PRINCE RUPERT, B. C., WEDNESDAY, OCTOBER 21, 1931

PRICE: FIVE CENTS

RADIO TELEPHONE CENTRE PLANNED

MACKENZIE KING THREATENS TO QUIT GRIT LEADERSHIP

Agreement to Be Drawn Up Covering Installing Communication Depot

City Council Has Conference With George H. Halse—Co-operative Plan Is Suggested

It was decided at a special meeting of the city council last night to have George H. Halse, president of the Northwest Telephone Company, submit a tentative agreement to the council under which his company would install a central radio station at Prince Rupert without any cost to the city. The station would connect up with the city

LIQUOR IS NOT ISSUE

First Time in History That Question Has Not Entered British Election Campaign

LONDON, Oct. 21.—This is the first election in history that liquor is not being made an issue in some manner. In view of other pressing national problems, the wets and dries have declared a truce. Even church bodies have decided not to quiz the candidates on the subject.

INCREASE IS DENIED

Interstate Commission Will Not Permit American Railways to Boost Rates

WASHINGTON, D.C., Oct. 21.—The Interstate Commerce Commission yesterday refused an application of United States railways to increase their rates by 15 per cent in order to meet the arduous financial situation. Some other means will have to be devised to rectify matters, the Commission ruled.

Richard Dix Is Married

Noted Moving Picture Actor Elopes to Yuma, Arizona, With Miss Winnifred Coy

YUMA, Arizona, Oct. 21.—Richard Dix, noted screen actor, and Miss Winnifred Coy of Los Angeles eloped to this city and were married yesterday.

An Emergent Communication of Tsimpsaan Lodge No. 58, A. F. and A. M., will be held in the Masonic Hall, corner of Third Ave. and Fifth Street, on Friday, October 23rd, 1931, at 2:30 o'clock p.m. for the purpose of holding a Masonic Funeral Service for our late Brother Alex N. Davie.

All members and sojourning Brethren are requested to attend.

E. H. MORTIMER, P.M., Secretary

Threatens to Resign Leadership

Rt. Hon. W. L. Mackenzie King who made sensational speech at London, Ontario, last night.

WINTER TO BE LONGER

Indians Predict That It Will Be Cold and Lengthy—Tell From Observations

VICTORIA, Oct. 21.—A long, cold winter is predicted by the Indians as a result of their observations this fall of the bees, bears and beavers.

The bees, the Indians say, have hung their nests high this fall and this is taken as a sign that there will be deep snows.

The bears are unusually fat and well prepared for a longer winter sleep than usual.

The beavers have put up an exceptionally large food supply to tide them over the frozen months.

ASK CHARTER FOR ALASKA

Northwest Telephone Co. Would Extend Operations to Chief Cities of Territory

George H. Halse, manager of the Northwest Telephone Co., who is planning to connect Prince Rupert with their system, told the city council last night that the company had applied to Washington for a charter to operate in Alaska. If this charter were secured they expected to operate from all the important centres, tying up with Ketchikan, Sitka, Fairbanks, Dawson, Peace River and in fact every important centre in the huge northern area. Ketchikan businessmen were very keen to have the system installed.

WHEAT JUMPS ABOVE SIXTY CENTS TODAY

VANCOUVER, Oct. 21.—Wheat jumped to 60 1/4c on the local exchange today. It is the first time in months it has been over 60c.

HALIBUT LANDINGS

American Nordic, 20,000, Royal, 15,4c and 6c.

WEATHER CONDITIONS INDICATE BIG STORM

There was every sign early this afternoon that Prince Rupert is due for a heavy equinoctial storm before the day is out. The barometer at noon had dropped 96 points, almost an entire degree, since yesterday and was still falling fast. A gusty southeast wind presaged a heavy tempest in the offing.

LONG HOP IS SPEEDY

Major James Doolittle Flies From Washington to Mexico City in Little Over 12 Hours

MEXICO CITY, Oct. 21.—Major James Doolittle, noted American long distance flyer, made a flight from Washington to Mexico City yesterday in the remarkable time of 12 hours and 15 minutes.

LARGE ATTENDANCE AT ARMY MEETING

The Salvation Army Citadel was crowded last night when Staff Captain Joseph Acton, divisional commander of the Salvation Army for Northern British Columbia and Alaska, gave a magic lantern lecture on the subject of the Pilgrim's Progress. Capt. Steele, local commandant, presided.

CHINESE GOVERNMENT IN CONFERENCE TODAY

CANTON, Oct. 21.—Representatives of the Nanking and Canton governments are meeting in conference today. The possibility of war with Japan is the principal item on the conference agenda.

Present Condition of Liberal Organization Deplored by Former Premier in Address at London

LAVAL ON WAY OVER

French Premier Praetises Up On English—Concessions Discussed

ON BOARD SS. ILE DE FRANCE, Oct. 21.—Premier Pierre Laval, aboard this ship en route to Washington, D.C., for conversations with President Hoover on international matters, is taking every opportunity to polish up his English speech for the visit to the United States.

Each day the French Premier holds conferences on board the ship with members of his party to discuss how far they can go in such concessions as may be agreed upon.

Premier Laval is definitely opposed to any extension of the war debt moratorium but is rather in favor of a definite percentage of reduction being agreed upon. It is understood that Laval would agree to a 50 per cent reduction should Hoover propose it.

Rancher's Wife Ends Own Life

Mother of Ten on Lonely Farm Found Dead

QUESNEL, Oct. 21.—Grim tragedy stalked in the home of Peter Rasmussen, rancher on the Yukon Telegraph Trail, 92 miles north of here. Rasmussen returned from Vanderhoof to find his wife, the mother of their ten children, dead on the floor with a bullet wound through the heart. There were no witnesses of the shooting. The younger children at home had previously been sent out into the fields by the mother. Returning a few minutes later, they found the body.

The girl on the switchboard at Vanderhoof and the Yukon operator at Quesnel responded to frantic calls by one of the children about 10 o'clock Sunday morning, but were unable to understand what they were trying to say. Repeated calls afterward failed to get any answer from the Rasmussen home.

Dr. Stone, coroner of Vanderhoof, conducted an investigation and pronounced it a case of suicide.

Mrs. Rasmussen had lived on the ranch for eighteen or nineteen years and loneliness and despondency are the only causes ascribed for the woman taking her own life.

The youngest child is two, the oldest sixteen. Mrs. Rasmussen was about forty-two years of age.

Ruth Nichols Getting Ready

LOS ANGELES, Oct. 21.—Ruth Nichols, who sustained injuries earlier in the year when attempting a trans-Atlantic flight, is preparing at a local airport for a mystery flight.

Reiterates Demand for Judicial Inquiry Into All Campaign Funds—Harry Sifton Criticizes Stand of Grit Chief Regarding Beauharnois.

LONDON, Ont., October 21.—Branding the parliamentary investigation of Beauharnois company affairs as incomplete and abortive, Rt. Hon. W. L. Mackenzie King, Liberal leader, in an address here last night reiterated his demand for a judicial inquiry into all campaign funds for the last three general elections. Mr. King deplored the present condition of party organization threw out the hint that unless steps were taken to put the Liberal party in an effective financial position, he might be compelled to consider resigning the leadership.

