265 MEN

This Number Will be Engaged on Local Relief Work-40 More Going Out This Week

Seventy-five men are at present engaged in the government's unemployment relief program on continuation of the Skeena River Highway beyond Gallow Rapids, it was stated this morning at the office of the provincial department of public works. On Friday of this week or thereabouts it is expected to take an additional forty men out to the Cloyah

Bay camp. When the whole local program gets under way there will be a total of 265 men engaged in relief work. Twenty-four men will be working from the Galloway Rapids camp, 120 in the Cloyah Bay camp and 120 in the new Prudhomme Lake camp.

It will be at least two or three weeks yet before the Prudhomme Lake camp is ready. All the lumber and other material being used in the erection of this camp has to be hauled a distance of four miles by tractor from the beach over the Power Corporation's old skidroad to the camp site. Pipe is also being taken out for a gravity water system. Naturally, the transportation operation is rather slow.

WHO IS RAILWAY FOR?

Who is the Peace River railway to be built for? Is it to benefit the farmers of the Peace River country or the merchants of Vancouver?

If the farmers are the ones to be considered, the first thing to do is to connect the farms with the Pacific seaboard by the most direct and expeditious route. That means to build the railway north of the Canadian national

Later when the Peace outlet is completed so that farmers can get their crop to the nearest port, will be time to talk of spending public money on the P.G.E. or some other railway leading to Vancouver.

There can be no two opinions as to who should receive completely wrecked. consideration in the present juncture. The farmers who raise the wheat are the ones who have been suffering from low prices partly due to lack of direct transportation. No one has had the effrontery to suggest relieving the Vancouver merchants by means of a railway to the Peace. It has been suggested, however, that these merchants might become prosperous as a result of the business accruing have two work trains engaged in from the Peace country.

If the money of the country is to be squandered to make Vancouver more prosperous, it is time the rest of the country rose in arms against it. If the farmers are to be relieved by the railway and it is to be built to connect them with the nearest possible outlet already constructed, then A chicken dinner was followed by a has been elected president of the it should have our fullest support.

