AVIATION RULED DOMINION MATTER

CANADIAN NATIONAL-CANADIAN PACIFIC CO-OPERATION

Privy Council Gives Decision Contrary to Canada Supreme Court

Court in This Country Had Ruled That Provinces Had Jurisdiction to Control Aviation Matters Within Boundaries.

LONDON, Oct. 22.—The judicial committee of the Privy Council today held up the contention of the Dominion to supreme jurisdiction over aviation matters in Canada, allowing an appeal of the Dominion against a decision of the Supreme Court of Canada on a reference

CONDITIONS WERE GOOD

Crop Report Is Made by District Agriculturalist at Smithers

Belkley Valley weather conditions were favorable during July, August and September for crop production, says an official report of S. S. Phillips, district agriculturalist at Smithers. Haying started early in July, a great deal of timothy being left for seed. Oat hay yielded about two and one-half tons to the acre. It is estimated that there will be one hundred tons of timothy seed produced in the district this year. Grain stood well and recovered considerably from severe cutworm injury earlier in the season. Grain is all harvested and threshing is in progress. Some good yields are reported. Wheat is averaging around thirty-five bushels to the acre; oats about fifty bushels to the acre and barley about thirty-five. The bulk of timothy is still in the stack. Some timothy has been threshed averaging two hundred and fifty pounds to the acre. Potatoes are yielding well, ranging from five to eight tons to the acre. Farmers are endeavoring to standardize grade and a potato grader has been established at Smithers.

Live stock is in better condition than in previous years. Pasture is good due to adequate moisture. Farmers will, in some cases, finish beef with grain in order to put prime beef on the market.

RAILS SHOW WEAKNESS

Stock Reacts to I.C.C. Decision—Industrials Are Stronger

NEW YORK, Oct. 22.—Rails showed weakness in the local stock markets yesterday in view of the decision of the Interstate Commerce Commission refusing permission to the railroads to increase their rates by fifteen per cent. Industrials, however, showed strength corresponding to the weakness of rails.

IS BURIED TODAY

Julius Rieger, victim of a logging accident a few days ago at Kitsa-way Channel in the Gardner Canal district, was laid to rest this morning. After a service in the chapel of the B. C. Undertakers, at which Father Charles Webb officiated, interment was made in Fairview cemetery.

of the question as whether the Dominion or provincial authorities have jurisdiction.

The Canadian court had ruled that the provinces had jurisdiction to control aviation matters within their boundaries.

ACTIVITY AT ATLIN

Mining Production This Year Is Largest in Years

J. W. Garratt, manager of Atlin Inn, tourist hotel at Atlin, who was a recent visitor in Vancouver, states that never during his residence of twelve years in Atlin had more interest been taken in placer mining than this year, nor had returns been more satisfactory.

Many claims are being operated this year, Mr. Garratt said, and much gold is being recovered. Up to July it was reported that more gold was taken out than during the entire year 1930. Many old-timers are reaping results of their perseverance and development work.

Big returns are expected from McKee, Spruce and other creeks. Fourth of July mine may become a sensational silver-lead operation.

FAIR IS SUCCESS

Bella Coola Exhibition Had More Entries This Year

BELLA COOLA, Oct. 22.—The annual Farmers' Institute exhibition held here recently proved most successful. There were 500 entries which is a good deal more than in previous years.

Needlework was introduced for the first time and proved very popular. The ladies, as a matter of fact, contributed 48 per cent of the total entries with their needlework, home cooking and plants.

Field plants were inclined to be weak, more attention having apparently been paid to size than quality. Potato exhibits were, however, excellent with not the slightest trace of disease. Over thirty varieties of apples were entered. The lateness of the date eliminated many species of fruit and vegetables.

PREMIER SELLS AT 50c ON VANCOUVER EXCHANGE

VANCOUVER, Oct. 22.—Premier Gold Mining Co., Ltd., stock sold 50c per share on the Vancouver Stock Exchange yesterday.

Young Frenchmen Learn Bull Fighting

Bull fighting is not confined to Spain and Mexico. In Southern France even children are taught to follow in a toreador's fleet footsteps. Youngsters attempting to unfasten ribbon tied around neck of a swift calf.

ROAD NOT POSSIBLE

Provincial and Dominion Government Puts Quietness on Alaska Highway

VICTORIA, Oct. 22.—The Dominion and provincial governments consider the construction of the British Columbia-Yukon-Alaska road impossible at the present time, Hon. George Black, Speaker of the House of Commons and chairman of the committee on the project, stated at a luncheon of the transportation bureau of the Vancouver Board of Trade yesterday.

Presentation at Victoria

Miss Dorothy Fraser Receives Governor General's Bronze Medal Which She Won Here

The following from a recent Victoria Colonist describes a ceremony at Presentation Day ceremonies at the Victoria High School when Miss Dorothy Fraser, pupil last year of Borden Street School here, was presented with the Governor General's bronze medal for having come second in the province in entrance examinations:

"The Governor-General's bronze medal, presented by Dr. Willis to Dorothy Fraser, recently arrived here from Prince Rupert, and now a first year student at the high school. This student was second in the whole province in the entrance examinations, and headed the entrance candidates in the Prince Rupert district, thereby winning the above medal.

