BEAUHARNOIS REPORT IS APPROVED

GOVERNMENT'S RATE OF RELIEF PAY HELD INADEQUATE

Will Declare Project One for Advantage of Dominion Generally

Drastic Changes to Be Made in Management and Method of Company But Will Be Directed to Completion of Undertaking

OTTAWA, Aug. 1:—The House of Commons yesterday approved the report of the special committee on affairs of the Beauharnois Power Co. "on division." Premier R. B. Bennett immediately gave notice that a bill would be introduced Saturday, subject to the approval of the province of Quebec, whereby Beauharnois will be declared "a work for the general advantage of Canada."

FIRE LOSS MUCH LESS

Damage So Far This Year Placed at \$1,621 as Against \$10,362 in Same Period of 1930

During the month of July the city fire department responded to three alarms. Fire loss for the month amounted to \$33, this damage being done on July 3 to the residence of Mrs. M. Stuart, Ninth Avenue West. In July last there were four alarms with loss of \$7.

So far this year, there have been a total of 37 alarms with loss placed at \$1,621. Last year there were 46 alarms in the corresponding period with damage placed at \$10,362.

TAKE OVER HOTEL HERE

D. Zarelli Gives Lease of Royal Premises to Vancouver Men For Five Years

D. Zarelli, pioneer hotelman of this city, has given a five-year lease on the Royal Hotel here to Melvin E. Gillespie and J. F. Davidson of Vancouver, who are now taking possession of the house. Mr. Gillespie arrived in the city from the south a few days ago while Mr. Davidson arrived this morning on the Prince Henry from Vancouver, accompanied by his wife and daughter. Also coming north today was Henry Golde, Vancouver broker, who handled the deal for the lease of the hotel.

The state of Mr. Zarelli's health makes it necessary for him to take up residence in a warmer climate. He and his family will be leaving here in about a month's time and may go to Honolulu.

VANCOUVER, Aug. 1:—Wheat was quoted at 52 3/4c on the local exchange today.

AMY JOHNSON FORCED DOWN

MOSCOW, Aug. 1:—Amy Johnson, British aviatrix, on a flight from London to Tokyo, made a forced landing last night near the village of Diya-zensk, 20 miles from Marinsk, Siberia.

Miss Johnson resumed her flight this morning, reaching Krasnoarsk at noon. After a brief halt, she continued towards Nijnudinsk.

DAVID IS OFF ROCK

Canadian National Steamer Has Punctured Hull as Result of Stranding

VANCOUVER, Aug. 1:—The steamer Prince David, which went ashore near Port Townsend in Puget Sound yesterday morning, was refloated last night with the assistance of three tugs, and proceeded under her own power to the dry dock at Esquimalt for survey.

A preliminary examination of the ship disclosed several small hull punctures but the pumps are clear. It is likely tenders will be called for the repair of the ship.

July Customs Revenue Shows Gain Over 1930

July was the first month in the present year in which customs and excise collections at the port of Prince Rupert has exceeded last year. The revenue from this source for the month just ended totalled \$17,830.01 as against \$17,816.40 in the same month of 1930.

So far this year customs and excise revenue has totalled \$79,034.93 as against \$130,728.09 for the first seven months of 1930.

Taxes Are Paid About as Well As For Last Year

City Treasurer Matheson announced this afternoon that taxes were coming in almost as well as last year. He expected at least eighty per cent. of the whole levy would be found to have been paid when the record was made up in a few days' time.

ARRIVED IN PORT

C. N. R. steamer Prince Henry, Capt. Harry Nedden, with a good-sized list of tourist passengers on board, arrived in port at 12:45 this morning from Vancouver. Powell River and Ocean Falls and sailed at 3 o'clock this afternoon for Skagway and other Alaska points, whence she will return here south-bound next Wednesday morning.

Pagborn and Herndon Make Forced Landing Near Omsk—No Details Yet

MOSCOW, Aug. 1:—Clyde Pangborn and Hugh Herndon, attempting to set a new record for the flight around the world, were forced down at Jietlegarie, 400 miles southwest of Omsk. There are no details.

OUTLET IS ASKED FOR

Ian Mackenzie of Vancouver Tells Commons of Importance of Project

OTTAWA, Aug. 1:—Hon. Ian Mackenzie, Vancouver Centre, urged the construction of the Peace River outlet in the House of Commons last night. He declared that it was work which would provide a great deal of employment.

Personally, Mr. Mackenzie said that he was prepared to accept any route which the engineers recommended but they should be called upon to make a speedy decision so that the work could be rushed to completion.

INSPECTOR FOR PEACE

Northern British Columbia District Gets Its First Full-Time School Head

VICTORIA, Aug. 1:—Changes in the inspectorial staff of the Department of Education include the appointment of Ray McLeod B.A., principal of North Vancouver, to be the first full-time inspector for the Peace River district of British Columbia. The Peace River Block has heretofore been included in the Fort George inspectorate.

