## STRONG PROPOSALS MADE FOR UNEMPLOYMENT RELIEF

### HAZELTON IS BEAUTIFUL AND SHOULD BECOME A VERY IMPORTANT HUB

Mining Will Be Industry of Much Importance Some Day; Will Be Junction For Alaska Highway

(By H. F. Pullen)

There are few more beautiful places in the world than Hazelton. Situated at the junction of the Bulkley and Skeena Rivers with the Kispiox also flowing in close by, and with the towering Rocher de Boule Mountain overlooking it, nothing finer could well be imagined than this garden of the gods.

And the people of Hazelton have made their town a real garden for they grow wonderful flowers there, such flowers as can seldom be seen in the country towns of the interior. It is the one place of the whole Central British Columbia to hold an annual flower show, apart altogether from the annual fall fairs. It is being held this week when the gardens are at their best or almost so. It was presumably at Hazelton that Horace Duhamel, one of Prince Rupert's flower experts, gained his love for the beautiful.

Hazelton people are following along somewhat different lines from other places in their efforts to build up an important centre, and they would do well to continue and extend this. While doubtless mining will come back and there will be a number of important metalliferous mines in the district that will pay dividends for their owners, Hazelton, with its historical background and wonderful situation should be a great deal more than a mining town. It should be a great playground where tourists and travellers will meet and enjoy life.

As a step towards popularizing Hazelton, the people of the town and district have banded themselves together to construct and maintain a first class nine-hole golf course. It is located at Mission Point, one of the historic sites of the place, owned by the United Church. It practically surrounds the airport landing field and has just been made available for play. While both greens and fairway will be improved from time to time, it is already good enough for the people of the town to enjoy some excellent sport. Very soon they will be expecting Prince Rupert golf players to visit them and try out the course. While it will take a little time and some effort to bring golfing to the attention of the touring public and to the enthusiasts of other centres, undoubtedly the present move is right in the way of development.

