PRICE: FIVE CENTS

CLOSURE TO BE APPLIED IN OTTAWA
TOLMIE HAS NO INTENTION OF RETIRING FROM PUBLIC LIFE

Notwithstanding Rumor Premier Tells House He Is Getting Back Health

Statement in Legislature During Budget Debate Greeted By Acclaim in Which Both Conservative and Liberal Members Joined

VICTORIA, March 24:—"Let me tell you I am not aiming to retire from public life in British Columbia until the people of the province say they wish me to retire," Premier S. F. Tolmie stated yesterday in the Legislature while speaking in the budget debate.

This statement brought enthusiastic acclaim from Conservative benches in an ovation which was generously shared in by the Opposition.

CALIFORNIA FOR GARNER

Forty-Four Delegates From Golden State Will Support Speaker as Democratic Candidate

WASHINGTON, D.C., March 24:—William Gibbs McAdoo, who was Secretary of the Treasury in the administration of the late President Woodrow Wilson, during a brief visit here yesterday, declared that 44 delegates from California at the Democratic national convention in Chicago this summer would support the candidature of Speaker John M. Garner.

PREMIER CLEARED

Charges Against Squires of Newfoundland Are Found False By Sir John Middleton

ST. JOHN'S, Nfld., March 24:—Premier Squires was absolved by His Excellency, Sir John Middleton, of charges of "falsification and irregularity" brought recently by Peter Cashin.

Good Progress Being Made on New Building

Framework of the second story of the apartment building being erected on the southwest corner of Second Avenue and First Street by D. McD. Hunter for Old Country interests started rising this morning. The building will be finished by early summer, it is expected.

ALASKA GETS NEW INDUSTRY

SEATTLE, March 24:—Launching of a new industry for Alaska involving utilization of white birch stands on a 65,000 acre tract of leased government land across Knik Arm from Anchorage, was announced here yesterday.

Premier Tolmie

Tells Legislature he is not quitting public life.

MUCH GOLD TAKEN OUT

Importance of New McConnell Creek Diggings Becoming Apparent—\$2500 in One Plane Trip

According to word from Burns Lake, a plane recently arrived there from the new McConnell Creek gold diggings in the Babine country bearing \$2500 in coarse gold. The gold is stated to have come from six pockets in McConnell Creek which is near Thutade Lake.

A party of 20 Americans, under leadership of "Mickey" Brown of Tulsa, Okla., is working in the diggings. Mr. Brown arrived in the city on this morning's train from Burns Lake and will sail tonight on the Prince George for Vancouver on business.

It is expected that, with the spring, there will be considerable of a stampede into the area. Prospectors are already reported to be going in on foot from Fort St. James. Use of the airplane makes it a simple matter for big operators to go in and bring the precious metal out.

NO PAPER TOMORROW

Tomorrow, being Good Friday and a public holiday, there will be no regular issue of the Daily News. The next regular edition will appear Saturday afternoon.

RAILWAY BUILDER IS DEAD

Late James Guthrie Scott Did Much For Development of Northern Quebec

QUEBEC, March 24:—James Guthrie Scott, aged 85, known throughout the Dominion in railway construction circles, died here yesterday. Among the more important executive offices which the late Mr. Scott held during an active business career were those of chairman of the British Columbia Anthracite Syndicate of Quebec and director of the Pacific Pass Coal Fields Limited. He was a past president of the Quebec Board of Trade.

Born in Quebec, February 13, 1847 of Scotch and Acadian ancestry, the late Mr. Scott was educated in the Quebec public and high schools. He left school at the age of 17 and engaged in the lumber business with the Montmorency Mills, becoming the head of one of the most important departments just one year after joining the service of the company.

Mr. Scott entered the railway business with the Quebec and Lake St. John Railway in 1879 and was eventually made general manager, retiring from the service of the company in 1908 after having carried out the building of the road and the Great Northern 500 miles in all. Both lines are now part of the Canadian National Railways system. Mr. Scott was chief promoter of the Transcanada Railway, the surveys and agitation for which resulted in the selection of the northern route for the Transcontinental Railway from Quebec to Winnipeg.

On completion of the Quebec and Lake St. John Railway, Mr. Scott organized, in connection with the railway, a system of assisted colonization for the Lake St. John district which was so effectual that its population, then only 10,000, later exceeded 63,000. The construction of this railway and the Great Northern also resulted in the development of large water power projects on these lines with resultant flourishing manufacturing towns such as Grand Mere, Shawinigan. (Continued on Page Four)

Eugene Strickland Laid to Rest Today

Funeral of 70-Year Old Miner This Afternoon From Hayner Bros. Chapel to Fairview

Funeral of the late Eugene Strickland, 70-year old miner, whose death occurred in the Prince Rupert General Hospital the day before yesterday, took place this afternoon from the chapel of Hayner Bros., undertakers, to Fairview Cemetery with Rev. Alfred Wilson, pastor of First United Church, officiating. Charles P. Balagno presided at the organ to accompany the hymns. Friends of deceased acted as pallbearers.

At a special meeting of the board of school trustees held last night at the home of the chairman, W. J. Greer, Eberts Street, Walter Longwill was given the job of installing a heating radiator in the principal's room at Borden Street School, his tender being \$12 which was the lowest. Other tenderers were Smith & Mallett and Henri Letourneau.

A Present For Senator

Speaker Garner, candidate for the United States presidency has a habit of breaking gavels when calling for order. His Texas supporters recently sent this over-sized mallet to Washington, suggesting that he break down tariff walls with it.