TINY BOAT OFF SOUTH

Robert de Armand of Sitka Finds English Youth as Companion For Trip South

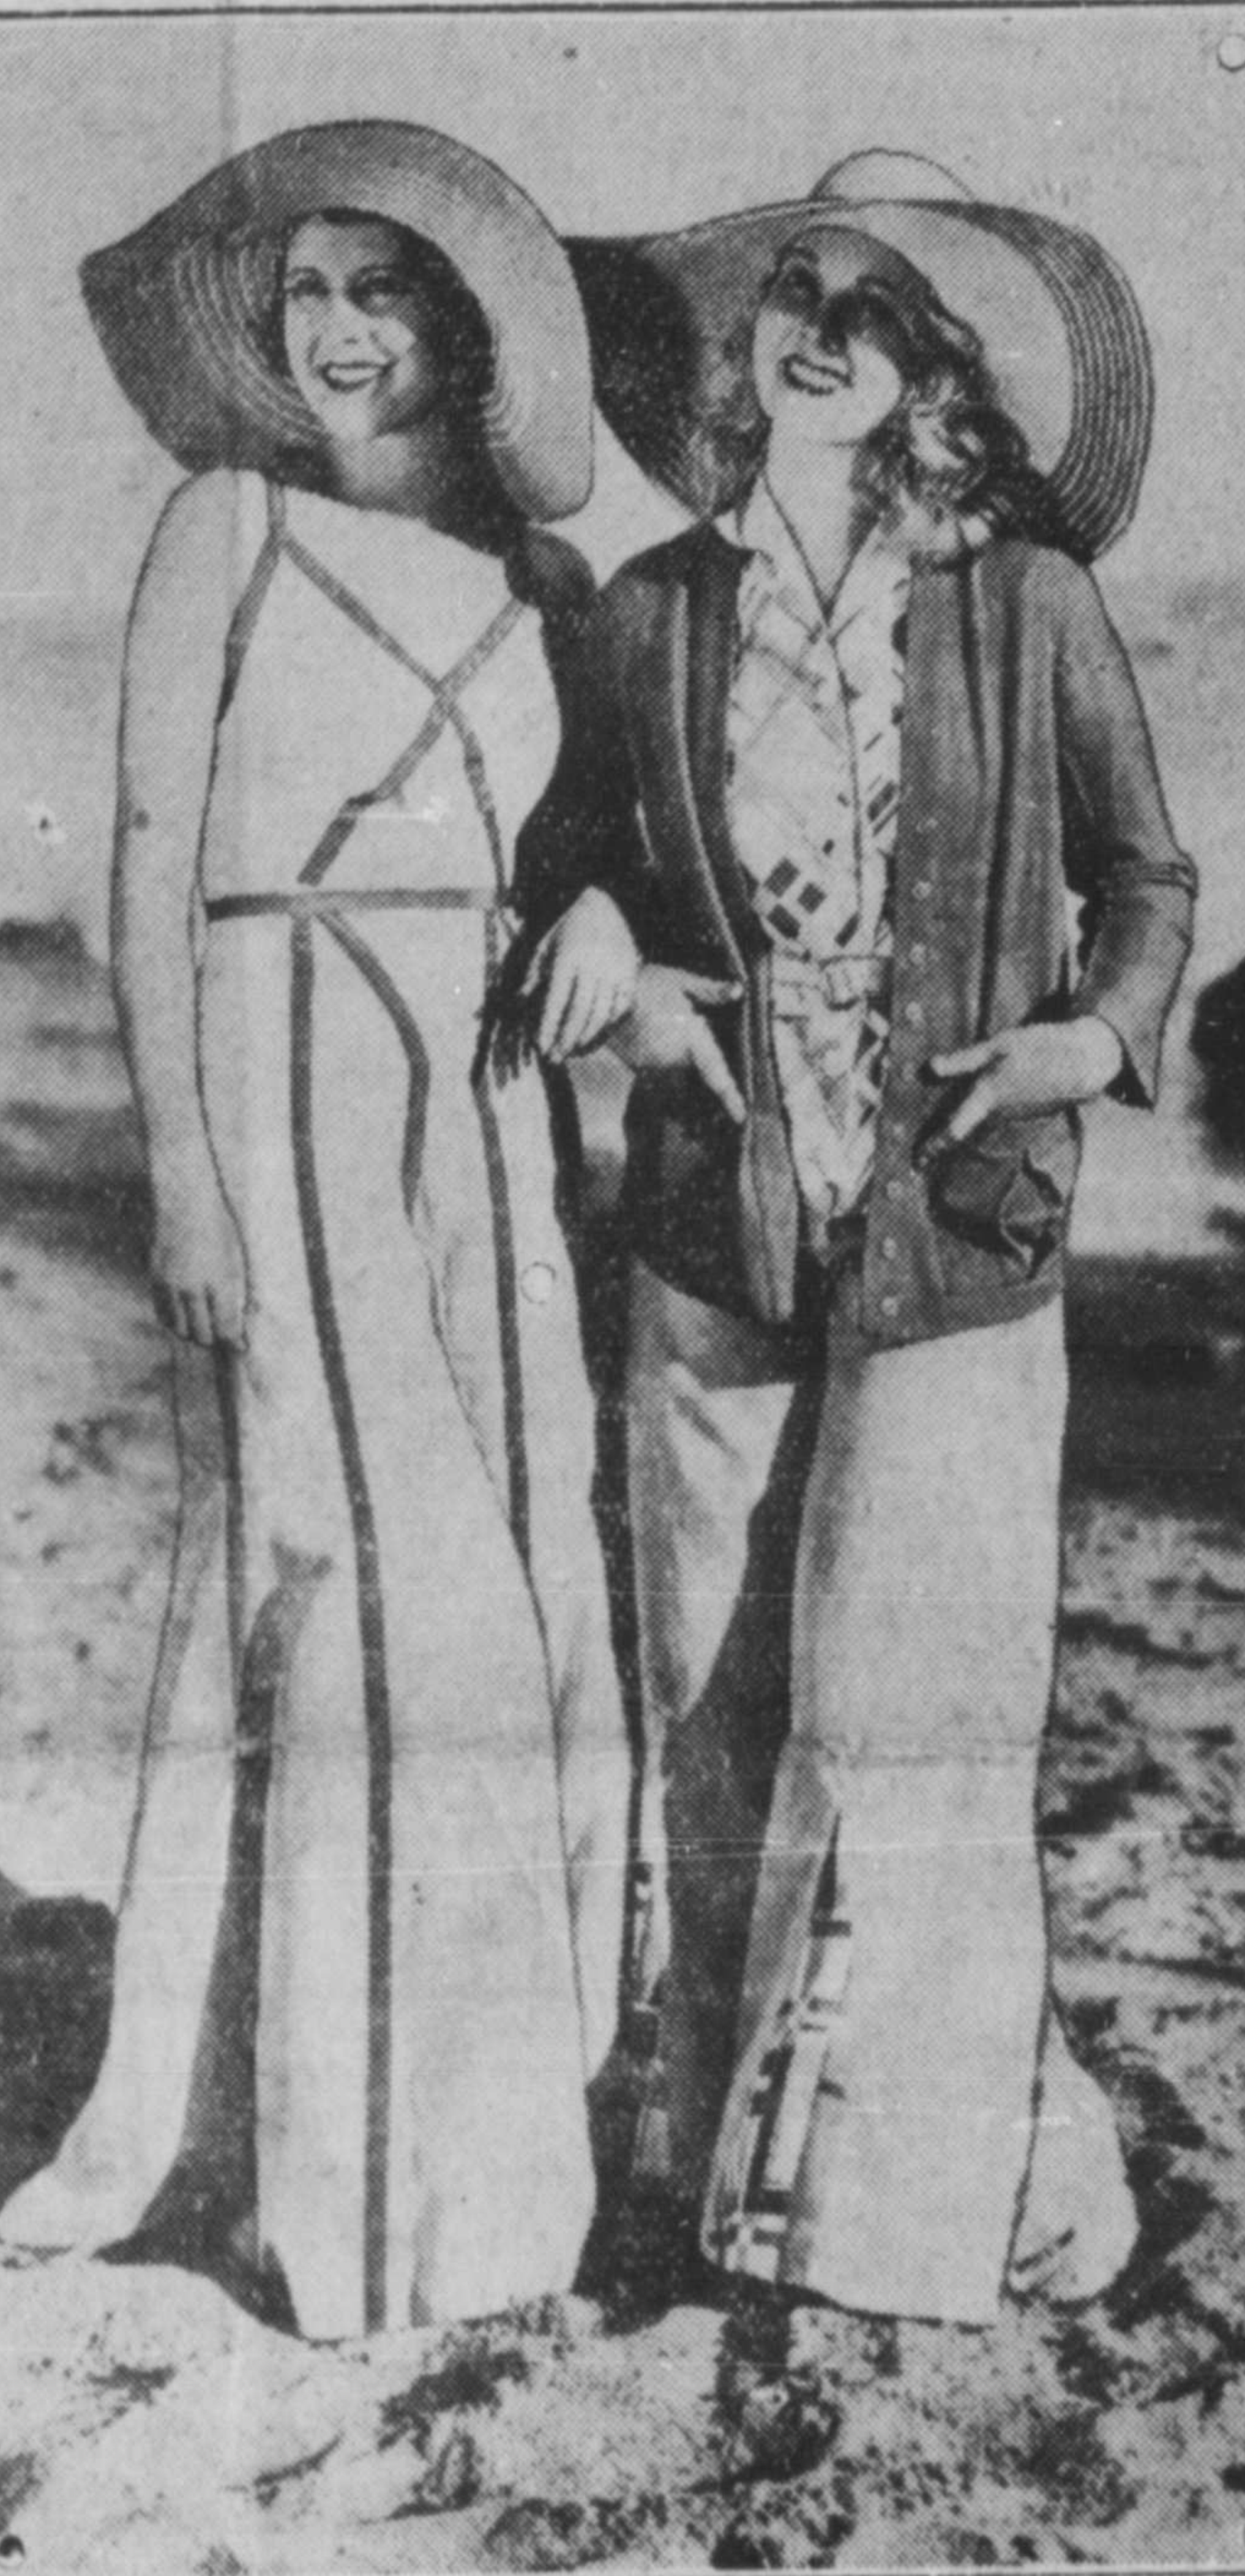

Joined here by Frederick Roger Lightoller, who recently arrived in the city from England and who was desirous of going to Vancouver and at the same time seeing some of the country, Robert de Armand, Sitka youth, sailing and rowing a 16-foot boat from Alaska to Seattle, left here last evening for the south after a two-day stay in the city. Lightoller has followed the sea himself and, being a young man, should make an acceptable companion for de Armand.

