BALKAN' QUAKE CAUSES 400 DEATHS

LATE WINTER TEMPESTS FELT BOTH SIDES OF ATLANTIC

Death and Destruction Are Result of Fierce United States Storms

Sixteen Persons Reported Dead in Chicago as Result—Damage in New York and Jersey—Moisture For South One Compensation

CHICAGO, March 9:—Bringing death and destruction with it, an unruly storm came on Saturday and Sunday to practically all parts of the east, south and middle west. Unprecedented falls of snow for this time of year and bitterly cold gales were reported from many sections with attendant discomfort, destruction and, in some cases, death.

FAMILY AFFAIR?

Engagement of Miss Mildred Bennett to New Washington Envoy Reported

OTTAWA, March 9:—Miss Mildred Bennett, sister of Canada's Prime Minister, would not confirm or deny today rumors of her engagement to the new Canadian minister at Washington, D.C., Major W. D. Herridge K.C., D.S.O., M.C. "When I have anything to say I will give it to the press," Miss Bennett said.

OTTAWA, March 9:—It is stated that the new minister will assume his duties at Washington as soon as his private affairs have been arranged, probably in two months.

Great Interest Taken Yesterday In Installation of Large Span In Galloway Rapids Road Bridge

It was estimated that at least 1500 persons, who went out in several hundred cars and power boats, witnessed the operation yesterday afternoon of putting the long centre span of the Galloway Rapids highway bridge in place. Such great interest was taken by the public in the job that police officers had to be dispatched to the scene to regulate the crowds as well as the auto traffic.

BIG HAUL OF DRUGS

Japanese Quartermaster Arrested Saturday While Carrying \$10,000 of Morphine

SEATTLE, March 9:—One of the largest drug seizures ever made in this city occurred on Saturday with the arrest of Ishi Fujimura, a Japanese, as he was disembarking from the steamer Paris Maru of which he was quartermaster. On the person of the Japanese, an alleged dope runner, morphine valued at \$10,000 was found.

Bridge-Playing in a Large Airplane

Height of bridge fanaticism is demonstrated by this foursome playing bridge in huge cabin plane high over city of Augusta, Georgia. Players are Ty Cobb, Maureen Orcutt, Canadian golf champion General Peter E. Traub (left front) and Sir Derrick Wernher, international bridge expert.

Bulgaria, Jugo-Slavia, Greece Affected By Terrific Temblor, One of Land's Worst Calamities

Several Cities Are Left in Shambles With Dead Strewn in Thoroughfares and Under Collapsed Buildings; Governments Institute Relief Work

BELGRADE, Jugo-Slavia, March 9:—The worst catastrophe to visit the Balkans in years came yesterday in the form of a terrific earthquake which, it was estimated today, had caused the deaths of 400 persons in Jugo-Slavia, Bulgaria and Greece, injuring thousands of people and leaving several cities of the three countries in veritable shambles.

In Jugo-Slavia alone, it is believed that 150 persons were killed with at least three hundred seriously injured. Streets of several cities in the affected areas were late last night strewn with bodies of the dead. Scores of people were buried under collapsing dwellings.

While Sofia, the Bulgarian capital, was planning immediate institution of relief work, King Alexander late last night had left the capital of Greece to personally direct relief operations in the stricken areas of his country.

At Salonika, an entire railroad was virtually destroyed. Even this morning, reports of the mortality and damage were but meagre.

Later Report

BELGRADE, March 9:—Between 80 and 150 dead were counted today in eastern Jugo-Slavia and adjacent Bulgaria as a result of the earthquakes before dawn Sunday. Nine hundred buildings in eastern Jugo-Slavia were demolished and five hundred persons are estimated to have been injured.

England, Scotland and France Suffer as Wild Elements Hit Country

England Has Coldest Weather of Season While Scotland Experiences Exceptionally Heavy Snows—Half of Scottish Lambs Reported Lost

LONDON, March 9:—A belated winter storm held the British Isles and the most of Northwestern Europe in its grasp over the week-end and early today was still raging. In England the coldest temperatures so far this winter were recorded while in Scotland there was more snow than has been experienced in years. The coast was lashed by cold and furious gales and, off the north coast of Scotland, it was with difficulty that sixteen members of one of the crews were rescued after two small steamers had collided in the swirling snow.

Farmers of Scotland suffered serious loss when, it is estimated, half of their young lambs were lost in the furious and unexpected elements.

From Paris comes the report that the River Seine is overflowing its banks owing to heavy rains of late, part of some of the suburbs of Paris being flooded.

LONDON, March 9:—Bitter winter weather, which swept Europe over the week-end, closed in on London and Southern England today with temperatures very low. A high wind drove the heavy snow before it with indications that the cold snap was due to continue for a time at least.

Justice Oliver Wendell Holmes Is 90 Years Old

WASHINGTON, D.C., March 9:—Associated Chief Justice Oliver Wendell Holmes of the United States Supreme Court celebrated his ninetieth birthday yesterday. He was apparently in the best of health and spirits and made a radio address during the day on a nation-wide hook-up. He is the son of Oliver Wendell Holmes, the famous American author and poet.

SOVIET ON DEFENSIVE

Threatens United States With Cutting Off Its Goods—Blames Americans For Plotting Armed Intervention

MOSCOW, Russia, March 9:—The Soviet government is blaming the United States for leading a movement to bring about an allied foreign intervention on Russia.

