## PACIFIC COAST OUTLET MOST VITAL MYSTERIOUS DISAPPEARANCES IN ALASKA BEING PROBED

### Transportation Needs Of Peace River Hinge On Line West-Trelle

Lieutenant Governor and Premier Speak at Vancouver Gathering—Finances Only Handicap, Says Tolmie

VANCOUVER, Jan. 20.—Transportation problems of the Peace River district will never be solved until there is a direct rail outlet to the Pacific Coast, Herman Trelle, the wheat king, said in addressing the "On to the Peace" Association here yesterday. Lieutenant Governor R. R. Bruce said: "The wealth of that great country is destined to roll down to the Pacific Coast. That will come as soon as the Premier and his government have decided that such a line can be built."

Premier Tolmie said: "I can tell you we have in Ottawa now a member of the cabinet who is pushing the thing as fast as this can be done." The Premier said that nothing but financial difficulties stood in the way of a coast outlet.

### SHOULD BE WOODSMEN

Suggestions Regarding Northern Flying Made By Pilot Everett Wasson

VANCOUVER, Jan. 20.—Only pilots who are experienced woodsmen should be chosen for flying in the north and aviation companies operating there should be required to take out bonds for at least \$50,000 to cover expenses in sending out search parties for pilots who might be forced down. Pilot Everett L. Wasson, youthful hero of the Burke rescue in the Yukon, said in addressing the Canadian Club here Monday. Pilot Wasson's subject was "Some Phases of Aviation in the Yukon." In addition to Wasson, aviation leaders of this city were guests at the luncheon. Wasson's address was broadcast on the radio.

### City Council Now Takes Hand In Victoria Police Trouble; Province Is Asked to Step In

VICTORIA, Jan. 20.—Appointment of a special select committee to negotiate with the provincial government for the temporary administration of the Victoria city police department was approved at the regular meeting of the city council last night and any recommendation which may be made will be considered by the council next week.

The resolution was introduced by Mayor Herbert Anson and his action follows a recent meeting of the police commission when Chief of Police John Fry was removed from office and Sergeant Thomas Heatley appointed in his stead. Mayor Anson strenuously objected at the chief being superannuated without any explanation of charges of inefficiency laid against him by Mrs. Joe North. The mayor was, however, outvoted by the two other members of the police commission.

### NEW BLUE SKY LAWS

Mining Promotions In State of Washington to Be Governed

OLYMPIA, Wash., Jan. 20.—Legislation is under consideration here which may bring the mining industry in this state under the federal blue sky laws. Although company organizations in all other industries have for years been required to have federal permits, an exception has been made in the case of mining.

Mining companies of the state have no objection to such legislation providing it does not place unnecessary obstacles in their way.

### The Weather

Prince Rupert—Raining, southeast wind, 20 miles; barometer, 29.60; temperature, 44; sea rough.  
Triple Island—Strong southerly wind; sea rough, stormy.  
Langara Island—Raining, strong southerly wind; sea moderate.  
Dead Tree Point—Cloudy, light southeast wind; barometer, 29.58; temperature 47; light swell.

### Princes Off To America

Spent Yesterday Sightseeing Near Vigo, Spain, Prior to Final Embarkation

VIGO, Spain, Jan. 20.—The Prince of Wales and Prince George sailed from Spain today for South America after a day spent in sightseeing along the northern Spanish coast.

### VANCOUVER WHEAT

VANCOUVER, Jan. 20.—Wheat was quoted at 54c. on the local Exchange today.

### WARREN IN VANCOUVER

Vice President Inspected Railway Development in South

VANCOUVER, Jan. 20.—On one of his periodical inspection trips, A. E. Warren Vice-President, Canadian National Railways, arrived in Vancouver Monday. Mr. Warren expects to be on the coast until the latter part of the week when he will return to his headquarters in Winnipeg.

During his visit to Vancouver Mr. Warren, accompanied by B. T. Chappel, General Supt., will make an inspection of the company's terminals here. A visit will be paid to the railway shops at Port Mann and also to Lulu Island where a new industrial section is being opened up by the company. Fine progress already has been made under difficult conditions on the bridge across the north arm of the Fraser River. When this development is completed and the steel laid around the island many miles of rail harbor frontage will have been added to the port facilities.

During his stay in the city Mr. Warren will look over the work of rebuilding the new pier at the foot of Main Street and will also go over the new Canadian National hotel now under construction on Georgia Street.

### Men Who Went Away In Boats In Ketchikan District Now Missing

Unsolved Murder of Fish Buyer Is Also to be Investigated; Single Person May Have Plotted Killings, 'Tis Suggested

KETCHIKAN, Jan. 20.—A series of mysterious disappearances of boatmen in Southeastern Alaska is being investigated by the United States marshal's office and Department of Justice agents. While the circumstances in several cases were similar, officers said they had not found sufficient evidence to prove that the disappearances had been plotted by a single person.

Those missing include Albert Farrow and L. C. Davis, who left Petersburg for the west coast of Prince of Wales Island about November 9; Albert C. Anderson, who went ashore from his boat and failed to return, and John Wyckstrom, a troller, who disappeared with his boat near here.

Another violent death which is being investigated is that of John Marshall, fish buyer, who was found slain aboard a boat which left Ketchikan in October.

### MRS. NELSON HAS PASSED

Pioneer Woman of This City Died In Victoria Yesterday

Word has been received in the city of the death yesterday of Mrs. O. H. Nelson, wife of the former editor and proprietor of the Prince Rupert Journal here.

The funeral is expected to take place tomorrow.

Mrs. Nelson lived in Prince Rupert for a number of years, coming to the city with her husband and two daughters, Madeline and Gertrude, during the boom days. About nine or ten years ago she left for Victoria, where Mr. Nelson had secured a position with the Daily Colonist. Her daughters went with her, Madeline transferring from the Bank of Montreal staff here to the same bank in Victoria.

### COMMONS RE-OPENS

London Session Resumes and Sharp Battle in Parliament is Expected

LONDON, Jan. 20.—Parliament reassembled today without ceremony and in mood for battle.

"Work for the triumph of our cause," Rt. Hon. Stanley Baldwin, Conservative leader, urges upon his followers as he holds out the possibility of an early general election.

A critical division is expected next week over the Trades Disputes Bill and signs multiply that whether the coming Parliamentary struggle ends in dissolution or not its story will be sharp.

### HYNDMAN APPOINTED

Alberta Judge Is Named Head of New Pensions Appeal Board

OTTAWA, Jan. 20.—The appointment of Mr. Justice Hyndman of the Supreme Court of Alberta as chairman of the Pensions Appeal Board has been sanctioned.

### Searchers Find Tragic Message Written By British Youth But No Trace of John Noel Bennett

VICTORIA, Jan. 20.—"I have failed to get through to Fort McLeod and have run entirely out of food. I am going back. The list of supplies taken by me is here. My feet and finger-tips are frost-bitten. I have abandoned my horse." So ran a brief message, dated November 15, written by John Noel Bennett, 18-year old British schoolboy, who hit out against all advice to make his way from Pouce Coupe in the Peace River country through Pine Pass to Fort McLeod on October 14 last.

The plight of the youth is believed to be serious as he had only a week's stores, which he had obtained from a trapper's cabin, before setting back on his trail.

The note is one of many found by a party of three men which was sent out from Pouce Coupe on December 19 to locate Bennett. They were a trapper named Kelly, Ted Strand and another man named Sutherland. All are experienced woodsmen.

The searchers arrived at Prince George yesterday, the provincial police reported last night. The party followed the course which had been taken by Bennett.

### FLOATING BIG ISSUE

Canadian National Is Calling For Tenders on \$70,000,000 25-Year Loan

NEW YORK, Jan. 20.—The Canadian National Railways will call for bids tomorrow on a \$70,000,000 loan, it was announced in Wall Street yesterday.

The loan will be in the form of 4 1/2% non-callable debentures of 25-years maturity.

### AMENDMENT IS FAILURE

National Commission on Prohibition Tells President Hoover It Cannot Agree

### No Enforcement Yet

Repeal Is Opposed and Suggestion Is Made That Act Be Bolstered Up

WASHINGTON, Jan. 20.—The national commission on law observance and enforcement has reported to President Hoover that its members are unable to agree as to whether or not prohibition can be enforced under the Eighteenth Amendment. Some commissioners think the amendment should be immediately revised. Some favor further trial with increased provision for enforcement.

