AGREEMENT ON HOOVER PLAN NEAR MOVING PICTURE COMBINE FOUND TO EXIST IN CANADA

Investigator Declares That Control of Films Here Is Anti-British

Provincial Prosecutions in Ontario May Follow Findings of Peter White K.C., Probe Commissioner

OTTAWA, July 7.—Findings showing the existence of a motion picture combine in Canada were contained in the report of Peter White K.C., Combines Investigation Act Commissioner, which he submitted to Hon. G. D. Robertson, minister of labor, yesterday. The report stated that ninety-five per cent of the distribution of films was controlled by a combine which carried on propaganda adverse to British films.

FUNERAL IS HELD

William Pruneau Laid to Rest This Morning With Roman Catholic Rites

Solemn requiem mass for the repose of the soul of the late William Napoleon Pruneau, 71-year old fisherman, whose death occurred at the end of last week, was celebrated in the Church of the Annunciation this morning by Father Charles Webb. The choir was in attendance and Charles P. Balagno presided at the organ. There was a large congregation in attendance.

Laying Off of Man Protested

Ald. Black Brings Matter Up Before City Council Last Night

Ald. Black voiced protest at last night's meeting of the city council at the action of the Northern B. C. Power Co. in laying off one of two men who had combined the duties of operator and lineman at the Shwatalians Power plant. He thought that the duties of operator and lineman could not be carried out properly by the one man who would, at the same time, have to be on call to start the plant in case of emergency. Ald. Black also pointed out that the city was paying a part of these men's wages in the interests of maintenance of the pipe line.

EMPLOYMENT PROPOSALS

City Council Takes No Action On Resolutions From Vancouver

The city council took no action at its meeting last night in connection with resolutions on unemployment which were adopted at a recent conference of mayors and Reeves of the lower mainland, endorsement of which was sought. The council decided to take no action in view of the fact that its views in regard to unemployment relief had already been expressed and conveyed to the conference in Regina through Mayor Taylor of Vancouver.

One resolution from the Vancouver Conference demanded a definite pronouncement from the Dominion and federal governments on unemployment relief, urging the principle of giving work to all who were able to render service for moneys received. Another resolution urged the federal government to suspend all immigration to Canada at this time.

BISHOP AT ALICE ARM

Conducted Evening Service Consecration and Confirmation

On Sunday, June 28, Right Rev. G. A. Rix, Bishop of Caledonia, paid his first episcopal visit to Alice Arm. Having preached at the service in Anyox in the morning, he proceeded aboard the new Northern Cross to the mining camp where evening service was scheduled to be held at 7.30.

At the conclusion of the familiar hymn, "Onward Christian Soldiers," a petition was presented to the Bishop, that the church should be consecrated, which act was then performed, and the church officially named "St. Michael's."

Following the consecration of the new building, four candidates for confirmation were presented by Rev. W. B. Jennings and admitted into the church. Before his address to the newly confirmed members, the bishop congratulated the congregation on the splendid work that had been accomplished. More than half the funds for the new church were raised locally, and the church was only made possible through the efforts of the townspeople who volunteered to erect the building. All were urged to make use of this new House of God, so that the spiritual upbuilding might be likewise increased. Speaking more particularly to the candidates, he stressed the importance of the occasion to them and asked them to accept the responsibilities of their new profession. At the close of the service the bishop met the large congregation at the door of the church.

BIG RUN OF FISH

Herring Around Dutch Harbor and Unalaska Large and of Superior Quality

DUTCH HARBOR, July 7.—The fishermen are anticipating a record run of herring in the vicinity of Dutch Harbor and Unalaska this year. The fish are reported to be large and of superior quality.

It's a terrible blow to the pessimists who said there was going to be no summer this year to find that the sun is shining most of the time.

Olof Hanson Takes Up Cudgels For Fishermen in Commons and Is Backed Up By Alberni Man

A few days ago in the House of Commons, Olof Hanson, M. P. for Skeena, placed the serious position now facing the fishermen of this port forcibly before Parliament, urging that some measures be devised as soon as possible to relieve the situation. Mr. Hanson's representations on behalf of the fishermen were strongly backed up by A. W. Neill, Independent member for Comox-Alberni. Hansard reports Mr. Hanson's speech as follows:

Mr. Speaker, I should like to bring to the attention of the house a very important question which I think should be considered by the government. I refer to the condition of the fishermen on the Pacific coast, extending from Washington to Alaska. I have a resolution before me which was unanimously adopted at a mass meeting held in Prince Rupert, and which has received several endorsements from public bodies, which I am not going to take time to read. However, I desire to place on Hansard the resolution:

At a mass meeting held in the Moose Hall in Prince Rupert, B.C., on June 12th, the following resolution was unanimously adopted:

Whereas the prices of halibut and salmon presently obtained are not proportional (or below any proportion) to the cost of fishing operations, and whereas the principal market for Canadian halibut and salmon is in the United States which is protected by two cents duty against Canadian halibut and salmon, and whereas the Canadian fish buyers have already declared that they cannot pay any higher prices for halibut and salmon than those prevailing now,

Be it resolved that subsidy of two cents per pound is the minimum assistance necessary for Canadian halibut and salmon industries to carry on and to prevent any further aggravation of already disastrous business depression and Be it further resolved that copies of this resolution be sent to the Prime Minister, Minister of Fisheries, Olof Hanson, M.P., A. W. Neill, M.P., and local public bodies for endorsement and action.