De Armand expects to reach Vancouver in about three weeks. After disembarking Lightoller there, he will proceed to Seattle where he plans in entering university.

Mass Meeting Asks Higher Wage Scale and Lower Board

Large Crowd at Gathering Last Night—Situation Gone Into From Many Phases By Representative Speakers

Holding that the 25c per hour for single men and 35c for married men on unemployment relief work, as proposed by the government in its recently announced scheme for relief work, was entirely inadequate under conditions prevailing in Prince Rupert, a mass meeting of unemployed and citizens generally in the Eagles' Hall last night passed a resolution urging the government:

to adopt a minimum rate of pay of 40c per hour with additional allowances for men married and with dependents. The resolution which was passed by the meeting further asks that the government, in establishing the rate of deduction for board, do so on the basis of actual cost in regularly operated road camps.

The meeting was presided over by G. F. Murray, chairman of the executive committee of the Unemployed Association of Prince Rupert. Several hundred persons were in attendance and the hall was crowded to its utmost capacity.

The resolution, which was prepared by the executive for presentation to the meeting, read in effect as follows:

"Whereas, we consider the government proposal of 25c. per hour for single men and 35c. for married men on employment relief work entirely out of proportion to the cost of living in Prince Rupert.

"And, whereas, working conditions in characteristic Prince Rupert weather make special clothing for the rain very necessary,

"And, whereas, it is impossible to work on all working days owing to inclement weather,

"Be it resolved that the government be asked to establish a minimum wage legislation of a few years ago, with additional allowances for married men and those with dependents

"And be it further resolved the rate of board in unemployment relief camps be established on the basis of regular government operated camps."

Impossible Scale
Speaking to the resolution, Ex-Ald. Oscar Larsen pointed to the impossibility of the 25c. and 35c. an hour scale here. Even if no time were lost, all a single man stood to clear was \$4 a week and a married man \$8.40 per week. Out of this would have to be bought the clothes necessary under working conditions in Prince Rupert. It could readily be seen where, if conditions were such that it was impossible to work, men would be actually in debt to the government rather than receiving relief. Even at the best, married men did not have a chance to keep their families.

Resolution Adopted
The resolution was read clause by clause and, after considerable discussion, was adopted unanimously by the meeting.

Among the speakers under the heading of "good and welfare," was Ald. S. D. Macdonald who approved the resolution which had been passed by the meeting. To offer 25c and 35c as a rate of wages was an insult to the intelligence of the working people of this part of the country," Ald. Macdonald declared. Politicians for years had referred to Canada's resources as being "unscratched." Now was an occasion

where these resources might well be scratched," the alderman thought. By getting shoulder to shoulder, it was in the power of the workers to change conditions.

G. F. Murray referred to the importance of the workers standing together not only when times were bad but also when they were good. By doing this, there would be a tendency to prevent bad times.

George J. Dawes expressed particular interest in the rate of board. He felt that \$1 per day was excessive and that the charge should be no more than 75c per day. Even at that, he thought excellent fare could be provided.

The proposal to make a deduction of \$1 per day for board came in for a round of general condemnation. A letter from Martin Sahlberg, read by the chairman, described the plan of the government as one "of giving away with one hand, and taking back as much as possible with the other hand."

H. Hoffman made several long speeches during the meeting. (Continued On Page 3)

LINDBERGH'S ROUTE

The route chosen by Lindbergh for his flight to the Orient is so far north that it will be daylight most of the time, a distinct advantage in making so long a journey. Fog is the chief danger. As long as the sky keeps clear the going should be fairly easy.

QUIBLING OVER RAILWAY

The Premier seems to be quibbling over the question of the Peace outlet. He seems to have argued facetiously that there was no such thing as a Peace River outlet. Of course, we all know that. It is so far only projected but it is fortunate that enough members of Parliament are interested and continually bring it to his attention to assure that it has become a vital issue.

The pity is that it could not have been started this year when the work was so badly needed and also when the outlet was needed by the farmers of the Peace for the shipment of their grain to market.

BEAUTY CONTEST PLAN

The merchants of Prince Rupert are backing up the fair board in their plan for entering a candidate in the beauty contest at Los Angeles and there will be very considerable inducement given to enter.

It may be mentioned that there are many different types of beauty and to avoid any conflict in regard to this the judging will be done in a rather unique manner, candidates being chosen by a number of groups of judges.

No girl should hold back from entering just because she doubts her own beauty. It is for the judges to decide, not for her. Prince Rupert compares very favorably with other parts of the world in beautiful women and it is hoped that a good list of entries may be made so that the very best selection may result.

The opportunities for seeing Los Angeles and Hollywood as few others have seen it, should be a great attraction to those who are considering whether or not they may enter.