After 11 years of prohibition, "the commission is of the opinion that there is yet no adequate observance or enforcement."

The commission, as a whole, is opposed to repeal of the Amendment, to the federal or state governments, as such, going into the liquor business and to modification of the national prohibition act to permit the sale of light wines and beer.

### Hangman Beseiged By Female Crowd

Was Obligated to Autograph Three Hundred Picture Postcards

VIENNA, Jan. 19.—Beseiged by a crowd of women and girls at a small hotel where he was staying one day recently, Broumarsky, the hangman of Prague, was obliged to sign 300 picture postcards. These were afterwards sold at the cafes and restaurants at the Moravian Town of Znam. The special occasion of the demand on Broumarsky followed the execution by him of a murderer named Ellinger at Znam. Not only has he been in demand for his signature, but offers of marriage have been numerous of late. He told a reporter recently that he had had about 6,000 marriage proposals since he adopted his present profession.

**THE BUSINESS BAROMETER**

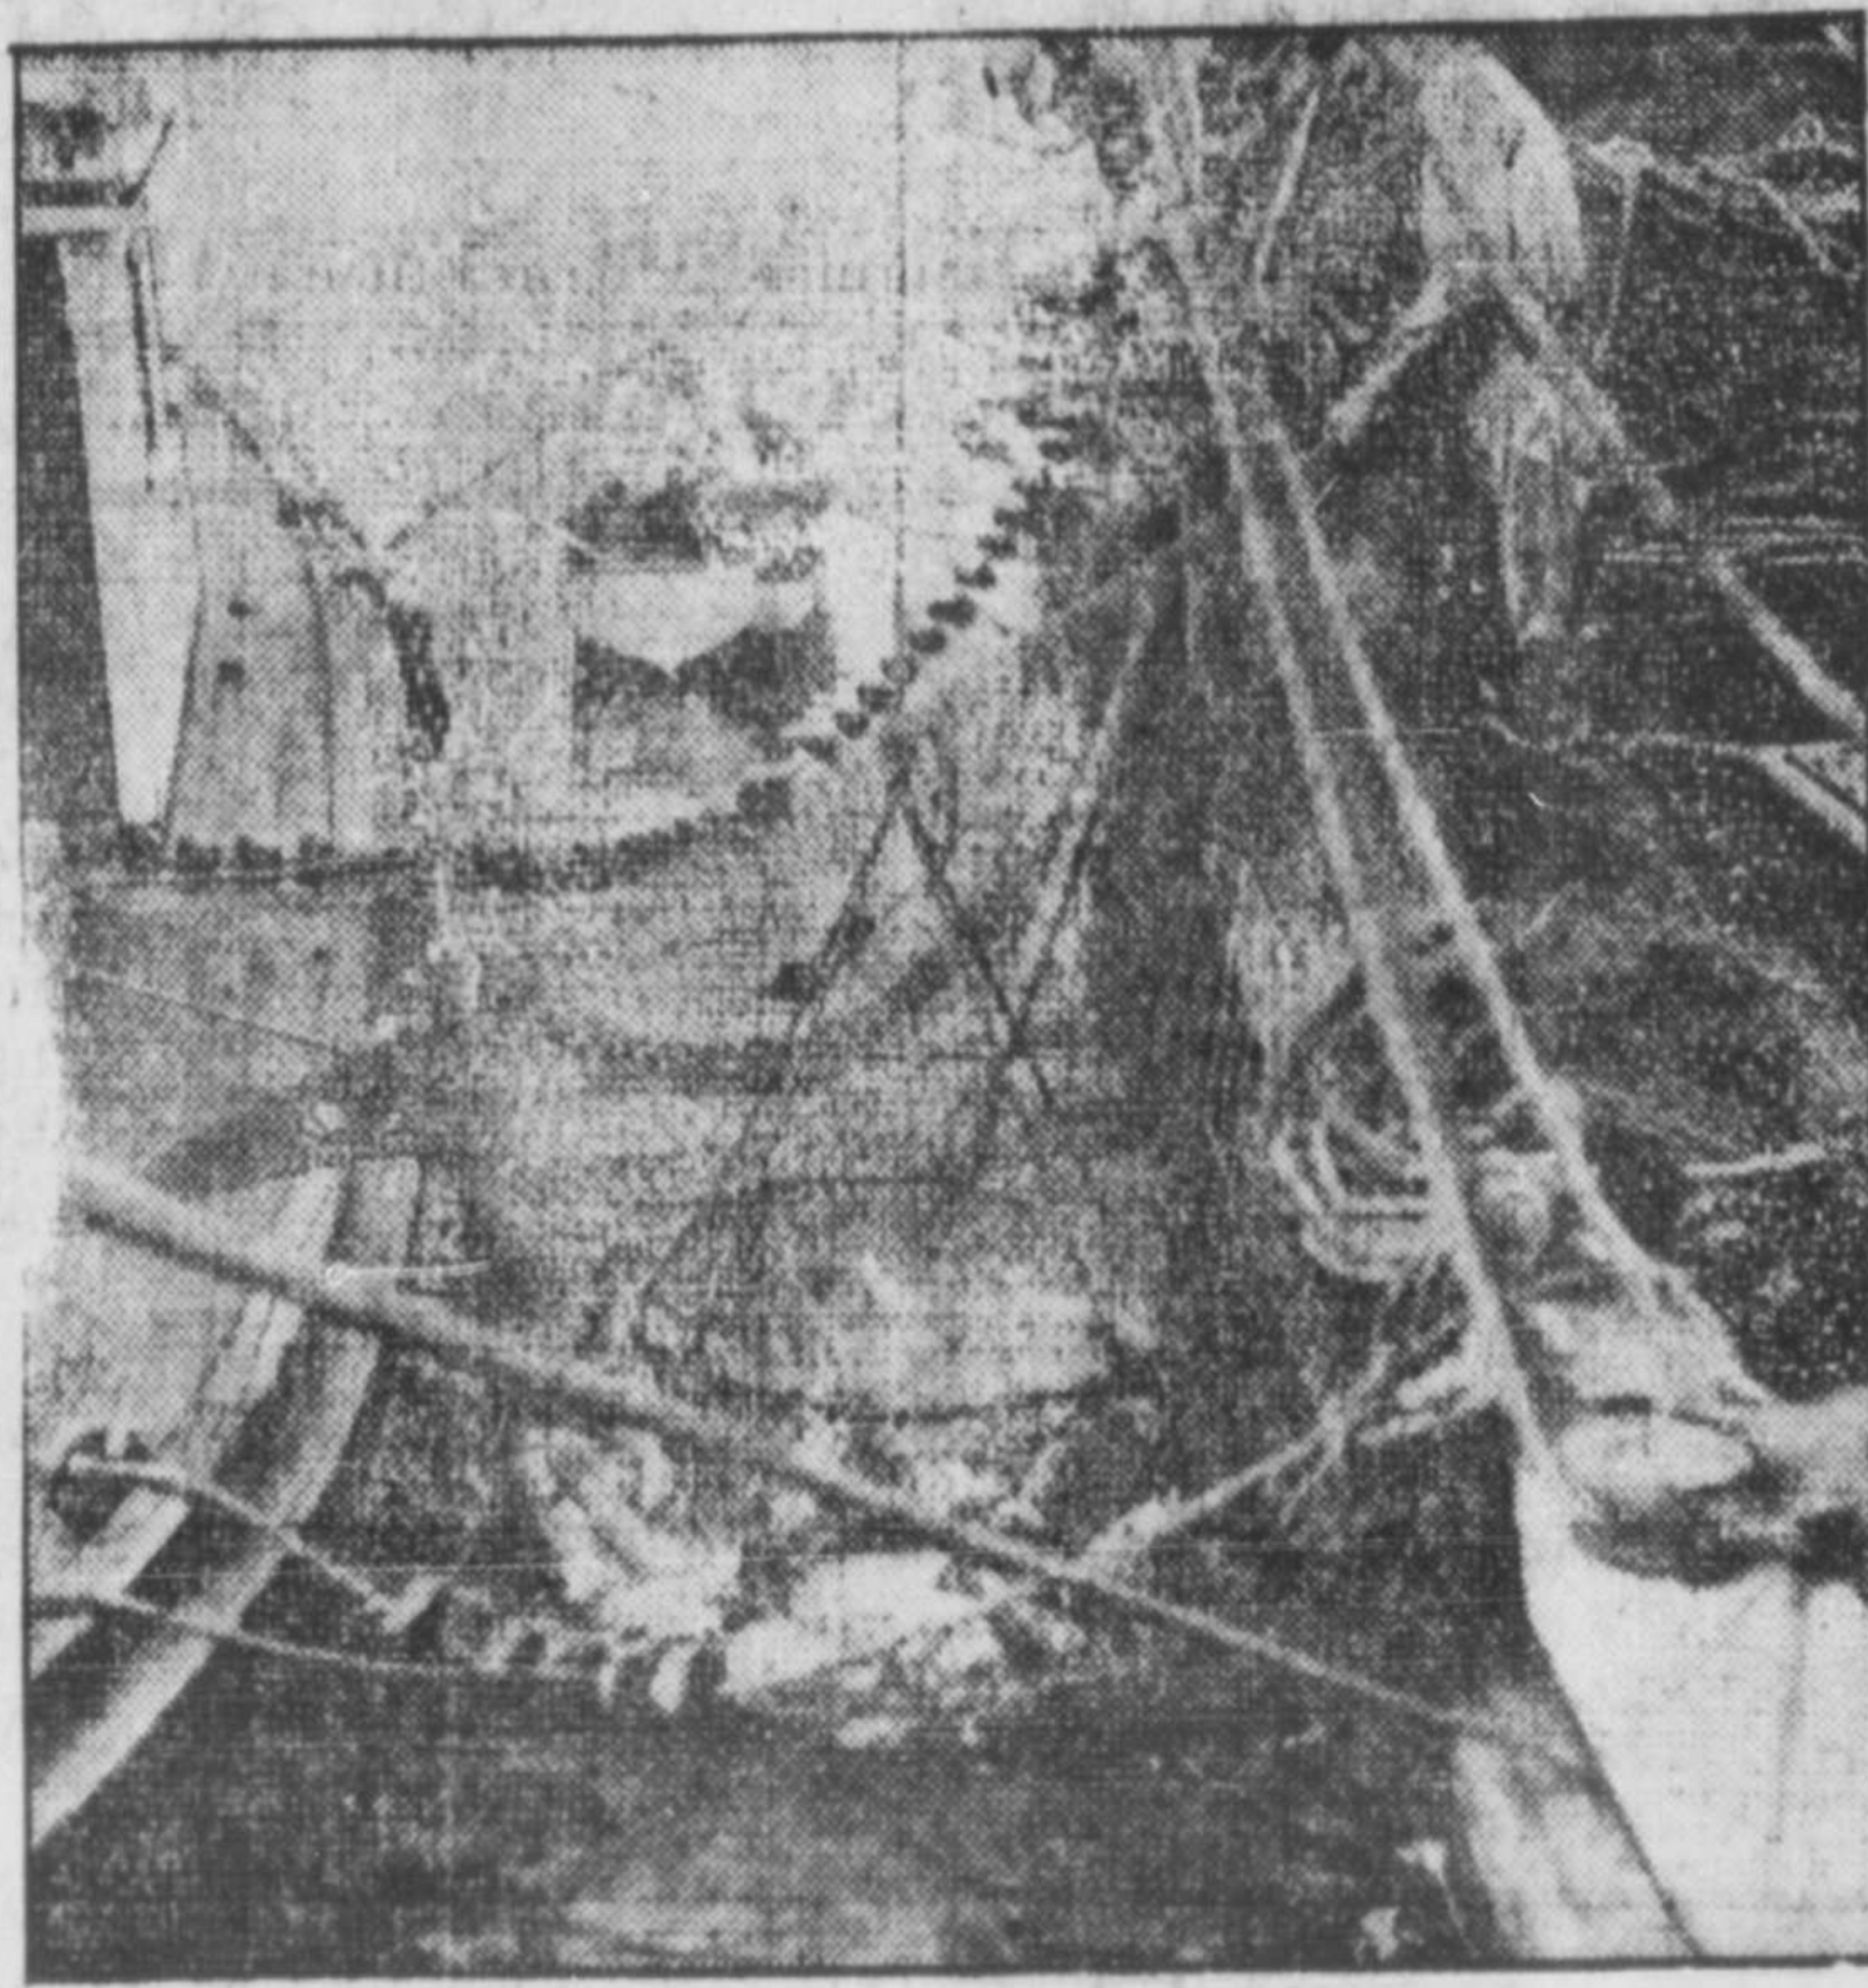

While a month or two ago it was necessary to buoy up hopes with the assertion that the bottom of the depression had been reached because it did not seem possible that business indices could go any lower, the situation has now changed to the extent actual figures can be marshalled to support the statement that an upturn has begun. There are still many lines of economic activity which have yet to improve sufficiently to be ranked among the favorable omens but at least certain key factors in the business situation have definitely changed for the better.

The figures for the earnings of the Canadian Pacific Railway during the month of December constitute one of the most encouraging factors in the business situation in Canada. Based on the weekly reports the December gross earnings were \$15,851,000, which represented an increase of \$1,069,889 over the previous month of November and a gain of \$332,768 over the corresponding month of 1929. After an unbroken series of decreases in gross earnings over the corresponding months of 1929 up to the end of November, 1930, this showing is significant. Figures for the Canadian National Railway are not so favorable and decreases as compared with 1929 are still being registered. It is important to note, however, that the margin of difference between the two years was contracted considerably toward the end of 1930.

Another factor indicative of the volume of business in Canada and one which has shown an increase for the first time over the corresponding period of 1929 is bank clearings. Up to almost the end of 1930 there was a huge discrepancy as compared with 1929 figures. However, the first week in 1931 showed an auspicious increase over 1930. Clearings in Montreal for the week ended January 8, 1931 were \$132,053,699 as against \$127,128,828 in 1930, an increase of \$4,924,871 or 3.87 per cent. Toronto clearings were also up. The total in 1931 was \$133,132,263 compared with \$132,110,869 in 1930, a gain of \$1,021,394 or .77 per cent.