Dr. Willis, in making the presentation, made a memorable little speech, in which he referred to his own associations with the Victoria High School, congratulated the students on their showing, and indicated to them something of the opportunities which they enjoyed as students with all life ahead of them to shape and mold.

NO FISH IN

No boats being in, there was no sale of halibut on the local Fish Exchange this morning.

VANCOUVER MAN FALLS

A. E. Austin Sustains Injuries Which Are Believed to Have Been Fatal

VANCOUVER, Oct. 22.—Falling from the fifteenth floor of the Medical and Dental Building here to the ground, a distance of approximately 300 feet, A. E. Austin, prominent local business man, suffered injuries which are thought to be fatal shortly before 10 o'clock this morning.

Mr. Austin struck a fire escape at the tenth floor level, bounced off and landed in a net of telephone wires before dropping to the pavement. He suffered internal injuries, fractured a leg and one arm, and one finger was torn off from hitting the fire escape.

Mr. Austin was conscious when he was picked up. He told police officers that he had gone to see a dentist who was not in. Feeling dizzy he went to the fire escape for air and lost his balance.

The hospital holds out hope for recovery.

Keep Office Open For Registrations

Those Unable to Attend in Day Given Chance to Get on City List

At the recent special meeting of the city council this week it was decided to instruct the city clerk to keep the office open each evening next week, commencing on Tuesday from 7 to 9, for the purpose of giving an opportunity to those wishing to register as voters who are unable to attend during the day.

City Workman Has Injuries

George Place Cuts His Foot With Mattock on Vanarsdol Street

George Place, when working for the city on relief work grading Vanarsdol street, slipped in the muskeg and cut his foot with a mattock. The injury is not serious.

CLERK IS ARRESTED

Earl E. Robinson Charged With Theft of \$14,000 From City of Vancouver

VANCOUVER, Oct. 22.—Earl E. Robinson, suspended police court clerk, who surrendered to the police yesterday when a warrant was issued for his arrest charging him with theft of over \$14,000 from the city of Vancouver, appeared in city police court this morning before Magistrate McQueen and was remanded for a week.

The thefts are alleged to have occurred between 1916 and 1931.

Dollar and Pound Showed Small Gain

Both Canadian and English Money Were Slightly Stronger in New York Yesterday

NEW YORK, Oct. 22.—The Canadian dollar closed at 89 3/8c on the local foreign exchange yesterday. The pound sterling closed at \$3.95. Both were slight gains over the day previous.

MONTREAL, Oct. 22.—The pound sterling sold at \$4.40 here yesterday.

Fort St. John Mill Nearing Its Completion

FORT ST. JOHN, Oct. 20.—Building of the new flour mill here, which is being sponsored by the provincial government, is rapidly taking form and will add a great deal to the appearance of this Peace River block town. The framework is now ready to receive siding and sashes.

Today's Weather

Langara Island—Overcast, light southeast wind; sea calm. Dead Tree Point—Part cloudy, light southeast wind; barometer, 29.34; temperature, 48; heavy swell.

Two Railway Companies Have Signed Agreement For Feeding Steamships

Government System Will Assist in Advertising and Soliciting Business for Other Company's Ships—Advantage in Hauling Arranged

ST. JOHN, N.B., Oct. 22.—An agreement whereby the Canadian National Railways and the Canadian Pacific Steamships will co-operate in advertising and solicitation of freight, passenger and express traffic for Canadian Pacific ships to and from Canadian Atlantic ports has been signed by E. W. Beatty, K.C., president of the Canadian Pacific Railway, and Sir Henry Thornton, president of the Canadian National Railways.

The agreement also calls for a compensating advantage to the Canadian National in the haul of freight, passenger and express business to and from ships of the Canadian Pacific.

PEACE PASS BEST ROUTE

So Says Jack Adams, Veteran Central Interior Guide

VANCOUVER, Oct. 22.—When the Peace River railway outlet comes to be built, and in his opinion it should be built without further delay, the Finlay Forks-Peace Pass route should be used because it is the one practical route, says "Jack" Adams, veteran transportation man and guide of Fort George, here for the first time in four years.

The Peace Pass route would go through a country rich in mineral, timber and agricultural resources, which cannot be said of any other route suggested, Mr. Adams declared.

With transportation headquarters at Summit Lake and stations at many other points in the north, Mr. Adams is familiar with all parts of the north country where he has worked and travelled since 1913.

No German Ships For Russia Now

HAMBURG, Germany, Oct. 22.—A decision to cease dispatching ships to Russia was adopted by German shipowners Tuesday on the grounds that recent strikes aboard German vessels in Soviet ports had been abetted by Russian authorities.

FINANCING MUNICIPALITY

At a recent meeting of the city council letters were received from Hon. J. W. Jones, minister of finance, and from P. Philip, chief engineer of the department of public works, in regard to financing unemployment relief and ordinary municipal expenditures.

VANCOUVER WHEAT

VANCOUVER, Oct. 22.—Wheat was quoted at 59 1/2c on the local exchange today.

Prince of Siam

Lieut. Svasti Pradisch, Prince of Siam and brother of the queen, at Camp Humphreys, Virginia, studying military methods. He prefers army life to a round of social activities.

BIG CREW ON RELIEF

Up to This Morning 190 Men Are Being Employed

The city engineer announced this morning that 190 men were now employed on city relief work. The work is in progress in various parts of the city.