**The University of British Columbia
Registration of First Year Students**

SESSION 1931-32

The number of First Year Students in the Faculty of Arts and Science and the Faculty of Agriculture is limited to 500. The number of First Year Students in Nursing and Health is limited to 15.

Candidates will be admitted in order of the following categories and in order of merit in each category.

All applications for admission must be in the hands of the Registrar on or before Saturday, August 29th, 1931. Blank forms may be obtained from the Registrar's Office.

1. Candidates who have obtained 60% or over in the complete British Columbia Junior Matriculation Examinations.

2. Candidates who have obtained 60% or over in the complete British Columbia Junior Matriculation Examinations in June 1931; but who have supplementals will be allowed to register provisionally.

(Note: The average in this as in all categories will be determined by taking the mark obtained in the first examination written in each subject.)

3. Candidates, not exceeding 50 in number, who come from districts in which Senior Matriculation is not offered, but who have obtained between 50% and 60% in the British Columbia Junior Matriculation Examinations.

4. Candidates other than those admitted under 2 hereof who have obtained between 55% and 60% in the complete British Columbia Junior Matriculation Examinations.

5. Candidates who have failed to make a complete pass in the First Year of The University of British Columbia or the British Columbia Senior Matriculation Examinations but who have obtained at least 9 units of University credit.

6. All other candidates with British Columbia Junior Matriculation or equivalent.

7. Candidates who have attempted full First Year, University of British Columbia, or full British Columbia Senior Matriculation, but who have obtained University credit for less than 9 units.

8. All other candidates. Note: Candidates who have obtained exceptionally good Matriculation standing in examinations other than those of this Province will be given consideration.

NEWS OF THE MINES

AROUND PRINCE RUPERT

Future of Columario—Decision as to Big Missouri—Rainbow Creek Looks Good

Major McConnell of England, who is financially interested in the Copper River Exploration Co. at Usk, recently completed an examination of the properties and has returned to Toronto to consult with other directors of the company and to consider a report by H. L. Batten and W. G. Norrie, Vancouver mining engineers. This report, it is understood, will decide definitely upon the next steps to be taken in connection with the development of the Columario Co., in which Major McConnell is also interested. The probability is that the company will be no trouble in handling 100 yards per day with each monitor. The property lies west of Crater Lake.

Much as to future activity on the property will depend, it is understood, on the visit during the past week of high officials of the Consolidated Mining & Smelting Co. to the Big Missouri mine in the Portland Canal district. The party of Consolidated officials was headed by W. M. Archibald, mine manager for smelters, while J. T. Gregory of Tacoma, president of the Big Missouri, was in the property at the same time. Big Missouri is owned by the Big Missouri Mining Co. Consolidated has been doing much development, including installation of a pilot mill, under a working bond. It is expected that an official announcement as to the future of the property will be made soon by Consolidated.

Development work will start soon on the Toulon group of five crown granted claims in the Usk district. This group is among the holdings of the Copper River Exploration Co. The ore is copper-gold with the latter metal predominating. Considerable work is to be done this season. Work is also being conducted by the same company on other claims in the same district.

For the purpose of making an examination of mining properties in the vicinity of Smithers and Telkwa, D. C. McKechnie, field engineer for the Consolidated Mining & Smelting Co., arrived in the interior district this week. Mr. McKechnie is to make a thorough examination of the gold-bismuth showings on the Glacier Gulch property, a short distance west of Smithers on Hudson Bay Mountain. Mr. McKechnie will also visit other properties on which work has recently disclosed promising showings.

W. B. Stone, veteran mining recorder at Manson Creek, is a patient in the Prince George Hospital, receiving treatment for injuries sustained in the north. When the report came out to Fort St. James that Mr. Stone had been injured, the matter was brought to the attention of the Consolidated Mining & Smelting Co. which dispatched one of its planes to bring the injured man out. He was picked up at the southeast end of Germanson Lake and landed at Fort St. James within an hour. This was the first trip Mr. Steele had made out from Manson Creek in eleven years.

Special articles by Hon. W. A. McKenzie, minister of mines for British Columbia, and by H. Mortimer Lamb of Vancouver on gold mining industry in this province are featured in a special edition of the Northern Miner, published at Cobalt, Ont. Northern British Columbia receives its share of attention in the articles.

Arthur D. Hallett, formerly of Alice Arm and more recently located at Massett, has recently acquired and taken over the active management of a rich placer gold property in Southern Oregon. He is planning to operate the property with two monitors all fall and winter. Extent of the working is estimated at 1,500,000 yards and pay gravel running from 25c to \$15 per yard. Two reservoirs and an additional half-mile of ditch have yet to be constructed before commencing active mining operation. There are 14 claims in the property and here are values in platinum as well as gold and other minerals. An estimated 1,500,000 yards of volcanic talc carries valuation of \$300 per ton. In the talc are native gold values running as high as 25c to 50c per pan. Assays have been taken showing the talc to carry values of \$5 to \$60 per ton in native gold. One feature of the property is that there are no boulders to contend with, the monitors handling everything and it is believed there would

GIRLS WANTED

To enter Contest for America's Most Beautiful Girl

The winner will be chosen during fair week in Prince Rupert and will get a free trip to Los Angeles and back and be entertained lavishly while there.