Outspoken Declaration of Grit Policy is Given in Legislature By Pattullo During Budget Talk

VICTORIA, March 24:—An outspoken declaration of Liberal policy that will be followed if he is elected to office, was given in the Legislature by T. D. Pattullo, Opposition leader, and member for Prince Rupert, during the course of his speech on the budget, in which he voiced the opinion that the Tolmie Government would go to the country this summer.

Stock of the province's financial condition would be taken in an effort to make income and outgo balance.

There were outstanding cases of superannuation which should not be tolerated, he said, referring to \$350 a month paid to F. A. Pauline, and other cases.

He proposed to reorganize the civil service fearlessly, with justice to all and vindictiveness to none.

The opportunity sought for a body of responsible men to investigate the financial position of the province should be given.

There should be publication of a quarterly financial statement of the province.

A commission should investigate the affairs of municipal finance sympathetically and not antagonistically, with a view to properly assigning revenues.

The education question should be similarly studied.

Measures should be formulated to meet the unemployment problem, reference being made to the plan advanced by G. S. Pearson, Nanaimo, for a board representative of industry, labor and the government for correlated effort to alleviate a considerable measure of unemployment.

Endeavors should be made to get more people on the land.

Greater production in livestock and products of soil should be aimed at.

New markets for timber should be studied.

Tourist traffic should be encouraged.

VANCOUVER WHEAT

VANCOUVER, March 24:—Wheat was quoted at 58 7/8c on the local exchange today.

Debate On Relief Must End on Tuesday; Taking Of Vote Will Proceed

Premier Bennett Charges Liberals With "Malicious Wasting of Time"—Conference of Provincial Premiers On Unemployment to Be Held Soon

OTTAWA, March 24:—Premier R. B. Bennett gave notice in the House of Commons yesterday of his intention to apply the closure on the government's unemployment relief measure when the House reassembles on Tuesday after the Easter recess so that it must come to a vote by 2 o'clock Tuesday morning. The debate has been lengthened

YOUNG MAN IS ELECTED

Percy G. Davies Declared Winner in Athabaska Federal By-election Over Liberal Opponent

EDMONTON, March 24:—Percy G. Davies, Conservative, has been elected by a majority of 283 over Isaac Doze, Liberal, as a result of Monday's federal by-election in Athabaska riding. The final vote is announced as follows: Davies, 4914; Doze, 4632; Normandeau (U.F.A.), 3434; Axelson (Farmers' Unity Party), 2303.

Davies, who is only 29, will be the youngest member of the House of Commons.

ASKS ABOUT RELIEF CAMPS

Prince George Centre of Questions Asked in Legislature By Dr. J. J. Gillis, Liberal Member For Yale

Dr. J. J. Gillis, Liberal member for Yale, has asked in the Legislature what was the total amount of payroll for each relief camp in Fort George district for September 1931, October 1931, November 1931 and December 1931, what was the net amount paid to men at each of these camps for these periods and was any amount deducted as hospital dues? If so, how much was deducted, at what rate per employee and to what hospital or institution were the amounts paid?

Dr. Gillis also inquires if a relief camp was established near Newlands, if so, who was the owner of the buildings and site, were said buildings and site purchased, rented or leased and, if so, from whom and at what cost? How many men were provided for at the camp in December 1931 and January 1932 and what was the total cost of supplies or provisions delivered to said camp during December 1931?

NO FISH IN TODAY

There was no halibut in for sale on the local Fish Exchange this morning. Many of the boats are now tied up awaiting a better rice situation.

TRAIN ONE HOUR LATE

Delayed in arriving on this division, today's train from the east was one hour late, not arriving until 11:40 this morning.

The Czar's Jewels

Snuff to make Soviets weep to think that \$5,000,000 worth of the czar's jewels found their way to Chicago. This jade snuff-box is on display.

WEATHER REPORT

Langara Island — Cloudy, light southeast wind; moderate swell. Triple Island — Raining, light easterly wind; sea smooth. Dead Tree Point — Overcast, light southeast wind; barometer, 29.64; temperature, 44; light chop.

Infancy Claim Is Made Today In Court Case

In the County Court case of Bryant Co. Ltd. vs. Thomas Tasker, which is set for hearing this afternoon in County Court before Judge F. McE. Young and in which plaintiff is suing for \$60.10 for goods sold and delivered, a plea of infancy is being entered. Defendant claims that he was only twenty years of age at the time of alleged sale of goods. This throws the onus on plaintiff of proving that the goods in question were necessary, since "infants" can only be held legally responsible for payment of necessities.

T. W. Brown is acting as counsel for plaintiff while W. E. Fisher is representing defendant.

PROTECT PUBLIC

Bill Introduced in Legislature in Connection With Possible Development of Oil Field

VICTORIA, March 24:—Protection for the public interest in the event of any commercial oil field being developed in British Columbia is contained in a bill introduced in the Legislature yesterday by Hon. N. S. Loughheed, minister of lands.

LOCAL GIRL GETS COMMERCIAL AIR LICENCE—LAUDED

Miss Roberge, daughter of Mrs. Oller Besner of this city, recently completed flying tests for her commercial licence at Lasalle Airport, Montreal. "I think she will be the first French-Canadian lady to qualify as a commercial pilot," states her instructor, T. H. Finney, in an interview in the Montreal Star. We admire her pluck and tenacity in making her tests in the rigors of winter.

DAILY EDITION Thursday, March 24, 1932

THE ETERNAL TRAGEDY

Tomorrow Christians everywhere will commemorate the eternal tragedy of life, the suffering of one so that others may benefit. The particular case presented to our notice annually on Good Friday is outstanding but on every hand are lesser counterparts. Every mother goes down into the shadows so that her child may live. On every hand we see men and women sacrifice themselves for the benefit of others. Even in what we so superiorly designate the "lower creation" we find the salmon swimming often for hundreds of miles up rivers, beating themselves on rocks as they leap falls, running the risk of all sorts of enemies so that they may deposit their eggs in a suitable place for fertilization and incubation and dying in their last efforts, their bodies being devoured by the fowls of the air and the beasts of the field.

