HINCHCLIFFE DEFENDS NEW PROVINCE INCOME TAX PLAN

Imported Labor, People Without Property and Orientals Now to Pay

Minister of Education Sees Virtue in Additional Impost—Addressed Legislature For Two Hours Yesterday Afternoon

VICTORIA, March 10:—In a two and a half hour address in the Legislature yesterday afternoon, Hon. Joshua Hinchcliffe, minister of education, defended the government's taxation policy and the administration of his own department. Referring to the one per cent additional income tax which was proposed, Mr. Hinchcliffe said that T. D. Pattullo, Opposition leader, had held that the poor people would be made to pay for the extravagance of the government. Denying extravagance, Mr. Hinchcliffe declared that the rich and comfortably well off were also going to pay.

The new taxation measure, the minister of education pointed out, proposed to ask payment for the first time from imported labor, Orientals and the public without property who had long benefitted by public services to which they did not contribute a cent. Every cent they paid would help to lessen the burden carried by the citizen—the British Columbia man who had built up for himself a home and pledged all he had for the benefit of the province.

LITTLE TUG NEAR LOST

Gypsy of Vancouver Rescued in Hecate Straits By Seineboat

QUEEN CHARLOTTE, March 10:—The tug Gypsy, on her way from Captain's Cove to Queen Charlotte broke down off Bonilla Island recently in a heavy sea, something going wrong with the water supply to the boiler.

The pumps being out of order, it was necessary to ball with buckets and it is reported the vessel was making considerable water through strain and seas washing over.

The seineboat Beatrice H. was sent out to look for the disabled ship, picked her up and started to tow for Skidegate Inlet. When off Town Hill, the gale had increased and the seas were mounting up. The tow-line broke.

Capt. Hann reports it was a close call. Had there not been two good able men aboard the Gypsy she would have been lost. With considerable manoeuvring another line was got to the tug and a hard tow it was to get into Skidegate Inlet. The men on the Gypsy, it is said, were about "all in."

DEPARTMENT OF TRADE AND COMMERCE
OTTAWA, CANADA

To Retail Merchants,
Everywhere in Canada.

Yours is a Grave Responsibility!

Some day soon you will be called upon by a commercial traveller who is going to do his best to sell you some foreign-made goods.

To avoid generalizations, and to get down to a typical concrete case, let us suppose you are a grocer, and that the traveller wants to sell you some well advertised line of canned vegetables. Your stock of canned vegetables will soon need replenishing in any event; you have occasionally had customers enquire for that particular brand, so you would anticipate no difficulty in selling it; and the price quoted you is one that appears to offer you a satisfactory margin of profit. What are you going to do about it?

Before answering that question, just remember please that in succeeding days you will have many other commercial travellers call upon you, trying to sell you foreign-made pickles, foreign-made salad dressings, foreign-made biscuits, foreign-made cheese and a host of other imported products—some under brand names made familiar to your customers through advertising, and all at prices that give you a chance of increasing your margin of profit. So again I ask what are you going to do about it?

Admitting for the sake of argument that you enhance your reputation for enterprise if you are always able to supply your customers with any brand they choose to ask for, is it wise of your customers to be spending their money for foreign-made foods instead of Canadian-made foods? And if it isn't, is it wise of you to make it easy for them to do so?

With a few exceptions, nearly all Canadian-made foods originate on Canadian farms. The more your customers favour Canadian-made foods, the busier Canadian farmers will be producing the materials from which those foods are made. And the busier Canadian farmers are, the better it will be for all other classes, including of course your customers, whose prosperity rises and falls with the prosperity of the farmers.

"Quite so," you may say, "but I have to buy a lot of imported merchandise in any event. I have to buy oranges, and lemons, nuts and raisins, tea, coffee, cocoa, spices, and scores of other things. A little more or a little less is not going to make a particle of difference to Canada's prosperity one way or the other."

You may think it won't, but just let us look a little more closely at those items you have mentioned. Granted you have to stock oranges, lemons, nuts and raisins—all imported—in order to give your customers the service they demand of you, does it necessarily follow that just because the other articles are also of foreign origin, there is no room for intelligent discrimination in your purchasing of them?