SPOKE ON AUTOS

V. S. Moore gave a vocational talk at today's Rotary Club luncheon, his topic being "The Automobile Industry." President G. H. Munro was in the chair.

+ HI-JACKERS TAKE GOVERNMENT BOOZE +
+ NEW WESTMINSTER, Oct. 22.—Hi-jackers, who trussed up Reginald Adams in the cab of his freight delivery truck last night, stole twenty-two cases of liquor, valued at \$1,000, destined to the Cloverdale liquor vendor, and escaped.

RADIO TELEPHONE.

The city is planning to arrange with the Northwest Telephone Company to tie up with their system in order to give Prince Rupert long distance connection by telephone with the rest of the world.

It is proposed by the company to make Prince Rupert a centre for its operations, something very much to be desired. If Prince Rupert failed to cooperate, some other centre would be chosen.

The plan of co-operation with the company costs Prince Rupert nothing and the radio telephone will not affect the lives of the majority of people here. It will be a convenience to some of the business people and possibly a few others, but it will be a step forward in developing Prince Rupert as a business centre. The proposed rate for using it puts it out of the range of possibility for the ordinary person, for the time being at any rate. Later the rates may be reduced, possibly to a point where it may become more generally useful. It may be found that lower rates will bring a larger income. The main thing is to get the new systems installed and started.

Should the company secure the charter for Alaska, it would be still more valuable to Prince Rupert, for it would tie up this city definitely with the huge adjacent territory.

BABSON'S IDEAS.

Roger Babson, the well-known statistician, who is looked to as an authority on financial matters, and who incidentally has asserted that business is on the upturn, has written an article condemning all attempts at controlling prices and says they are all inevitably doomed to failure. He quotes a number of cases where people in control of industries have tried to raise the prices by legislation or otherwise, and declares that none of them can succeed as they never have succeeded. He says that a few commodities have been regulated are coffee, rubber and copper and today the producers of those commodities are worse off than if they had never tried to control them. "Fooling with fundamentals will only make bad matters worse, and the sooner we learn this truth the quicker business will recover," he declares.

The Letter Box

VANCOUVER VERY BUSY

Editor, Daily News:
There is no indication of hard times in Vancouver. Everyone is joyful, hopeful and full of pep. Many are buying radios and autos. The relief workers going to work in their swell cars and others waiting to be called upon by their own radios. Crowds lining up in front of theatres, afternoon and night. Stores and restaurants are like busy bee hives. Riding in street cars every day and night, never had a seat. Beer parlors going strong, and liquor stores stronger. Never was begged on the street for a meal or nickel or a dime. Big works going on all over town, waterfront lined up with ships of all sizes going and coming from everywhere to everywhere. Everyone and everything rushing. The crowded streets, the human sea, of which I am a ripple, wishing to reach soon our peaceful northern shores.

The peaceful and healthful life of Prince Rupert is much preferable to all the damn racket of this city. The fog, the fume, the gas, the smoke, the dust, the rumble of the street cars, the tooting of the horns, the clang of the bell, the "stop" and "go" signs, the red and green light, the sweet word of the cops keeps me on the "rack."

Speaking of the Peace River outlet by the P.G.E., they all agree with me, the days of transportation by "elephant" is a thing of the past.

A. C. BOURQUE,

2709 Venables St., Vancouver.

Mooseheart Women Have Card Party

Enjoyable Affair Held Last Evening at Home of Mrs. Sam Haudenschild, Eleventh Avenue

A very enjoyable bridge and whist party was held by the Women of the Mooseheart Legion at the home of Mrs. Sam Haudenschild, Eleventh avenue, last evening.

There were nine tables and prize-winners were: Bridge, first, Mrs. G. E. Gulick; second, Mrs. W. V. Tattersall Sr. Whist, first, Mrs. W. R. Overend; consolation, Mrs. May Ratchford.

Delicious refreshments were served before the proceedings were brought to a close.

PARTY OF YOUNG FOLK TO DRIVE TO LOS ANGELES

Miss Laura Frizzell, Miss Gladys Collins, Alex Mitchell and Douglas Nelson will sail tomorrow night on the Princess Mary for Vancouver whence they will motor to Los Angeles where they will spend a holiday visiting at Miss Collin's home. The party will be away for a month.

IMPETUS IN LIVESTOCK

District Agriculturalist at Prince George Makes Official Report

Prince George district weather conditions during this quarter were for the most part very beneficial from an agricultural standpoint, says an official report of A. S. French, district agriculturalist at Prince George. Rainfall was fully up to the average and at no time did the crops suffer from lack of moisture. For the most part the nights were very cool and this rather held back the maturity of some crops. However, with the occasional sunny days most crops were harvested or are being harvested about the same time as usual in this district.

On account of the luxuriant growth of all fodder crops this year there has been a wonderful impetus to farmers to keep more livestock. Many have taken advantage of the Federal Freight Policy with the result that cases have arisen where some orders have been sent out for breeding heifers of both the beef and dual purpose breeds of cattle. This will no doubt benefit the class of livestock raised in this district.

Different cases have also arisen where farmers have taken advantage of the Brood Sow Policy and are contemplating going in for raising more pigs. This happens especially in the case of those farmers who keep dairy cattle and who sell butterfat to the creamery.