Incidentally, it is stated by Soviet heads that, if United States is not willing to buy imports from Russia, the latter country will go somewhere else for its own needs.

Declaring that Russia is today still exporting one-third less than did Imperial Russia, the Soviet holds that it is unfair to blame it for dumping its goods on the world's markets.

The Soviet also denies the imputation that convict or forced labor is being employed largely in its manufacturing industry.

SNOWDEN IS SICK

With Budget Date Approaching British Chancellor Must Stay in For Weeks

LONDON, March 9:—With the date for the presentation of his 1931 budget only a short distance away, Rt. Hon. Philip Snowden, Chancellor of the Exchequer, is confined to his bed with illness which will probably keep him at home for several weeks.

The chancellor, who is 67 years of age, is suffering from inflammation of the bladder following an attack of influenza. No anxiety is felt for his recovery.

HERRIDGE APPOINTED WASHINGTON MINISTER

OTTAWA, March 9:—Premier R. B. Bennett announced on Saturday night that His Majesty had approved the appointment of W. D. Herridge K. C. of Ottawa as Canadian minister to Washington succeeding Hon. Vincent Massey, who resigned last fall. Mr. Herridge, whose name had been mentioned for some time in connection with the appointment, has a distinguished war record in addition to being a prominent Ottawa barrister. He accompanied Premier Bennett on his recent visit to Washington.

OBJECTION IS VOICED

Italy and Germany Do Not Like to See League Dominated By England and France

GENEVA, March 9:—Claiming that the organization is being dominated by Britain and France, Germany, Italy and some of the smaller nations are taking some exception to the conduct of the League of Nations operations.

Sir Eric Drummond, secretary-general of the League and an Englishman, is one whom these other nations would gladly see removed from his official post.

ONE PER CENT INCOME TAX

The announcement that the government is about to institute collection of a one per cent income tax against every person in the province earning up to twelve dollars a week with the exception of farmers, caused a flurry among the wage earners of Prince Rupert. The tax was roundly condemned and it is understood that some steps will be taken to bring before the government the views of the local people.

In the past only people earning \$1200 a year, if single, or \$1800 a year, if married, were made to pay provincial income tax. Now if a person earns only slightly over \$600 a year he will have to pay, provided the budget proposal goes through without amendment. Under the former law there was also a rebate made for each dependent of \$300.

The proposed change is a most radical one and to say the least it will be most unpopular.

OFF TO FISHING GROUNDS

Without expressing any opinion in regard to fishery matters as between the fishermen and buyers, the Daily News is glad to see the men off once more to the halibut banks. It means that once more the men will be earning money, paying their bills and contributing to the welfare of the city. Any progressive city is made up of men who earn good money and we hope the fishermen will earn a great deal this year.

RUMBLING OF STRIFE

War in Democratic Camp Over Prohibition Impending

WASHINGTON, D.C., March 9.—There are rumblings of impending internal strife in the Democratic party. Senate Democrats are lining up on one side and the Al Smith-Raskob group on the other over the question of "home rule" in the matter of prohibition.

Ex-Governor Smith's announcement of a few days ago that he intends to take a hand in the 1932 Democratic convention has precipitated trouble, it is said.

VICTORIA EPIDEMIC

Safe Cracking is Malady From Which Capital City Suffered at Week-End

VICTORIA, March 9.—Safe crackers went on the rampage in Victoria over the week-end, taking \$1700 from H. O. Kirkham Ltd., retail grocers, \$1214 from the Capitol Theatre and \$1091 from the Dominion Theatre. The Kirkham and Capitol safes were pried open and that of the Dominion Theatre dynamited.

The jobs were evidently done by professional safe blowers.

Seattle Home Is Ransacked

Bandit Overpowered Housemaid and Got Away With Loot From Exclusive Home

SEATTLE, March 9.—Under pretext of taking magazine subscriptions, a bandit overpowered a housemaid in the exclusive home of Mrs. C. A. Leighton in the Mount Baker residential district at the week-end and ransacked the house of money and valuables. Mrs. Leighton last night was still unable to definitely estimate the extent of her loss.

Aylmer Soups Will Be Made In This Province

VANCOUVER, March 9.—Among the Canadian manufacturers extending business in British Columbia is the Dominion Canners, B.C. Ltd., manufacturers of the famous Aylmer soups. This firm is planning a considerable addition to their plant in order to handle the product and will make their British Columbia business a separate unit.

The soup factory will encourage the growing of vegetables in the lower mainland district and will mean a good deal to the province.

CALIFORNIA WINS GAME

University of Washington Defeated By Close Margin Saturday in Conference Series

SEATTLE, March 9.—The University of California basketball team, which had been overwhelmed by the locals the night previous, turned the tables on the University of Washington Saturday night and won the second game of the Pacific Coast conference series by a score of 36 to 34. The game was quite as close and exciting as the score indicates.

The third and final game will be played tonight.

Joe Kintana was the hero of the California team, netting nine field goals at a critical period of the game for the southerners.

A great crowd of fans is expected to attend tonight's game in which all the regular players of both sides will be in action.

Pittsburg Pirates, Philadelphia Athletics and Boston Braves Win Training Camp Games

PASO ROBLES, Cal., March 9.—In their first exhibition game of the training camp season here yesterday, the Pittsburg Pirates scored a 10 to 7 victory over the San Francisco Seals.