In Canada's interest, is it not better for you to stock tea that has been blended and packaged in Canada, by Canadian labour with Canadian materials, than tea that has been blended and packaged in some other country? Isn't it better to stock coffee that has been roasted and ground in Canada, than coffee that comes into this country all ready prepared? And if, when stocking merchandise that is necessarily made out of foreign materials, it's better to stock brands that had been packaged or otherwise prepared in Canada, how much more important it is when stocking merchandise like canned vegetables, that could be made just as acceptably out of Canadian materials, always to give the preference to the brand that is produced in Canada throughout?

When a customer asks for an imported brand, that you know is no better than—perhaps not as good as—a Canadian brand of the same thing, at an equal or lower price, what are you going to do about it—enter into a friendly argument to show her the error of her way, or follow the course of least resistance by giving her what she wants?

Let us suppose that all your customers began buying foreign-made foods and that you, with no thought of the consequences, ceased stocking Canadian-made foods in order to cater to the changed demand. And let us further suppose that your competitor across the street began doing the same thing at the same time for the same reason, and that the movement spread to other towns and cities till it became general right across Canada. Wouldn't the food factories of this country soon have to close up? And with their closing, wouldn't our farming industries suffer a severe blow? And with our farmers in the doldrums wouldn't it be only a short time before your customers began to buy less, and to go in debt with you for what little they did buy?

So again I ask you what answer are you going to give that commercial traveller when he comes in to book your order for a line of imported canned vegetables? It's worth a lot of very careful thought, isn't it?

Very sincerely yours,

A. H. Stevens
Minister of Trade and Commerce.

MARY BLAKE SPEAKING

SHE'LL MAKE SOME MAN HAPPY

Pauline M.—is just a young girl—as you can tell from her letter. But she has what I wish every young girl had—a real enthusiasm for cookery, and a real cleverness in ferreting out cooking secrets.

But let me quote her own spontaneous and delightful words: "I have tried many of your recipes—salmon croquettes, creamed chicken, spinach au gratin, baked cauliflower, devil's food cake, caramel nut cake, cherry pudding and so many of them I just can't name them. They were wonderful."

"You see, we were giving a shower for a friend, and I made some of the recipes, and the people just couldn't get over how good and delicious they were, especially the caramel nut cake. They all asked me who made all that, and they said, but, boy! did they rush to me and ask how I got the recipes! I told them from Carnation Company, and they said, gee, they never knew Carnation could do so much. So you see how all my friends appreciate your delicious recipes."

Pauline knows what you should know—that Carnation Milk, being simply pure whole milk, evaporated to double richness and "homogenized" so that the cream is broken up into finest particles and distributed through every drop, gives cooking results that even the best of bottled milk cannot equal.

USE THE SAFEGUARDED MILK

Only purest whole milk, safeguarded at the source by the strictest cleanliness in the care and in the milking of the cows, and then evaporated to double richness goes into Carnation cans. These cans are then hermetically sealed to continue the protection until Carnation reaches you.

SEATTLE CINCHES POSITION IN COAST HOCKEY PLAY-OFFS

Eskimos Defeated Vancouver Lions Last Night by Scoring Only Goal in Whole Contest

VANCOUVER, March 10.—Scoring a well merited victory in a tightly contested game, Seattle Eskimos defeated Vancouver Lions one to nil in last night's Pacific Coast Hockey League fixture here. As a result the Eskimos have cinched a berth for themselves with Vancouver in the league play-offs and are now but a single point behind the Lions in the league standing, having also a chance to take first place. The lone goal for Seattle was scored by Gordon Savage in the second period.

The first period was quiet and even, being featured by very clean play. Things livened up, however, in the second and a number of penalties were called on either side. A concentrated offensive on the part of the Lions stormed the Eskimos net for several minutes but, finally, Savage, with a fine individual effort, broke away and beat Percy Jackson, Vancouver goalie, for the evening's only counter.

The league standing is now as follows:

	W.	D.	L.	For	Ag't	P.
Vancouver	14	8	10	57	52	36
Seattle	13	9	9	55	47	33
Portland	10	8	13	52	53	28
Tacoma	2	1	7	12	24	5

After Conference With Connors, Hockey Head Announces He Has Reconsidered

VANCOUVER, March 10.—There is a possibility of Bobby Connors, Seattle Eskimos hockey star, who was suspended for the rest of the season by President Frank Patrick of the Pacific Coast Hockey League for clouting Doug Brennan of the Vancouver Lions over the head with his stick in the game at Seattle last Friday night, yet seeing action again this season.

