Chef F. Roye Believed Fatally Hurt—Continental Limited Cars Struck Broken Rail and Coaches Plunged Down Thirty-Foot Embankment

EDMONTON, April 13.—Derailment of the Canadian National train Continental Limited caused injury to 23 passengers and six members of the train crew near Edson, Alta., Sunday morning. A broken rail is believed to have been responsible for the wreck. F. Roye, dining car chef of Vancouver, suffered a fractured spine and is not expected to recover. Six of the injured are in hospital at Edson while the others were able to resume their journey.

MESSAGE OF BERG

Manager of United Pacific Fisheries Returns to Ketchikan

KETCHIKAN, April 13.—J. E. Berg, manager of the Marilyn Fish company and directing manager of the United Pacific Fisheries for Alaska, arrived home on the Admiral Rogers Saturday night with the message that arrangements have been completed for handling of all halibut offered. He said this included selling agencies in the east and financial arrangements. Mr. Berg, in company with S. J. Kwapi, made an extended trip east to Chicago, New York and other cities. The two men on their return to Seattle conferred with fishermen and vessel owners there. Mr. Kwapi is expected to arrive here in another week's time.

Mr. Berg said that the ambition of halibut fishermen and boat owners to stabilize the market was about to be realized. His company, he said, will have its own selling representatives in Chicago and that large commissions which formerly were paid to middlemen will go to the fishermen, after deducting the bare expenses of boxing, shipping, rail charges and ordinary expenses of operation for the functioning of the United Pacific Fisheries, which is their own company.

BLAZE IN BAD SPOT

Serious Fire in Business Section Was Narrowly Averted Yesterday Morning

What might have been a serious conflagration in the congested downtown business section was narrowly averted early yesterday morning. As it was, only slight damage was done.

At 3:15 a.m. an occupant of the living premises above Tom Ballinger's furniture store on Third Avenue near Fifth Street awoke and smelled smoke. Investigation showed that fire had broken out in the store below so an alarm was turned in to the fire department.

On arrival at the scene the fire brigade had to break in. The side of the wall was in flames which the firemen soon extinguished.

The cause of the fire is believed to have been from sparks from stoves in the second floor falling down the flue on to a picture which was used to cover up the chimney hole on the first floor. Louis Edgar turned in the alarm. Damage was done to the building and also to some of the stock in the store.

CERMAK AS DELIVERER

LONDON, April 13.—London newspapers, still taking a great interest in the municipal situation in Chicago, had Mayor Anton Joseph Cermak, the new chief magistrate of United States' second city, as the man who will break Al Capone's kingdom.

Just the same, some of the papers observe that Cermak will have something to shoot at in the record of Baron Byng who cleaned up London in three months.

DROWNING OF INDIAN

Police Investigate Circumstances of Fatality Which Befel Wm. Nelson of Kitimaat

Provincial Constable Robert Gibson returned to the city yesterday from Goat Harbor near Butedale where he investigated the circumstances attending the death of William Nelson, 30 years old, native storekeeper of Kitimaat, who was drowned on April 2.

Nelson had been on a trip in his gasboat Frog to Butedale on business. On the way back to Kitimaat, he stopped for the night at Goat Harbor. The next morning he set out again and it is believed that his boat must have struck a rock. It is further assumed that Nelson must have been stunned in the impact for he was found drowned in the partly submerged gasboat which, pending arrival of the police, was taken to Goat Harbor. The body was removed from the boat by the police.

Investigation of the circumstances of the fatality showed that death had been entirely accidental so the body was allowed to be taken to Kitimaat for burial. Nelson is survived by a widow and four children.

Everything Will Depend Upon What Free-Handed Liberals Will Do and That Is Very Uncertain—Lloyd George Washes His Hands

LONDON, April 13.—Political observers declare that the coming week will be the most critical one in the career of the government of Premier J. Ramsay MacDonald. The week, it is predicted, may see the overthrow of the administration which has held on to office by the merest of threads for a considerable time, suffering defeat indeed on several non-important votes.

