

New Carrier Collection System

In depression and to make it as easy as possible for people to pay the Daily News is to be sold on a weekly basis, payable in advance.

Starting next, several of the routes in the west end of the city will be turned over to the carrier boys as independent merchants. They will collect each Friday evening for the week following, and the papers and sell them to the customers, so there will be no credit given. The boy cannot afford it. Please do not ask him to return for the weekly payment. Have it ready for him.

Customers now in arrears will pay the amount owing at the office, but this will have nothing to do with the regular collections made by the boy. He will be doing business on his own, and if he does not make his own collections will not deliver the paper.

Those paid in advance will continue to receive the paper until the subscription expires. Any wishing to continue the yearly payments may do so, and we pay the boy.

The price of the paper will be 10c a week, payable strictly in advance. That means six papers for ten cents.

It will take a few weeks to get the new system running smoothly, and in the meantime we ask for the co-operation of the readers of the paper. The routes not going on the new system this week will do so just as soon as the lists are made up and the boys properly instructed. Help the boys to set up in business for themselves!

SEATTLE, Sept. 10.—An unconfirmed yet persistent report that Don Moyle and C. A. There was nothing definite or official regarding the report up to midnight last night.

Moyle and Allen had in their plane "City of Tacoma" gasoline for about fifty hours of flying. Unless they have made a landing on the coast, they would have long ere this met their fate.

SPORTSMANSHIP

A good many Canadians will declare that the winning of the speed boat race by George Wood was a low down Yankee trick, but it is satisfactory to know that the American people do not countenance that kind of sportsmanship. It was smart work, but not racing. Kaye Don was not expecting a trick, but a fair race in which the fastest boat would be allowed to win.

There will be general condemnation of the fiasco in this country and the Old Country sportsman will shudder at having to meet such competition.

DOMINION AND RELIEF

It is satisfactory to know that the Federal Government has at last realized the seriousness of the unemployment situation and has taken vigorous steps to meet it. By paying half the cost of public works and guaranteeing the bonds on the other half, the financing of public works should be comparatively easy. At the same time municipalities will have to be careful that they do not become so deeply involved in debt that they may find it difficult to extricate themselves in future. It is all very well to have the Dominion pay half the cost and possibly the province half of the remainder, but even then the city has to borrow its share, and the bill has to be paid eventually. The borrowing power is limited.

We are still hopeful that the Federal Government will see its way to undertakings on its own initiative some public works that will be of lasting benefit to the country and that will use material as well as directly provide labor.

TEN CENTS A WEEK

The management of the Daily News has decided to meet the present local financial situation by giving patrons an opportunity to subscribe to the paper on very easy terms. Ten cents a week will be collected by the boys from those not paid in advance. The boys buy the papers from us and retail them to the customers. The few subscribers who are in arrears will start anew with the boys and settle the old accounts at the office.

The boys cannot give credit, as they have to pay for the papers as they go. It is expected that this will prove more satisfactory to readers of the paper and also to the management. We ask that the best possible treatment be extended the boys in their endeavor to carry on in an orderly manner. Customers who wish to do so may continue to pay in advance at the office.

The Daily News is attempting to give the best possible newspaper under the conditions obtaining here. We ask for the fullest possible co-operation so that the service may be improved. The better support we get, the better we can make the paper.

BALL GAME ENDS EVEN

Two to Two Deadlock Between Sons of Canada and Elks

Called in Dark

Double-Header on Card for Next Sunday

Sons of Canada and Elks were deadlocked two all when darkness descended last evening and caused the contest for second half honors in the City Baseball League to be called at the end of the sixth inning. The strife will be renewed next Sunday when, if the Elks should win the first game and the second half of the season, the second game of a double-header will be played with Sons of Canada, first half winners, to determine the 1931 city championship.

Last evening's game opened in a heavy drizzle. At first there was merely a handful of fans, but as conditions improved the spectators increased in number. Nick Chenoski was on the mound for the Elks, while Bill Lambie hurled for the Canucks. First run was made in the second by the Elks when Bob Stalker dropped Bill Harold's high fly after Chenoski had been walked. The Sons came right back in the third to even it up by virtue of two safeties. The Lodge Men took the lead again in their half with a two-bagger by Alex Mitchell, sending in Doug Stalker, who was running for Fred Stephens, who had been hit by a pitched ball. The fourth frame saw the final run of the game when the Sons made two hits.

The Elks made only two hits off Lambie, but erred only once. The Sons touched Nick Chenoski for six safeties, but the Canuck fielding department was off color and might have been charged with even more than the five errors with which it was debited.

Bury, first man up for the Sons flied out. Smith got on with a slow grounder to the infield. Lambie was thrown out and Moran grounded out. No runs, one hit, no errors.

For the Elks Harold flied out. Howe made a hit to centre field. Stephens was hit by pitched ball. Bill Mitchell was thrown out and Alex Mitchell was walked, loading the bases. Farquhar went out. Frizzell to Styles. No runs, one hit, no errors.

