Lougheed Favors Building to Lakes and Camp Sites-Other Public Works in North Talked of By the Legislature

VICTORIA, April 5:- Doubts as to the advisability of the location being followed in the building of the transcontinental road leading out of Prince Rupert were voiced in the Legislature yesterday by T. D. Pattullo, opposition leader, when the vote of \$1,956,000 for roads, bridges, ferries and wharves was under consideration. Mr. Pattullo and Hon. N. S. Lougheed differed in \*

wanted the road as now located to give them access to beautiful camp

Mr. Pattullo said that his information was that the present location was not the selection of Prince Rupert people but had been followed because construction was cheaper. Mr. Pattullo thought the people would prefer the road as originally planned, following alongthe line of the Skeena, tapping the canneries and touching a large population. The road as now located went through beautiful country but did not tap anything. To build it via the canneries would mean that two or three thousand people contributory to Prince Rupert would come to the city by car and it would mean a great deal to the city.

Dr. W. H. Sutherland said his impression was that the people of Prince Rupert wished the road via the canneries.

While the public works estimates were under consideration H. F. Kergin, M.L.A. for Atlin, regretted the cut in the vote for his district from and \$27,000 this year. Development would be arrested, he said, and prospectors relying upon a little maintenance work would be hard

Hon. R. W. Bruhn commented that the estimates had to be cut. mitting necessary work has to be

eliminated, yet \$35,000 was spent on the Alaska road survey which was years ahead of time," commented

Dr. H. C. Wrinch regretted that no greater progress had been made

H. F. Kergin regretted the cut in the road vote for Atlin from \$34,000 to \$27,000. He said: "With the mining industry idle the prospectors were in greater need of a bit of road work for wages to enable them pay their fees."

ON GOLD sites and lakes.

G. W. Bruggy, Formerly of Alice Arm, Has Promising Property Near Fort St. James

G. W. Bruggy, who has been in the merchandise business at Alice Arm for many years, was here today aboard the steamer Catala moving his effects south preparatory to moving to the Stuart Lake country to engage in placer mining. Included in his belongings was a motor truck which he will arive in from Vancouver to Fort St. James.

Mr. Bruggy will engage with his associates in the working of promising placer claims on Dog Creek, 12 miles south of Fort St. James, on which preparatory work was carried out last year. The claims are not far off the Stuart Lake highway and a trail was built into them last season. On one claim, on which work will be carried out this year, 6,000 yards of ground valued at \$2.56 per yard in gold is said by Mr. Bruggy to be in sight. He and his associates also have other claims on Dog Creek.

# FREEDOM

Probation For Phillipines Provided in Bill Passed By United States House

WASHINGTON, D.C., April 5:-The House of Representatives yesterday approved the Hare bill which would set up a probationary independence with domestic government in the Phillipine Islands for a period of eight years which, if the country proved it was capable, would lead to complete independence from United States for the Phillipine Islands.

Secretary of State Stimson expressed himself as being opposed to the Phillipines being given independence at this time. He feared that domination of the country by Oriental powers would ensue if such were allowed.

The independence bill will now go to the Senate.

# Many Attend

Dr. J. T. Mandy, Resident Mining 78 Engineer, Back Today From Alice Arm and Stewart

Dr. Joseph T. Mandy, resident mining engineer, returned to the city on the Catala this morning after having held lectures at Alice Arm and Stewart during the past week for prospectors and mining nen. At each point there were large attendances at the lectures, Dr. Mandy reports, and much interest was displayed. In view of the depressed state of the market for silver and other metals, prospectors are giving a good deal of thought now to gold possibilities, Dr. Mandy

A. O. Aves of the provincial taxtion department returned to the city on the Catala this morning from a trip to Anyox and Stewart on official duties.

## B.C. 12 YEAR OLD DOUBLE DISTILLED RYE GOVERNMENT & 165 GUARANTEED ?\_

This advertisement is not published or displayed by the Liquor Control Board or by the Government of British Columbia.

Dr. H. O. Johnsen Thinks Possibilities Good For New Line of Winter Sport Here

According to Dr. H. O. Johnsen, local dentist and somewhat of an expert skiier himself, Prince Rupert possesses near the top of Mount Oldfield, back of the city, a fine natural ski jump which can be reached by following the trail at present leading up the mountain after a hike of about an hour out of town.

Dr. Johnsen has been making regular ascents of the mountain during the past winter to enjoy the sport and he believes that there will probably be snow enough there for skiing for at least a month yet.

Dr. Johnsen is thinking of building a cabin near the jump during the coming summer and is wondering about the possibilities learned the sport of skiing in his native land of Norway.

