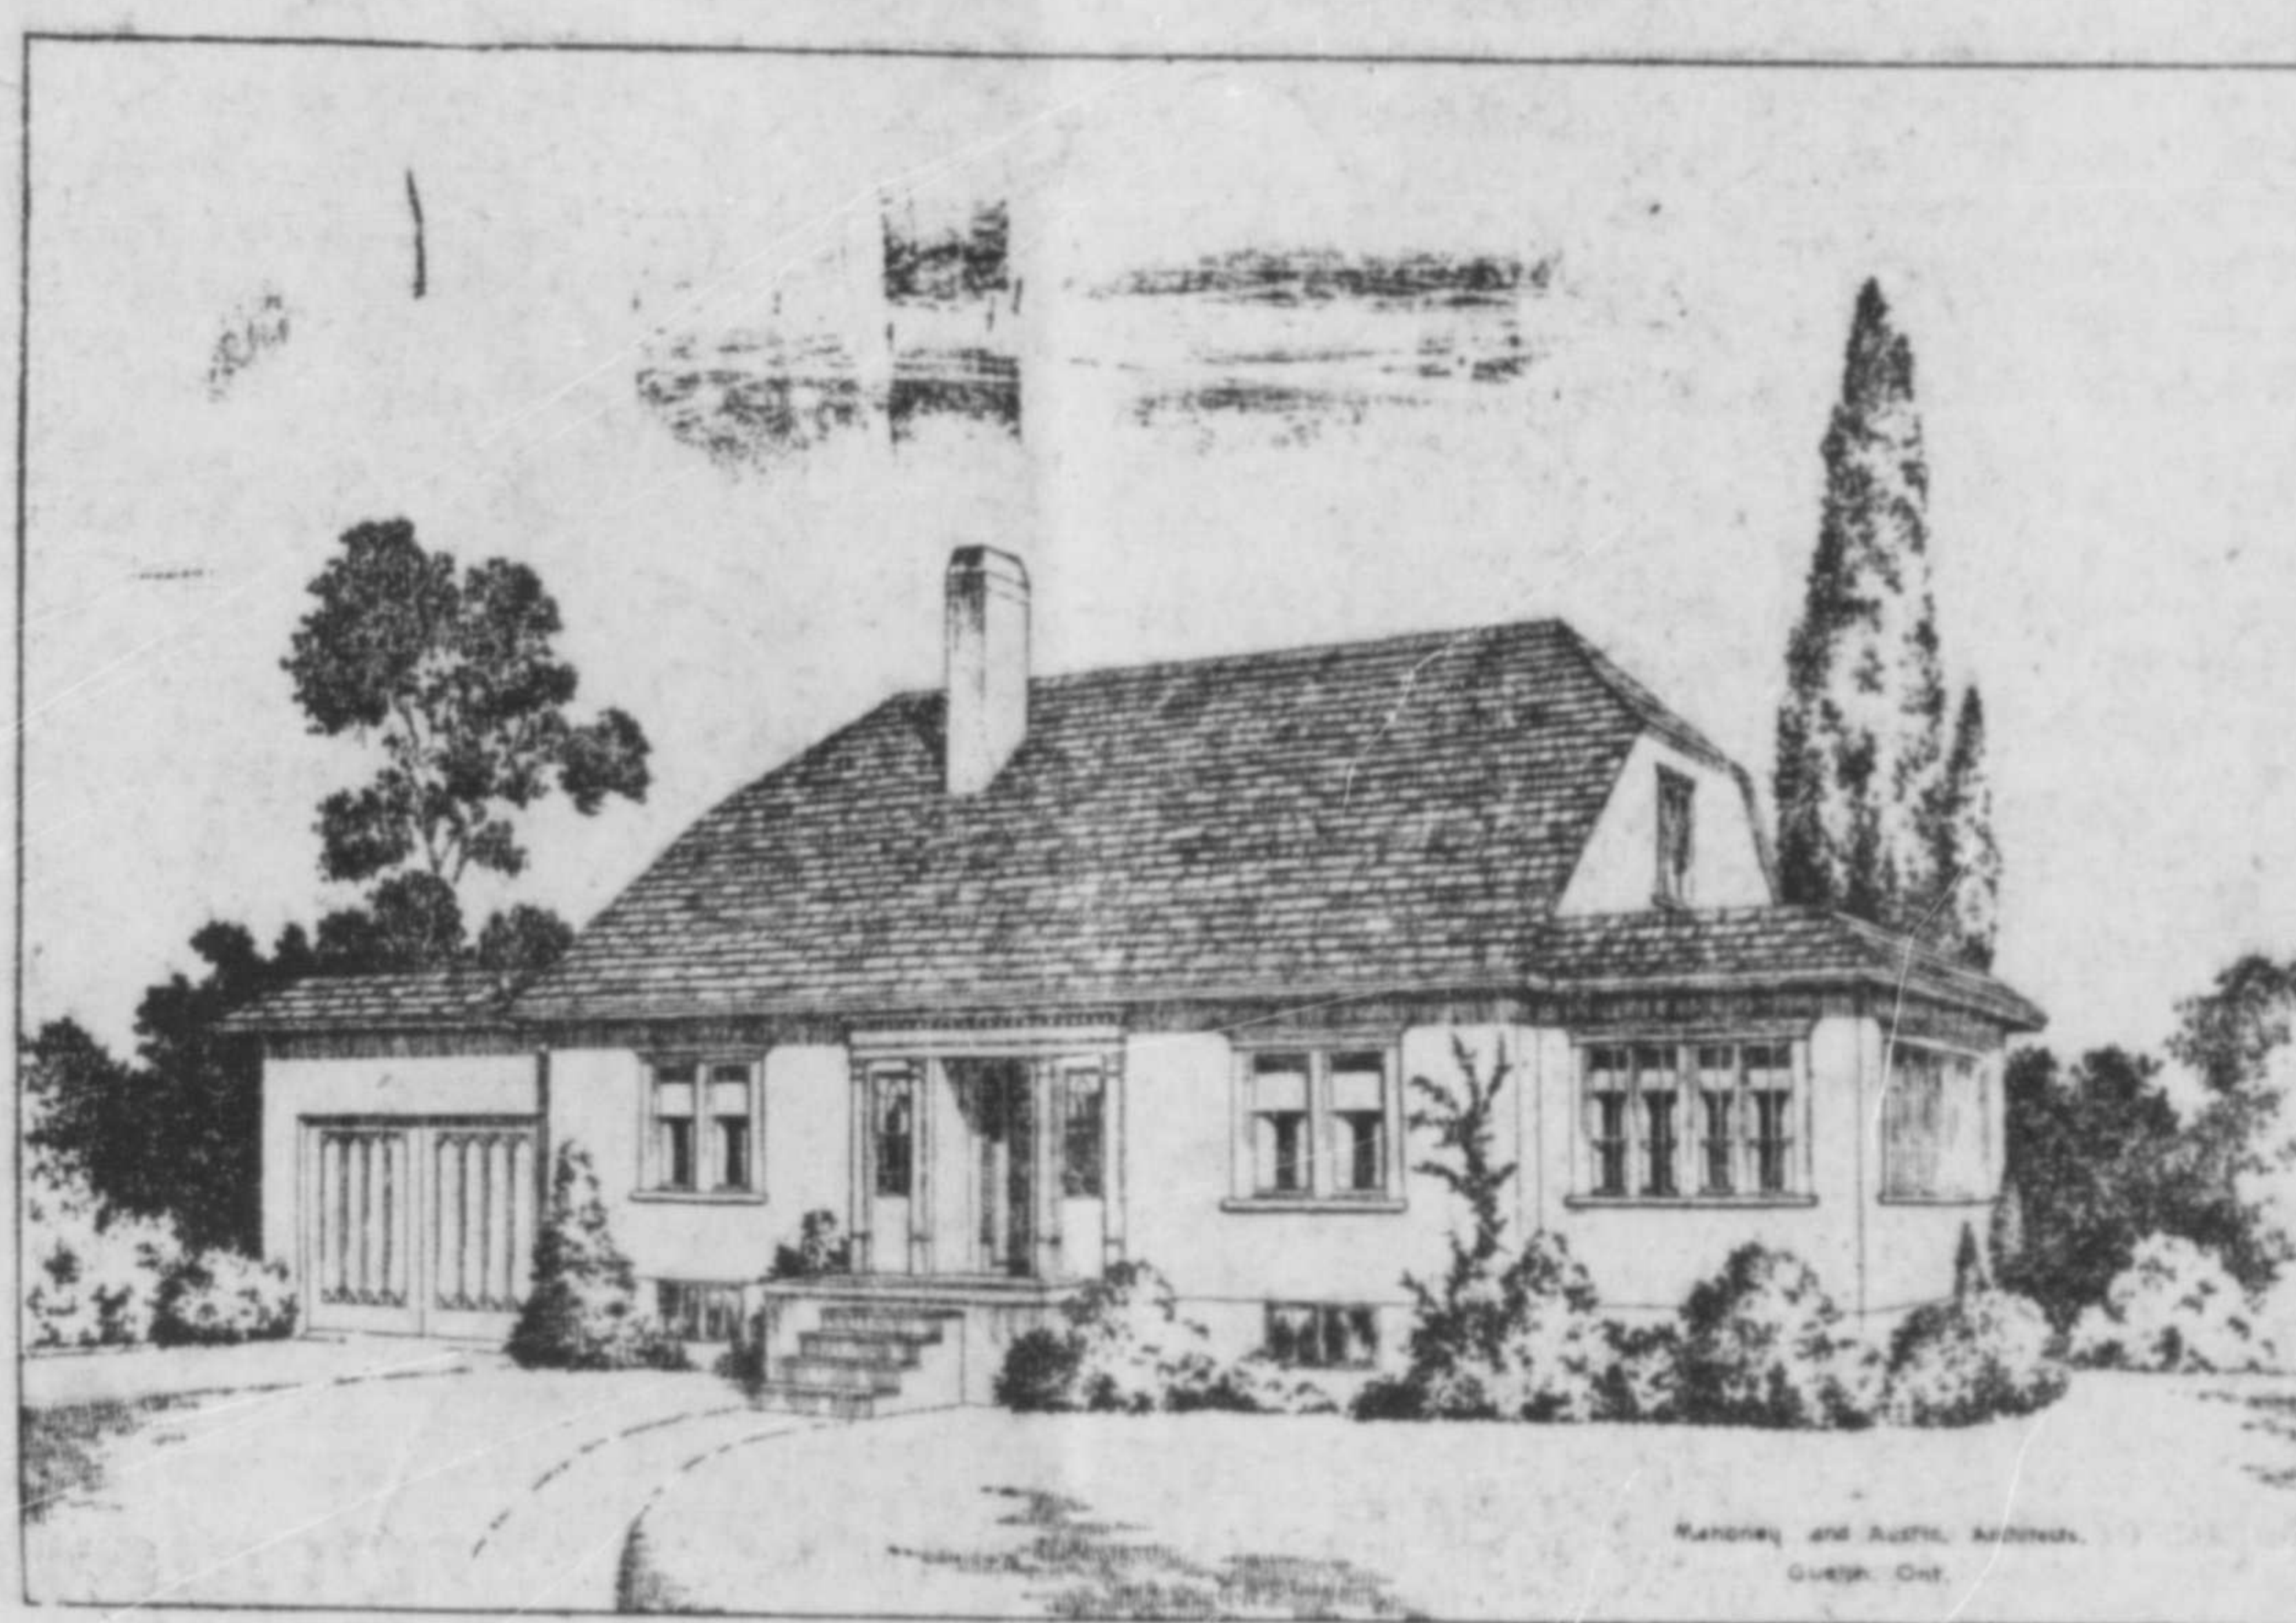

Building Permits Higher This Year

Building permits this year are so far about \$16,000 higher than for the corresponding period of last year. This indicates that a good many people have faith in Prince Rupert and that they realize that this is a good time to build or repair their buildings.

The erection of a business building on McBride Street, close to the corner of Third Ave. is an indication of the trend of business. Within five years McBride will be a retail thoroughfare and Third Avenue will be built up as far as the corner.

A good many people have been securing building lots from the city where they required cheap property and were not very particular as to location. The result has been the erection of a number of small cottages where the owners cultivate their gardens and gradually improve their places.

