LINDBERGH OFF AGAIN

Flying Colonel and Wife to Start on Tour of Orient This Week

TOKIO, Japan, Sept. 8.—Colonel Charles A. Lindbergh was to make test flights today following a thorough overhauling of the Lockheed-Sirsuis monoplane in which he and Mrs. Lindbergh recently flew from New York.

Friday of this week has been tentatively set as the date for the departure of Colonel and Mrs. Lindbergh for Osaka in the course of their projected aerial tour of Japan and China.

CANDIDATE FOR SOUTH

After a busy day preparing her outfit for the trip, Miss Annie Boddie, who, as Miss Prince Rupert, will participate in the International Beautique at Los Angeles, sailed for the south Saturday afternoon aboard the steamer Princess Louise, accompanied by her mother, Mrs. J. E. Boddie. The heavy rain prevented the holding of a big parade and demonstration which had been planned in connection with Miss Boddie's departure. Fair Board and Rotary Club officials, together with many friends were, however, on hand to accord an enthusiastic send-off after five cars had driven through the streets. The Boys' Band was also on hand to participate in the send-off.

Reaching Vancouver, Miss Boddie was to fly to Seattle and proceed from there by fast Southern Pacific train to Los Angeles, where she is due to arrive tomorrow. Miss Prince Rupert expects to be away about two weeks.

A telegram received at local offices of the Canadian Pacific Railway announced that Miss Boddie and her mother arrived safely in Vancouver yesterday morning and were transferred to the airport whence they flew to Seattle.

DEMISE OF FISHPACKER

Carl Modin, aged 61, employed as a fishpacker by the Canadian Fish & Cold Storage Co. for the past sixteen years and very well known in the city, passed away on Sunday at the Prince Rupert General Hospital. Deceased was a native of Sweden and was unmarried.

Funeral arrangements are in the hands of the B. C. Undertakers and interment will be made tomorrow.

HARVEST IS NEAR OVER

Rain Has Hampered Activities Somewhat During Past Week

WINNIPEG, Sept. 8.—Light rains during the past week have delayed harvesting operations, but were not sufficient to more than temporarily postpone activities. Samples of grain are reaching elevators over practically the whole of the grain growing area and, so far the majority of deliveries have graded No. 1 or No. 2. In territories where threshing has been in progress for the past ten days, farmers are commencing fall plowing and indications are that more fall plowing will be accomplished this year than for many years previously, according to the weekly crop report of the Department of Agriculture, Canadian National Railways.

In southern Manitoba grain is practically all cut, and threshing is in full swing in some districts. If favorable weather obtains, another week should see the wind-up of threshing. Deliveries of grain to elevators are somewhat slow, but the sample is of good quality, although there is a considerable amount of dockage on account of wild oats and other weeds.

In the Swan River valley local rains have delayed activities, and threshing is just nicely begun. Practically no coarse grains have been threshed, and prospects for outturns are better than previously expected.

Along the Lewman, Lampman, Avonlea, Gravelbourg, Central Butte and Riverhurst subdivisions in Saskatchewan, about 75 per cent of cutting has been completed, and most of it is being used for feed, but fields that have been threshed have yielded from 4 to 15 bushels per acre, with the majority nearer four than fifteen. Late sown barley and oats are coming along well, and if no early frost occurs will give a fair yield. Very little grain will be marked from these divisions.

From the territory centering on Rosetown come reports of scattered showers, but cutting was not hampered and threshing is just commencing. Some damage is reported from Sawfly, and a few fields of wheat show signs of rust infection, but this should not materially reduce the grade.

Showery weather over the entire Prince Albert division has delayed harvesting. Cutting of wheat is completed, but coarse grain harvest has just begun. Cut runs of wheat indicate yields will be easily up to previous expectations.

In Alberta, southern Alberta reports harvesting progressing favorably, with continued good weather, and cutting is practically finished. Grain is of good quality, but the yield is generally light and a considerable acreage is being cut for feed only.

Central Alberta reports about 60 per cent of wheat cut and threshing should commence early next week. Prospects are still good.

In Peace River, harvesting is practically finished, and threshing has started. There is no damage from frost and samples already delivered have graded high.