Automobile production in the United States also has begun to show an upward trend. This is an important factor in view of the many lines of industry upon which automobile production depends for its materials. Production in December totalled 155,185 cars and trucks against 134,844 in November and 125,502 in 1929. To some extent this increase was reflected in the iron and steel industry in the United States which "Iron Age" has noted to be improving in the volume of business handled and which is a cornerstone for any advance in the security markets in New York and Montreal.

**Dipping Salmon From a Seine Net**

Crew of one of the Clover Leaf Salmon Packer's 400 boats "brailing" the freshly caught salmon onto a barge which rushes the catch to one of the company's 43 canneries on the west coast.

**Salmon Fishing One of Canada's Largest Industries, Says Gosse, In Giving Interview in Montreal**

MONTREAL, Jan. 20:—Few people are more competent to discuss salmon fishing than is Richard Gosse, managing director of the Clover Leaf Salmon Packers, who outlined in detail the various methods of salmon catching in an interview here. "The principal methods of catching the Pacific salmon in coastal waters are by means of traps or

"A pound net or fish trap consists of a row of pillings extending out from the shore usually for several hundred feet. At the outer end are enclosures into which the fish are led by netting hung on the piles and from which they find it impossible to escape. The principle is the same as that of a corral or similar device into which animals are led. Floating traps are also used, the chief difference from the driven traps being that the netting is suspended from floats instead of being attached to piles.

"The purse seine is another type of fishing apparatus more or less extensively employed in salmon fishing. This is a mobile device and consists of a wall of netting several hundred feet in length, supported at the top by floats and weighted at the bottom, which is used generally in deep water to encircle a school of salmon. After the net has been drawn around the salmon, the bottom is closed by means of a line leading to the fishing boat. The net is thus pursed or closed, and as it is gradually drawn in the fish are concentrated and may be withdrawn with dip nets.

"The beach seine, as its name implies, is used along shore. It is similar in appearance to the purse seine, except that it has no rope at the bottom, and in operation one end is started out from shore and laid around a school of salmon, after which it is drawn ashore at each end. The lower edge of the beach seine rests on the bottom so that the fish may not escape under the net.