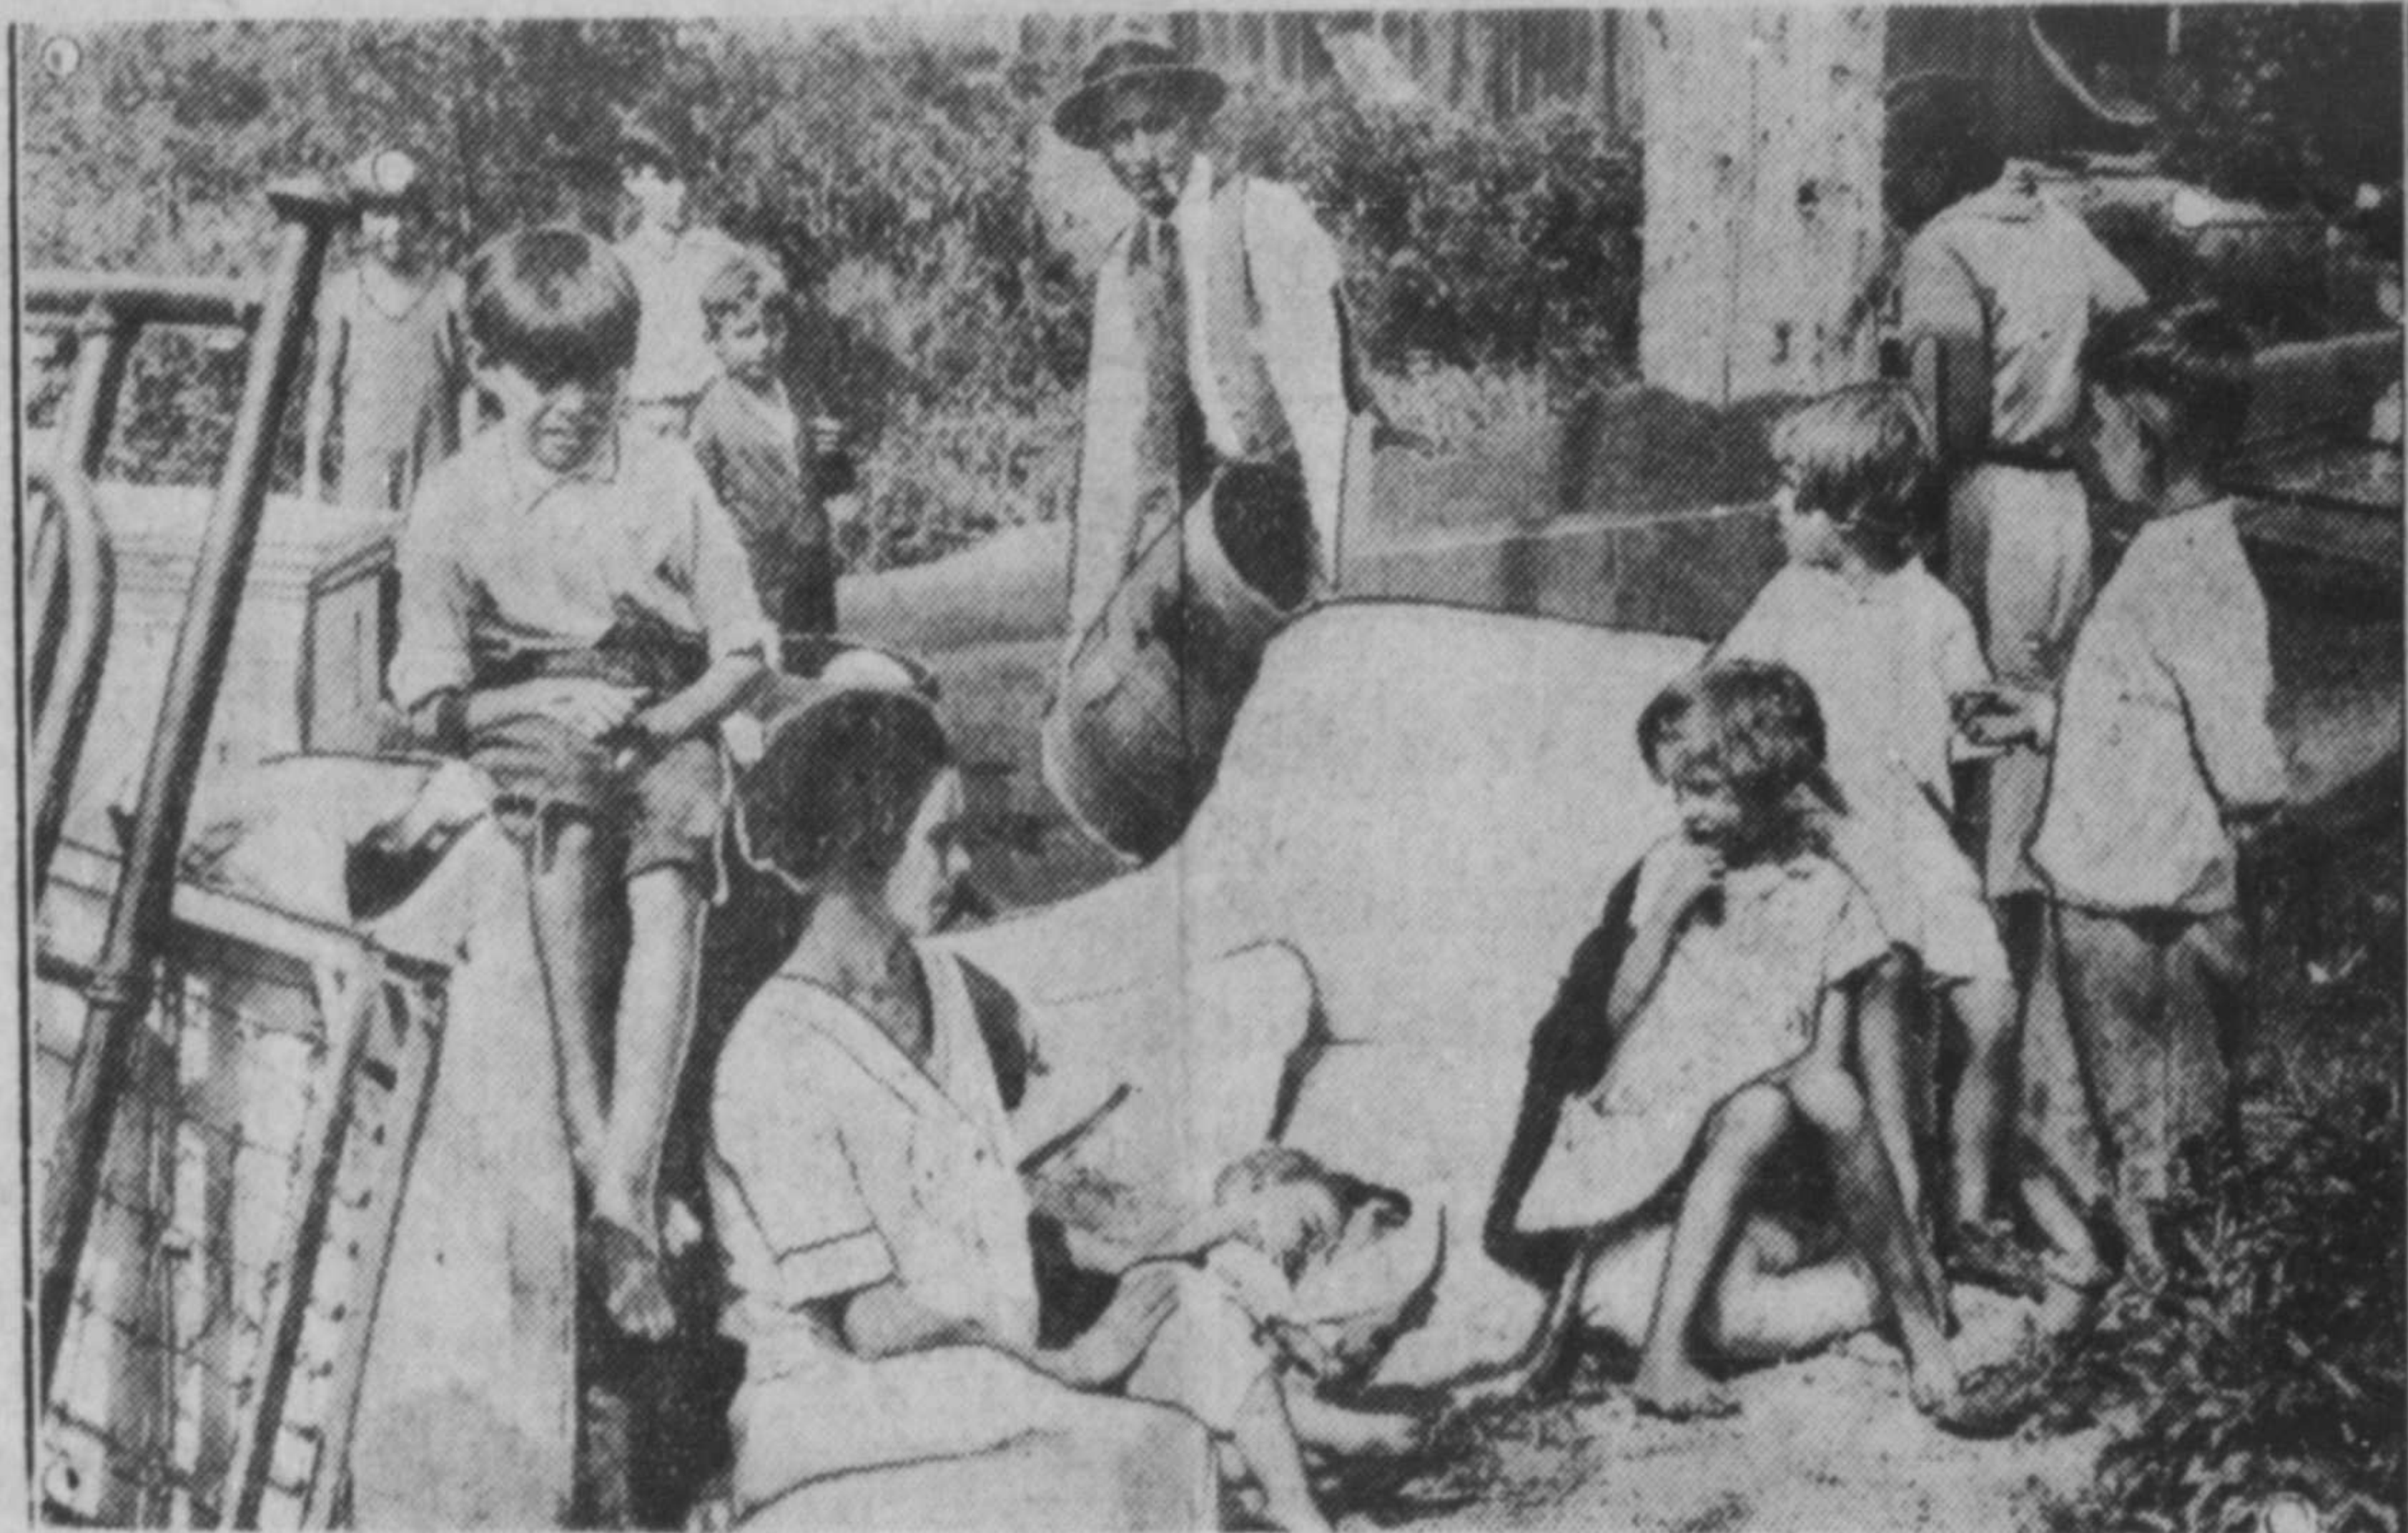

Hazelton has fishing, hunting, mountain climbing, tennis and now golf. It was chosen almost a hundred years ago as an important centre. Later real estate speculators realized its value and laid out the country for miles as a huge town-site with additions. This proved a handicap for the land could not be (Continued on Page Four)

### Twenty-Second Anniversary Celebrated

Last night about twenty friends of Mr. and Mrs. P. J. McCormick visited their home, 944 Ninth Avenue East, to help them celebrate their twenty-second wedding anniversary. Card games were played, refreshments served and the party broke up at a late hour.

