CITY OF HANKOW IN CHINA IS DOOMED TO DESTRUCTION

Floods of Yangste May Overwhelm Metropolis of More Than 800,000

All Natives Able to Do So Are Fleeing While Others Resort to Suicide—Two Other Centres Are Also In Danger

HANKOW, China, Aug. 21.—The city of Hankow, with a population of more than 800,000 souls, is believed to be doomed to total destruction by the floods of the Yangste River which have been raging for days. All natives who are able to do so are fleeing and hundreds are resorting to suicide as a way out of their misery.

Wuchang and Hanyang cities are also seriously threatened.

ARE READY TO DEPART

Col. and Mrs. Lindbergh Await Weather at Keotli Island

NEMURO, Japan, August 21.—Col. and Mrs. Charles A. Lindbergh were awaiting an improvement of the weather today before hopping off from Keotli Island in the Kurles for Nemuro, a distance of 490 miles, in continuation of their flight around the world. Repairs had been completed to their engine and propeller which had been damaged in the rough seas. During their enforced stay at Keotli Island, Col. and Mrs. Lindbergh made their home on a Japanese trawler which was standing by.

Col. Lindbergh's plane was towed to shelter in Murotan Bay last night by the steamer Paramashiru Maru.

JURY IS NOW OUT

Fate of David Clark in Balance at Los Angeles

LOS ANGELES, August 21.—A disagreement in verdict seemed possible last night as the jury in the case of David Clark, charged with the murder of Herbert Spencer, retired to bed after having already considered its verdict for several hours.

At the conclusion of a lengthy address by Judge Murray, the jury retired at 3:15 p.m. and went to supper at 5:15. It returned two hours later and was put to bed at 9:57 p.m.

MINISTER ON FLIGHT

Hon. D. M. Sutherland is Greatly Impressed With Minerals of Great Bear Lake and Crops of Peace River

EDMONTON, August 21.—Hon. Donald M. Sutherland, minister of national defence, arrived here yesterday from Aklayik after a flight across northern Canada. He left soon after his arrival for Vancouver.

The minister declared that he had been greatly impressed with mineral discoveries around Great Bear Lake and the extent of the crop acreage from Vermillion to Peace River town.

Soviet Cavalry Take Dip, Near Moscow

Saturday night? Who knows—but this detachment of Soviet cavalry, stationed near Moscow, and taking a chance and driving their gee-gees right into a nice convenient stream. Fun and no end

Judgment on Lands Set For September

Saskatchewan Will Know Then Whether It Gets Its Own Back

REGINA, Aug. 21.—Probably not before the latter part of September or in early October will judgment be handed down in the proceedings arriving at a settlement on lands alienated in Saskatchewan by the Dominion government prior to 1905 when the province was formed.

This is the belief of Hon. M. A. MacPherson, attorney-general, who returned to Regina recently after having represented Saskatchewan before the judicial committee of the privy council which heard the case early last month. A. E. Bence, K.C., and George H. Barr, K.C., also represented the province.

Sir John Simon, who had been retained to present Saskatchewan's case, was unable to be in attendance.

DOLE CUT OPPOSED

Trades Union Congress Council of Britain Believed Opposed to Government's Economy Proposals

LONDON, August 21.—When the Labor cabinet concluded sessions to consider the financial situation this afternoon, no announcement was made and it is generally believed that the Trades Union Congress council is opposed to the government's economy measures, particularly rejecting the proposal to cut down the dole.

POLA NEGRI IS STRICKEN

Famous Actress Suffering From Food Poisoning in California Hospital

SANTA MONICA, Aug. 21.—Pola Negri, the Polish actress and former moving picture star, was stricken ill yesterday and is now receiving treatment in the Santa Monica Hospital. Physicians name her illness as "food poisoning."

Forest Fires Are Checked

Change in Wind Proved Blessing Yesterday in Country Around Spokane

SPOKANE, Aug. 21.—A change in the wind yesterday resulted in the checking of forest fires in a number of the parts of this country which have been fire-ridden for several days.

Twenty Tons of Radium Ore Worth \$8,000 Per Ton Comes Out From Great Bear Lake

FORT SMITH, Northwest Territories, Aug. 21.—The first commercial shipment of radium from Great Bear Lake arrived here yesterday on its way to railroad at Waterways. It consisted of twenty tons of picked ore estimated to run \$8,000 per ton.

Experts predict that Canada will be able to make a bid successfully for the world's radium supply on the showing of this discovery.

WOULD YOU LIKE TO TAKE A WALK? RECORD SET UP

BIRMINGHAM, Ala., Aug. 21.—An ordinary walk around the block holds no thrills for Mrs. J. O. Roth. She would walk to New York or Los Angeles from Montreal!

She has just finished a walking tour that has taken her more than 12,600 miles. She and her 18-year old son Wessel, have trudged across every state in the Union, lost themselves in the Painted Desert of Arizona, wandered through the Canadian Rockies, out-stared a man-eating bear, and shaken hands with presidents.

She is back here now, packing for a tour of her native state. "And we are going to walk all the way," she said. "No hitch-hiking for us. We wouldn't dare ride for fear of missing something along the roads."

Vancouver Wheat

VANCOUVER, Aug. 21.—Wheat was quoted at 54¼c on the local exchange this morning.

TOLD ABOUT THE ORIENT

Mayne D. Hamilton Described to Dinner Guests Recent Visit to China and Japan

LANGUAGE DIFFICULTY
Japanese a Great Industrial People But Backward in Agriculture

The secret of the success of Japan is her ability industrially, according to Mayne D. Hamilton, general superintendent of the Canadian Bank of Commerce, who visited that country and China last year in connection with the Pacific Conference.

Last night Mr. Hamilton was the guest of honor at a dinner given by B. J. Mellish, manager of the local Bank of Commerce, at which Mayor Orme and a number of local business and professional men were present. It was at this dinner that Mr. Hamilton told about his visit to the Orient and some of the interesting things he saw there. He told of the industrialization of Japan, of their customs and habits and of the possibilities of developing a market there.

The first place visited by Mr. Hamilton was Tokyo, capital of Japan, which he described as a very fine modern city with buildings equal to those of New York. The Japanese were splendid hosts and entertained them royally there.

In connection with the visit to Nikko, the farms and homes of the people were described. Only fifteen per cent of the land in that country is arable and fifty per cent is forest. A splendid system of reforestation is carried out, even to the tops of the mountains. The farms are very small, only two or three acres each and the work all done by hand with the use of rather crude implements. Rice is the great crop, each farmer having his plot. Mulberry trees were much in evidence, the silk worm being fed on these.