Though poultry are not kept to any great extent in this district there are those who keep a very good class of chickens, mostly of the heavier breeds. There are also a number of turkeys kept at various places throughout the district.

There are around sixty sheep breeders in the district who appear to be doing very well. The drawback here is the distance from the large markets, and also the long feeding season, when the sheep have to be brought in and fed hay.

Field Crops

Most field crops through the district this year are, if anything, rather above the average, possibly due to favorable growing conditions during the season. Hay in nearly all cases has been splendid and some excellent crops have been harvested. The first hay noted being cut this year was on July 16. A considerable quantity of oats in the district has been cut for hay though there was a lot also cut for grain. The first threshing was on September 23. This was in the Pineview district.

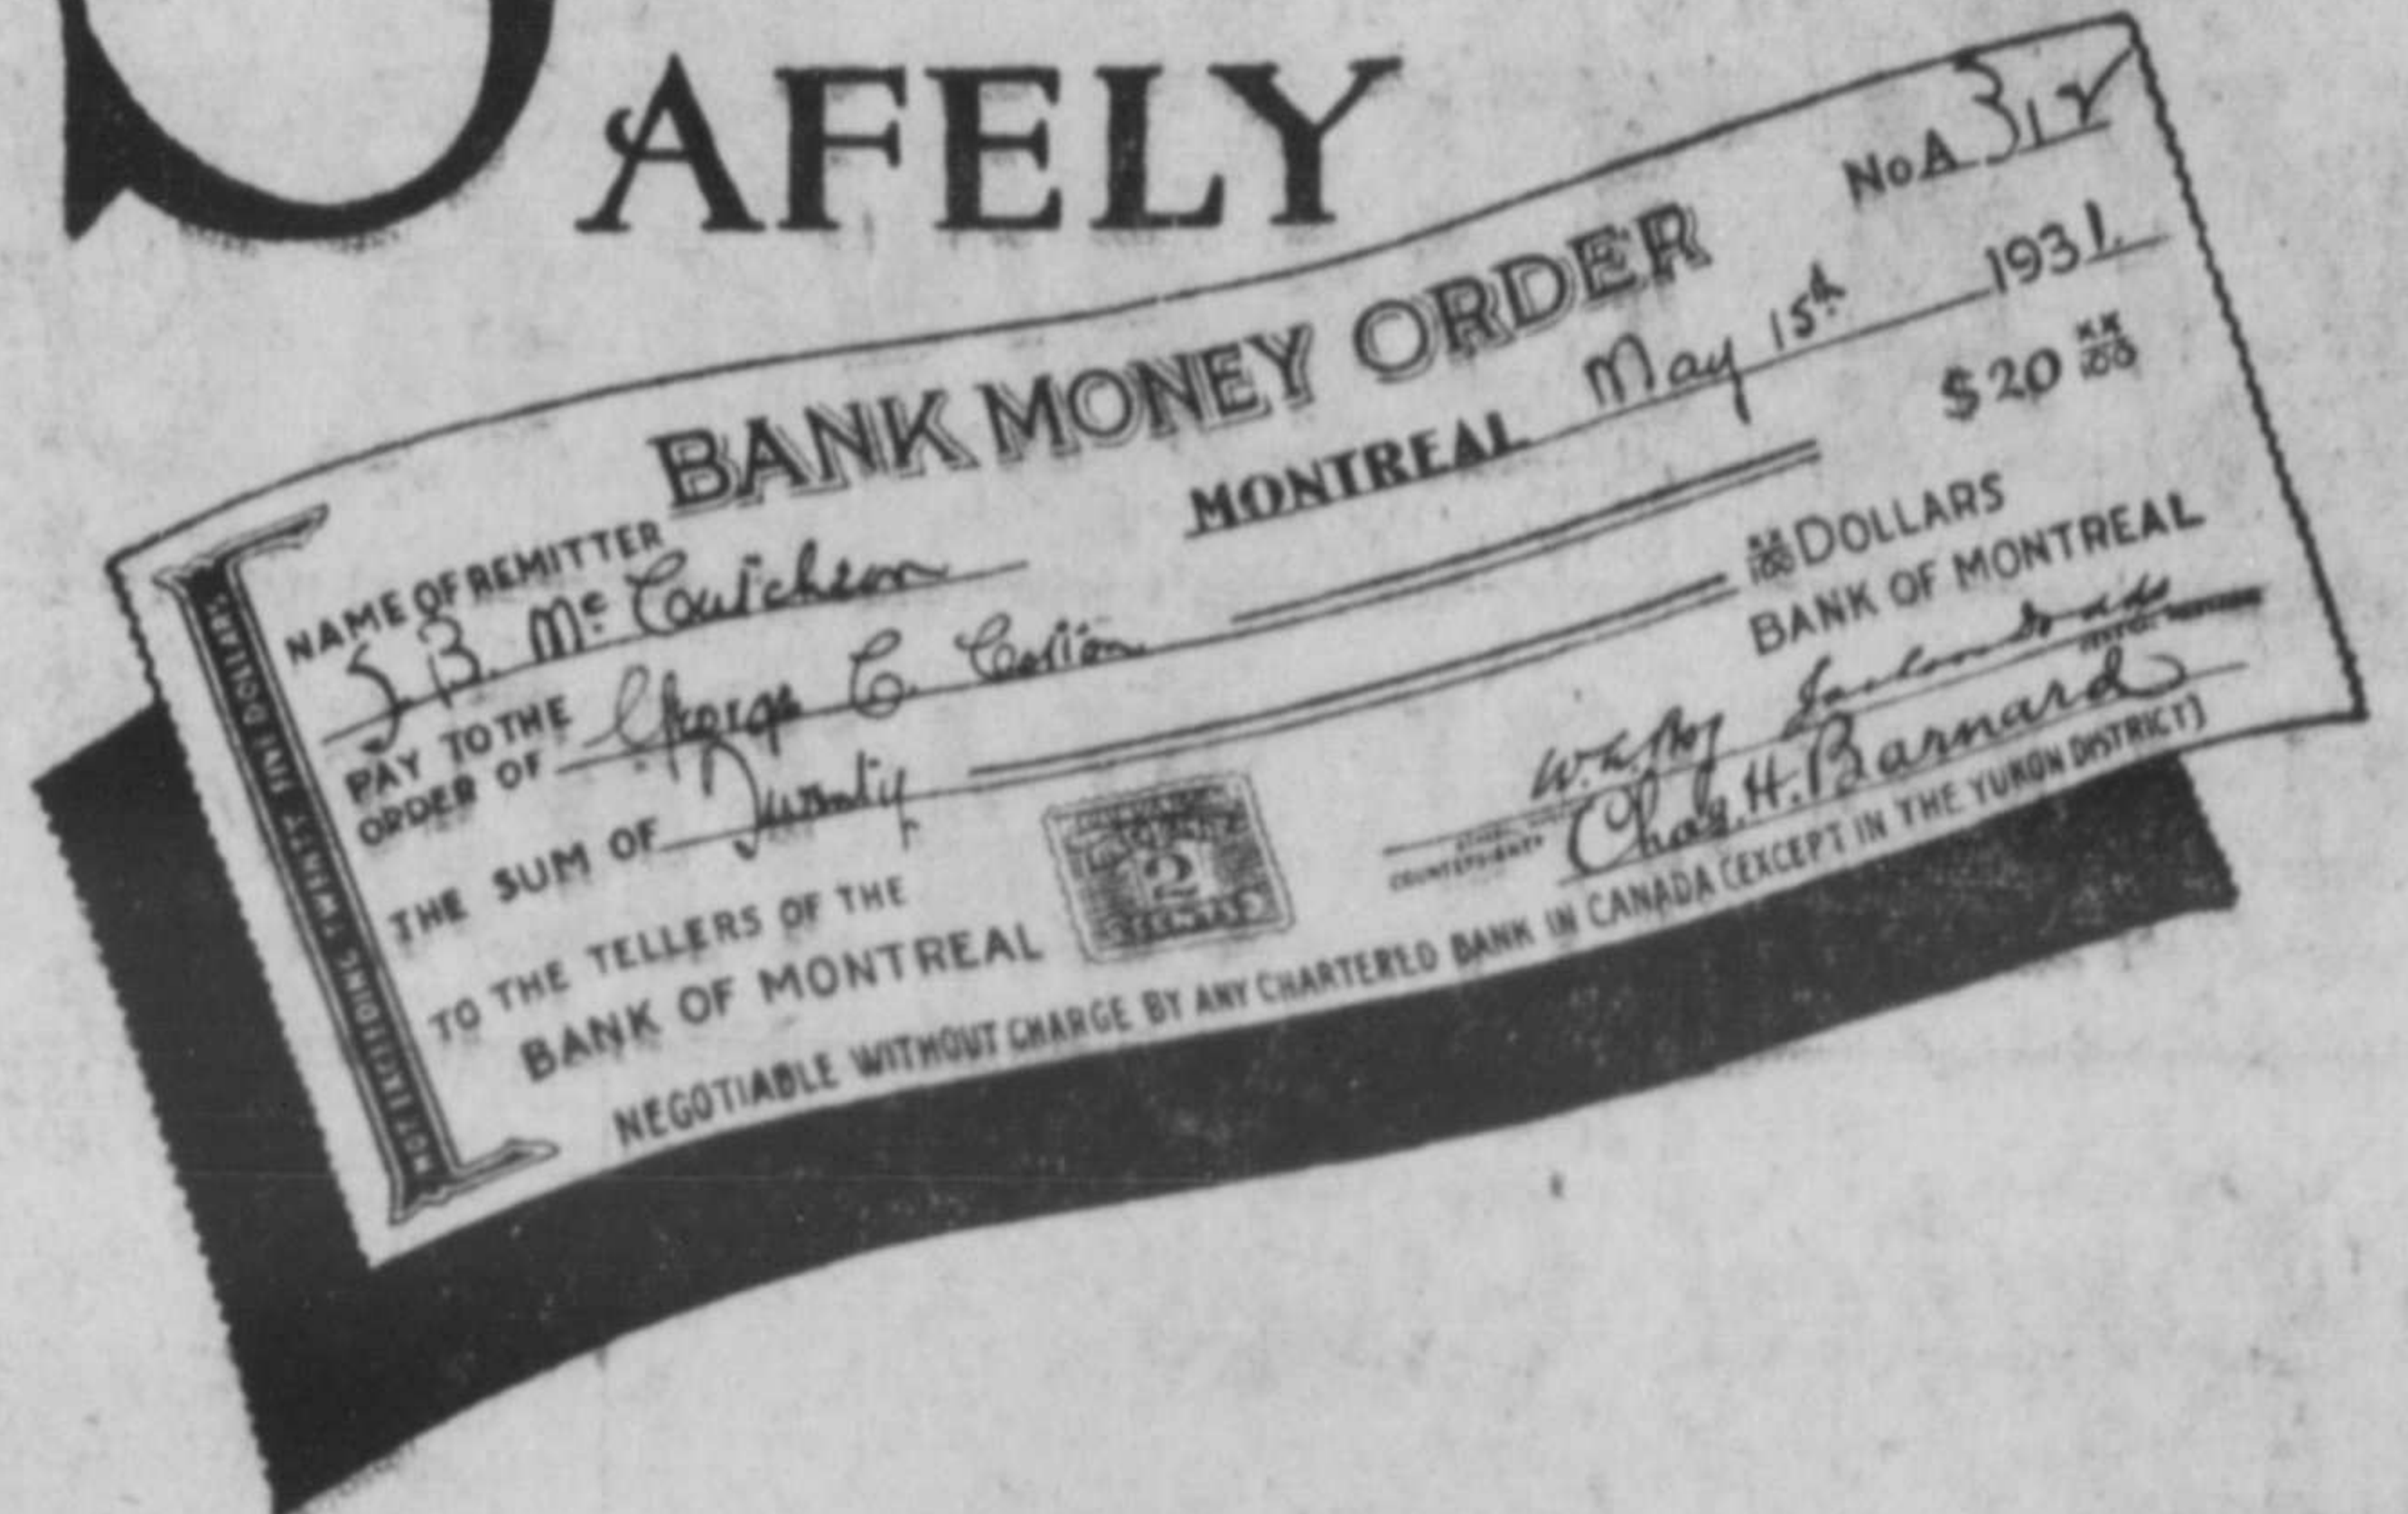

Though potatoes are not grown very extensively throughout this district there are some very good potatoes produced. The price being low this year it does not give the producers very much encouragement to go in more extensively

in this class of produce—yet this August some growers were asking \$2.50 per hundred when at the same time they were being offered at \$1.00 per ton at Vancouver. The price at the present time averages 85 cents and one dollar per 100 pounds to producers.