The lesson of tomorrow is that sacrifice and service are the greatest things in life.

THE PRINCE'S APPEAL

At a recent meeting in Albert Hall, London, the Prince of Wales, as the principal speaker, made an appeal to the people of Great Britain to rouse themselves from their apathy and make a united effort to rid the country of the depression which had been overwhelming them. Individual service to this end from every man was asked.

The Prince suggested that the men who were working should play the part of neighbor and friend to the man who was out of work so that the whole nation might benefit. The appeal was broadcast by newspaper and radio to every part of the country and it was one of the important factors in the revival of business which is such a feature in the Old Country today.

EASTER

(By Albert F. Gilmore)

Throughout orthodox Christianity observance of Easter as an annual festival is inseparably associated with the resurrection of Christ Jesus. It is, accordingly, a time when Christians ponder the "deep things of God." The inception of Easter antedates the beginning of Christianity; and although during the twenty centuries of the Christian era it has taken on a character wholly derived from its association with the resurrection and ascension of Christ Jesus, it had its foundation far back, even farther back than the Jewish celebration of the Passover, its immediate predecessor, in the pagan festival of Eostre, which marked the coming of spring.

With the resurrection of Christ Jesus as its chief theme, the Passover developed into the Christian Easter, the season which commonly brings to the devout follower of the Nazarene everywhere a renewed sense of life, of joy, and of purity. Humanity is constantly confronted with the necessity of accepting the evidence of the physical sense—a situation which if accepted is utterly obstructive to spiritual progress; or, as an alternative, of constantly denying these evidences in the effort to gain true consciousness—the Mind of Christ. Resurrection, then, in its true significance, is spiritual refreshment—the over-

coming of these claims of materiality, the renewal of thought attained only through seeking the Mind of Christ.

The Master's conversation with Martha and Mary, sister of Lazarus, as recorded in John's gospel, throws much light on the problem of resurrection. Martha, true to the teaching of Jewish theology, answered Jesus' assertion that her brother should arise again, thus: "I know that he shall arise again in the resurrection at the last day;" to which the Master replied with the words which have brought infinite comfort to many a sorrowing heart: "I am the resurrection, and the life; he that believeth in me, though he were dead, yet shall he live." Marvellous words! How fraught with loving assurance of man's continuous well-being as the child of God! "Yet shall he live" is the promise! How? By believing on the Christ, the eternal and perfect ideal of God; by accepting the truth about life, the demonstrable facts about God and man—by having part in the resurrection constantly. Christ Jesus in this brief verse pointed the way out of all suffering; prescribed a balm for every sorrowing heart; opened the way to gain eternal life, thus fulfilling mankind's keenest desire. The Prophet of Nazareth did not ask mankind to believe without proof. The true significance of so startling a statement could never have been gained by mortals without the additional weight of proof. And how convincing the demonstration.

IN THE LETTER BOX

CHAMPIONS "THE FRILLS"

Editor, Daily News:—
Unaccustomed as I am to rushing into print, I somehow feel that I must flat-footedly and publicly object to the term "frill" as applied by a few local citizens to the manual training and domestic science (home economics) department of our city schools. From my very limited observance, I would say that if we had more of these so-called "frills" hammered into us in our school days, we would be certainly better off for it today. If economic conditions warrant a cut, let the curtailment be in other branches. I have yet to see that such studies at French, Latin, Botany, History, Etc., (with due respect to the ones who taught them) have been of any benefit whatsoever to me so far; and I know that I speak the opinion of the big majority of ex-students. Granting that such studies do have beneficial advantages, they are vastly outweighed by the good coming from our manual training and domestic science, since the latter experience is called into use every day of our life.

I have believed that the country without home life is doomed. Why try and blight one of the very roots of this domestic culture, by eliminating the most practical part? After all, we are still a pioneering people, and what we desire is practicability. It has taken years to attain the standard that we now have in these lines. I would advise the "frill" advocates to take a real good look at the manual training and domestic science exhibits in the next fall fair. It will surprise them.
AN EX-STUDENT.

PRICE FOR SERVICES

Editor, Daily News:—
Further to my letter of recent date relative to the exorbitant prices charged in Prince Rupert for hair cuts and shoe repairs.

It has come to the attention of the writer that we have a barber shop down on the waterfront where fair prices are charged and good work done.

Summer is coming and a little walk on the waterfront, besides providing us with pleasant exercise and a change of scenery, can be made to not only increase this worthy barber's revenue but decrease our own outlay of money for value not received.

Barbering is a "cash and carry" business. Dealers in other commodities by cash and carry methods have brought down prices. As stated in my other letter the barbers and shoemakers are enjoying the benefits of these lower prices. It seems in every way fair to ask them to consider these facts and be reasonable.

A CITIZEN.

WANTS DIXIANA REPEATED

Editor, Daily News:—
May I trespass upon your valuable space to voice a complaint regarding the running of the mid-week program at the Capitol this week.

Yesterday and today the chief attraction is "Frankenstein," but in yesterday's program was included "Dixiana," a musical, dancing show which was here some time ago.

As it is not to be repeated today, a great many people, like myself, who were unable to attend the theatre last night but are able to do so tonight, will be denied the pleasure of seeing this lovely picture again.

The picture is still in town and the policy of showing it yesterday only seems to be inexcusable.