The houses are lightly built, cold in winter, void of furniture and with parchment windows, but scrupulously clean. Green tea is served on all occasions. The children are well behaved and under splendid control. Thirteen hundred schoolboys sang together at Tokyo for the visitors. Nagoya was in the centre of the factory country and Mr. Hamilton suggested that Canada should make an effort to help feed these factory (Continued On Page 3)

SPEAKER IS HERE

Hon. George Black Visited City This Morning Enroute to His Riding of Yukon

Hon. George Black, Speaker of the Canadian House of Commons, was here this morning aboard the steamer Princess Louise bound north from Vancouver to Dawson to pay a visit to his constituents in Yukon riding which he represents at Ottawa. Capt. Black, whose first visit it was here since his elevation to the Speakership, was accompanied by his wife.

Atmospheric Freak Puzzles Winnipeg

Weather Man Still Wondering at Recent Jump in Thermometers

WINNIPEG, Aug. 21.—On Sunday, July 29, Winnipeg's meteorological experts commenced puzzling over an atmospheric freak and today they still seek a solution. Within 12 minutes thermometers jumped exactly 12 degrees and the weather men wish to know why.

The temperature rested around 80 degrees when a strong wind blew up from the southwest. Suddenly the wind reversed and blew in from the north accompanied by a terrific heat wave. The temperature shot upward a degree a minute for a dozen minutes as the experts vainly sought a reason.

AUSTRALIA SUBSIDIES

Government of Southern Dominion Spends Millions in Helping Industries

CANBERRA, Aust., Aug. 21.—In the last eight years the Australian government has paid out £4,683,000 in subsidies. Federal Treasurer Theodore has announced.

The iron and steel industries were subsidized for £1,877,000, wine exports for £1,535,000 and cotton yarn £513,000.

Australian overseas interest payments this year will amount to about £28,568,000.

President of Pennsylvania Road Coming

Attached to this afternoon's regular train from the east arrived the private car "Pennsylvania" of General A. W. Atterbury, president of the Pennsylvania Railroad. General Atterbury and party, who have been on a month's cruise to Alaskan waters, are due here within the next day or so on their yacht and will proceed east from here by rail.

Race Track Blaze Left Bible Safe

Holy Book Was Left Untouched By Flames

WINNIPEG, Aug. 21.—Fire razed a barn at Whittier Park race track recently, destroying the contents but leaving a Bible untouched. Stores and stalls in the frame building were levelled to ashes but the Holy Book, reposing in a grip which had been charred to a cinder, was found only slightly singed.

McLARNIN PROVES SUPREMACY OVER DAKOTA FIGHTER

NATIVE SONS TROUNCE ELKS TO TIE LEAGUE

Errors Prove Costly to Lodgemen as Lambie and Chenoski Hook Up in Pitchers' Duel

TWO MORE GAMES

Still Possible For Antlered Herd to Make Three-Team Tie For Second Half

Sons of Canada stock went soaring following last night's baseball league fixture when they downed the Elks by a score of 4-3. Lambie and Chenoski hooked up in one of the best pitchers' battles of the season, with honors about even, but two errors at first proved the undoing of the Elks, as they were responsible for three of the Canucks' runs. Both hurlers were touched for five safeties while Chenoski walked one man and struck out 10, while Lambie walked two and struck out seven.

By virtue of their victory, Sons of Canada are now tied with Old Empress with four wins and three losses each, while each team has one game to play with Elks. If the Elks can manage to cop both these fixtures it would result in a three-team deadlock for second half honors with a knock-out competition necessary. The Canucks, however, are certain of a chance in the play-offs as they won the first half after a hard struggle.

Elks did all their scoring in the opening frame when they shoved three men over the plate. Harold, lead-off man, walked. A. Mitchell sacrificed him to second. Stephens singled to centre and Harold stopped at third. Stephens stole second and then Harold scored on a passed ball. Stephens going to third. Bill Mitchell drew a base on balls and then George Mitchell poled out a line-drive to left for two bases. Stephens and Bill scoring. Chenoski struck out and D. Stalker went out on a line drive to Styles.

They looked dangerous in the third when Alex Mitchell led off with a triple to centre. Stephens struck out. Bill Mitchell was thrown out at first by Smith who held Alex on third, and then Moran made a nice recovery of George Mitchell's grounder to throw him out at first. In the fifth with two out Stephens singled through the pitcher's box. Bill Mitchell singled to centre and Stephens was caught at third when it appeared that Bury had slipped and missed the ball, which, however, was not the case.

Sons of Canada got one tally in their first time at bat. Bury singled over third. He went to second on a wild pitch and third on a passed ball. Smith struck out. Moran flied out to Stone in left and Bury scored. Comadina was safe when Bill Mitchell dropped his fly at short, but he took Lambie's grounder and threw him out at first.

They added two more in the fifth to tie the score. Styles was safe when Stephens booted his grounder. Frizzell struck out. R. Stalker, after having three balls and then two

strikes called on him, rapped out eight fouls in succession before Chenoski finally walked him. Both runners advanced on a passed ball, and then Johnson singled to left and both men scored. Bury flied out to Stone and Smith struck out.

In the last inning after two men were out Johnson hit one down to Bill Mitchell who threw to first but Stephens dropped the ball. Bury singled to centre and Johnson held second. Edide Smith, after having struck out every other time up, came through with a double to left to end the game.

The Box Score

Vancouver Fighter Took One-Sided Victory Last Night In New York From Billy Petrolle

NEW YORK, Aug. 21.—Jimmy McLarnin of Vancouver wiped out any question of his supremacy over Billy Petrolle of Fargo, North Dakota, last night by pouncing out a one-sided victory over the Dakota veteran in ten rounds. McLarnin won eight of the ten rounds and had the best of the going all the way.

Last night's fight settled a year's dispute as to which was the best—Petrolle or McLarnin. About a year ago Petrolle inflicted a terrific surprise defeat upon McLarnin. A few months ago Jimmy came back and easily defeated Billy, last night's bout being the "rubber."

Stephens Goes Back Into Big Six Lead Again

Husky Elk Almost Certain to Stay Up With Leading Hitters When Season Ends

Fred Stephens, who led Big Six hitters for the first half of the season, took a substantial lead again in last night's baseball fixture between Sons of Canada and Elks as he collected two hits in three times up to raise his mark up to .368 while Comadina, who had been at the top of the list, went hitless to drop to a tie for third place with Redman and Bill Harold dropped from third to sixth place as he failed to hit safely. George Arseneau of Old Empress is now in second place with a mark of .341.