IMPORTANT NOTICE

Manufacturers Advertisers and Advertising Agents

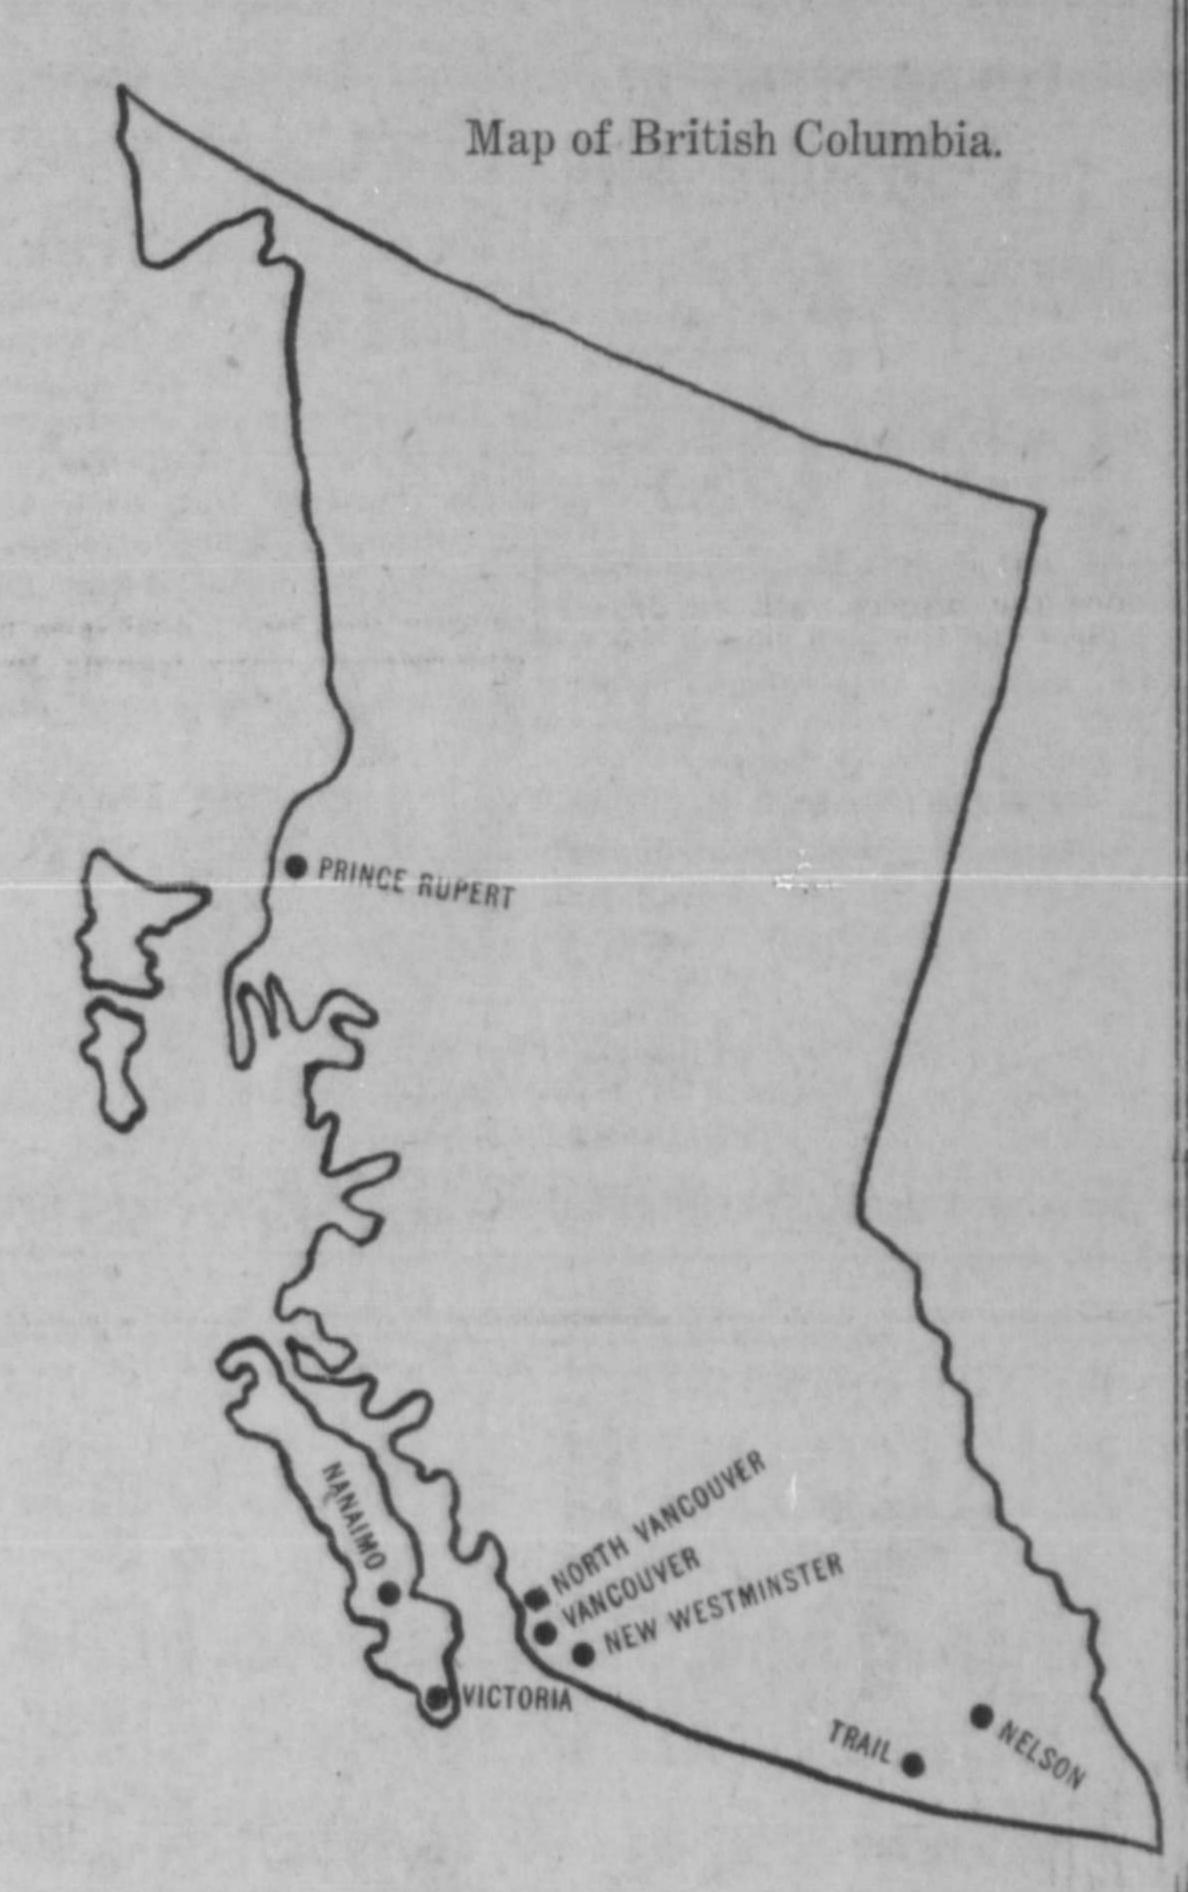

Look at the Map of British Columbia shown herewith and note that Prince Rupert is the centre of the largest trading area of any city in the Dominion of Canada.

The Daily News Prince Rupert

is the only daily newspaper attempting to cover this huge area, and the people in it look to that paper for information in regard to possible markets. The nearest Canadian daily newspapers to Prince Rupert are:

> Vancouver, distant 500 miles Edmonton, distant 955 miles No papers published north or west

The industries in the district include— Halibut Fishing (largest in the world) Salmon Fishing (largest in B. C.) Lumbering, Logging and Mining. Paper Manufacturing.

New Industries are being planned for the district, announcement of which will be made in the near future. A new Hydro-Electric Power Plant has been installed and is now in operation.

Here's another attractive

Most women find it difficult to think up new ideas for attractive menus . . . This one, suggested by Miss Katherine M. Caldwell, cookery authority of Canadian Home Journal, Toronto, is therefore sure to please.

LUNCHEON MENU Cheese and Vegetable Soufflé with Cream Sauce Buttered Whole Wheat Toast Sweet Pickles Hot Raspberry Biscuits* Chase & Sanborn's Tea

For afternoon tea, there is nothing nicer than these same Raspberry Biscuits, shaped daintily with a tiny cutter-split, buttered and served piping hot, with a cup of perfect tea! Miss Caldwell says: "Magic Baking Powder is easy to use because its uniform, high quality never varies. I use and recommend Magic because my experience has proven that it always gives consistently better baking results.