CRITICIZE BRUENING

BERLIN, Sept. 8.—Immediate convening of the Reichstag and resignation of the Bruening government is urged by the Nationalist party following the failure to put into force the proposed German-Austrian customs pact. The French are severely criticized here for having forced the abandonment of the pact, and riots or possibly more serious disorders are threatened should Premier Pierre Laval and Foreign Minister Aristide Briand of France carry out their intention of paying a visit to the German capital at this time. Such a visit just now would be very ill-timed, it is asserted.

BIG YACHT IS CALLER

Roussalka, With Rt. Hon. Walter Guinness on Board, Here Last Night in Course of Cruise

The largest and most palatial pleasure vessel to visit Prince Rupert so far this year was the handsome two-funnelled 450-ton steam yacht Roussalka, which was here for a few hours last evening in the course of a cruise and big game hunt to Alaska waters with her owner, Rt. Hon. Walter F. Guinness of London, England, member of the Royal Yacht Squadron, Cowes, and family on board. The Roussalka arrived in port at 4 o'clock in the afternoon from Vancouver and sailed at midnight for Ketchikan. Anchored in the stream off the government wharf, the handsome vessel was the cynosure of all nautical eyes, and many were the comments of admiration.

The Roussalka recently arrived on this coast from the Old Country via Panama Canal. Mr. and Mrs. Guinness and family travelled overland and joined the vessel in Vancouver a few days ago. The skipper of the yacht is Capt. H. Laidlaw, R.N.R., for nearly a quarter of a century in the service of the Royal Mail Steam Packet Co., and her pilot is Capt. Joseph Flood, formerly a well known officer on Canadian National coast steamers. Both Capt. Laidlaw and Lieut.-Commander A. C. Dicken, R.N., retired, chief officer, served with distinction in the Dover Patrol during the Great War.

Rt. Hon. Walter Guinness is the head of the well known firm of ale and stout manufacturers bearing

Kaye Don, British Speedboat Ace, Disqualified From Race; Is Victim of Ruse by Gar Wood

DETROIT, Sept. 8.—Kaye Don, in his British challenger Miss England II, was disqualified from further competition this year for the Harmsworth Cup race against Gar Wood, American defender of the cup, when he crossed the starting line yesterday seven seconds ahead of the starting signal. Wood apparently worked a ruse to draw

Don over the line as he crossed the line in his Miss America IX a few seconds ahead of Don and thus eliminated himself. His Miss America VIII, driven by his brother, was safely back of the starting line when the gun was fired and went around the course however, to give Wood the cup.

Don won the first heat yesterday when he led Wood to the finish line by more than a mile and a half over the thirty-mile course to set up a new competitive record of over eighty-nine miles an hour average. One lap Don covered at a rate of more than ninety-three miles an hour.

Don's boat sank two miles after the false start when it struck Gar Wood's wake, but Don and two mechanics escaped. They did not know then that they had been disqualified.

The racing committee declared it no contest with the idea that Wood would retain the trophy but not have his name inscribed as winner. However, George Wood, Gar's brother, claimed the right to go over the course by himself today. If the committee recognizes his claim he will be declared the winner.

The Miss England II is being raised today.

INJUSTICE TO PRINCE RUPERT

Once more Prince Rupert has a protest to make against the action of some Vancouver people. Owing to their influence a handicap has been placed on the port of Prince Rupert which will make it very difficult to ship grain during the winter months. In effect it is declared that the port of Vancouver is safer than Prince Rupert and therefore ships loading at this port must not load as heavily as those sailing from the southern B. C. port. The difference is sufficient to make it very difficult, if not impossible, to ship grain from Prince Rupert during the winter months. In the summer all ports are equal.

Vancouver people are the only ones who know the conditions on this coast, and no other advice could be taken in making the ruling. Powell River has been included in the new zone, but Ocean Falls is not, and neither is Ketchikan.

Mariners who know the coast well say that Prince Rupert is just as safe for winter shipping as Vancouver. It is the only possible competing port and as such has been placed under such a handicap that it is practically ruled out in the matter of wheat carrying.

The arrangement is an international one, but it is made on the advice of each government concerned, and each government has to ratify it before it can become effective. The federal government ratified this arrangement in spite of the fact that Hon. H. H. Stevens expressed much concern over it and stated to local people that he was strongly opposed to the new arrangement.