Eddie Smith, Sons of Canada, who was out of the game for the first half, but has played in all second half contests, and needs but one more to qualify him for the standing, has a mark of .379 with 11 hits in 29 times at bat. He, therefore, is almost certain to be one of the Big Six when final standings are figured. Following is the way the boys line up:

G.	AB	R	H	Pct.
Stephens E.	11	38	7	.368
Arseneau O.E.	12	44	6	.341
J. Comadina S.	14	39	11	.333
Redman O.E.	13	39	5	.333
Hibbard O.E.	11	34	7	.324
Harold E.	11	41	16	.317

Big League Scores

SWIM GALA ON SUNDAY

Prince Rupert Swimming Club Makes Arrangements For Annual Competition

Next Sunday will be a big day at the Salt Lake, popular local swimming resort, when the Prince Rupert Swimming Club holds its annual swimming gala. Local swimmers, divers, etc. are expected to turn out in large numbers to compete for a fine prize list aggregating at least \$150 in value. Generous donations of local merchants have made the fine prize list possible. First and second prizes will be given in all except team events.

The full list of events is announced as follows:

- Boys' race, 12 and under.
- Girls' race, 12 and under.
- Boys' race, 14 and under.
- Girls' race, 14 and under.
- Boys' race, 16 and under.
- Girls' race, 16 and under.
- Boys' diving, 16 and under.
- Girls' diving, 16 and under.
- Children's relay race, 4 in team, 16 and under.
- Men's 50 yard race.
- Ladies' 50 yard race.
- Breast stroke, open, 16 and under.
- Men's underwater swim.
- Underwater swim, open, 16 and under.
- Men's 25 yard dash.
- Ladies' 25 yard dash.
- Old-timers' race.
- Breast stroke, open, 25 yards.
- Ladies' diving.
- Men's diving.
- Ladies' distance plunge.
- Men's distance plunge.
- Seal race, open.
- Men's relay, 4-man team.
- Boys' Band, open.
- Men's distance swim.
- Men's tug-o-war.

LEGION TEAM

The Canadian Legion team for tonight's football game will be selected from the following players: J. Smith, Skinner, Jack W. Murray, Hadden, Webster, W. Murray, Busanich, J. Murray, Beptie, J. Campbell, Gilker, Parks, Hodgkinson.

Pictou Woman Is Deputy Sheriff

New Precedent Set In Massachusetts by Nova Scotia Girl

PICTOU, N.S., August 21.—Setting a precedent in Massachusetts a daughter of Pictou parents has been appointed a deputy sheriff of that state, the first woman in the history of that New England state to hold such a position.

Mrs. O'hare, who is the daughter of John C. Prest, of this town, but who has been a resident of Attleboro, Mass., for nearly thirty years was recently made a notary public by Governor Ely of Massachusetts.

The new deputy sheriff feels that her service in this new sphere may be of value in county work, especially in superior court if there should happen to be any women prisoners involved. Her appointment is limited to civil processes. She has, however, assisted police on occasions where there were females to be committed to some of the county or state institutions.

Army Picnic Is Enjoyable

Sixty Persons in Attendance at Happy Outing Yesterday Along Skeena River Highway

The Salvation Army had a very enjoyable picnic yesterday afternoon at "The Bay" beyond Galloway Rapids bridge on the Skeena River highway. About sixty persons enjoyed the outing, going out on cars at 1 p.m. and returning at 8 p.m. after a happy day.

Games were played and swimming was enjoyed by some. There were refreshments in abundance. Capt. R. Steele, local commandant, was in general charge.

Only a short while until time to wish it was summer again.

SPORT CHAT

Roy Kendrick, popular young Australian footballer, who lost his sight three years ago while playing in a match, has returned to his Sydney home, from London, able again to see. During the match he was kicked in the face and blinded. Australian doctors could do nothing for him so his mates of the ball field sent him to Sir William Lister in London. It took nearly three years to restore his vision. "It seems like a miracle to see the faces of those I used to know," he said as he gazed at the footballers drawn up at the quayside to welcome him.

Midnight "hare and hounds" along the banks of the Thames in the beautiful but staid old sections of Ranelagh and Richmond has aroused London residents to determined action. The game is described as something like a paper chase. Three "hares" in a boat are given two minutes start after which the "hounds," also in boats and punts, start the chase. The "hares" endeavor to land on a lawn and hide their boats and themselves. Riparian residents complain that this has led to misuse of private boathouses, inlets and those beautiful lawns which stretch from the river bank to well kept homes. The charge is made that many London society girls, without pretension of skill at oars, are joining rowing clubs merely to participate in this new bathing suit gaily. Drastic action by the river police patrol may be invoked.

If time is money, most of us are millionaires every Sunday.

DEMPSEY TO SEEK TITLE

This Will Possibly Be Outcome Present Tour

RENO, Aug. 21.—If Jack Dempsey makes out satisfactorily on present barnstorming tour, it is believed he will figure as a challenger to Max Schmeling for the heavyweight title. Much will depend on what kind of a showing Dempsey makes against Young Stribling if they meet as planned in Seattle.

Ross Iverson and Avred Johnson were each fined \$25, with options for 30 days imprisonment, in city police court this morning for drunkenness.

Big Whoopie Gingham Dance Moose Hall tonight. Admission 50c. 19c

Mrs. S. H. Hoskins and son of Smithers arrived in the city from the interior on yesterday afternoon's train.

Mr. and Mrs. D. C. Schubert are sailing tonight on the Cardena for a vacation trip to Vancouver and elsewhere in the south.

Capt. R. Steele, local commandant of the Salvation Army, returned to the city on Wednesday after having spent a furlough in Edmonton.

W. H. Tobey, C. N. R. divisional superintendent, returned to the city on this afternoon's train from one of his periodical trips to the interior on official duties.

James A. Brown, well known Estell River sawmill operator, arrived in the city on this afternoon's train from Port Essington, being here on a brief business visit.

Miss May Donaldson returned to the city on this afternoon's train from Port Essington where she has been paying a visit with her mother, Mrs. James A. Brown.

Fred Scodeen, Indian, charged with drunkenness, was fined \$15 and costs, with option of 14 days' imprisonment, by Magistrate McCloyment in city police court this morning.

A charge against George Baynes of conniving to supply liquor to Indians was dismissed in city police court this morning. A charge of false pretences against Baynes is proceeding.

Theo. Collart returned to the city on this afternoon's train after accompanying J. Van Ricksdal of Vancouver, Belgian consul-general, as far as Smithers in the course of a tour of this district.

Dr. A. S. Lamb, government tuberculosis specialist, in the course of one of his clinical tours of the province, passed through the city on the Prince George today bound from Ocean Falls to Anyox.

Flight Lieutenant Johnson R. C. A. F. arrived here at noon today from Vancouver aboard one of the Jericho Beach seaplanes, being here to make an inspection of the Northern B. C. Airways seaplane following its mishap at the first of this week.

Mayne D. Hamilton, general superintendent of the Canadian Bank of Commerce for British Columbia, with headquarters in Vancouver, sailed this afternoon on the Prince George for Anyox and Stewart in continuation of an official tour through this district.