James Lamb, manager of Cassiar Cannery, arrived in the city yesterday afternoon for a brief visit in town.

### Miners and Families Ordered From Their Homes

Miners and their families were ordered from their homes by the operators of the Coverdale mine in Pennsylvania. About fifty found shelter in hastily constructed tents. The strikers were supporters of the National Miners' Union.

## Inland Empire Around Spokane Ablaze; Timber Destroyed And Many Towns and Farms Menaced

Town of Elko in British Columbia Ravaged by Flames; Fifteen Houses and Two Churches Wiped Out

SPOKANE, Aug. 18.—The Inland Empire, comprising many sections of Montana, Idaho and Washington, is a blazing furnace today with countless forest and grass fires, fanned by high winds, sweeping through the timber and menacing farms and towns. Human casualties are not reported but three men are missing and much livestock is dead. In half a dozen places farmers are fleeing from their homes.

### BRIDGE OPENED

Motorists to Be Allowed to Go Across Galloway Rapids Span

Henceforth the Galloway Rapids bridge will be opened to traffic after working hours each day and all day Sunday, it was announced this morning by W. K. Gwyer, district engineer for the provincial department of public works. Announcement to the effect that the barricades to the bridge will be taken down at these times will be welcomed by motorists who have been impatiently awaiting to be allowed across. Cars may now be driven about a mile and a half along the highway beyond the bridge. This much has been gravelled, there being about another half mile yet to go. Positively no trucks hauling wood or other material will be allowed on the new section.

### THIRTY MILLION ARE HOMELESS IN CHINA

HANKOW, Aug. 18.—A carefully compiled survey by Chinese authorities indicates that at least 30,000,000 people are homeless, 10,000,000 of these being utterly destitute, in the four provinces which have been hardest hit by the current Yangtze River floods.

Numerous fires have been caused by lightning but forest officials declare that incendiaries are at work at many points.

FERNIE, Aug. 18.—Forest fires swept through Elko last night, rendering nine families homeless. Fifteen residences and two churches were destroyed.

VANCOUVER, Aug. 18.—Wheat was quoted at 53½c on the local exchange today.

### Peace River Outlet, Highway, Federal Building and Hotel Suggested For Relief Work

Suggestions by Mayor Orme that for unemployment relief work the construction of the Peace River outlet as a national project, the building of the transprovincial highway from here to the Alberta boundary as a provincial undertaking and the provision of a new federal building and tourist hotel as more local projects be undertaken, were endorsed by the city council last night.

These suggestions were offered by the mayor following a conference with Olof Hanson M.P. The federal government has invited all members to submit suggestions which might aid in alleviating the unemployment situation.

As for the hotel, the mayor suggested that it might be reasonable to ask at this time for an initial unit of some 50 or 75 rooms.

Various of the aldermen praised the suggestions that had been made and their endorsement was moved by Ald. Collart and Ald. Pullen.

Chamber Approves  
 Later in the evening at the meeting of the Chamber of Commerce, on motion of Alderman Pullen and Mayor Orme and at the suggestion of Olof Hanson, a similar resolution was passed without discussion.

Mr. Hanson said he had attended a long and serious session at the conclusion of which all the members had been asked by the Premier to help solve the unemployment situation by consulting with public bodies and making suggestions.

Mr. Hanson also publicly thanked Mayor Orme for his services while attending as a delegate at Ottawa. No one could have done more than Mayor Orme did on that occasion. His visit had been a great help in bringing before the ministers and others many local problems.

Mayor Orme assured the gathering that anything he did was for the same reason that Mr. Hanson had done his work, for the benefit of Prince Rupert.

### RESOLUTION ENDORSED

City Council Backs Up Unemployed In Request For Better Conditions on Relief Work

The city council last night unanimously endorsed a resolution recently passed by the unemployed of the city at a mass meeting asking for a minimum rate of pay of 40c per hour on relief work with additional allowances for married men with families and a charge for board on the basis of actual cost.

Endorsement of this resolution was moved by Ald. Macdonald and Ald. Black both of whom spoke heartily in favor of it, contending that 40c per hour was the very minimum with which men could get along here.

Ald. Pillsbury, in speaking to the resolution, urged that a commissary should be opened in any relief work camp that might be opened so that clothes and other necessities might be sold to the men at the lowest possible cost.

Ald. Rudderham also spoke in favor of endorsing the resolution. Mayor Orme also voiced his favor for the resolution. It was absolutely impossible for men to work for 25c per hour here. He thought that the government might make an exception of the general rule in view of the unusual conditions here. The mayor also told of having suggested to the provincial government the desirability of charging men for board on the basis of actual cost.

Ald. Pullen also supported the resolution for lack of some other better plan.

### DELAY FOR LINDBERGH

Are Still Held at Patropavlovsk on Account of Unfavorable Weather

NEMURO, Kurile Islands, Aug. 18.—Radio messages today indicated that Col. and Mrs. Charles A. Lindbergh would remain at Patropavlovsk, Kamchatka, until tomorrow awaiting clearing of the weather.

### RESOLUTION UPON WAGES

Added Increment For Relief Workers Dependents is Urged

BOARD AND COMMISSARY

The Chamber of Commerce at its meeting last night, adopted without discussion the following report of a special committee submitted by the chairman, G. W. Nickerson:

"It is greatly to be regretted that present conditions would seem to make necessary a reduction in current wages but we would suggest, in lieu of the rates proposed, namely, 25c per hour for single men and 35c for married men, that, if 25c is the maximum that can be paid single men, then the base for married men should be fixed at 35c with an added increment of 5c an hour for each dependent up to say 45c per hour, all the foregoing on the basis of full time work.

"We believe the proposed deduction for board of \$1 a day is higher than it should be. In camps of the size which it is expected will be established, if supplies are purchased in the cheapest market (and certainly this should be done) we believe that good board including cooks' wages, can be purchased at 65c per day.

"In view of the fact that men working in the district must supply themselves with proper clothing, boots, slickers, etc., it is suggested that a commissary be established where these articles may be supplied at cost."

Viscount T. Kito and K. Okura of Japan will arrive in the city from Jasper Park on Thursday afternoon's train and sail the next morning on the Princess Louise to make the round trip to Skagway and thence to Vancouver.

### VANCOUVER GETS ITS FIRST QUADRUPLTS

VANCOUVER, Aug. 18.—Four baby girls born to Mrs. Romery Philley at noon yesterday all died within six hours after birth. They were the first quadruplets to be born in Vancouver. Each baby averaged slightly more than two pounds in weight.