The plan published today is one that is suited to a larger plot of land than most people in Prince Rupert utilize for building purposes. A double corner would be the right place for it as it needs nearly one hundred feet frontage.

MAHONEY and AUSTIN, Architects

REAL ECONOMY AND GOOD DESIGN

THIS home built for an architect has many interesting features about it. Probably one of the most interesting of these is the extremely low price for which it was built, accomplished by the knowledge of good, economical materials to use and also due to the economical layout of the house itself.

The entrance hall is especially worthy of mention, because of its unusual design. Instead of being cut off at the second floor, the ceiling extends up to the full height of the roof, following the line of rafters almost to the ridge. One can well imagine the spacious feeling produced. The stair rail rises not in

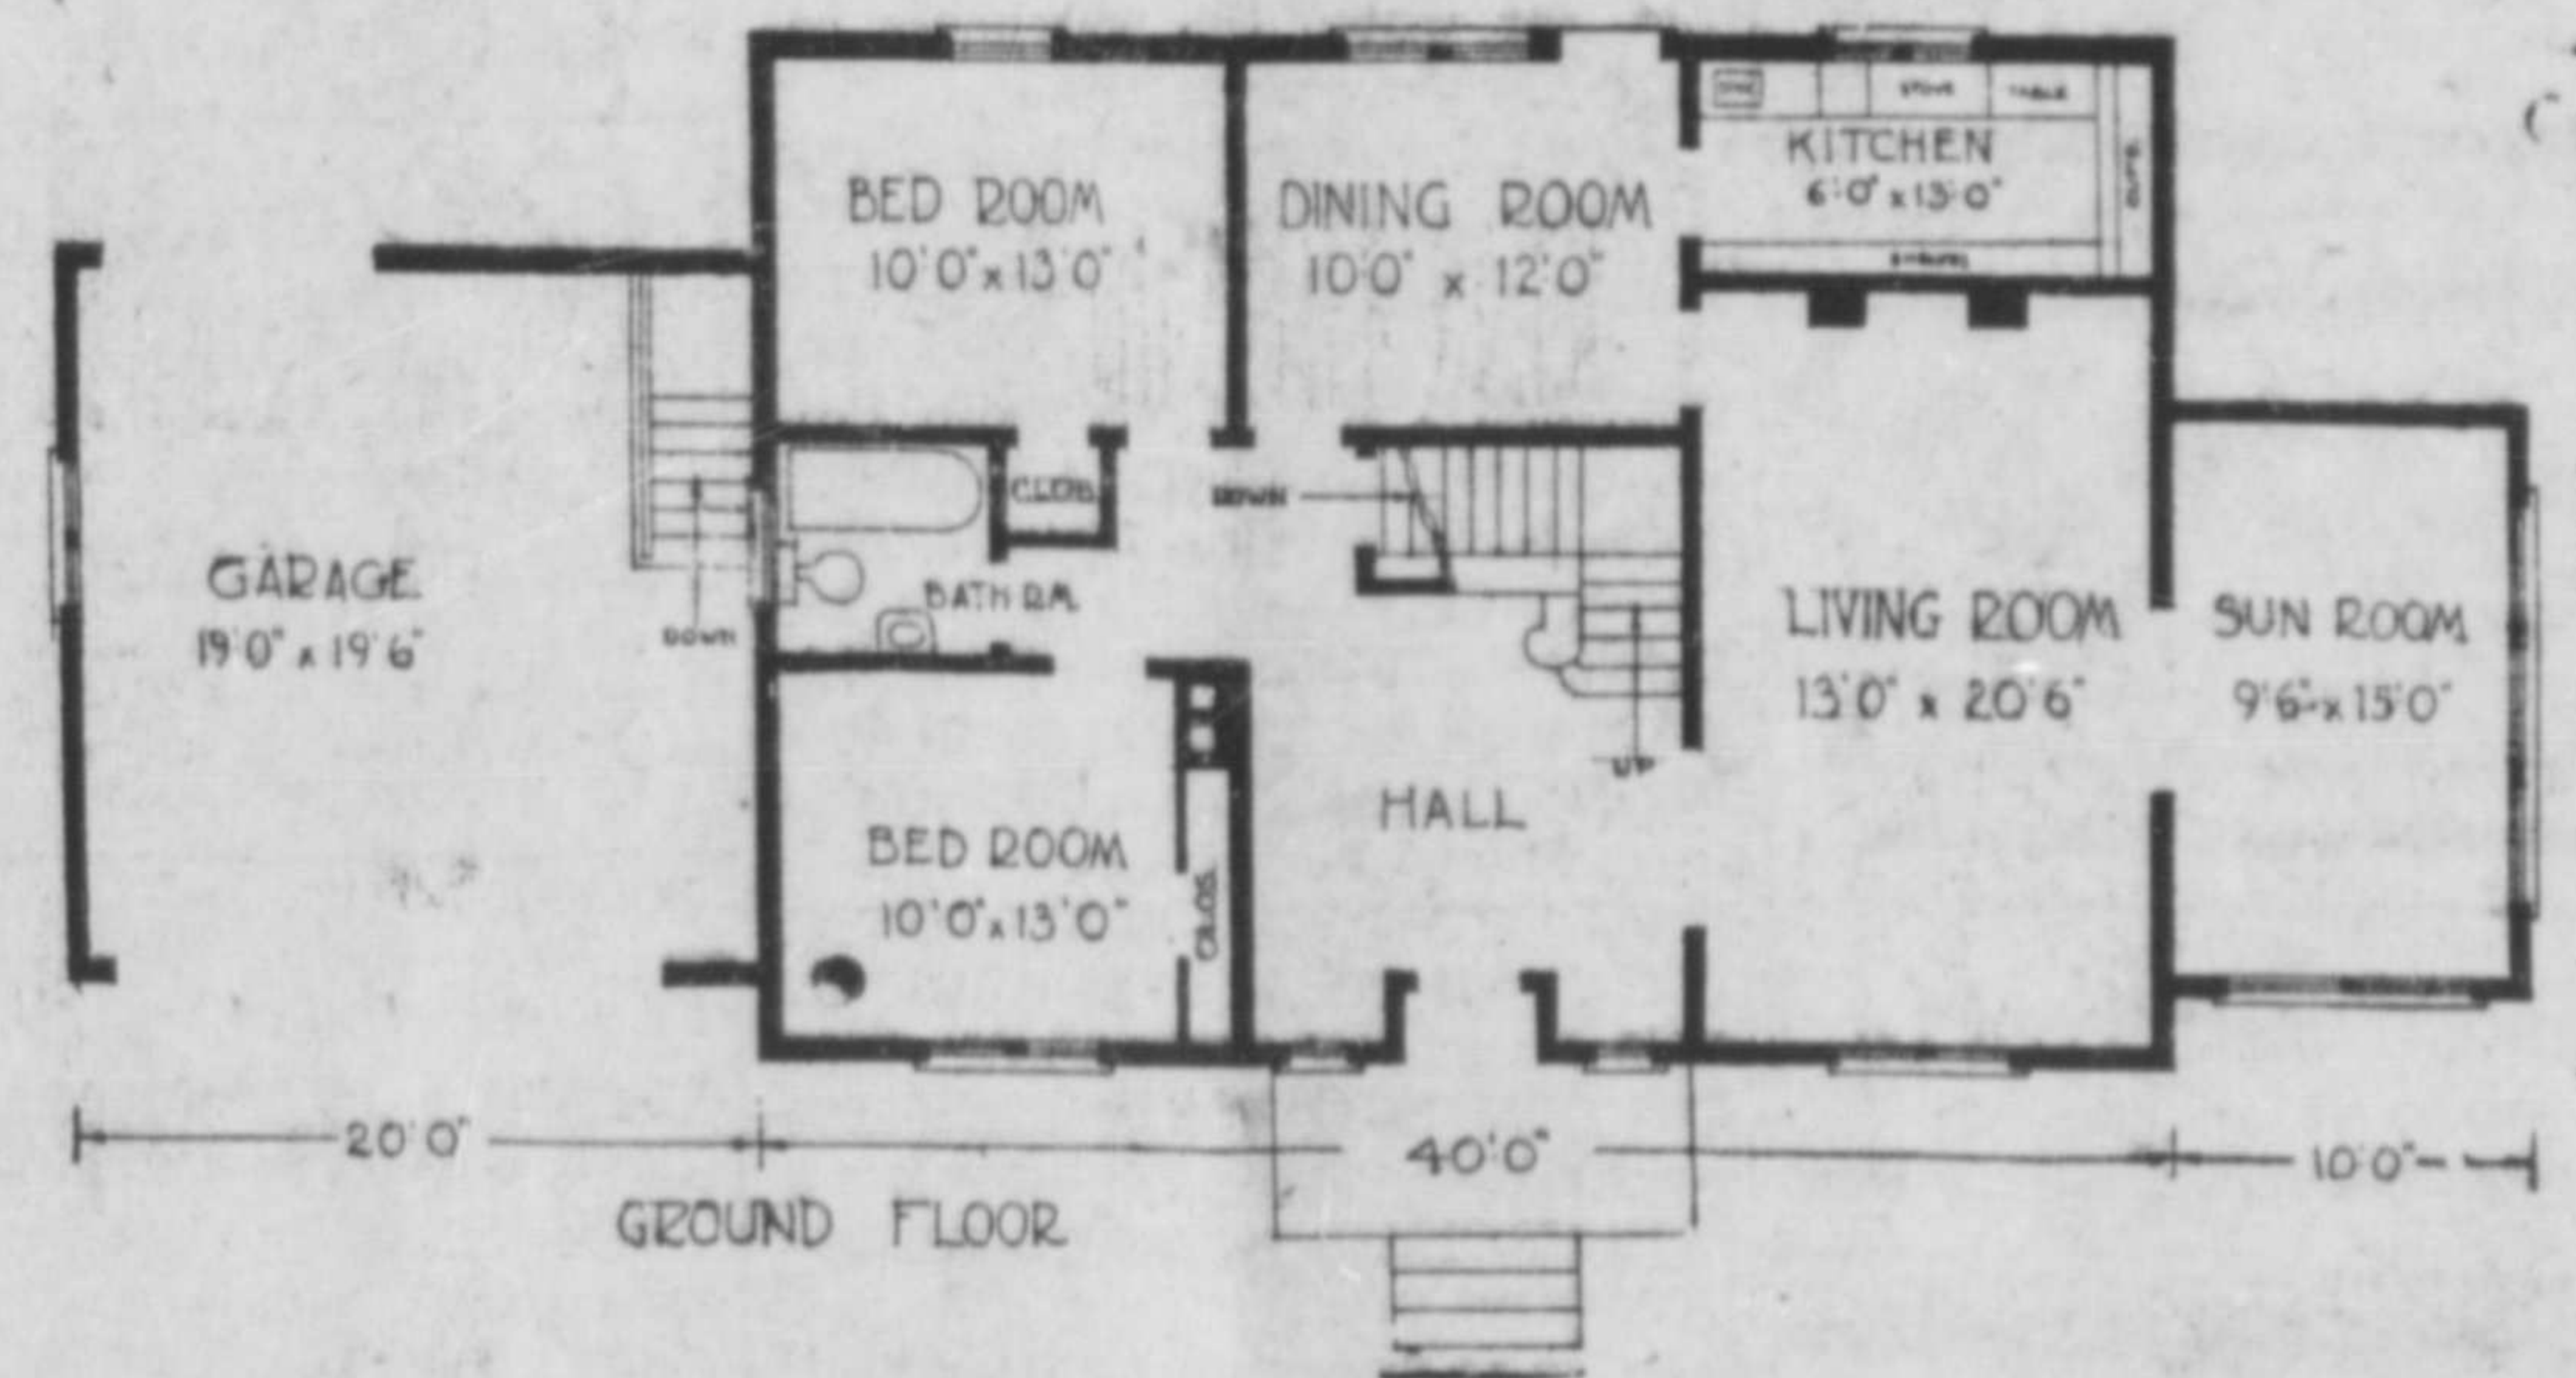

a slope corresponding with that of the stairs, but in giant steps providing ledges on which electric lights, plants, etc., rest. This rail is one foot in width. An open gallery crosses the hall at the top of the stairs, giving access to two bedrooms in attic roof space.