TOLD ABOUT THE ORIENT

(Continued from page one)

workers. Kioto, where the greatest statue of Buddha is located, was for many years the capital of the country, and the emperors are still crowned there. This he found was the best place for tourists to buy for they could find anything they wanted there. The sacred deer were interesting. They were very tame and were fed by tourists.

Kobe was the chief port for trade with Canada. It was a city of less than one hundred thousand people but was the port for Osaka a city of two and three-quarter millions. The speaker told of the huge merchant marine, which had been rather overbuilt with which Japan dominated the Pacific Ocean and which was seen in all the seven seas.

China

Shanghai, Hong Kong and Canton were the places visited in China. Shanghai is the commercial centre of the largest part of the country, with a population of three million people. It is protected by the war vessels of several of the great powers. The British concession was policed by Sikhs who managed the traffic splendidly. Many of the rich Chinese lived in that part of the city in order to enjoy British protection, but even there they were not always safe from kidnapping. The rich people usually had gunmen with them for protection. The visitor told of the St. Andrew's Day races in which speedy Manchurian ponies took part and which was splendidly controlled by the Shanghai Jockey Club. Another interesting feature of the city was the famous Shanghai Bar, supposed to be the longest in the world where he saw patrons lined up eight deep awaiting their turn to be served with drinks.

The vessel took a police guard between Shanghai and Hong Kong owing to the prevalence of pirates in those seas. These men were mostly Russians. The city of Hong Kong was a very beautiful place, made so by the British who converted it from a barren island to the naval centre for the British fleet. It was a wonderful spot, a tribute to British efficiency and initiative. Many Chinese had taken residence there in order to secure British protection.

The narrow streets and unsanitary condition of Canton were told about. The smells were indescribable. Many of the people still lived on boats in the river. Summing up, Mr. Hamilton said he did not see how there could be much improvement in China without better means of communication. People in different sections of the country could not understand each other's language. Under these conditions it was difficult to secure peace.

Eric Sealey Here Yesterday After Spending Year at Copper Mine City

Eric Sealey, who has been located at Copper Mine City in the Northwest Territories as wireless operator for the past year, and Mrs. Sealey passed through the city yesterday on their way to Victoria, sailing in the afternoon on the steamer Prince Charles. Mr. Sealey was met at Edmonton by his wife. While here they visited with Mr. and Mrs. Ian Fraser.

Copper Mine City is situated close to the Arctic Coast of Canada. It has a population of six whites, the remainder being Eskimos. There is a heavy airplane traffic there with as many as six planes based at Copper Mine at one time. Some of the planes are engaged in government survey work and others in the transportation of trappers and mining men.

Morgan Eastman of Vancouver, district governor of the Rotary Club, arrived in the city on the Prince George this morning from the south, accompanied by Mrs. Morgan, and will pay an official visit to the local club this evening. Tomorrow afternoon he will sail on the Prince Henry for Ketchikan to visit the club there, returning south on the Prince Rupert on Monday.

DAILY EDITION Friday, August 21, 1931

UNITED ACTION NEEDED

This is the time when united action from all over Northern and Central British Columbia is needed to urge even more forcibly than previously the need of construction of the western outlet of the Peace River railway by the federal government.

Seeing that the railways do not consider the P. G. E. worthy of attention as a practical transportation entity, it will be best to forget it in connection with the scheme and allow the provincial government to handle it exclusively. Just now it seems as if the insistence of Premier Tolmie that it be included in the Peace outlet plan is holding up the whole scheme. If so, then it is time for the northern section of the province to disassociate itself from that movement. All places along the railway, will stand to benefit if the outlet is constructed and all should insist that it be considered immediately, rather than await the time when the work is not needed as badly as it is today.

URGING THE LIBRARY

Members of the library board and others in the city are urging that a new library building be included in any relief plans for the city of Prince Rupert. It is pointed out that such a building is badly needed, that it could be built cheaply at this time and that the whole reading community would be behind the proposal to erect a suitable structure to house the fine collection of books now owned by the city.

REVISION OF ENTIRE STRUCTURE

Revision of the entire structure of war debts and reparations is being asked in order to bring about a better condition of affairs in the world. We are still suffering from the result of the last war. When the big conflict commenced there was a buyers' strike, somewhat similar to the present, but the men thrown out of employment at that time went to the war and some of them did not return. In the meantime they were fed and clothed by the government and there was no unemployment problem for that reason.

Now the government has again to act and men are to be cared for in camps but for peaceful purposes instead of warfare.

The anomalous condition which clever statesmen must rectify is that there is in the world plenty of food and plenty of clothes while there are thousands without any of these necessary things. It is a condition such as this that makes some people "red." They are mostly honest people who feel that present conditions are wrong and they see no other method of righting them. They are not willing to wait and have the natural method of evolution take care of the situation when they think they can see a more easy method.

Within the next few years it will be necessary for statesmen in this country and others to deal courageously with this situation. If nothing is done there will be a recurrence of the present condition in another twenty years more or less with more political disturbances, more suffering and more agitation for a radical turnover. There is enough food and clothes for everyone if it is only properly distributed. The mass of the people do not know what to do. All they know is that it is wrong for them to be hungry and they turn to any scheme that they think may right matters. They argue that it could not be worse and it might possibly be better if a change were made.

Action must be taken to bring about a change by constitutional methods with a view to a better distribution of the world's wealth and to insure that none go hungry when there is plenty of food in the country. This way is the path of safety.

District News

NEW HAZELTON

Owen Smith, engineer in charge of the construction of the new Hagwilget bridge, has received instructions to report to Victoria and will be leaving at the end of this week.

The New Hazelton baseball team went to Smithers on Sunday and in one of the best games seen there this season, defeated the railway town team by a score of 8 to 7.

SMITHERS

William Ellison, charged with failing to report a forest fire, and H. Guss, charged with failing to extinguish a camp fire, were each fined \$25 by Justice of the Peace A. G. Sturgeon at Burns Lake on Monday. Both Ellison and Guss are from Ootsa Lake.

In the course of a tour of Central British Columbia, J. Van Rieksdal, consul general for Belgium in Vancouver, arrived here on Tuesday night of this week and left on Wednesday night for Prince George.

E. S. Kelling, pensions advocate, Vancouver, has been here for the past few days assisting local war veterans to prepare their pensions claims.

While motoring from Prince George to Smithers last Sunday night, Mrs. G. N. Roberts was stricken with acute appendicitis. She was placed on the train at Burns Lake and brought on to Smithers where a successful operation was performed on Monday.

PRINCE GEORGE

Sanction has not yet been received at the provincial public works department offices here to start on several unemployment relief undertakings which have been planned for this district. Camps have been established and work will be started as soon as the policy is settled upon.

W. J. Scott and H. W. Seott of Vancouver are looking over the possibilities for the establishment of a creamery here. They are willing to go ahead with the project, they declare, if they can get control of the milk of the district.