Mr. Mackenzie King vigorously defended his government's relations with the Beauharnois corporation.

Following the address of the former Premier, Harry Sifton, son of the late Sir Clifford Sifton, issued a public statement in which the young Liberal demanded the drastic purging of party connection with the Beauharnois situation. He said: "I listened with deep disappointment to the remarks of our leader, Mr. King, which can only be interpreted as an effort to justify on the narrowest of technical and legal grounds what is in fact a political blunder of most destructive and far-reaching character."

Mr. Sifton called for the cancellation of hydro power commission contracts with the Beauharnois corporation and a full probe into the parliamentary Beauharnois investigation.

PASSING OF POOL HEAD

A. J. McPhail Dies After Having Nearly Recovered From Operation For Appendicitis

REGINA, Oct. 21.—Operated on two weeks ago for appendicitis and, apparently, well on the road to recovery, A. J. McPhail, president of the Saskatchewan Wheat Pool since its inception in 1924, died suddenly early this morning when a clot formed in the bloodstream, affecting the heart. Mr. McPhail was born in Ontario 47 years ago.

GARAGE IS DESTROYED

Loss of \$50,000 When Plant of C. C. Brown Motors in New Westminster Burns

NEW WESTMINSTER, Oct. 21.—Damage amounting to \$50,000 was done by fire which early today destroyed the premises of the C. C. Brown Motors on Columbia Street, and almost destroyed the premises and contents of the DeLuxe Motors adjoining.

The Weather

Prince Rupert—Overcast, fresh southeast wind; barometer, 29.10; temperature, 46; sea moderate. Langara Island—Cloudy, strong southeast wind, sea rough. Dead Tree Point—Raining, calm; barometer, 29.36; temperature, 46; heavy swell.

EDMONTON PURCHASES PRINCE RUPERT BONDS

During the past two days, \$187,000 of Prince Rupert bonds have arrived at the City Hall for registration, having been purchased by the City of Edmonton for sinking fund purposes. It is believed that Hon. V. W. Smith, a prominent member of the Alberta provincial government, who sat on Prince Rupert's first city council, may have recommended the purchase of Prince Rupert bonds to the city of Edmonton.

Canada's Standard Cough Remedy

THE sales of BUCKLEY'S Mixture in Canada exceed that of any other cough and cold remedy. Better—that's why—and different. BUCKLEY'S is not a soothing syrup, but an anti-acid, penetrative mixture that goes right to the root of the trouble, and clears it up in double quick time. Take no chances—take BUCKLEY'S. It "acts like a flash" in stopping the cough. Opens the bronchial tubes, soothes the irritated tissues, and helps to build up what the cough tears down.

A SINGLE SIP PROVES IT!

At any drug store—two sizes—75c and 40c
OVER 4,000,000 BOTTLES SOLD

THEY WERE THE GOODS.

Chesterton says that when God created the world he looked things over and saw that they were good. By the mercantile idea God would have looked at them and seen that they were "the goods." Further, he remarks that had the present mercantile system been in force, "all creation would be for sale or all the creatures seeking employment; with all the morning stars making sky signs together and all the sons of God shouting for jobs."

Again, G. K. says: "Trade is all very well in its way, but trade has been put in the place of truth. Trade, which is in its nature a secondary or dependent thing, has been treated as a primary and independent thing; as an absolute. The moderns, mad upon mere multiplication, have even made a plural out of what is eternally singular, in the sense of single. They have taken what all ancient philosophers called the Good, and translated it as the Goods." He speaks of what he calls the supreme blasphemy that the apple was made for the market and not for the mouth.

To illustrate the nonsense of the present age which says that people are hungry because there is too much food, Chesterton says it is easy to believe in the fairy tale that a beanstalk grew until it scaled the sky, but quite another thing to believe that 57 beans make only five. He could believe in the miracle that a few fishes fed a multitude but not that there were fewer fishes because they multiplied. No one would ever believe that thousands died of starvation in the desert because they were loaded with loaves and fishes.

While Chesterton does not reason it out to its logical conclusion, the idea is that when there is too much food in the world it is the time when men and women have to go hungry and the system which allows that is anything but right. It is for the statesmen of the day to work out a solution, for, since the men who habitually suffer have learned to read and learn of conditions they refuse to carry on in the old way and suffer the indignity of having to beg for food or employment when there is plenty of food and employment in the world. It is the realization of this condition that makes men "Red." The way to rid the world of bolshevism is to make conditions such that there can be no just complaint, for the average person is just. It is because there is a measure of justice in Canada that there are so few Reds. Get rid of the remaining injustices and the few Reds here would immediately turn their color.

BLUENOSE WINNER.

Canadian fishing boats have been shown to be superior in sailing qualities over American on the east coast by the victory of the Bluenose over the American challenger. In neither race was the Thebaud able to come near the Canadian vessel.

Americans have maintained their supremacy in purely speed by the defeat of the Lipton challengers on various occasions, but in utility boats the Canadians still maintain their ascendancy. Canadians all over the country will be glad to know of the victory of the Nova Scotian vessel.

WORK OF EDITORS

Small Papers of Province Getting Results, Says Vancouver Editorial

British Columbia editors and publishers from all parts of the province set a fine example of correlated effort in their two day convention here last Friday and Saturday, says a Vancouver Sun editorial. They are at home now, putting their decisions to work.

The theme that was prominent in their discussions was the principle of unifying efforts. The proof of that was in the very fact of their meeting to iron out their problems over a common board. They were able to benefit not only by hearing the other person's viewpoint, but by articulation and interpretation of their own listeners who could understand and appreciate.

Editors and publishers in the conscientious pursuit of their calling play a great part in moulding the thought of their communities. If these men and women found such help in the unifying of effort, then they will by that token see how they can broaden the principle to the whole field of the cities and districts they serve.

Unified efforts in social and public work of all sorts is the great need today. In the city of Nanaimo for example, there are 72 separate organizations—all with the sincere purpose of church or community service in some form as their basis.

If these 72 organizations were unified and their efforts concentrated through ten organizations, they could get vastly further along toward their ultimate objectives. And the exact parallel is true of every city and town in British Columbia.