FUNERAL OF LONGWORTH

Great Tribute Paid Saturday to Late Speaker of House

CINCINNATI, April 13.—In the presence of President Hoover and many governmental dignitaries as well as legion of friends in this city and state, the funeral took place here on Saturday of the late Nicholas Longworth, Speaker of the United States House of Representatives. Interment was made in Spring Grove Cemetery. The President was visibly moved as the rites for his colleague and friend were performed simply in Christ Episcopal Church by Rt. Rev. Henry Wise Hobson, bishop co-adjutor of Southern Ohio.

Active pallbearers were B. A. Wallingford sr., his three sons and Kermit and Archibald Roosevelt, brothers of the widow. There were 50 honorary pallbearers. The route was lined with huge throngs, for Longworth was a highly esteemed man in his home city.

Only on Saturday just before the funeral was Paulina Longworth, daughter of the Speaker, told of her father's death. Men and women of high estate in public affairs called at the Rockford estate of the Longworths to extend their sympathy to the widow, Mrs. Alice Roosevelt Longworth.

The body arrived here Saturday morning aboard a special train from Aiken, South Carolina, where the veteran speaker succumbed to pneumonia.

THE WEAK SPOT

Steve King in an interview with the Daily News in regard to conditions in the Old Country mentioned the practical elimination of poverty through the application of what is usually called "the dole" but which more properly may be styled unemployment insurance. It is good to hear someone speak favorably of this measure. Its weakness is in the fact that money is handed out to the workless without requiring any service in return. This we believe is wrong. If a system were evolved whereby work could be provided for the unemployed improving public parks or other works which would benefit the whole community, the community that pays the bill would feel that it had some return for the money expended.

The difficulty in this connection is that relief work has to be carried out at the regular union rate of pay because union leaders fear that any lowering of the rate on relief work would tend to lower wages all round. The result is that when relief work is prepared the people who are out of work get to look on it as permanent work rather than relief work and all flock to get it.

In Prince Rupert last winter relief work was provided by the city and the provincial and federal governments, the city paying half the cost. The regular union rate of wages was paid and conditions were in all essentials just the same as on other work carried out in the city. The result was that some men who did not really need the relief applied and were given work and the amount which might have gone to the needy was restricted on that account.

It seems as if relief work should be a class of work not as attractive or well paid as other work so that men would turn to it only as a last resort. We are not suggesting a scheme for doing this but simply drawing attention to the present difficulty in order that if possible some scheme may be worked out.

If during the winter just past those who had been given meal tickets had also been required to give their services in return, there would have been enough labor available to clear up a good deal of one of the city parks. Also those who did not wish to work would have been eliminated from the relief.

When the time comes to put into effect a general unemployment insurance scheme for Canada it is to be hoped that an effort will be made to avoid the evils of "The Dole" and that in place of it there will be a plan for every man earning what he gets all the time. This is better for the person who is out of work and it gives the state something in return for the money expended.

OPTIMISM IS DANGEROUS

There are times when it is dangerous to be optimistic and this is one. If a hint should be dropped that some industry is about to start or that conditions are better in Prince Rupert than elsewhere, the word is passed along and the unemployed from other cities turn this way. The Chamber of Commerce secretary has recently been bombarded with queries in regard to possible work here by mechanics and others who are looking for any place where there is activity. Replies are sent to them stating that there are more than enough men here to look after any possible work that may develop and that at present there are a good many out of employment.

This then, is one time when we can hardly afford to be cheerful in print. However, we can keep happy and radiate good cheer as much as possible without blazing it forth to the multitude through the medium of the press.

SMILE, DARN YOU, SMILE!