The city council has found that there is no relief for hard water conditions here unless the city undertakes to process the water.

Miss Mirian Peck of New Westminster has been appointed principal of Giscome School.

Winter Train Service Soon

Will Revert to Three Trains a Week Next Month With Times of Arrival and Departure Same As at Present

Effective September 2 the train service between Prince Rupert and Jasper Park will revert to three trains a week in each direction.

Under the winter time table, trains will leave for the east on Mondays, Wednesdays and Saturdays at 12:30 p.m. and arrive here from the east on Sundays, Tuesdays and Thursdays at 1:30 p.m.

Twenty Years Ago

In Prince Rupert

August 21, 1911

The case is proceeding in city police court before Magistrate Alfred Carrs of a young man who is charged with forging a signature and cashing a post office money order for \$87.68.

Rev. Dr. E. A. Chown, who is a visitor to the city, preached before large congregation yesterday in the Methodist Church.

Yesterday members of the Board of Railway Commissioners went up the line of the Grand Trunk Pacific Railway as far as Copper City, being the guests of General Superintendent W. C. C. Meehan.

Paris Creations For Rural Girls

May Take Part in Style Show At Springfield

PORTLAND, Me., August 21 — Girls from the rural districts in Maine, winners of the 4-H Club contests this year, who will be delegates to Camp Vail at the Eastern States Exposition in Springfield, Mass., from September 20 to 26, will have an opportunity to appear in the latest Paris creations by taking part in the daily style show which will be a part of the Home Arts Division displays throughout Exposition week.

Two exhibits showing how to select and care for clothing have been planned with the idea that clothing selection and care will be of interest to every woman visitor. Clothing selection in particular will be stressed and for this purpose simple gowns and models of good lines and in proper color combination have been selected. The director of the exhibit is now in Paris making her model selections and the girls of Camp Vail will be chosen to display these in the daily style shows.

The second display will be devoted to cleansing fine fabrics. Demonstrations will be given in washing sweaters, sport wear, other knitted garments, kid gloves and similar articles which can be ruined by careless handling.