"Gill nets are used extensively, particularly at the mouths of rivers. These nets are suspended by floats and weighted at the bottom. Fine linen twine is employed which is virtually invisible to the fish. As they swim through the water the salmon become enmeshed in trying to pass through the net which usually catches them immediately back of the gills. The mesh of the net must be the proper size to catch the particular species sought, as otherwise the smaller fish will pass through and the larger ones will not be caught.

"Trotling is another method employed in capturing salmon," Mr. Gosse concluded. "This species taken thus are the Red spring and the coho salmon. The other species of Pacific salmon rarely if ever take

the hook. Herring are sometimes used for bait in trotling for salmon, and strong lines and hooks are necessary. These operations are conducted from boats propelled with oars or, more generally, from small power boats."

**The Letter Box**

**LIGHTS NEEDED**  
 Editor, Daily News:—  
 Reading an article in your valuable paper, "Service Appreciated," by W. P. Armour, manager of the Pacific Salvage Co. I and my many other friends thank him for giving notice through your paper to the Department of Marine of those necessary lights.

Here is the situation of those rocks. Gull Rocks are plain to be seen with deep water within a few feet of them. Ettrick Rock dries six feet and Havelock Rock dries 10 feet. They are only seen at low water and are very dangerous when submerged. These rocks are situated at the entrance to Jap Inlet, Porcher Island.

There is great traffic all year round to and from the Inlet and Eddie Passage. Twenty gas boats ply out and in of Jap Inlet and the owners are actual settlers.

Some four or five hundred tons of herring bait are caught and pounded in the Inlet for the Prince Rupert halibut fleet. Halibut boats are often delayed until daylight on account of these rocks, going to and from the inlet for bait.

These waters are valued as a salmon gill net drift and these rocks take a toll every year of salmon nets. This is a great loss to the canners and fishermen. Fishermen are liable to lose life and boat on these rocks on a bad night. In winter or spring we have the prevailing winds, S. E. and S. W. These winds make a nasty sea round the Gull Rocks and all traffic hugs the island shore and is in shelter of Porcher Island all the way through Eddie Passage.

Should the department of marine put a light on Ettrick or Havelock Rocks it would be a great benefit to all shipping, or blast them out of the way forever. I have seen such work done for less traffic and the traffic would pay for it in time.

Eddie Passage has and will be the steamship lane to and from the Queen Charlotte Islands by adding two lights. One on William Island and one on the Warrior Rocks. This would make Eddie Passage the safest route to the port of Prince Rupert.

I have been in these waters for 24 years and these lights are needed for shipping. Thanking you, Mr. Editor,

W. SIM,  
 Porcher Island.

**CHURCH MEETING**

First Presbyterian Congregation Sends Calls to Calgary Minister

**Reports For 1930**

The annual congregational meeting of First Presbyterian Church was held last evening, when the following officers for the year were elected:

Congregational secretary, W. W. O'Neill.  
 Congregational treasurer, A. McKenzie.

Assistant treasurer, H. M. Foote.  
 Board of Managers—J. W. McKinley, T. McClymont, S. Massey, E. Smith, W. W. C. O'Neill, A. McKenzie, H. M. Foote, D. McKenzie, J. Idden, Mr. McDougall, Mrs. J. M. Simpson, Mrs. W. L. Sandison.  
 Session, J. W. McKinley.  
 Trustees, A. M. Manson, G. R. Nelson.

After a brief devotional service conducted by H. C. Fraser, M.A., acting moderator, the congregation sent a hearty and unanimous call to Rev. W. D. Grant Hollingworth, B. A., of Calgary.

J. G. Steen presided over the business meeting at which the various departments of the church presented reports from the Sunday during the past year the church made splendid progress in every one of its spheres of activity.

J. W. McKinley who represented the church at the fifty-sixth General Assembly of the Presbyterian Church in Canada at Hamilton in June last, presented the report from the session.  
 Mrs. J. G. Steen presented reports

from the Women's Auxillary. This organization held 10 regular and two special meetings during the year at every one of which the president, Mrs. D. C. Stuart, presided. The various activities of this organization resulted in splendid work being done for the church.

R. Cameron and E. J. Smith presented reports from the Sunday School. These reports showed that this most important department was in a flourishing condition and had had a most successful year. The fact that 75 book prizes had been presented at the annual Christmas entertainment to scholars for attendance shows the interest taken in this work by scholars, parents and teachers. During the year the Sunday School presented to the financial board of the church the sum of \$10. Donations were also sent to Home Missions and to the Christmas Cheer fund of the C. G. I. T. The superintendent, John E. Davey, gave a cordial invitation to every church member to visit the school.

**Various Reports**

Mrs. C. G. Ham presented a most interesting report on the work carried on by the Canadian Girls in Training. This organization meets every Friday evening. Each meeting develops four important sides of life, namely missionary, physical, intellectual and spiritual. During the Christmas season the girls sent supplies of coal and hampers of groceries and clothing to the needy. On two Sunday evenings during the year the girls took entire charge of the church service.

Mrs. James Clark presented a very encouraging report from the Women's Missionary Society. In addition to its missionary activities, this organization sent flowers to the sick and food and clothing to the needy and also looked after the floral decorations of the church.

The financial report of the

**Five Boys—**

**Best Evidence.**

Mrs. Corcoran, of Leigh, writes: "I suffered with biliousness accompanied by sick headaches for days at a time, and every medicine I tried failed to bring relief. A friend gave me some of your wonderful Carter's Little Liver Pills and the first dose gave me great relief. For three years I have taken them every night as a regulator and I find they prevent these bilious and sick headache attacks. I have five little boys and I give them three or four every week. I have great faith in them." Take Carter's Little Liver Pills. All druggists 25¢ and 75¢ red pkg.

church presented by the treasurer, A. McKenzie, was a most encouraging one.

Both junior and senior choirs under the capable and devoted leadership of John E. Davey still continue to give beauty and inspiration to the church services.

Hearty votes of thanks were accorded to all organizations and to all officers and workers whose united efforts had made the past year's work so successful.

H. C. Fraser received a special vote of thanks for his assistance in acting as moderator for the church. Refreshments were served by members of the Women's Auxillary at the close of the meeting.

Get the Ac. reading habit. It pays.

DEPARTMENT OF TRADE AND COMMERCE  
 OTTAWA, CANADA

To Canadian Citizens,  
 Everywhere in Canada.

**Bring the Boys and Girls Back Home!**

How often have we all deplored the fact that thousands upon thousands of our most promising young men and women find it necessary to leave Canada, in order to seek in some other country opportunities for the employment of their talents that seem to be lacking here?

As individuals we have deplored it, because in these cases the sorrow that is caused us through the breaking of family circles and home ties is accentuated by a sense of irrevocable loss, due to a feeling that the separation is going to be permanent. And from a broad national standpoint we have deplored it, because it has meant a serious drain upon the very kind of population—gifted, energetic, ambitious—that we most need to help in developing our magnificent natural resources.

Must we continue to rear and educate our children—to equip them as best we can for the successful careers we hope will be theirs—only to lose them to an alien flag because of the dearth of opportunity for them at home?

Opportunity of any kind is a result, of which production of some kind is always the cause. Most people create their opportunity by engaging directly in some form of production, such as farming, fishing, mining, lumbering or manufacturing. These people provide the foundation and, according as they succeed, opportunity is created for others in all the occupations that constitute the super-structure, such as transportation, banking, insurance, trading, the professions and public service.

The more the people of a country favor their own producers, thus giving the latter all the incentive necessary to increase the volume and broaden the scope of their production, the more abundant will be the immediate opportunities they create for themselves, and the future opportunities they create for their children.