MIAMI, Fla., March 9.—Bing Miller's home run in the ninth gave the Philadelphia Athletics a 7 to 5 victory over the St. Louis Cardinals in an exhibition game here yesterday. Rookie pitchers were used by both clubs with regulars on the rest of the line-ups. It was the second game of the two clubs in training season, the Cardinals having won the former.

ST. PETERSBURG, Fla., March 9.—Boston Braves defeated New York Yankees 9 to 7 in an exhibition game here yesterday.

Terrace Board of Trade Considers Number of Recommendations

The Civic Affairs committee of the Terrace Board of Trade, consisting of Rev. H. T. Allen, J. Swann and W. Oliver, submitted a series of resolutions to the council meeting of the Board on Tuesday, Mr. Allen being absent. The resolutions were read to the meeting by the secretary.

Included in the resolutions were the following:

That we assist the economic committee in their endeavors to stage a "Buy-at-Home" campaign and to spread an atmosphere of goodwill. This resolution was ordered filed, no active steps of the kind having been submitted by the economic committee.

That we recommend that a community picnic be held some Thursday during the summer months. On motion by Mr. Turner seconded by Mr. Sherwood this was agreed to.

Another recommendation was a "Father and Son" clean-up day on April 10, and was accepted. A facitious member suggesting that the sons provide the wherewithal to "clean-up" the fathers.

A request that the commissioners post notices to discourage the use of the sidewalks by bicycles was laid aside. Mr. Kenney stating that it was already provided for in the local bylaws.

Three suggestions as to the provision of sidewalks were referred to the local commissioners.

That a ball-park development scheme be undertaken to include fencing, training if necessary, seating and the provision of some playing facilities for children such as swings, etc.

Mr. Little suggested that a public "bee" be held for the purpose of clearing up the park in the portion suitable for a children's playground, and on the motion of the Secretary, seconded by Mr. Riley it was agreed to table the matter for discussion at the next meeting.

A suggestion that the fire alarm system be extended was referred to the local commissioners.

Jimmie Foxx, stellar baseman and heavy hitter of Philadelphia Athletics, and Babe Ruth, slugging outfielder of the New York Yankees, greet each other recently at St. Petersburg, Florida.

PLAYER IS SUSPENDED

Bobby Connors of Seattle Banned From Ice For Rest of Season For Offence Friday

SEATTLE, March 9.—President Frank Patrick of the Pacific Coast Hockey League has ordered the suspension of Bobby Connors for the rest of the season for his offense in the climactic finish of last Friday night's match here by slamming Doug Brennan over the head with his stick, knocking the Vancouver player completely out as he attempted to take the puck down to an unattended Seattle goal while the Eskimos were making an assault on the Lions' stronghold. The suspension of Connors is effective not only for the balance of the league schedule but also for the post-season championship play-offs.

Whether or not Seattle would appeal the suspension was not known last night. President Caldwell of the Eskimos was out of town and could not be reached while Lloyd Turner, captain of the team, declined to make any comment.

Suspension of Connors, one of the team's towers of strength, will leave the Eskimos more or less crippled at a time when full strength is needed more than at any other time in the season. The Eskimos, while almost a chinch, have not yet assured themselves finally of a place in the play-offs, to say nothing of the battle they will have on their hands with the Lions if they do get to the final.

Connors' place will be taken by Hank Dyke, a brilliant 19-year old player, yet lacking experience which may be much needed before the present season is up.

Minus Connors, the Eskimos left last night for Vancouver where they play the Lions tonight. They will no doubt, make a strong effort on this occasion to grab off the top points still necessary for them to get into the play-offs. They will have another chance to do so next Thursday night when they play the Buckaroos at Portland.

AMERICANS BEAT HAWKS

First Win of Season For New York Over Chicago Last Evening—Canadiens Beat Detroit

NEW YORK, March 9.—By defeating Chicago here last night two to one, the New York Americans were enabled to remain in the battle for a play-off position in the National Hockey League. It was the first victory over the Black Hawks for the Americans this season.

At Detroit, the Montreal Canadiens blasted any play-off hopes the Falcons might have had by blanking them two to nil. By their victory, the Flying Frenchmen practically clinched first place in the League's international section.

Heavyweights Will Do Battle

Uzcudun and Kennedy to Fight in Los Angeles—Loughran and Schoff in New York

NEW YORK, March 9.—Matches here at Los Angeles will feature activities in the heavyweight pugilistic field this week. Paulino Uzcudun, the Basque woodchopper, will meet Los Kennedy of Long Beach in ten rounds on Thursday night. Tommy Loughran and Ernie Schoff will be seen in Madison Square Garden in their fourth battle in recent months.

Invited East For National Hoop Contest

SEATTLE, March 9.—An offer has been made for the winner to-night of the final and deciding game in the Pacific Coast Conference basketball championship series between the University of California and University of Washington to meet Columbia University, the collegiate hoop champions of the east, in a national championship match in Chicago opening on Saturday next.

While the time is short and it is hardly considered practicable for either California or Washington to go east, final decision as to whether or not the offer can be accepted will be made after the game tonight when the winner of the western title is known.

Scheduled examinations might be one of the most important matters standing in the way of the University of Washington team, should it win, making the trip.

Town and School Tied For Terrace Hoop Honors

TERRACE, March 9.—In a regular league game on Friday night the Town team defeated the Native Sons 36-10 and, as a result, are still deadlocked with the School team for the league leadership. The girls teams put on their usual good game.

In the senior game the Town team was superior throughout and had little difficulty in taking the game. Thomas and McCullogh, as usual, did most of the scoring for the Town while Kerr, Smith and Graham put in good games for the losers. Referee—Johnstone.