Big Air Race to Be Held in Ontario

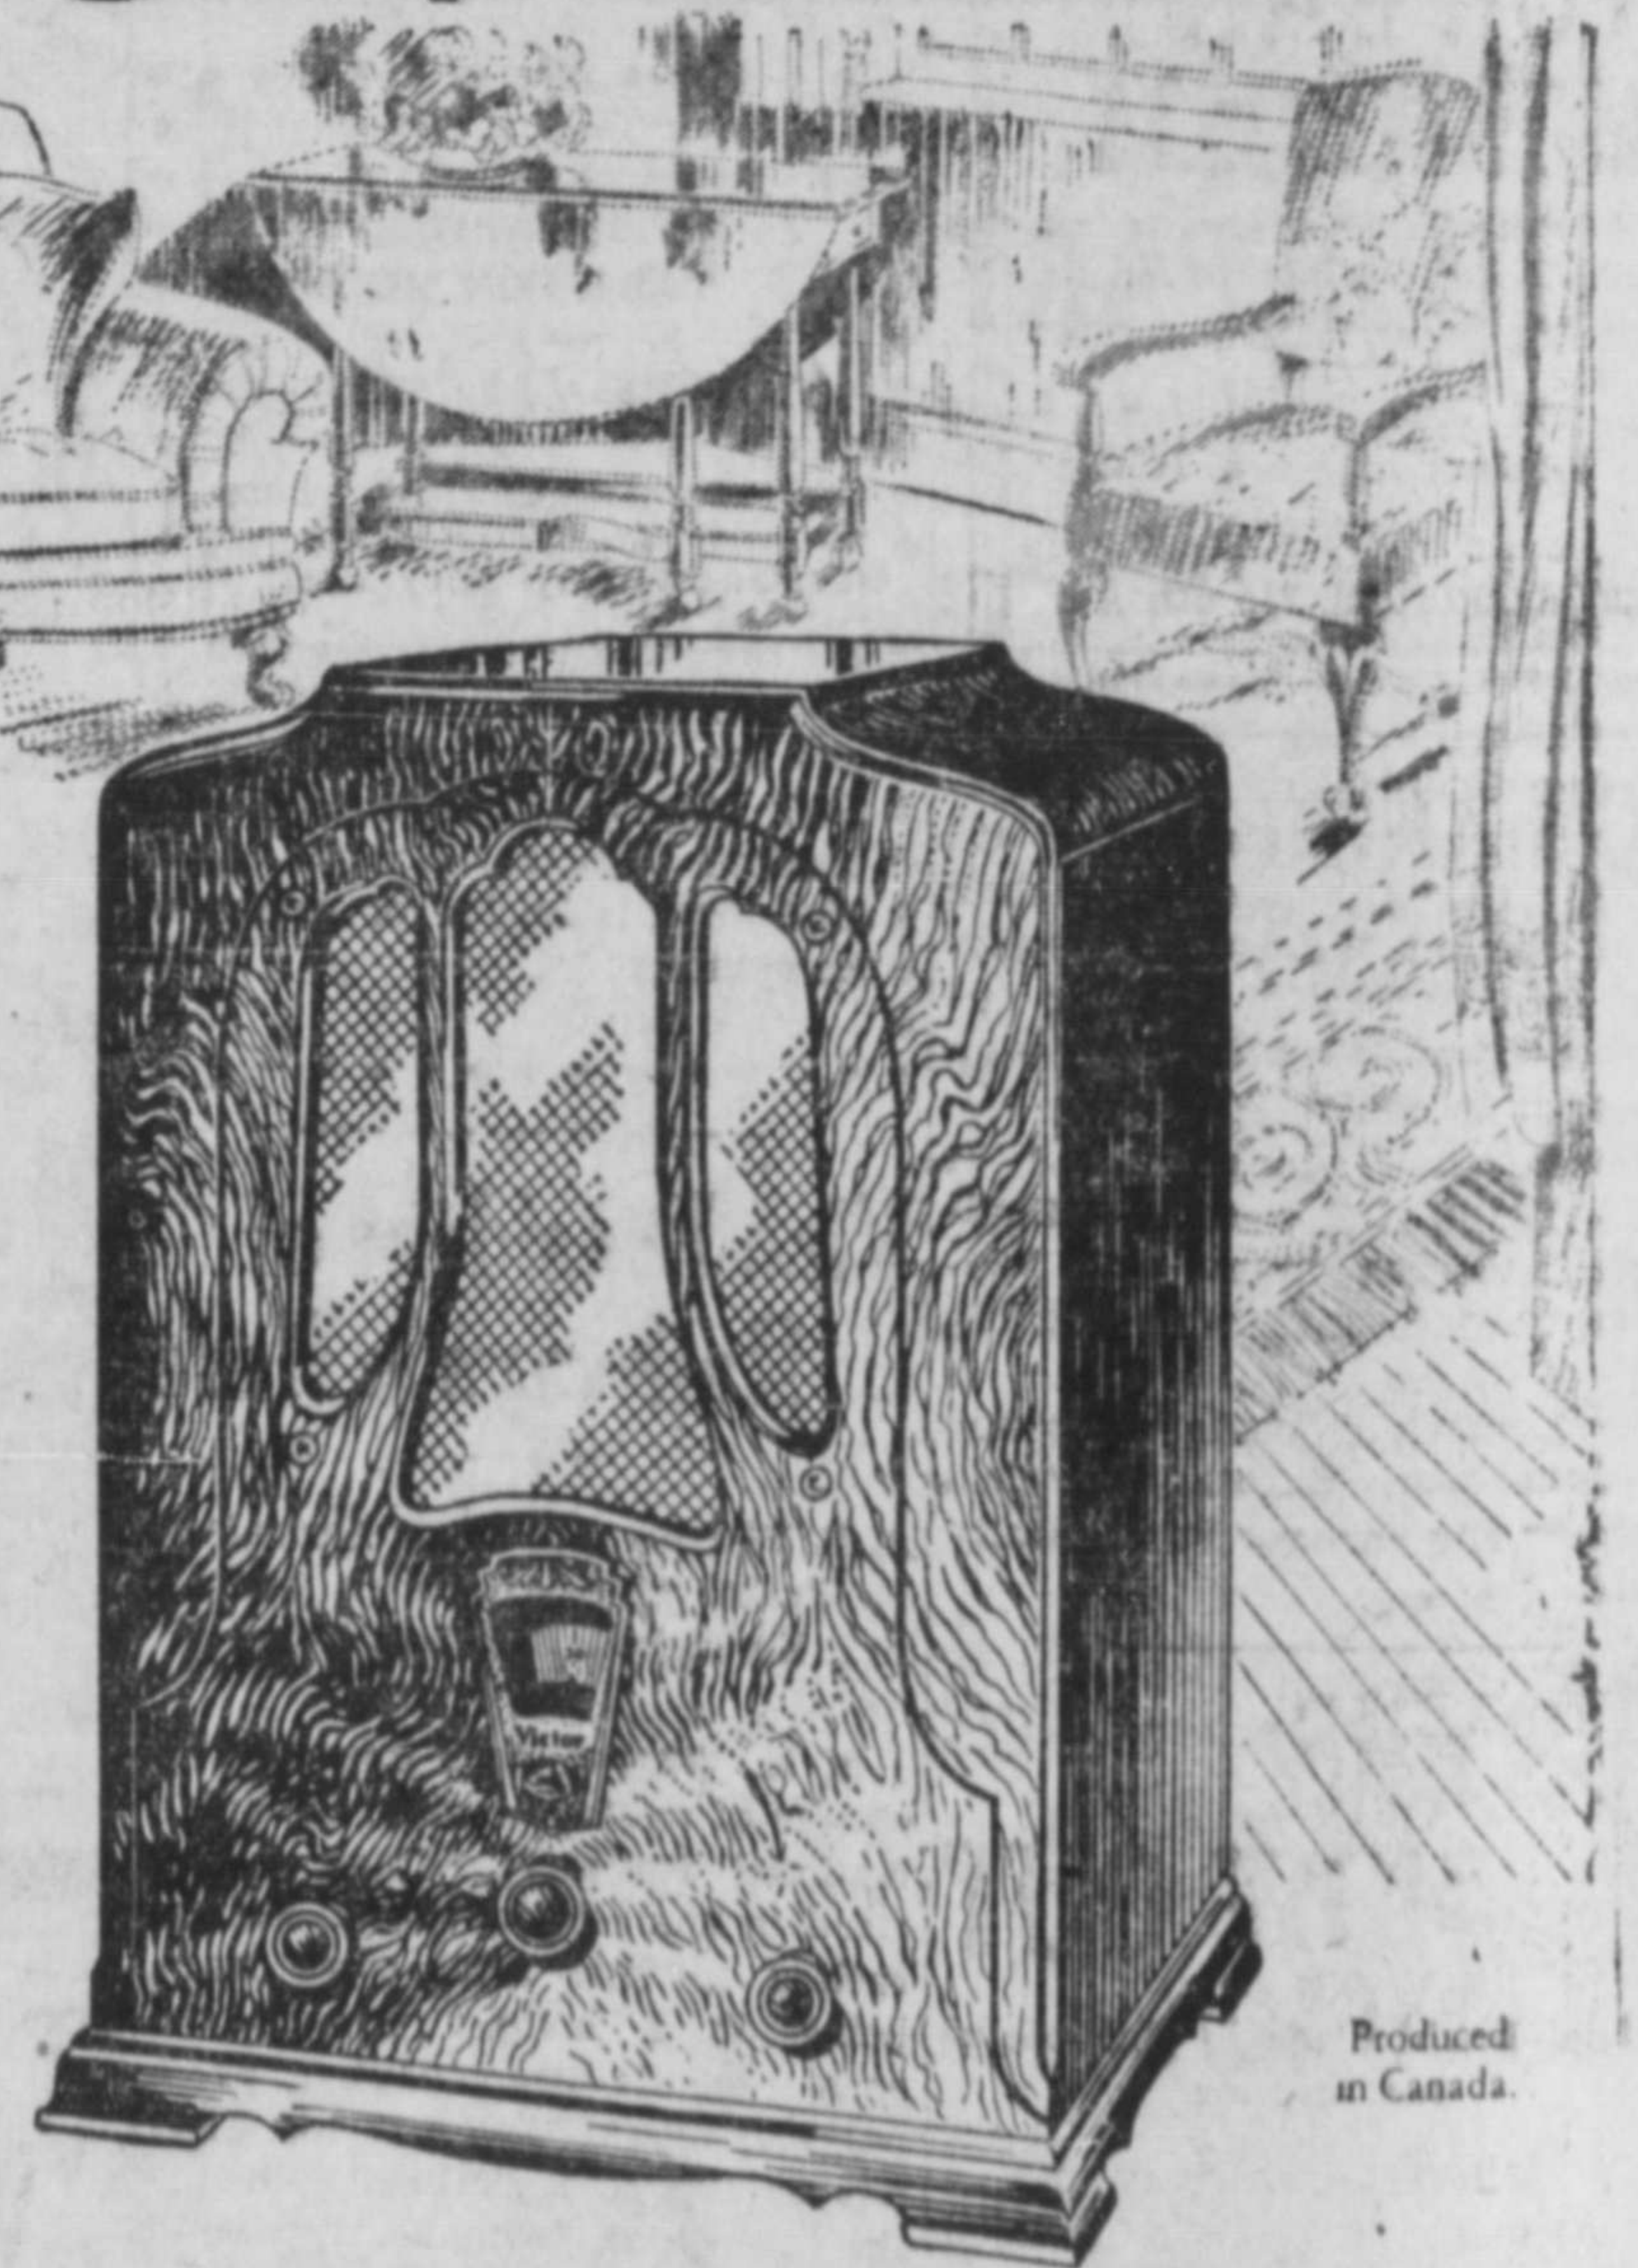

Here is shown route of 449-mile Tip Top Aerial Derby course. Below (rt.) David Dunkelmann, president, Tip Top Tailors, Ltd., sponsor of the race; and Capt. W. F. Shaylor, general organizer.

