PRINCE RUPERT, B.C., TUESDAY, MARCH 24, 1931

PRICE FIVE CENTS

SEATTLE HALIBUT DISPUTE IS ENDED

MINING RECORDER ON ISLANDS AGAIN UNDER DISCUSSION

Australian Finances in Bad Way Treasurer Admits Default Likely In Country's Payments to London

Country Definitely Off Gold Standard and May Ship Present Reserve to Help Pay Debts of Commonwealth

CANBERRA, Australia, March 24:—Declaring that Australia was admittedly off the gold standard, Hon. E. G. Theodore, Commonwealth treasurer, today introduced in the House of Representatives a bill whereby the Commonwealth may shortly abolish the statutory gold reserve and ship to London for debt payments the gold thus released.

Mr. Theodore also stated that if the Westminster Bank of London insist on the payment of the \$25,000,000 due from the three Australian states on March 31 he feared those governments would have to default.

The treasurer also declared that unless the Commonwealth itself obtained funds in London by June 30, default was inevitable.

Taylor Wanted to Run in Omineca Against Manson

In the course of an interview a few days ago in Victoria, Mayor L. D. Taylor of Vancouver revealed that, in the last general election, he had intended to seek nomination in Omineca against A. M. Manson. Apparently, there was considerable buck passing two or three years ago between Mayor Taylor and Mr. Manson, then attorney general, as to responsibility for liquor conditions in Vancouver.

GOV'T LOST IN MARKET

One Reason Why United States Decides to Quit Regulating Wheat Price

CHICAGO, March 24:—Probably the principal reason for the decision of the United States Farm Board to abandon any attempt after May to regulate the price of wheat is that the government lost no less than \$75,000,000 in its operations in the wheat market last season.

Sum of \$27,000 Is Voted For Road Work in Prince Rupert Riding, Minister Announces

VICTORIA, March 24:—It would take three thousand working girls paying \$6 a year each to pay for the increase in the new Liquor Control Board, T. D. Pattullo, leader of the Opposition, declared in the Legislature last night. The House was in committee of supply. Mr. Pattullo entered a hot attack upon the government for an increase of \$3,000 in travelling and other expenses in connection with British Columbia House in London, and the overseas marketing service.

QUIET DAY AT CAPITAL

Non-Contentious Business Occupied Attention of Legislature Monday

VICTORIA, March 24:—Monday's session of the Legislature was an unusually quiet one. Merely routine matters came under discussion and only non-contentious bills were put through.

CANADIAN BUSINESSMAN

E. J. Greenway, director of J. S. Fry & Sons (Canada) Limited who has been spending a couple of days in the city in the interests of his firm.

Many Prescriptions For Liquor Issued in United States

WASHINGTON, D.C., March 24:—During the year 1930, 12,913,000 prescriptions for liquor were issued in the United States.

MARKET ERRATIC

Big Slumps Yesterday Followed by Remarkable Recovery

NEW YORK, March 24:—After several issues had dropped to the lowest levels in thirty years, the stock market rallied late in yesterday's session. Some stocks showing remarkable recoveries. Over two million shares changed hands during the day.

STEWART IS LOOKING FOR RAILWAY

Editorial in News Indicates That Expectations are Running High in North

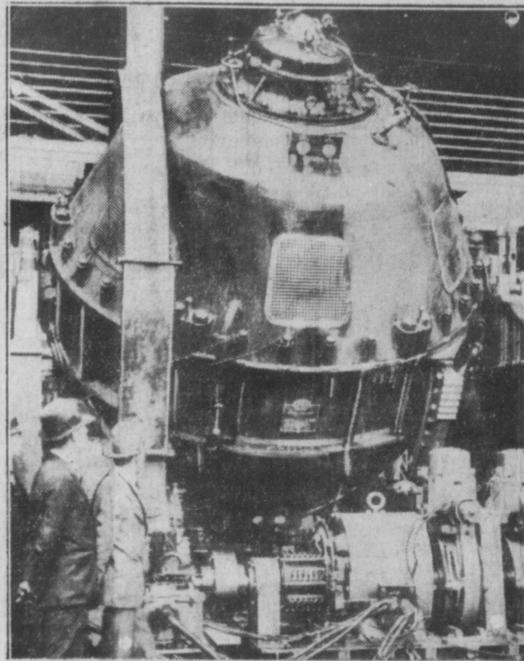

An indication that Stewart is looking for big railway developments this year may be gathered from the following extract from an editorial article appearing in the Stewart News:

"The present Premier of Canada is pledged to provide a coast outlet for the Peace River Country. Indications are that something to this end will be started during the coming summer. The Vancouver Press report rumors to the effect that the C.P.R. is planning big construct undertakings for this year in northern Alberta and B.C. including a new line to the northern coast, to be part of a new line across northern Canada. The C.P.R. itself has given notice that its shareholders are to be asked on May 6th to authorize a fifty million dollar increase in its stock for expansion purposes. Just what is meant by expansion has caused a great deal of speculation in eastern centres. The Provincial Governments of B. C. and Alberta are to participate in a conference to be held in Ottawa next month with the Dominion, C.P.R. and Canadian National Government and the heads of the Railways, at which the whole northern transportation problem will be considered and a decision arrived at. It would appear that the \$50,000,000 to be asked for by the C.P.R. in connection with this. Such a sum of money is more by a good few millions of dollars than is required to build from Stewart to the Peace. It is in fact sufficient to take care of such a program and leave enough over to go with the C.N.R. on a 50-50 basis from the south side of the Peace to a point somewhere on the C.N.R. mainline. Strange co-incidences, plus many indications are indicative that the initiation of some big developments can be anticipated during the coming summer, and that Stewart will figure in the picture."

ACTOR DIES

HOLLYWOOD, March 24:—Robert Edson, veteran character actor of stage and screen, died today of heart disease.

130-ton Gyroscopic Stabilizer

Boys play with tops—and so do men. Here is a giant 130-ton gyroscopic stabilizer, anti-rolling device for ships, at South Philadelphia works. Engineers say it will keep a vessel 150 long within two degrees of maximum roll.

