Estimates of Revenue in Jones Budget Are Overly Hopeful Says Alberni Member in Legislature

VICTORIA, March 11:-L. A. Hanna, Liberal member for Alberni, continuing the debate in the Legislature on the budget yesterday, asserted that receipts shown as estimated in the Jones budget were far too high and would not be realized. Motor licence receipts, Mr. Hanna declared, had been overestimated by \$200,000 or ten per cent and liquor profits and other receipts.

were of a similar order, he said. Only by this means, Mr. Hanna asserted, could the budget be bal- BROTHER anced. While expenditures, as estimated, had been cut, salary increases had been granted to already highly paid officials, Mr. Hanna de-

Dr. C. M. Kingston, Conservative, Grand Forks-Greenwood, defended the new income tax as being sound.

James Fitzsimmons, Conservative, Kaslo-Slocan, also praised the-Jones budget and the government's course on unemployment last win-

Canadian Pacific Railway Asks Directors For Fifty Millions for New Expansion

MONTREAL, March 11-At the fiftieth annual meeting of the Canadian Pacific Railway on May 6, authorization will be asked for an issue of \$50,000,000 ordinary capital stock in amounts on

such terms and at such times as the directors shall decide. TORONTO, March 11-While no direct explanation is forthcoming to explain why the Canadian Pacific Railway should require an additional \$50,000,000, it is generally understood that it Indicates a continuation of the company's expansion program, the Mail and Empire says. To that extent, it may be accepted as a highly favorable indication of the confidence which the management places in the future of Canada.

ter Last Night at 21 Degrees Above Zero

After recording 21 degrees above zero, or 11 degrees of frost, the coldest weather Prince Rupert has experienced this winter, the cold snap of the last few days gave evidence this morning of breaking up. The barometer was dropping and the sky was starting to cloud up although the wind had not changed up to 9 o'clock.

The bitter northeast winds of the past couple of days damaged spring growth in many city gardens. With the unseasonably mild weather prevailing before the cold snap, a number of plants had started to sprout quite high and it was these that were nipped.

C. M. Hamilton

ONE of the most important sections of the World's Grain Exhibition and Conference will be found in the junior grain judging competitions to be held in connection with the 1932 world-wide event and Mr. C. M. Hamilton's specific interest in the Grain Show lies in the work of the committee in charge of the competitions. He is chairman of this committee, is a member of the Board of Grain Commissioners for Canada, and a former chairman of the Executive and Finance Committee of the World's Grain Ex-Mibition and Conference.

Mr. Hamilton was born at Whitechurch, Bruce County, in 1878, and educated in the public schools of Ontario and Saskatchewan, the high school and Normal at Regina and Manitoba College, Winnipeg.

In 1892 he came west and settled near Indian Head. For some years he taught in the rural schools of Saskatchewan and in 1901 took up a homestead in the Weyburn district, since that time making extensive additions to his farm holdings.

For many years Mr. Hamilton was reeve of the Wellington Rural Municipality, and held the office of president of the Saskatchewan Assoclation of Rural Municipalities. He was also the representative for Weyburn in the Saskatchewan Legislature and for some years was Minister of Agriculture for Saskatchewan.

District News SMITHERS

As a result of efforts which have been made by the Smithers Chamber of Commerce to secure more relief money for Skeena riding to help the unemployed until spring work starts, word has been received that small additional grant has been made for the riding.

Reports tell of considerable illness among the Indians of the central interior, many being stricken with pneumonia. Jack Joseph, a | well known local Indian, is very sick in the McDonald Lake region, several Indians having started out to carry him back to town.

Return of normal cold weather conditions recently revived interest in the curling sport. Dr. R. C. Bamford's team now has a chance to tie R. C. Davidson's leading quartet for the coveted Hanson Cup.

CHEWING GUM CL-80

Winning Canada to Six Cylinders!

TOR more than two years it has been Chevrolet's distinction to build the largest-selling six-cylinder car in the world. More than 2,000,000 buyers have chosen the Chevrolet Six because this low-priced car has made it possible to enjoy economical motoring without sacrificing the pride and prestige which come from fine-car ownership.

Today, Chevrolet offers motorists a bigger and more beautiful car-at prices lower than ever! When you inspect the new Chevrolet Six, you will find that it has a new impressiveness of appearance, accounted for by the longer, 109-inch wheelbase . . . new body styles, the roomiest and most beautiful in Chevrolet history . . . de luxe wire wheels, now standard equipment at no extra cost ... and a

smart variety of distinctive color harmonies.

The frame and axles have been strengthened. Refinements have been made to the shock absorbers and springs. There is greater ease in turn. ing and parking, due to the entirely new steering gear and larger, 3-spoke wheel. You will appreciate the smoothness of the clutch and gear

Give the Chevrolet Six a chance to win you! We will be glad to demonstrate. Once you try this bigger and finer Six, we are sure you will never be satisfied with less.

Chevrolet's policy has always been one of service to the public . . . The G MAC plan deferred payments of fers the lowest financing charges available . . . and the General Motors Owner Service Policy pledges lasting satisfaction.