Surely the Thursday patrons of the theatre are entitled to the same consideration as the Wednesday ones.

Thanking you,
Yours very truly,
MUSIC LOVER.

SATURDAY SHOPPING HOURS

Editor, Daily News:—
It is with great pleasure, that I read in your paper, of the efforts the Retail Merchants are making to get away from that old-fashioned practice of staying open till 10 p.m. on Saturday nights. The move to close the stores at 8 p.m. is certainly a step in the right direction I have heard a good many persons say: "I could do all my shopping before 6 on Saturdays if necessary," so it looks to me as though this practice of staying open till 10 p.m. is favoring a few, and that is not the purpose of laws or by-laws.

The amount of business done after 8 p.m. on Saturday nights is very small, and when the expenses of operating are taken into consideration, it cannot be very profitable for merchants to stay open after 8 p.m.

In times like these with the volume of business down, and with wages cut, it seems unnecessary to have stores open till 10 p.m. Here's power to the merchants and their efforts for a sensible closing hour on Saturday. Here's thanks from the clerks all over the city, who appreciate the efforts of the Retail Merchants.

A CLERK.

There were only fourteen passengers aboard the steamer Princess Norah which was in port yesterday afternoon southbound from Skagway to Vancouver. There were no passengers for Prince Rupert.

13 inch Aluminum Spoon (BRITISH MADE)

Life Insurance at a LOW RATE

You can restore your depleted estate to its former value immediately by means of a

Mutual Life of Canada "Low Rate Life" Policy

For example, a \$10,000 policy requires a yearly outlay of only \$182.10 at age 30, and this amount becomes less each year as dividends are allotted. If preferred the dividends may be used to increase the amount of insurance or left on deposit with the Company, at interest, and used to prepay future premiums.

Life Insurance is the Unique Investment . . . there are No Shrinking Values

Life insurance is the only road that will take You and Yours to guaranteed independence, because the values of life insurance policies do not fluctuate with changes in economic conditions.

Recognizing the outstanding merits of life insurance as an investment, Business and Professional men and women, Laborers, Farmers, etc., are investing their funds in Mutual Life of Canada Low Rate Life, Endowment, Pension, Family Income and other types of policies.

We shall be pleased to tell you the cost of a Low Rate Life or other policy for any definite amount for yourself. Clip the coupon now and mail it to our Head Office for information or call our local office.

Let the strength of the Mutual be your protection

Canadian Doctor's Great Discovery

IT is now recalled that a brilliant Canadian physician, M.D., M.C., L.R.C.S., Edinburgh, licentiate of the Royal College of Physicians, Edinburgh, and post graduate of famous European hospitals, experimented for fifteen years to find a medicine which would act on the digestive and eliminative organs at once. The successful result he named Fruit-a-tives.

After a further period of use in private practice, Fruit-a-tives was made available to the public. It is a complete medicine, acting on five vital organs and will rid you of constipation, headaches, biliousness, indigestion. You can use it with confidence also for rheumatism or other uric acid diseases. 25c and 50c. Sold by all druggists.

Twenty Years Ago

In Prince Rupert

March 24, 1912

Wilfrid Doughty of Grimsby, England, accompanied by J. H. Pillsbury, civil engineer, with Lionel Crippen and party of surveyors, sailed yesterday afternoon on the Prince John for Allford Bay in Skidegate Inlet where some 200 acres of crown granted land will be surveyed preparatory to the establishment of the first of a number of great fishing enterprises for this district planned by the Doughty interests.

The Grand Trunk Pacific Steamship Co. announces that a local service is to be conducted by the steamer Prince John between Prince Rupert and Goose Bay (now Anyox) in conjunction with the sailings of the steamers Prince Rupert and Prince George between here and Vancouver. The Prince Albert will give a service to logging camps and cannery points between Prince Rupert and Vancouver.

Herbert L. Harris, leading Liberal of Bella Coola, in a letter written to Prince Rupert, predicts a large majority in the Bella Coola valley for A. M. Manson, the Liberal candidate in the Provincial election, over William Manson, the Conservative.

20 YEARS OF ILL HEALTH

Then Mrs. Duke Discovered Kellogg's ALL-BRAN

Of her own accord, Mrs. Duke sat down and wrote us a glowing tribute to Kellogg's ALL-BRAN:

"I have been constipated all my life, which has been about 20 years, up until last year when I started eating your ALL-BRAN. Since I have been eating it, people tell me I am looking better, and I am sure that I feel a great deal better."—Mrs. L. W. Duke (address upon request).

Constipation is usually caused by lack of two things in the diet: "Bulk" to exercise the intestines; Vitamin B to help give them tone. Kellogg's ALL-BRAN provides both of these dietary necessities, as well as iron for the blood.

Within the body, the "bulk" in ALL-BRAN forms a soft mass, which gently clears the intestines of wastes.

How much more natural it is to enjoy this delicious cereal than to risk taking pills and drugs—so often harmful.

Just eat two tablespoonfuls daily—serious cases with every meal—for most types of constipation. ALL-BRAN is not habit-forming. If your intestinal trouble is not relieved this way, see your doctor.

Sold in the red-and-green package. Made by Kellogg in London, Ontario.

BE HAPPY SAVE MONEY BUY RIGHT

A summary of business conditions shows low prices on wheat, fish, lumber and metals, with high taxes by Dominion and Provincial Governments and municipalities. The outlook for Western Canada is not too bright. What shall we do to make the best of our present condition?

First, of course, practice all economy possible.

Second, do not try to "keep up with the Joneses."

Third, convince yourself that you can live and be happy without spending money foolishly.

Fourth, read something of the history of our forefathers in the early days of Canada, in Ontario and Quebec.