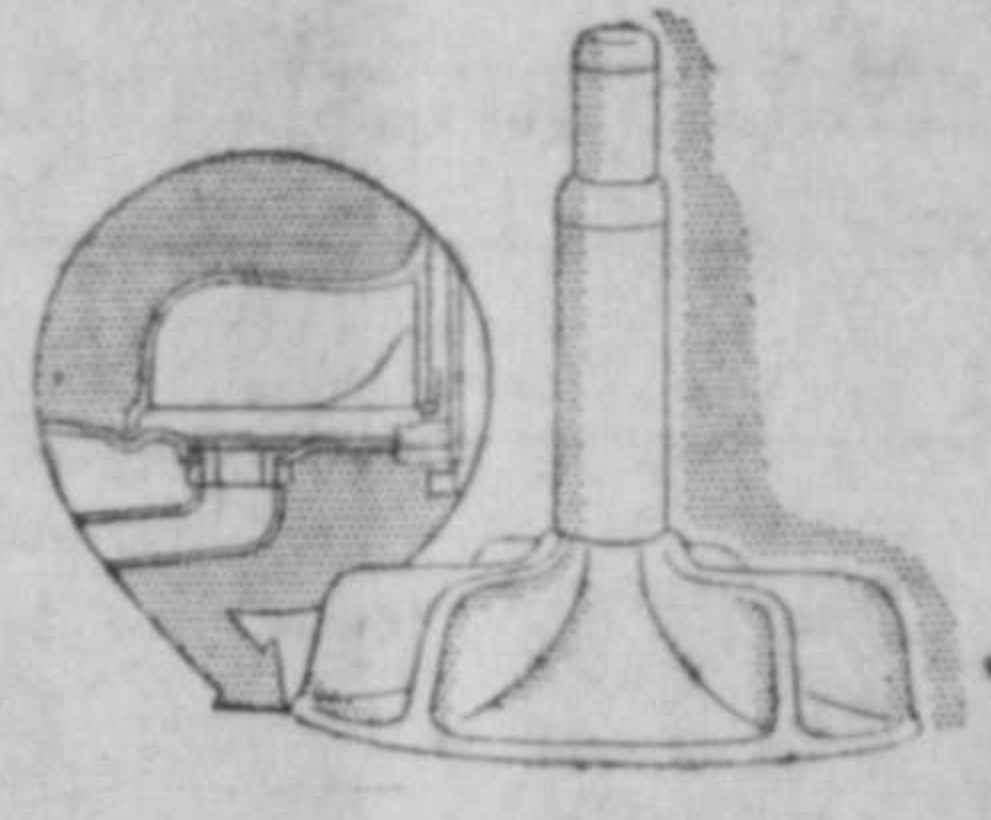

In every one of those places, when you look for the focal points of community activity, you seek out instinctively a live board of trade, live newspaper and live community church. There are the leaders and interpreters of public thought.

Plainly the fewer and the stronger the contributing units to these three general centres, the more effective will be their work; just as a swift, strong tributary drives its characteristics into the river immeasurably more than a hundred little brooks.

Active workers are not lacking. There are men and women in every city and town from Chilliwack to Cranbrook, from Prince Rupert to Oliver, who hardly know what it is to have an evening at home. They are harassed with meetings, besieged with the details of ten to twenty organizations in which they hold office.

Bring those organizations together, let those leaders concentrate on the broad picture and escape a mass of the details, and the greater results will soon be apparent. City centres, parks, grass plots to adorn gas station sites, new buildings and paint for old ones, tidy streets, community halls, beauty as well as utility—these are some of the things that reward unified effort.