The other day we suggested that there was magic in a smile and urged that it be tried when walking up the street. The challenge was taken up and the scheme was tried but not with any measure of success. The smile brought nothing but frost in reply but the trip up town was not a real one. It was simply a fiction walk with fiction smiles and fiction frost. Knowing the writer so well and appreciating the humor of the story, we are glad to know that there could not have been frost on a spring day like the one at the week-end.

Among the kings likely to lose their crowns in the near future are King Halibut and King Salmon. First thing we know they will be replaced by King Cod.

LETTER BOX

ISSUES CHALLENGE

Editor, Daily News:— In reply to an acrimonious inquiry that has appeared in the Daily News in a form of letter to the editor Friday, April 10, 1931, I have following to say:

History of the labor movement reveals that in the struggle between capital and labor at times the unscrupulous element of the capitalist class when threatened by being rendered economically superfluous resorts to employment of natural to itself means such as agent provocateur, or a mudslinger in endeavor to discredit any one who happened to be a spokesman for a section of the working class.

Any person's opinion depends on that person's intelligence, information on the subject dealt with, etc. and if printed in the press becomes available for public judgment on its merits, or otherwise.

If a casual reader understands what she, or he reads, then they need not ask silly questions as to the intentions of a public letter written by me, as I do clearly state the subject under discussion and either the reasons for writing the letter, or the object sought.

The opening statement of the letter under acknowledgement is a sweeping statement disclosing immaturity of "Interested's" mind and a careless manner in which the conclusion, as implied by that statement, was arrived at from the data referred to in the third statement from the end of his letter.

As to the silly questions implying doubt, of what may be termed, a political honesty on my part, I, not being used to insolence as exhibited by the "Interested," choose to reply on one condition only:

That it will be done on the open platform in any hall at Prince Rupert, at any time between the 19th and the end of April, on equal terms as to speaking time, expenses for the use of the hall, chairman elected from the audience (Robert Rules of Order) and both parties to have reciprocal right to questions.

'Are Sin, Disease and Death Real' Science Subject

The subject of the lesson-sermon in all Christian Science churches and societies on Sunday was "Are Sin, Disease and Death Real?"

Among the Bible texts included in the lesson-sermon was the following from Luke 13:12 "And when Jesus saw her, he called her to him, and said unto her, woman, thou art loosed from thine infirmity."

The lesson-sermon also included the reading of citations from the Christian Science text book "Science and Health with Key to the Scriptures" by Mary Baker Eddy, one passage being as follows: "Suffer it with an abiding conviction that it is illegitimate, because you know that God is no more the author of sickness than He is of sin. You have no law of His to support the necessity either of sin or sickness, but you have divine authority for denying that necessity and healing the sick."

STANLEY CUP SERIES EVENED UP

TOWN WINS HOOP TITLE

Basketball Season at Terrace Comes to a Close With Comic Game

TERRACE, April 13—In a comic exhibition of basketball Saturday night, in which the spectators got their full share of laughs, the Town team gained a victory over the High School and thus won the league championship. Neither team seemed very much interested in the result. The referee entered right into the spirit of the evening and some of his calls were weird and wonderful. The handful of spectators were in high glee all evening. McCullough collected 9 points for the winners while Bowering speared 8 for the School team. Referee was D. Kerr.

Town—Pennie, 3; McCullough, 9; Nelson, 4; Thomas, 6; Lever, Total—22.

School—McLeod, 3; Bowering, 8; Kerr, 2; Michiel, 2; Wallace, Total—15.

Below is a record of the individual leaders in scoring in league games:

Table with columns: Name, Team, Games, Pts. Rows include McCullough (Town) 9 126, Bowering (School) 8 105, Thomas (T) 9 81, Burton (Vanarsdol) 9 62, Watts (V) 6 57, Kennedy (V) 9 45, Little (S) 8 44, McLeod (S) 9 44, Smith, S. (Native Sons) 9 44, Kerr, D. (N.S.) 9 31.