In the third, Bob Stalker compensated for his fielding error by polling out a two-bagger deep into centre field for the Sons. Walter Johnson fanned swinging. Bury's good single scored Stalker, but Scoop was out trying to stretch it to second. Smith got to first when Farquhar fumbled his fly and could not get it to first in time. Smith stole second and Lambie took a walk. Moran flied out to end the inning. One run two hits, one error.

For the Elks, Stephens was hit by a pitched ball and Doug Stalker took first for him. Bill Mitchell was out on an infield fly. Alex Mitchell's two-bagger to centre field scored Stalker. Farquhar was thrown out and George Mitchell popped out to Lambie. One run, one hit, no errors.

In the fourth, Styles poled out a two-bagger to right field for the Sons. Comadina was thrown out. Frizzell's safe hit into right field scored Styles. Stalker flied out to Chenoski. Frizzell was out while trying to steal second. One run, two hits, no errors.

For the Elks, Skinner got first when Styles' foot was off the bag as he caught from short. Skinner was out trying to steal second. Chenoski was thrown out and Harold swung out. No runs, no hits, one error.

In the fifth, Johnson made a safe hit into left field for the Sons. Bury, Smith and Lambie were each thrown out.

For the Elks, Howe was thrown out. Stalker fanned. Bill Mitchell got first when Johnson fumbled, stole second and got to third when Johnson erred again by dropping the ball. Alex Mitchell flied out. No runs, no hits, two errors.

In the sixth, Moran and Styles were each thrown out and Comadina fanned for the Sons. No runs, no hits, no errors.

For the Elks, Farquhar struck out. Skinner got first when Lambie could not see his grounder in the dark. Chenoski popped out to third and the game was called because of darkness.

Manual Training Assistant Decided Upon for School

The school board decided last night to engage W. V. Tattersal at a salary of \$40 per month as a practical assistant for three afternoons each week to Eric Gee, manual training instructor in the local schools. Decision of the board to engage Mr. Tattersal came after a conference between the board and Mr. Gee. The latter stated that there are 211 boys taking manual training this year, as against 167 last year. Mr. Gee suggested that an assistant be engaged for three half-days a week, the probability being that only two half-days a week would be necessary after the end of the year.

ATTENDANCE IN SCHOOLS

Borden Street School, 311; 155 boys, 156 girls.
Westview School, 24; 12 boys, 12 girls.

There was no report from Seal Cove School.

Steadily increasing attendance at the High School was reported.

Matriculation Fee Cut Down

Charge Will Be \$75 Per Pupil This Year Instead of \$100 as Formerly

The school board at its meeting last night decided to reduce the charge for senior matriculation pupils at King Edward High School this year from \$100 to \$75 per pupil.

There are 20 pupils in senior matriculation this year, whereas last year there were ten. The board decided not to cut the cost per pupil in half owing to the fact that expense would have to be involved in providing necessary new accommodation for the classes.

HOSPITAL MEETING

Various Routine Matters Up—Coal Order is Given—To Check Up On Ambulance

The regular monthly meeting of the board of directors of the Prince Rupert General Hospital was held last evening in the hospital, considerable business of a routine nature coming up for consideration. W. M. Brown, vice-president of the board, occupied the chair in the absence of President G. P. Tinker, and other directors present were R. E. Benson, Frank Dibb, Robert Gordon, G. V. Wilkinson, Dr. J. P. Cade, Ald. S. D. Macdonald and Ald. G. W. Rudderham.

The house committee reported trouble with the elevator which had necessitated the motor being sent to Vancouver for rewinding. Meantime, a borrowed motor was being used.

Donation of \$10 from J. B. Miller of the Montreal Importers was reported and ordered to be acknowledged with thanks.

Frank Dibb, chairman of the finance committee, reported having interviewed officials of the Workmen's Compensation Board, who were here recently, in regard to accounts which the board refused to pay in full as rendered on the grounds that there had been over-hospitalization. Mr. F. Dibb spent considerable time with the officials while here, among other things showing them around the city with his car. The board tendered a vote of thanks to Mr. Dibb for the trouble he had taken on behalf of the hospital.

Coal tenders were opened from Albert & McCaffery, Philpot & Evtit and Casey Cartage. The tender of Albert & McCaffery being the lowest, the contract was awarded to them.

Miss Jean Hartison, R.N., lady superintendent, was not present at the meeting. She has been attending the annual convention of the British Columbia Hospitals' Associations and Graduate Nurses' Association of British Columbia in Victoria.

Gratification was expressed by the board at the fact that the president, G. P. Tinker, continued to make good progress toward recovery following a recent painful accident in fracturing his knee cap. Mr. Tinker was unable to be present at the meeting, as it is still only with considerable difficulty that he is able to get around.

The new ambulance having arrived, a committee was appointed to see that the vehicle is up to specifications, and if so accept it on behalf of the board.

Receipts for the month of August were reported by the finance committee at \$5,342.75, with disbursements of \$4,618.10, leaving a surplus of \$724.65. There were 1,798 hospital days during the month at a cost per hospital day of \$2.53.