British Columbia's editors in smaller cities and towns have a

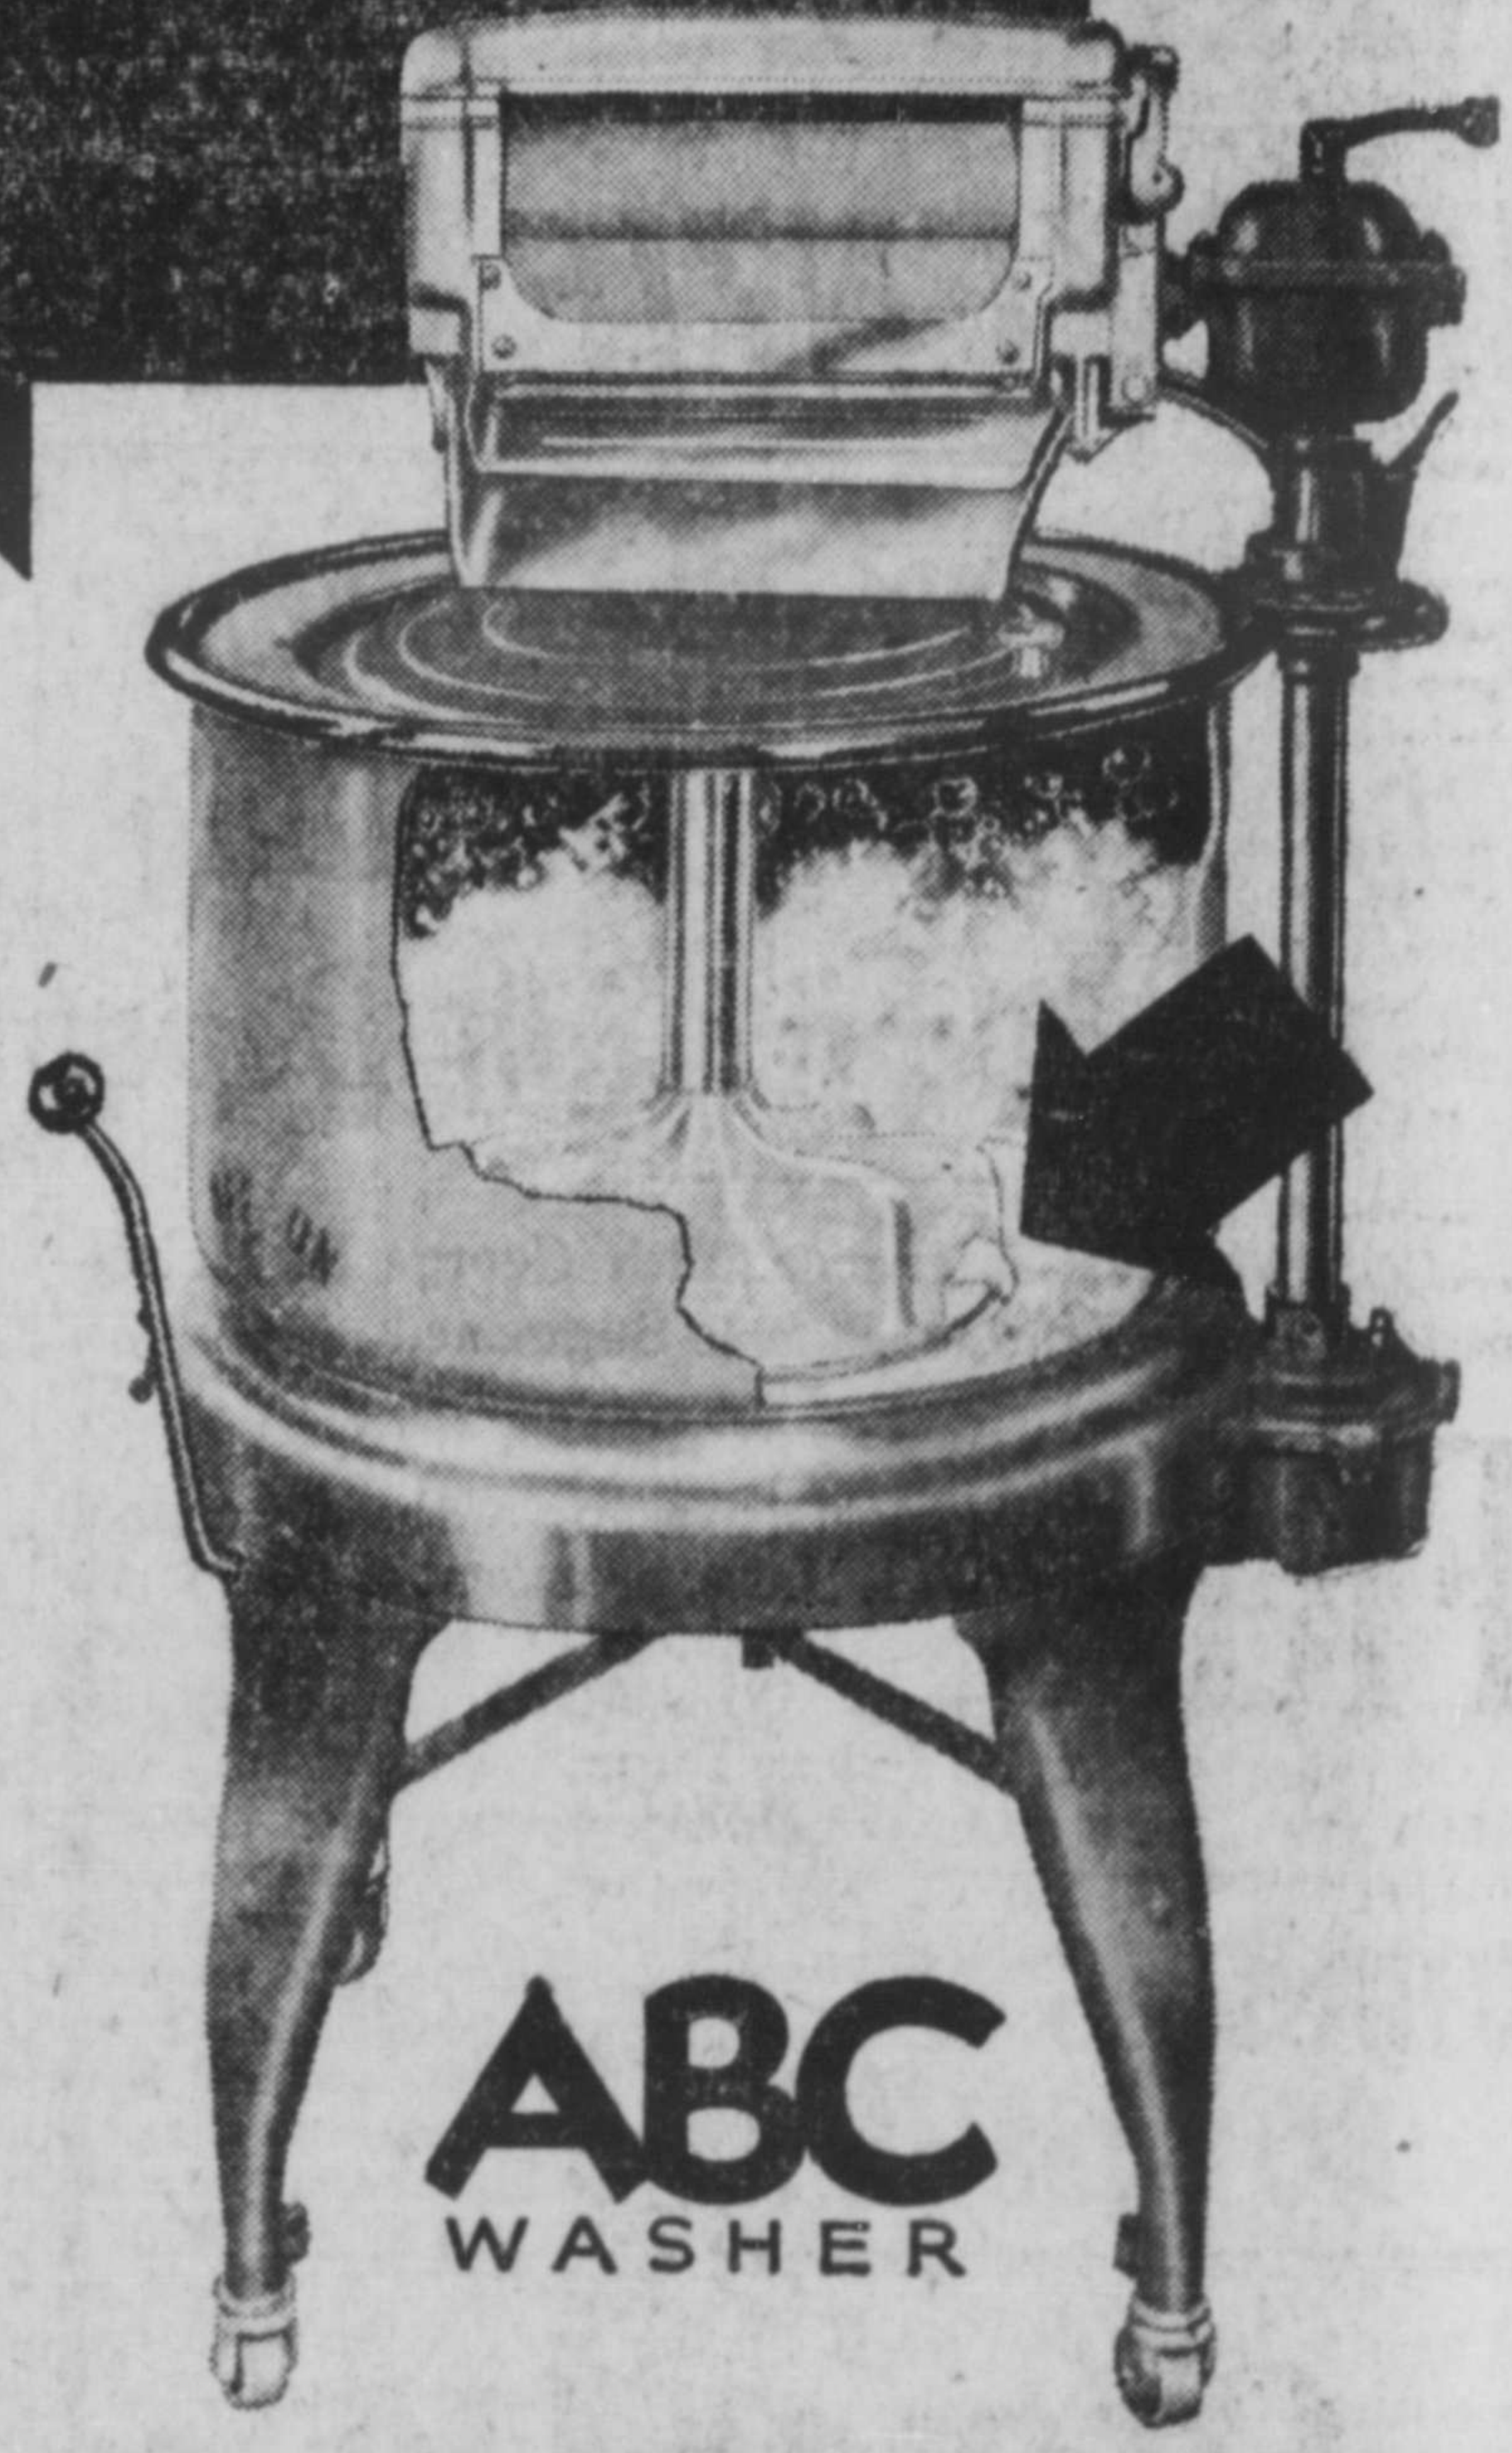

there's where it washes better

YOU can see for yourself why the NORTHERN ELECTRIC ABC Washer does your washing with greater speed and thoroughness than other machines of equal capacity.