The arrangement was made without Prince Rupert knowing anything about it until all the details had been settled.

The federal government is now being asked to secure a change in the regulations which would include Prince Rupert in the same load line regulation as Vancouver, thus removing the handicap.

The suggestion that it is Vancouver advice which caused the arrangement to be made is well founded. Vancouver is the leading port on the Pacific, and as such the officials of that port would be asked for advice. Also Hon. H. H. Stevens is a resident of Vancouver, and he is the cabinet member representing British Columbia in the federal government.

HELP THE UNEMPLOYED

While we do not think the unemployed should be subject to the condition under which they have to take old clothes and old boots from those who find themselves with more than they need, we ask that under the present condition those having old things should turn them over to the Salvation Army for distribution.

The city has arranged that on Thursday of this week a collection will be made from all who notify the Salvation Army that they have such things.

Many men and women have clothes that they do not need. If they will collect them into a bundle and telephone the Salvation Army the collection will be made.

The clothes are very badly needed just now. Some of the men have not enough clothes to wear to work, and some wives have not proper clothes for themselves and their children. As a palliative the collection of unused clothes should prove useful.

HOW ABOUT THE FISHERMEN THIS WINTER?

Editor, Daily News:

The fishing season is practically over, and the boys are gravitating back to the city, and many there be who literally stare a spectre before them. It has been oftentimes said to be cheerful, but facts are stubborn things, and have the tendency to dangle before our eyes, no matter how much we may desire not to visualize them.

The season has been a failure, and the city knows it, and of a truth "the beggars are coming to town." What are we going to do with them? They have been through hardship not realized by many, in an earnest endeavor to pay their own way, and the harvest (financial returns) are slim if existent at all.

Many of these fishermen live on their own boats, and can find their own means of livelihood during the coming season if the opportunity is given them. Coupled with this thought is the vital fact, that they will be unable to go into any labor camp, and risk their boats to the mercy of the elements.

Why not provide these men with staples for the winter, which in the individual aggregate, would not exceed 40 to 50 dollars, and give them a chance to return to nature for the balance. We have all heard of the proverbial clams and mowitch, but tea, sugar, flour, beans and pork, etc., are non-existent to the versatile fisherman on the beach.

The government appears to be willing to give a 40 cent per diem hand out, and a hundred days of such would furnish these staples to all who need them, and permit them to live twice as long if given free range. Yes, Mr. Editor, the fishermen can offer no apology for their position, the winter will be long, and if the writer is not mistaken, much cheap fish has been stored away, which will materially lengthen the said winter, and I predict that the fishermen will find it unprofitable to go to sea at an early date next spring.

These deer, ducks, etc., which belong to the people, are not procurable but by the use of fire-arms and many of these indigent fishermen are unable to pay for a license to hunt. Yet no doubt, hunt they will, license or not, for an empty stomach balks at Governmental regulations, and it will take a whole army of game wardens to exact the letter of the law. I suggest of course registration of all in this position, and it to be considered criminal to carry fire-arms other than under such conditions. The law as it now stands is monstrous. Any person carrying a gun in his boat, that person penniless, and unable to buy a license, the said boat the only habitation the person has, can have his gun confiscated, even tho he registers, and desire a permit.

In this instance he is punished for being penniless, while the puny hand, the Government, realizes his position.

Why adopt the policy of Uncle Sam, and make honest men criminals? Let us clear the decks, and get down to a business administra-

IS FINE COMEDY

Leslie Henson Scores Great Hit in "A Warm Corner"

The British comedy "A Warm Corner," which opened last night at the Capitol Theatre, is proving of exceptional interest here since it brings on the screen a renewal of acquaintance with Leslie Henson, famous English comedian whom many have seen in person in the theatres of London. Many returned men recall Henson as one of the greatest of war-time entertainers. Of course, he is well known to a "Old Country" people.

As for "A Warm Corner" itself, it is known as one of the outstanding of British screen comedies. It is adapted from the play of the same name which ran for years in the Prince's Theatre in London. The comedy is broad and never subtle and the play simply sparkles with witty sallies, rushing along with a constant stream of action and frequent changes of scene. The story, too, keeps one interested all the time which is often not the case in comedy features.

Such pictures as "A Warm Corner" help to raise the comedy feature into a new plane of real entertainment for all tastes.