Canadiens Defeated Chicago By Score of Four to Two in Game at Montreal Saturday

MONTREAL, April 13:—The Montreal Canadiens evened up the Stanley Cup hockey series here Saturday night by winning four to two over Chicago Black Hawks. It was the fourth game of the series which now stands two wins and two losses for either team. The fifth and deciding game takes place here on Tuesday night. Though partially crippled, the Canadiens are still given an even chance to capture the Stanley Cup, emblematic of world's hockey championship.

WASHINGTON VICTORIOUS

University of California Defeated in Rowing Meet Saturday

OAKLAND, April 13:—With all three northern teams victors, University of Washington Huskies defeated the University of California Golden Bears Saturday afternoon in their twenty-fifth annual shell race.

The Huskie freshmen won the two-mile race by four lengths, coming up from behind in a heart-rending grind.

The Junior Varsity of Washington beat the junior team of California by one length, taking 75 minutes, 30 seconds for the three-mile course as compared with the former record of 17 minutes, 27 seconds.

In the final and principal event, the Husky Varsity crew brought their shell in three-quarters of a length ahead of the Bears, making the course in the fastest time ever rowed here which was 14 minutes, 53 4-5 seconds, clipping 15 1-5 seconds off the former record.

Since, 1903, Washington has won 17 times while California has led seven times in the coast classic.

**DEPRESSION**

"I'm a different woman"

"Two years ago I began to get depressed and everything was too much trouble for me. I was a misery to myself and everyone around me. I was advised to take Glanber Salts by my friends who said it was the same as Kruschen but it did me no good, so at last my husband got me a bottle of Kruschen and no one would realize the different woman I am. I have been taking Kruschen now constantly for two years. My daughter also would not be without it. I have got my neighbour to take Kruschen as well and she has found its worth as she feels a different woman."

(Mrs. G. A. K.)

The commonest cause of depression is partial constipation—an insidious complaint because the sufferer is seldom aware of it. It means the gradual accumulation of body poisons which dull the mind, damp the spirits, sap the nervous strength and lower the whole vitality.

Kruschen Salts make constipation impossible. Therefore, if you keep to Kruschen you need never know the meaning of melancholy; never feel "nervy" or depressed.

**High Quality Economy**

Economy stands out so prominently in the letters, it almost proves a point about Pacific Milk that words of ours would not do and that point is quality. This economy which the patrons of this good milk find arises from the unusual richness of Pacific Milk, from freshness, from purity. It's high quality that makes Pacific Milk so economical.

Mr. and Mrs. John C. Woods will sail on the Catala tomorrow afternoon for a visit in Vancouver and Calgary.

Called south on account of the death of her father, Mrs. E. E. Gregg sailed last night on the ss. Prince Charles for Vancouver.

Inspector John Macdonald, provincial police, returned to the city on yesterday afternoon's train from a trip to the interior on official duties.

Lawrence Wallstedt of Juneau, organizer of the Moose Lodge, was an arrival in the city from the north on the Princess Alice yesterday afternoon.

M. H. Large sailed yesterday afternoon on the Princess Alice for Vancouver to locate. Since his arrival from Terrace some time ago, Mr. Large has been conducting a machine shop on Sixth Street.

Miss C. McDiarmid, R.N., arrived in the city from Saskatoon on yesterday afternoon's train to join the nursing staff of Prince Rupert General Hospital. Miss McDiarmid is a graduate of Brandon General Hospital.

J. P. Scarlett, government agent and mining recorder at Stewart, who has been on a trip to Juneau and elsewhere in that vicinity on official business arrived in the city from the north on the Princess Alice yesterday afternoon and sailed last night on the Catala for Stewart.

C.P.R. steamer Princess Alice, Capt. Thomas Cliff, arrived in port at 4:40 yesterday afternoon from Skagway and other Alaska points and sailed an hour later for Vancouver. The vessel brought south about fifty passengers, including half-a-dozen or so who disembarked here.