The agitator, which churns the washing, has six large fins... more than any other washer. Each one gives a strong impulse... a total of six hundred impulses per minute... which drives the soapy water through the fabrics with tremendous force.

The fins are so perfectly rounded and polished that they cannot exert any wear on the garments. Even the agitator edge... sunk below the tub level and held rigid by two anti-tilt bearings... cannot catch or damage the fabrics.

There are other reasons, too, for the efficiency of the A B C. Northern Electric has thoroughly tested all the parts and qualities of this made-in-Canada washer before awarding it the Northern Electric "SEAL OF APPROVAL" which assures you of its great merit.

ABC WASHER

The Northern Electric-ABC Washer may be purchased on special long term arrangements—\$5.00 down and the balance spread comfortably over two years.

PAY FOR YOUR WASHER AS IT PAYS FOR ITSELF
Northern British Columbia Power Company Ltd.

Go today to any of the retail stores listed here and see for yourself the remarkable efficiency of this and the other Northern Electric Approved Appliances illustrated above.

NORTHERN B. C. NEWS

VANDERHOOF

Threshing operations are now in full swing and excellent crops are being harvested throughout the Nechako district. Oat yields up to 110 bushels per acre are reported. The Nechako Valley is making substantial progress in all lines and each year sees a larger area being brought under cultivation.

The Braeside school was opened on Monday morning of this week with Miss Evelyn Smedley as teacher.

Mrs. R. G. Dunbar has been visiting her sister, Mrs. D. Jennings, at Giscome during the past week.

Both Mrs. Sack and Mrs. George Striegler have been ill during the past week, but both are now making satisfactory recovery.

A shower was held in honor of Mrs. W. H. Stokes by the Ladies' Aid Society at the home of Mrs. J. M. Johnston last Wednesday afternoon.

Dr. A. Knight of the provincial Department of Agriculture has been

in this district making tests among dairy cows. All the cows so far examined have been in the best of condition.

Constable H. J. Jennings is enjoying a vacation by taking an extended hunting trip.

Fred Joudry of Prince Rupert has been a recent visitor here and at Fort St. James.

An invitation has been sent to Hon. Joshua Hinchliffe, minister of education, and School Inspector W. G. Gamble of Prince George to attend the forthcoming Vanderhoof District School Teachers' Institute convention.

Miss Mabel Smedley has returned to her home here from the Prince George hospital, where she recently underwent a serious operation.

It's great to FEEL FIT!

Today's the day of outdoor life! Men and women retain their youth — their joy in a healthful, vigorous body.

A daily enemy of health is constipation. Intestinal sluggishness often leads to headaches, backaches, lack of pep, premature aging, loss of good looks.

It is unwise to fight constipation with habit-forming pills and drugs. They often do more harm than good.

The wise and healthful way is to correct the diet. Your system needs "bulk" and Vitamin B in generous quantities to keep it healthfully regular.

Kellogg's ALL-BRAN, a delicious ready-to-eat cereal, gives you both of these things. It furnishes "bulk," which gently exercises the intestines. And Vitamin B, which tones them up.

In addition, Kellogg's ALL-BRAN

contains iron, which helps build rich, red blood!

Start now to eat Kellogg's ALL-BRAN regularly — either as a cereal or in cooked foods. Two tablespoonfuls daily are usually sufficient to prevent and to relieve most cases of constipation. (See your doctor, however, if you suffer from intestinal trouble not relieved this way.)

Be sure you get Kellogg's ALL-BRAN. In the red-and-green package. Made by Kellogg in London, Ont.

helps keep you fit

Local Items

Dinnerware, china, crockery glassware. Heilbronner's store.

Executive will receive basketball entries Wednesday at 8 p.m. (245)

Have a jolly time at Hygga's dance in Metropole Hall, Friday, Oct. 23. Everybody welcome. Admission 25c. (247)

Mrs. H. W. Butler of Alyansh arrived in the city on the Catala yesterday morning from the Naas River for a brief visit to town.

F. R. Wilson of Inverness canyery was an overnight visitor in town, having arrived from the Skeena River on yesterday afternoon's train.

Arthur Skelthorne, well known mining engineer, sailed by the Catala yesterday afternoon on his return to Vancouver after a brief visit to the city.

T. B. Campbell, totem pole preservation engineer for the Canadian National Railways, arrived in the city on yesterday afternoon's train from Hazelton for a brief visit to town.

Corp. C. G. Barber, formerly of the city detachment of the provincial police, who has been spending the past summer in the central interior engaged in special duties, arrived in the city from Burns Lake on yesterday afternoon's train.

Northland Navigation Co.'s motorship Norco arrived in port at 7:30 this morning from Ketchikan and, after discharging four carloads of fish from Ketchikan for trans-shipment east over the Canadian National Railways, sailed for Seattle.

Merely routine business was taken up at the regular monthly dinner meeting of the Prince Rupert Retail Merchants' Association in the Boston Cafe last evening. John Bulger, president, was in the chair and there was a fair attendance of members.

M. M. O'Brien, chief field engineer for the Consolidated Mining & Smelting Co. is a passenger aboard the Prince Rupert today bound for Stewart to pay one of his periodical visits to the Big Missouri mine which is under development by his company.

The following is from the Twenty-five Years Ago" column of the Victoria Times: "The steamer Amur, Capt. Locke arrived from Northern British Columbia coast ports on Sunday morning after discharging 13,000 cases of salmon at Vancouver. In addition to the cargo, the steamer brought down a deckload of dogfish oil which she received at Skidegate, Queen Charlotte Islands."

TED SMITH WON FIRST

Play-Off for High School Softball Championship Now in Progress

In the first of a three-game series between Ted Smith's team and Bill Tobey's team for the championship of the Prince Rupert High School Softball League, Ted Smith's team defeated Tobey by a score of 7-6 at the High School on Tuesday afternoon.

The game was very exciting, as might be proved by the close score. Scoring was opened in the first inning when Tobey's team scored a run and Ted Smith's team scored two. Ted Smith's team kept the lead until the third inning, when pitcher Dominata allowed three of the Tobey team players to draw safeties, thus filling the bags. Then Morgan clouted out a Texas-leaguer which he made good for a home run, thus clearing the bases.