Fishermen and Boat Owners Have Agreed; Fleet Leaving Soon

Terms of Settlement Not Yet Definitely Known Here—Difference Was in Regard to What Percentage Should Constitute Boat's Share

Word has been received in Prince Rupert that the differences between boat owners and fishermen, which have held up the Seattle halibut fleet for over a month, have been settled and that the American fleet is now preparing to put to sea. No definite details as to the terms of the settlement have been received here, but it is understood that the fishermen won out. Seattle boat owners had sought to have the boat's share of trips increased to 25% whereas the fishermen held out for the former agreement under which boat's share was 20%.

Settlement of the dispute will permit of the Pacific Coast halibut fleet getting into operation again in full strength. Up to now only a very few of the Seattle boats have been at work, these few being manned by boat owners independent of the union fishermen.

PRINCES ON WAY TO RIO

Spent Few Hours Today in South American Coffee Port of Santos

SANTOS, Brazil, March 24:—The Prince of Wales and Prince George on their way north after attending the British Industrial Exposition in Buenos Aires, were here for a few hours today enroute to Rio de Janeiro. Their Royal Highnesses who took their meals along with the other passengers and conducted themselves otherwise as ordinary travellers, spent much of the time on their passage from Montevideo sunning themselves on the deck of their steamer.

Gasoline Allowance is Being Made Similar to That Granted to Barge

Various Matters of Interest to This Part of Country Discussed in Legislature—Queen Charlotte Road and Land Listing

VICTORIA, March 24:—The present mining recorder at the Queen Charlotte Islands is receiving \$450 expenses in the government estimates and T. D. Pattullo, opposition leader, charged in Legislature Monday night that he is getting an allowance for gasoline out of that sum. "That is the very thing for which this government pilloried a fine old pioneer settler," he said. "I again appeal to the Premier to expunge from the records the stain that has been placed against the reputation of John L. Barge."

Premier Tolmie made no reply. Hon. R. W. Bruhn, minister of public works, said he was unable to say whether the \$27,000 highway maintenance appropriation for Prince Rupert constituency included enough money for improving the surface of the marine drive on Queen Charlotte Islands. Mr. Pattullo urged that not only was it a beautiful scenic drive but that it was the chief means of communication for a large number of settlers.

Dr. H. C. Wrinch and A. M. Manson protested at the dropping of the mining recorder from the staff of the Smithers agency. This was one of the most active mining offices in the province, they said, and it was doubtful, now that the capable former recorder had been superannuated and no substitute appointed, that the existing staff could carry on the work.

Hon. J. W. Jones, minister of finance, said he thought they could get by. Mr. Manson also pleaded that listings of available lands for settlement be placed with real estate agents, the boards of trade and local government offices in central B.C. close to the actual lands so that settlers could get information promptly about suitable locations.

Hon. W. A. Mackenzie agreed that his ought to be done.

Mr. Manson also pleaded that listings of available lands for settlement be placed with real estate agents, the boards of trade and local government offices in central B.C. close to the actual lands so that settlers could get information promptly about suitable locations.

Hon. W. A. Mackenzie agreed that his ought to be done.

Data on Alaskan Road Scheme and University Asked

VICTORIA, March 24:—Premier Tolmie adjourned debate on F. M. MacPheison's motion for a return to the Legislature of all correspondence between the B. C. government and the Dominion, the United States or any other government or any private corporation or individual regarding the proposed B. C. Alaska Highway.

OTTAWA, March 24:—Delivery of the first of Canada's new destroyers, H. M. C. S. Saguenay, will be made to this country on or about April 1, when a Canadian crew will be placed on board the warship in England. The second vessel, H. M. C. S. Skeena, will be turned over about May 20.

Lord Privy Seal Appointed Today

LONDON, March 24:—Thomas Johnston, parliamentary under-secretary of state for Scotland, was appointed today to the cabinet post of Lord Privy Seal.

Wheat Price Is Unchanged Today

VANCOUVER, March 24:—The price of wheat here is unchanged since yesterday, the quotation being 55¢ on exchange this morning.

New Destroyers For Canada Will Be Coming Soon

OTTAWA, March 24:—Delivery of the first of Canada's new destroyers, H. M. C. S. Saguenay, will be made to this country on or about April 1, when a Canadian crew will be placed on board the warship in England. The second vessel, H. M. C. S. Skeena, will be turned over about May 20.

The Saguenay will be stationed on the Atlantic coast and the Skeena on the Pacific.

CANADIANS RETURNING

Delegation to Buenos Aires Fair on Way Home Now

BUENOS AIRES, March 24:—The Canadian delegation to the British Empire Trade Fair left here yesterday on its return home. They are travelling aboard the steamer Prince Robert.

The Canadian delegation is confident that, as a result of its visit, there will be a material expansion of trade between Canada and the Argentine.

Jury of Women Being Sought

BELLINGHAM, March 24:—Efforts were being made here yesterday to empanel a jury of twelve women to hear the trial of a local woman charged with the murder of her husband.

Many Immigrants Entered States in Year Just Ended

WASHINGTON, D.C., March 24:—During the year 1930, 241,700 immigrants arrived on the shores of the United States.

DAILY EDITION Tuesday, March 24, 1931

BE SURE TO REGISTER

Any person who is not on the list of provincial voters should take steps at once to see that the name is added. A person who voted in the last provincial election would be automatically a voter this time. Those who did not vote at the last election will not be on the list. In order to make sure, it is well to investigate. The list is at the court house and any person can register there any time during office hours.

ELECTION THIS YEAR

The rumor comes from Victoria that an election will be held this year. If so everyone should be in a position to vote when the time comes. A recent arrival from Victoria states that the Tolmie Government has had to face adverse financial conditions this year and it has been found very difficult to balance the budget. Next year will be worse from a governmental viewpoint, so it is very likely that the prediction as to the election will prove true.

FISH ARRIVING

Yesterday was the biggest halibut day Prince Rupert has had this year. Unhappily the difference over the sharing of the catch has kept most of the Seattle fleet tied up with the result that little halibut has been coming to Prince Rupert in American bottoms. With the settlement of that difference the whole fleet will be out and once more this port will become busy.