The situation outlined here is endorsed by such public bodies as the board of trade, and I have a good many telegrams which I will not attempt to read.

This is something that the government should take very seriously into consideration. The production of salmon and halibut on the Pacific Coast, we know, exceeds the consumption in Canada. Our Canadian fleet have developed a very good business and they are looking for a market; and their only market for halibut is the United States. The United States has imposed a duty of 2 cents per pound on fish going into that country, and in addition to this handicap which our fishermen have to face, this government has raised a tariff against everything which the fishing industry requires in order to carry on its business. Our fishermen must have gasoline, hooks, rubber boots, special clothing and so on, and naturally a duty against these articles must operate to their disadvantage. They are receiving 2 cents less for their fish and they have to pay about twice as much as their competitors for the necessary equipment to enable them to catch their fish. The Canadian government has seen fit to extend some assistance to the farmers of western Canada, but no consideration has been given to the fishing

WHERE SHALL WE BUY

Just now there are a number of young people just graduating from the High School and they are looking for positions. Local merchants are unable to employ them because business is too quiet.

The parents of some of these young people send out of town for many of their supplies. They do not patronize the home people yet they like the home people to employ their children. What is to be done?

Local merchants have been reducing their prices until in most cases they are down to the level of the big city prices. In some cases they are less. It is possible to go around town and pick up many lines of goods that cannot be duplicated at the price in Vancouver. Also there is a good selection.

We suggest that it is good for Prince Rupert for the residents to buy at home and it is good for the residents themselves.

NEED OF PUBLICITY

There is great need of publicity for the highway between Kamloops and Hazelton according to people who have made the trip. Few people realize that there is such a highway and many who drive over it never see the interesting features. What is needed is a guide book to be prepared jointly by the people along the route such as Williams Lake, Quesnel, Prince George, Vanderhoof, Burns Lake, Telkwa, Smithers and Hazelton. It would indicate to tourists where the worth while things were to be seen. Then along the highway there should be notice boards indicating to tourists where to look for the outstanding features.

At present the route is wholly unorganized and unexploited and the towns along the route get very little benefit from it.

RATES ON CARS

No results have yet been obtained from the agitation for lower rates on automobiles between Hazelton and Prince Rupert. The charge of \$40 is out of all proportion to the service rendered and the distance covered. A small car can be shipped to Vancouver for the same price. The rate needs to be cut in half before it will prove attractive to enough people to make the business worth attending to.

MUSICAL ORGANIZATION

The Russian Chorus coming this week under Gyro auspices is said to be an outstanding musical organization and worthy the attention of all local people who are interested in vocal music. The Gyro Club is to be congratulated on its public spirit in deciding to bring such an organization to the city and the response of the public should be satisfactory to them and to the visiting musicians.

James H. Evans

AS vice-chairman of the Manitoba Committee of the World's Grain Exhibition and Conference, James H. Evans, Deputy Minister of Agriculture for that prairie Province, brings to the undertaking of 1932 the advantages of a lengthy and varied agriculture experience.

Mr. Evans, who is a Welshman, graduated from the University of Wales at Aberystwyth, and after coming to Canada attended Manitoba Agricultural College at Winnipeg, obtaining a B.S.A. degree in 1912.

In 1916 he was appointed Deputy Minister of Agriculture and Immigration for Manitoba and an active member of a number of organizations in which the department is interested.

Mr. Evans is also a member of the Executive and Finance Committee of the World's Grain Exhibition and Conference.

NORTHERN B. C. NEWS

TERRACE

The Prince Rupert Sea Cadets arrived on Wednesday and proceeded to Little's Island where they will be encamped for a few weeks. R. Blance was in town Tuesday making the necessary arrangements.

Several friends greeted Miss Alice Pillsbury, Prince Rupert, as she passed through on Tuesday on her way to Burns Lake and Vancouver for the holidays.

Mr. and Mrs. W. O. Fulton arrived from Prince Rupert on Saturday and proceeded to their residence at Lakelse Lake for the summer holidays.

C. P. Balagno came to Terrace on Saturday from Prince Rupert to spend a vacation.

F. C. Bishop went to Prince Rupert on Sunday and returned on Tuesday with a generator with which he was able to renew the light and power service on Wednesday night. It was a smart piece of work on Mr. Bishop's part, his entire equipment having been destroyed by fire on Saturday.

W. H. Cotton spent several days in town last week lining up the local work for the public works department.

Alex Kerr is opening up a camp out Lakelse way where a few men will be employed for two or three weeks.

Miss L. Halliwell came up from Prince Rupert on Wednesday to spend the vacation with her parents at Athol Grange.

Slim Jordan was in his element July 1 when he conducted with his accustomed éclat the Cosmopolitan band which rendered snappy, popular music for the parade and the sports. The Native Sons put on a good program of sports on Wednesday and drew a very appreciative crowd. The members of the C. G. I. T. supplied refreshments on the ball park grounds and were well patronized.

The Canadian Girls in Training are leaving for Lakelse Lake on Monday where they are to go into camp for a fortnight. Mrs. Allan, Mrs. McCarthy and Mrs. J. H. Smith will be in charge.