Mix and sift the dry ingredients. Cut the hard, cold shortening into them with a knife, using a quick, short, chopping motions or reduce the hard cold fat to tiny particles with a pastry blender or a steel-pronged fork. When the mixture resembles a very coarse meal, add the liquid, mixing quickly and lightly. Turn out the dough on a slightly floured board; pat it down lightly or roll it to a thickness of about one inch. Shape with a small cutter or cut in squares with a floured knife.

Dip the small lumps of sugar into syrup from canned or fresh raspberriës . . . Press a lump into each biscuit . . . forcing it well down into the dough so that it will not run down the sides when melted.

New Carrier Collection

In view of the depression and to make it as easy as possible for people to pay, the Daily News is to be sold on a weekly basis, payable in advance.

The delivery boy will collect each Friday evening for the week following. He buys the papers and sells them to the customers, so there will be no credit given. The boy cannot afford it. Please do not ask him to return for the weekly payment. Have it ready for him.

Customers now in arrears will pay the amount owing at the office, but this will have nothing to do with the regular collections made by the boy. He will be doing business on his own, and if he does not make his own collections will not deliver the paper.

Those paid in advance will continue to receive the paper until the subscription expires. Any wishing to continue the yearly payments may do so, and we pay the boy.

The price of the paper will be 10c a week, payable strictly in advance. That means six papers for ten cents.

It will take a few weeks to get the new system running smoothly, and in the meantime we ask for the co-operation of the readers of the paper. The routes not going on the new system this week will do so just as soon as the lists are made up and the boys properly instructed. Help the boys to set up in business for themselves!