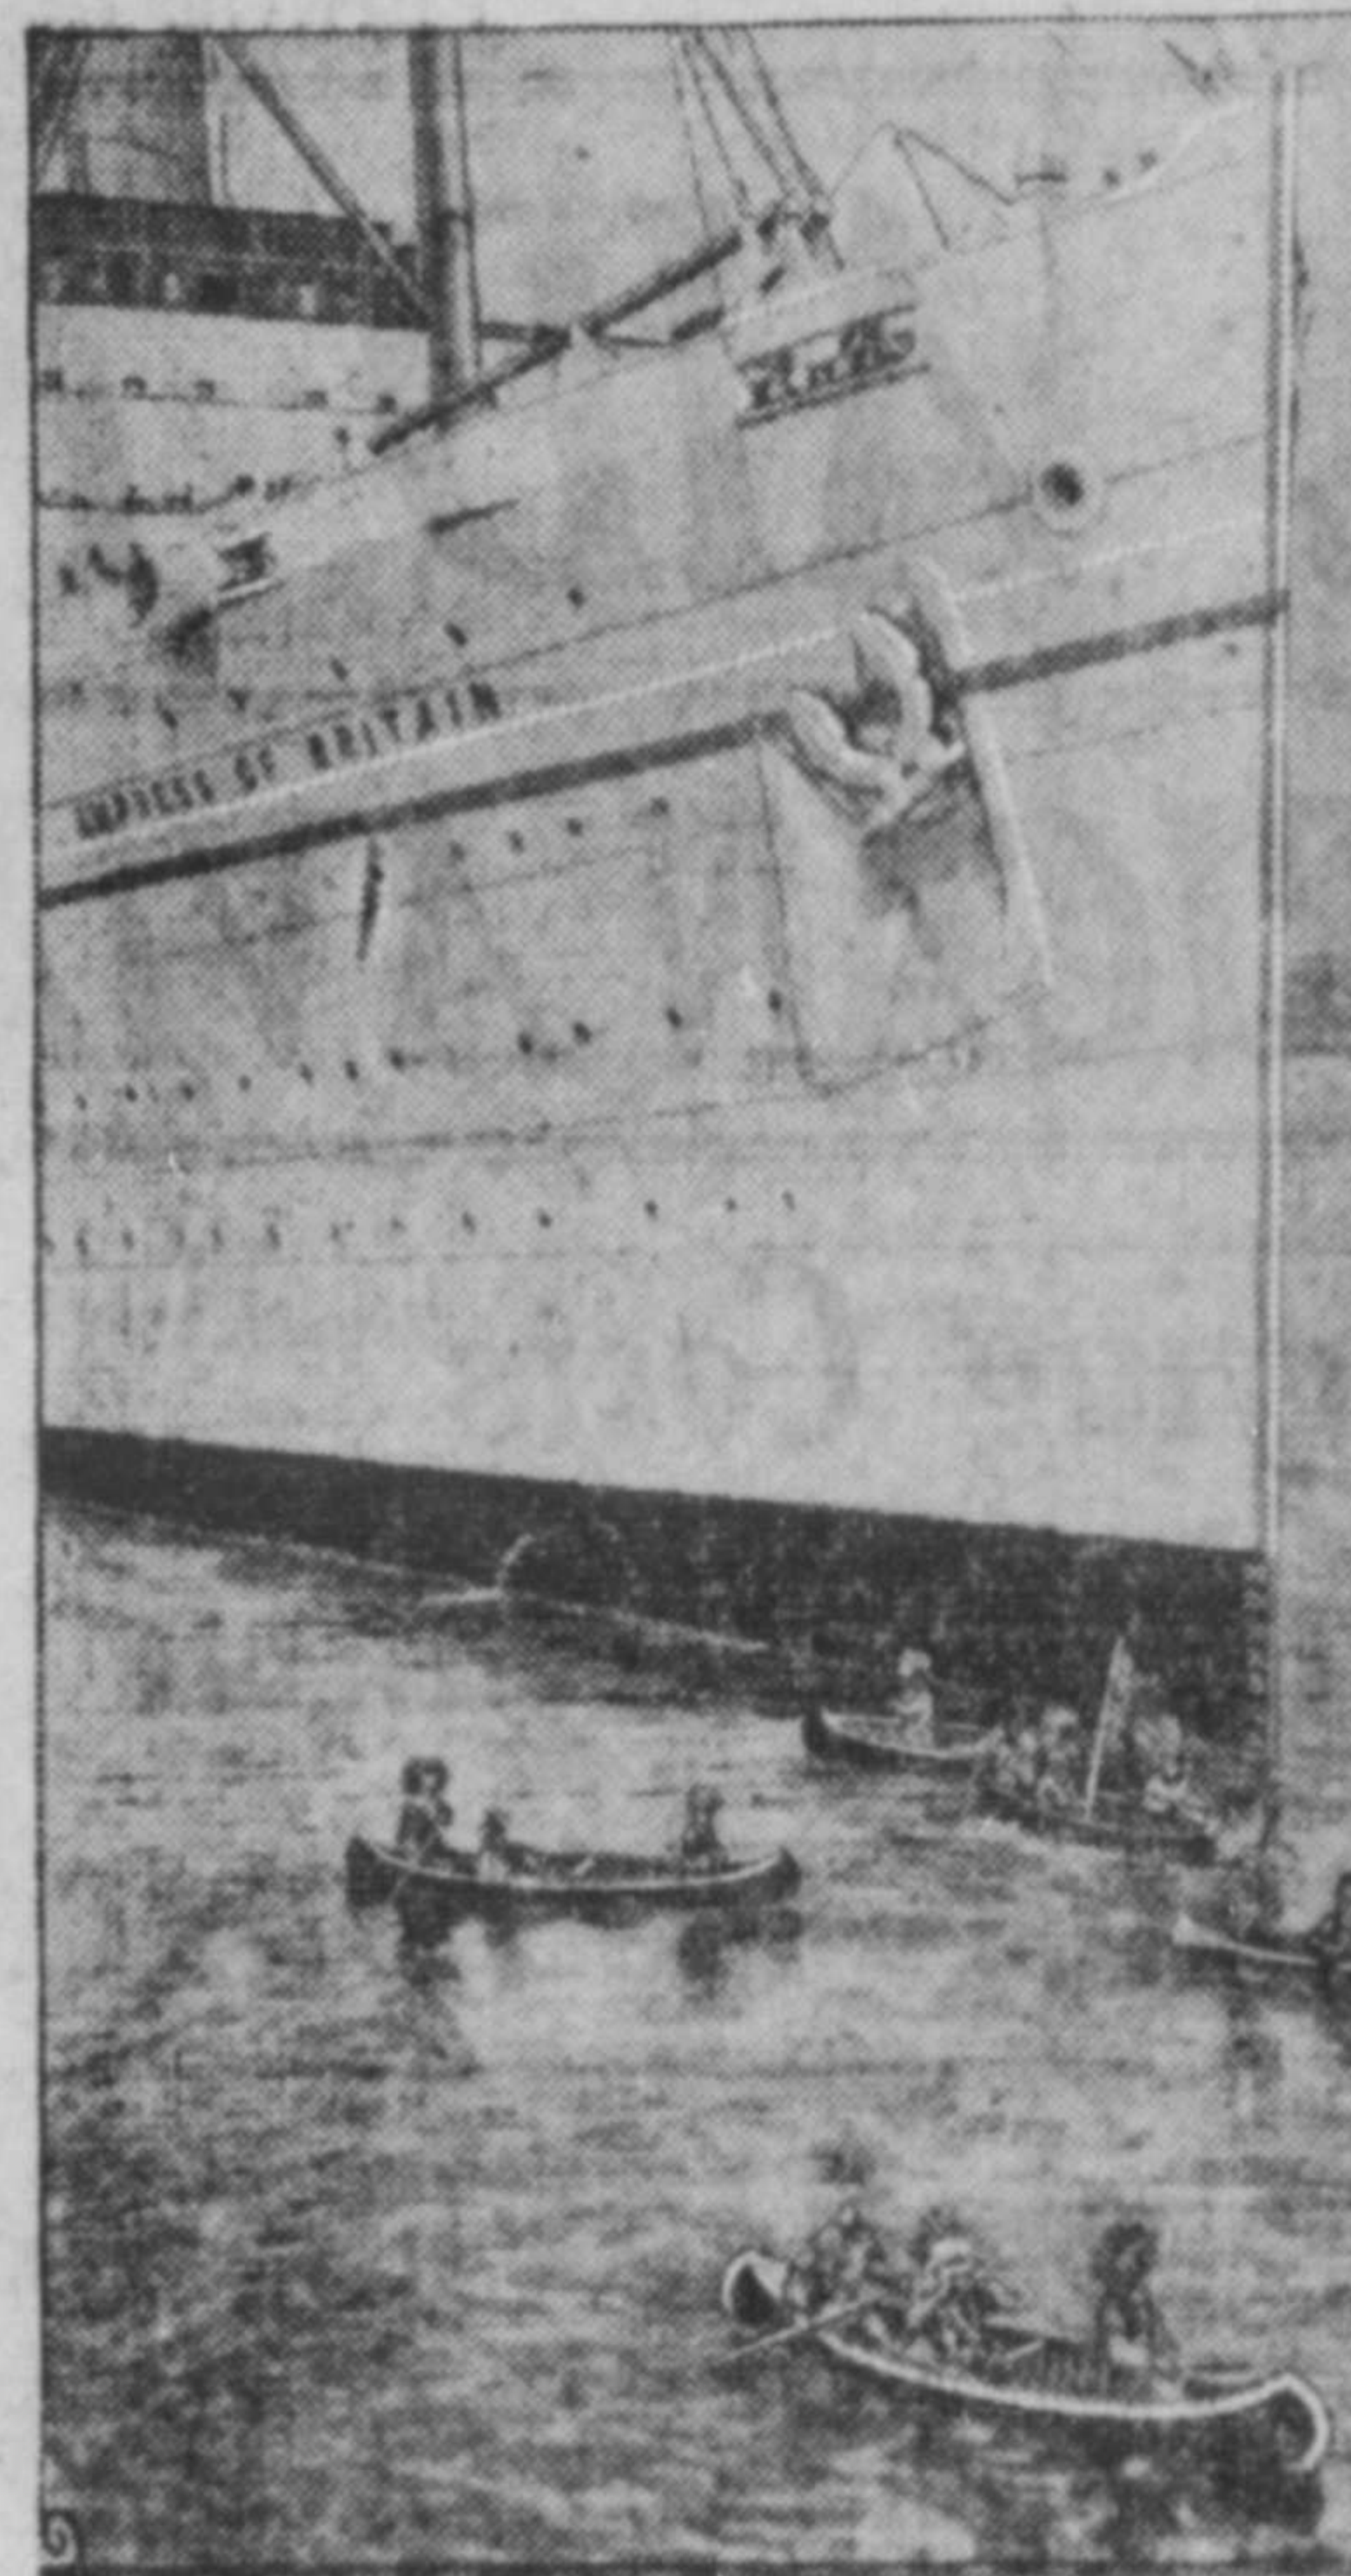

Wallace Brennan of Brandon, Manitoba, who has been paying a holiday visit in the city for the past ten days with his uncle and aunt, Mr. and Mrs. H. B. Stiles, Fourth Avenue East, will leave by tomorrow's train on his return to his home on the prairies.

tion of such matters, and the path-way of all will be made smoother than heretofore.

Yours sincerely,
CHARLES LORD.

SAGO TEHONIATARAKAKOWA!

"Greetings, Chief Swiftest Rider Of Mighty Waters"

Honours have been heaped upon Captain R. G. "Jock" Latta, commander of the trans-Atlantic record liner Empress of Britain since his new 42,500 vessel regained the Blue Ribbon of the Atlantic for the British Empire by all classes of people but none have been more sincerely offered than the recent tribute of the Six Nations Indians.

Encamped at Loretteville, Quebec, where they are establishing a village in which the ancient arts of the redman are practiced, members of the Six Nations under the leadership of 81 year old Chief Wolverine recently honoured the Canadian Pacific Commodore by adopting him into the tribes and conferring chieftainship upon him as a tribute

to his feats of seamanship with the big white "war-canoe." Meeting the Empress of Britain in their gaily decorated birch-bark canoes a score of braves and Squaws, led by Wolverine, Running Bull, American Horse and Princess White Eagle, danced their ceremonial dance on the Games Deck of the mighty liner, stood in reverent silence while the old Chief invoked the great spirits and rent the air with their whoops as Princess White Eagle and Chief Wolverine crowned the new chief with a war bonnet of eagle's feathers.