Pictures of Joyce Edwards and Genevieve Waugh of this city appear in the magazine of last Saturday's Vancouver Sun as being winners in a "Tree Crash" contest held by that paper. Many northern children participate in the activities of "Uncle Ben's Sun-Ray Club" of the Sun.

County Court was in regular monthly session for setting of cases this morning before Judge F. McE. Young. There were no new cases but a number coming forward from last month's court. Several applications for naturalization were approved and there were a few judgment summonses.

Andrew McKechnie and Harry McCormack, who have been employed at the Prosperity mine, which has been closed down, arrived in the city from Stewart on the Prince Charles last evening and left by train this morning for Montreal where they will embark for a trip to their native homes in Scotland.

Bringing home the body of Mrs. Howe for burial following her death in Vancouver last week, Joseph Howe returned to the city from the south yesterday afternoon. Also coming north to attend the funeral were Mr. and Mrs. George Tuck of Victoria, son-in-law and daughter of deceased, and their family.

The amount of heat formed when oxygen and hydrogen combine to form water has been measured by scientists.

**PROSPERITY IS CLOSED**

Eighty Men Thrown Out of Work Through Operations Being Stopped at Stewart

Throwing some eighty men out of work, the Prosperity mine on Marmot River at Stewart was closed down at the end of the week by the Premier Gold Mining Co. Ltd. Several men who had been employed on the property arrived in the city from Stewart on the Prince Charles last evening.

As far as can be learned here, Premier closed operations on the Prosperity owing to heavy cost of production in the mine. Prosperity ore is loose and heavy timbering is required to mine it. Of course, the depressed state of the metal market is primarily responsible.

Premier has been shipping high-grade ore from Prosperity for over a year and the company reported substantial profits on the operation. Of late, however, considerable ore has been piled up without being shipped it was a case either of piling up ore indefinitely or closing down.

**KERGIN IS IN FAVOR**

Atlin Member Staunch Supporter of Movement For Highway Through His Riding

VICTORIA, April 13.—The B. C.-Alaska Highway found a champion in the Liberal ranks in the Legislature in H. F. Kergin of Atlin, when he got in line with Premier Tolmie and the Conservatives in favor of the project.

Premier Tolmie told the members that there were tentative propositions from outside companies who were willing to build the road for certain concessions. He had information that he did not think wise to make public. He referred to the international committee which will meet this summer to consider it from the standpoint of both Canada and the United States.

Hon. W. A. Mackenzie, minister of mines, pointed out the immense amount of publicity which had resulted from the caravan trip to Hazelton last summer.

**Dawson Creek Hotel Burned**

Disastrous Fire Visited British Columbia Peace River Town Recently

DAWSON CREEK, April 13.—Fire of unknown origin took the Morrison Hotel about 9:30 p.m. April 1 and despite the prompt and strenuous effort of the bucket brigade, the hotel was levelled in short order, leaving the registered guests standing shivering, some of them in their night attire.

This is the first fire that the six-month old town has experienced and no fire-fighting equipment was on hand to cope with the blaze.

No wind at the time of the outbreak minimized the probability of the flames spreading to nearby buildings, and the untiring work of the bucket brigade reduced this hazard to almost an impossibility.

The hotel was a total loss and was partially covered by insurance.

# IMMEDIATE SALES IMPRESSIONS ARE CREATED BY DAILY NEWSPAPERS

## Buying Follows Close Upon Reading

Present day business conditions demand keen discrimination in the selection of advertising media. All other considerations are subordinated to that of---RESULTS.

Immediate sales are the goal. Every dollar must do a real selling job.

To-day, more than ever, manufacturers and retailers insist on direct cash returns from their advertising investment.

The daily newspaper stands out as the medium which best meets cash-register requirements.

Daily newspaper advertising spurs to immediate action.

It influences men and women to buy *now* the products advertised.

Response from daily newspaper advertising is assured. Business executives know that daily newspaper advertising moves to action vast groups of people quickly.