### QUEBEC POLICE OFFICER SHOOT

ST. PASCAL, Que., Aug. 18.—Three men were shot and wounded by a police officer in a melee after nomination of candidates for Kamouraska County in the provincial election yesterday. The officer claimed he had been assaulted by the men.

### PASSING OF PAPER MAN

Late Charles Riordan Was Head of Pulp and Paper Mill Company and Toronto Newspaper

MONTREAL, Aug. 18.—Charles Riordan, who built up the Riordan Pulp & Paper Mills and was president of the Toronto Daily Mail and its successor, the Mail and Empire, for fifty years, died last night at the age of eighty-four.

Deceased's son Carl B. A. Riordan has actively carried on his father's business affairs for the past few years. Charles Christopher Riordan, Montreal manufacturer, is another son, being the twin brother of Carl Riordan.

### RAMPARTS CONQUERED

Exciting Mountain Climbing at Jasper—Doctor Breaks Leg

JASPER PARK, Aug. 18.—The Ramparts of the Tonquin Valley have undergone a number of determined attacks during the past two weeks and some of their topmost battlements have bowed before the assaults of man.

The siege of these mighty fortresses of nature was lifted Tuesday when Cyril G. Wates, Edmonton, and his party of alpinists left Memorial Hut on Penstock Creek and (Continued on page four.)

### PREMIER BENNETT TO TALK UNEMPLOYMENT

CALGARY, Aug. 18.—Premier R. B. Bennett returned home last night for his first visit since last January. While he has come primarily to holiday here, he will have several conferences, chief of which will be a meeting tomorrow morning on unemployment relief. At this conference it is expected he will divulge plans for the whole Dominion.

### WHY CENTRAL BRITISH COLUMBIA?

Why should a person live in Central British Columbia? was asked of the Daily News managing editor recently in the course of his ramblings through that part of the country. The answer is that few other parts have the advantages that Central British Columbia possesses. In very few places are the people better off and in none are they happier. The whole region is a wonderful park, dotted here and there with groups of farms and here and there a little town or village. The land is for the most part fertile, the climate desirable, the lakes and rivers and mountains are beautiful beyond compare and the hills are full of minerals. Added to all this there is developing a fine system of highways and byways providing transportation for all the people.

Visits were made to Prince George, Smithers, Vanderhoof, Burns Lake, Hazelton, Francois and Ootsa Lakes, Fort St. James, Summit Lake and many other points of interest and everywhere people were enjoying life, driving their own cars, talking hard times, basking in the sunshine and living on the fat of the land, not quite so fat,

perhaps, as a few years ago, but still eating three meals a day and having a little money left for gasoline.

There were indications in different parts of the country that people were still clearing land and extending their farming operations. Also new people were coming in or old time residents returning, finding that life on the farm was better in the long run than a precarious life in the cities.

Many of the farmers of the interior raise practically all they need on their farms. They buy very little just now for they have not very much to spend but they have meat and bread and butter, vegetables and fruit in abundance. Eggs are so plentiful that in at least one case they were being fed to the pigs. The problem of a market is a very important one just now.

### ONLY TWO MARKETS

There are at present only two important markets for the people of Central British Columbia and these are Prince Rupert and Prince George. Prince Rupert takes a good deal of the milk and cream and much of the poultry and eggs and meat. Prince George has a good deal of farm development in its immediate district and the farmers there supply a good deal of the need, but in spite of that a great deal of farm produce is imported although in a lesser degree than to Prince Rupert.

People of the interior recognize the importance of the two markets and are, speaking very generally, anxious to improve their relations. The great difficulty is the cost of transportation over such long distances. Another difficulty generally recognized is the lack of uniformity in marketing, largely the result of lack of quantity production. Farmers and others are apt to neglect the necessary packing, grading and other details of placing their produce on the city market. Much education is necessary. There has to be an improvement in the way in which the farmer treats the city merchant and in which the city merchant treats the farmer. Both probably are at fault. However, there is a great improvement over former years and the feeling towards Prince Rupert seems to be everywhere of the best. All would like to see Prince Rupert succeed for it would mean that the whole interior would also succeed.

The need of the highway was emphasized everywhere as one means of bringing about closer co-operation between interior points and the coast.

It is quite possible that the present hard times are good for us. We had got rather out of hand in our expenditures and in our methods of living and the chastisement of the financial slump brings us back to earth once more and enables us to take stock of our resources of mind, muscle and material wealth.

### THE MARKET

Market prices current today are as follows:

<b>Vegetables—</b>	
B. C. New Potatoes, 15 lbs. sack	25

## WHO'S WHO

(By Gee)

### Colonel J. H. Innes

AS Deputy Minister of Natural Resources for Nova Scotia, Colonel Innes is giving to the World's Grain Exhibition and Conference whole-hearted support.

He was born at Coldbrook, N.S., and educated at McGill University, securing from that institution a B.S.A. degree. For some years he was manager of a fertilizer organization of Toronto, and in 1918 a director of the Soldier Land Settlement scheme of Ontario.

For eight years Colonel Innes was director of agriculture, Dominion Land Settlement Branch. He was appointed to his present position, Deputy Minister of Natural Resources for Nova Scotia, about four years ago.

Colonel Innes is secretary of the Maritime Development Association, and owns and operates a large fruit farm in the Annapolis Valley. He is vice-chairman of the Nova Scotia provincial committee of the World's Grain Exhibition and Conference.

Baseball tonight Native Sons vs. Old Empress.

Dinnerware, china, crockery, glassware, Heilbronner's Store.

James G. Steen returned to the city on the Catala this morning from a brief business trip to Port Simpson.

Comte Bureaugarde of Paris, France, after a visit to Jasper Park, arrived in the city by train yesterday and sailed on the steamer Prince George for Vancouver.

C. Thomas, managing director of the B. C. Packers, after a visit of inspection to salmon canning operations of his company in this district, sailed yesterday afternoon by the Prince George on his return to Vancouver.

H. D. Barrett and L. W. Waugh will sail tomorrow morning on the Prince Henry for Vancouver where they will represent the local club at the annual Gyro district convention.

O. W. Pearson, district manager of the Swift-Canadian Co. for British Columbia, will sail tomorrow morning by the Prince Henry on his return to Vancouver after paying a brief visit to the local business.

Thomas John Torney, who arrived in the city last week from the Yukon, left on yesterday's train for Montreal where on August 28 he will embark aboard the steamer Athenia for his home in Belfast, Ireland, to pay a visit.

Mrs. James Brough returned to Smithers on today's train after having spent since yesterday in town. Mr. and Mrs. Brough will be moving to Prince Rupert next month, Mr. Brough having been transferred here in the railway service.

Ald. Linzey urged at last night's council meeting the necessity of repairs being made on the sidewalk on Talow Street between Eighth and Ninth Avenues and on the sidewalk alongside the Rand Block at the corner of Sixth Avenue and Fulton Street.

Court of revision on 29 local improvement bylaws will sit on September 28, it was decided by the city council last night. It was at first proposed to have the session on October 7 but, in view of the unusual conditions it was decided to have it on the earliest date possible.