While no fish have been sold to the former buyers at this port, Ketchikan boats have been selling freely to several of the old companies at that port and getting good prices. At the week-end the price was fourteen cents for first class fish.

Representatives of the old companies are not saying anything but they are remaining here and apparently plan to stay until the end of the season.

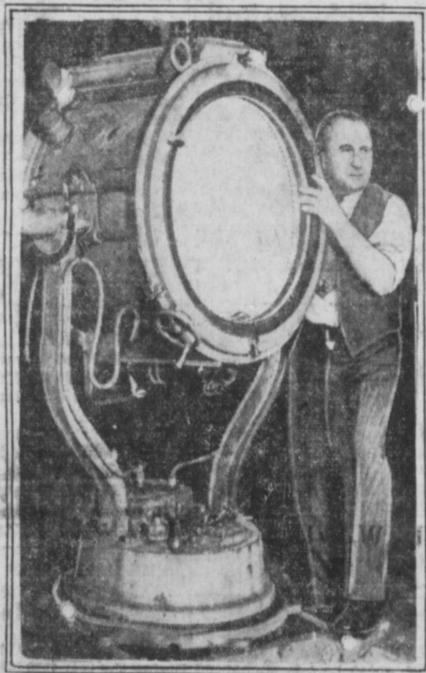

CONDITION OF HIGHWAY

Numerous complaints are being made on the bad condition of the highway across Kaien Island. The section of it within the city is well kept and cars run smoothly over it. Beyond the city limits the trouble begins and does not end until the other side of the island is reached.

As this is the only piece of provincial highway in this part of the district, complainants say they think it should be made passable for ordinary traffic.

BUILDING DOWN TWENTY-FIVE PER CENT

Advertising in this paper today indicates that building material is down 25-per cent over what it was a year ago. That should be an inducement to build this spring while material is low and labor plentiful. At any rate it is worth considering.

A \$1,000,000 candle-power searchlight, which could project advertising matter—or other symbols—fifty miles, is being worked out by Alfred Gauthier, of New York.

Series of Building Plans Begins in This Issue

The building season is here once more and the Daily News has made arrangements to publish weekly a series of plans for houses, some of which will be found to be suitable to local conditions. Others will possibly give prospective builders ideas which may help them in drawing their own plans.

The plans are made in Toronto and brick is specified more often than would be desirable in Prince Rupert. This may always be replaced by stucco, which is particularly well adapted to the climate here.

The cost of erection as given by the architect seems quite high, equally as high as the cost would be in Prince Rupert for similar buildings.

The idea in publishing these plans is to encourage Prince Rupert people to own their own homes instead of depending upon renting. This not only makes for stability but it also encourages well kept homes and is in line with the movement to beautify the city.

An Artistic English Bungalow

D. E. KERTLAND, Architect

There are bungalows and bungalows. That is rather a strange statement but to use another expression to explain it, there are two classes of bungalows. One type always presents a crestfallen appearance. Whether surrounded by other houses large or small or whether standing alone, that "sat on" look is quite apparent.

Then there is the type of bungalow that looks distinctive, with a rich and important air. Though it be built around by larger houses it does not lose prestige or attractiveness. The reason lies in the general design but chiefly in the manner with which the details of chimney, roof, entrance and possible bays and gables are worked out.

In the design, which is of the latter class, represented here, we find that though the house settles down snugly within its surroundings, it is in another way lifted up by the prominent yet attractive chimney. There is no monotony of roof lines or of wall areas. Gables, projections and bay windows are all placed to present a delightful effect in each elevation. The diamond shaped window panes are in direct keeping with the spirit of the English picturesque design. They reflect the lights and shadows in attractive and interesting ways.

Care in the selection of brick to suit the home resulted in a variegated brick with a beautiful texture being chosen adding to the artistic appearance of the structure. No less charming are the floor

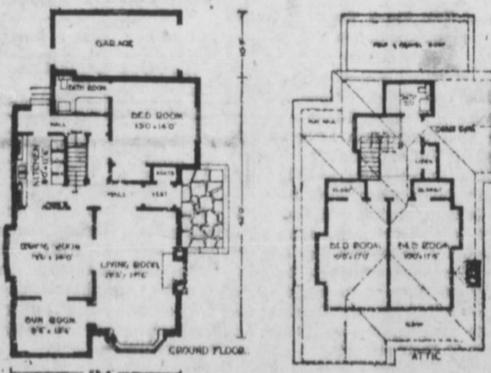

plans. Evidently the architect has studied the possible requirements of a family who would be likely to make a home in this class of house. We note the same air of refinement which accompanies the exterior of the residence has been carried inside. The delightful arrangement of room on both floors will start one enthusiastically placing furniture about the rooms in the mind's eye.

Outline Specifications
Size of House: 28' 4" x 42' 0".
Suitable Lot: 50' frontage.
Walls: Variegated brick.
Roof: Shingles.
Tiling: Bathrooms.
Trim: Oak and mahogany.
Built-in Features: Cupboards.
Cubic Contents: 27,200 cu. ft.
Approximate Cost: \$10,000.

Readers can get further information regarding this house from D. E. Kertland, 6 Hayden St. Toronto, and mention design No. 273. Consult a local architect if designing architect is too far removed. Copyright 1931.

LOTS CHEAP TODAY

One advantage in building today is that city lots may be secured at low prices. This is probably a temporary condition and prices are likely to begin to mount at any time. By looking carefully around or by a little judicious advertising, low priced lots may be secured. There never was a time when it was easier to own a home in Prince Rupert than it is today.

ANCIENT "DRUGSTORE" ARCHITECTURE Result of Building Guesses

Use Only Expert Advice When Building

The writer of this column receives countless letters every year which show what a toll architectural quackery takes. Someone asks, for example, if he shall put water-glass on his stucco walls to hold them together—water-glass is used by our women folk to preserve eggs. Another asks whether he shall add soap and alum to concrete to make it waterproof. Thirty years ago we stopped that practice knowing that it ruined the mixtures.