Patrick announced last night that he had decided to reconsider the penalty he had imposed upon Connors. Yesterday Connors, who came along with the Eskimos on their trip here for last night's game, had a conference with Patrick. Connors admitted that he had done wrong and that he merited being banned for the rest of the season. He explained, however, that he had lost his head during a tight pinch of battle. He asked for leniency after making these admissions.

Patrick's announcement that he will reconsider his original penalty is taken to mean that Connors will be available, after all, for the Eskimos in the play-off series when he will be much needed.

WHO'LL WIN THIS BOUT?

Los Angeles Fans Don't Know Whether to Bet on Uzeudun or Kennedy

LOS ANGELES, March 10.—Fight fans are pretty well divided up as to who will win tonight's heavy-weight battle here between Paulino Uzeudun, the Basque wood-chopper, and Les Kennedy, Long Beach heavy. Both men have their supporters.

The last time Uzeudun appeared in a fight of any importance was a few years ago against George Godfrey, the big negro. Just what kind of shape he is in now seems to be more or less uncertain.

Kennedy has shown up well locally and has a lot of friends who think he is going to win. In any case, the most of fans would like to see him win, which means just about exactly nothing as far as actually winning is concerned.

TITLE WON BY HUSKIES

University of Washington Defeats California in Final of Basketball Series

SEATTLE, March 10.—University of Washington annexed the Pacific Coast Conference basketball title here last night by defeating University of California 42 to 30 in the final and deciding game of a three game series. Washington had won the first game and California the second.

The Huskies allowed the southerners to shoulder them around and play an offensive game, and captured the penalty shots of which there were nineteen, netting the Huskies 14 points. John Fuller of Washington was the high scorer with six field goals and five goal shots for a total of 17 points. Ned Nelson played a fine defensive game for Seattle.

It is the first time the title has come to Washington and the second time to the northwest, Idaho having captured it in 1923. The University of California had held the title for two years up to last night.

A crowd of 7,500 fans witnessed the match which could not be called anything else but a rough affair with the big Californians the worst offenders. Penalties were called right and left.

At the end of the first six minutes of play, the score was 13 to 4 in favor of Washington and at half time was a 20-20 deadlock, six minutes before the close of the game, the score was 38 to 26 for Washington.

It was announced after the game that Washington would accept the offer to meet Columbia University Atlantic Coast title winners, in a national collegiate title series in Chicago providing certain changes were made in the arrangements. The conditions upon which Washington will journey east are that the opening series be delayed from this Saturday to Wednesday of this week, so that the Washington players may complete examinations now pending, that terms be satisfactory to Washington, and that the faculty approves.

Rec Edmundson coach and his boys are anxious to make the trip but they realize that their studies must come first. The stress of these eliminates any possibility of further playing or travelling this week.

Helene Madison Unable to Try For Time Records Tonight in Seattle

SEATTLE, March 10.—Because Helene Madison, Seattle swimming star, is a much weaker girl following an attack of influenza than had been expected, she will be unable here tonight to attempt the setting of a new world and American women's 75 yards back stroke swimming record or 500 metres free style.

She will, however, make a scheduled appearance tonight swimming a fifty yard back stroke exhibition as well as attempting her share in a relay record time trial.

TEAMS ARE EVENED UP

Terrace High School and Town Teams Tied For Basketball League Honors

TERRACE, March 10.—As a result of winning a postponed game with Vanarsdol on Tuesday night last, the High School team advanced into a tie with the Town for league leadership, each team having four wins. The final score was 34-18, the half-time score being 12-12. The teams played evenly in the first period, the school team gaining a slight lead and then losing it again. In this period Bowering scored eight for the school and Watts and Burton, six each for Vanarsdol. The school team started with a rush in the second period and scored three baskets in the first minute. From then on the result was never in doubt. Watts collected three field baskets in the period for Vanarsdol but his teammates were unable to score. Kerr replaced McLeod half way through and Johnstone and Green came on just before the end. Johnstone scored the prettiest basket of the game just before the end, a backhand over his head from the corner. For the winners Bowering stood out with 18 points while Little and Michiel turned in useful games. Watts and Burton were effective for Vanarsdol. Kennedy was below his usual form. Bill Nelson refereed capably.

High School—McLeod, 4; Kerr; Bowering, 18; Green; Johnstone, 2; Little, 8; Wallace, Michiel, 2-34.

Vanarsdol—Kennedy; Burton, 6; Watts, 12; Bolton; Roberts—18.