Fifth, picture Prince Rupert without automobiles, electric light, steam heat or telephone.

Lastly, before buying lumber, building materials, or fuel, consult ALBERT & McCAFFERY, LIMITED, who are in a position to quote prices to your advantage. Phones 116 and 117.

ANNOUNCEMENT

Jasper Wildfire Coal is now the hottest in the domestic field. Government analysis shows it to be the highest in B.T.U.'s and less ash. It starts quick and lasts longer. Furthermore, for your benefit don't think for one minute because our coal is lower in price that we are giving you a cheaper grade as other coal dealers may state to you.

Your next order "Jasper Wildfire," egg or lump. Note our adv. for cash prices and save your dollars.

District News

VANDERHOOF

Under the auspices of the Omnesca Branch of the Canadian Legion, the three-act play "The Jade Necklace" was presented here under the direction of Mrs. R. M. Taylor and proved highly acceptable entertainment for a large audience. Members of the cast included Mrs. Stephen Holmes, Mrs. H. V. Taylor, Mrs. George Ogston, Rev. Basil S. Procktor, R. M. Patterson and James Silver.

Roads in the district are in rather bad shape now owing to melting snow and frost coming out of the ground.

Mr. and Mrs. Lewis of Dewey have been visiting here as the guests of Mr. and Mrs. Gilbert Hopfe.

Had Eczema All Over Her Body

Mrs. Leo Wardler, Springford, Ont., writes:—"For a long while I was troubled with eczema all over my body. It would burn and itch so at night I could not rest.

I tried different remedies but of no avail. I was advised to take Burdock Blood Bitters, and after taking five bottles my blood was completely cleared of the eczema."

For sale at all drug and general stores; manufactured, for the past 52 years, only by The T. Milburn Co., Ltd., Toronto, Ont.

SOUR stomach

IF fear of what will follow overshadows the enjoyment of your meals, your system may be too acid. Those pangs of indigestion right after eating and that lump you feel in your stomach for hours after, the flatulence and sourness, are the symptoms of over-acidity. Take an anti-acid and neutralize the excess acid. You won't be comfortable until you do.

Phillips' Milk of Magnesia will always check that condition of over-acidity. It acts pleasantly, but promptly and most effectively. It supplies needed alkali to neutralize excess acids of the stomach and bowels. Headaches, flatulence, and nausea are promptly relieved. Your digestion will speedily improve. Your appetite will be sharpened. Constipation quickly yields to the gentle laxative effect of Phillips' Milk of Magnesia.

Many make a practice of taking a spoonful or two before meals one or two days weekly. It is a delightful way to keep the system always sweet; and to keep the bowels from growing sluggish; also to guard against auto-intoxication.

Phillips' Milk of Magnesia will check a cold in a hurry. Just take a spoonful at three-hour intervals until that weak, achy, feverish condition is gone and your head is all clear.

Get a bottle today; read the directions and learn Phillips' Milk of Magnesia's many important uses. For you and the whole family, 50c bottles at drug stores everywhere in the Dominion. (Made in Canada.)

News of The Sport World

RAILWAYMEN CHAMPIONS

Panthers Won Game Last Night But Not By Sufficient Margin

Junior Final

Boy Scouts Defeated Japanese in Speedy Game to Win Title

The Panthers beat the Canadian National Recreation Association in a terrific basketball match last night 30-25, but in the series C. N. R. A. are eight points ahead, thus winning the championship of the senior league.

The Scouts again took the Japanese in a speedy game, 23-12, giving them the championship of the junior division.

In the girls' exhibition match, the Cardinals outplayed the champion Amazons, 10-8.

Senior Game

With a 13-point lead to overcome, the Panthers set a terrific pace right from the whistle and the spectators knew they were going to be treated to some real fast basketball. Both teams were pressing hard and, in the first ten minutes, the score stood 8-8. The Panthers called time out to get reorganized and, with reinforced pep, strove again against the hard playing railway boys but, at half time, were only able to obtain a two-point lead.

In the second half, the boys started to play wary ball. The Panthers seemed to be playing a defensive game which would never get them the required lead. However, not for long! The Panthers started to press again. Mitchell strove hard on the forward line and the Panthers got a seven-point lead. Things were getting a little dangerous for C. N. R. A. so they cut down the lead again and, with but four minutes to play, the score stood 28-23 for Panthers. Given confidence by the C. N. R. A.'s victory in the last few minutes of the game the other night, Panthers put every bit of pep they had into the game, but at the final whistle, the score stood 30-25. The Panthers were exceptionally poor when shooting penalties for they missed 10 out of 14. Johnson was the star man for C. N. R. A. while Cross and Mitchell were the standbys of the Panthers.

C. N. R. A.—Styles (10), Morrison, Johnson (8), Lambie (7), Stalker, R. Morrison.

Panthers—Mitchell (12), Macdonald (5), Cross (8), Irvine (5), White.

Junior Game

The Scouts, inspired by their victory on Monday night, went right after the Japanese from the whistle, making every shot they took, count. The Japanese, usually good shots, seemed to be over-confident, and

Sluggish Liver And Rheumatism

Both Corrected By Famous Vegetable Pills

"I received immediate relief from Carter's Little Liver Pills," declares Mr. Arthur P. "I recommend them to sufferers from Rheumatism and Indigestion." Because they are PURELY VEGETABLE, a gentle, effective tonic to both liver and bowels, Dr. Carter's Little Liver Pills are without equal for correcting Constipation, Acidity, Biliousness, Headaches and Poor Complexion. 25c. & 75c. red pkgs. Sold everywhere.