LIEF ERIKSON SOCIETY TO HAVE CHRISTMAS TREE

The Lief Erikson Society, at a meeting last night, decided to hold a Christmas tree this year for children of the members. The date was not definitely set but it will probably be between Christmas and New Year. Business at a meeting was otherwise of a routine nature. President I. Fenness was in the chair.

LOVELY NEW CHINA by WEDGWOOD & Co.

Comes Now in This Package

NO ONE ever dreamed that China like this would be placed in packages of Rolled Oats. Robin Hood Mills once more has broken all precedents for giving their customers exceptional value in a China-ware Oats Package. Each piece of China bears the name of the manufacturer... WEDGWOOD & CO. ... the pattern is new and modern, just imported from England.

The rich coloring, the gold line edge and the modern, new square shape make up a truly beautiful set of China. Start now to collect a set for your table from packages of Robin Hood Rapid Oats with the "Red Spot" label, marked... WEDGWOOD & CO.

Why Robin Hood Oats has Better Flavour

In thousands of homes Robin Hood Oats has been served for over a generation. This New China-ware Package with the "RED SPOT" label contains the same high quality Rolled Oats you have always known... distinctive because of the "PAN-DRIED" flavour. The scientific "PAN-DRIED" process of making porridge oats, as developed by Robin Hood Mills, is adapted from an old Scotch formula. This is a method of pre-cooking

in the hull, which retains the valuable food elements of the oats and improves the flavour as baking improves the flavour of a potato. Serve Robin Hood Rapid Oats at least once a day... save the modern, new English China from the packages. Give your family Nature's most nourishing food and set your table with modern China that will win the admiration of everyone who sees it.

Ask your Grocer for The Robin Hood Package with the "RED SPOT" Label

Robin Hood Rapid Oats

Best Because it's "PAN-DRIED"

This afternoon's train, due from the east at 3:30, was reported this morning to be on time.

CONDITION NOT GOOD

Vic Williams, California Track Star, Given 50-50 Chance to Recover From Appendicitis

LOS ANGELES, Oct. 22.—Vic Williams, Southern California track star, who returned to his home here recently after a tour of South Africa, is given a 50-50 chance by his physician to recover from an operation for appendicitis. Complications were discovered and Williams' condition is admittedly serious.

MANY TEAMS IN RUNNING

A meeting of the Prince Rupert Basketball Association was held in the City Hall last evening for the purpose of receiving team entries. To date three senior teams have entered, and three intermediate teams with a possibility of two more teams, three junior teams, and enough material to make three good ladies' teams.

No decision has been made yet as to which hall will be available, but this matter will be decided at or before the next meeting.

