COST OF LIVING

Member of Audit Bureau of Circulations

At the Rotary luncheon yesterday the manager of Malkin's wholesale grocery firm showed that the cost on the idea, it seems, is to get the staples alone had been reduced twenty per cent. Possibly on all classes of goods the reduction is greater.

In some lines of business the same prices are being charged here of the young people who get \$50 as elsewhere.

It is not good for a city to have the reputation of being cent board and room at \$40.00 per expensive but at the same time it is noted that a cheap town is often the poorest town in which to live.

Le will grow up strong and healthy

EVERY mother dreams of her baby's future. She pictures the years ahead -sees him growing up through sturdy, healthy childhood to strong, vigorous manhood.

What baby will become depends very largely upon that service of love even more important than the tiny garments so carefully chosen. During the weeks before baby arrives the expectant mother will make quite sure that she will be able to feed baby

So much depends upon this! In babyhood are laid the foundations of future health and happiness. No substitute is equal to maternal milk for giving baby a sound start in life. And no substitute so surely safeguards a child against nutritional diseases, such as rickets.

Doctors, nurses and mothers daily testify to the remarkable value of "Ovaltine" in promoting adequate lactation

When this delicious beverage is taken before the birth the milk is sufficient in quantity and rich in quality. Even when only taken after the birth the use of "Ovaltine" has quickly effected a radical change in the quality and quantity of the milk. "Ovaltine", moreover, maintains the mother's strength while nursing and ensures a quick return to normal health. "Ovaltine" is prepared from Nature's foods which are richest in nutriment-ripe barley malt, creamy milk and eggs. It is quickly prepared and easily digested.

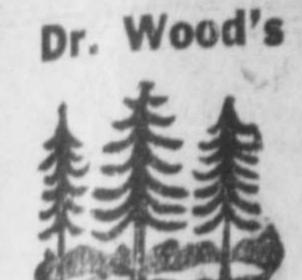

There is no food beverage comparable with "Ovaltine". It is the richest in food value, the most economical in use.

Ovaltine is sold at all good stores, in 50c, 75c. \$1.25 and special \$4.50 family size tim, also served at soda

The Eskimos for a change played wide-open game, a system which was conducive to fewer fouls than usual. There were about nine penalties in all. Good sportsmanship featured the match.

The first goal of the game came 141/2 minutes after the start of play, Gordon Savage scoring for the Eskimos on a quick pass from CRIBBAGE Jack Walker, Aitkenhead having no chance to save. Just three minutes, forty-five seconds, later, Dave Downie made Portland's first and only score on a pass from Armie March 16-Armstrong. The Buckaroos abandoned all fence tactics in the final period in the vain effort to score. Reversely the Eskimos bunched up in front of Dave Kemp who kept a wonderful goal throughout the game.

NINA GURVICH IS CONFIDENT

Reported in Wonderful Condition for Coming Fight With

Never was a fighter more confident of winning a match than is Nina Gurvich over the outcome of his ten round fight with Benny Wendle at the Empress Social Club Arena a week from today. Nina says "I know I can do it. I am going right in there to fight as I never have before. My condition is already perfect and I am fully confident that I can take Wendle inside of three or four rounds."

Nina has been training hard in private every day for the past three or four weeks. Public workouts by both Wendle and Gurvich will start shortly, the exact dates to be announced in a day or two. Much interest is shown in the coming match this being Nina's first appearance in a local ring since his swift knockout over Seaman Jones at the Exhibition Building last summer.

A purse of fifty per cent of the gate is being given for the bout, sixty per cent going to the winner and forty per cent to the loser.

"The Daily News"

To the readers of the Daily News who live out of town, we suggest that the classified columns of the paper provide an excellent medium for the disposal of articles they may have for sale or exchange.

Last season a lady at Smithers did a large business in selling fresh eggs direct from the farm by advertising in this paper.

Chickens, implements, household goods, boats, fishing gear, guns, cordwood, furs and dozens of other articles may be disposed of. The charge is two cents a word but six times goes for the price of four.

Many people get good results.

Proposal Made by Trustee Gillis at Meeting Left Over for Investigation

At the meeting of the school board Wednesday night some time was spent considering a proposal Trustee J. J. Gillis to have flower beds at some of the schools, particularly at Booth School.

It was explained by Acting Chairman Barrie that, owing to the small playgrounds at the schools, every inch of land was needed for the use of the pupils. While agreeing that the growing of flowers was very desirable and would add to the appearance of the grounds, he did not think the scheme feasible. The trustees generally were inclined to agree with this view so they decided to investigate further before taking any action.

Principal Hartness of the High School explained that an effort had been made a few years ago but without success and the idea had been given up. He pointed to wonderful results at Victoria and other places. Here it was a questtion of space.

WHAT MAKES

DID you know that our health and our moods are closely related to intestinal cleanliness?

When the system is clogged by constipation, poisons are generated. Often these bring on headaches and listlessness. You feel blue, or become irritable.

The poisons of constipation frequently aggravate nervous troubles, rheumatism, high bloodpressure and heart trouble. Yet constipation can be over-

come by eating a delicious cereal: Kellogg's ALL-BRAN. Two tablespoonfuls daily are guaranteed to relieve both temporary and recurring constipation. Try it with milk or cream.

Use in cooking too. Recipes on the red-and-green package. ALL-BRAN also supplies iron for the blood. At all grocers. Made by Kellogg in London, Ontario.