New York Giants' Sluggers

Death to other National League baseball teams, say Melville Ott and Fred Lindstrom of the New York Giants slugging staff. McGraw thinks they will mean the thumbs-down to many opposing twirlers

did not make sure of their shots. Both teams played hard fought basketball but the Scouts, led by Santurbane, who is a dead shot, ran away from them in the second half. The Scouts played real ball and well deserve the championship of the Junior League.

Scouts—Wilson (5), Santurbane (14), Nelson (4), Miller, Viereck. Japanese—Obata (8), Kanaya (2), Kishimoto (2), Nakamoto, Suehiro.

Girls' Game

This exhibition match excelled most of the girls' games of the official league. The Cardinals, who have been defeated so many times by the Amazons, played inspired ball. The score at half time was 6-5 for the Amazons. The Cardinals, however, were after that game and with some nice combination work in the second half ousted the champions, 10-8.

Cardinals—Lowe, Irvine (6), Krievsky (2), Stone (2), Gilchrist, Rivett.

Amazons—Boddie (4), Pritchard (2), Tite, Ritchie, Morgan, McLeod (2).

CHALLENGE ACCEPTED

Grotto Prepared to Meet Car Shops in Match For Cribbage Championship of City

On behalf of the Grotto, winners of the Prince Rupert Cribbage League championship for the past season, Bert Morgan this morning accepted the challenge of Car Shops, champions of the Canadian National Recreation Association Cribbage League, for a match to decide the city championship.

Alex McRae, skipper of the Grotto team, will be only too glad to meet E. Tulloch, Car Shops skipper, to arrange time and place of the proposed match.

Entertained By Crib Champions

The Canadian Legion team champions of the Whist League for the season just ended, invited and challenged some friends to play whist last evening. Among the visitors were some of the officers of the Crib and Whist Leagues, including the Honorary President, Bert Morgan, President G. W. Rudderham, and the secretary. Also W. Rance, Bob James and J. Smith.

The result was that the visitors beat the champions by a score of 6 to 3. Jack Watt did the honors, acting as steward for the hosts.

Salaries Again Discussed Last Night By Board

The board of school trustees, at a private meeting last night, further discussed the matter of school teachers' salaries and arrived at a decision in the matter as far as the board is concerned. The proposals will be presented to the Teachers' Federation.

SPORT CHAT

"Systems" of physical training in the old sense of the word found little favor with Dr. Lamb, head of the physical training department at McGill University, in an address delivered by him to the Unitarian League of Montreal recently. He claimed that such programs of training were being perpetuated in Canada by the Department of Militia and Defence, under whose jurisdiction the Strathcona qualifications were administered. Now the trend was to emphasize the noun "education" and not the adjective "physical," and the physical instructor was taking the place of the old physical culture expert or trainer, he said.

"Last year over five thousand teachers in our normal schools were qualifying for the rank of specialists in physical training. The duration of the course, covering anatomy, physiology, hygiene, psychology, education, practice teaching and kindred subjects, involves a period of only 45 hours' study," Dr. Lamb pointed out. "This travesty," he said, "will persist until the program for the training of teachers is modified."

Tracing the history of the public attitude toward physical education during the past generation, Dr. Lamb said that up to 1900 "systems" and "methods" prevailed, in which formal calisthenics, drills and exercises were the order of the day. Some of these were taught today in certain schools and they were termed "poisonous" by the speaker. From 1900 to 1910 games and sports with high-powered competition became the vogue. The coach was enthroned in all his glory. From 1910 to 1920, probably as a revolt from previous decades, he said, our public play made "play for all" a motto. Then from 1920 to 1931 emphasis was placed upon the health education program.

 TELL THE PEOPLE
 "Tell 'em quick and tell 'em often. Explain to folks plainly and sincerely what you have to sell. Keep everlastingly coming at them. Advertising is pretty much like shovelling a furnace. Once you stop stoking the fire goes out."—Wm. Wrigley Jr. (tf)

Secretary-treasurer, Mrs. C. O. Fricker. Executive—Mrs. Doelle, Mrs. Simpson and Miss M. Cloke. As soon as the course is playable, the season will open with a tournament.

Sap's Running In Old Ontario

A Story of Bad Boys From Egerton News of 1896

Spring is with us. Boys are playing marbles, girls hop-scotch, and there are many other signs. Only the old-time "back-easters" remember the joy of tapping sap-running trees. And here's a bit from an old Ontario paper printed in 1896. It is the Egerton News: "On Sunday the 14th inst. a company of young fellows waited till all the good people had got away to church and then quietly stole off to the bush and, as they afterwards boasted, had a good boiling of syrup. We are sorry to think that boys in this advanced age would be guilty of boiling sap on Sunday, and especially, that which is stolen. This would be an excellent place to start a reformatory, as there they would be set a better example."

Those were the good old days! And the item that followed probably was as depressing for the syrup sippers. It was simply, "School re-opened Monday."—Contributed.

AN AIRY CONTAINER

One woman keeps her potatoes in a wire waste paper basket. It allows the air to circulate through the contents and has nothing about it to attract insects. Besides all that she can readily see sizes and shapes.

Of Outstanding Character

The name "Black & White" on a bottle of whisky is as absolute a guarantee as the hall-mark on silver. It assures that subtle difference in flavour and quality which distinguishes this whisky from all others. It guarantees that only the finest materials have been used and that always everywhere the quality is the same.