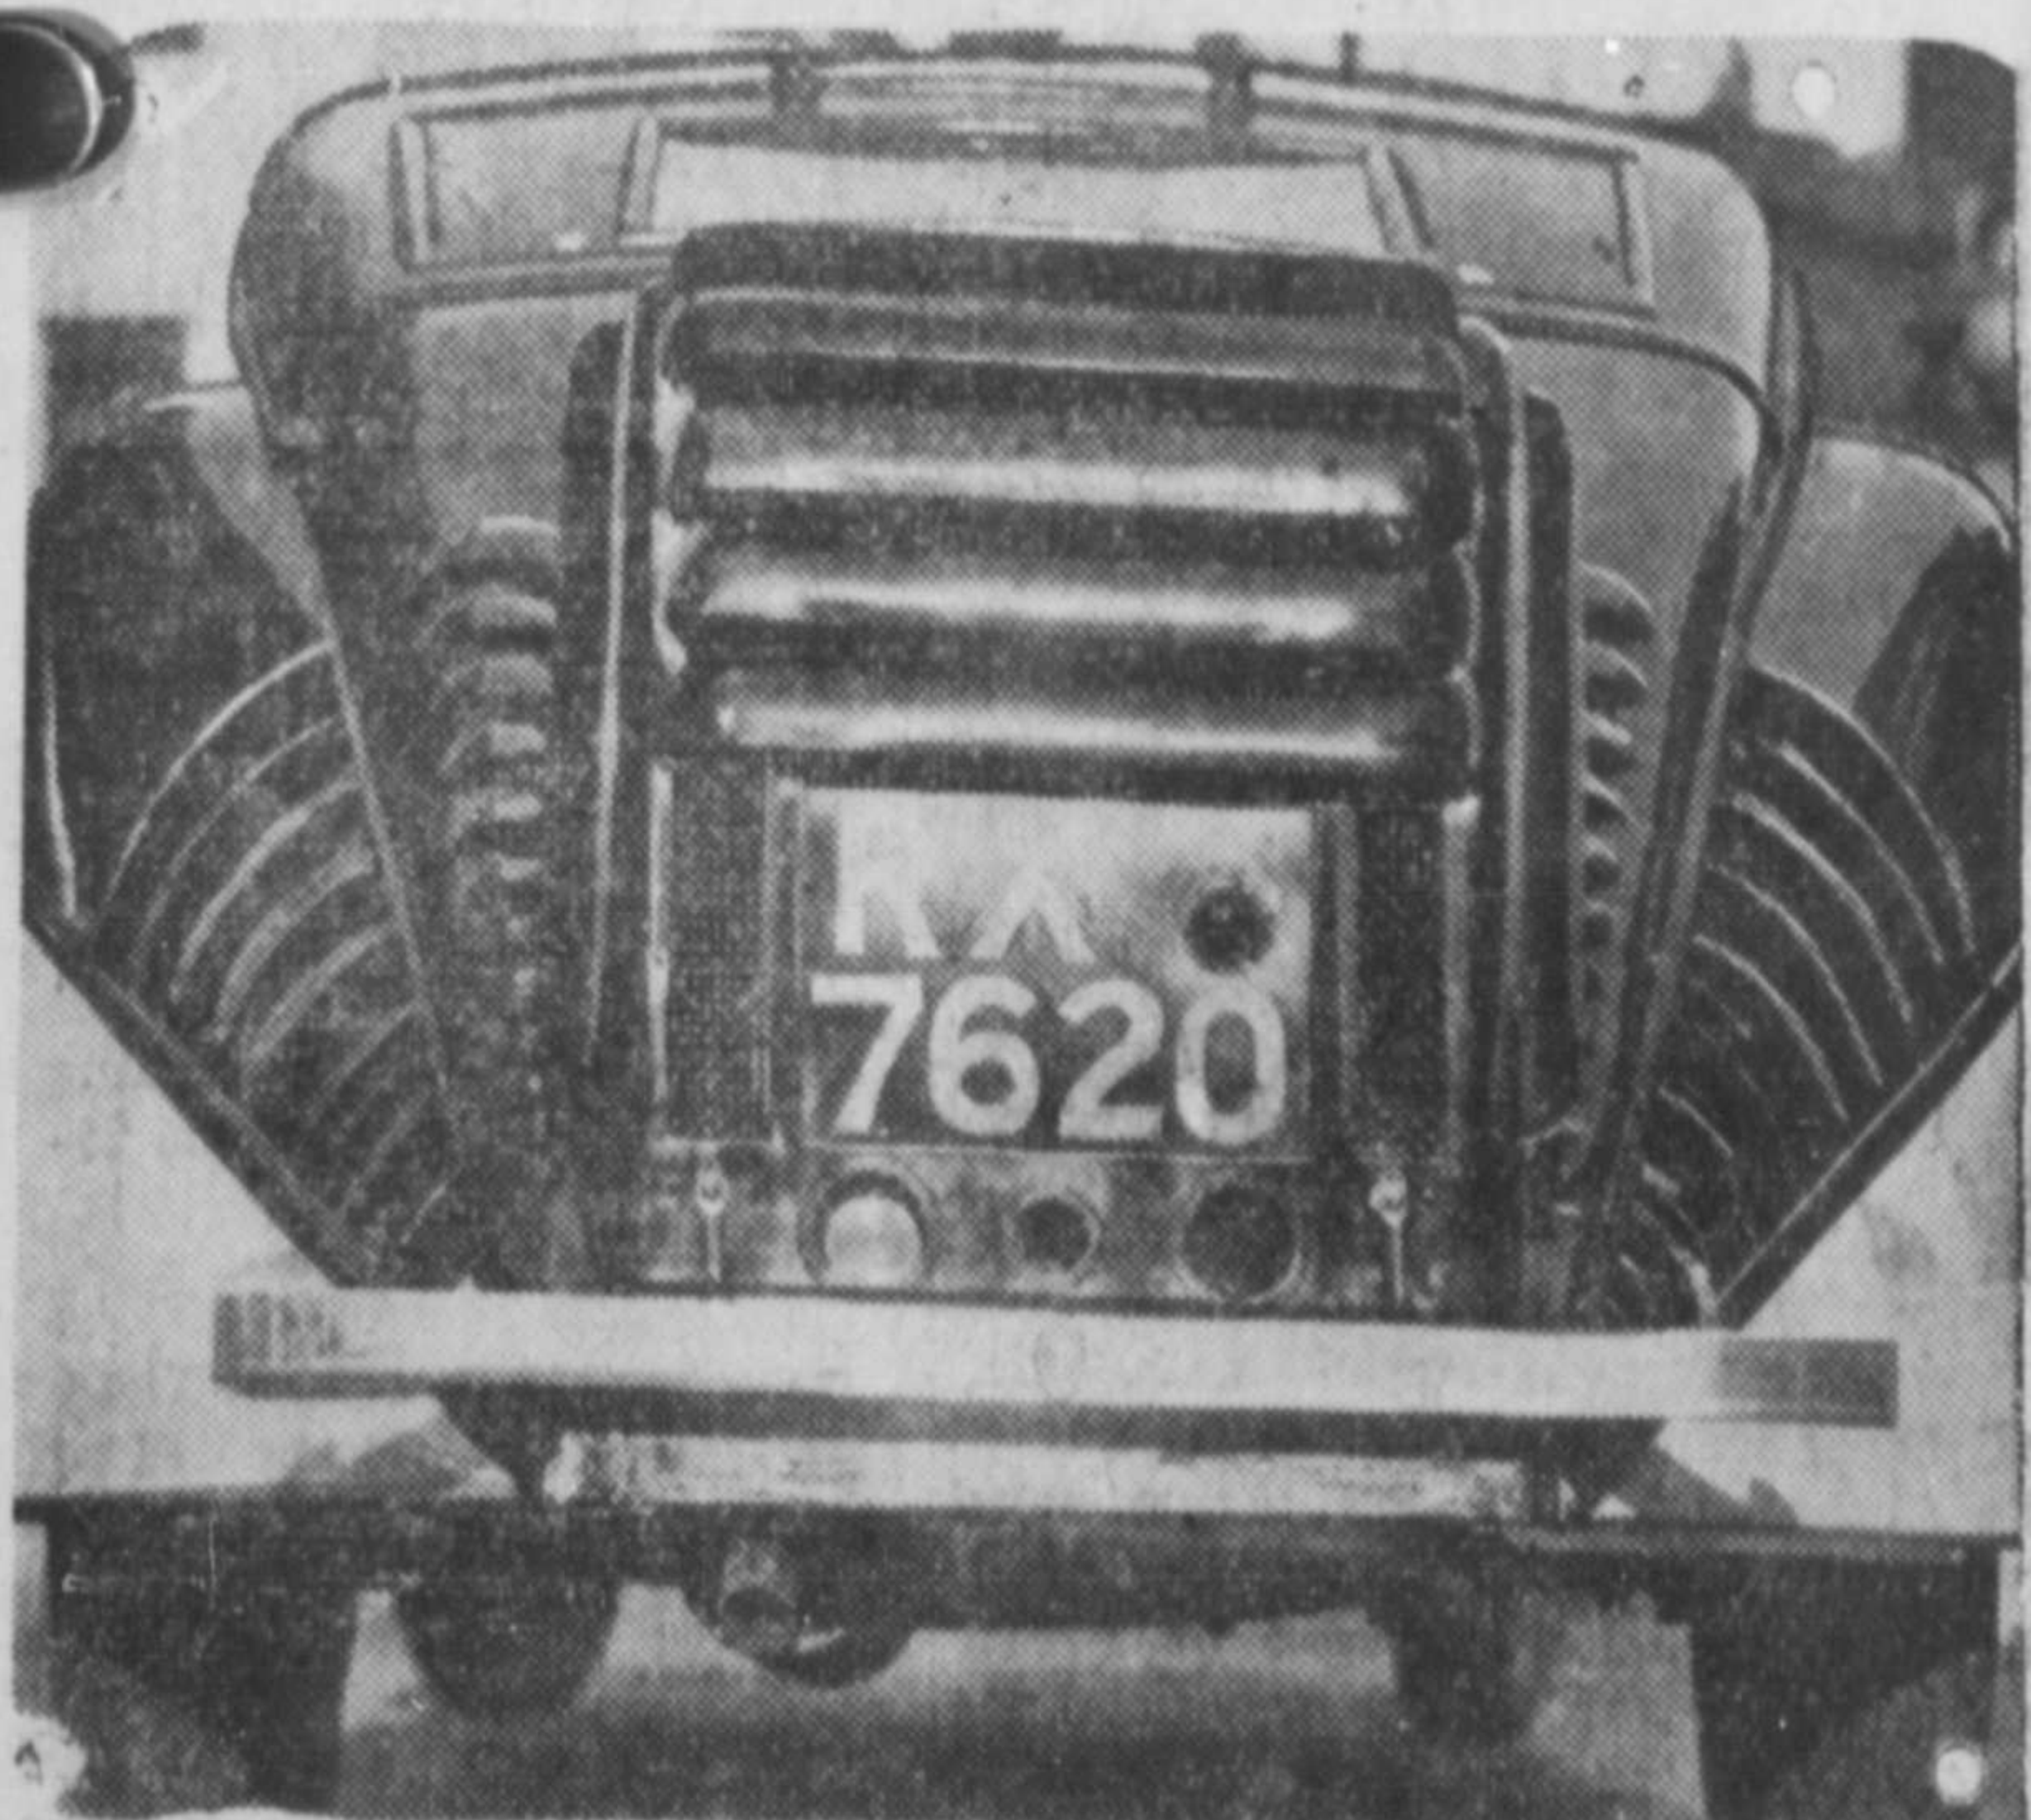

If in the past opportunity has not been as abundant in Canada as it has been elsewhere, it is because Canadian producers as a class have not been as successful as producers elsewhere have been. And the chief reason our producers have been less successful is because they have failed to receive from Canadian citizens generally the same loyal support that the producers in certain other countries have received from their citizens.

Some of these countries import practically nothing that they are capable of producing for themselves. But we Canadians are so careless about our daily buying, so thoughtless of the welfare of our producers, so shortsighted about keeping the door of opportunity open for our sons and daughters, that every working day we allow ourselves to be sold about \$2,500,000 worth of imported merchandise that our own producers would have been glad to make for us, if we had only given them the chance!

Why not let us all resolve that from now on we'll try to bring our boys and girls back home by remembering, in our buying, that it must always be "Canada First"!

Very sincerely yours,

*H. H. Stevens*  
 Minister of Trade and Commerce.

Unique view, showing engine hood (which is placed at back) of revolutionary stream-lined car which Sir Dennistoun Burney, designer of R-100, has had built to his own specifications.

Dr. Wood's Terrible, Tickling Cough Could Not Sleep For It. Mrs. Gordon J. Roy, S. W. Port Mouton, N.S., writes:—“I had a terrible, tickling cough, and at night could not get to sleep for hours for it. I read about Dr. Wood's Norway Pine Syrup and decided to get a bottle of it, and I can truly say it did me a wonderful lot of good.”

