We do not expect people to plant gardens just because of we suggest it, but we do expect them to remember that they are citizens of no mean city and that by neglecting their homes they are placing themselves beyond the pale of progress. ESSINGTON LOST GAME

Defeated 43 to 25 By Terrace in Basketball Match

TERRACE, March 23:-Before a packed house last Thursday night, the local senior basketball team defeated the Port Essington Wildcats 43-25, in a fast and exciting game. The local sharpshooters were in fine shooting form, which, coupled with a brilliant passing attack, had the visitors outclassed throughout. The Wildcats showed ability to work the ball up the floor, but lacked the finish under the basket shown by Terrace.

The teams battled evenly through the early stages of the game, the score at one time being 16-13 for Terrace. By half time this had been increased to 20-13. The locals started the second period with a rush and ran up a comfortable margin which they maintained till the end.

Terrace used the same five men right through while Essington ma'de one change near the finish. For the Wildcats Lockerby at centre and CUBS TAKE Spalding at forward looked best. Starr, their usual scoring ace, was able to get only one basket, being ably held in check by Michiel, who turned in a great game at defense Pittsburg Beaten Twice By Chicago Vancouver and Seattle to Clash logh did some flashy shooting and worked well with Thomas at centre. Bowering collected 22 points for his night's work, and McCullogh, although watched closely all evening, obtained a total of 13. Moore played a strong game at guard, and was in on a lot of plays.

The government is said to expect that, if it arranges a progressive of Ross or the impeachment of the railway policy, the country will forget the one per cent income tax and give it a renewal of confidence. The railway work would relieve the unemployment situation and help to bring back better times to the province. No announcement is likely to be made until after the House adjourns and possibly not until early in the summer.

It is very likely that any railway work designed to provide a western outlet for the Peace River country will have the backing of the federal government.

TERRACE, March 23:-A special meeting of the congregation of St. Matthew's Anglican Church was held in the rectory on Saturday night, Rev. E. A. McCarthy presiding, further to consider the attitude to be adopted in regard to the impending assault charge in which the vicar is the aggrieved party.

The chairman said he had received an ample apology from his Dr. Middleton's Ironized assailant and was willing to make representations requesting that the charge be reduced to one of common assault.

A long and at times warm discussion ensued and ultimately it was decided by a vote of eight to seven Malkin's Best Honey-4's to support Mr. McCarthy in the course indicated.