Again, others want to know about packing stud and joist spaces with newspaper or filling them with saw-dust for insulation purposes, not thinking about the fire hazard or the insects that the wood shavings harbor. Thousands of questions like these. Many about obscure mechanical devices—heating and plumbing equipment—about which information is completely lacking, with which there is no guarantee of service.

Answers to these questions are not enough, though the home builder is put on the track for one material he gets off the track for another unless he has for that as well expert advice.

Suppose you guess about shingles. Suppose you guess about stucco, about mortar, flooring, plumbing, heating, the thousand and one different things that go into a house. Suppose you guess about your choice of contractors. What you get is a hazard. What you get is something that may work, but probably will not.

There are countless quackeries about plumbing, hardware, mill-work, plastering, unworthy contractors that put this stuff together. The architect seeing a home builder embark on his building project without any more expert advice than the man who buys a bottle of drugs off the shelf because he guesses it will do him some good get a headache.

The competent and sincere contractor, seeing his competitors get a job at a price that means a loss to the honest contractor or else a definite shaving of values from

SHE FEARED, SHE'D NEVER RAISE HER BABY

The other day, amongst a batch of letters from Carnation cooking enthusiasts, came a happy, grateful note from a mother in Nelson, B.C., eager to tell other mothers about her good fortune.

"A few months ago," her letter ran, "my first baby arrived—the thinnest little specimen I ever expect to see—only 5 pounds, 15 ounces. From the first he was denied Nature's food and struggled along on a prepared formula, looking worse every week. At four weeks he weighed 3 ounces less than at birth. We were completely discouraged and feared we would never raise him.

"Finally Carnation Milk diluted with boiled water and sweetened with corn syrup was recommended by a splendid pediatrician. The change was miraculous. Today, at five months, three weeks, he weighs 17½ pounds and is the healthiest, happiest baby we could wish for."

Do you wonder that this mother is grateful to her physician and to Carnation Milk? Wouldn't it be a fortunate thing for babies if all mothers knew about the remarkable scientific discoveries which have proved that unsweetened evaporated milks like Carnation are the best possible milks for bottle-fed babies?

Nothing about my daily task makes me happier than the knowledge that

Carnation Milk is doing such wonderful work in baby feeding. Doctors everywhere are using it—some of the most famous baby specialists in the land—and all agree that no other form of cow's milk can compare with it in easy digestibility, uniformity, and safety.

Carnation is so easy to digest because it is heat treated. That causes it to form very fine, soft curds in the baby's stomach, almost exactly like those formed by mother's milk. Then, too, it is homogenized, which breaks up the coarse fat globules into infinitely tiny ones which the baby easily assimilates.

In food value, scientists have found that this milk equals the finest bottled milk. It contains all the vitamins that any milk is depended on to supply, needing only the usual supplements, such as orange juice and cod-liver oil. In addition to all these good qualities, it is absolutely safe, free from germs that could cause disease.

I wish every mother with a tiny bottle-fed baby could hear about this wonderful milk. I'll be delighted to send you or any of your friends who may be interested, a new and very helpful book which tells the story. Ask for your free copy of "Baby-Feeding Simplified"—and, if you'd like to know about Carnation Milk for cooking, request the Carnation Cook Book. Address Carnation Co., Limited, 134 Abbott Street, Vancouver, B.C.

use the Safeguarded Milk

Carnation is the safe milk for babies—heat-treating destroys all germs, air-tight sealing keeps it safe. Carnation is easier to digest than any other form of cow's milk. It contains all the minerals and vitamins that any milk is depended on to supply. Give your baby Carnation Milk and you will be following the lead of the greatest authorities on baby-feeding.

Milk from Canadian cows, packed in Canada in Canadian cans and cases.

USES PINKHAM MEDICINES

Praises Vegetable Compound, Blood Medicine and Liver Pills

Birchtown, Quebec—"I live 13 miles from town on a farm, with all my house duties and churning to attend to. At the Change of Life, I became nervous and run-down. The Vegetable Compound helped my whole system. My nerves are better, my appetite is good and I am able to do my work. I have also taken the Blood Medicine and the Liver Pills and they helped me. I will answer letters from women asking about your medicines."—Mrs. RICHARD CHARLTON, Birchtown, Quebec.

ANNIVERSARY OF WEDDING

Mr. and Mrs. F. W. Hart Honored Last Night By Many Friends With Surprise Party

To mark the fourteenth anniversary of the marriage of Mr. and Mrs. F. W. Hart, a large group of friends of this popular pioneer couple gathered last night in a surprise party at their home, 616 Sixth Avenue West.

The feature of the happy evening's proceedings was a mock wedding in which Mrs. Hart played the role of bride, Mr. Hart, bridegroom; J. W. McKinley, the parson; Mrs. W. D. Moxley, bridesmaid; James Clark, groomsmen, and Mrs. James Clark, maid of honor. P. W. Anderson gave the bride away and Mrs. McKinley played the wedding march.

Speeches suitable to the occasion were made by N. Mussallem, Thomas Ballinger, W. D. Moxley, T. J. Shenton, J. W. McKinley, F. J. Boutell, James Clark, Herbert Hampton, Mrs. Hampton and Mrs. John Murray. The presentation was then made to the happy couple of a gift of china.

The rest of the evening was enjoyably spent in music and cards. Delicious refreshments were served.

Hagwilget Bridge To Be Completed By Early Summer

Of interest to northern B.C. announcements that work on the superstructure of the new Hagwilget bridge over the Skeena is being proceeded with, and it is expected that it will be opened for traffic about the end of June, says a government announcement. The new bridge across the Galloway Rapids has also been floated in place. This is one of the longest timber structures in Canada. It is built entirely of Douglas fir and has a guaranteed life of 35 years. Work on the Prince Rupert highway which connects with this structure is being continued and will be proceeded with steadily this year.