STAFF OF FORESTRY

Questions Regarding Service at Prince George Answered in Legislature

In answer to questions asked in the Legislature recently by A. Wells Gray, member for New Westminster, Hon. N. S. Loughheed, minister of lands, revealed that the following were permanent employees of the Forest Branch at Prince George, the date of their entering the service being also given: R. B. Carter, November 17, 1924. A. Chisholm, January 17, 1923. G. Forbes, April 28, 1919. J. J. K. Frost, May, 1920. E. E. Gregg, June 4, 1921. J. Jardine, April 8, 1920. W. Lang-Muir, April 1, 1915. W. Lowrey, April 1, 1920. S. E. Marling, September 18, 1922. H. R. Sanson, April 1, 1929. All are returned soldiers with the exception of W. Lang-Muir who is to be superannuated at the end of this month.

NO BILLIARDS PLAYED

None of the three postponed games in the Junior Billiard League fixture between Empress and the League of Nations were played last night. These, together with tonight's regularly scheduled fixture, will be cleaned up over the holiday tomorrow.

Work of Survey Parties Told of In Legislature

Ten survey parties were sent out by the Department of Lands during the fall 1931 season. Four parties went out for a short season in addition to some small surveys carried out by surveyors resident near them, stated Hon. N. S. Loughheed, minister of lands, at the Legislature recently in answer to questions by A. Wells Gray, member for New Westminster.

Of the full-season parties two were mapping headwaters of the Peace, Stikine, Skeena and Mack Rivers. One was located near Vanderhoof and three in the Peace River Block. Of the shorter season parties one worked near Prince George.

A plane of the Canadian Airways Ltd. was employed at a cost of \$1,600 to transport four men and two tons of supplies from Burns Lake to Thutada Lake, this meaning an estimate saving in time and expenses of \$400.

Railway Builder Is Dead

(Continued from Page 1)

La Tuque, Chicoutimi and Jonquiere. During the 25 years it was under Mr. Scott's management the Quebec and Lake St. John Railway had the enviable record of never having killed or wounded a passenger.

Mr. Scott served for 12 years in the Eighth Royal Rifles and went to the front on three occasions, first at Windsor, Ont., in connection with border raids in 1865, and also to the Fenian raids in 1866 and 1870. The late Mr. Scott was married twice, his first wife having been Sophie Marie Jackson and his second wife his first wife's sister, Cordelia Mary Jackson, both of whom were daughters of Dr. Alfred Jackson, dean of the faculty of medicine of Laval University. There were three sons and two daughters.

Mr. Scott was an Independent Conservative and an Anglican.

Moose Dance Is Enjoyable

The Moose Lodge was responsible for a very enjoyable dance last night in the lodge hall. From 8:30 p.m. until 1:30 splendid music was furnished by the Premier Orchestra. Joe Slaggard was a genial master of ceremonies.

At midnight delicious refreshments were served with Mrs. Charles Edwards in charge of the catering.

Ted Rovrik presided at the door and the committee in charge consisted of A. K. Nelson, N. S. K. Brewster, Ted Rovrik, Andrew MacDonald and Charles Lemon.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.

Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

NEIGHBORS TALK

"I am employed in a theatre and it is a problem to make ends meet, as I help support my mother and sisters. I like to dress well but haven't very much to spend on clothes. To give the appearance of variety to my slender wardrobe I change the color of a dress or stockings as soon as the things become faded. I always use Diamond Dyes for the work—using them as dyes for dresses and as tints for stockings. I have always gotten such perfect results that our neighbors talk about the great number of new things I have. I learned about Diamond Dyes from our wardrobe mistress. She says she has tried all the dyes on the market but none do such splendid work and are so easy to use as Diamond Dyes. I understand they are the world's most popular dyes—and they deserve to be." L.P., Montreal.

WALLACE'S Dissolution Sale

STORE NEWS FOR SATURDAY
You Can Save Money Here on Your Easter Purchases
For Saturday shoppers, we have provided a new interest, arising from the fact that some one of them will be presented with a handsome china tea service **ABSOLUTELY FREE!**

This Set on display in our Windows Friday & Saturday

All you have to do is to make a purchase at our store on Saturday next. We have selected a certain number, and the fortunate person will be the one who happens to be the number selected, when that number is reached on our cash register. The number selected is known only to the management. It will be recorded on a sheet of paper and deposited in a sealed envelope with the Daily News, and the result published Monday.

We have received so many requests to carry on our sale that we have decided to continue for another week. During this week we shall clean up a number of broken lines, at still greater reductions.

NEWS OF THE MINES AROUND PRINCE RUPERT

Premier Earnings For Last Year Down, Says Annual Report—Big Missouri Diamond Drilling Suspended—W. H. Tolin Starts Suit