Town—McCullogh 12; Penney 2; Nelson 6; Thomas 12; Moore 4. Total 36.

Native Sons—Hipp 2; Kerr 4; S. Smith 4; Graham, Johnson. Total 10.

How To Lose 24 Pounds of Fat

At the Same Time Gain in Physical Vigor and Youthfulness and Swiftly Possess a Clear Skin and Vivacious Eyes that Sparkle with Health.

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one-half teaspoon of Kruschen Salts in a glass of hot water before breakfast.

Be sure and do this every morning for "It's the daily dose that takes off the fat."—Don't miss a morning. Kruschen daily means that every particle of poisonous waste matter and harmful acids and gases are expelled from the system.

Modify your diet, and take gentle exercise. The stomach, liver, kidneys and bowels are tuned up, and the pure, fresh blood containing these salts is carried to every part of the body, and this is followed by "that Kruschen feeling" of energetic health and activity that is reflected in bright eyes, clear skin, cheerful vivacity and charming figure.

Mayor Cyril H. Orme returned to the city on the Catala yesterday afternoon from a ten-day trip to Victoria on city business. The report of his mission, which had to do with financial matters, will be made to the city council at its next meeting.

Bishop E. M. Bunoz, O.M.I., who left this morning for Grouard in the Peace River country, was accompanied by Rev. Father J. Florian, O.M.I., who is identified with the colonization department of the Canadian National Railways in Winnipeg.

A. Bopp, who has been a resident of Anyox for some years, was a passenger on the Catala last evening going through to the smelter town where he will make arrangements to move his wife and family south, having purchased a farm in the Fraser Valley near Cloverdale.

Spie and span after undergoing a complete overhaul in Vancouver during the past three weeks, the popular liner Catala of the Union Steamship Co.'s fleet, with Capt. A. E. Dickson, her veteran master, in command, arrived in port at 4:30 yesterday afternoon from the south, resuming service on her regular run from Vancouver to Prince Rupert, Anyox, Stewart and other coast points. The Catala sailed at 8 p.m. for Anyox and Stewart whence she will return here tomorrow southbound.

John Wynne, customs officer at Anyox, was a passenger aboard the Catala last evening returning to the smelter town after a two-weeks' trip to Vancouver.

Capt. William Oliver, veteran missionary on this coast for the United Church, after having attended the sessions of Prince Rupert Presbytery here last week, sailed Saturday night on the ss. Prince John for his home at Sandspit, Queen Charlotte Islands.

E. E. Gregg, assistant district forester, sailed Saturday night on the Prince John for a trip to the Queen Charlotte Islands on official business. He will disembark at Port Clements, head overland to Skidegate Inlet and other lower Island parts and return to the city in two weeks.

Rev. Arthur Barner, Toronto, superintendent of Indian Missions for the United Church of Canada, after having attended the Presbytery meetings here last week, sailed Saturday night on the Prince John for Skidegate and Queen Charlotte City. Accompanying him to the Islands were Rev. and Mrs. S. V. G. Redman who resume their post at Queen Charlotte City after a vacation trip to Vancouver.

APOSTLE OF NORTH DIES

Mgr. Grouard of Peace River Country Passes—Local Bishop to Attend Funeral

Bishop E. M. Bunoz, O.M.I., left on this morning's train for Grouard, Alta., in the Peace River country, being called there on account of the death of Mgr. Emile Jean Baptiste Marie Grouard, O.M.I., D.D., bearded patriarch of the north country, who passed away on Saturday in the little hamlet, named in his honor, after seven decades of missionary effort in Canada's frontier country. The late Mgr. Grouard was 91 years of age.

Mgr. Grouard was the titular Bishop of Iborra and Vicar Apostolic of Athabaska. Born at Brulon, Department of la Sarthe, France, February 2, 1840, he was educated in the Seminary Le Mans and Laval University, having come to Canada at the age of 20. He was a missionary under Bishop Tache at St. Boniface, and subsequently, under Bishop Farand, he was Vicar Apostolic of Athabaska-Mackenzie, the former later being separated from the latter. He was named Bishop in 1890 by the late Pope Leo XIII and was consecrated by Bishop Tache at St. Boniface in 1891.

The late Mgr. Grouard resided at St. Bernard's Mission in Grouard.

RAISING STEAMER

Prince Rupert Expected to be Up By End of Week—Will Take Couple of Months to Repair

VICTORIA, March 9—Divers were engaged today in blocking the portholes and other openings of the steamer Prince Rupert which sank at Yarrow's Wharf at midnight Friday. Work will start on the pumps by tomorrow or on Wednesday, it is hoped, so that the ship may be righted by the end of the week.

It is expected that it will be six weeks or two months before it is back in commission.

LOCAL ITEMS

Pioneers' Banquet, Moose Hall, tomorrow, 7 p.m. Good time for all. Dancing 10 p.m. Premier Orchestra. See John Murray, gold medalist, Highland dancer.

A. E. Parlow, district forester, returned to the city on yesterday afternoon's train from a trip to the interior on official business.

Going north on board the steamer Catala last evening was a planer from Vancouver which is to be installed in the sawmill at Greenville Indian village on the Naas River. The machine is being taken off the steamer at Arrandale whence the natives will take it upriver.