Airplanes to Open Up North Country

Emil Kading Addresses Gyro Club in Vancouver

There is no better country in the world for flying than Canada, was the opinion expressed by Emil Kading, one of the survivors of the Burke expedition in the Yukon this winter, in telling the Gyro Club in Vancouver of the sufferings and hardships encountered when they were lost for two months.

There were wonderful opportunities ahead for the north country and the airplane is the sure means of opening it up and bringing its riches to light, Mr. Kading reports.

Blind Should Be Included With Old Age Pension

WINNIPEG, March 24.—National system of old age pensions that would include benefits for the blind folk of Canada was suggested here recently by A. A. Heaps, labor member of parliament for North Winnipeg.

Mr. Heaps said steps would be taken seeking incorporation of a clause in the Old Age Pensions Act that would supply the blind with pensions.

Mrs. Jessie McLennan, secretary of the committee for the blind, stated little progress had been made in their efforts this year. Poverty and misery she said, was still the lot of the blind and unless proper legislation were passed they would become objects of charity.

Genuine Gratitude Compels Tribute.

Mr. Victor Hills, of Thornton Heath, writes:—"For many years I have suffered with that distressing complaint—constipation, and its attendant effects of sick-headache and indigestion. It was a red-letter day for me when a friend recommended me a treatment of Carter's Little Liver Pills, and I can honestly say that results have been truly marvelous. I now enjoy good health and feel that life is worth living. The relief I have experienced compels me to add my sincere tribute." Take Carter's Little Liver Pills. All druggists 25c and 75c red pkgs.

Dr. Wood's

Norway Pine Syrup

Terrible, Tickling Cough Could Not Sleep For It

Mrs. Gordon J. Boy, 8 W. Port Mouton, N.S., writes:—"I had a terrible, tickling cough, and at night could not get to sleep for hours for it. I read about Dr. Wood's Norway Pine Syrup and decided to get a bottle of it, and I can truly say it did me a wonderful lot of good.

"I have three children and I give them the Syrup just as soon as I see them getting a cold or cough, as I always keep it on hand both for the children and myself."

Price 25c. a bottle; large family size 65c.; at all druggists or dealers; put up only by The T. Milburn Co., Ltd., Toronto, Ont.

Father of Anyox Man Passes Away

William P. Ferguson Died Last Week in Vancouver Where He Had Been Resident for Twenty-three Years

The death of William P. Ferguson, father of James Ferguson of Anyox and a resident of Vancouver for twenty-three years, took place in Vancouver on Thursday of last week. Besides his son at Anyox, deceased was survived by four other sons, four daughters and his widow. The funeral took place in Vancouver on Saturday.

All Peace River Reports Tabled

OTTAWA, March 24.—All reports so far made in respect to the Peace River outlet have been tabled in the House. This information was given by Hon. R. J. Manion, minister of railways and canals, in the House of Commons in reply to a question by D. M. Kennedy, U.F.A., Peace River.

Premier Tolmie Denies Request

Would Prejudice Province to Give Return Now on P. G. E. Negotiations, He Says

Replying to F. M. MacPherson, Liberal, Cranbrook, who asked for a return in the House on all offers received of the Pacific Great Eastern Railway, Premier Tolmie stated that such a return could not be given at this time without prejudicing the interests of the province.

The Weather

Prince Rupert—Part cloudy, light south wind; barometer, 30.19; sea smooth. Triple Island—Part cloudy, fresh northwest wind, sea moderate. Langara Island—Clear, light southwest wind, light swell. Dead Tree Point—Overcast, calm, barometer, 30.04; temperature, 42; sea smooth.

Shelly Charged With 'Dishonesty'

A. M. Manson Renews Demand That President of Council Should Resign

VICTORIA, March 24.—The term dishonest was applied to Hon. W. C. Shelly by A. M. Manson, K.C., with the House in committee of supply in connection with the former finance minister's statements to the Legislature which the Omnica member alleged were misrepresentations.

Mr. Manson when called to order by the chairman, bluntly remarked, "I so charge."

Mr. Manson cited the Watt charges of the former finance minister as a ground for opposing the vote of \$1,000 travelling expenses for ministers without portfolio. He contended that no money should be voted for Mr. Shelly, now president of the council, because he was unfit to occupy the position, when ruled out of order.

"The Prime Minister is not discharging his duty when he allows him to retain his position as president of the council," Mr. Manson said of Mr. Shelly. He recalled the charges made against Norman Watt when the Premier interrupted to declare Mr. Manson was out of order.

"The government had decided it needs these two men and it is a matter for the government's discretion," the Premier claimed.

"It is a matter for the discretion of this government as long as the House so wills," said T. D. Pattullo, leader of the Opposition.

Mr. Manson said a good number of the government members would vote to cut out Mr. Shelly's allowance if they voted according to their conscience on account of the "dishonesty of the chairman of the council" in his statements to the House.

The amendment to cut the vote to \$500 failed.

Oolichans From Naas River Are Sold Here Today

Two boat loads of oolichans came in this morning from Naas River and are being sold readily. One catch of 3,000 pounds brought by Walter Wilson was taken by the Bacon Fisheries.

This is the first run of the season. The fish are quite fresh having been taken only yesterday at Fishery Bay near the mouth of the river.

IMPORTING MANY ROSES

Local Growers Placing Orders and Express Companies Busy

Local gardeners have been busy of late placing orders with outside firms for seeds, bulbs and rose trees. It is said that considerably over a thousand rose trees have already been brought in from various points and many more are yet to come. In some cases clubbing orders have been made up and big shipments have been made both by express and freight.

The effect of the importations should be seen during the coming summer.

VANCOUVER LIONS WIN FIRST GAME HOCKEY PLAY-OFFS

PLAY-OFFS STARTING

National Hockey League War to Get Under Way Tonight in Boston, Toronto and New York

NEW YORK, March 24.—The National League hockey play-off war will open on three fronts tonight—in Boston, Toronto and New York. Boston and Montreal Canadiens, first place winners in the two divisions, will clash in Boston tonight and Thursday and at Montreal Saturday, Tuesday and Thursday next if five games are needed to decide. The series is the best three out of five games, each game to be played to a finish.