Photos show (left) Chiefs and braves in their canoes cluster round the big ship as she arrives, (right) The final ceremony, and the deer skin certificate of adoption.

GIVE CLOTHES ALL YOU CAN To Unemployed

People of the city are being asked to discard their old clothes and buy themselves new in order to provide for those who have not the money to buy new ones this fall. Road work is to commence soon but many of the men have not clothes and shoes fit to wear and will suffer if they are not provided for. Residents of Prince Rupert and the suburbs are asked to give their clothes closets the once over and put into a bundle anything they do not need and the city will collect them on September 10. Things needed are:

- Odd Pieces of Clothing
- Suits of Clothes
- Shirts and Other Linen
- Blankets and Other Bedding, Beds and Mattresses
- Boots and Shoes For Men, Women and Children
- Underclothes of All Kinds
- Children's Clothes
- Women's Clothes

And Now He's His Mother's Pride and Joy

"SHE'LL never raise him!" whispered the neighbors behind their hands—and indeed it looked like it for Baby Jim was a tiny mite and didn't thrive on his bottle.

Then his Mother tried Eagle Brand, and to everyone's astonishment Baby Jim ceased fretting and began to gain steadily. Grandfather now lays claim to his wonderful disposition—but his mother smiles quietly and remembers Eagle Brand.

Eagle Brand has reared countless thousands of infants to maturity over a period of 74 years. Experience has proved that it is a reliable, safe and an entirely satisfactory food where the mother is unable to nurse her own baby. Write for Baby Welfare and Record Book. Suffered Stroke

Glad Now They Insisted upon Her Taking Dr. Williams' Pink Pills (tonic).

"A few years ago," writes Mrs. W. J. Workman, South Mountain, Ontario, "I suffered a slight paralytic stroke which laid me up for several months. It left me in a terribly run down condition. I was advised by a friend to take Dr. Williams' Pink Pills. I was discouraged, but my friend insisted upon my trying them, which I did. I may say that I am not now sorry, for I feel like a new person."

The iron and other elements in Dr. Williams' Pink Pills increase the amount of haemoglobin in the blood. It is the haemoglobin which carries oxygen to the tissues—producing a sense of well-being.

Decide now to be well. Get a supply of Dr. Williams' Pink Pills from your druggist and see if they don't give you your much needed start toward health. 50 cents a package at any druggist's. Be sure to say "Dr. Williams'." 157

Generous receipts again characterized western cattle markets. Good killer steers maintain their previous price level, but fat cows and heifers were a shade off. The demand for stocker and feeder steers and heifers has been good, and all quality offerings changed hands at steady prices. The hog market was easier due to plentiful supplies.

William Brass, crack marksman of this city, advanced to an outstanding position among the rifle shots of Canada at Montreal yesterday when he had the distinction of coming first in the Canadian Railways International championship shoot for qualifying marksmen of the two railway systems of Canada. ELKS WIN BALL GAME

Old Empress Did Most Hitting; Jack Nelson Starred

Elks qualified to meet Sons of Canada in a final play-off to determine the winners of the second half of the Senior League baseball season by defeating Old Empress, 6 to 5, in the first play-off game at the Acropolis Hill grounds Sunday. The Elks won the game by virtue of making five runs in the first inning on two hits, two errors and two walks, tallying the winning run in the fifth on one hit and one error. Although the Lodgemen had two two-baggers to their credit, they were actually out-hit by the Hotel Men, who made seven hits to their five. Jack Nelson, Old Empress hurler and heavy hitter of the game, aided by excellent support, was credited with the best pitching performance with eight strike-outs, two walks and two men hit by pitched balls. Nick Chenoski, also given sterling support, fanned five batters, walked two and hit one. Elks made five errors and Empress four. Elks will meet Sons of Canada Wednesday evening to decide the second half winner. Sons won the first half, so if they win tomorrow they will clinch the championship.

Five runs in the first frame put the game on ice for the antlered herd. Harold got a walk. Howe got first on an error, and Stephens was hit by the pitcher, loading the bases. Bill Mitchell made a safety and scored Harold and Howe. Alex Mitchell singled and scored Stephens. Bill Mitchell stole home and Alex Mitchell got in on a passed ball. Farquhar was put out and George Mitchell and Stalker fanned. Five runs, two hits, two errors.