Manufacturers and retailers are analyzing their advertising investment more thoroughly to-day than ever before. They are insistent that their advertising must *sell*—and they know that the daily newspaper is the one sure medium for that purpose.

### TERRACE

Mrs. Jack Frank and her two children arrived from Giscome on Tuesday last to join Mrs. Frank's husband.

Rev. E. A. McCarthy went on the westbound train on Tuesday last to pay a business visit to Prince Rupert.

Constable H. L. McKenney had a hurried return to Prince Rupert last Tuesday when he went down for urgent medical treatment. He returned on Wednesday and intimated that more protracted treatment would be required.

Rev. H. T. Allen went up to Usk last Wednesday for his usual services.

Capt. McRae of the Salvation Army, Vanarsdol, was in town on Wednesday last in the interests of the Army.

There was a large muster of friends from Usk on Friday who took in the Vimy Ridge dance in the Legion Hall.

The concert party of the United Church journeyed to Usk on Wednesday and repeated the fine concert given at Terrace on Easter Monday. They returned on Thursday's train. Rev. H. T. Allen was in charge of the party.

Will Treston came in from Kalum Lake at the week-end.

A. Y. Wilson of Remo was a visitor here during the week.

The relief workers got busy on the grading of Atwood Street on Monday, another party ditching the north end of the ball park, a work which has already shown a great improvement in the state of the park.

Mr. and Mrs. E. Willman of Usk took in the dance here on Friday.

J. Erlandsen of Remo was in town Friday and Saturday.

News has been received in Terrace that in connection with the Toronto Conservatory of Music February examinations, Annie Allan of Ganges, B.C. (formerly of Terrace) won honors in the theory of music, after being coached by Miss French, Terrace. Another pupil of Miss French Miss Janet Young, got a pass in harmony and honors in music history.

### NEW HAZELTON

The Indian Agent has ruled that potlaches must be discontinued by natives in this district. Tom Campbell, a Hazelton chief, was given three months' suspended sentence last Saturday on a charge of conducting a potlatch at Kispiox. John Smith, another Hazelton Indian, similarly charged, was allowed to go.

Delcourt Parent arrived from Vancouver to spend the Easter vacation with his parents here.

Tom Shackleton has been making extensive improvements to the hotel at Usk of which he is proprietor.

Mrs. Fakeley has left for Vancouver where she will take up future residence.

Miss Ida Schultik of Beament was the guest of Miss Jan York in New Hazelton during the Easter holidays.

Baseball is one of the sure signs of spring. All along the line the boys are warming up in preparation for the season.

Dr. and Mrs. H. C. Wrinch returned home on last Tuesday morning from Victoria where the doctor attended the recent session of the Legislature.

Mrs. C. W. Dawson spent a week in Smithers as the guest of Mrs. Austin Goodenough.

The Felix Bridge Club met last week at the home of Mrs. R. S. Sargent.

Bud Gazelay of Smithers is relieving in the local branch of the Royal Bank of Canada while Ben Jones has gone to Vancouver for a holiday.

Large congregations attended inspiring Easter services which were held in the Hazelton United Church. Rev. T. H. Wright preached appropriate sermons and soloists were Mrs. A. E. Falconer and John Newick.

The New Hazelton ladies, who undertook to furnish a ward in the new Hazelton Hospital, have accomplished their objective, a dance on Monday night last being the last effort necessary to raise the necessary funds. Mrs. C. H. Sawle was the winner in the raffle of a gramophone.

## FALL FAIR ASKS HELP

Terrace Board of Trade Takes Up Matter—Dr. Mandy's Lectures Appreciated

TERRACE, April 13.—The council of the Terrace Board of Trade met in the municipal hall last Tuesday night, J. K. Gordon presiding over a large attendance.

After a good deal of correspondence had been gone through, an application from the Fall Fair for assistance was dealt with.