Toronto and Chicago, second place winners, open their home and home series tonight on Toronto ice, shifting to Chicago for the second game Thursday night. The series is decided on total goals in the two games.

New York Rangers and Montreal Maroons play their first game in Madison Square Garden tonight and the second in Montreal on Thursday.

The dates for the play-offs between the second and third place winners and the final Stanley Cup contest between the winner of that contest and the first place series winner will be set later.

SPORT CHAT

Grotto and Elks will meet in a Billiard League fixture tonight. Line-ups are announced as follows:

Don Brown (Grotto) vs. C. P. Balagno (Elks).

George Waugh vs. William Mitchell.

George Howe vs. M. E. Young.

James Andrews vs. Frank Bray.

M. M. McLachlan vs. Johnson Smith.

look! listen! taste!

snap! crackle! pop!

JUST pour milk or cream in a bowl of golden brown Rice Krispies and your own ears will tell you how crunchy every toasted bubble is. So crisp they actually crackle out loud!

Rice Krispies are delicious for breakfast, lunch, bedtime snacks. Great for kiddies. At your grocer's. Made by Kellogg in London, Ontario.

Seattle Eskimos Defeated By Terminal City Team By Score of One to Nil in Puck Opener

VANCOUVER, March 24.—A single goal eleven minutes after the start of the first period gave the Vancouver Lions the victory over Seattle Eskimos last night in the first game of the Pacific Coast Hockey League championship play-offs. Frank Jerwa made the sole score from ten feet out after Jimmy Arnott had dug the puck out from behind the Vancouver goal. Pandemonium reigned among the Vancouver fans. It was the most exciting puck game that had been seen here this winter.

The Eskimos launched a rough attack in the third period in the vain effort to score. Chuck Dunn of the Lions and Gordon Savage of the Eskimos staged a fight about 13 minutes after the start of the period and were both banished for ten minutes. The game got particularly rough in the last three or four minutes and several Eskimos were ordered to the benches. Seattle abandoned all defense efforts and concentrated in front of the goal but it was useless. Percy Jackson made one wonderful save after another for Vancouver.

The Lions, taking the game as a whole, had by far the bulk of the play and were well deserving of their victory. The second game of the play-off series takes place in Seattle tomorrow night and the third will also be played there Friday. If necessary, the teams will return here for the fourth game next Monday. The fifth game, should it be necessary, will be played in Seattle on Wednesday of next week.

"Fixed" Wrestling Bouts In Seattle to Be Investigated

SEATTLE, March 24.—The Seattle Athletic Commission will meet tomorrow to investigate alleged fixed wrestling bouts claimed to have been staged recently in this city.

Like all good heavyweights Max Schmeling has taken up golf as a diversion

W. Tobey beat J. Horton, 15-5, 15-2.
J. Comadina beat P. Peterson, 15-6, 15-9.

Mixed Doubles
Miss Astoria and MacFie beat Mr. and Mrs. Valde, 15-4, 15-7.
Mrs. Teng and Peterson beat Miss Van Cooten and M. Van Cooten, 15-9, 15-7.

Men's Doubles
W. Tobey and B. Tobey beat J. Horton and B. Moxley, 12-15, 15-8, 15-4.
Styles and Comadina beat Valde and R. Nichols, 17-15, 15-1.
Young and MacFie beat Teng and Peterson, 1-15, 15-7, 18-15.

The games for tonight will be as follows:

Men's Singles
W. Tobey vs. B. Tobey.
Young vs. Moxley.

Ladies' Doubles
Mrs. McLean and Mrs. W. Davies vs. Miss Astoria and Mrs. Teng.
Mrs. Black and Miss Van Cooten vs. Mrs. McCauley and Mrs. Horton.

Men's Doubles
W. Tobey and B. Tobey vs. Styles and Comadina.
Young and MacFie vs. Currie and G. Howe.

Mixed Doubles
Mrs. Squires and Lamb vs. Mr. and Mrs. Horton.
Mrs. McAuley and Comadina vs. Miss Astoria and MacFie.
Mrs. Teng and Peterson vs. Mrs. Black and Young.
Mrs. McLean and Murdock vs. Mrs. Lamb and Teng.

WRESTLING WASROUGH

John Freberg Nigh Breaks Kruze's Back — Malcewicz and Hanson Draw

SEATTLE, March 24.—A "Boston crab" in the fourth round spelt disaster for Bob Kruze, in a wrestling bout here last night with John Freberg. Kruze's back was so badly twisted that he was unable to come up for the fifth round, Freberg being thereupon declared the winner. Up to the latter part of the fourth round, Kruze had done practically all the leading in an exceedingly rough and tumble encounter.

In the first half of the double main event, Charlie Hanson and Joe Malcewicz grappled for eight rounds without a fall and it was fairly called a draw. It was a good clean bout with honors even.

In the curtain raiser, Leo Numa of Anacortes, protege of Charlie Hanson, scored easily over Jack Reynolds of San Francisco with two falls within fifteen minutes.

Three thousand fans witnessed the evening's grappling card.

MIKE HALL GOES HOME

Great Old Equine Veteran to Be Groomed For Further Conquests

AGUA CALIENTE, March 24.—Old Mike Hall, seven year old veteran of many a turf battle, who captured the \$100,000 Agua Caliente handicap on Sunday, is being shipped back to his home in Kentucky where he will be rested and groomed for further track conquests.

Starting comparatively late in life, the great old horse is now well on the way to cleaning up \$200,000 on the race track which would put him in the class of such great horses as Gallant Fox, Man-o-War and Zev.

Canadian Wood Used in Making of Hockey Sticks

The wood used in the 23 establishments specializing in sporting goods in Canada in 1929, according to the Bureau of Statistics, was chiefly sawn softwood lumber amounting to 1,872 thousand feet board measure, valued at \$76,576; 756 thousand feet hardwood lumber at \$67,609; 341 cords of hardwood bolts at \$4,981, and veneer and plywood valued at \$3,040. The more important items among the principal products were hockey sticks, numbering 632,306 and valued at \$207,852; tennis rackets numbering 48,750 and valued at \$213,861.

