SENSE OF HUMOR.

It's a good thing to have a sense of humor. Those who said. "But how is that?" go through life without it are like a machine without lubricant. They often squeak.

In a newspaper office, particularly, a sense of humor is essential. Without it life would be unbearable. The newspaperman knows that what President Lincoln said was true when he remarked that no matter how big a man be christened. might be his feet always touched the ground. They have an opportunity of noting the weak points in the people syman. with whom they come in contact. The remark attributed to a well known clergyman that "Brother Jones is very answered. powerful in prayer but a terrible liar," applies to folks "it's Kate and Sydney." everywhere. All have their weaknesses, even those who have dedicated themselves to the cause of religion. Human nature is about the same everywhere but it often shines forth at its best in places consdered most unlikely.

Tolerance and humor go hand in hand. To be a humorist a person must be tolerant. New Carrier Collection System

In view of the depression and to make it as easy as possible for people to pay, the Daily News is to be sold on a weekly basis, payable in advance.

The delivery boy will collect each Friday evening for the week following. He buys the papers and sells them to the customers, so there will be no credit given. The boy cannot afford it. Please do not ask him to return for the weekly payment. Have it ready for him.

Customers now in arrears will pay the amount owing at the office, but this will have nothing to do with the regular collections made by the boy. He will be doing business on his own, and if he does not make his own collections will not deliver the paper.

Those paid in advance will continue to receive the paper until the subscription expires. Any wishing to continue the yearly payments may do so, and we pay the boy.

The price of the paper will be 10c a week, payable strictly in advance. That means six papers for ten cents.

It will take a few weeks to get the new system running smoothly, and in the meantime we ask for the co-operation of the readers of the paper. The routes not going on the new system this week will do so just as soon as the lists are made up and the boys properly instructed. Help the boys to set up in business for themselves!

Get the habit of reading the advertisements in this paper, and taking advantage of the help they bring you.