## BADMINTON IS OPENED

I. O. D. E. Tournament Was Started Last Evening

The city open badminton tournament under the auspices of the I. O. D. E. Badminton Club was opened last evening on the I. O. D. E. courts. The first round of the men's singles was completed and a couple of games were played in the second round. One game was played in the first round of the ladies' singles.

The feature game of the evening was the first round men's singles match between Frank Russell and Bob Moxley which went three games before the winner was decided.

The trophy for the men's singles is a cup which has been put up by Mayor Cyril H. Orme.

Last night's results:

**Men's Singles, First Round**  
 Bill Tobey beat Wizner Bryant, 15-5, 15-6.  
 Bob Bartlett beat P. McIntyre, 15-2, 15-5.  
 B. H. Robson beat Philip Edgumbe, 15-8, 15-8.  
 Frank Russell beat Bob Moxley, 15-6, 17-15, 15-10.  
 W. Cross beat Sheldford Darton, 15-7, 15-7.  
 Ronald Allen beat Bob Tobey, 15-7, 15-7.

### Second Round

Bill Tobey beat Jack Norrington, 17-15, 15-1.  
 Ronald Allen beat W. Cross, 1-5, 15-10.

### Ladies' Singles, First Round

Miss Kathleen Dunn beat Miss Mary Astori, 15-7, 15-11.  
 Play will be continued this evening.

Games scheduled for tonight are as follows:

9 p.m.—G. P. Lyons vs. W. Lambie.  
 9:20 p.m.—Dr. J. T. Mandy vs. A. H. Young.  
 9:40 p.m.—W. Tobey vs. R. Bartlett.  
 10 p.m.—Winner of Dr. Mandy and A. H. Young vs. B. H. Robson.  
 10:20 p.m.—Winner of G. P. Lyons and W. Lambie vs. Frank Russell.  
 10:40 p.m.—(men's doubles)—Sheldford Darton and C. J. Norrington vs. B. H. Robson and Philip Edgumbe.