Destruction and Death Result of Bad U.S. Storms

(continued from page 1)

of thousands of dollars was done, it is reported, in New York and New Jersey in an icy 40-mile gale with snow and sleet which visited the Atlantic seaboard. The precipitation served to alleviate the water shortage which the metropolis has experienced during recent weeks, but much more water is still needed.

Dixie Land was covered this morning with a blanket of two inches of snow while around Atlantic City and elsewhere on the southern coast, the shore was covered with ice.

KANSAS CITY, March 9:—The week-end storm in the south had pretty well spent itself last night after from one to 12 inches of snow had fallen in various parts of the country. Melting into the soil, the snow gave the first moisture that the ground in many of the drought-stricken states has received in months. The storm was, therefore, a mixed blessing although some of the needy people might have suffered somewhat from exposure to the wintry elements.

BOSTON, March 9:—The New England States were held yesterday in the grasp of an icy storm which swept the North Atlantic Coast. There was some damage but, so far as has been yet reported, no lives were lost.

NEW YORK, March 9:—Lashing the Atlantic seaboard from the Carolinas to the tip of Maine, a sow-laden gale had left in its wake today death, injuries and property damages. Starting Saturday night and continuing throughout the most of Sunday, the snow and rain centered its fury New York State and New England.

Seven were killed in New York in automobile accidents.

In Ontario, Too.

OTTAWA, March 9:—In devastating fashion, winter returned to Eastern Ontario over the weekend to break a fortnight of spring-like weather. An easterly wind blew a half gale and piled snow into ten foot drifts. Every form of traffic was demoralized.

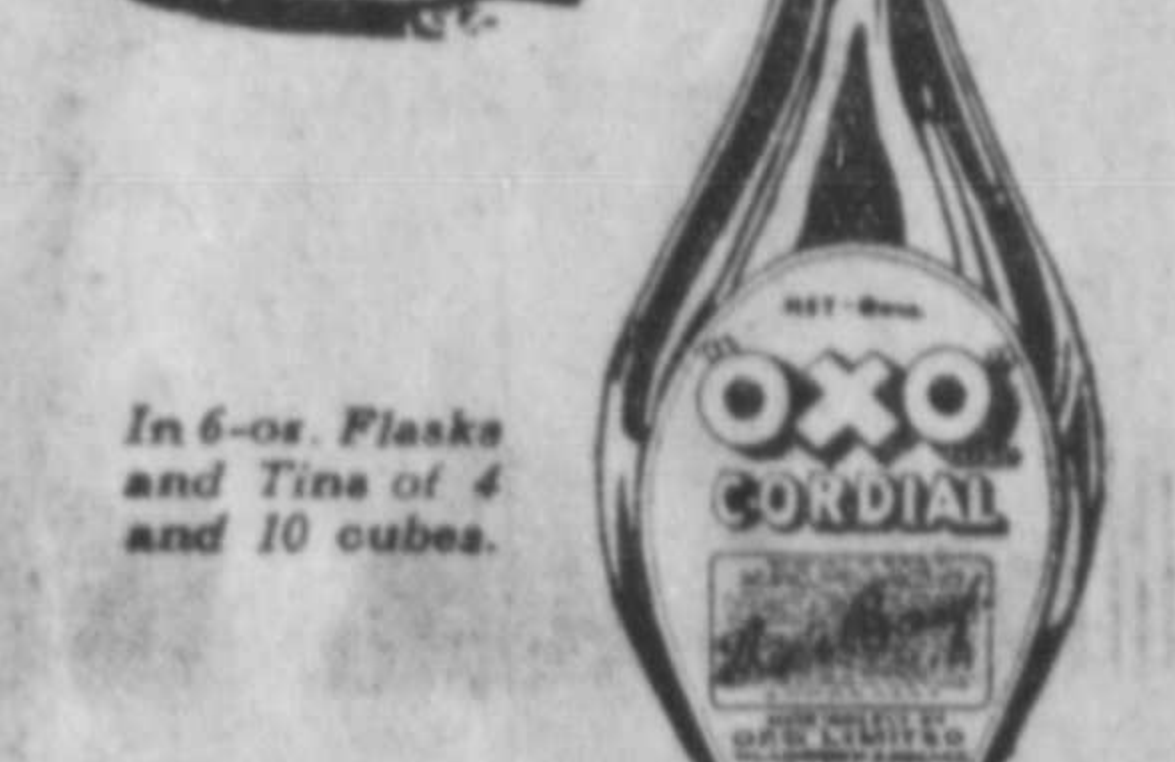

Hemorrhoids

Or piles are quickly relieved by Dr. Chase's Ointment

It is a serious matter to have piles and one person in four has them at one time or another. The annoyance and distress is great. It is difficult to obtain lasting relief. So much so that a surgical operation may be considered necessary. That is unless your physician is familiar with Dr. Chase's Ointment for many doctors recommend this treatment to their patients.

For nearly half a century Dr. Chase's Ointment has been the never failing relief for itching, bleeding and protruding piles. It is now very generally known by the medical profession, and the public generally, as the standard treatment for this torturing ailment.