Good British Market For Canadian Cattle

Experimental Shipment Was Satisfactory to Many

CALGARY, March 24.—There is a future for western cattlemen on the British market, according to a consensus of opinion among the ranchers and cattlemen who contributed to the test shipment of cattle to the British Isles last fall. The shipment was made under the auspices of the federal department of agriculture.

Some of the ranchers feel that the cattle did not bring the returns expected but the majority express satisfaction with the financial returns.

Rod McLeay of High River, Alta., a heavy contributor stated that a good deal have been learned from the test shipment. "We should be able, with the cooperation of the railways, to effect economies that will ensure a reasonable profit and the establishment of a regular traffic," he said.

Joe Wylie, cattle rancher of Maple Creek, declared his cattle returned him "as much as they would have on the home market." He was well satisfied with the trial and added that ranchers of his district hold similar opinions.

Billiard League

Mar. 24—Elks vs. Grotto.
Mar. 27—Grotto vs. Legion.

Sleepless NERVES

The nerves themselves never sleep. The involuntary nerves must work all the time or the vital organs would cease to function. It is only when supplied with nerve force that the heart beats, the lungs breathe, and the other vital organs perform their natural functions.

The unfortunate condition is when you cannot sleep. The weak, irritated nerves will not let you rest. So day by day you are losing vital energy until sooner or later must come a nervous breakdown.

Sleeplessness and headache are the warning signs when the nerves go wrong. You may also have indigestion and feelings of fatigue. All the vital organs sooner or later slow up, when nerve force is lacking.

The most certain restorative for the nerves is Dr. Chase's Nerve Food. It has proven its effect in so many thousands of cases that there is no question of its merits.

CITY GOLF IS PLAYED

Grotto Had Low Team Score of 294 Last Night—Bill Wrathall Low Individual Score, 69

In the city Miniature Golf League at the Sunken Gardens last night, Grotto made the low team score of 294 and William Wrathall the low individual score of 69. The results were as follows:

Flying Corps, 314; Bankers, 352.
Great West, 330; Acme, 333.
Grotto, 294, won by default.

MOOSE WIN CRIBBAGE

Will Play Off With Grotto For City Title—Final Games of Second Half Last Night

Moose won the second half of the Prince Rupert Cribbage League, final games on the schedule of which were played last night. They will play off with Grotto, winners of the first half, at a date to be set later for the city championship. The winners of the play-off will take the Dawson Cup and the losers, the Newton Cup.

Results last night were as follows:
Grotto 13, Prince Rupert Hotel 14.
I. O. O. F. 13, Seal Cove 14.
Hawks Elevator.
Moose 14, Eagles 13.
Knights of Columbus 14, Toc H 13.
Operators 16, Six Musketeers 11.
Final table for second half is as follows:

	Won	Lost	Pts.
Moose	179	118	179
P. Rupert Hotel	160	137	160
I. O. O. F.	159	138	159
Seal Cove	148	149	148
Hawks	147	150	147
Grotto	146	151	146
Six Musketeers	145	152	145
Eagles	145	152	145
Operators	144	153	144
K. of C.	142	155	142
Elevator	135	162	135
Toc H	125	172	125

CANZONERI IS WINNER

Defeated Tommy Crogan in Ten Rounds at Philadelphia Last Night

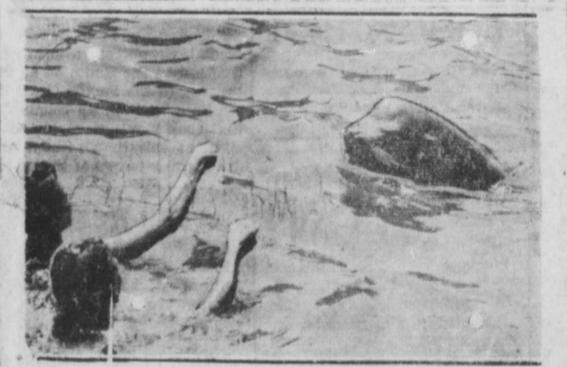

PHILADELPHIA, March 24.—Tony Canzoneri, the lightweight champion, was awarded a decision over Tommy Crogan in a ten round bout here last night.

Canzoneri's next engagement of importance will be in Chicago next month when he defends his title in ten rounds against Jack "Kid" Berg, the British challenger. The date will probably be April 24.

GOLF

Country Readers of "The Daily News"

To the readers of the Daily News who live out of town, we suggest that the classified columns of the paper provide an excellent medium for the disposal of articles they may have for sale or exchange.

Last season a lady at Smithers did a large business in selling fresh eggs direct from the farm by advertising in this paper.

Chickens, implements, household goods, boats, fishing gear, guns, cordwood, furs and dozens of other articles may be disposed of. The charge is two cents a word but six times goes for the price of four.

Many people get good results.

Why not you?

MAGIC

MENU

Look for this mark on every tin. It is a guarantee that Magic Baking Powder does not contain alum or any harmful ingredient.

What dessert could be more tempting than luscious apple pudding! Especially when it tops off a delightful meal like this one, suggested by Miss A. L. Moir, graduate dietitian of Macdonald College and now dietitian at the Central Branch, Y.M.C.A., Montreal.

LUNCHEON MENU

- Cream of Mushroom Soup
- Parker House Rolls
- Chicken à la King in Pattie Shells
- Candied Sweet Potatoes
- Baked Apple Pudding*
- Hard Sauce
- Chase & Sanborn's Tea or Coffee

Miss Moir says: "I always use and recommend Magic Baking Powder because it combines efficiency and economy to the highest degree. Besides, 'Magic' always gives dependable baking results."