Every room in this house receives sunlight at some time of the day. As the house was built practically the full width of the lot, the double garage has a rear door so that a car may be driven through into the back yard to be washed.

Composition of the walls is effective though the cost is low, consisting of white stucco with English

pebble dash on metal lath, two thicknesses of insul board and the usual studding.

Outline Specifications
Size of House: 28' 0" x 70' 0."
Suitable Lot: 100' frontage.
Walls: Stucco.
Roof: Brick period roofing.
Heating: Hot air by oil burner.
Approximate Cost: \$5,200.
Readers desiring further information regarding a house of this design should communicate with Messrs. Mahoney and Austin, Guelph, Ont. and mention design No. 283. Consult a local architect if designing architect is too far removed. Copyright 1931.

**Terrace Hospital
Meeting Is Held**

Ways and Means to Be Found to Liquidate Deficit

TERRACE, June 2.—The annual meeting of the Terrace Hospital Association was held in the Blue Room on Friday night, H. Halliwell, president, was in the chair, and there was a small attendance.

Dr. Mills gave the annual report which showed that a good deal of quiet but progressive work had been carried out. The x-ray machine had proved a very useful unit in the equipment.

A. McLeod read the financial re-

port covering two years. The total income had amounted to \$1278.96 including the balance in hand at the commencement. There was a bank balance of \$40.08 at the end, but accounts amounting to about \$180 were unpaid.

After considerable discussion as to ways and means and before new officers were elected the meeting decided to adjourn to August 21 with a view to steps being taken to liquidate the deficit.

"I could not get on without it," said this experienced Chef...

Borden's ST. CHARLES UNSWEETENED EVAPORATED MILK

NOT ONLY housewives, but experienced chefs in hotels and restaurants endorse St. Charles Milk. They find that it is not only economical and handy but, having rich cream in every drop, gives a rich improved flavor to their cooking.

Borden's St. Charles is nothing more or less than the pure full-cream milk of selected Canadian cows. Nothing is added and nothing but 60% of the moisture is removed. Every drop of St. Charles is sterilized and hermetically sealed under the most ideal hygienic conditions, and comes to you pure, sweet and wonderfully wholesome.

Use it regularly for your puddings and desserts and you and your family will be delighted with the rich new flavor of your cooking.

Recipe for Baked Custard
2 cups St. Charles Milk 1/4 teaspoon salt
2 cups water 4-6 eggs beaten
1/2 cup sugar 1 teaspoon Vanilla
Few gratings nutmeg

Dilute milk with water and bring to scalding point—do not boil. Mix sugar, salt and beaten eggs. Pour the hot milk, a little at a time, over the egg mixture, stirring to blend thoroughly. Add the flavoring and pour into a buttered baking dish or individual custard cups. Set into pan of hot water and poach in moderate oven (240° to 325°F.) until firm. The custard is done if a knife blade comes out clean when thrust into the centre. (Simple enough for the most delicate child.)

GYRO HEAD PAYS VISIT

District Governor Reg Rutherford Gives Stirring Address at Luncheon Today

A stirring appeal for extension of Gyro activities and ideals locally, nationally and internationally was made by Reginald G. Rutherford, Kelowna accountant, and district governor of the club, at a luncheon of the Prince Rupert Gyro Club in the Commodore Cafe today. Mr. Rutherford envisioned the day when the Gyro and other service ideals would have spread from the North American continent to all parts of the world and when its membership would be so universal that the organization would be an instrument in bringing about of international peace and improved economic conditions.

Mr. Rutherford congratulated the local Gyro Club on its activities in the city itself and also on its instrumentality in having brought Ketchikan, the first and only Alaska club, into the international chain. He made an appeal for good attendance on the part of members and asked the club to be represented as heavily as possible at the international convention in Hamilton in July and at the district convention in Vancouver in August.

At the conclusion of his address to the club a vote of thanks was rendered Mr. Rutherford on motion of William Cruikshank and C. A. Kirkendall. President C. C. Mills was in the chair and there was a good attendance of members despite the fact that it was an emergent session.

