Flutter of Excitement Over Premier Borden's Retirement

Suggestion Comes From Washington of British Ambassadorship; Comments of English Papers and Flattering References from Vancouver; New Government Within a Month Expected.

OTTAWA, December 16 .- Sir Robert Borden's successor will be appointed and a new government installed within a month. Arrangements to this end at any rate are now being made. Sir Robert Borden was at his office this morning but is resting this afternoon. The meeting of the cabinet was not held.

WASHINGTON, Dec. 16 .- It would not be surprising if Sir Robert Borden is appointed British ambassador should Earl Grey not return. The name of Sir Robert Borden was considered as a successor to Lord Reading, during the presence of the Canadian premier in Paris in connection with the peace conference.

LONDON, Dec. 16 .- The Daily Mail in the course of an article on the possible retirement from the premiership of Sir Robert on the earth.

The Daily News says Borden's contemplated retirement from active politics will be received in England with general regret.

The Vancouver World says it is safe to suggest that when the hislory of Sir Robert Borden's premiership comes to be written and an impartial estimate of his work, free from partizanship and party politics is made, he will stand far higher in the public estimation than his critics at present are prepared to concede.

How to Foil Wind and Weather on Washday

From now until spring a battle that endangers health must on washday be waged with rain and sleet.

That, or drying the washing in the cellar or attic, with its attendant inconvenience and sour smells.

Of course we can not order weather to our fancy, but if you would laugh at mud and water, save your health and keep your hands and face free from chapping and roughness, telephone us.

Next, bundle up your family washing and have our driver call for it.

In our laundry your things are initialed where the mark never shows. Everything is sorted, too - table linen is washed only with table linen, hosiery with hosiery. There is no indiscriminate mixing. And it is laundered in fleecy suds of silky softness.

The weather, and the hardship of fall and winter washing need never be a source of worry. Use your telephone and let us help you.