Mrs. Kirkaldy, of the popular ice cream shop, has been under the weather recently but is now convalescing nicely. Meantime Mrs. W. E. Smith has been looking after the interests of the business.

Quite a rush of poles were hauled in before the end of June and Hanson's pole yard once again boasts several huge stacks, ready for the awakening of the market.

VANDERHOOF

Vanderhoof girls did well in the sports competitions at the Dominion Day celebration in Prince George. The Vanderhoof girls' basketball team defeated Prince George by a score of 7 to 6. Mary Irving won 100 yards open dash, Peggy Turnbull, the high jump for girls while Lalla Reid won another high jump event for girls.

Mr. and Mrs. McArthur sr. and Mr. and Mrs. McArthur jr. left last week on their return to their homes in Alice Arm after spending a holiday here visiting with Mr. and Mrs. F. E. Durrant.

Mr. and Mrs. Blair Fleming and daughter, Marion, have returned to their home at New Westminster after a visit at Douglas Lodge.

Winners of honor rolls at the Vanderhoof Superior School were: proficiency, Ruth Docking, Wallace Mitchell and Margaret Jean Dunbar; deportment, Betty Paterson, Laurence Hindmarch and James Matthew Prout; regularity and punctuality, Jean Goldie, Kenneth Silver, Nellie Silver, Douglas Cook, James Seiden, Beulah Wells, Raymond Patterson, Jullen Longin and Jean Clare Rae.

BURNS LAKE

Mr. and Mrs. H. Nicholls and daughter left last week for a two weeks' holiday trip to Vancouver and elsewhere on the coast.

Miss B. Barron of Endako and Miss D. M. Shaw of Sheraton left last Tuesday by auto for Vancouver where they will spend the summer vacation.

Miss Paine, who arrived here a few weeks ago from the United States, is now engaged as a clerk in the Jewell Market.

The Burns Lake Liberal Association was reorganized at a meeting last Friday night. New officers were elected.

Dr. R. Agnew, Vancouver dentist, is paying a visit to Burns Lake and district.

Ladies' and girls' teams have been turning out for practice and it is possible that a three-team softball league may be organized here.

Mrs. A. D. McKeen of Vancouver is here to pay an extended visit to her daughter, Mrs. E. S. Fleming.

Jim Gowans has found that it really pays to advertise. He called for applications for men to handle his milk route and received dozens of bids for the job, some even volunteering to do the work free of charge apart from their board.

Eli Fletcher returned home last Wednesday from Smithers.

Mr. and Mrs. A. Little of Prince George were the guests here last week of Dr. and Mrs. T. C. Holmes.

A few parts of this district reported slight frosts last Monday and Tuesday.

William and Kathleen Bennett and Florence Van Tyne were visitors in Burns Lake last week.

District visitors in town during the past week have included: A. P. Andersen, Prince George; S. S. Phillips, Smithers; Mr. and Mrs. J. P. Barker, Streatham; George F. Henson, Ootsa Lake.

Work has recommenced on the erection of H. J. Jewell's new store, replacing one which was destroyed by fire some time ago.

Mr. and Mrs. P. J. Carroll have returned to their Decker Lake residence.

A. W. Anderson and Pete Olsen are going north of Hazelton in search of placer gold.

H. L. Morrill, formerly of Palling, who sold his interests to J. A. Long about five years ago and has since been farming in Washington and near Vernon, and Mrs. Morrill are at present revisiting this district.

Charles Hunter of Colleymount has a splendid stand of Reward wheat and, if growing conditions continue favorable throughout the season, it is his intention to show it in competition at the World's Grain Exhibition and Conference at Regina next year. Several others in the Lakes district may also exhibit.