Entrants must sell 50 tickets to the Big Coronation Ball, the last day of the fair. Nothing else to do but look pretty. It's the chance of a lifetime.

The fair board at its recent meeting decided to enter a candidate in the International Beautequest at Los Angeles in connection with the celebration of the one hundred and fiftieth anniversary of the founding of the city, when the most beautiful girl in America will be chosen.

The local candidate will be chosen at the time of the fall fair and immediately after her selection she will have to leave for the south to get there in time for the big California event. Her expenses going and coming will be paid by the Fair Board but while there she will be the guest of the Ocean Park Businessmen's Association, who are sponsoring the event. The attraction for the candidate is set forth in the following letter from the south.

"Your candidate will be met at the railway station, dock or airport by a committee representing the Ocean Park Businessmen's Association.

"She will be the guest of screen stars at various functions.

"She will be entertained by a reigning star of the screen at her home.

"She will be included in all parties listed as part of the program of the International Beautequest and La Fiesta de Los Angeles.

"She will occupy a position of honor in all gatherings including pageants, parades, spectacles, receptions and, in fact, all events planned for the International Beautequest and Los Angeles' great reception."

Candidates must be between the ages of 16 and 30, unmarried and of good character and the one going from Prince Rupert will be chosen in the following manner:

She or her sponsors must sell 50 tickets at \$1 each for the big coronation ball to be staged on the last day of the fair in the exhibition building. For the one selling the most tickets a prize of \$50 will be awarded.

She may enter without sponsors if she wishes but she must sell the tickets.

The candidates must attend the Exhibition every evening while it is in progress here. On the first night one selection will be made by competent judges. On the second night a second candidate will be chosen by another set of judges and on the third night a third candidate will be chosen by a third set of judges.

These three candidates will attend the coronation ball accompanied by the other candidates and at 9 o'clock, the final selection will be made. Two hours later the coronation will take place here and the following day the winner will be required to leave and travel as rapidly as possible by steamship, airplane and rail to Los Angeles.

Candidates from points around Prince Rupert may enter, such as Anyox, Ocean Falls, Smithers, Terrace, Stewart, Hazelton or other points and they will be required to sell 25 tickets to the coronation ball in order to qualify.

Candidates either in the city or out may be sponsored by organizations who may help them in disposing of tickets or otherwise in connection with the event.

Candidates or their sponsors should notify Secretary Vance of the Fair Association at as early a date as possible and as soon as the tickets are ready may commence disposing of them.

MASS MEETING ASKS HIGHER WAGE SCALE AND LOWER BOARD

(Continued from Page One)

After the general business sessions, members of the Unemployed Association stayed behind to consider a constitution which had been drawn up by the executive.

A motion that, when the time came men would all go to work under protest pending an answer to the resolution was carried by an overwhelming majority, there being only three dissenting votes.

Workers R. Redman, W. Brown and James Smith were appointed a grievance committee to arbitrate when necessary on behalf of the association.

The case of a local business man who has been good enough to extend credit was also brought up. It is estimated that there is between \$40,000 and \$50,000 owing, which there is little or no chance of collecting under the present scheme.

USE THE Safeguarded MILK

PRODUCED IN CANADA

No wonder Carnation-made dishes are so delicious. The best of milk from selected herds, safeguarded at the source by clean housing of the cows and clean handling of the milk, is evaporated to double richness for Carnation Milk and hermetically sealed in its containers to protect it until it reaches you. You'll find it absolutely dependable, extremely convenient and surprisingly economical.

Regiment Defeats Merchants And Takes Lead In Standing For Mobley Football Trophy

There was another good turnout last evening at the Mobley Cup football fixture between the Regiment and Merchants and the former won by two goals to one. The Merchants won the toss and played uphill. The early exchanges were all in favor of the Regiment and the Merchants' defence underwent a severe test. Colussi shot and Walters also had a try but Menzies was safe. DeJong was prominent and had a try but Douglas cleared. Henry and Sid Dickens made a clever run but Watson cleared and then Thurber cleared from Russell. The Merchants' goal had a series of narrow escapes till Menzies saved splendidly by turning Lyons shot over the bar. Then the Merchants' left wing combined cleverly and Sid Dickens scored a neat goal. Walters centred well and from Wilson's pass. Colussi equalized with a fine shot. The Regiment goal had a wonderful escape when Watson cleared finely from the goal line. Norrington went close from a header and Wilson shot over from close in.

The Merchants had all the better of the first fifteen minutes the Regiment being hemmed in their own half. The Regiment defence was very sound and the Merchants shot poorly. Then the Regiment had more of the game and with Wilson opening out the play, Norrington and Walters made many raids. Norrington was nearly through but Douglas saved. Walters got away but shot over. Russell and Amor showed neat football but Wingham and Thurber were resourceful. A Dickens shot over and Watson stopped a hard one with his body. Walters got away again and shot. Menzies covered the ball which however, struck the sand and went off at an angle to give the Regiment the lead. Play was faster with both teams trying to add to their score but full time found the Regiment holding their one goal lead.