# Crew in Seattle LEGION TEAM

Defeating Grotto Cribbage Team Five to Four

In a keenly contested yet enjoyable game last night in the Legion rooms, Canadian Legion, holders of the city whist championship, upheld their supremacy by defeating the Grotto, champions of the city cribbage league, in whist by a score of five to four.

Tomorrow night the two teams will compete in cribbage.

# Sugar Refinery Possibilities

report of the trade and commerce stead of the double tax. Prince Rupert:

a manufacturing centre, it does not seem feasible that it could be made a successful venture for the following reasons:

the refinery would put out 30,000 east as far as Prince George would as 30,000 tons represent 2500 cars. couver market and compete with no advantage in freight rates as compared to those applying from Vancouver to prairie points.

"Second. The B. C. Sugar Refining Company, Limited, a strong financial institution with important political connections, would make the establishment of a competing refinery a very hard accomplishment and, if the project did succeed in arriving at a stage of production, they would make competition so severe that the new project could not

"Your committee suggests that until such time as Northern B. jenjoys a much greater population it would not be in the interests of this board to encourage an industry such as this unless there was a degree of possibility that it could be maed a success, and further suggests that your secretary be requested to write Mr. Giroday according-

The paper that Northern and Central British Columbia people look to to keep them informed on world news and the problems peculiar to the north.

The Only A. B. C. paper north of Vancouver and west of Edmonton.

The Daily News goes into all the-

TOWNS AND VILLAGES MINING CAMPS LUMBER CAMPS PAPER MILLS

> FARMING CENTRES FISHING CAMPS

It is the paper that is read by the fishermen, miners, workers and operators throughout a district twice as large as the three Maritime Provinces of the east.

When a person wishes a message to go to the people of Northern and Central British Columbia there is only one way of sending it, and that is through the columns of the Daily News.

The future is full of hope. The Daily News is making plans to keep pace with the progress of the country. No one can afford to be without it.

Campbell, Campb Legislature at Victoria, expects to and is renewing many old acquainleave for Vancouver this week.

Hugh Campbell of Four Mile school spent the Easter vacation at Prince George where he attended teachers' convention.

Ashley Boyden, teacher of Sealy Lake school, spent the Easter vacation in Hazelton as the guest of Rev. and Mrs. S. V. H. Redman.

Easter did not present a very spring-like appearance in this part of the country. There was a snowstorm on Easter Sunday and blizard conditions have been almost continuous since then.

During the past week several water power surveyors have been working along the Bulkley River in the neighborhood of Hagwilget and on up the river.

The Felix Bridge Club of Hazelton met on Tuesday night of last week at the home of Mrs. James Turnbull. The prize-winner was Mrs. W. W. Anderson.

Mrs. Christianson returned last Tuesday to her home in Bella Coola after spending several weeks with her sister, Mrs. Brown, who has been a patient in the Hazelton Hos-

George McBein is preparing foundation timber for a garage to be built on his property at Two Mile.

A party of local people had a narrow escape from drowning in Francois Lake early Wednesday morning of last week while returning from a dance at Colleymount. At a point near the Hunter farm, the machine broke through the ice and sank in 100 feet of water, the persons in the car being just able to scramble ashore.

The marriage took place quietly on Easter Monday evening at the priest's residence here, Rev. Father Hammond O.M.I. officiating, when Miss Dorothy Robertson of Telkwa became the bride of Patrick Cawley of Prince Rupert. Mrs. J. Beaton and James Manning were witnesses of the ceremony. Mr. and Mrs. Cawley will make their home near Telkwa.

Snowy weather during the past week has interfered with the operation of planes between Burns Lake and the McConnell Creek placer grounds, C. H. (Punch) Dickens, noted Edmonton flyer, arrived at Burns Lake recently, having a plane to turn over to Pilot E. P. H. Wells who crashed recently at Takla Lake. Pilot Stan McMilian of Atlin is again operating his Junkers all

# "How do they do it?"

Among your friends there's sure to be at least one smart young married couple who are the envy and admiration of all who know them.

With an income that is frankly abbreviated, and with no benevolent Aunts in the offing, they still have a home that is correct and comfortable in all its appointments, a home that is admired and copied by their friends.

"Yes, Jane is a remarkable little manager," will probably be the young husband's proud answer. And there is little doubt about it.

## THEY DO IT THIS WAY

Take a look around that home and you will find no end of well known advertised products. For Jane is an efficient little manager. She can't afford to take chances that must only be debited to "Experience." When she buys for her home she must get tried and tested and trusted products which carry an honorable name to guarantee her satisfaction.

You will find that Jane is a consistent reader of the advertisements. Are you?