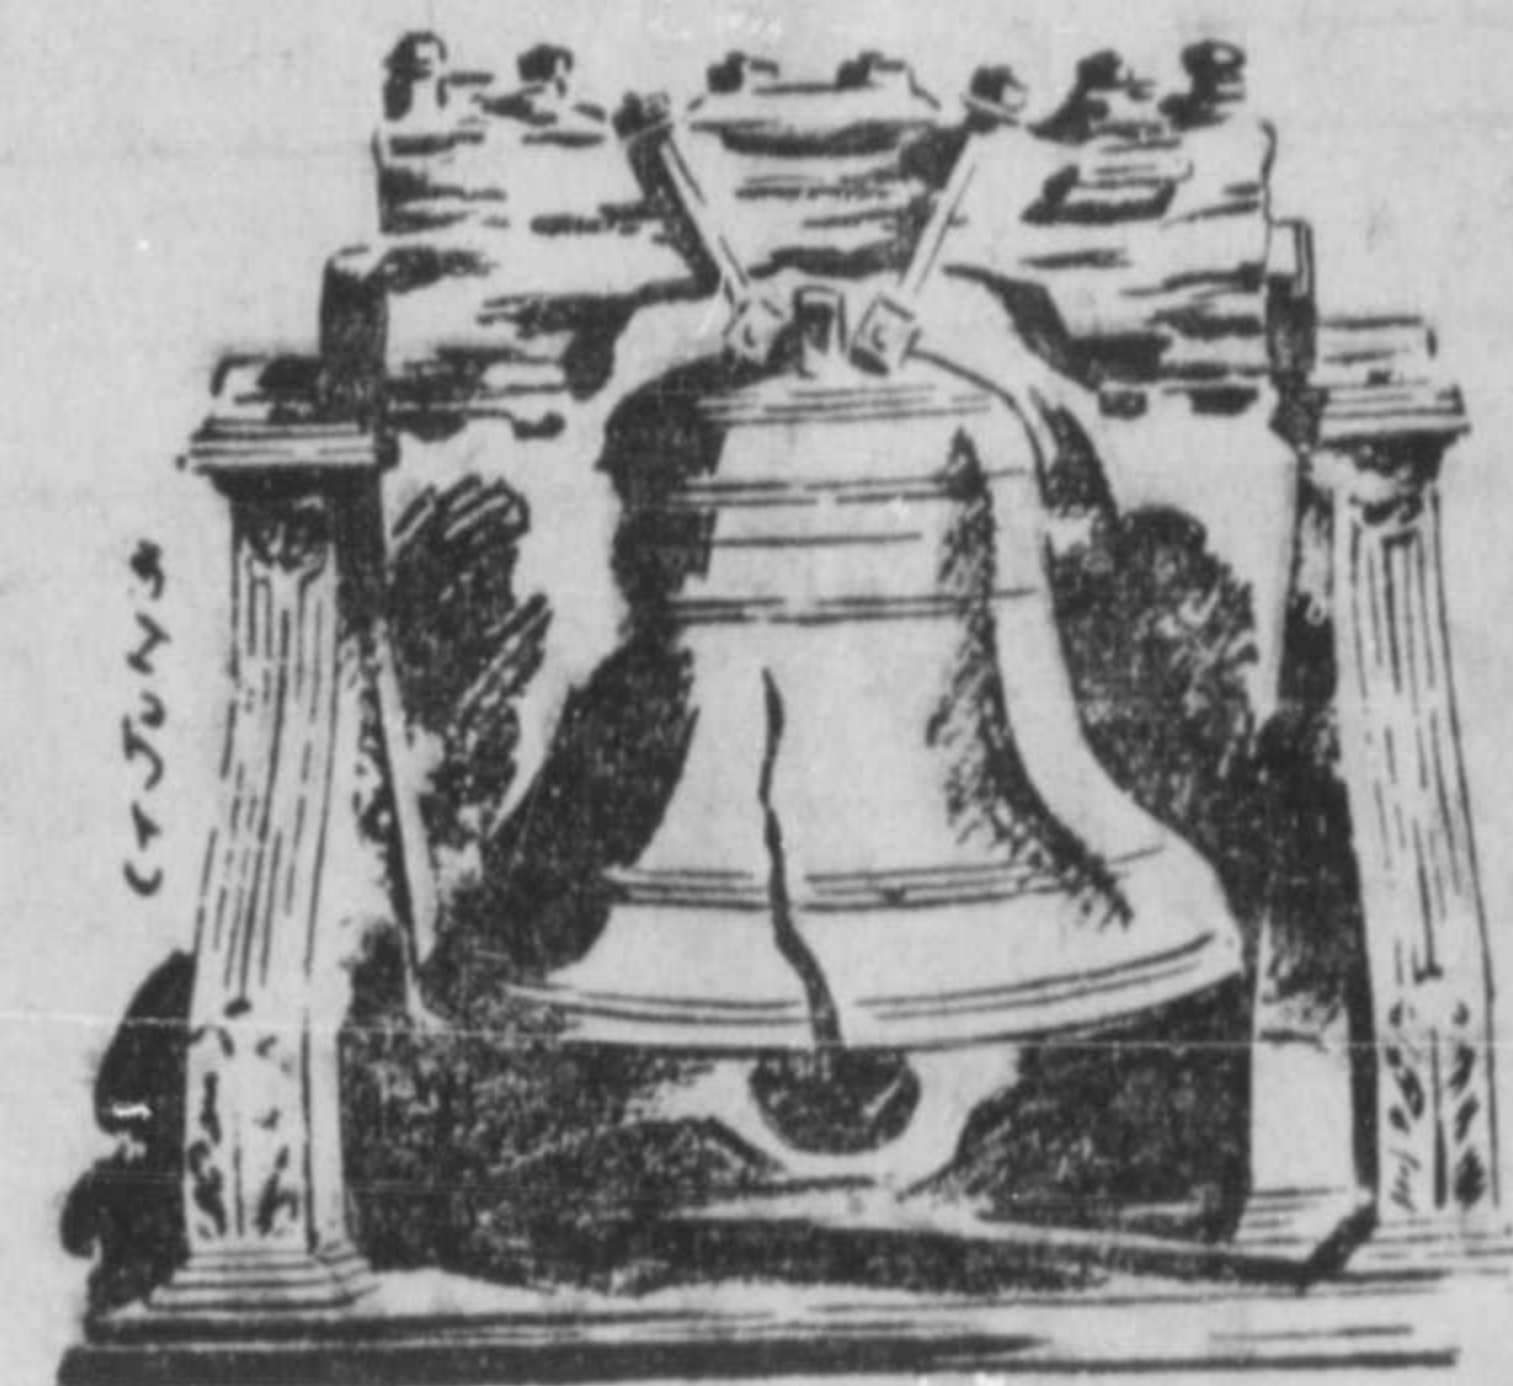

Recent welcome rains have greatly improved crop conditions in this district in addition to allaying a serious forest fire hazard.