### LOCAL ITEMS

Miss Isabel Connery of this city returned home on yesterday's train from Smithers where she visited for the past six weeks with Mrs. Powell and Mrs. Ebert.

Rev. Alfred Wilson, pastor of First United Church, returned to the city last night on the Thomas Crosby after a two-weeks' trip to the Queen Charlotte Islands during which he visited missions as far north as Cape St. James. Mrs. Wilson and family are holidaying at Sandspit for a week longer.

At the meeting of the Chamber of Commerce last night, G. W. Niskerson reported on the visit to Burns Lake as a delegate to the convention of the Associated Boards of Trade of Central British Columbia. Alderman H. F. Pullen and J. E. Clayton, who were also at the convention, spoke briefly.

The report of Fire Chief D. H. McDonald for the month of July presented to the city council council last night, announced that there had been three alarms during the month with damage of \$33 which was covered by insurance. Expenses of the department for the month totalled \$1,731. Usual inspections had been made of equipment which was found to be in good order.

John D. says golfers never have bad character. Other religions affect men that way, too.

### BIOLOGICAL TEAM WINS

Received Defeat 14 to 13 in Soft Ball Last Evening

On account of the Biological Station wishing to get all their games in the C.N.R.A. Softball League cleared up before their players leave, they last night played the R.C.N.V.R. and made their second victory this season by defeating them 14-13.

The Biological players got away to a good start and, by the fifth inning, they led their opponents 11-2 but the navy boys could not let that condition exist and they went in and collected 4 runs, making the score 11-6. In the eighth inning the Biological Station made three more runs and the R.C.N.V.R. made 6, making the score 14-12. Then in the ninth, the Navy brought in another run with two men down but could not make the run which would have tied the score.

Batteries were Brocklesby and Smith for the Biological Station and Pitcher and Peterson for the R.C.N.V.R.

The next game will be played tomorrow night between the Biological Station and the Roundhouse

### LETTER BOX

Editor, Daily News:

Referring to the item in your Letterbox of yesterday's issue, on behalf of the Canadian National Recreation Association, I hereby accept the challenge put forth by the Spartan Club, and the above-mentioned Association will enter a team on Labor Day to compete in the medley relay race.

Thanking you for valuable space,  
W. D. McINTOSH.

### Mobley Cup City League Soccer Tightens Up in Interesting Way As Regiment Defeats Merchants

With a five to nil score over the Merchants last evening, the Regiment went into the lead in the Mobley Cup city league football series as a result of their superior goal average though the teams have the same number of points with the same number of games played. Each has still to play the Legion and these games on Wednesday and Friday of this week are sure to be keenly fought out. Should the Legion win both games all three teams would have the same number of points and goal average would then be the deciding factor. The standing in the league is therefore of particular interest.

The exchanges in the first half were all in favor of the Merchants who attacked repeatedly. Smith in goal saved well from A. Dickens and Chenoski was just wide with a fine drive. Currie also narrowly missed with a shot and a header of his was just too high. Hunt cleared strongly and Kelsey headed away in a dangerous situation. In one of their occasional breakaways Wilson's weak shot was poorly handled by Vink and Norrington was quick to put the ball through for the Regiment who did not deserve the lead on the balance of play. Wingham and Edgcombe broke up Merchants' attacks and a long pass from Wilson gave Norrington an opening that he took full advantage of to go through and score with a high shot from a difficult angle. The Merchants still continued to have the major part of the game but the Regiment defence held out.

Dickens and Russell made headway but Hunt cleared and then, while the Merchants' defence waited for the ball to go behind, Wilson got to it to cross in front of goal and Norrington made his own and the team's total three. McKay and Chenoski staged neat combination but Hunt and Thurber cleared. Smith punched away a fine high shot and Russell was unlucky with a shot that was blocked. Currie kept pushing the ball up to his forwards but all to no avail. Then Wilson added a fourth for the Regiment after Colussi and Norrington had made the opening. Norrington and Wilson staged a nice bout of passing and Hill, in trying to save the situation, turned the ball past

### Vancouver Ball Team Wanted to Come Here Again

According to a communication which has been received by Stan Moran from Able Cross, heavy hitting first baseman of the Vancouver all-star baseball team which was here for the fair last year, Vancouver would have liked to have sent another such team north this fall. However, it will be impossible to bring a Vancouver team here this time owing to the fact that it has already been decided to have the Hazelton team, champions of the central interior.

### RAMPARTS CONQUERED

(Continued from page one)

carried an injured companion over the long miles of rugged trail to the town of Jasper. The injured member of the party is Dr. H. E. Bulyea, Edmonton, who suffered a fracture of the leg in the descent of Mount Geikie and was forced to spend 40 hours on the mountain amid falling snow and in severe cold, before his fellow climbers were able to effect his rescue.

Three of the alpine party, Dr. Bulyea, Wates and Miss Helen Burns, Edmonton, accompanied by a professional guide, Hans Fuhrer, of Jasper Park Lodge, had negotiated the ascent of Geikie over the old route up the southeast side. In the descent, the climbers had reached a point about one-third of the way from the summit and were descending a vertical chimney with Dr. Bulyea in the lead, when a large rock became detached and struck the leader dislodging his hold so that he fell about 20 feet to a rock ledge, breaking his leg. It was decided to leave the lady member of the party to look after the injured man while Wates and the guide descended the mountain for assistance.

### Rescue Party

The rescue party included Fuhrer, Captain E. R. Gibson, Edmonton, and E. L. Woolf, Ardsley, N.Y., and after an all-day struggle, they succeeded in lowering Dr. Bulyea down the almost perpendicular face of the mountain, and so to the Bivouac Camp, from where he was brought by easy stages to Jasper.

Other expeditions carried out by the party included the first ascent of Scarp Mountain by Gibson and Woolf, the ascent of the east ridge of Mount Edith Cavell by Gibson and C. L. Anderson, Edmonton, and the crossing of Drawbridge Pass by the Misses Ada Cooley, Peggy Brock and Wilma Watson, all of Edmonton, Don Sanderlands, Calgary, and Wates. Unsuccessful attempts were made upon Mounts Dungeon and Geikie by new routes. During the first days of the expedition, the first ascent of Eremita Peak was made above Crome Lake by Captain Gibson, Woolf and Walter Streng, Cincinnati, Ohio.

### HAZELTON IS BEAUTIFUL AND SHOULD BECOME A VERY IMPORTANT HUB.

(Continued from page one)

cultivated but most of it has now gone back to acreage and farming is taking the place of land speculation.

### Alaska Highway

The people of Hazelton expect the highway to Alaska to branch northward from their town, for air travel to make them an important stopping place, for the Peace River outlet to join the C. N. R. main line near the town and for the mines to develop, the farming to extend and last but not least for people to come from far and near to enjoy their climate and their sports.

One of the institutions of Hazelton is the hospital, managed by Dr. Winch for the United Church of Canada. It has a new building erected partly by the church mission board, partly by the government of British Columbia and partly by the residents of the district. It is a fine building with all the latest things in hospital facilities. It is a great boon to the whole countryside.