The annual report of the Premier Gold Mining Co. Ltd. for the year ended December 31, 1931, shows earnings before write-offs of \$810,396, equivalent to 16c per share, as compared with \$1,220,498 or 24c per share in the previous year. Owing to the policy of the company in setting up heavy reserves and write-offs, from which dividends are paid as a return of capital, the actual net profit is rather difficult to calculate. After write-offs of \$706,797, a net profit of \$103,599 is shown as against dividend requirements of \$635,713. Reduced earnings are attributable to curtailed production activities as both lower tonnage and lower grade of ore were treated. In addition, the average price of silver sold dropped from 38.15c per ounce in 1930 to 28.7c in 1931. Partially offsetting these factors were lower operating costs which in 1931 were \$3.53 per ton as compared with \$3.98 per ton in 1930. Ore mined in 1931 totalled 242,317 tons as compared with 256,886 tons in 1930 while 169,759 tons of ore was milled as against 151,936 tons. Concentrates shipped in 1931 amounted to 20,271 tons as against 15,616 tons. Gold produced last year totalled 82,394 ounces with bullion receipts for the year of \$1,648,351 as compared with 90,084 ounces and \$1,996,748 in 1930. Silver produced in 1931 totalled 1,718,376 ounces in comparison with 2,760,787 ounces the year previous. Receipts per ton of ore mined in 1931 averaged \$6.80 as compared with an average of \$7.77 in 1930. As emphasized in previous annual reports, it is apparent that the main Premier ore shoot bottomed as to commercial value slightly above the fifth level with small quantities of profitable grade ore persisting down at the eastern end of the sixth level. An aggressive exploration and development program in 1931 was moderately successful but the estimate of probable, positive and broken ore reserves declined to 253,623 tons of a gross value of \$8.61 per ton as compared with 369,205 tons having a gross value of \$9.55 in 1930. While it is apparent that the Premier mine itself faces depletion at an increasing rate and that the future of the company as a profitable mining enterprise rests with the development of new properties, it is interesting to reflect on the enviable record made by the company since its incorporation in 1919. The total profits since incorporation, after taxes and all operating costs but before depletion and depreciation, stand at a grand total of \$19,798,976 from which dividends totalling \$15,949,604 have been disbursed to shareholders. At the Prosperity and Porter Idaho mines, the company suspended operations in April last owing to low silver prices. The Prosperity had been in operation since November, 1929 and the Porter Idaho about ten months. At the Tough-Oakes-Burnside property in Ontario the company continued development work throughout the year with inconclusive results. Owing to the limited amount of ore indicated, the company is seeking revision of the terms of the purchase option. During the past year numerous properties and prospects were examined by the company but none were regarded of sufficient importance to warrant purchasing. The liquid position of the company remains strong.

ouri mine for the Consolidated Mining & Smelting Co. was completed recently and the crew has been withdrawn with the exception of Douglas Campbell, local manager. It is understood that the results of the exploration will be carefully checked by Consolidated before any definite decision is reached by the company as to future policy in connection with the property.

Suit has been started in Supreme Court in Vancouver by William H. Tolin against the executors of the estate of the late Daniel Lindeborg for \$6,000 which is claimed under an alleged assignment of commission in connection with the Big Missouri group of mining claims. Defendants are Arthur and Verena Mabel Cosens and John Hubert Hensworth.

O'Donnell River, largest tributary of Atlin Lake, is recommended to examining engineer as offering a likely area for hydraulic operation of considerable extent providing sufficient water can be garnered for this purpose without too great expense, says a report by Dr. Joseph T. Mandy, resident mining engineer. It is also recommended to small drifting syndicate and individual prospectors as offering a large area for intensive investigation with a fair chance of earning at least good wages. The area is conveniently reached by thirty miles of good automobile road from the town of Atlin.

A Snapshot of ALLEN ROBERT JARRETT at 13 Months

A PRIZE WINNER NOW—once despaired of

"Yesterday," writes Mrs. J. A. Jarrett of Scarborough Bluffs, Ont., "my fifteen months old son won second prize over more than two hundred other boy babies of the same age in the Canadian National Exhibition Baby Show. When he was five weeks old Eagle Brand saved his life. He was half starved and nearly drove me crazy with his crying."

If you are unable to nurse your baby, send for Baby Welfare literature, using the coupon below.

How to Make Easter Coffee

1. See that the coffee is not ground too coarse.
2. Allow at least a tablespoon of ground coffee to a cup of water.
3. Be sure the water boils, then pour it over the freshly ground coffee.
4. Serve at once.
5. Never use ground coffee a second time.
6. Scour the coffee pot.
7. Be sure to use Supreme Coffee for purity, freshness and aroma. It is dated.

Candy Sale Being Held in Schools

Proceeds of Effort Under Parent-Teacher Auspices To Be Used In Purchasing Recreational Equipment

Under the auspices of the Parent Teachers' Association, the annual spring closing sale of candy is being held this afternoon in the schools of the city. The candy is supplied by the children and sold to the children, the proceeds to be used for buying balls and such recreational equipment.

In charge at the various schools for the Parent-Teachers' Association are the following ladies:

- Booth Memorial School—Mrs. J. D. Thurber and Mrs. George Hill, Sr.
- Seal Cove—Mrs. J. G. Viereck.
- Westview—Mrs. W. E. Denning.
- Borden Street School—Mrs. S. V. Cox, Mrs. J. A. Teng, Mrs. Brentzen and Mrs. Robert Yates.

Judge F. McB. Young, who has been holding a session of County Court at Smithers, returned to the city from the interior on this morning's train.

The Children's Coughs Worry The Mother

Mrs. C. W. Harper, Silver Water, Ont., writes: "I was very much worried over the nasty cough my two children had, and I had tried several remedies to no effect."

One day my husband was in the drug store and overheard a lady and the druggist discussing remedies, and she seemed very thankful to Dr. Wood's Norway Pine Syrup for relieving her children, so he came home with a bottle and in two days both the children were well."

Price 35c. a bottle; large family size 65c. at all drug and general stores; put up only by Dr. T. Milburn Co., Ltd., Toronto, Ont.

Amazing New Recipe— for Home Baking

"A wonderful success," says Mrs. F. Matthews of Abbotsford, B.C.

IT'S easy to make bread by the Quaker Method. Just imagine—no kneading, no setting the sponge! You actually bake lighter, more delicious bread, in half the time... and at less cost!

But you must use Quaker Flour and follow instructions in our booklet "The Quaker Method of Easy Bread Baking." Quaker Flour is of unvarying high quality because milled of the very finest wheat. Tested at every stage in the milling. Samples are baked in our own kitchen every day. If you're not satisfied that Quaker Flour is the finest you have ever used, your dealer will refund your money.

Write us for the booklet... or ask your dealer. The Quaker Oats Company, Saskatoon.