The last inning was probably the most thrilling inning ever to be played on the grounds. In the Tobey team half of the inning two more runs were added, which made the score 16-3, giving Tobey's team a lead of three runs. In the last of the fifth Bill Tobey's team "blew up," perhaps due to over-confidence. Pitcher Allen allowed many hits and was given weak support in the field. As a result Ted Smith's team drew six hits and a walk, which gave him the four runs which were required to win the game.

For Ted Smith's team, Dominata was the outstanding player. He pitched fine ball throughout the game and in the fifth he hit a two-bagger which scored two runs needed to tie the score. Dominata scored the winning run on Kanaya's safety. Ted Smith was also a valuable player, while Arney and Postula gave sterling support in the field.

For the Tobey team, Morgan, Gillis, Tobey and Iverson gave good support with the bat.

Teams:
Tobey team—Allen p, Gillis 1st, Morgan c, Bill Tobey ss, Walter Smith rf, Fulton cf, Ross lf, Dungate 2nd, Iverson 3rd.

Ted Smith's team: Arney 3rd, Dominata p, Ted Smith c, Kanaya ss, Bill Murray lf, McRae 1st, Bob Tobey 2nd, Green cf, Postulu rf.

As a result of this close game there undoubtedly will be keen competition in the remaining two games:

Umpire, Carl Smith; base umpire, Kazu Nakamoto; scorekeeper, Julius Welle; reporter, Olaf Hanson.

First inning: Tobey to bat. Allen up, he fouls out to Catcher Smith. Gillis up, thrown out at first, Dominata to McRae. Morgan up; he singled. Tobey up, he hit a three-bagger to left field, scoring Morgan. Walter Smith up, he was thrown out at first, Rob Tobey to McRae. One run, two hits, no errors.

Ted Smith's team to bat: Arney up, he hit to left field. Dominata up, he fouled out to Bill Tobey. Ted Smith up, he hit a hot one past second, scoring Arney. Ted Smith scored on an overthrow to second. Kanaya thrown out on first, Morgan

SWEDISH SKI CHAMPION ON WAY SOUTH

Passing through the city en route to Seattle is Sven Utterstrom, Sweden's ski king, who has been spending some time with his brother, Otto Utterstrom, who is employed by the Hudson's Bay Co. at Kitwanga. After a short stay in Seattle Sven Utterstrom will proceed to Lake Placid, N. Y., to train for the Olympic races to be held early in 1932.

to Gillis. Bill Murfay fanned. Two runs, two hits, no errors.

Second inning: Tobey's team to bat. Fulton up and thrown out on first, Tobey to McRae. Ross up, he fouled out to Arney on third. Dungate up, he flied out to Arney on third. No runs, no hits, no errors.

Ted Smith's team to bat. MacRae up, he hit a long fly to Fulton in centre field. Rob Tobey up, he struck out, swinging. Green up, he fanned. No runs, no hits, no errors.

Third inning: Tobey's team to bat. Iverson up, he singled past shortstop. Allen up, he walked. Gillis up, he hit to left field, filling the bases. Morgan hit a Texas-leaguer to left field and Iverson, Allen and Gillis scored. Morgan scored on an overthrow to second. Bill Tobey up, he was thrown out on first, Kanaya to McRae. Walter Smith up, he was thrown out on first, Kanaya to McRae. Fulton thrown out Dominata to McRae. Four runs, three hits, one error.

Ted Smith's team to bat. Postulu up, he flied out to Ross in left field. Ross made a good catch. Arney up, he hit a clean two-bagger to centre field but was called out for failing to touch first base. Dominata up, he singled to shortstop. Ted Smith up, he hit to Tobey. No runs, two hits, one error.

Fourth inning: Tobey to bat. Ross up, he singled to left field. Dungate up, he flied out to Kanaya. Iverson hit a long fly to right field which Postulu neatly caught, Ross being caught in a double play. Postulu to Bob Tobey. No runs, one hit, no errors.

Ted Smith's team to bat: Kanaya struck out, swinging. Murray called out on third strike. MacRae up, thrown out on first, Allen to Gillis. No runs, no hits, no errors.

Fifth inning: Tobey's team to bat. Allen up, he walked. Gillis up, he hit a two-bagger to left field, scoring Allen. Morgan up, he flied out to Postulu in right field. Tobey up, he flied out to Arney. Walter Smith up, he struck out. One run, one hit, no errors.

Ted Smith's team to bat: Bob Tobey up, thrown out on first, Allen to Gillis. Green up, he singled past third. Ted Smith pinch-hitting, he hit to left field, scoring Green. Arney up, he walked. Dominata up, he hit to centre field, scoring Ted Smith and Arney. Ted Smith up, he hit to left field. Kanaya up, he singled and Dominata scored. Bill Murray hit to Allen, Allen threw to third and Ted Smith ran home. Four runs, six hits, four errors.

FOOTBALL MEETING

Bert Morgan Re-elected President, G. W. Laidler Is New Secretary

Election of officers and receipt of reports covering the activities of the season recently ended were the principal items of business at the annual meeting last night of the Prince Rupert Football Association. It has been the custom in the past to hold the annual football meeting in the spring, but this year it was decided to have it in the fall so that early season organization might be expedited. There was a fair attendance of football supporters at the meeting.

The election of officers resulted as follows:
Honorary president, Mayor Cyril H. Orme.
Honorary vice-president, Alex Clapperton.
Honorary second vice-president, Olof Hanson, M.P.
President, Bert Morgan.
Vice-president, William Murray.
Secretary-treasurer, G. W. Laidler.
Executive, the officers and a delegate from each team.
Board of control, Ald. S. D. Macdonald, Ald. James Black, J. A. Frew, Jack Watson and George Abbott.

The financial statement showed a handy balance on the operations of the past season.

SPORT CHAT

Prospects for a six-team circuit of the Pacific Coast Hockey league this winter were revealed today by Frank Patrick, president, after a meeting in Seattle a few days ago of representatives from four cities. The cities represented were Vancouver, Portland and Seattle, the three which finished the season last year, and Tacoma. Patrick, who was accompanied by his brother, Guy Patrick, both of Vancouver, said he had talked with groups of sportsmen at both Calgary and Edmonton and believed they would back teams for the league.

The season's schedule will get under way on November 23, Patrick said, whatever the size of the league. Although Frank Patrick submitted his resignation as president to the meeting, no action was taken upon it. He is under a two-year contract, with another year to run. Two men from Tacoma, Art Rud and Anton Nielson, said that work was to be resumed on the arena in that city, with the expectation it would be finished before the opening of the season. The representative from Portland was Bobby Rowe; Lloyd Turner, manager of the Seattle team, and Hugh Caldwell represented Seattle.

More than 16,700 gasoline boats and 14,570 sailing and row boats were used in Canada's sea fisheries operations last year, in addition to over 1,200 vessels.

Small Bore Rifle Range Is Going In

Construction of a rifle range, which will be another of the local Canadian National Railways Recreation facilities, has commenced. The site is near the station between the W. H. Malkin Co. warehouse and the C.N.R. Tennis courts. Heavy bridge timber will form an important part of the structure, which will be used for small bore target shooting.

Railway Crib League Opens

Station and Car shops Winners of Games Last Evening

Scores in the Canadian National Recreation Association Cribbage League last night were as follows:
General Office, 12; Roundhouse, 12; Station, 15; Car Shops, 15.