Hazelton is not incorporated, it has no board of trade, but its people have plenty of public spirit and they show it many ways, especially in connection with the latest golf links, with the flower show and with the provision of flowers year after year for the dining cars of the Canadian National Railways with their unique advertising pictures.

The case of A. Donald charged with being the keeper of a gaming house, and six men, charged with being inmates, was further adjourned at the request of defence counsel, T. W. Brown, on coming up before Magistrate McClymont in city police court this morning.

# GIRLS WANTED

## To enter Contest for America's Most Beautiful Girl

The winner will be chosen during fair week in Prince Rupert and will get a free trip to Los Angeles and back and be entertained lavishly while there.

Entrants must sell 50 tickets to the Big Coronation Ball, the last day of the fair. Nothing else to do but look pretty. It's the chance of a lifetime.

The fair board at its recent meeting decided to enter a candidate in the International Beautequest at Los Angeles in connection with the celebration of the one hundred and fiftieth anniversary of the founding of the city, when the most beautiful girl in America will be chosen.

The local candidate will be chosen at the time of the fall fair and immediately after her selection she will have to leave for the south to get there in time for the big California event. Her expenses going and coming will be paid by the Fair Board but while there she will be the guest of the Ocean Park Businessmen's Association, who are sponsoring the event. The attraction for the candidate is set forth in the following letter from the south.

"Your candidate will be met at the railway station, dock or airport by a committee representing the Ocean Park Businessmen's Association.

"She will be the guest of screen stars at various functions.

"She will be entertained by a reigning star of the screen at her home.

"She will be included in all parties listed as part of the program of the International Beautequest and La Fiesta de Los Angeles.

"She will occupy a position of honor in all gatherings including pageants, parades, spectacles, receptions and, in fact, all events planned for the International Beautequest and Los Angeles' great reception."

Candidates must be between the ages of 16 and 30, unmarried and of good character and the one going from Prince Rupert will be chosen in the following manner:

She or her sponsors must sell 50 tickets at \$1 each for the big coronation ball to be staged on the last day of the fair in the exhibition building. For the one selling the most tickets a prize of \$50 will be awarded.

She may enter without sponsors if she wishes but she must sell the tickets.

The candidates must attend the Exhibition every evening while it is in progress here. On the first night one selection will be made by competent judges. On the second night a second candidate will be chosen by another set of judges and on the third night a third candidate will be chosen by a third set of judges.

These three candidates will attend the coronation ball accompanied by the other candidates and at 9 o'clock, the final selection will be made. Two hours later the coronation will take place here and the following day the winner will be required to leave and travel as rapidly as possible by steamship, airplane and rail to Los Angeles.

Candidates from points around Prince Rupert may enter, such as Anyox, Ocean Falls, Smithers, Terrace, Stewart, Hazelton or other points and they will be required to sell 25 tickets to the coronation ball in order to qualify.

Candidates either in the city or out may be sponsored by organizations who may help them in disposing of tickets or otherwise in connection with the event.

Candidates or their sponsors should notify Secretary Vance of the Fair Association at as early a date as possible and as soon as the tickets are ready may commence disposing of them.

D.D.D. gives skin health. (Use D.D.D. Soap.)