ALICE ARM

Mrs. T. W. Falconer and daughter, Jaunita, arrived from New Westminster last week and will spend the summer vacation here.

Miss M. B. Henderson left last Tuesday for Anyox after having acted as presiding examiner at the Entrance examinations here. From Anyox she proceeded to Vancouver to spend the summer vacation.

NEW HAZELTON

Mrs. Fred Castell has returned from the Hazelton Hospital to her home at Evelyn with her infant child.

The marriage will take place this month of Miss Evelyn Sheasgreen of Vancouver and Ernest Arthur Goddard of New Hazelton.

Winners of honor rolls in the New Hazelton public school were as follows: Division I: Proficiency Athol Russell; deportment, Catherine Smith; attendance, Kenneth Smith; Division II: Proficiency, Fred Salt; deportment, Patricia Russell; attendance, Carl Christianson.

Fifty men are now employed rushing the new Hagilwag bridge to completion.

Despite a big rain shower during the middle of the day, Smithers had a successful Dominion Day celebration. Smithers and Hazelton divided honors in a baseball series, Smithers winning the first game 17 to 15 and Hazelton the second, 12 to 6. There was a program of horse races and children's sports. A large dance in the evening brought the celebration to a fitting close.

Charles E. Theis of Spokane, who is interested in the Babine Bonanza mine, and H. H. Hunt, mining engineer, have been making a thorough examination of the property.

George A. Gray, assistant superintendent of the Canadian National Railways at Smithers for the past few years, is returning to Winnipeg where he will resume his former duties as conductor. P. O. Russell, former assistant superintendent here, will return to Smithers.

Fujio Aida, Jean Falroun, John Carpenter, Bert Clay, Alex Millar, Jack Chapman, Douglas Bamford, Walter Syrnk, Donald Collison, Tom Mutch, Margaret Mutch, Harry Seaton, Flora McMillan, Marjorie Carruthers, Uno Olovson, Johnny Dunlap, Clarence Morris, Esbjorne Erickson, Helen Mehaffey, Billy Thorne and Mabel Berg have been recommended for promotion from the public school to the high school here.

STEWART

Fred Thurman of Hyder received word last week of the drowning of his son Elesworth (Buddy) Thurman, at Juneau. Mr. Thurman left at once for the Alaska Capital.

Premier defeated Stewart by a score of 5 to 4 in the Dominion Day baseball feature. The baseball game was part of a fine celebration program which was staged by the Stewart hospital board.

The home of Mr. and Mrs. George P. Heinekey on Third St. was completely destroyed by fire a few days ago.

Good progress is being made on the work of extending the Bear River road. About half-a-mile of grading and a quarter of a-mile of right-of-way has already been completed.

Little Dickie Burdett sustained painful burns while playing with fire-crackers on Dominion Day. He is receiving treatment in Stewart General Hospital.

PRINCE GEORGE

The local tennis club completed its championship tournament last Monday evening. W. L. Hornsby emerged as winner of the men's singles and Miss Ruth Hornsby, the ladies' singles. Mrs. Deykin and Mrs. Hopkins won the ladies' doubles and Messrs. Hornsby and Irving Wilson, the men's doubles.

E. R. Workman of Vancouver has made an offer of \$75,000 for the purchase of the local electric lighting system with the undertaking to install an initial plant of up to 1,000 horsepower. The city council has decided that the offer is too low and has given the intending purchaser further time to amend his offer if he so desires.

Dr. Wallace R. Gunn of Victoria, in charge of the division of animal husbandry, has been visiting this district recently on inspection duties.

Miss Marjorie Roberts, teacher in the local schools, will spend the next year in Glasgow, Scotland, as an exchange teacher. Miss Martha Cochran of Glasgow will teach here.

Safe Robber Caught Through Milk Bottle

Finger Print Identifies Him

A series of safe robberies in a number of factories had baffled the police for months. The robbers were experts. They never left a trace. They were adept in avoiding patrolmen, and burglar alarms.

Then they made a slip—they always do. One night the safe in a suburban factory was blown open and \$4,700 in cash and securities stolen. There were no clues. No finger prints were found on the safe.

However, a stenographer noticed that a bottle of milk on an outside platform was minus its cream. A finger print expert "dusted" the bottle and sure enough—a set of five finger prints showed up. One of the robbers had helped himself. At police headquarters the finger prints speedily established his identity. He was soon behind bars awaiting trial.

Your Finger Prints on Food Dangerous to You

This crook knew his finger prints were dangerous to him. He avoided touching anything with bare fingers—until one time he forgot and the penalty for him was arrest and imprisonment. Your finger prints will not send you to prison because you do not commit crimes but they are dangerous to you if you forget that they may be laden with disease germs.

Germs are all about us. We cannot escape them. You clasp hands with people. You touch things that other hands have touched—a door knob, a telephone. These other hands may have checked a cough or a sneeze and become charged with germs.

meal with the right soap. No ordinary soap will do. It should be Lifebuoy. It contains a germicide. Laboratory tests have proved that it kills deadly disease germs where other soaps fail.