VICTOR "Superette"

\$89.50 Complete with Tubes

... smallest big radio ever built

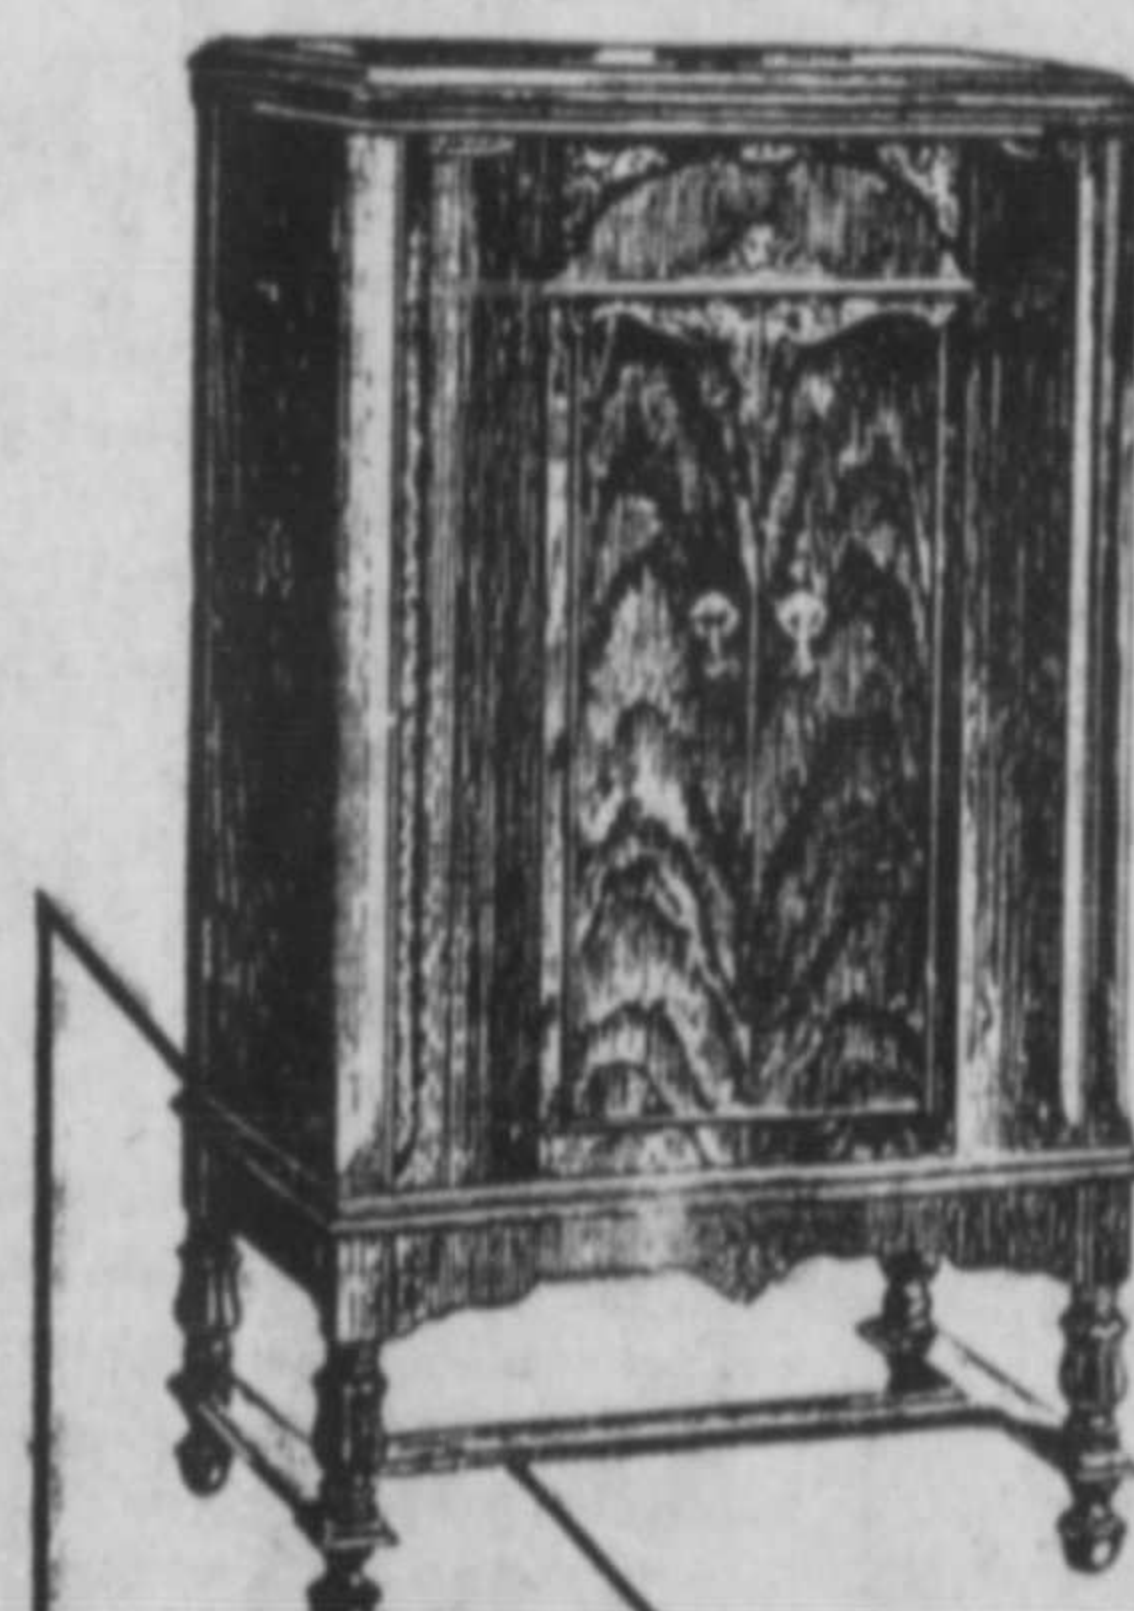

It's an Eight-Tube Super-Heterodyne

MAKE no allowance for the size of this small radio—the Victor "Superette." It's little, but it asks no favors from the finest big radio you've ever heard. Its value is amazing... the "Superette" is big in everything but size and price! Only \$89.50, complete with tubes.