### Guide to Correspondents

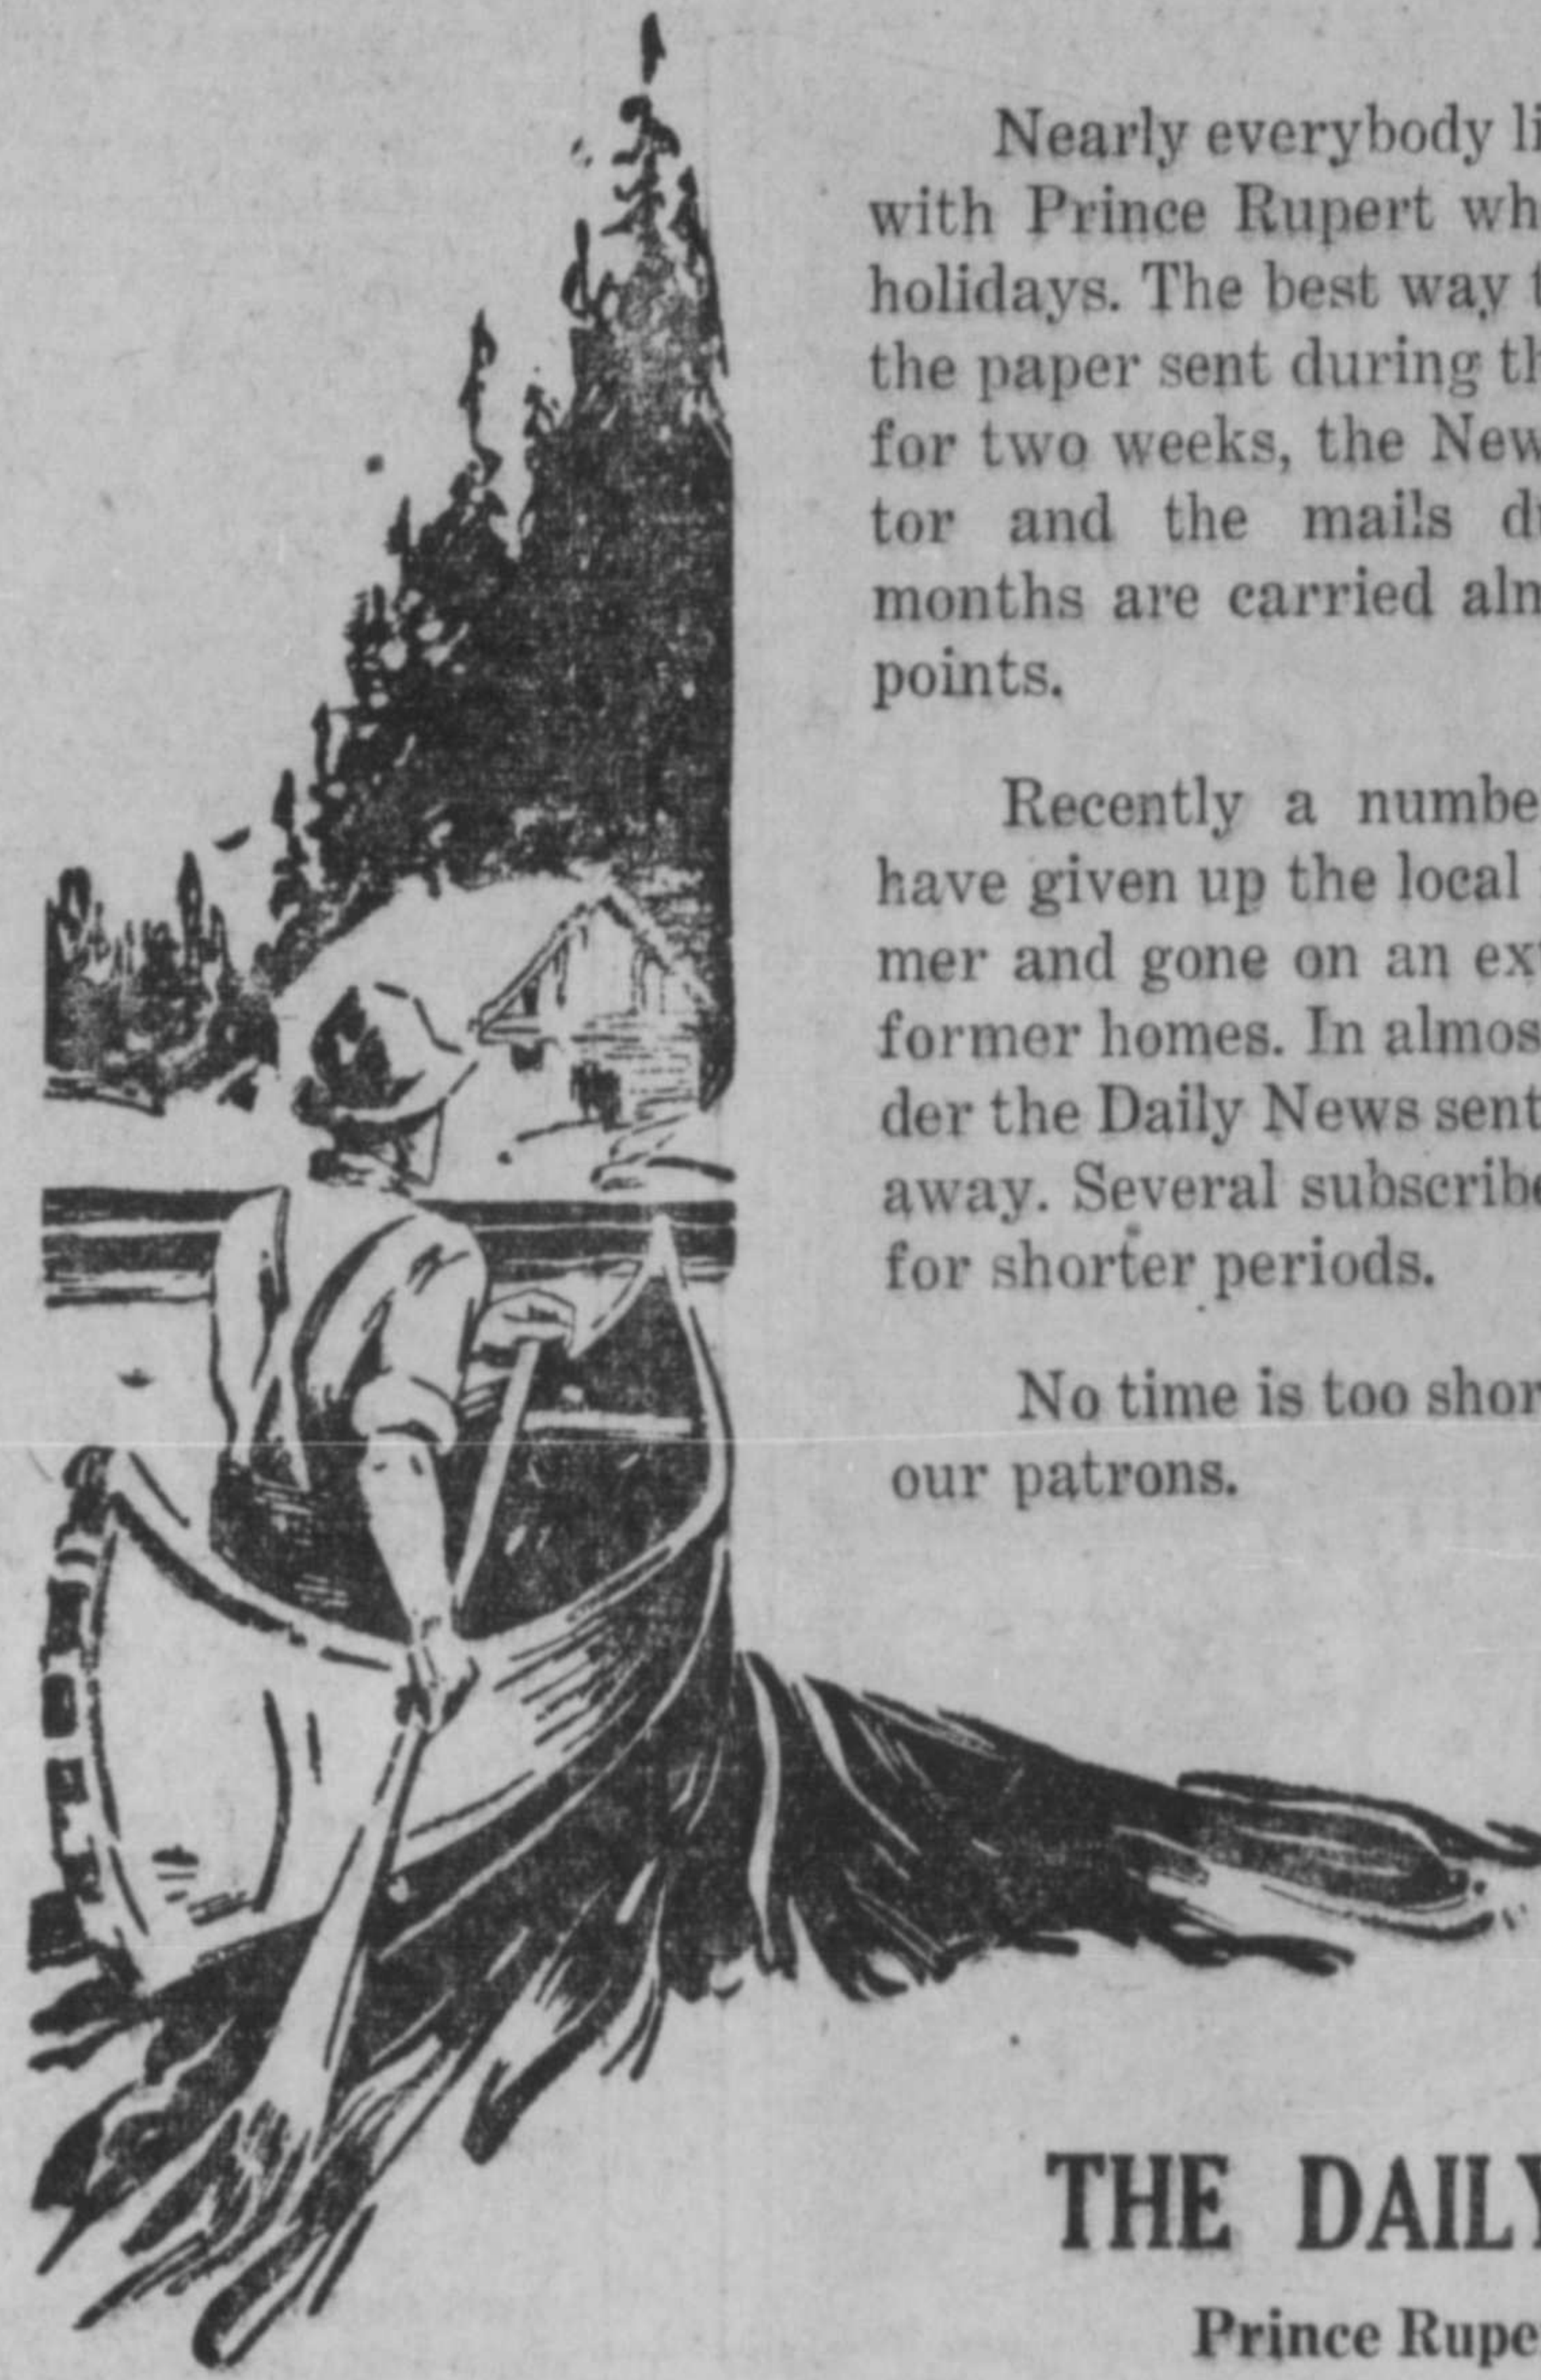

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.

Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

## Off for Vacation

Take The DAILY NEWS with you When Going on Summer Holidays

Nearly everybody likes to keep in touch with Prince Rupert when away for their holidays. The best way to do this is to order the paper sent during that time. If it is only for two weeks, the News is a welcome visitor and the mails during the summer months are carried almost daily to most points.

Recently a number of Scandinavians have given up the local fishing for the summer and gone on an extended visit to their former homes. In almost every case they order the Daily News sent them while they are away. Several subscribed for a year, others for shorter periods.

No time is too short for us to look after our patrons.

## LECTURED ON BELGIUM

J. Van Ricksdal Addressed Chamber of Commerce at Gathering Last Night

While Belgium is a small country, its area being only 12,000 square miles, it has eight million inhabitants and its exports to Canada are very large, ranking next to Great Britain, according to J. Van Ricksdal, consul-general for Belgium, who addressed the Chamber of Commerce last night, President B. J. Mellish in the chair. While the exports into Canada are large, the exports from Canada to Belgium are twice as large, for that little country is a very good customer, using grain, canned salmon, lumber and many other products.

Practically all the glass used in Canada comes from Belgium, Mr. Van Ricksdal stated. Also the radium comes from the same country, it being found in the Congo and manufactured in Belgium. This and much more of interest was told the chamber in an interesting lecture. The speaker took his hearers through a tour of Belgian cities, commencing at Ostend, queen of European seaside resorts and calling at Zeebrugge, Bruges, Ghent, Brussels, Antwerp, Louvain, Liege, Mons and other points, all famous for manufacture or art or scientific research and full of historic significance.

One interesting statement made at the commencement of the lecture in indicating the size of Belgium was that it would be about the same size as a triangular territory comprised between Prince Rupert, Stewart and Hazelton.

In concluding, Mr. Van Ricksdal said that Belgian people were great admirers of Canada and the Canadians. Mons was very much Canadian with a number of Canadians settled down there married to Belgian wives. A monument to Canadians was erected in the heart of the city commemorating the glorious deeds of Canadian troops.

The speaker said he had lived in Canada eleven years and had become almost a Canadian. He spoke of the devotion and zeal of one of his countrymen here, Alderman Theo. Collart. He hoped that he too would be able to be of service to Canada.

## Signs Contract

Miss Ethel Barrymore Colt, daughter of famous Ethel Barrymore, signing contract to appear in forthcoming George White "Scandals"

## SEAPLANE RETURNS

Slight Damage Done to Local Ship; Took Nose Dive Into Water While Being Towed

Pacific Salvage Co.'s power tug Salvage Princess arrived in port during the night from Langara Island, bringing in the Gypsy Moth seaplane of the Northern B. C. Airways which was disabled there Sunday evening, as well as Pilot D. Murphy and his passenger, Dr. J. H. Jarson.