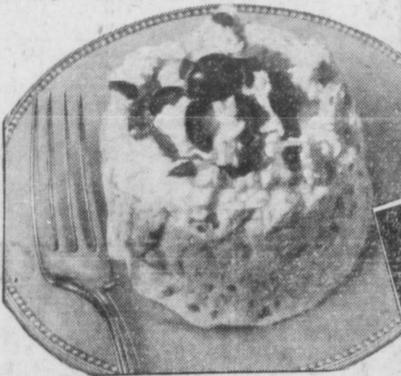

Try Miss Moir's Recipe for *APPLE PUDDING

- 1 cup flour
- 1 teaspoon Magic Baking Powder
- 1/2 teaspoon salt
- 5 tablespoons melted butter
- 1 tablespoon milk

Sift flour with baking powder and salt. Add melted butter, and milk to make a stiff batter. Bake in individual moulds or drop over apples and bake in the oven at 250°F. for 30 minutes. Serve hot with hard sauce.

Dozens of other delightful recipes are listed in the New Free Magic Cook Book. If you bake at home, write to Standard Brands Limited, Fraser Ave. & Liberty St., Toronto, and a copy will be sent to you.

NEWS OF THE MINES

AROUND PRINCE RUPERT

Activity in Omineca Starting — Germanson Creek Company Formed — Annual Report of Premier, as Usual, Pessimistic

The Germanson Development Syndicate has been formed to take over and develop some twenty-six claims on Germanson Creek in the Omineca district. The syndicate is the promotion of W. B. Bowler, who has spent the past two years in the district, and W. F. Paquette, the capital to be raised chiefly in England. William Thor is Bowler of Bedford and E. C. Bowler and William Ed. Bowler of Slough, Bucks, England, have extensive holdings to be taken over by the syndicate which has been incorporated for \$50,000. There are three groups of claims. On the Motherlode group a tunnel has been driven for 100 feet on fourteen-foot ledge of quartz which is heavily impregnated with grey copper. On the Blackjack group a 400 foot tunnel was driven by former owners on a ten-foot ledge and the same was recently opened by a 100-foot open cut. This ledge carries about three feet of galena. On the P.M. group two open cuts have been made 400 feet long on a 12-foot ledge. The vein filling in the ledge is quartz with chief values in grey copper. Some sensational assays have been received from samples taken on all three groups, the highest values appearing as silver and gold while the copper content is returned as being worth \$46.

George Snell of Vanderhoof has returned to his gold mineral claim in the Nation River country. The results so far are most promising and are creating considerable interest. There are many indications of a revival of development work in the Omineca mining area. Quite a number of parties plan on going into the district during the coming summer.

Premier Gold Mining Co. Ltd. reports total earnings for 1930, before deducting administration expenses, taxes, depreciation and depletion, were \$1,318,962.09 as compared with \$1,665,879.93. Earnings from the Premier mine itself, after deducting in both years the earnings from Prosperity, were \$1,072,092.37 for 1930 as compared with \$1,553,131.73 for 1929. As explained by H. A. Guess, vice-president and managing director of the company, the decline was due chiefly to the drop of approximately 15c. in the average price of silver in 1930 compared with 1929. This decrease in silver price represented a cut of approximately \$390,000 in net returns upon the 1930 production of Premier mine. The financial statement reveals that of the \$1,050,773.43 distributed to shareholders last year \$3,831.54 was from earnings and the balance a "return of capital accrued through the reserve accounts set up for ore depletion and depreciation." Mining property of the company, after depletion and depreciation, is shown at \$2,226,722 as compared with \$3,058,528 in the previous year. Ore reserves were 49,831 tons less in Premier mine at the end of 1930 than at the end of 1929 and, although the report says efforts will be continued to prolong the life of the mine, no encouragement is held out in this direction, the ore shoot having been found to be bottomed slightly above the fifth level except at the eastern end where 12,000 to 20,000 tons were uncovered. Other features of the report were that Prosperity yielded net returns of \$201,802.83. At the date of the report, February 27, silver was at the low point of 26c. and Mr. Guess stated that operations at Prosperity might be suspended or the output withheld from sale until the price recovered. Porter-Idaho started shipments in June and yielded net returns of \$48,442.65 for deduction of taxes, depreciation, etc. As Silverado was abandoned by Premier during the year, speculative interest for the future appears to be centred upon the Lakeview property and the Toburn Gold Mines Ltd. in Ontario. Work on the Lakeview claims is in its initial stages. The Ontario project is referred to by Mr. Guess as "frankly speculative, venture but, as such, was considered by your management and your directors as attractive."

Boys' Band Parents Form Association

Organization Formed Last Night to Assist in Work of Juvenile Musical Body

A get-together of parents of the members of the Prince Rupert Boys' Band was held last night to discuss ways and means of assisting in the work of the band. A Prince Rupert Boys' Band Parents' Association was formed. Officers were elected as follows:

- Chairman, N. Mussallem.
 - Secretary, Mrs. J. D. Thurber.
 - Representative of Parents' Association, G. W. Johnstone.
- There will be an executive of five.

The pay of soldiers and sailors of the United States is said to be the highest in the world.

District News

BURNS LAKE

St. Patrick's Day was fittingly celebrated here last Tuesday with a bazaar in the afternoon under the auspices of the Ladies' Aid of Holy Angels' Anglican Church, a concert and dance following in the evening.

Robert Lowe is having a fine new residence built on his property overlooking the lake just east of town. Taylor Jensen has the contract for the building of the house.

VANDERHOOF

Dr. A. Knight, veterinary inspector of the Department of Agriculture, Victoria, and J. Travis, district agriculturalist in the Peace River country, gave interesting addresses here last Thursday under the auspices of District C. Farmers' Institutes. Caleb Prout, president of the Farmers' Institute, was in the chair.

Robert Reid, general road foreman, announces that all roads in the district are now closed until further notice. On account of soft weather, the roads have become in such bad shape that they are considered not fit to travel upon.

St. Patrick's Day was celebrated at Fraser Lake last Tuesday evening with a fancy dress ball at which seventy-five couples were present from all parts of the district. Prize winners were Mrs. P. Konders, Mrs. M. M. Connelly, Mrs. Edward Viney, Miss Irene Ross and J. D. Webster.

While at work in his barber shop last Tuesday afternoon, T. P. Calhoun was stricken with paralysis. Although still partially paralyzed and unable to speak, he is now showing signs of improvement.