VANARSDOL IS BEATEN

Terrace Winner of Close Basketball Game on Saturday Night

TERRACE, March 10.—On Saturday night the Terrace High School team made a trip to Vanarsdol and took a fast and exciting game from the latter team by a score of 25-23.

Vanarsdol led right through the game and it was only a last minute rally by the School team which won the game for them and kept them on even terms with the Town team in the league standing. Orvil Kenney refereed. The school team started with a spurt and ran up an 8-2 lead but Vanarsdol gradually cut this down and had a 14-12 lead at half time. Play was very even in the second half, no more than five points separating the teams at any time. A basket by Bowering in the last minute won the game for the school. For Vanarsdol Watts and Burton, particularly the latter, were effective while Kennedy turned in a good game. Bowering did a lot of scoring for the school team while McLeod worked tirelessly. Michiel and Wallace teamed up well on defence. Neither side used any substitutes.

Vanarsdol—Watts, 9; Kennedy, 4; Burton, 10; Mason; Bolton—23.

School—McLeod, 3; Bowering, 18; Little, 4; Wallace; Michiel—25.

The early part of the evening was spent at progressive bridge. The prizes were won by the following: ladies' first, Mrs. B. A. Monroe of Skidegate; consolation, Mrs. Der Val, Queen Charlotte City; men's first, E. C. Stevens Jr.; consolation, G. Chasteny.

The latter part of the evening was spent in a lively ring throwing contest, the captain of the Skidegate team being Mrs. E. C. Stevens. The opposing team representing Queen Charlotte City was captained by Mrs. A. Christenson.

The Skidegate team won by a large margin. The prize was a tin of tomatoes each. The defeated team had to be consoled with a lemon to each member.

OPTIMISM ON ISLANDS

Revival of Timber Business With Several Operators Opening Up

PORT CLEMENTS, March 10.—As spring approaches there is a feeling of optimism noticeable in the community. At the southern end of the islands, Mr. Allison and Mr. Morgan are opening up their camps, and at the north end the J. H. Baxter Pole Co. are putting on a few men getting ready for their season's work. Arthur Robertson's sawmill at Massett has been cutting local orders and getting logs from some of the small operators.

Trapping Poor In Interior

KITSELAS, B.C., March 10.—Chief Mark Githorn, better known to many as Chief Mark McKay, arrived in from his trap line bringing half a dozen beaver, a mink, a marten, and a fine bear pelt. He reports that his wife found the bear holed up for the winter.

On Lakelse Lake, the chief saw seven hair seals, something never seen there before at this time of year. They kill a lot of fish. Owing to the lack of snow and ice very few furs are being obtained.

ROADS ARE VERY BAD

Deplorable Condition of Affairs on Island Is Reported

QUEEN CHARLOTTE CITY, March 10.—Never were the roads from Tiel to Queen Charlotte in such run-down condition as they are today. One travelling these roads needs to carry jacks, axes, and shovels to get himself out of mud holes in which he is likely to get stuck.

Gust Ross of South East Harbor reports that he has earned a considerable sum with his oxen, pulling out mired cars.

Last week a popular young man with a lady friend got stuck near Dead Tree and had to stay there until the early hours in the morning when an anxious friend went to investigate.

Much has been said as to why the roads have got into such terrible shape.

Port Clements Bachelor Has Bridge Party

PORT CLEMENTS, March 10.—Frank Pearce, local merchant, celebrated his birthday by giving a bridge party recently to some of his many friends. D. E. Maxwell and Mrs. T. L. Williams, as partners, won the prizes. At midnight a very dainty lunch was served by the genial host.

Dance Opens New Garage

Ben Agar Rises Out of Ashes at Terrace in Merry Style

TERRACE, March 10.—J. B. Agar started off his fine new garage in proper style on Tuesday night last when he staged a free for all dance in which he received the patronage of nearly everyone in the district.

The evening was certainly one to be long remembered for the lovers of merry dancing surely had their fill. J. McLaren acted as floor manager and a six-piece orchestra held sway most of the evening.

A. C. Smalle, who was a visitor in town from Prince Rupert, rendered man in support to the merry-makers and, with the provision of abundant and choice refreshments and a "devil-may-care-we-are-out-or-a-good-time" spirit prevailing, the event swung through from start to finish with a pep that left dancers and spectators alike attuned to a keen enjoyment that sent them home feeling that in spite of hard times there was still a wealth of pleasure in the world.