Teams

Merchants — Menzies; Currie, Donelan, Hill, A. Dickens, G. Mitchell; Amor, Russell, McKay, H. Dickens, S. Dickens.
Regiment — Faldler; Watson, Thurber; Edgecombe, DeJong, Wingham; Walters, Lyons, Wilson, Colussi Norrington.
Referee—J. Mitchell.
Linesmen—T. Kelsey and T. Busanich.

Interesting Game

The game was always interesting to watch though there was not a great deal of high-class football. On the balance of play a draw would probably have been a satisfactory result but all the goals were clean goals.
Laidler had no chance with the shot that scored and as usual was very reliable. Watson was in rare form at back and saved a certain goal with his wonderful clearance. Thurber was safe. Edgecombe tackled strongly but would be even better did he pass sooner. DeJong was a sound pivot, his heading being clever and his positional play good. Wingham was as good a half as there was on the field. Walters' speed makes him a dangerous wing man and Lyons works hard. Wilson opened out the game but shot

Round House Won Softball

Defeated Biological Station Four to Three Last Night

In the Canadian National Recreation Association league softball game last night, the Round House managed to win out over the Biological Station by a score of 4-3.

In the first inning both teams scored and in the second inning the Round House brought in a run, making the score 2-1 for the Round House. In the fourth inning, the Biological team scored twice and made the score 3-2 in their favor. Then in the seventh the Round House again scored and evened things up with a 3-all score. No score was made until the ninth, when the Round House, who were last at bat, managed to bring in one run and win the game, but it was very even throughout.

Batteries were Brocklesby and Black for the Biological Station, and Boulter and Skattebol for the Round House.

Tomorrow night the C. N. R. A. will tackle the city in the challenge game of softball and it looks as if it will be a battle to the end. The next league game will be on Tuesday night between the Station and the R. C. N. V. R.

SPORT NOTES

Another letter has been received by the sports editor of the Daily News from "A SPECTATOR" in regard to J. S. Wilson's participation in senior football activities. "A Spectator" agrees that "J. S. Wilson on the field is one of the best of sportsmen" and that "he has done football in this town a world of good by his interest and coaching of school teams in the junior football competitions." "A Spectator," however, feels that it would be in the interests of better football if more junior talent were tried out in senior football. As it is not the desire of the sports editor to prolong a discussion over which considerable feeling has already been aroused, "A Spectator's" letter is not being published in full at this time.

Address by Rev. Dr. L. P. Jack, principal of Manchester College, Oxford; Col. Panford MacNider, United States Minister to Canada; and Joy Elmer Morgan, editor of the Journal of the National Education Association, Washington, D.C.

will be features of the Canada United States Recreation Congress to be held in Toronto, Oct. 5 to 9. This is the 18th such gathering, sponsored by the National Recreation Association, but the first in Canada, where progress in public recreation has been rapid during the past ten years. The Earl of Bessborough, governor general of Canada, has agreed to serve as honorary patron of the conference and Rt. Hon. R. B. Bennett, Prime Minister of the Dominion, is the honorary president.

Dr. John H. Finley, associate editor of the New York Times, will preside and Joseph Lee of Boston, president of the N.R.A. will summarize the findings of the conference at its last session. Sustaining public support of recreation during the present period of industrial depression will be one of the most important topics on the program. Among the other subjects will be revenue producing facilities in park and recreation systems, the extension of park re-

creation service, trends in pre-school play, rural recreation, recreation among religious groups, industrial recreation, winter sports and trends in girls' athletics.

A concert by the Mendelssohn choir of 300 voices, a program by the 65 piece symphony orchestra of Niagara Falls, New York; native folk dances by Swedish and Ukrainian groups in Hamilton, Ontario; social dancing and games, and a tour of Toronto are among the attractive entertainment features arranged for the convention. The American Institute of Park Executives is scheduled to meet in the same city a week prior to the opening of the Recreation Congress. Exhibits of playground and recreation equipment, books, and supplies will be on view in the Royal York Hotel, headquarters of the convention. Consultants in nearly every phase of the public recreation program will be on hand for free service to all delegates.

CANADIAN ROCKIES ECHO WI' SKIRL O' THE PIPES

From the four corners of Canada and from across the seas, men, women and children of Scotch ancestry are preparing to meet at the Canadian Pacific Railway's palatial Banff Springs Hotel, Banff, Alta., for the annual Highland Gathering, August 27-30, 1931. The event, which has become historic, is under the distinguished patronage of H.R.H. the Prince of Wales and will be formally opened by H.R.H. Prince Sukhodaya of Siam. A feature of this year's program will be the inter-regimental piping competition between representatives of the 17 Highland Regiments in Canada. There will also be the other bagpipe competitions and displays which have made the Gathering famous, as well as dancing and highland games. The meeting always draws a large gallery, in addition to the army of costumed participants. Juvenile competitions in piping and dancing are particularly attractive. In addition to the regular events, two Scotch light operas, "Prince Charming" and "Prince Charlie and Flora" will be presented by members of the resident company. The setting is ideal for the Gathering; the peaks of the famous Canadian Rockies, with their gracious valleys and spray-flecked streams forming a magnificent background for the Banff Springs Hotel, which is built in the Scotch baronial style.