The chairman said the fall fair association was finding it difficult to raise the necessary funds to hold an exhibition this year and it wished the help of the board especially in the way of extending the membership.

Various suggestions were put forward one being for a special prize and another for a board of trade trophy, but it was finally agreed to refer the matter to the president to confer with the agriculture committee and report to the quarterly meeting of the board to be held this week.

The question of a "buy-at-home-campaign" was referred to the quarterly meeting and a recommendation of the civic affairs committee aiming at the development of the park as a playground was referred to the local commissioners.

At this stage the secretary announced his intention to resign but promised to retain the office during the current month. Several members spoke with regret at Mr. Halliwell's decision and passed encomiums on his service to the board.

Mr. Hepburn intimated that the Hon. R. W. Bruhn, minister of public works, was expected to visit the district shortly and on the motion of Mr. Kenney it was agreed to offer the minister a fitting welcome, the arrangements being left to the entertainment committee.

H. L. Frank, president of the local Farmers' Institute, was a visitor and, on the invitation of the chairman, addressed the meeting stressing the features of the institute which he assured the meeting was seeking to promote the best interests of the farmers of the district to the best of their ability.

Lectures Appreciated

The following letter has been sent to the minister of mines:

"I am requested by this board to convey to your department the most cordial thanks for the series of lectures to miners and prospectors delivered here by Dr. J. T. Mandy, the district engineer.

"It is true to say that most of us, while welcoming the course of lectures, were rather pessimistic as to the degree of welcome with which they would be received. The result, however, showed that there was keen appreciation of the excellent and really most self sacrificing services of Dr. Mandy. No man could have taken hold of the position with better grace or with a finer spirit of helpfulness to his hearers, and the praises which were voiced—mostly in his absence—would have been enough to make any colleague of his green with envy. The popularity of the meetings grew daily and there is no question that Dr. Mandy rendered a very fine service to the purpose for which your department exists."

"It is also a personal pleasure for me to send this letter for I found Dr. Mandy a man after my own mind and really enjoyed his visit."

### Terrace Church Special Easter Sunday Services

TERRACE, April 13.—Special Easter music was a feature of the service held Easter Sunday night in Knox United Church. A large congregation filled the church singing the Easter hymns with evident joy. The choir sang the anthem, "I Am He That Liveth," and the duet, "There Is a Green Hill Far Away," was rendered by Mrs. H. L. McKenney and Rev. H. T. Allen. The pastor spoke on "The Power of an Indissoluble Life."

Eleven new members were received into the congregation, seven of these by profession of faith. At the close of the service the Sacrament of Holy Communion was observed.

### Terrace Sunday School Renders Easter Concert

TERRACE, April 13.—Much interest was shown by a large audience in the numbers presented in the United Church, Terrace, on Monday night last when the children of the Sunday School gave a concert specially appropriate for Eastertide.

The primary department, in charge of Misses Evelyn Thomas and Lillian Christie, provided songs, recitations and group numbers in pleasing style.

A song and dialogue by Mrs. Kenney's class entitled, "Emblems of Easter," was very neatly done.

A specially effective item was in pantomime, a rendering in song and costume of "The Holy City" by Misses Adeline Thomas, Helen Glass, Bertha Moore, Sophia McLaren, Rose King and Doris Holden.

Mrs. Allen's C.G.I.T. group, "the torchbearers," presented a poem in which each girl, after reciting a verse, added her flowers to a centrally placed cross which was finally completely entwined with floral decorations.

The classes of Mrs. Beveridge, Mrs. J. H. Smith and Rev. H. T. Allen took part in a pageant entitled "I Know That My Redeemer Liveth."

Rev. H. T. Allen rendered a fine solo, "Open the Gates of the Temple," and, with Mrs. C. T. Finter, sang a duet, "Watchman, What of the Night."

The concert concluded by the singing by all assembled of the old favorite, "Christ the Lord is Risen Today."