For the Empress Hibbard got first on Harold's error. Redman hit into a double play, being out from Chenoski to Stephens, with Hibbard out at second. Arsenau flied out. No runs, no hits, one error.

In the first half of the second, Chenoski flied out to infield and Harold hit safe into left field, got second on a bad throw by Smith, and stole third. Howe's grounder was fielded and Stephens thrown out. One hit, no runs, one error.

For the Empress, Wendle took first when Stephens dropped Farquhar's throw. Benny stole second and went to third when Nelson poled out a two-bagger into left field. After Menzie had fanned, Nelson advanced to third and Wendle scored when Eldridge grounded out, Alex Mitchell to Stephens. Smith fanned. One run, one hit, one error.

The Elks did not get very far in the third. Bill and Alex Mitchell fanned and Farquhar flied out to Eldridge. No runs, no hits, no errors.

Empress did better. Kenney took a walk and Hibbard made a safe hit into the right garden, advancing Kenney to third. Hibbard stole second and Redman flied out to Farquhar. Arsenau's two-bagger scored Kenney and Hibbard. Wendle was hit by pitched ball. Nelson's single scored Arsenau and Wendle made third. Wendle was tagged when he tried to steal home, and Nelson was caught in trying to advance to third. Three runs, three hits, no errors.

In the fourth, George Mitchell, Stalker and Chenoski each flied out for the Elks. No runs, no hits, no errors.

For the Empress, Menzie was thrown out. Eldridge sent one straight up and Smith took it. Smith singled and got first on Howe's overthrow. Kenney flied out. No runs, one hit, one error.

Got Winning Run
In the fifth Elks got what proved to be the winning run. Harold hit into right field and stole second and third. Howe fanned and Stephens got to first when Wendle tried to get Harold at home, but threw it into the dirt in front of the plate. Bill and Alex Mitchell walked, and the bases were loaded. Nelson pitched himself out of the hole by fanning Farquhar and George Mitchell. One run, one hit, one error.

For the Empress, Hibbard fanned, Redman flied out, as did Arsenau. No runs, no hits, no errors.

For the Elks in the sixth, Stalker struck out, Chenoski flied out and Harold was thrown out. No runs, no hits, no errors.

Wendle, first up for the Empress, struck a hot grounder down the centre for a safety, advancing to second on Nelson's doubtful hit to

EGG PRICE IS RISING

Few New Fruits and Vegetables—Small Advance in Wholesale Sugar Price

A few new seasonal fruits and vegetables are noted in the September revision of the local market report. Fall apples are beginning to come in although it will be a few weeks yet before some of the most popular varieties begin to arrive. Peaches are not being quoted by the crate yet but the preserving season will come on later in the month as stocks begin to move more freely.

There is a slight stiffening in the wholesale price of sugar although no advances have yet been made on the retail market. Butter is steady while flour and feed prices exhibit weakness with no recent retail price changes. The price of eggs is advancing but meats are down.

Market prices current today are as follows:

"TILLIE THE TOILER"

A Single-Track Mind

—By Westover.

from WANT ADS

Will Your Boy be Forced to Stop School?

HE'S off to school once more—that lad of yours—and you look forward confidently to the day when he graduates from High School or University.

But what if you are not here to see that he is thus equipped to face the business world?

Will your boy be forced to stop school—handicapped by lack of education—doomed to a life of meager pay and periodical unemployment?

Or will a Life Insurance Policy guarantee him adequate schooling and an opportunity for future success?

The outlay is only a few dollars a year.

Estimate the amount necessary to ensure your boy's education—then discuss with a Life Insurance representative how this may be arranged.

"Man" Is Subject Lesson Sermon
The subject of the lesson sermon in all Christian Science churches and societies on Sunday was "Man." Among the Bible texts included in the lesson-sermon was the following from Romans 8:14: "For as many as are led by the Spirit of God, they are the sons of God."
The lesson-sermon also included the reading of citations from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, one passage being as follows: "When man is governed by God, the ever-present Mind who understands all things, man knows that with God all things are possible. The only way to this living Truth, which heals the sick, is found in the Science of divine Mind as taught and demonstrated by Christ Jesus."