The Kaien Motors Ltd. are the dealers for these fine Chevrolet as well as Buick Automobiles. We maintain an expert and efficient service staff and as an extra service to the motoring public our garage is open day and night.

DEPARTMENT OF TRADE AND COMMERCE OTTAWA, CANADA

To Canadian Citizens, Everywhere in Canada.

Bring the Boys and Girls Back Home!

How often have we all deplored the fact that thousands upon thousands of our most promising young men and women find it necessary to leave Canada, in order to seek in some other country opportunities for the employment of their talents that seem to be lacking here?

As individuals we have deplored it, because in these cases the sorrow that is caused us through the breaking of family circles and home ties is accentuated by a sense of irrevocable loss, due to a feeling that the separation is going to be permanent. And from a broad national standpoint we have deplored it, because it has meant a serious drain upon the very kind of population gifted, energetic, ambitious -that we most need to help in developing our magnificent natural resources.

Must we continue to rear and educate our children-to equip them as best we can for the successful careers we hope will be theirs only to lose them to an alien flag because of the dearth of opportunity for them at home?

Opportunity of any kind is a result, of which production of some kind is always the cause. Most people create their opportunity by engaging directly in some form of production, such as farming, fishing, mining, lumbering or manufacturing. These people provide the foundation and, according as they succeed, opportunity is created for others in all the occupations that constitute the super-structure, such as transportation, banking, insurance, trading, the professions and public service.

The more the people of a country favor their own producers, thus giving the latter all the incentive necessary to increase the volume and broaden the scope of their production, the more abundant will be the immediate opportunities they create for themselves, and the future opportunities they create for their children.

If in the past opportunity has not been as abundant in Canada as it has been elsewhere, it is because Canadian producers as a class have not been as successful as producers elsewhere have been. And the chief reason our producers have been less successful is because they have failed to receive from Canadian citizens generally the same loyal support that the producers in certain other countries have received from their citizens.

Some of these countries import practically nothing that they are capable of producing for themselves. But we Canadians are so careless about our daily buying, so thoughtless of the welfare of our producers, so shortsighted about keeping the door of opportunity open for our sons and daughters, that every working day we allow ourselves to be sold about \$2,500,000 worth of imported merchandise that our own producers would have been glad to make for us, if we had only given them the chance!

Why not let us all resolve that from now on we'll try to bring our boys and girls back home by remembering, in our buying, that it must always be "Canada First"!

Very sincerely yours,

Minister of Trade and Commerce.

Three Nationa! League Hockey Games Have to Play Extra Sessions

MONTREAL, March 11- Tha Chicago Black Hawks fell victims to the fast skating Canadiens in an intersectional Mational Hockey League battle here last night, the Frenchmen winning two to one.

Three other games were forced into overtime. At Boston, the Bruins and Toronto Maple Leafs played a three-goal draw after To-1 ronto had led three to one at the end of the second priod.

New York Rangers defeated Detroit Falcons three to two in overtime to consolidate themselves in third place in the American division and get within one point of the second place Chicago Black Hawks.

At Ottawa, the Senators defeated the long-suffering Philadelphia Quakers five to three in overtime. The Quakers had a three to nothing lead at the end of the first period but Ottawa plugged along, tied it up in the third and scored twice in the extra session.

Stole 500 Chickens But Left His Card

A thumb print sent him here IN A certain suburban district, 1 500 chickens had disappeared, but no one could find the thief. Then one morning, in the henhouse of E. O. Wagner, a pocket

mirror was a thumb print. In the finger print records of a nearby city was found a print that matched it. It said as plainly as a letter, "The man who stole those chickens is Albert Espens. He lives in Bakersfield. He is father of 11

children, but not straight." They found the chickens in a tunnel, beneath the culprit's barn. They put him behind the bars. He made the mistake of leaving a record with a finger print impressed.

Germ-Laden Prints

You pick up the germs from things others have touched, from handshakes, from pets, etc. Your

Life Extension Institute lists 27 diseases which may be conthe most common, perhaps. Any hand which has been used to check a sneeze or a cough becomes contaminated. And every touch of that hand, in the print it leaves, may spread colds.

PIONEERS CELEBRATE

Twenty-First Anniversary of City's Incorporation Observed Last Night

Banquet and Dance

Optimism and Cheer Pervaded Whole Occasion-Speeches and Music

With optimism and cheer befitting the occasion, Prince Rupert's civic "coming of age" was celebrated by the Prince Rupert Pioneers' Association with a highly sucessful and enjoyable banquet and dance last night in the Moose Hall. Excellent speeches and a fine program of musical numbers and dancing all helped to round out the celebration of the twenty-first anniversary of the city's incorporation. There were about 200 persons in attendance at the banquet while the dance which followed attracted a considerable number more, particularly young folk.

N. Mussallem, president of the Prince Rupert Pioneers' Association, made an efficient chairman for the banquet proceedings. "O Canada" was sung in opening and the blessing was asked by Very inancial position, His Worship as- program was a dancing exhibition Rev. James B.