	Won	Lost	Points
Car shops	15	12	15
Station	15	12	15
General Office	12	15	12
Roundhouse	12	15	12

ACCEPTS CHALLENGE

Sports Editor, Daily News:
On behalf of Billy Bagshaw, I accept Nina Gurchich's challenge to box six three-minute rounds to a decision. I will guarantee a purse of \$100 to be split 50-50, 60-40 75-25 or winner take all. If there is any other person or persons wishing to promote this bout I will accept under the same terms I have offered above.

OWEN FISHER.

Fish are more easily digested than most other foods. That's one reason it's well to include fish regularly in the diet.

Last August, Clarence "Checkers" McArthur stepped off into space at an altitude of 18,500 feet over the Municipal Airport at Tampa, Fla., dropping with unopened parachute for 13.500 feet in one minute and twenty seconds—a record! He thereupon opened the parachute and made a safe landing.

The RECORD SPEAKS for ITSELF

THIS remarkable parachute jumping record establishes a mark to which others may aspire—just as Turret's record for popularity creates for Turret cigarettes an enviable record of popularity.

The high standards which have been maintained in the quality of tobacco and perfection of manufacture keep Turrets far in the lead.

After all, nothing can replace good, honest tobacco; grown and ripened right out in the field under nature's own sunlight—nothing artificial about that—and the high quality is "inbred".

SETTLERS IN PEACE

Two Thousand Homestead Pre-Emptions By End of This Year Expected

Two thousand homestead pre-emptions probably will be filed in the British Columbia block in the Peace River district by the end of this year, according to information secured by Hon. Joshua Hinchliffe, minister of education in the coast province, and Dr. R. W. Alward, M.L.A. for the provincial riding of Fort George, who returned to the city Saturday from a tour of the northern district, says the Edmonton Journal.

Hon. Mr. Hinchliffe has been following out a policy of familiarizing himself with conditions of interest to his department in all parts of the province. He has been minister of education for the last three years and having seen the Peace River region, now has first-hand knowledge of all parts of the coast province.

The minister spent several days in the district, accompanied most of the time by Dr. Alward, whose constituency includes the Peace River district. Places visited were Hudson's Hope, Fort St. John, Rola, Sunset Prairie, Dawson Creek and Pouce Coupe, where school teachers of the district gave the minister a banquet.

Building of a highway along the north side of the Peace from Fairview, Alta., into British Columbia, was one of the matters urged upon the minister and member by settlers in the vicinity of Beaton River. There is about 30 miles to build on the B.C. side and around 100 miles in Alberta. On his return to Victoria, the minister will initiate steps to have the two provincial governments consider the feasibility of this project.

At every meeting held, the minister and member heard of the growing demands for a Peace River outlet.

Dr. Alward explained that the P. G. E. was being extended from Quensel to Prince George, at a cost running from \$2,000,000 to \$3-

000,000. He was of the opinion that construction of an outlet for the north country had to come and he proposed to urge this strongly upon the provincial government.

Many New Schools

No less than 80 schools are operated in the Peace River block by the provincial department of education. During the last three years the rate of increase has been from 12 to 15 new schools annually. The rapid expansion of new settlements has called for increased educational facilities.

Threshing has been well advanced in the north country, said Dr. Alward, while a big yield is assured. At one point south of the river, it was stated that the wheat would run 60 bushels per acre. Judging by general reports, some districts would average from 40 to 50 bushels per acre.

Speaking of highway expenditures, Dr. Alward said some \$75,000 was being spent on roads in the block, this being exclusive of that provided for relief work.

The total of pre-emptions is now over the 1,500 mark for the year, with the greater number being north of the Peace River. It was estimated by the government that 2,000 pre-emptions would be recorded by the end of 1931.

While relief will have to be provided for some of the new settlers, they were reported to be of a fine

type which would eventually make good in the district.

At Fort St. John, a new flour mill is in operation. A loan of \$15,000 to aid this enterprise was made by the B.C. government.

Referring to the wells located by a "water diver" recently sent to the district by the coast government, Dr. Alward said no drilling of selected spots has been carried out yet.

Hon. Mr. Hinchliffe left Saturday night for the coast while Dr. Alward proceed Sunday night over the C.N.R. to Prince George.

COMMITTED FOR TRIAL

George Canary, charged with theft of money from Donald Grey, is taking summary trial before Magistrate McClymont in city police court this afternoon. Canary is alleged to have stolen \$30 from Grey.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.

Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

The Daily News costs only 10c a week to residents of the city, or \$3.00 a year to those who live outside the city, but in Northern or Central B. C. Put yourself in line for happiness and good cheer by subscribing today, if you are not already taking the paper.

Be optimistic. Read the Daily News of Prince Rupert and cheer up. Keep in touch with the district. Read all the advertisements. Then buy at home. Buy the home paper. Have faith in the city. Work hard and smile. That's the way to keep yourself happy. There is nothing like Optimism to cheer yourself up and ban the blues. Make a start at once and give the plan a good trial.

The Daily News costs only 10c a week to residents of Prince Rupert or \$3.00 a year to residents of the district outside the city. Keep yourself in good standing and on the road to happiness by subscribing to the Daily News today.

Fight in Movie Leads to Accidental Shooting of Small Boy

A Finger Print Said Who Did It

"Don't shut that window, do you want to smother us?" shouted John Brown as a man near him in a lower East Side movie in New York got up to close a window. "Shut up!" said the other. A fight followed and the two men exchanging punches, scrapped their way to the street where the fight was renewed with pistols.

Leo Parosso, a little boy playing on the sidewalk, fell with a bullet in the head and died. Brown was arrested and tried for murder but acquitted. The other man made a getaway dropping

his gun as he ran. The police found finger prints on it which, when compared with records at Headquarters, identified a man named Nelker as the shooter. This was in 1922.

Nothing was heard of Nelker until this year when he was arrested on another charge altogether. His finger prints were taken. They quickly tied him in with the boy's death 9 years ago and he was tried and convicted of manslaughter. His finger prints betrayed him.

Your Prints on Foods May be Germ Laden

See how his finger prints were dangerous to Peter Nelker, a hot headed bad man. See how your prints can be dangerous to you too—business man, teacher, housewife, stenographer, whoever you may be. All day long you are touching things which other hands have touched. Hands which may be germ laden—hands whose owners may be ill or disease carriers—and YOUR hands pick up these germs. Then you touch an article of food—a chocolate or a biscuit—and disease germs are deposited on the food.

From your mouth the germs spread rapidly to your system and you may fall a victim of some deadly disease. Life Extension Institute records show that 27 diseases may be spread by the hands in this way.

Many other valuable qualities too! A Lifebuoy bath keeps you safe for many hours from body odour. Thousands make sure of not offending by this means. Children are safe from infection through the cleansing of little cuts and scratches which might otherwise become infected.