A Beauty Soap Too

Blended from two wonderful palm oils, Lifebuoy is a beauty soap as well as a germicide. It is a true aid to skin health and to complexion beauty. You too will want to enjoy Lifebuoy every day. Millions do, the world over.

There is no perfume in this luxurious and protective soap—just a safety scent you will learn to like. It vanishes after use. A bath with Lifebuoy's rich, penetrating lather will keep you safe for many hours against body odour.

Children particularly need Lifebuoy's germ-protection. The Lifebuoy bath guards them against infection which may be present in scratches and bruises.

Keep Lifebuoy handy for the family to use. It pays. Get a supply from your dealer today.

On motion of Ald. Pullen, at the suggestion of Mayor Orme, the city council last night passed a vote of appreciation to the city police department for improvements in the way of gardening that have been made around the police station. Ald. Pullen referred to the desirability of other departments such as schools making similar improvements around the buildings.

OLOF HANSON TAKES UP CUDGELS FOR FISHERMEN IN COMMONS AND IS BACKED UP BY ALBERNI MAN.

(continued from page 1)

Industry. I submit that the government should do something to keep the Canadian fishing fleet alive. It does not seem right that, besides receiving less for their fish, they should be expected to pay more for their equipment.

Logical Point

Prince Rupert is the logical point geographically through which to ship to the market fish caught in the North Pacific waters, and it derives a certain benefit from the fact that the fleet come into that port. And as the terminus of the Canadian National railway is at Prince Rupert, it is a great source of revenue to the Canadian National Railways to have the American fleet land their fish there for transportation to the markets. The handicap under which our Canadian fleet is working is one with which I am quite familiar and it is a serious problem. The question is whether or not the government should take steps to prevent the American fleet from landing their catches at the port of Prince Rupert. But that would mean a considerable loss to the merchants of that city as well as to the Canadian National Railways. Prince Rupert, depends upon the fishing fleet, however, and it seems to me that every loyal Canadian should stand behind our own fishing fleet as much as possible. I would therefore suggest to the government that they make some adjustment in present situation with a view to putting our Canadian fishing fleet on the same basis as the American fleet. I am not here to criticize or to say how this should be done, but I should think that negotiations with the United States government in an effort to abolish the 2 cents per pound duty on Canadian fish would probably help to solve the problem.

Just to illustrate the difficulties our Canadian fishermen have to face in competition with our neighbors to the south of us, I might mention one item—gasoline. At the present time the price of Prince Rupert, for the same quantity of gas, is 82 cents as against 25 to 30 cents in Seattle. This item alone will give the house an idea of the impossibility of competing

with the American fleet, especially when we remember, as I have already pointed out, that the Canadian fishermen get 2 cents less for their fish. There are non-members on both sides of the house who have the same information that I have in regard to this subject, and I am sure they will assist me in my efforts to have the present situation improved. The resolution passed by the fishermen's association will show how urgent it is that something should be done, and done shortly.

Notice Paper

I wish to quote briefly from a report that appeared in the Vancouver Sun:

"Prince Rupert Mob Bars U. S. Fishboat."

"Prince Rupert.—The American halibut boat Estep, laden with a catch of halibut, was last night denied the right of tying up alongside a dock in Prince Rupert with a view to selling her fish on the local exchange this morning.

"As the vessel came alongside, it is stated, she was met by a mob of fifteen or sixteen men who warned the skipper not to tie up or else his lines would be cut."

This is a serious situation. I am not a bolshevik and I certainly do not believe in revolution, but I submit that in the face of a situation such as this it is imperative that something should be done. Our fishermen should be allowed to earn a few dollars in the fishing season to enable them to live during the coming winter. Otherwise they will become a charge on the government. I have done my best to explain the situation, to show how very serious it is, and I trust that the government will give the matter very careful attention.

BROOKLYN IS BEATEN

Robins Are Still, However, in Third Place—Senators and Athletics Draw in Rain

PHILADELPHIA, July 7.—The Brooklyn Robins dropped a decision yesterday to the Phillies but the Chicago Cubs also lost to the St. Louis Cardinals so the Dodgers are still in third place while the Cards increased their league leadership over the New York Giants to four full games.

In the American League, the Washington Senators and Philadelphia Athletics played to a scoreless deadlock in the rain while the Chicago White Sox defeated the St. Louis Browns.

Yesterday's scores:

National League
Brooklyn 3, Philadelphia 5.
St. Louis 6, Chicago 5.

American League
Philadelphia 0, Washington 0, (called in seventh, rain).

READY FOR TRACK MEET

Spartan Athletic Club Makes Final Arrangements For Event Saturday

A meeting of the Spartan Athletic Club was held last night in the Toc H rooms, the vice-president, Phil Edgecumbe, being in the chair.

Arrangements were completed for the second club track meet which will take place next Saturday evening. The program will be similar to that of the first meet, with the addition of an 880-yard relay, and ladies' 75-yard dash. Only club members, who have paid up their fees, will be eligible to compete in this meet, and it was decided that all entries must be handed in before Friday evening to the secretary, Archie Thompson. A feature of the meet will be the medley relay, which will be a close contest between Walters' Whizzbangs, Kinslor's Curlios and Edgecumbe's Enos.

A list of marks, one of which an athlete must be able to equal or surpass in order to become a club member, was definitely set, and a permanent committee, consisting of Sidney Woodside and Norman Kinslor was appointed to set the handicaps.