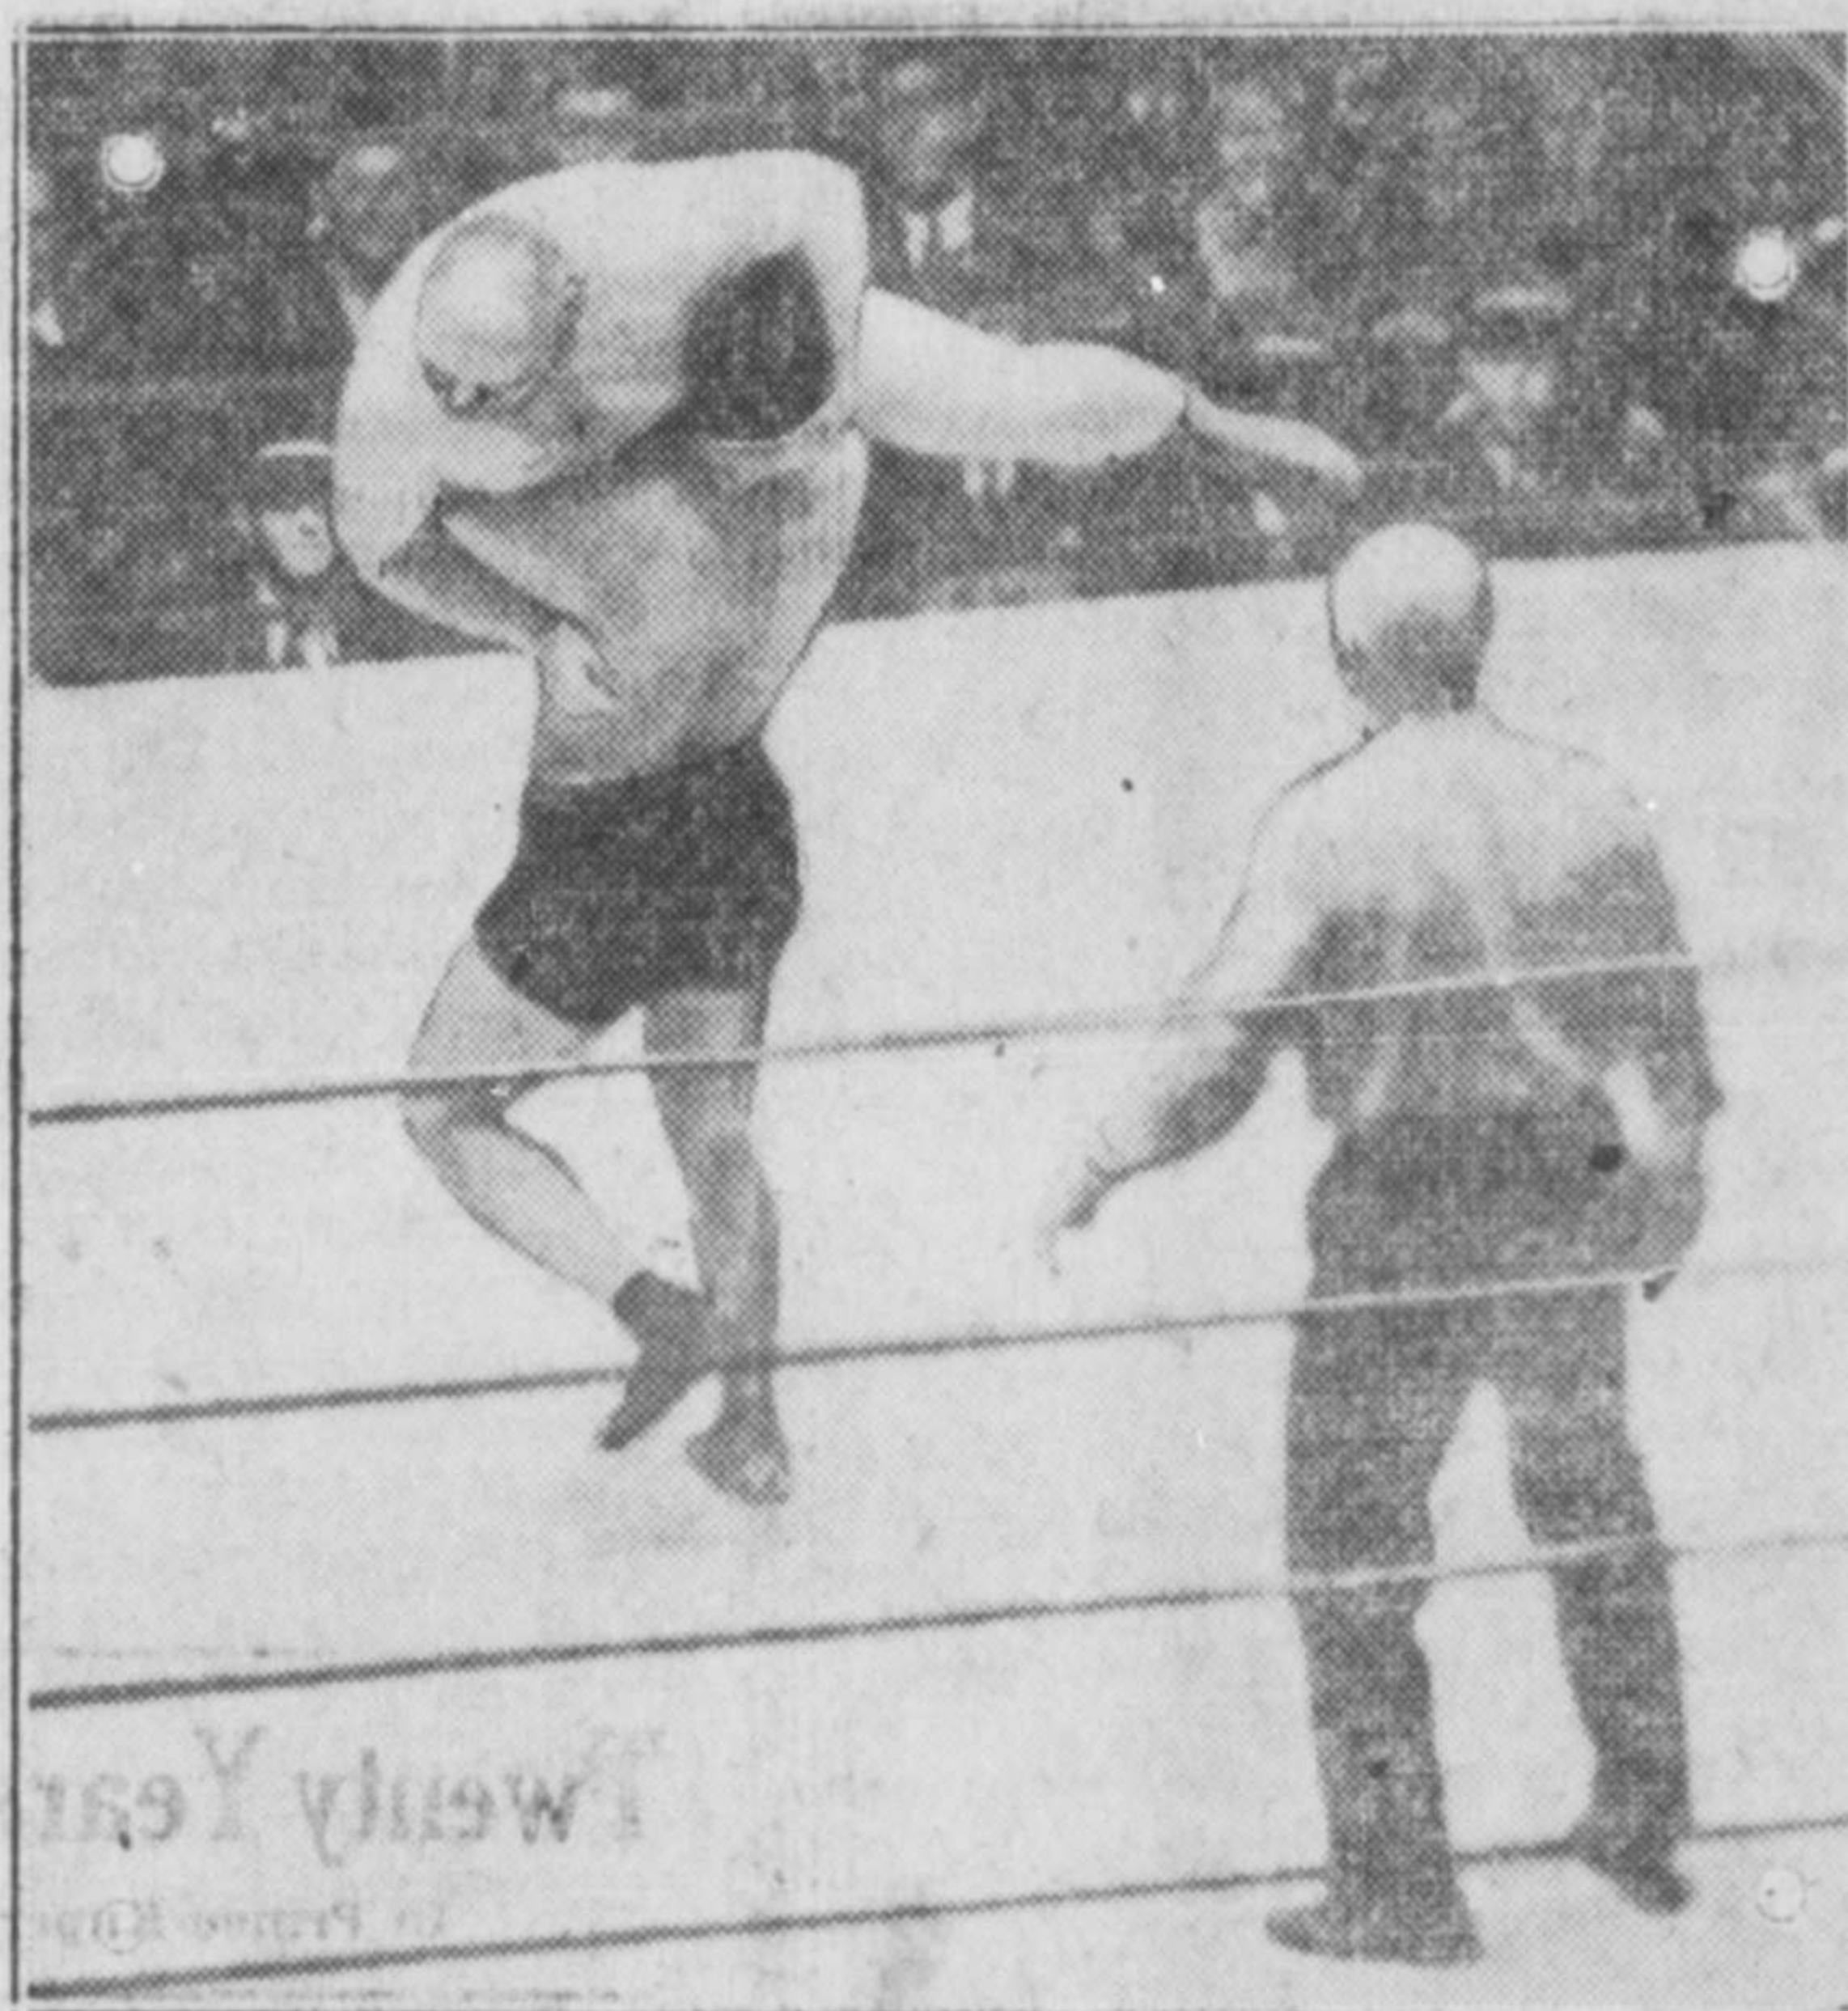

### C. N. R. TRAINS

From East—Sundays, Tuesdays and Thursdays, 3:30 p.m.  
 For East—Mondays, Wednesdays and Saturdays, 11:30 a.m.

## GUINNESS IS GOOD FOR YOU

1 FOR STRENGTH. Guinness builds strong muscles for sport—strong nerves for those under physical strain. Famous doctors say that it is very valuable in cases of mental or physical exhaustion.

The best proof is the test you make for yourself. As you drink a glass of Guinness, you feel better at once—you feel that it is putting strength into you.

Try a Guinness every day with your dinner. There can be no more pleasant way of improving appetite, digestion and general fitness.

Guinness should never be served COLD.

DO YOU TAKE AN INTEREST IN THE FASHIONS OF 1931? WITH which we make bold to remind The Men there are fashions in radios, razors, automobiles and fountain pens as well as wearing apparel. Most women appreciate the authenticity of the fashion news—in regard to silhouettes, coming frills, passing fancies, and the colorful details of the mode — to be found daily in the advertisements. . . . Fashions these days are not confined to clothes. Automobiles, interior decorations, table service, vacations, even breakfasts are more satisfying, if, to use the word of the thirties, they are SMART. Advertisements are continually chronicling the fashions that are smartest. Advertisements keep you informed of the mode in merchandise of all kinds. Advertisements are full of information about the new ideas that make Canadian life what it is today. If you are interested in better living, you are bound to find the advertisements worth while!

MUNRO IS PRESIDENT

Prince Rupert Shrine Club Elects Its Officers For Coming Year
The Prince Rupert Shrine Club held its regular monthly dinner meeting last evening in the Commodore Cafe and elected officers for 1931 as follows:
President, G. H. Munro.
Vice-president, T. H. Johnson.

**TO RETIRE THIS YEAR**

President J. H. Thompson Unable to Continue As Member of Hospital Board

Announcing that he would not be standing for re-election to the board this year, James H. Thompson, who has been chairman of the board of directors of Prince Rupert General Hospital for several years, expressed his appreciation at the final meeting of the 1930 board last evening for co-operation which had been extended him by members of the 1930 board and by H. W. Birch, managing secretary, and Miss Jean Harrison, R.N., the lady superintendent. He referred to the harmony that had existed during the past year. In this regard, he mentioned the tact and efficiency of Miss Harrison.

After Mr. Birch and Miss Harrison had replied briefly, G. P. Tinker expressed regret at the decision of Mr. Thompson to give up active work in connection with the hospital. Mr. Thompson had given valuable service to the hospital and it had been a pleasure to be associated with him in the work. He inquired if Mr. Thompson would not be open to reconsider his decision.

Mr. Thompson replied that he had definitely decided he would be unable to continue on the board.

After considering the financial statement for 1930 which it was decided to recommend to the annual meeting of the Association for its adoption, the hospital board at its regular monthly meeting last evening, set January 30 as the date for the holding of the annual meeting of the Prince Rupert General Hospital Association.

Modern equipment. Complete stock of genuine Ford parts and accessories. And a real desire to help you get many thousands of miles of pleasant motoring at a low cost per mile.

Pay us a call. We'd like to serve you.

**S. E. Parker Ltd.**  
FORD DEALERS

**New Ambulance Is Needed Here**

Matter Referred to at Last Night's Meeting and Will Be Taken Up By New Board