The plane, as far as can be learned, suffered neither structural nor mechanical damage in her mishap. The trouble was caused, however, by the effects of salt water, the nose of the ship having gone under water while it was being towed out of a tide rip by an Indian boat after two wires had been broken. The nose dive occurred when the native suddenly started his boat going at full speed.

The plane will not be put into commission again until after it has been inspected by Flight Lieutenant Johnson R. C. A. F., aviation inspector, who is due to arrive in the city tomorrow morning on the steamer Prince Rupert from Vancouver.

## Milk Tests Here To Be Resumed

Resolution With This End in View Is Passed By Council

A resolution moved by Ald. Macdonald and passed by the city council last night sought the co-operation of the police in having monthly tests of milk for butter fat content resumed here. The plan is that these tests shall be made regularly by the medical health officer as was done some years ago.

Union steamer Catala, Capt. A. E. Dickson, returned to port at 11:20 this morning from Anyox, Stewart and other northern points and sailed at 1:30 this afternoon for Vancouver and waypoints.

## CHARMING PICTURE

Norma Shearer Scores in "Strangers May Kiss;" Best Since "Divorce"

Charming Norma Shearer was seen by a large audience at the Capitol Theatre last night in another delightful role in "Strangers May Kiss," a society drama of entertaining character. Many believe that this is Miss Shearer's best picture since "The Divorce." Her dramatic powers and fine personality are given play and for the ladies, many beautiful gowns prove interesting.

Principal supporting roles are capably carried out by Neil Hamilton and Robert Montgomery while Marjorie Rambeau and Irene Rich also carry important roles.

## SPORT SUIT OR GOWN FOR THE WINNER

Demers' ladies' supply house is donating either an evening gown or a sports suit to the candidate who goes to Los Angeles from Prince Rupert to the Beatequest being held there early next month, choice of which will be made at the time of the fall fair. This is in addition to other clothes and needed articles donated by other business firms of the city.

So far only two candidates are definitely in the field backed by the Elks and the Rotary Club. The Gyros are choosing their's today and it is understood the Moose will also have a candidate and there may be other organizations bringing candidates forward. Ladies may also enter without backing, doing their own canvassing or being aided by friends.

It has been suggested that possibly Hazelton may bring a lady with them to enter in the contest. Coming from there she would have to sell only 25 tickets as the price of her candidature. She would have just as good a chance of being chosen in the final as would a Prince Rupert girl. The same applies to any other points outside of Prince Rupert.

## City Council Sells Tax Sale Lots; One Offer Is Rejected

The city council last night, on recommendation of the finance committee, sold lot 2, block 4, section 1 to H. Long for \$100 and lots 11 and 12, block 22, section 7, to E. Cavenall for \$120.

The council rejected an offer from H. W. Johnson for a portion of Violet Park in section 7. Mr. Johnson offered to start paying taxes in 1932 and \$200 in 1933 and a similar amount in 1934 as purchase price.