PRINCE GEORGE NEW HAZELTON

Dr. R. W. Alward, M. L. A. for Fort George, returned on Monday from Victoria where he interviewed Premier Tolmie and Hon. R. W. Bruhn, minister of public works, in regard to matters of interest to the riding. This member was informed that relief work on the Cariboo highway would start soon, grading and ditching to follow close behind clearing and grubbing work.

Local anglers are keen in the efforts to hook the big char in Cluculz Lake in order to win a cup which has been put up by a Vancouver company. Paul Therres has brought in the largest to date, this one weighing 22 pounds and 12 ounces. The competition does not close until November 1. Ivor Guest was the winner of a \$10 prize offered by H. G. Perry for the largest fish caught up to July 1, his fish weighing 22 pounds and eight ounces.

A further cut of one and one-fifth cents per month has been made by the city council in electric lighting rates here.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism. Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication. Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

Take The DAILY NEWS with you
When Going on Summer Holidays

Nearly everybody likes to keep in touch with Prince Rupert when away for their holidays. The best way to do this is to order the paper sent during that time. If it is only for two weeks, the News is a welcome visitor and the mails during the summer months are carried almost daily to most points.

Recently a number of Scandinavians have given up the local fishing for the summer and gone on an extended visit to their former homes. In almost every case they order the Daily News sent them while they are away. Several subscribed for a year, others for shorter periods.

No time is too short for us to look after our patrons.

Halibut Prices Reach Low Level—P. M. L. 8 In Commission Again—Seal Snout Racket Broken Up

Halibut landings at the port of Prince Rupert for the 1931 season up to and including July 31, totalled 9,550,240 pounds of which 3,942,600 pounds was from Canadian boats and 5,607,640 pounds from American vessels. For the week of July 24-31 inclusive landings amounted to 574,700 pounds including 295,200 pounds Canadian and 279,500 pounds American fish.

Prices during the week of July 24-31 struck a new low average. As a consequence, many of the American boats did not come into Prince Rupert with their catches but went to Seattle or marketed in Alaskan ports. The high price of the week for Canadian fish was 8.2c and 4c paid the Gibson for 10,000 pounds while the low price for Canadian fish was 5.5c and 3c which a number of boats received. The high price of the week for American fish was 8.3c and 4c which the Marie and Rainier were paid for catches of 5,000 and 6,000 pounds respectively. The low price of the week for American fish was also 5.5c and 3c.

Capt. C. B. Haan, owner and skipper of the troller Beatrice H., arrived at his home port of Skidegate from Langara Island during the week and reported that conditions for fishing were unfavorable with prices low and few, if any, of the boats making money. About two weeks ago there was a large falling off in the run of fish at Langara Island (most of the boats thereupon moving to Massett Inlet waters. Cap. Haan is now overhauling his boat at Skidegate in preparation for fall seining.

After spending almost two weeks at the local dry dock receiving repairs to rather extensive engine damage, the provincial police cruiser P. M. L. 8 is in commission again. The P. M. L. 8 sustained this engine damage two weeks ago today as a result of breaking down in Portland Canal, not far from Stewart, while bound to the latter port with a party of officers on board. In justice to all concerned, it might be explained that the P. M. L. 8 did not run ashore, as press dispatches from Stewart erroneously stated, but merely suffered an engine breakdown. The officers on board were taken on to Stewart by another vessel and the P. M. L. 8 was towed back here by the Salvage Princess.

Following recent reorganization of the directorate of the company, announcement has just been made of the appointment of C. C. Thomas as managing director of the British Columbia Packers Ltd. in succession to Robert C. Gosse, resigned. Samuel K. Murray is the new general sales manager of the company with Norman Hill, purchasing agent.

HEADACHES

Needless pains like headaches are quickly relieved by Aspirin tablets as millions of people know. And no matter how suddenly a headache may come upon you, you can always be prepared. Carry the pocket tin of Aspirin tablets with you. Keep the larger size at home. Read the proven directions for pain, headaches, neuralgia, etc.

Made in Canada

When a shipment of 600 noses arrived recently, however, officials were puzzled. Either a mighty hunter had succeeded in killing a far greater number than had ever before been accomplished, or else the hair seals had suddenly become more numerous. Suspicion arose when the Indians who turned in the large consignment said they would accept half the bounty if the government could not afford to pay the entire sum owing. The payment was deferred.

Meanwhile, reports brought back by sea lion hunters helped to solve the mystery. Sea lions are slaughtered off the west coast as well as hair seals because of the destruction they cause among salmon and other varieties of fish. The sea lion hunters were surprised to find large numbers of sea lion pups whose snouts had been cut off. Examination subsequently showed that the noses of hair seals and young sea lions are practically identical. Experts have discovered a means of distinguishing them, however, and all noses received in future will not only be counted but subjected to a severe test. The Indians have been warned that sea lion snouts will not receive a bounty when masqueraded as hair seals.