SPORT CHAT

Joseph Francis Devlin, All-England Badminton singles champion and holder with G. S. B. Mack, of both the English and Irish International double championships, has adopted Canada as his country. He arrived in Quebec recently with his wife and six-months-old daughter, Susan Frances, and after a brief stay in Toronto will go to Winnipeg to take up the position of professional and coach to the Winter Club of Winnipeg. This is Devlin's third visit to Canada. He came here previously with the team of British Internationalist badminton players under the captaincy of Sir George Thomas Booth both in 1924 and in 1930. Since that first visit the game has made remarkable strides in Canada. Nowhere in the world is the game played under such ideal conditions as in the clubs which exist in all the leading cities, while in Winnipeg, Quebec and Toronto are the finest badminton halls existing. Steadily year by year the game has increased in popularity and this year already promised to be a record one. The arrival of the British champion will give the game an added fillip and is certain to result in a great improvement in the quality of the game throughout the Dominion.

There is probably no game in which one man excels all other players so completely as does Devlin in Badminton. Not merely critics but all the leading players unhesitatingly rank him as the greatest exponent of the game of all time. His record is quite unique. He won the All-England Singles championship five years in succession, securing permanent possession of the Sir George Thomas Trophy and created a further record by winning it six times in seven years. The intervening year, 1930, he was recovering from a serious operation to his playing arm. He has won the All-England Doubles Championship six times, his partners being G. A. Sautter and G. S. B. Mack. The Mixed Doubles title he has won five times; twice with Miss Kitty McKane, the famous tennis player, twice with Miss E. G. Peterson and once with Mrs. R. J. Horsley.

WILL OPEN NEW HALL

Parish of St. Peter's Has Unique Building Which Was Erected By Voluntary Labor

Bishop G. A. Rix will tonight officiate at the opening of the new parish hall for St. Peter's (Seal Cove) Church, one of the finest small halls in town and built wholly by voluntary labor. It will be used for the social and Sunday School work of the church.

The building of the hall was practically forced upon the people there by the fact that there was not room in the church to accommodate the one hundred Sunday School pupils who attend. The building is fitted for badminton, carpet bowls and other indoor sports and will also be used for church meetings.

Tonight the keys of the building will be handed to the Bishop, representing the diocesan organization and will then be handed back to the wardens of the parish to hold in trust. Dedication ceremonies will take place at 8 o'clock and half an hour later a musical entertainment will commence and later refreshments will be served.

The opening of this building means a great deal not only to the Anglican Parish of St. Peter but to the whole community of Seal Cove.

PRODUCTION OF WEALTH

Estimated That Thomas Edison's Inventions Were Worth Thirty Billion

It is estimated that the late Thomas Edison was instrumental in adding an average of \$30,000,000 a year or more to the United States wealth over a period of more than half a century, the list of enterprises in which he could claim a part ranging from the telegraph, to which he devoted his earliest attention, down to the moving pictures and radio.

The national congress made this official summary of the worth of the inventor to the nation:

Electric railways	\$6,500,000,000
Electric lighting	5,000,000,000
Moving pictures	1,250,000,000
Telephones	1,000,000,000
Electric supplies	857,000,000
Telephone	350,000,000
Concrete	271,000,000
Car shops	109,000,000
Phonographs	105,000,000
Dynamamos and motors	100,000,000
Electric fixtures	37,000,000
Wireless telegraph	15,000,000
Batteries	5,000,000

Special Fares to Prince Rupert

According to announcement by G. A. McNicholl, general passenger agent, Canadian National Railways and Steamships, a special reduced fare will be put in effect for passengers travelling from Anyox, Stewart and Prince Rupert to Vancouver, also from Anyox, Stewart and Ocean Falls to Prince Rupert.

Tickets will be on sale November 1 to February 29, with return limit extending to March 31. These special rates have been applied to afford those in the northern section of the province an opportunity to visit Prince Rupert, Vancouver and points in the southern portion of British Columbia during the winter months.

The present schedule of the Canadian National Steamships has a ship southbound from Prince Rupert every Thursday and Sunday. On and after Nov. 17 the weekly service will be operated with one boat a week southbound, leaving Prince Rupert every Thursday.

Embarrassing Moments

"TILLIE THE TOILER"

His "Star" Stenographer

—By Westover.

NO WONDER HER HUSBAND LIKES BUTTERSCOTCH PIE

Mrs. G—, who lives in New Brunswick, writes: "Butterscotch pie is my husband's favourite dessert." I didn't wonder that he liked it when I read what followed: "I have used Carnation Milk ever since I began to keep house."

There is no doubt about it—Carnation Milk does give more delicious results. That is why so many women use it for certain special things—for soups and sauces because of the velvety texture and rich creaminess which result; for wonderful candies, smooth and fine-grained; for delicately fragile cakes and puddings; for rich, velvet-smooth ice cream.

All of these results come from definite qualities. Carnation Milk is simply the purest of whole milk, protected at the source. Carnation "field men" spend their time helping dairymen build up finer herds and showing them what good business it is to have clean herds housed in clean barns, milked by clean hands into clean utensils. This safeguarded milk is evaporated to double richness, "homogenized," and sterilized for safekeeping. Because of its double portion of cream, it makes foods richly creamy without the use of extra butter and cream. Because it is "homogen-

ized" it gives an exceptionally smooth, fine texture. And because it is always uniform in quality it produces more certainly successful results.

Why don't you try Carnation Milk in the recipe for butterscotch pie which Mrs. G—'s husband likes so much? Better still, send for the Carnation Cook Book, full of excellent recipes. It is free. Carnation's new Baby Feeding Book is also yours for the asking. Address Carnation Co., Limited, 134 Abbott Street, Vancouver, B.C.