Aids Complexion Too

So skillfully is the germicide combined in the soap with two famous palm oils that the result is a smooth, luxurious beauty soap whose lather goes deep into the pores, lifting out all impurities and causing the skin to glow with health and beauty. You will learn to like the scent of safety which quickly vanishes after use, but tells you of Lifebuoy's protection.

Why not have the EXTRA protection in your toilet soap which only Lifebuoy can give you? Keep a cake on the washbasin and for the bath so that all your family can benefit from this world famous health soap.

Get a supply of Lifebuoy from your dealer today.

MINISTER IS HEARD

Hon. R. W. Bruhn Delivers Cheerful Address at Terrace

TERRACE, Oct. 21.—Hon. R. W. Bruhn addressed a crowded gathering in the Legion Hall, Terrace, on Monday night and won the hearty cheers of his hearers.

J. K. Gordon, as chairman of the Board of Trade, presided and introduced Mr. Bruhn.

The dominating principle of the department of public works, said Mr. Bruhn, was the completion of the main skeleton—the most important links—of the central British Columbia highway system just as rapidly as the finances of the province would permit. Good roads were essential not only to the development and the progress of the province, but also to the happiness and prosperity of the people.

The science of highway construction and design during the last few years had received the intensest study of the best minds, and it was a matter of pride that his department was constantly being called on by other authorities for advice and help in meeting highway difficulties.

When the present government came into power the highway system was considerably behind schedule and even today, after 1,300 miles of new roads had been constructed and another 1,300 miles had been reconstructed, the highway system had not yet reached the point where it adequately met the requirements of the province. There still remained a number of very important links to be built and until these links were constructed full returns for the capital already invested in the highways would not be expected. It was his policy to complete these important connections in addition to maintaining the 15,000 miles already in existence.

Mr. Bruhn went on to explain how the 2½ million dollars voted by the parliament as highway loan had been handled and said the government had tried to make the distribution of the funds at its disposal as fairly as possible, taking into consideration the requirements of each particular district.

They had found themselves suddenly confronted with the greatest unemployment problem that the province had ever known. He did not know of any person who could clearly show them how to remedy that condition of affairs. During 1930 and 1931 they had given relief to 33,300 unemployed and over 5,000 were given direct relief, the work being carried out not only by the province but also by every municipality in the province. That was a record of which the government was entitled to be proud.

There were now 168 relief camps in the province and 11,000 men were employed. Before many days they would have put sixteen or seventeen thousand men to work and they would be in camps as good as any other camps in the province. As long as he was the minister it was his intention to see that that policy was carried out. The past two years had been years of gloom and depression, but he felt that their future was secure not only in the matter of their wealth but also in the ability and integrity of their people (cheers).

Coffee and cake with roasted apples were served and an entertainment followed, the chairman announcing that the joint meeting of the Board of Trade, the Farmers' Institute and the Fall Fair Association would be held at a later date.

Dr. Chase's KIDNEY & LIVER PILLS

Twenty Years Ago

In Prince Rupert

October 21, 1911

H. S. Clements, Conservative, had a majority of 188 votes over Duncan Ross, Liberal candidate, in the federal election in Comox-Atlin riding, a final statement by F. G. Dawson, returning officer, shows. Ross had majorities in Atlin and Skeena districts while Clements led in Alberni, Comox and Richmond.

There were many old timer Klondikers aboard the steamer Princess Royal which was in port this morning southbound from Skagway to Vancouver. Among them were Frank Manley, millionaire Fairbanks hotel man; Bill and Tom Scouse, who cleaned up with Peter Black on the "15 Eldorado," and many others. There were 220 passengers aboard the ship and every available berth was taken up. Soon after the steamer left Skagway an attempt was made to murder Purser Charles Gupitil, robbery being apparently the motive.

H. S. Clements, M.-P.-elect for Comox-Atlin, was given an enthusiastic reception last night in the McIntyre Hall. Dr. W. B. Clayton presided and there were many speakers, all of whom made optimistic prophecies regarding Canada's future under the new governmental regime.

1932 Atwater Kent Radio Soon To Be Displayed

Golden Value Models Finest Ever Produced

The new Atwater Kent golden value models, which will be fully announced directly will be distinguished by new low prices for this famous line of radios and will embody many new features and refinements.

Exhaustive experiments and tests were conducted before the new models were considered perfect enough to go into production. The new advanced superheterodyne circuit will be included in all the 1932 models which will give them a knife-like selectivity that shuts out the unwanted station as if it were silent. Quick-vision dial, finger-tip action station selector and automatic volume control are other valuable features of the new Atwater Kent models.

Cabinets of pleasing symmetry, emphasized by exceptional beauty of design, are finished in genuine No-Mar, and are manufactured by Malcolm & Hill, well-known makers of No-Mar furniture.

Atwater Kent golden value models include two small compact—powerful little sets that offer big radio performance in space-saving form. There are also four Console models and a new radio-phonograph combination. The complete range thus offers B.C. buyers a wide selection to meet all tastes and purses.

The new Atwater Kent radio sets will be on display at the showrooms of prominent dealers throughout the province shortly.

Discriminating prospective purchasers are awaiting the appearance of this new line before buying.

Vic Rodgers Freed On Arson Charge

Magistrate McClymont Dismisses Charge Which Arose Out of Fulton Street Fire

At the conclusion of the preliminary trial yesterday afternoon in city police court, Magistrate McClymont dismissed a charge of arson against Vic Rodgers. The charge was laid against Rodgers following a fire two weeks ago in his tamale parlor on Fulton Street.

DETAILS OF FATALITY

Funeral of R. B. Durrant Held at Terrace Yesterday

TERRACE, Oct. 21.—Further particulars of the tragic fatality in which R. W. Durrant lost his life at Lakelse Lake last Sunday, show that he, in company with E. T. Kenney and Fred Scott, journeyed to Lakelse Lake on Sunday afternoon for duck hunting.

After being on the lake for some time they returned to the shore and on getting out of the boat, the deceased pulled the gun out of the boat, barrel foremost. The gun was loaded, and in some way, the trigger became caught and the full force of the explosion was delivered in the side of Durrant's head, his scalp being practically blown off.

The body was removed to Terrace by Game Warden Ed. Martin and placed in the new church hall to await an inquiry by the local coroner, Will Robinson.

Mr. Durrant was born in India, the only son of the aged Bishop of Lahore. He was sent to England when quite young and educated there, ultimately passing through Oxford University.

Later, with one or more colleagues, he set up an ambitious poultry farm in the south of England but finding this not so successful as was expected, he made his way to Canada. After spending a year or so on the prairies, he came on to Terrace in 1930. He took over a ranch in the Horseshoe district and with his wife and child lived there.

In the temporary absence of a local clergyman, Bishop Rix came up from Prince Rupert on Monday and the funeral was held on Tuesday morning, the Bishop officiating, assisted by Rev. H. T. Allen.

There were many floral tributes and the pallbearers were G. Dovel, J. Nelson, A. Carr, H. King, E. Cole and R. Cory.

HALLOWE'EN SPECIALS

Hallowe'en Appies and Candy All on Display at Our Stores All at Reduced Prices

- McIntosh Appies, Household pack, per box **\$1.45**