The need for a new and more suitable vehicle for use as an ambulance here was mentioned at last night's meeting of the hospital board by Ald. S. D. Macdonald. Ald. Brown and other directors agreed that a better ambulance was desirable. The matter was referred to the 1931 board for its consideration.

Ald. Brown expressed the opinion that the government should not collect a motor vehicle licence fee for the ambulance. Government Agent C. L. Monroe promised to take the matter up with the authorities.

**Local Nurse To Visit Tranquille**

Will Go to Tuberculosis Institution For Two Months' Special Training Course

Miss Jean Harrison R.N., lady superintendent of the Prince Rupert General Hospital, advised the board at its monthly meeting last evening that, in compliance with a decision made by the board some time ago arrangements had been made to send one of the students of the local training school to Tranquille Sanitarium at the first of next month to take two months' special training in tuberculosis nursing there. Transportation and all expenses of the student on the trip are paid by the government.

Miss Harrison reported that the local hospital was comfortably full just now.

**FIRE HORSES UNDER HAMMER**

Four Well Known St. John Equines Auctioned Off

ST. JOHN, N.B., Jan. 19:—Stepping out of the city's harness to make way for motor equipment, four of St. John's best known fire horses were auctioned off a few days ago. They were Barney and Dan, a pair of matched blacks, which had hauled the steam engine at number one station for 11 years, Joe, with 14 years' service, and Fred with five.

Barney and Dan, 14 and 15 years old, brought \$165. Joe, 17, and Fred, 14, were sold separately for \$82.50 and \$32.50.

The sale leaves but 10 horses in St. John's fire department, the Commissioner pointing out about \$400 annually was saved by the replacement of each horse by motor equipment. Along with some 40 of their predecessors, Barney and Dan and Fred and Joe have gone to the farm.

**Grain Alcohol Price Reduced**

Efforts of B. C. Hospitals Association Meet With Success

The Prince Rupert General Hospital board was advised at its meeting last night by J. H. McVety, president of the British Columbia Hospitals Association, that a reduction from \$19.46 to \$17.80 per gallon in the price of pure grain alcohol for hospital purposes was about to be made by the liquor control board. Figures were given showing that the cost of grain alcohol to the government at present was \$17.55. Appreciation was due F. J. Burd, president of the Vancouver General Hospital Board, for his assistance in having the price reduction brought about, the letter stated.

The letter was ordered filed by the board.

**SCALE OF CHARGES**

The following is the scale of charges made for reading notices.

Marriage and Engagement announcements \$2  
Birth Notices 50c  
Funeral Notices \$1.  
Cards of Thanks, \$2.  
Funeral Flowers 10c per name.

**Hospital Deficit During December**

Operating Loss Last Month Was \$1,969.42, Board Is Informed

During the month of December, receipts of the Prince Rupert General Hospital had totalled \$4,089.81 and disbursements \$6,059.23, leaving a deficit on the month's operations of \$1,969.42, it was reported by G. P. Tinker, chairman of the house committee, at the monthly meeting last evening of the hospital board. There were 1599 hospital days during the month at a cost per hospital day of \$3.78.

**YOUNG WIFE AFRAID TO EAT, LIVES ON SOUP**

"Afraid of stomach gas, I lived on soup for 5 months. Then I tried Adlerika and now I eat most anything without any gas."—Mrs. A. Connor

Adlerika relieves stomach gas in TEN minutes! Acts of BOTH upper and lower bowel, removing old poisonous waste you never knew was there. Don't fool with medicine which cleans only PART of bowels, but let Adlerika give stomach and bowels a REAL cleaning and get rid of all gas!—Ormes, Limited, Drug-gists.