SPORT CHAT

A review of the Dominion Day Cup football series this year reveals some interesting items. In the competition the Merchants and the Legion each scored six goals while the Regiment had but one, scored by Norrington. Baptle was the leading scorer with four goals, the other Legion goals being obtained by A. Hodgkinson and D. Jack. The Merchants got two goals by McKay, and one each by Amor, A. Dickens, S. Dickens and S. Currie.

In no competition has so much resulted from penal kicks and the Legion is the team that owes most to this free kick. Against the Regiment, in the last few minutes a penalty enabled Jack to score and give the Legion their first step in the trophy. In the first game between the Legion and the Merchants A. Dickens scored from a penalty for the Merchants. The Legion had one awarded them too, but Jack missed it.

In the final on Dominion Day a penalty in the closing seconds enabled Baptle to score and gave the Legion a second chance to fight for the Cup and this time they made no mistake.

Charlie Baptle has a rather interesting record in this particular trophy. He has placed in four successive finals and has been on the winning team each time. This year he won with the Legion and he won with the same team last year. Two years ago he was on the winning Thistle team and previous to that he played with the Regiment when they beat Ben Self's aggregation of stars. Baptle's record surely stands by itself.

A matter of much discussion among football fans and players is the question of foul throw-ins. In the Dominion Day final there were 17 frees awarded for the violation of the rule governing this act. Surely the players can learn or their committees can instruct the players how to throw a ball in. George Hill, of the Merchants team, and George Mitchell of the same team are probably the best at gaining distance with this penalty.

The player taking the throw-in must stand facing the field of play; he must throw it in with both hands (basketball players often throw with one hand though holding the ball with both hands); he must bring the ball from behind and throw it over his head, not over one shoulder; he must keep a part of both feet on the ground. He may rise on his toes provided he does not lift a foot off while throwing. He must stand outside the field of play so that neither foot should touch the sideline. The latest advices indicate that in future the penalty for a violation of this rule will be a throw-in to the other side, not a free kick as at present, but this will have to be approved of by the Dominion Football authorities before it will apply locally.

Improvements on Playgrounds to Be Carried Out

Work of improvements on playground equipment as recommended by the Gyro Club, with the exception of slides, will be carried out by the city. A recommendation to this effect from the board of works was adopted by the city council last night.

As for the slides, it was felt that these were dangerous and should not be continued. Already some of the slides have been taken out. The Gyro Club had requested the council to make repairs at various playgrounds.

REGIMENT LINEUP

He will grow up strong and healthy

EVERY mother dreams of her baby's future. She pictures the years ahead—sees him growing up through sturdy, healthy childhood to strong, vigorous manhood.

What baby will become depends very largely upon that service of love even more important than the tiny garments so carefully chosen. During the weeks before baby arrives the expectant mother will make quite sure that she will be able to feed baby herself.

So much depends upon this! In babyhood are laid the foundations of future health and happiness. No substitute is equal to maternal milk for giving baby a sound start in life. And no substitute so surely safeguards a child against nutritional diseases, such as rickets.

Doctors, nurses and mothers daily testify to the remarkable value of "Ovaltine" in promoting adequate lactation.

When this delicious beverage is taken before the birth the milk is sufficient in quantity and rich in quality. Even when only taken after the birth the use of "Ovaltine" has quickly effected a radical change in the quality and quantity of the milk. "Ovaltine", moreover, maintains the mother's strength while nursing and ensures a quick return to normal health.

"Ovaltine" is prepared from Nature's foods which are richest in nutriment—ripe barley malt, creamy milk and eggs. It is quickly prepared and easily digested.

There is no food beverage comparable with "Ovaltine". It is the richest in food value, the most economical in use.

Ovaltine is sold at all good stores, in 50c, 75c, \$1.25 and special \$4.50 family size tins, also served at soda fountains.

SEASONAL FRUITS IN

Retail Market Attractive—Terrace Strawberries Coming—Egg Price Drops

Many new seasonal fruits and vegetables are now being offered on the local retail market.

There will be no further supplies of strawberries from the south and local housewives will have to depend upon the Terrace crop for their preserving following the destruction of the southern crop by rain.

The egg market has had another marked drop. Butter is also weaker.

Market prices current today are as follows:

Take The DAILY NEWS with you When Going on Summer Holidays

Nearly everybody likes to keep in touch with Prince Rupert when away for their holidays. The best way to do this is to order the paper sent during that time. If it is only for two weeks, the News is a welcome visitor and the mails during the summer months are carried almost daily to most points.

Recently a number of Scandinavians have given up the local fishing for the summer and gone on an extended visit to their former homes. In almost every case they order the Daily News sent them while they are away. Several subscribed for a year, others for shorter periods.

No time is too short for us to look after our patrons.

**SUMMER
HOMES**
should have this
FIRE PROTECTION

FAR from every hope of aid if a blaze takes hold, the inflammable construction of the average summer home makes it a source of danger and anxiety.

Minimize the fire hazard by lining inside walls and ceilings with inexpensive Gyproc Wallboard that does not burn.

This building material is made from gypsum rock into sheets 4 to 10 feet long, 4 feet wide and 3/8 of an inch thick. It nails and cuts as easily as lumber and with minimum waste.