Butterscotch Pie—1½ cups brown sugar, ½ cup flour, ½ tsp. salt, 1½ cups Carnation Milk, ½ cup water, 3 tbsps. butter, 3 eggs. Mix sugar, flour, and salt thoroughly; scald Carnation and water together; add milk to dry mixture stirring until well blended. Return to the double boiler and cook for 25 minutes, stirring occasionally; add to well beaten egg yolks and continue cooking for 2 minutes; add butter. Pour filling into baked pastry shell. Cover with meringue made by folding 4 tbsps. sugar and ¼ tsp. baking powder into 3 stiffly beaten egg whites. Brown in a slow oven (300° F.). Makes 1 large pie. To make RAISIN BUTTERSCOTCH PIE use the same recipe, adding 1 cup of raisins to the filling.

What is Carnation Milk? Simply pure, wholesome, whole milk, evaporated to double creaminess, sterilized for safekeeping and conveniently packaged. You'll find it absolutely dependable and wonderfully economical.

Carnation Milk is safeguarded at the source by strictest cleanliness in the care and milking of the cows. And this protection continues until it reaches you in hermetically sealed containers.

(See recipe above.)

Milk from Canadian cows, packed in Canada in Canadian cans and cases.

RECEPTION WAS HEARD

Local Radio Listeners Listen to
Welcome in New York This
Morning to French Premier

Prince Rupert radio listeners were able to hear this morning the welcoming ceremonies in New York in connection with the arrival there from France of Premier Pierre Laval who is to confer at Washington with President Hoover of the United States on international questions. The broadcast came from the City Hall of New York and was handled by the National Broadcasting Co. through station KOMO of Seattle. John S. Young was the announcer of the broadcast which started coming in about 6:50 and ended about 7:30.

The principal speakers were Premier Laval, who used both the English and French tongue; Mayor James Walker of New York and Secretary of State Henry L. Stimson of the United States. The French Premier and his party were met at the Battery by state officials and were escorted to the City Hall by naval, military and mounted police detachments. The band music could be heard on the broadcast. The welcoming ceremony took place in the aldermanic chamber of the New York City Hall and much enthusiasm evidently prevailed.

Premier Laval proceeded from New York to Washington to meet President Hoover. The conference between the United States and French governmental heads is held to be of no less importance than that which took place a few years ago between Premier J. Ramsay MacDonald of England and President Hoover.

District News TERRACE

W. Treston and J. McNutt came in from Kalam Lake on Monday and stayed to take in the meeting at which Hon. R. W. Bruhn, minister of public works, was the chief speaker.

Mrs. Ross Thompson went down to Prince Rupert on Sunday for medical attention.

Capt. Willman of Usk, came in on Monday to meet Hon. R. W. Bruhn and the quarterly meeting of the board of trade was advanced from Tuesday in order that the minister might be present.

Mayor Orme Makes Presentation
at Parent-Teachers' Meeting

There was a good attendance at the regular monthly meeting of the Prince Rupert Parent-Teachers' Association in the Booth Memorial School last evening on the occasion of the presentation of Entrance to High School certificates to the successful pupils from Booth Memorial and Borden Street Schools.

Mrs. R. Blance, president of the association, was in the chair and the presentations were made by Mayor C. H. Orme. In his preliminary remarks, Mr. Orme said that it had been suggested that he give some advice to the pupils. He was diffident about doing so but was glad to have the opportunity of saying a few words to the boys and girls. He asked them to take every advantage of their chances now while they were at school. Experience proved that all too often the chances were missed when available and in later years were not to be obtained. The speaker also emphasized the importance of "playing the game." This formed a necessary part of their school education. With the combination of education and the spirit of wholesome competition their future would be assured. The mayor then presented the certificates to the successful pupils. He further congratulated the association on their realization of the importance of the obtaining of these certificates by the children and in arranging such a meeting in recognition of their achievement.

A hearty vote of thanks was accorded the mayor for his address. Refreshments were served by a committee under Mrs. Eastman.

Catholic Bazaar Is Continuing To-
day—Social and Dance Tonight

The official opening of the annual Catholic bazaar took place last night at the Catholic Hall with Mayor Cyril H. Orme officiating. The first day of the bazaar proved quite successful, there being many on hand to patronize the affair both in the afternoon and evening.

The bazaar is continuing this afternoon and will be brought to a close with a social and dance tonight at which the drawings for the various raffles will take place.

Twenty Years Ago In Prince Rupert

October 22, 1911

Sir William White, famous naval architect, who is now a director of the Grand Trunk Pacific Railway, is a visitor in Prince Rupert today. He inspected the harbor and dry dock site while here. There is no need to fortify this harbor, Sir William said, as British Columbia has no naval enemies to fear.

Sailors of the Standard Fish & Fertilizer Company's trawler Kingsway refused to go out to sea this morning, claiming that the vessel was unfit for a voyage to Paofoi, Queen Charlotte Islands, with a cargo of coal.

W. H. Vickers, chief of city police, returned on the Camosun yesterday from Vancouver, where he had been in connection with the hearing of local cases in appeal court.

GETS TWO MONTHS

George Canary, pleading guilty to the theft of \$30 from Donald Grey, was sentenced to two months' imprisonment by Magistrate McClymont in city police court yesterday afternoon.
