TAX ON WORKINGMEN

One of Prince Rupert's prominent businessmen, who is not given to letter writing, suggested that one of the difficulties of making Canada an industrial country today was the fact that the cost of living was higher than in the neighboring country to the south. He spoke of a number of articles of general use that were much more expensive in Canada than in the United States, this being caused by the tariff. Many of the necessaries of modern life were not grown in Canada and had to be imported. These all had to pay to the government at least one per cent duty and four per cent sales tax, amounting in all to five per

In manufacturing centres where some benefit accrues from the extra employment brought about through the replacement of foreign manufacturers by home products, this import duty is not felt as much as it is in the west where the people benefit little from the duty yet all have to pay the extra charge.

It was pointed out by the same person that it is the workingman who has to pay this import duty. Not one person escapes. Food and apparel cost more because the government takes toll on practically everything.

Printed linoleum is composed of a layer of oxidized linseed oil and powdered cork over burlap, the decessive layers of oil color. If the surface is protected by wax or lacquer Is Starting Today so that the wear does not fall directly on the printed colors, the design will last indefinitely. In considering the inlaid linoleum

it should be understood that variations in price are due to increase in labor in manufacture, sometimes hand work, sometimes the use of expensive machines or hand made is a type in point. There the marbled effect is produced by hand raking of the colored cork. The blocks are then cut out and each individual' block placed on the burlap backing by hand, then run through hydraulic machines. So much handwork, of course, makes the price high.

Next to proper laying, the main factor in the durability of linoleum is its care and maintenance. Finishes vary with different manufacturers. All agree, however, that waxing the surface is probably the best wear insurance.

For the necessary washings, it is vital that the right soap be used. Agent: Hyde Transfer, Phone 580 Soaps containing free alkali will

"If you want your child to be a prize-winner," says this mother, "here is one rule you must never neglectkeep the child free from constipation."

No mother can expect that her child will escape all the ills to which children are subject, but she can do much to relieve their severity by following this rule.

If your child is constipated, has a cold, a fever, no appetite or a coated tongue, don't wait until a more serious illness results.

Baby's Own Tablets are a safe and simple remedy for constipation. They reduce simple fever, allay colic, relieve croup, and help to relieve the distress which accompanies the cutting of teeth.

For your own peace of mind and for the sake of your child, don't be without Baby's Own Tablets in the house. 25 cents a package at any druggist's.

Husky Elk Leads Individual Batting Averages For First Half of Baseball Season

Second Place Tie

Sons of Canada Turn in Best Team Average With Old Empress

Fred Stephens of the Elks, with .409, is the leader of regular batters in the City Baseball League for the first half of the 1931 season, official statistics show. He has a wide margin of percentage over Bill Harold of the Elks and Jack Nelson, Old Empress, who are tied for second place with averages of .333.

George Howe, who played three games with the Sons of Canada and one with the Elks, has an average of .375, while George Arseneau who played three games with Elks and then three with Old Empress for an average of .360, are not included in the standing on account of not having played four games with one

For team batting, Sons of Canada are given the edge with .243 while Old Empress is second with .220 and Elks third with .213. This is the same order in which the three City League teams ended the first half of the season on the standing sheet.

Helen Wills Moody has been packing her trunks and rackets in San Francisco for her first invasion of the east in two years. "I hate the thoughts of that train ride," says Mrs. Moody, "but what a thrill it will be to be back there on the courts and fighting for the national championship and the Wightman Cup." And what a thrill Mrs. Moody will give the customers who view the matches. She left Saturday for Boston, where she unpacks her racquets and tests 'em out, preparatory to entering her first tournament at the Essex County Country Club at Manchester, July 20 to 26. Then she will proceed to New York for the seabright tournament July 27 to August 1.

Mrs. Moody's next competition will be in Wightman Cup matches, August 7-8, and perhaps she will swing a racquet in the annual Westchester tournament, August 10-15, before striving to regain the national championship at Forest Hills, August 17-27. That completed, she will start for home-and no one doubts that her luggage at that point will be considerably augmented by trophies and cups.

....

"My game? Don't know-just about the same," says Mrs. Moody. You see, I play the same persons and we usually wind up with the same scores. I don't know whether I am improving or all of us." Merchants Defeat Canadian Legion by Score of 6 to 1

Winners Had Best Of It

Game Was Not As Good As Usual

The Merchants made no mistake in their game with the Canadian Legion last evening in the Mobley Cup football league when they won by six goals to one. There was the usual good attendance.

The Legion played down hill in the first half and attacked but Currie was very safe. Russell was effective but Woods cleared. Mc-Kay spoiled a good opening hanging on to the ball and then Parks and Woodside got away. Douglas cleared and then G. Mitchell handled the ball and a penalty was awarded the Legion. Bantie took the kick which Minzie nearly saved but the ball went over the line. Merchants attacked and Russell was nearly through but Skinner blocked the ball. S. Dick ens missed a good opening and Me-Kay was again slow. Baptie got his forwards away and Anderson drovped in a centre that Menzie cleared. Parks was dangerous and Menzies had to run out to clear He was barely back in goal in time to save a hard drive. Bring your best Prince Rupert

The Fair Board is anxious to encourage residents in the districts around Prince Rupert to bring their best to the

FALL FAIR

Which will be held the

FIRST WEEK IN SEPTEMBER Local residents believe that they can grow flowers better

than any place within two hundred miles. Can they? The Fair Board would like to have the districts pit their horticultural skill against the Prince Rupert Flower Society and see if they cannot wrest away some of the prizes, especially that for the best floral display.

A cordial invitation is extended to all to compete. Further information can be obteained from