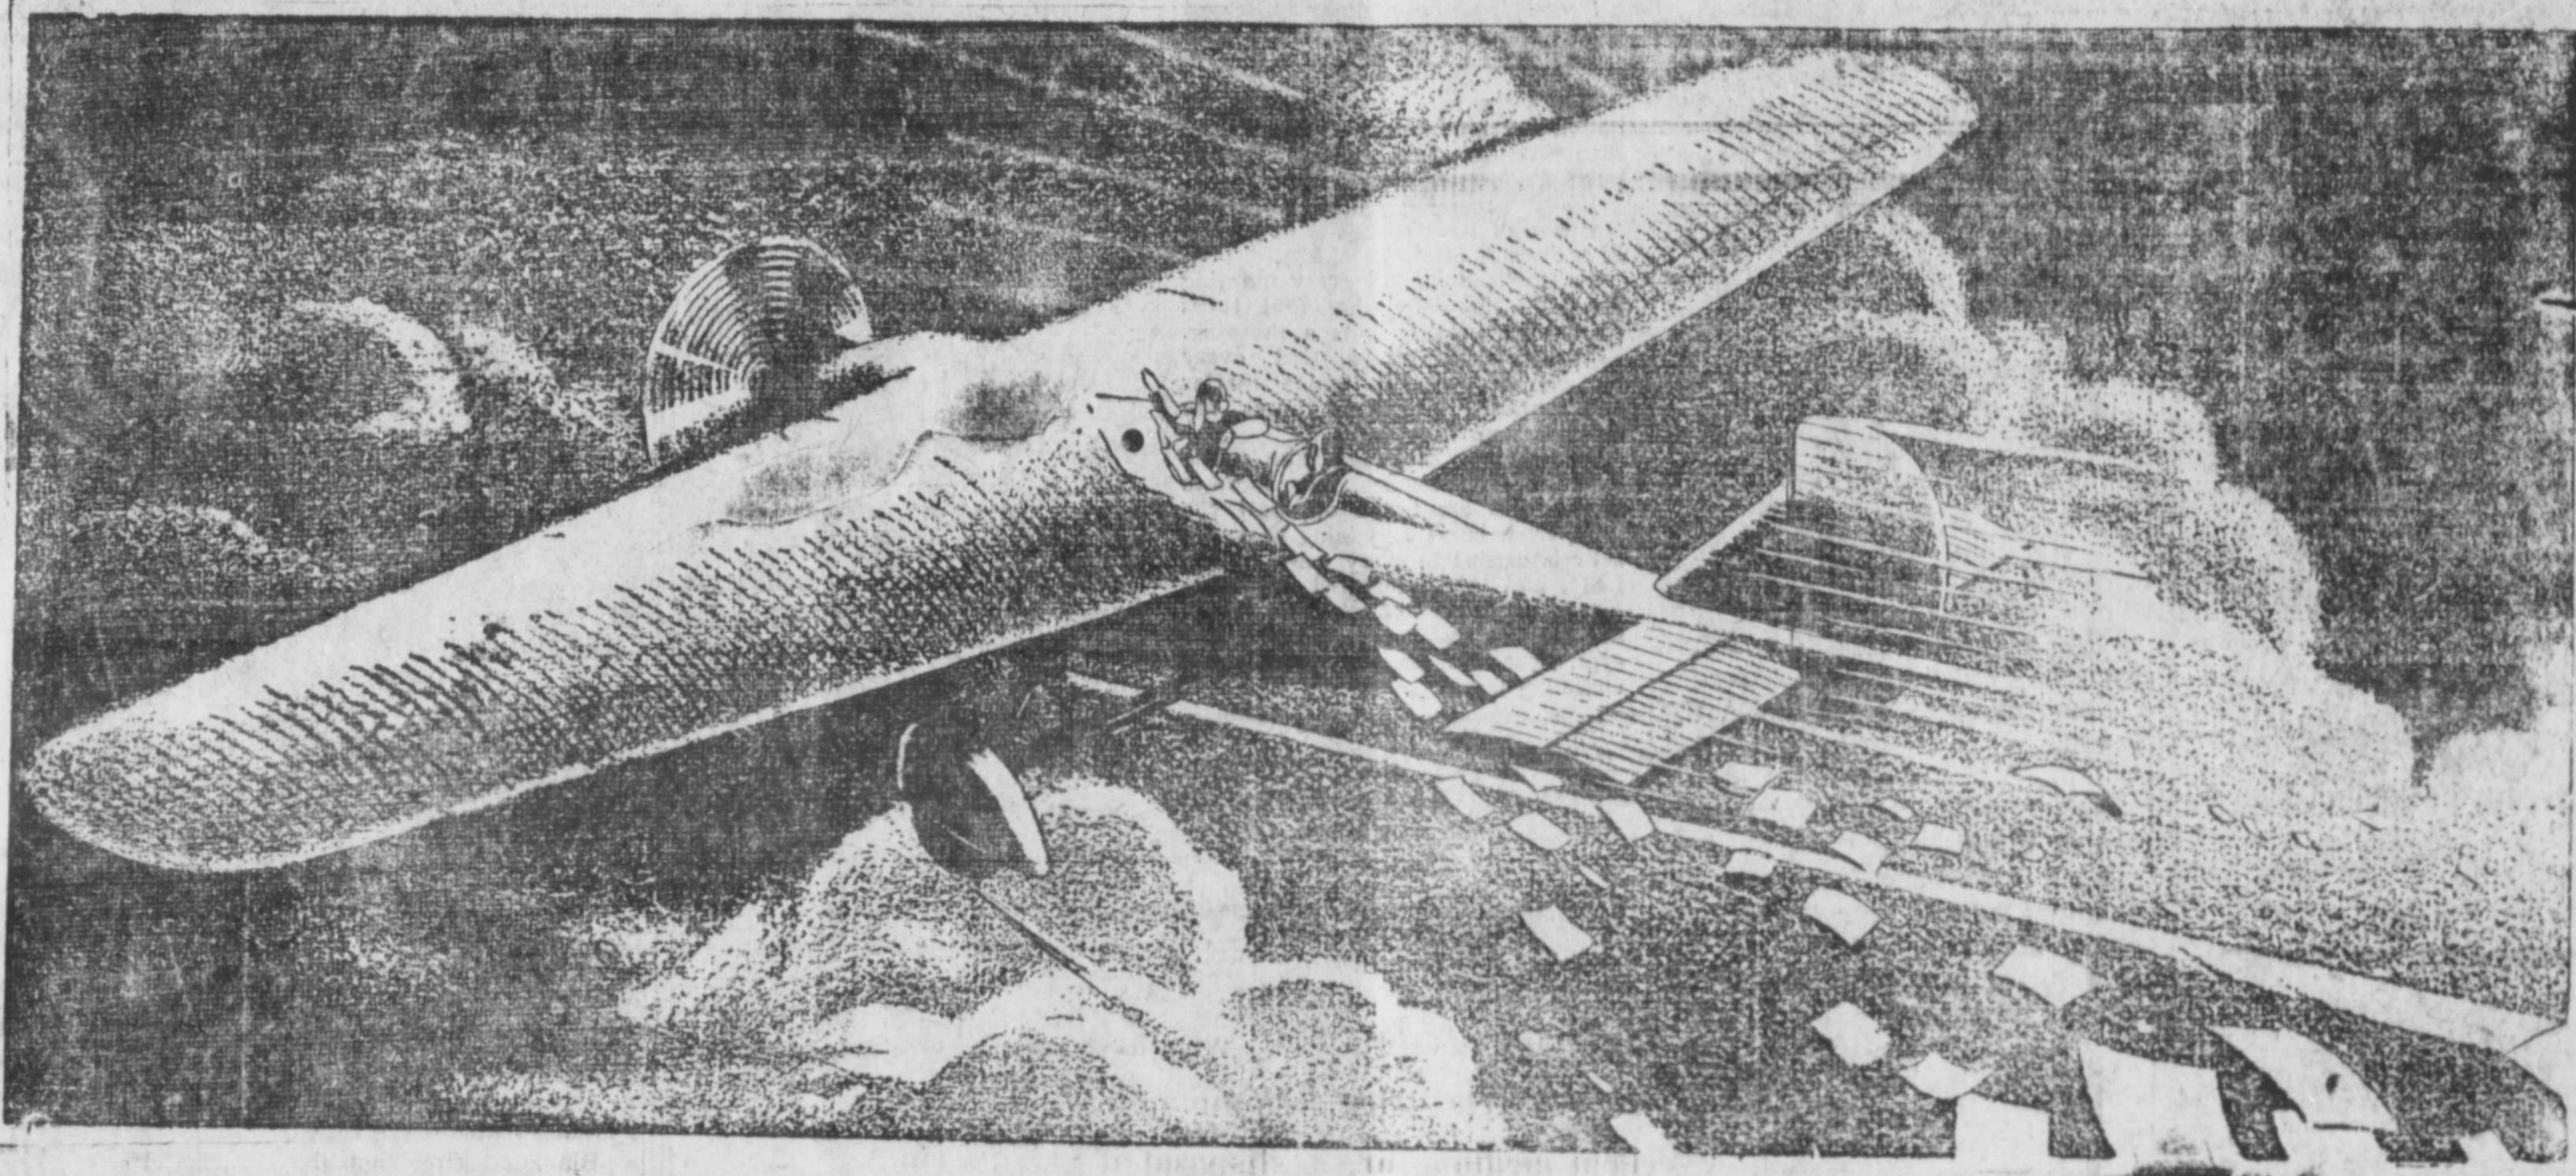

Ask your friends about Dr. Chase's Ointment for "users are boosters" in this case. Relief comes quickly and you can obtain the ointment at any drug store.

MAKE it a habit to have a steaming cup of "OXO" with your lunch. You can prepare it in a moment—it is delicious, wholesome, invigorating. Just what busy workers want!

Our City of Prince Rupert

Nestling at the foot of a mountain and partly surrounded by a beautiful sheltered inlet; blest by nature in having a lovely situation, picturesque foliage, a mild and equitable climate, invigorating and delightful, the city of Prince Rupert is destined to become one of the beauty spots of the world.

Providence has been kind in granting to the district wealth in its natural resources far exceeding that of the storied Indies or the El Dorado of the early discoverers. Fish, timber, mineral and water power abound and invite the attention of the men who would use them.

Added to these advantages the district has the nucleus of an intelligent, a warm hearted and virile population such as have been noted in the past for their deeds of valor and achievement.

The city has all the essentials to human happiness and development. It has splendid schools, a well stocked and efficiently administered public library and churches to suit all tastes. Its theatre is up to the moment in equipment providing entertainment of the very best. Almost every organization of a social and fraternal nature on the continent is here.

The largest fresh halibut market in the world is located in the city and also the largest fish cold storage

plant in the world. It is in the centre of the most prolific salmon fisheries in Canada. Pulpwood is going to waste waiting only organization of capital to establish large industries right here. Finally there is plenty of power being provided by the most up to date plant in the country.

The harbor is not only beautiful—it is one of the finest in the world, large, well protected and easy of access, near the ocean and five hundred miles nearer the Orient than any other on the North Pacific Coast having transcontinental service.