And remember! The "Superette" is an advanced Super-Heterodyne. Added to the superlative selectivity and sensitivity of the most modern Super-Heterodyne are the tonal perfection and noiseless operation of the new super-control tubes. Only through Canadian production and Victor's immense scientific resources could such a radio be offered at such a price.

Concentrated in this beautiful, compact cabinet are radio's latest developments. Advanced eight-tube super-heterodyne circuit... super-control tubes... electro-dynamic speaker... increased-range tone control... "trigger-touch" station selector... push-pull amplification... and a specially designed flat-top cabinet, permitting the tasteful use of decorative adornment.

Your Victor dealer will demonstrate the outstanding performance of the "Superette" and the other new Victor Super-Heterodynes... Lowboy, \$119.50, Highboy, \$122.50, and "Superette" with Electric Clock, \$105.50 — and Victor Radio-Electrola Combination, \$169 — all complete with tubes. Easy terms.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.

Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

Off for Vacation

Take The DAILY NEWS with you When Going on Summer Holidays

Nearly everybody likes to keep in touch with Prince Rupert when away for their holidays. The best way to do this is to order the paper sent during that time. If it is only for two weeks, the News is a welcome visitor and the mails during the summer months are carried almost daily to most points.

Recently a number of Scandinavians have given up the local fishing for the summer and gone on an extended visit to their former homes. In almost every case they order the Daily News sent them while they are away. Several subscribed for a year, others for shorter periods.

No time is too short for us to look after our patrons.

British Firm Establishes Plant in Canada

Plant erected at Peterborough, Ontario, by A. Wander Limited, Manufacturing Chemists, London, and King's Langley, Herts, England. Ovaltine and other well-known products are now being made in this factory.

NEWS OF THE MINES

AROUND PRINCE RUPERT

Showdown in Duthie Mine Affairs Expected—Good Placer Returns at Atlin—Eight Men Working on Telkwa Coal Mine

According to notices which have been received recently by the shareholders, affairs in connection with the Duthie Mines Ltd. are due to reach a crisis on Thursday of next week. At that time the creditors will attempt to collect by foreclosure proceedings and it is expected that the interested principals will make a move to protect their valuable equities in the property. The latest financial statement reveals that the company owes some \$14,000 which sum would seem to be trifling enough in comparison with the assets at the property. Two extensions of time for payment have already been granted by the creditors, this being followed by a proposal that an unnamed party was willing to pay all liabilities at 50c. on the dollar. This offer was declined. At Smithers it is taken that a waiting game is being played between J. F. Duthie of Seattle and the Atlas Exploration Co., the latter being in control at the time the mine was closed down about a year ago.

Apprenticeship Disappearing

Time Honored Way of Learning Trade Will Soon Be No More

LONDON, Aug. 21.—Apprenticeship as a system, and time honored practice of youth's "learning a trade," is disappearing in Great Britain, figures of the London Trades Council reveal.

There now is only one apprentice for every 2,000 workmen in Britain. Before the war there was an apprentice for every four workmen. It is estimated that there are 250,000 fewer apprentices than before the war.

Explanation is made that boys refuse to spend five or seven years for wages including bonus, of less than \$15 a week, preferring occupations that need only a short training.

C. R. Ashmore, manager of the Granby store at Anyox, will be a passenger aboard the ss. Prince George tomorrow evening going through from the smelter town to Vancouver. On his return north, he will be accompanied by Mrs. Ashmore and family, who have been on a holiday trip to Vancouver.

Fred J. Whitcroft, well known figure of Vancouver athletic circles and member of the firm of Miller, Court & Co., who died recently at Atlin, was, at the time of his death, engaged in the development of a placer gold property on McKee Creek. A lost channel on the property had recently been re-located and the first clean-up a few weeks ago netted 278 ounces of gold worth \$4,612.

The British Columbia Chamber of Mines has turned out a very interesting publication entitled "Elementary Methods of Placer Mining," Placer fields in all parts of the province, including this district, are referred to.

Eight men started to work on Monday morning of this week on Frank Dockrill's Bulkley Valley Coal Mine near Tekwa. Mr. Dockrill says that the outlook for business now and during the coming winter is better than it has ever been. He is getting out a very high class of coal and is now turning out a nut-egg size for domestic use. With big orders on hand, this mine is going to assist in allaying hard times in the district around it.

Thomas Shickleton, Usk hotel proprietor, is a business visitor in town, having arrived from the interior on yesterday afternoon's train.

Week-End Specials

- Snowdrop Hard Wheat Flour, 49-lb. sack \$1.25
- Fraser Valley Strawberry or Raspberry Jam, 4-lb. tin 50c

Winnipeg Renders Mosquitoes Scarce

Oiling of Swamped Land Has Had Satisfying Results

WINNIPEG, Aug. 21.—War on mosquitoes has ceased for another year in Winnipeg with the flag of victory waving in the breeze. The

pests are scarce this summer due to the oiling of swamp land, rivers and streams about the city by the mosquito fighters whose financial support was gained by public contribution.

Airplanes were used to fight the menace, machines spreading oil on mosquito-breeding grounds. Unemployed men were given employment during the campaign. The anti-skeeter drive has been a success as far as obliterating the mosquito is

concerned, but a failure financially. The campaign's automobile will have to be sold to meet obligations, leaving a deficit of \$260 which the city finance committee will be asked to cover.

Four nuns of the Roman Catholic Church from Victoria were aboard the steamer Princess Louise this morning going north to Dawson where they will engage in educational work.

Kellogg's RICE KRISPIES
A DELICIOUS CEREAL MADE FROM CHOICE RICE, COOKED AND TOASTED
READY TO EAT
HELP YOURSELF TO HEALTHY CRACKLES IN CEREAL

Now 12 1/2% lower in price

KELLOGG'S Rice Krispies has been one of the most amazing successes of the cereal industry. In less than four years, it has grown to be one of the largest-selling cereals in the world.

Now comes a 12 1/2% reduction in price to enable even more people to enjoy it more often than ever. At this new low price, Kellogg's Rice Krispies are one of the most economical, as well as delicious and distinctive of all cereals. Children love Kellogg's Rice

Krispies. The nourishing rice bubbles snap and pop when milk is poured over them. Little folks who are hard to interest in food, dip into Rice Krispies—fascinated by the crisp crackling.

All your family will enjoy Kellogg's Rice Krispies. Serve them often these hot days. They help you keep cool and fit. At the new low price they also bring healthful economy to your table. Made by Kellogg in London, Ontario.
