THE CLOSING OUT OF JABOUR BROS. LTD.

Here is the story in a nut shell. The entire stock of Jabour Bros. Ltd., Prince Rupert was taken over by the Canadian Credit Men's Trust Association, trustees for the

creditors, and sold by the trustees to Sam Jabour at 35c on the dollar. Sam Jabour has turned over this fine big stock to me with instructions to sell everything, which simply means, folks, that it is up to me to clear out! sell out! close out! the entire stock and fixtures to the bare walls. There will be absolutely no reserve. Don't spend a cent until Saturday as I promise you the bargains of a lifetime. They'll be spectacular, thrilling in the extreme. Think of it! Realize the scoop. Closing out of a bankrupt stock bought at only a few cents on the dollar.

Canada Dry is a beverage worthy of a champagne glass, for it is an aristocrat. Frosted-gold in colour, with a delicate aroma, and a flavour as elusive as that of a rare old vintage—it has won the patronage of royalty the whole world over. You couldn't buy a purer, more healthful ginger ale—nor a more delicious one.

For convenience order the handy carrons of six or twelve bottles. Then you will always have an ample supply of this fine old ginger ale.

God the Preserver Science Subject

The subject of the lesson-sermon in all Christian Science churches and societies on Sunday was "Godi the Preserver of Man."

Among the Bible texts included in the lesson-sermon was the following from Romans 8:35: "Who shall separate us from the love of Christ? shall tribulation, or distress, or persecution, or famine, or nakedness, or peril, or sword?" The lesson-sermon also included

the reading of citations from the Christian Science textbook "Science and Health with Key to the Scriptures," by Mary Baker Eddy, one passage being as follows: "It is ignorance and false belief, based on a material sense of things, which hide spiritual beauty and goodness. Understanding this, Paul said: 'Neither death, nor life, nor things present, nor things to come, nor height, nor depth, nor any other creature, shall be able to separate us from the love of God.' This is the doctrine of Christian Science: that divine love cannot be deprived of its manifestation or object; that joy cannot be turned into sorrow, for sorrow is not the master of joy; that good can never produce evil; that matter can never produce mind nor life result in death. The perfect man-governed by God, his perfect Principle—is sinless and eternal."