Find out from your dealer how inexpensive Gyproc is; how easy to erect. Ask him for full information about its application or request a direction sheet from him.

Besides being fire-resistant, Gyproc has structural strength and insulation value. It is also draught and vermin-proof.

By panelling, you can save the expense of decoration, yet Gyproc is an excellent base for Alabastine, Gyptex or wallpaper.

A HOUSE OF SATISFACTION

The family is interested in the purchase of a new home. Home, mind you, not merely a house. Their demands are not great, yet it takes careful choosing. A bungalow is agreed upon, but just what one. At last this one is brought to their attention and father immediately draws forth paper and a pencil. On one side of the sheet he writes "Good points," on the other "Bad points" and they commence.

The appearance, why yes, very snug; that roof it has such a—contented look, ventures the youngest. Well, yes, maybe that is as good a way to put it as any. The entrance, voted just correct, not hideously clumsy, not too skippy. Walls, of course, stucco has a dignified look on this style of house and the brick work at the base certainly gives it a finished aspect. But the interior will really tell.

Living room and breakfast nook all rolled into one, but in such a quaint manner. The cozy fireplace takes up no space in the actual living room, yet it is right there just the same. The bedrooms are entirely separate from the other living quarters and each has a closet of its own.

The notes are read, what, no bad points. Then this is indeed the house of satisfaction.

Outline Specifications

Size of House: 28 ft. x 36 ft.
Suitable Lot: 50 ft. frontage.
Walls: Brick base, stucco above.

**Many Gardens
Looking Well**

Summer Flowers in Bloom and Will Be Blaze of Color

Local gardens are looking well almost everywhere throughout the city. Many summer flowers are already in bloom and excellent results are seen in all sections. Soon these will be a blaze of color. Roses are coming in bloom and should be at their best in about a week or so. Peonies look well. Joe Naylor has been picking large bouquets of sweet peas already and Tom Priest of Graham Avenue boasts of two beds of tuberous begonias in full bloom. William Millar also has a fine display of begonias.

Dahlias are growing fast and should be in bloom within about two weeks.

Slug picking has become a favorite pastime with some gardeners but the worst pest seems to be the "spit bug," as no preventative for it has so far been successful here.

The outlook now is that many local gardeners will be in a good position to put up a fine display of flowers for the fall fair.

Third Avenue Near Junction Will Receive Attention

A recommendation from the board of works that initiative by-laws be prepared for an asphaltic sidewalk 12 feet wide on the north side of Third Avenue from Eighth Street to Ninth Street and a sand sidewalk eight feet wide on the north side of Third Avenue from Ninth Street to the junction. Sand is to be used on the latter piece of sidewalk because cinders are no longer available at the dry dock.

Local improvement initiative by-laws to this effect were given introductory readings by the council.

**WORLD FAMOUS
ROYAL CHORUS
HERE THIS WEEK**

Basso Profundo Ivan Butenoff Has Wonderful Voice—Versatile Programs

A choir that can stand the test of public approval for nearly a century, is unquestionably well worth while, and of international importance. That is exactly the situation with Princess Slaviansky's Royal Russian Chorus, which comes here Thursday at the Moose Hall under the local management of the Gyro Club.

This famous group of singers and dancers was first organized in Russia in 1845 and has carried on almost uninteruptedly ever since. They have visited practically every country of importance in the world and are said to have received more medals and decorations than any other musical organization in existence. They are enrolled as honorary members in over 100 musical societies and possess over 50 medals that were bestowed upon them by rulers and potentates from many lands.

Basso Profundo

One of the most interesting members is Ivan Butenoff, celebrated basso, who has sung with the choir for over 30 years. His melodious basso profundo voice, blending with and forming a foundation for the other voices of the choir, is one of the great treats of the performance. The great metropolitan opera basso, Chaliapin, who has delighted America with his glorious voice and rare artistry, is a very dear friend of Butenoff, in fact, many years ago when Chaliapin was a member of the Slaviansky Choir, they were room mates. Butenoff undoubtedly possesses one of the greatest basso voices in the world today.

Versatile Programs

Although the group is known as a "chorus," their work is not confined to singing. Quaint Russian folk songs, popular ballads as well as classical songs, of great variety, but typical of Russia and other European countries, are included in the glorious program that is to be given here, in addition to several songs in English and Italian. They also give Russian, Hungarian, Gypsy and Spanish dances with piano, vocal and orchestral accompaniments, the latter played by six of the group, on their delightful "balalaika" instruments.

Tickets are on sale at Geo. Arsenau's store. Judging by the advance sale, a large audience of music and dance lovers will be on hand to greet this celebrated company in their first concert here.

In Prince Rupert

July 7, 1911

The city council has refused to accept the resignations of Ald. Newton and Ald. Hilditch. Instead the two aldermen will be asked to withdraw their resignations and get back to work. The resignations were a result of Ald. Newton's challenge to Ald. Hilditch to resign and run against him.

The license bylaw of Prince Rupert is being amended so as to make it necessary that there shall be ten days' before licences are applied for. The amendment is sponsored by Ald. G. W. Kerr.

Dr. J. O. Reddie, medical health officer, urges that a minimum of 800 rats per month should be caught before the ratcatcher is given his bonus.