Mr. Rutherford, who has also visited Ketchikan in the course of his present tour, sailed by the Catala this afternoon for Vancouver en route back to Kelowna.

WRECK TO BE PROBED

Searching Inquiry Into Stranding of California Ship Harvard Ordered

LOS ANGELES, June 2 — A searching inquiry has been ordered into the stranding on the California coast at the end of last week of the veteran San Francisco-Los Angeles liner Harvard on which the lives of four hundred passengers were endangered. Repeated efforts to refloat the vessel have failed and it is likely she may have to be dismantled and left wedged among the rocks where she now rests.

The passengers were successfully removed from the stranded ship and were landed here by the United States cruiser Louisville.

Gross negligence is charged against officers of the steamer by passengers who declare that several of the officers were drunk and that the passengers had to shift for themselves after the stranding. There was very little fog when the ship struck they declared.

Bargain Day At 'Beauty Shop'

Dollar Rate All Over Theatre Except for Loges

This is the day when the public is shopping for bargains and those who have something to sell must realize this fact. With this idea in mind the committee of Elks which are handling the business end of this exceptional piece of entertainment at "bargain prices" so that no one can say he could not see the show as the price was too high. The entire floor has been reserved and seats may be secured for any location desired at a nominal price of one dollar, with the exception of the loge seats which are one dollar and twenty-five cents.

This is the first time "The Beauty Show" has ever been offered to the public at these prices and no doubt there will be a very heavy demand for seats. A special matinee performance will be given at 3:30 on Tuesday afternoon for which the prices will be thirty-five cents for all grade and high school pupils, and seventy-five cents for adults.

Book your seats early.

STAGING COMEBACK

Brooklyn Robins Getting Into Stride and Chances Look Better Now

BROOKLYN, June 2.—Wilbert Robinson, portly old manager of the Brooklyn Robins, is redeeming himself following his team's early season slump and the fans are wondering now just what to expect from the Dodgers.

Following their clean sweep over the New York Giants and their trimming of Boston Braves, there is renewed confidence in the team which Robinson declared at the opening of the season was one of the strongest aggregations he had ever run.

EDWARDS STAYING

Mayor of Seattle Has No Intention of Quitting Until He is Put Out

SEATTLE, June 2.—Mayor Edwards indicated yesterday that he has no intention of resigning and that he will fight the recall movement to a finish.

Presenting his annual address to the city council yesterday, the mayor defended his actions in connection with the city light department, about which a storm broke several months ago, and denounced communism.

The city council, with an anti-Edwards majority, elected Councilor Robert Harlan as president of the council.

Meantime, the courts are working and it is expected that July 13 will be immediately designated as recall election day.

MADE MANY AIR TESTS

Thomas Ash Employed Every Possible Resort to Get Off on Pacific Hop

TOKYO, Japan, June 2.—Before finally deciding yesterday to abandon the attempt to cross the Pacific Ocean non-stop in the plane "City of Tacoma," Thomas H. Ash Jr., American wartime flyer, made numerous vain efforts to lift the ship out of the water with the minimum supply of gasoline necessary for the 4400-mile hop. He cut the load down to 2000 gallons and then

Examiner Of Music Is Here

Norman Wilks of Toronto Conservatory of Music to Give Recital

Norman Wilks, pianist, who is arriving here this afternoon to act as examiner for the Toronto Conservatory of Music, is a pianist of note. He will give a recital here tonight under the auspices of the Ladies' Music Club and many will want to hear him.

Mr. Wilks, an English musician and a veteran of the Great War, took a large part of his musical education in Germany. He will be here in connection with his duties until Thursday night.

MAT BOUT SENSATION

Both Malcewicz and Dern Out in Match at Seattle Last Night

SEATTLE, June 2.—Joe Malcewicz of Utica and Ira Dern of Salt Lake City wrestled to a draw last night in one of the most spectacular matches ever seen here. After Dern had night put Malcewicz out with a series of vicious headlocks in the fifth round, the groggy Joe rolled over and threw Dern with an unexpected backward body slam. Neither was able to come back for the sixth round bell and it was called a draw. Dern was out for several minutes.

Dern took the first fall in the third round with an airplane spin and body slam.