What more could be asked? It is because of these things that the Daily News has time and again stated its belief that Prince Rupert has greater prospects of advancement than any other city of its size on the continent of North America.

It is not suggested here that Prince Rupert is a place for people seeking employment. It is not. There has been unemployment in the city during the past winter and practically all local people have suffered more or less as a result of the financial depression. It is to those who see far enough ahead, who are willing to take a chance and who are ready to lend a hand in developing the natural resources of the district, we say: "Prince Rupert is the best bet we know!"

Country Readers of "The Daily News"

To the readers of the Daily News who live out of town, we suggest that the classified columns of the paper provide an excellent medium for the disposal of articles they may have for sale or exchange.

Last season a lady at Smithers did a large business in selling fresh eggs direct from the farm by advertising in this paper.

Chickens, implements, household goods, boats, fishing gear, guns, cordwood, furs and dozens of other articles may be disposed of. The charge is two cents a word but six times goes for the price of four.

Many people get good results.

Why not you?

Isaac Thompson, Jedway Postmaster and Mining Recorder, Passes Away

Isaac Thompson, postmaster and mining recorder at Jedway and one of the best known and most popular residents of the Queen Charlotte Islands where he had lived for almost twenty-five years, died on Thursday last at Jedway, the body being brought here yesterday afternoon from the islands aboard the Kelley Logging Co.'s service boat Norah Jane, Capt. W. L. Dass, for burial which took place this afternoon.

Many friends in the city as well as throughout the district will learn with keen regret of the late Mr. Thompson's passing. He had been ill for several months and went to Vancouver about three months ago for treatment, returning north, however, with little relief. His condition became gradually worse until his passing. A few weeks ago officers aboard a steamer plying to the Queen Charlotte Islands noted that Mr. Thompson was not down to the boat. It was realized then that he must be getting very ill for, day or night, he had never in years missed meeting a boat when he was at home.

Sixty-one years of age and born in Hants County, Nova Scotia, the late Mr. Thompson came west in 1892. Being a prospector and miner the next six years or so found him in the Kootenay camps such as Sandon, Silverton, Kaslo, Lardeau and Trout Lake. He was attracted to the Yukon during the Gold Rush and, after a few years in the Klondyke, he returned to British Columbia. It was mining that brought him to Jedway where he since made his home. At the time of his death he held promising claims there.

The late Mr. Thompson is survived by his widow, who came over from the islands yesterday with the body. There are two brothers—W. J. Thompson of Calgary and Silas Thompson, who still lives on the old homestead in Hants County. Two married sisters live on the prairies.

James H. Thompson of this city is a cousin of deceased. They were born on adjoining homesteads and lived there as boys.

The funeral took place this afternoon with Rev. Alfred Wilson of First United Church officiating. After a service in the chapel of the B. C. Undertakers, where Miss M. A. Way presided at the organ, interment was made in Fairview Cemetery. Pallbearers, all of whom were friends of deceased during his life, were J. A. Kirkpatrick, J. M. Campbell, George A. Woodland, J. Fred Ritchie, R. L. McIntosh and James H. Thompson.

WINDING UP IS OPPOSED

Stewart Case is Adjourned From Here to County Court in Vancouver

An application of minority stock holders to wind up the affairs of the International Electric which, before the advent of the Northern British Columbia Power Co., supplied the towns of Stewart and Hyder with electric energy, has been adjourned to Vancouver, which is the head office of the company. The application is being opposed by the directorate of the company.

W. O. Fulton is counsel for the minority shareholders and T. W. Brown for the company.

'Man' is Subject On Sunday For Science Church

The subject of the lesson-sermon in all Christian Science Churches and Societies on Sunday was 'Man.'

Among the Bible texts included in the lesson-sermon was the following from Matthew 9:6: "But that ye may know that the Son of man hath power on earth to forgive sins, then saith he to the sick of the palsy, Arise, take up thy bed, and go unto thine house."

The lesson-sermon also included the reading of citations from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, one passage being as follows: "Jesus beheld in Science the perfect man, who appeared to him where sinning mortal man appears to mortals. In his perfect man the Saviour saw God's own likeness, and this correct view of man healed the sick." (page 476).

MARKET DAY IN TERRACE

Board of Trade in Interior Town Seeks Advice on Matter

The economic committee of Terrace Board of Trade brought down a number of resolutions for the consideration of the Council at its meeting on Tuesday night.

The first advised the Board to recommend to the Terrace commissioners that tenders be called for on all contract works undertaken by the commissioners and that a fair wage clause be inserted in each and every contract.

The secretary pointed out that the commissioners would hardly be likely to turn over to contractors all work in the municipality and the fair wage clause was already provided for by the statute under which the village was incorporated.

On the motion of Mr. Kenney seconded by Mr. Hepburn the resolution was ordered filed.

The second resolution was accepted on the motion of Mr. Turner, seconded by Mr. Riley. It asked the council to refer the question of establishing a one-day-a-week market for the sale of farm produce to the agriculture committee and the Farmers' Institute for a joint report.

A resolution on unemployment insurance was tabled for consideration at the next meeting.

The last resolution recommended to the Board stated that "whereas consuming power largely depends on earning power of the individual the maintenance of wages at the highest possible point is essential in order to maintain consumption and production."

On motion of Mr. Riley seconded by Mr. Turner this was referred to the next quarterly meeting.

Inspector James M. Tupper, R.C. M.P., left on this morning's train for a brief trip to Hazelton on official business.
